(1) First grade rod (unfabricated);

(2) First grade tube (unfabricated);

(3) First grade cake sheet (unfabricated), not including pieces having an area of less than 2 square feet produced as a by-product of normal slicing, polishing, or fabricating operations; and

(4) First grade continuous sheeting (unfabricated), not including butt rolls having less than one inch of material on the core, and not including trim rolls less than 4 inches in width produced as a by-product of normal slitting or trimming operations.

(b) *Restrictions on use.* No person shall use in any month more than a total of 50 pounds of nitro-cellulose in the manufacture of all articles set forth in Exhibit A annexed, regardless of preference ratings.

(c) *War use exemption.* Nothing in paragraph (b) above shall apply to the use of nitro-cellulose by the U. S. Army, Navy, Coast Guard, Maritime Commission, or War Shipping Administration, or by any person pursuant to the terms of any contract or order for nitro-cellulose articles to be delivered to, or incorporated into products to be delivered to, those agencies.

(d) *Existing stocks exemption.* Nothing in paragraph (b) above shall apply to a person's use of nitro-cellulose which:

(1) Was owned by him and was not in the possession of his supplier on the effective date of the restriction on the article, or

(2) Was owned by him and was stored by his supplier to comply with fire-prevention regulations, on the effective date of the restriction on the article, or

(3) Was in the possession of his supplier, and on his order had been so processed prior to the effective date of the restriction on the article as to render impracticable the use of the nitro-cellulose in a manner not subject to restrictions under this order.

(e) *Notification to customers.* Producers of nitro-cellulose are requested to

PART 1075—CONSTRUCTION

[Conservation Order L-41, Direction 3]

BLANKET PERMISSION FOR MISCELLANEOUS CONSTRUCTION

The following direction is issued pursuant to Conservation Order L-41.

(a) The War Production Board has been issuing blanket authorizations to applicants permitting them to carry on miscellaneous construction over a fixed period. Instructions as to how to apply for blanket authorizations have been described in WPBI-43 (formerly PDL-362). The need for blanket authorizations has been largely eliminated by the recent transfer of processing of small construction applications to the Field offices, by the simplification of War Production Board procedures under Direction 1 to CMP 6, and by the exception of certain types of minor capital additions under paragraph (d) (12) of L-41. For this reason blanket authorizations will no longer be issued generally but only in cases where it appears that the filing of individual project applications will interfere with the war effort or cause extreme hardship.

(b) In these circumstances applications for blanket authorization may be made on form WPB-617. Separate applications must be made for each "unit" as defined in paragraph (1) (5) of L-41. The applicant will prepare his application in the same way he would prepare an application to do a single job and in accordance with the instructions to form WPB-617. The need for a blanket authorization must be firmly established. The application should be filed with the Field office of the War Production Board having jurisdiction if the total cost of the miscellaneous construction is less than $25,000; if it is $25,000 or more the application should be filed with the War Production Board, Washington 25, D. C.

(c) Blanket authorizations will permit the builder to do miscellaneous routine construction but no materials may be acquired or used contrary to the Limitations which will be made a part of the authorization. In the case of equipment items which must be listed on the application, the builder may use only those which are specifically approved. The use of such items or deviations from the Construction Limitations will be approved only in exceptional cases. The applicant will be permitted to use the allotment symbol F-6 and

the rating assigned for the procurement of material. While the blanket authorization will cover a number of jobs, no one job costing more than $10,000 will be authorized, and in certain cases a lower cost limit per job may be fixed. No reports of materials used will be required. No job for which tax amortization privileges will be requested may be included in a blanket application. A separate application should be filed for each such job at the time the request for tax amortization is made.

(d) This direction supersedes WPBI-43 (formerly PDL-362).

Issued this 6th day of March 1944.

WAR PRODUCTION BOARD,

Recording Secretary.

PART 1157—CONSTRUCTION MACHINERY

[Supplementary General Limitation Order L-53-b, as Amended Mar. 6, 1944]

REPAIR PARTS FOR TRACK-LAYING TRACTORS

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of certain repair parts necessary to service track-laying tractors for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1157.7 *Supplementary General Limitation Order L-53-b*—(a) *Definitions.* For the purpose of this order:

(1) "Track-laying tractor" means a vehicle powered by an internal combustion engine, used for pushing or pulling heavy loads, obtaining traction and steered by a full crawler or track-type device; but does not include Ordnance models of tank-type construction such as models M-2, M-4 and M-5.

(2) "Repair part" means:

(i) Any part manufactured for use in the repair of track-laying tractors, but not parts sold to other manufacturers for manufacturing purposes; and

(ii) Tools which bear a producer's standard parts number and which are used in servicing track-laying tractors or attachments.

(3) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(4) "Producer" means any person engaged in the manufacture of both track-laying tractors and repair parts.

(5) "Domestic dealer or distributor" means any person located within the United States or Canada who, by agreement with a producer, has been granted a sales territory for the sale of repair parts within the United States or Canada.

(6) "Export dealer or distributor" means any dealer or distributor, who, by agreement with a producer, has been granted a sales territory for the sale of repair parts outside the United States and Canada.

(7) "Certificate of minimum requirements" means a declaration in writing by a purchaser pursuant to paragraph (c) (1) of this order.

(8) "War project" means:

(i) A construction project (and maintenance and operation thereof) undertaken by, or contracted for by or for the account of, the Army, the Navy, Maritime Commission or Defense Plant Corporation, or any other construction project granted a preference rating of AA-4 or higher under any order in the P-55 or P-19 series.

(ii) Any other project which shall be so designated by the War Production Board.

(9) "Essential civilian operation" means:

(i) The operation of any mine that holds a serial number under Preference Rating Order P-56;

(ii) Any operation directly incident to the production of logs of any species, including the delivery of logs to sawmills, pulp mills or other dealers in or users of logs;

(iii) Any operation directly incident to the planting, growing or harvesting of agricultural products (excluding flowers, shrubs and other plants grown for decorative purposes);

(iv) Any operation in the petroleum industry directly incident to production, natural gasoline production, transportation (by pipe line), refining, or marketing (other than retail marketing), as these terms are defined in Preference Rating Order P-98-b as amended;

(v) Any operation directly incident to the transportation (by pipe line) and marketing (other than retail marketing) of natural gas; or

(vi) Any other operation or project which shall be so designated by the War Production Board.

(10) "United States" means the forty-eight states of the United States and the District of Columbia.

(11) "Foreign base" means a construction project (and maintenance and operation thereof) located outside the United States and Canada, being built for or under the supervision of the War Department, Navy Department, or other United States Government agency by civilian contracting or engineering organizations which normally purchase repair parts from sources located within the United States.

(12) "Military agency" means the Army, Navy, Maritime Commission, War Shipping Administration or any of the following persons when acting as the authorized procurement agents for the Navy:

(i) George A. Fuller Co. and Merritt-Chapman and Scott Corp.;

(ii) M. T. Reed Company;

(iii) Siems-Drake, Puget Sound;

(iv) Pacific Naval Air Bases.

(b) *Limitations on sales by producers.* (1) No producer shall sell or deliver repair parts except to:

(i) A military agency,

(ii) A domestic dealer or distributor located within the United States or Canada, or

(iii) Any person for export outside the territorial limits of the United States and Canada subject to paragraph (b) (2) hereof.

(2) No producer shall sell or deliver repair parts to any person (other than a domestic dealer or distributor for delivery to persons engaged on foreign bases, a military agency, or an export dealer or distributor) for export outside the territorial limits of the United States and Canada except upon receipt of Form WPB-1319 (or Form PD-556) approved by the War Production Board. In order to receive such approval, a purchaser shall file Form WPB-1319 (or Form PD-556), in quadruplicate, with the War Production Board, Washington 25, D. C., Ref.: L-53-b. Nothing in this order shall be deemed to relieve any person from the necessity of obtaining an export license from the Board of Economic Warfare, where such license is required.

(3) [Deleted Mar. 6, 1944]

(4) Except as provided in paragraph (b) (5) of this order or unless specifically authorized in writing by the War Production Board, no producer shall during any calendar quarter sell or ship to any domestic dealer or distributor a quantity of repair parts of a value, at invoice price, in excess of either $500.00 or 60 percent of the value of such producer's shipments to such domestic dealer or distributor during the preceding six calendar months, whichever is the greater.

(5) Notwithstanding the provisions of paragraph (b) (4) of this order, a producer may sell or ship to any domestic dealer or distributor during any calendar quarter repair parts in an amount up to and including 25 percent in excess of the quota of such domestic dealer or distributor as computed in accordance with the terms of paragraph (b) (4) of this order, but any sales or shipments in excess of such quotas shall be charged against the quota of such domestic dealer or distributor for the next calendar quarter, and such excess shipments shall not be used in computing any base period quota thereafter.

(c) *Limitations on sales by domestic dealers and distributors.* (1) Except as provided in paragraphs (c) (3), (c) (4), and (c) (5) of this order, no domestic dealer or distributor of repair parts shall sell or deliver any repair parts to any person (except a producer or another domestic or export dealer or distributor) unless he has received from such person a certificate of minimum requirements for specific track-laying tractors for which repair parts are sought to be purchased. The purchaser shall furnish such certificate of minimum requirements in one of the following ways:

(i) In the case of a written purchase order, the purchaser shall endorse thereon or attach thereto a certification in substantially the form set forth below, signed by an authorized official, either manually or as provided in Priorities Regulation No. 7, and giving all of the information called for:

Pursuant to the terms of Limitation Order L-53-b of the War Production Board the undersigned certifies to the seller and to the War Production Board that the following statements are correct:

(I) _____

Make and model of track-laying tractor(s) for which repair parts are sought

(II) ----------
Factory serial number(s)
(III) ----------
Owner of track-laying tractor(s)
(IV) ----------
Type of work being performed by track-laying tractor(s) described above (describe the job specifically, e. g., mining, logging, agriculture, highway maintenance, airport construction, etc.)
(V) ----------
Contract number of war agency or P-19 or P-55 serial number and rating, if any

(VI) The purchaser hereby certifies that he has registered all construction equipment owned by him pursuant to the terms of Limitation Order L-196, unless exempt from the requirements of such order.[1]

(VII) The purchaser hereby certifies that the repair parts listed on the purchase order to which this certificate pertains are the minimum quantity of repair parts immediately necessary to put such track-laying tractor(s) in serviceable condition, and are not for stock.

(VIII) The purchaser hereby certifies that he does not have like parts on hand or on order to repair the above-described track-laying tractor(s).

---------- ----------
Date Name of purchaser

---------- ----------
Address of purchaser

[1] Item (VI) of the certificate of minimum requirements is not to be included in certificates used by persons in Canada.

(ii) In the case of a purchase order placed by telegraph, the purchaser shall include in the telegram: all information specified in items (I), (II), (III), (IV) and (V) of the certification prescribed in paragraph (c) (1) (i), the statement "Certified under L-53-b", and the name of the person sending the telegram, provided that such person shall be an official duly authorized to make such certification. The statement "Certified under L-53-b" shall constitute a certification to the seller and to the War Production Board of the correctness of all information included in the telegram and shall constitute a certification of all facts specified in items (VI), (VII) and (VIII) of the certificate prescribed in paragraph (c) (1) (i). In such case, a copy of the outgoing telegram shall be retained by the person placing the order and such copy shall be signed by an authorized official, either manually or as provided in Priorities Regulation No. 7.

(iii) In the case of a purchase order placed by telephone, the purchaser shall state to the domestic dealer or distributor, at the time of placing the order, the substance of the certification set forth in paragraph (c) (1) (i), provided, however, in such case, that the person making the statement is an official duly authorized to make such certification, and the person making the statement furnishes to the domestic dealer or distributor within 15 days after placing the purchase order, written confirmation of such order, bearing a certification substantially in the form prescribed in paragraph (c) (1) (i). In case of failure to receive written certification within such 15 day period, the domestic dealer or distributor shall not accept any other order from, or deliver any additional repair parts to, the purchaser until such written certification is furnished.

(2) No domestic dealer or distributor of repair parts shall sell or deliver pursuant to paragraph (c) (1):

(i) A quantity of repair parts to any person in excess of such person's certified minimum requirements.

(ii) Any repair parts to any person whose certificate such domestic dealer or distributor knows or has reason to believe is false.

(3) Notwithstanding the provisions of paragraphs (c) (1) and (c) (2) of this order, a domestic dealer or distributor may sell and deliver repair parts to a purchaser for use on a foreign base under circumstances where the distances involved, the time element, or the lack of shipping facilities make it impracticable to furnish a certificate of minimum requirements, provided such domestic dealer or distributor receives from such purchaser Form WPB-1319 (or Form PD-556) approved by the War Production Board. In order to receive such approval a purchaser shall file Form WPB-1319 (or Form PD-556), in quadruplicate, with the War Production Board, Washington 25, D. C., Ref.: L-53-b.

(4) Notwithstanding the provisions of paragraph (c) (2) of this order, a domestic dealer or distributor may sell or deliver fuel filters and oil filters in sufficient quantity to permit 500 hours operation if he has received from the purchaser a certificate in accordance with paragraph (c) (1) hereof even though subdivisions (VII) and (VIII) of such certificate are not completed.

(5) Notwithstanding the provisions of paragraphs (c) (1) and (c) (2) of this order, a domestic dealer or distributor may sell and deliver repair parts to a purchaser for reconditioning and salvaging worn or damaged parts or subassemblies which have been replaced on a particular tractor by other parts or subassemblies, provided such domestic dealer or distributor receives from such purchaser Form WPB-1319 (or Form PD-556) approved by the War Production Board. In order to receive such approval, a purchaser shall file Form WPB-1319 (or Form PD-556) in quadruplicate with the regional or any district office of the War Production Board in the region in which such parts or subassemblies are to be reconditioned and salvaged.

(d) *Procedure for domestic dealer or distributor in placing orders for critical repair parts.* (1) A domestic dealer or distributor in placing a purchase order with a producer for repair parts for which he has received customers' orders that he is unable to fill out of stock may, if he wishes such purchase order to be entitled to the treatment by the producer required in paragraph (e) of this order, state on the purchase order that the repair parts are for one of the following purposes: (i) War projects as defined in paragraph (a) (8); (ii) foreign bases as defined in paragraph (a) (11); (iii) essential civilian operations (which include only certain mining, logging, agricultural, petroleum and natural gas operations) as defined in paragraph (a) (9); (iv) export; or (v) miscellaneous use. Such statement by the domestic dealer or distributor shall be based on the specific job description shown by item (IV) of the certificate of minimum requirements of customers for whom the repair parts are being ordered or by Form WPB-1319 (or Form PD-556) in the case of orders for customers who have obtained authorization to purchase on Form WPB-1319 (or Form PD-556). The term "miscellaneous use" as used in this paragraph (d) (1) shall be construed to identify any purchase order to be filled out of the category of sales described in subdivision (v) of paragraph (e) (1). A domestic dealer or distributor shall not include, in a single purchase order placed with a producer, orders for repair parts to be filled out of more than one of the categories of sales described in paragraph (e) (1). Repair parts received from a producer by such domestic dealer or distributor, pursuant to each such purchase order, shall be delivered to the customers for whom they were ordered in the sequence in which the customers' orders were received by such domestic dealer or distributor or as otherwise directed by the producer from whom the repair parts were received. Nothing in the foregoing shall be construed to permit a domestic dealer or distributor to place the statements specified above on any order for repair parts placed with a producer for the purpose of building inventory stock.

(e) *Procedure when inventory of producer is insufficient to fill orders.* (1) Whenever unfilled orders in the hands of a producer calling for immediate delivery of any repair part shall exceed his inventory of such repair part, he shall, so long as such condition exists, make no sale (except to military agencies and for export pursuant to paragraph (b) (2) of this order) on any purchase order not containing the statements referred to in paragraph (d) (1) of this order and shall apportion his sales of such repair part as follows:

(i) Sales directly to military agencies: Not more during any month than 40 percent of his total sales of such repair part during that month.

(ii) Sales to domestic dealers and distributors for delivery to persons engaged on war projects and on foreign bases (as indicated by the purchase order of the dealer or distributor) and sales to persons engaged on foreign bases: Not more during any month than 20 percent of his total sales of such repair part during that month.

(iii) Sales to domestic dealers and distributors for delivery to persons engaged in essential civilian operations (as indicated by the purchase order of the dealer or distributor): Not more during any month than 20 percent of his total sales of such repair part during that month.

(iv) Sales for export (except to military agencies and to, or for delivery to, persons operating on foreign bases): Not more during any month than 15 percent of his total sales of such repair part during that month.

(v) Sales to persons or for purposes other than those specified in subdivisions (i) through (iv) of this paragraph (e):

The remainder of his total sales during the month.

(2) (i) If at any time a producer has filled all orders that he has received in one or more of the categories of sales specified in subdivisions (ii), (iii), (iv) or (v) of paragraph (e) (1), he may fill, out of the sales quota allotted to such category or categories, purchase orders in any other of the categories of sales described in subdivisions (ii) (iii), (iv) and (v) of paragraph (e) (1).

(ii) If at any time a producer has filled all orders that he has received in all of the categories of sales specified in subdivisions (ii), (iii), (iv) and (v) of paragraph (e) (1), he may fill, out of the sales quota allotted to any of those categories, purchase orders in the category of sales described in subdivision (i) of paragraph (e) (1).

(iii) If at any time a producer has filled all orders that he has received in the category of sales specified in subdivision (i) of paragraph (e) (1), he may fill, out of the sales quota allotted to that category, orders in any of the categories of sales described in subdivisions (ii), (iii), (iv) and (v) of paragraph (e) (1).

(3) Each producer shall fill purchase orders within each of the categories of sales specified in subdivisions (ii), (iii), (iv) and (v) of paragraph (e) (1) above in the order in which they were received by him.

(4) No producer shall fill any purchase order for a repair part which does not contain the statements specified in paragraph (d) (1) of this order so long as he has on hand unfilled orders for that repair part which do contain such statements.

(f) *Filling orders upon specific direction of the War Production Board.* Notwithstanding the provisions of paragraphs (d) and (e) of this order, a producer or a domestic dealer or distributor shall, upon the specific direction of the War Production Board make delivery of any repair part to fill any order specified in such direction, provided that nothing in this paragraph (f) shall authorize the War Production Board to reduce a producer's sales of any repair part to the military agencies, during any month, below 40 percent of such producer's total sales of such repair part during that month.

(g) *Applicability of priorities regulations.* (1) The provisions of § 944.2 through and including § 944.9 of Priorities Regulation No. 1, as amended, shall not be applicable to any purchase order for track-laying tractor repair parts placed with a producer or domestic or export dealer or distributor.

(2) Except as provided in paragraph (g) (1) hereof, this order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(h) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production, sales, purchase orders and certificates of minimum requirements pursuant to which they have sold repair parts.

(i) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(j) *Reports.* Any person affected by this order shall file with the War Production Board such reports and questionnaires as said Board shall from time to time require, subject to the approval of the Bureau of the Budget, pursuant to the Federal Reports Act of 1942. (The uses of Form WPB–1319 or Form PD–556 and the certificate of minimum requirements in this order have been approved by the Bureau of the Budget.)

(k) *Violations.* Any person who wilfully violates any provisions of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance.

(l) *Appeal.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate referring to the particular provision appealed from and stating fully the grounds of the appeal.

(m) *Communications.* All reports to be filed, appeals and other communications concerning this order shall be addressed to War Production Board, Construction Machinery Division, Washington 25, D. C., Ref.: L–53–b, except as otherwise specifically provided in paragraph (c) (5) of this order.

Issued this 6th day of March 1944.

PART 1209—HAND TRUCKS AND OTHER HANDLING EQUIPMENT

[General Limitation Order L–111, Interpretation 1]

The following interpretation is issued with respect to General Limitation Order L–111.

Questions have arisen as to whether the term "hand truck", as defined in paragraph (a) (8), includes equipment of the following kinds:

So-called "carriers" of the types furnished for the use of customers in self-service grocery stores for carrying small quantities of groceries to the cashier's desk; equipment of similar design used in offices for moving light wire baskets of correspondence and the like about the office; and canvas covered baskets or hampers used for moving linens, trash, and other very light materials. Items of these kinds of equipment consist of a very light frame work mounted on small wheels or casters.

Equipment of these kinds is not included in the definition of "hand truck", and is not covered by Order L–111.

It is to be noted, however, that hand trucks of heavier construction, such as those used by the employees in retail stores for moving cases or boxes of merchandise about the store in restocking the shelves or for other purposes, are covered by the order along with other trucks of still heavier construction.

Issued this 6th day of March 1944.

Recording Secretary.

PART 3270—CONTAINERS [1]

[Conservation Order M–290, as Amended Mar. 6, 1944]

CONTAINERBOARD

Section 3270.1 [1] Conservation Order M–290 is amended to read as follows:

§ 3270.1 *Conservation Order M–290—*

(a) *Definitions.* For the purpose of this order:

(1) "Mill operator" means any person who operates a congregation of pulp preparation, roll and sheet finishing equipment, paper machines and subsidiary facilities located and operated together as a single producing unit for the production of containerboard.

(2) "Containerboard" means the types and grades of paperboard classified under caption No. 211000 through 219000 in Form WPB–514, as currently revised. It shall also mean corrugated or solid fibre sheets of the kind used by "sheet plants" and "cleated-box manufacturers" in making containers or any other product.

(3) "Container manufacturer" means any person (including any sheet plant operator, fibre-drum manufacturer, and any cleated-box manufacturer) who manufactures shipping containers or parts therefor, made wholly or in part from any type of containerboard.

(4) "Sheet-plant" means any container-manufacturing plant which does not have either corrugating or pasting equipment.

(5) "Cleated-box manufacturer" means any manufacturer of shipping containers made of corrugated or solid fibre sheets attached to wooden cleats.

(6) "Sheet supplier" means any container-manufacturer who supplies corrugated or solid fibre sheets to sheet-plants, whether owned by him or not.

Restrictions on Delivery and Receipt of Containerboard

(b) *Restrictions on acceptance of delivery.* On and after April 1, 1944, no person shall accept delivery of containerboard except as authorized by the War Production Board in writing.

(c) *Sheet plants and cleated box manufacturers.* Sheet plants and cleated box manufacturers who have been authorized to accept delivery of containerboard may place orders for corrugated or solid fibre sheets with sheet suppliers. If the orders have been properly certified as provided in the next paragraph the supplier may obtain the amount of containerboard

[1] Formerly Part 3202, § 3202.1.

which he will use to fill the orders in addition to that which the War Production Board has permitted him to receive by authorization issued directly to him. In certifying his orders for this additional containerboard the supplier shall give his customer's authorization number and date.

(d) *Delivery restrictions.* On and after April 1, 1944, no person shall deliver containerboard except on an order accompanied by a certificate, manually signed by the purchaser or an authorized official of the purchaser, in substantially the following form:

Authorized under Order M–290. Date of authorization ----------, authorization number ----------.

This certificate shall constitute a representation to the War Production Board (subject to the penalties of section 35A of the United States Criminal Code) that the purchaser is authorized under this and other applicable War Production Board regulations and orders to place the delivery order and to receive the item(s) ordered for the purpose for which ordered. The standard certification of Priorities Regulation 7 must not be used instead of the certification described in this paragraph (d).

(e) *Authorizations.* (1) Authorizations for the purchase of containerboard in each calendar quarter will generally be issued by the War Production Board prior to the beginning of such quarter, but may be issued at any time. They will normally be issued on Form WPB 2492 which is to be filed by the prospective purchaser with the War Production Board as explained in paragraph (1) below. However, they may be issued by telegram or letter.

(2) Authorizations for the purchase of containerboard may specify the supplier with whom all or part of the authorized orders may be placed and the date as of which said orders are to be shipped or delivered.

Exceptions for Small Deliveries

(f) *Purchasers.* A person who purchases less than 2½ tons of containerboard from all sources in any calendar quarter shall not be required to obtain the written authorization of the War Production Board to get containerboard in that quarter. However, when he buys in lots of more than fifty pounds he must accompany his order with a certificate in the following form:

The undersigned certifies that the amount of containerboard delivered to him and ordered for delivery to him during the calendar quarter in which delivery of this order is to be made (including the amount specified in this delivery order), does not exceed 2½ tons.

Any person may purchase containerboard in lots of less than fifty pounds without the authorization of the War Production Board and without filing the foregoing certificate.

(g) *Suppliers.* Any supplier of containerboard may sell it to a person purchasing in accordance with the preceding paragraph (f) regardless of the provisions of paragraph (d) of this order.

Directions

(h) *Directions.* The War Production Board may, from time to time, issue directions of the following kinds:

(1) *Mill production.* Directions requiring that all or any part of any mill operator's containerboard production during any period shall be in specified types and grades. Such directions will not be inconsistent with Order M–93 or actions taken under that order.

(2) *Mill shipment.* Directions requiring that all or any part of any mill operator's containerboard production shall be shipped (in such quantities, types, and grades as may be specified) to specified persons and at specified times, whether or not the containerboard is produced for other persons.

(3) *Sheet-supplier shipments.* Directions requiring that all or any part of any sheet-supplier's supply of containerboard sheets shall be shipped in such quantities, types, and grades as may be specified, to specified sheet-plants or cleated-box manufacturers.

(4) *Observance of directions.* Directions issued pursuant to this paragraph (h) shall, to the extent stated therein, take precedence over other deliveries of containerboard. The War Production Board may (with or without conditions) rescind or modify any directions issued pursuant to this paragraph (h) in any case in which it decides that there are special circumstances which would cause fulfillment of the direction to be impractical. In order to receive consideration, such special circumstances must be presented by telegram or letter to the War Production Board within seventy-two hours after they have arisen. If the War Production Board shall, after receipt of such facts, not give its written approval to an application for rescission or modification of a direction, the direction shall be fulfilled in accordance with its original terms.

Unless the War Production Board specifically permits him to do so, in writing, no mill operator or other supplier shall require customers to deliver waste in return for containerboard shipped on any authorized order.

Restrictions on Use of Authorized Containerboard

(i) *Use of authorized or directed containerboard.* Authorizations or directions issued under paragraphs (e) or (h) may specify the use to which all or any part of the authorized or directed containerboard may be put. In such cases, no person shall use any such containerboard except for the purpose specified. This prohibition does not, however, prevent the substitute use of any equivalent amount of containerboard of suitable grades.

(j) *Production directions.* The War Production Board may, from time to time, direct any person to fill any designated order or class of orders involving the use of containerboard and to use in filling that order, any allocated or unallocated containerboard available to him.

Ratings

(k) *Prohibition against use of ratings.* No person shall use any rating to get containerboard and no person selling containerboard shall require a rating as a condition of sale. Any rating purporting to be applied or extended to containerboard shall be void and no person shall give any effect to it in filling an order.

Applications and Reports

(l) *Applications for permission to receive containerboard.* Each person requiring authorization to accept delivery of containerboard during any calendar quarter shall file application on Form WPB–2492 in the manner and at the time stated in the instructions on that Form.

(m) *Reports by manufacturers of V–boxes.* In addition to the report required by paragraph (l) above, each manufacturer of V–boxes shall, on or before the 10th of March, June, September and December in each year, report to the War Production Board on Form WPB–2492—Supplement No. 1, in accordance with the instructions on that Form.

(n) *Budget approval.* The reporting requirements set forth in paragraphs (l) and (m) of this order have been approved by the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(o) *Other reports.* All persons affected by this order shall execute and file with the War Production Board, such other reports and questionnaires as said Board shall from time to time request subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

Miscellaneous

(p) *Multiple function organizations.* Where any person (including any parent subsidiary organization) engages in two or more of the types of operations subject to this order (for instance, if he is both a producer or supplier and a converter of containerboard), the provisions of this order applicable to each type of function shall apply separately to his operations of that type. For example, a container-manufacturer may not receive containerboard from his own mill without an authorization; or part or all of that mill's production may be made the subject of a direction under paragraph (h).

(q) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order wilfully conceals a material fact, or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(r) *Applicability of regulations.* This order and all transactions affected hereby are subject to all applicable War Production Board regulations, as amended from time to time.

(s) *Communications to War Production Board.* All reports required to be filed hereunder and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Paperboard Division, Washington 25, D. C., Ref.: M-290.

Issued this 6th day of March 1944.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Limitation Order L-99 as Amended Mar. 6, 1944]

COTTON TEXTILE PRODUCTION

§ 3290.46 *Limitation Order L-99*—(a) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(b) *Operations of spindles and looms producing cotton textiles.* Except as otherwise specifically directed in writing by the War Production Board, no person shall operate spindles or looms producing cotton textiles of any kind, except in accordance with the following requirements: (column references apply only within each of the number groups in Column I of the schedules of this order).

(1) The percentages, as stated in Column III, of the number of spindles or looms operated on or assigned to the cotton textiles listed in Column II, at the time or times specified in the heading of Column II, may produce only the cotton textiles specified in Column IV.

(2) The restrictions of paragraph (b) (1) shall be effective on the dates specified in Column V.

(c) *Exceptions.* (1) The restrictions of paragraph (b) shall not prohibit the manufacture of any construction in any group of lower pick than the lowest pick specified in Column IV as to such group, unless the War Production Board hereafter specifically so directs in writing. Any person affected by this paragraph (c) (1) shall immediately report such fact in writing to the War Production Board.

(2) [Deleted Dec. 24, 1943]

(d) *Further restrictions.* No producer or converter of cotton textiles shall produce, convert or deliver cotton textiles and no person shall accept delivery of cotton textiles from a producer or converter, contrary to any specific direction which may be issued from time to time by the War Production Board.

(e) [Deleted Dec. 24, 1943]

(f) *Reports and records.* All persons operating spindles or looms for the production of cotton textiles shall file with the War Production Board quarterly production reports on Form WPB 658-A, B, C, D and E. All persons affected by this order shall keep and preserve for a period of not less than two years, accurate and complete records concerning inventories, production and sales. The reporting requirements of this order have been approved by the Bureau of the Budget under the Federal Reports Act of 1942.

(g) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(h) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

(i) *Communications to the War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Textile, Clothing and Leather Division, Washington 25, D. C., Ref., L-99.

Issued this 6th day of March 1944.

PART 3290—TEXTILE CLOTHING AND LEATHER

[Conservation Order M–51, as Amended Mar. 6, 1944]

PIGS' AND HOGS' BRISTLES

§ 3290.161 *Conservation Order M–51*—(a) *Definitions.* In this order:

(1) "Bristles" means pigs' or hogs' bristles, including riflings, 2 inches or longer, whether new, reclaimed, raw, dressed, imported or domestic.

(2) "Dealer" means a person who purchases and sells bristles without changing their condition.

(3) "Dresser" means a person who grades, sorts, dresses, reclaims, or in any wise processes bristles.

Restrictions

(b) *Importation.* Notwithstanding any other order, rule, regulation or direction, or any certificate or authorization, no person other than Defense Supplies Corporation or U. S. Commercial Company shall import any variety of bristles of the categories known as "Chinese", "Indias", "Russians" or "Siberians". The importation of bristles of other categories shall be according to General Imports Order M–63, as amended from time to time.

(c) *Purchase and sale.* Unless otherwise authorized in writing by the War Production Board:

(1) *Undressed domestic bristles.* No person other than an approved dresser shall buy or accept undressed domestic bristles from a slaughter house. "Approved dresser" means a dresser so designated and authorized in writing by the War Production Board to process domestic bristles. This designation and authorization, which may be conditioned and limited by the War Production Board at any time, will be made when it approves of a dresser as capable of processing domestic bristles according to specifications fixed by the War Production Board. Applications may be made by a dresser at any time by submitting samples of his product, processed according to such specifications, accompanied by a letter describing his experience and equipment.

(2) *Dressed domestic bristles.* No person other than Defense Supplies Corporation shall buy or accept dressed domestic bristles.

(3) *Dressed imported bristles.* No person other than a dealer or dresser shall sell or deliver dressed imported bristles to a manufacturer of products containing bristles. No person other than a dealer or dresser or the United States agencies referred to in paragraph (b) above shall buy or accept dressed imported bristles, except

(i) *Purchase for permitted use.* To manufacture brushes as permitted in subparagraphs (1) and (2) of paragraph (d) below.

(ii) *Purchase for brush inventory.* As may be necessary to enable him to manufacture for inventory brushes as permitted by this order, but not more than the quantity of brushes manufactured by him according to this order in the calendar month preceding that in which the order for such bristles is placed.

(iii) *Bristle inventory limit.* However, his inventory of dressed imported bristles (as to both subdivisions (i) and (ii) above) may not to the best of his knowledge and belief exceed the greater of:

(*a*) A practicable minimum working inventory, or

(*b*) "One-quarter of the quantity, by weight, of dressed imported bristles consumed by him in 1943 in the manufacture of brushes according to this order as effective during 1943.

[NOTE: In 1943, this order, as issued November 30, 1942, July 7, 1943, and September 28, 1943, was in effect.]

(4) *Seller of bristles or bristle products.* No person shall sell or deliver bristles to a person prohibited by this paragraph (c) from buying or accepting them, or bristles or products containing bristles contrary to the provisions of this order or knowing or having reason to believe that the purchase, acceptance or use of them is not or will not be for use or to fill orders as permitted by this order.

(5) *Buyer of bristles or bristle products.* No person shall buy accept or use bristles or products containing bristles, contrary to the provisions of this order or knowing or having reason to believe that the purchase, acceptance or use of them is not or will not be for use or to fill orders as permitted by this order.

Permitted Use of Bristles

(d) (1) *Domestic and imported bristles.* Unless other uses[1] are specifically permitted in writing by the War Production Board, and regardless of the assignment of a preference rating, no person shall use domestic or imported bristles in the manufacture of any product, except as follows:

(i) *Dental plate brushes.* In 1944, 3 inch bristles may be used in the manufacture of dental plate brushes requiring not more than one pound of bristles for 120 brushes, in an amount not exceeding the manufacturer's use in 1942 of bristles, nylon or a combination of both for dental plate brushes.

(ii) *Shaving brushes.* In 1944, bristles 2 to 3⅛ inches long, inclusive, other than Chinese, may be used in the manufacture of shaving or lather brushes. The manufacturer may not use more than one-quarter of the quantity, by weight, of the bristles consumed by him in 1942 in the production of shaving or lather brushes.

(iii) *Military orders.* Upon specific orders for any product for delivery to or for the account of the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration. Dental plate brushes and shaving or lather brushes manufactured upon such orders shall not

[1] Applications will be considered for permission to use India bristles shorter than 3¼" in the manufacture of miscellaneous brushes, and, in areas where labor shortages are known not to exist, to use additional quantities of bristles of other types in the manufacture of brushes.

be charged against the quantity restrictions in subdivisions (i) and (ii) above.

(iv) *Export orders.* For export of brushes from the 48 states, the District of Columbia or the Territory of Alaska, upon specific orders accompanied by individual export licenses or release certificates issued by the Foreign Economic Administration or upon specific orders from an agency of the United States for delivery pursuant to the Act of March 11, 1941, as amended, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(v) *Brushes for construction, maintenance, repair or operating supplies.* Bristles 2 to 3⅛ inches long, inclusive, may be used in the manufacture of brushes, upon specific orders.

No person shall order or accept such brushes, except for necessary use in the construction, maintenance or repair of facilities required for producing any product or conducting any business, activity or service, listed on Schedule I or II annexed to CMP Regulation 5 or 5A or listed on List A of this order, or for necessary operating supplies for any such purpose, or to fill specific orders therefor. However, reclaimed bristles of that length (such as comb stocks or paint stumps) may be used in the manufacture of spotting, cleaners', dyers', surgeons' hand or hair brushes.

(vi) *Special brushes for construction, maintenance, repair or operating supplies.* Bristles longer than 3⅛ inches may be used in the manufacture of painters' brushes (such as brushes for the application of paint, lacquer, varnish, shellac and other protective coatings), paper hangers' paste brushes and billboard brushes, upon specific orders.

No person shall order or accept such brushes, except for necessary use in the construction, maintenance or repair of facilities required for producing any product or conducting any business, activity or service, listed on Schedule I or II annexed to CMP Regulation 5 or 5A or listed on List A of this order, or for necessary operating supplies for any such purpose, or to fill specific orders therefor.

Bristles of that length may be used only in the manufacture of painters', paperhangers' paste and billboard brushes, even if manufactured upon orders under subdivisions (iv), (viii) or (ix) of this paragraph (1).

(vii) *Limitation on orders.* No person shall order any brushes, referred to in subdivisions (v) and (vi) of this subparagraph (1), for delivery or accept them, during any calendar quarter, in a quantity exceeding his requirements for such maintenance, repair and operating supplies during any such quarter.

(viii) *Distributors' orders.* For the manufacture of painters', paperhangers' paste and billboard brushes, whether or not made of bristles longer than 3⅛ inches and surgeons' hand brushes, for sale to persons authorized by the War Production Board to purchase them, upon specific orders endorsed with a certification substantially as follows:

The undersigned purchaser hereby represents to the brush manufacturer and to the War Production Board that he is authorized by the War Production Board to purchase the brushes shown on this purchase order, and that he is entitled to apply the preference ratings indicated opposite these brushes, and that such application is in accordance with Priorities Regulation 3, as amended, with the terms of which the undersigned is familiar.

Form WPB–547
Certificate No. ____

(Signature and title of authorized official or representative)

_____
(Date)

Applications for that authorization may be made on Form WPB–547 (formerly PD–IX) by persons who propose to purchase them directly from the manufacturer and to resell them without changing their form. These brushes may be used for any purpose.

(ix) *Manufacturers as distributors of their own products.* For the manufacture of painters', paperhangers' paste and billboard brushes, whether or not made of bristles longer than 3⅛ inches and surgeons' hand brushes, for sale by the manufacturer directly to the consumer, as authorized by the War Production Board after application by the manufacturer on Form WPB–547 (formerly PD–IX). In granting such authorization, the War Production Board will give consideration to the extent to which the manufacturer customarily sold directly to consumers brushes manufactured by him. These brushes may be used for any purpose.

(2) *Manufacture exceeding specific orders and disposal of excess.* The requirements in the next preceding subparagraph (1) that products be manufactured only to fill specific orders, shall not prevent the manufacture of minimum commercially practicable quantities of products exceeding specific orders.

Any excess manufactured in filling orders under subdivision (iii) of subparagraph (1) shall be sold only upon orders of that kind, and any excess manufactured from bristles longer than 3⅛ inches shall be sold only upon orders of the kind referred to in subdivision (vi) of that subparagraph and any excess manufactured in filling orders under subdivision (iv) or (v) may be sold only for a use permitted in subparagraph (1).

(3) *Existing stocks of brushes.* The restrictions in this order shall not apply to the manufacturer, jobber or retailer, as the case may be, with respect to brushes in his possession prior to July 30, 1943.

Conservation

(e) *Conservation.* Unless otherwise authorized in writing by the War Production Board, no person shall use in the manufacture of any product a mixture of more than 55% of pigs' or hogs' bristles or a combination of both.

However this restriction shall not apply to:

(1) The manufacture of dental plate brushes as described in paragraph (d) (1) (i) above.

(2) The manufacture of any product containing bristles none of which are longer than 2⅜ inches.

(3) The manufacture of shaving or lather brushes for the United States Army, Navy, Maritime Commission or War Shipping Administration.

(4) The manufacture of spotting, cleaners', dyers', surgeons' hand and hair brushes out of reclaimed bristles as described in paragraph (d) (1) (v) above.

Equitable Distribution

(f) *Equitable distribution.* It is the policy of the War Production Board that bristles and products containing bristles, not required to fill rated orders, shall be distributed equitably. In making such distribution due regard should be given to essential civilian needs, and there should be no discrimination in the acceptance or filling of orders as between persons who meet the seller's regularly established prices and terms of sale or payment. Under this policy, every seller of the items, so far as practicable, should make available an equitable proportion of his merchandise to his customers periodically, without prejudice because of their size, location, or relationship as affiliated outlets. It is not the intention to interfere with established channels and methods of distribution, unless necessary to meet war or essential needs. If voluntary observance of the policy outlined is inadequate to achieve equitable distribution, the War Production Board may issue specific directions to concerns. A failure to comply with a specific direction shall be deemed a violation.

General Provisions

(g) *Reports and communications—* (1) *Imported bristles.* Every owner of imported bristles shall file with the Bureau of the Census, Department of Commerce, acting as compiling agent for the War Production Board, not later than the 10th day of each month, a report on Form WPB–431 (formerly Form PD–217), showing his holdings and consumption of imported bristles during the preceding month.

(2) *Domestic bristles.* Every owner of more than ten pounds of domestic bristles shall file with the War Production Board not later than the 10th day of each month, a report on Form WPB–2287 (formerly Form PD–781), showing his holdings and shipments of domestic bristles during the preceding month.

(3) *Reporting.* All reports required to be filed and all communications concerning this order shall unless otherwise directed in writing be addressed to the War Production Board, Textile, Clothing and Leather Division, Washington 25, D. C. Ref.: M–51. The reporting requirements of this order have been approved by the Bureau of the Budget under the Federal Reports Act of 1942.

(h) *Appeals.* Any appeal from the provisions of this order shall be made

by filing a letter in triplicate referring to the particular provision appealed from and stating fully the grounds for the appeal.

(i) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(j) *Further restrictions.* No person shall sell, deliver, accept or use bristles or products containing bristles contrary to any specific direction which may be issued from time to time by the War Production Board.

(k) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

Issued this 6th day of March 1944.

Chapter XI—Office of Price Administration

PART 1305—ADMINISTRATION

[Gen. RO 5,[1] Amdt. 49]

FOOD RATIONING FOR INSTITUTIONAL USERS

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

1. Section 3.5 (b) is added to read as follows:

(b) An institutional user who has combined his establishments in a single registration, may re-register those establishments when he applies for his March-April 1944 allotments. He may file a separate registration form for each of them with the Board for the place where that establishment is located; or he may combine in one registration those establishments which qualify for the higher allowances of sugar and foods covered by Ration Order No. 16 for baking operations fixed in the supplement and may combine in another registration his other establishments. He shall file with the Board additional OPA Forms R-1307 and R-1307 Supplement giving the information called for by those forms separately for each establishment or combination of establishments separately registered. If he combines some establishments in a single registration, he must attach to the forms a list of those establishments, showing the name and address of each, and, for each establishment which qualifies for the higher baking allowances, the baking information called for by OPA Form R-1307 Supplement. (If the institutional user prepares the baked products at one place, such as a central kitchen, and serves those products at a combination of establishments, the baking information called for by that form may be given for the combination instead of separately for each.) Any remaining excess inventory of the originally combined establishments may be apportioned among the establishments as re-registered, in such proportion as he chooses.

2. Section 3.5 (c) is added to read as follows:

(c) Each combination of establishments in a single registration is to be treated separately for the purposes of this and any other food rationing order, just as if it were operated by a different person.

This amendment shall become effective March 9, 1944.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 1340—FUEL

[MPR 121, Amdt. 29]

MISCELLANEOUS SOLID FUELS DELIVERED FROM PRODUCING FACILITIES

A statement of considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 121 is amended in the following respects:

1. Section 1340.249 (d) (1) (iv) is amended to read as follows:

(iv) Each producer whose maximum price in effect on November 23, 1943 has been increased under the provisions of this paragraph (d) (1) or former paragraph (d) (4) of this section as in effect prior to January 11, 1944 must report his redetermined maximum price and his method of computation on OPA Form 653-432 set forth below. The completed forms must be filed in duplicate with the Office of Price Administration on or before February 29, 1944 or within 30 days after a producer has redetermined his maximum price, whichever period is longer. Such report must be filed each time a producer redetermines his maximum price pursuant to this paragraph. Copies of these forms may be obtained from the Office of Price Administration or any regional or district office thereof.

2. Section 1340.249 (d) (1) (v) is amended to read as follows:

(v) The maximum prices as redetermined under this paragraph (d) (1) or under former paragraph (d) (4) of this section may be charged and received by the producer immediately after redetermination unless notified to the contrary by the Office of Price Administration: *Provided*, That the maximum price of a producer who fails to report his deter-

PULPWOOD PRODUCED IN DESIGNATED SOUTHERN STATES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation No. 387 is amended in the following respect:

In Appendix A (a) (1), the last paragraph entitled "Delivered mill by truck or similar vehicle" is amended to read as follows:

Delivered mill by truck or similar vehicle. When pulpwood is delivered to a consumer by truck or similar vehicle, the maximum price shall be the f. o. b. car price stated above plus or minus the same dollars and cents differential, if any, which the particular mill paid over or under its highest f. o. b. car price in the months of January and February, 1943, for the same type of delivery, except when pulpwood is delivered to a consumer's mill in Mobile, Alabama by truck or similar vehicle, in which case an amount not in excess of $2.00 per cord may be added to the maximum f. o. b. car price stated above.

This amendment shall become effective March 3, 1944.

PART 1425—LUMBER DISTRIBUTION

[2d Rev. MPR 215,[5] Amdt. 2]

DISTRIBUTION YARD SALES OF SOFTWOOD

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Second Revised Maximum Price Regulation 215 is amended in the following respects:

1. Section 3 is amended to read as follows:

SEC. 3. *Transactions and products covered*—(a) *Transactions covered.* This regulation covers all sales and purchases out of distribution yard stock of products covered by the regulation within the continental limits of the United States made by lumber distribution yards, whether wholesale or retail.

(b) *Products covered.* This regulation covers sales out of distribution yard stock of any lumber or lumber products for which "direct-mill" maximum prices are fixed in the following maximum price regulations, as well as any later revisions or amendments:

Southern Pine Lumber—Second RMPR 19.[6]
Douglas First and Other West Coast Lumber—RMPR 26.[7]
Western Pine and Associated Species of Lumber—MPR 94.[8]

Western Red Cedar Lumber—MPR 402.[10]
Tidewater Red Cypress Lumber—MPR 412.[11] Tables 2, 4, 6, 7, 8, 11, and 17.
Northern Hardwood Flooring—MPR 432.[12]
Oak, Pecan and Miscellaneous Hardwood Flooring—MPR 458.[13]
Pressure Preservative Treatment of Forest Products and Pressure Treated Forest Products—MPR 491.[14] (only as applicable to the species and items covered by the foregoing regulations).

This regulation does not cover sales or purchases of stock mouldings listed in the 1940—8000 Series List published by Shattock-McKay, Chicago, Illinois, plant stakes, car strips, pickets, battens and millwork. These products are subject to the General Maximum Price Regulation.[15]

Every yard affected by this regulation should get copies of the mill regulations covering the species it handles, since this regulation builds upon the prices and definitions in the above "direct-mill" regulations.

2. In section 4 the first paragraph is amended to read as follows:

SEC. 4. *Maximum prices for wholesale and CPA yards and "wholesale-type" sales by retail yards.* The maximum prices for all sales out of the stock of wholesale or CPA distribution yards or "wholesale-type" sales and sales of lower grades of lumber out of the stock of retail yards (except sales of pressure treated lumber) is the sum of the following: (See section 16 for definitions of "sales out of distribution yard stock", "wholesale-type sales" and "lower grades of lumber".)

3. Section 5 is deleted and section 6 is redesignated section 5 and paragraph (a) of the new section 5 is amended to read as follows:

(a) *General.* The maximum price on sales out of retail yard stock other than the "wholesale-type" sales, sales of lower grades of lumber and sales of pressure treated lumber is the sum of the following:

4. In the new section 5, the last unlettered paragraph is amended by adding the following sentence:

If the total quantity is 1,000 feet BM or less, the price may be quoted per board or lineal foot, in which event it must be evened out to the nearest quarter of a cent per foot.

5. A new section 6 is added to read as follows:

SEC. 6. *Sales of pressure treated lumber out of distribution yard stock.* The maximum price for all sales of pressure treated lumber out of distribution yard stock as defined in section 16 is the sum of the following:

(a) The f. o. b. mill price for the green untreated lumber in the mill regulation for the particular species at the time of delivery by the distribution yard; plus

(b) Inbound transportation charges to the distribution yard, figured under the rules in section 7, on the basis of green weight; plus

(c) $24.50 per MBM in the case of West Coast species, including Douglas Fir, West Coast Hemlock, all species of True Fir, Redwood, Sitka Spruce and Western Red Cedar; or $20.50 per MBM in the case of all other species; plus

(d) Cost of the preservative computed under the following table:

PRESERVATIVE ADDITIONS PER M'BM

NO. 1 DISTILLATE OIL BY PRESSURE PROCESS

Region	Retentions per cubic foot				
	6 pounds	8 pounds	10 pounds	12 pounds	14 pounds
I—All States East of the Hundredth Meridian	$9.50	$12.75	$15.75	$19.00	$22.25
II—All other States except Washington, Oregon, and California	11.50	15.50	19.50	23.25	27.25
III—Washington, Oregon, and California	12.50	16.75	20.75	25.00	29.25

NOTE: Special authorization for additions for distillate oil used in combination with coal tar or petroleum will be granted upon application to the Office of Price Administration, Washington, D. C.

SALT PRESERVATIVES BY PRESSURE PROCESS PER M'BM

	Zinc chloride				Wolman		
	Plain—retention per cubic foot		Chromated—retention per cubic foot		Retention per cubic foot		
	.75 pound	1.0 pound	.75 pound	1.0 pound	.50 pound	.55 pound	.40 pound
All regions	$5.50	$6.75	$4.50	$5.00	$6.25	$7.25	$8.50

(e) $5.00 per thousand board feet "handling charge".

(f) 10 percent of the sum of (a), (b), (c) and (d) above on sales by wholesale or CPA distribution yards or "wholesale-type" sales by retail yards; or the appropriate area mark-ups as shown in section 5 (c) on sales other than "wholesale-type" sales by retail yards.

6. In section 7, paragraph (a) (5) is amended to read as follows:

(5) *Northeastern softwoods; RMPR 219.* (i) Eastern spruce (domestic and Canadian), Jack pine, Norway pine, and White cedar shingles: use American prices and weights and Vanceboro, Maine or Cass, West Virginia (whichever takes the lower rate of freight to destination) as the basing point; except for Norway pine produced in Ottawa Valley use Canadian prices and weights and Niagara Falls, New York, Detroit, Michigan, or Chicago, Illinois (whichever takes the lowest rate of freight to destination) as the basing point.

(ii) White pine: use American prices and weights and Norway, Maine or Bristol, Tennessee-Virginia (whichever takes the lower rate of freight to destination) as the basing point; except for White pine produced in Ottawa Valley use Canadian prices and weights and Niagara Falls, New York, Detroit, Michigan, or Chicago, Illinois (whichever takes the lowest rate of freight to destination) as the basing point.

(iii) Eastern hemlock: use prices established for Pennsylvania and New York and Williamsport, Pennsylvania or Bristol, Tennessee-Virginia (whichever takes the lower rate of freight to destination) as the basing point; except in the New England states, use prices for hemlock produced in New England and Norway, Maine as the basing point.

7. In section 7, paragraph (a) (12), the heading is amended by deleting "10" from the list of tables.

8. In section 7, paragraphs (a) (13) and (14) are amended to read as follows:

(13) *Northern hardwood flooring; MPR 432:* Wells, Michigan.

(14) *Oak, pecan and miscellaneous hardwood flooring; MPR 458:* Johnson City, Tennessee.

9. Section 13 is amended to read as follows:

SEC. 13. *How to figure additions for working, kiln drying and pressure treatment*—(a) *Basic workings.* The following additions per MBM may be made to the maximum price of the most economical size from which the desired size may be obtained when a distribution yard is required to perform the workings and the end product is a non-standard size. The charges apply to the total quantity involved in one order when no change in the machine set-up is involved. The additions may be made to the maximum price of the most economical size from which the desired size may be obtained computed under this regulation only after the percentage mark-up has been added and may not be added if the end product is an item of boards or dimension in standard or near standard size shown in the applicable mill regulation, except as provided in paragraph (e) of this section.

Resawing	2.00	3.50	2.00	3.50	2.00	3.50	2.00	3.50	3.00	5.25	1.00

NOTES: (1) Where the total charge figured on an MBM basis is less than the minimum shown in the table, the minimum charge may be added.

(2) The cross-cutting addition may be made only as many times as are necessary to produce the desired length from the shortest standard multiple of that length in the size and grade required. The final cost, including cross-cutting and waste, may not exceed the most economical final cost of producing the required length.

(3) The ripping and resawing charges may be added only if the end product produced is a non-standard size or is larger than boards (under 2" in nominal thickness) or dimension (2" in nominal thickness, 12" or less in width or 24' or less in length).

(4) The total charge for ripping and resawing may not include additions for more than three rips, and/or resaws.

(b) *Kiln-drying.* For kiln-drying, done at the yard, an addition of double the addition permitted by the applicable direct-mill regulation may be made.

(c) *Custom milling or kiln-drying.* Where the required working or kiln-drying cannot be performed by the distribution yard making the sale because it does not have the necessary facilities, the yard may add to the maximum price of the original size the actual cost of having the working or drying performed at a custom establishment provided the end product produced is a non-standard size or an item larger than boards or dimension. If the distribution yard has the facilities to perform the required workings or drying the maximum charges in paragraphs (a) and (b) of this section apply. If the end product is a standard or near standard size of boards or dimension, no additions may be made and the maximum price must be computed on the basis of the item produced.

No addition may be made for transportation to or from the custom establishment.

(d) *Custom pressure treating.* Where pressure treating is required, and the distribution yard making the sale does not have the necessary facilities, the yard may add to its maximum selling price of the green untreated lumber its actual cost of having the lumber treated by a custom plant including delivery charges to the purchaser by way of the treating plant under section 12. These charges must be shown separately on the invoice.

(e) *Special exception for remanufacturing Douglas fir and other West Coast lumber.* If a distribution yard making a sale of Douglas fir or other West Coast lumber covered by Revised Maximum Price Regulation 26 remanufactures standard sizes of boards or dimension from larger sizes, the f. o. b. mill price and weight of the most economical size from which the desired size may be obtained may be used in computing the maximum price of the item produced and the milling charges shown in the table in paragraph (a) of this section may be added, subject to the following conditions:

(1) Any yard wishing to compute its maximum prices under this paragraph must make application to the Lumber Branch, Office of Price Administration, Washington, D. C., for specific permission. The applicant must submit: (1) Satisfactory proof that he is unable to purchase standard sizes of boards and dimension from mills or concentration yards; (2) a statement of the total footage of softwood lumber delivered from his yard stock during each of the three months immediately preceding the date of the application; (3) a complete description of the remanufacturing facilities of his yard, including the number and capacity of resaws, planers, etc.

The remanufacturing provisions of this paragraph may be adopted by the yard as soon as application is filed. Permission may be granted by letter or telegram and may be withdrawn at any time for failure to comply with all of the provisions of this paragraph or if it appears that a yard is using it as a method of evading any other provision of this regulation.

(2) In no case will the permission granted under this paragraph be applicable in any one month to more than 30 percent of the average monthly footage of softwood lumber delivered by the yard during the 3 months immediately preceding, or to sales on which the distribution yard mark-up is greater than $5.00 and 10 percent.

(3) The total charge for ripping, resawing and/or dressing may not include an addition of more than two of these workings per piece. For example, there may be one rip and one resaw; or one resaw and one dressing charge; etc.

(4) Any yard which is granted permission to remanufacture under this paragraph must file with the Lumber Branch, Office of Price Administration, Washington, D. C., on or before the 10th day of each month a statement of the softwood footage shipped and remanufactured by it during the preceding month. Yards operating under this paragraph must keep records available to the Office of Price Administration at all times showing the amount of lumber remanufactured during any month, the nature of the remanufacturing, the size and condition of the lumber before and after remanufacturing and any additional information which the Office of Price Administration may deem necessary to prevent evasion of the regulation.

10. In section 15 the first clause of the next to the last sentence is amended to read as follows: "The invoice must also show whether working, dry-kilning or treating was done by a distribution yard or custom establishment;"

11. In section 16, the phrase "10,000 shingles" in the unlettered paragraph of paragraph (d) is deleted and the phrase "10 squares of shingles" inserted in its place.

12. A new paragraph (h) is added to section 16 to read as follows:

(h) *Lower grades of lumber.* Lower grades of lumber as used in this regulation mean the grades for the particular species shown below:

2d Rev. MPR 19—All items lower than No. 2 Box grade.

RMPR 26—All items and grades No. 4 Common and lower.

MPR 94—All items and grades No. 5 Common and lower (including No. 3 dimension).

RMPR 219—Northeastern White Pine—All items and grades No. 5 Common and lower.

Eastern Spruce—all items and grades below No. 3 Common.

Jack Pine—all items and grades below No. 3 Common.

Norway Pine—all items and grades below No. 3 Common.

Hemlock—all items and grades No. 5 Common and lower.

Ottawa Valley White Pine—all items and grades No. 6 Common and lower.

2d Rev. MPR 222—Hemlock—all items and grades No. 6 Common and lower.

Northern White Pine—all items and grades No. 6 Common and lower.

Norway Pine—all items and grades No. 6 Common and lower.

Jack Pine—all items and grades No. 6 Common and lower.

Aspen—all items and grades below No. 6 Common.

Canadian Western White Spruce—all items and grades below No. 5 Common.

MPR 253—All items and grades lower than No. 3 Common.

MPR 290—All items and grades lower than No. 3 Common.

MPR 402—All items and grades No. 4 Common and lower.

MPR 412—All items and grades poorer in quality than the lowest standard grade (SCMA Rules).

This amendment shall become effective March 10, 1944.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 1306—IRON AND STEEL

[RPS 41, Amdt. 11]

STEEL CASTINGS AND RAILROAD SPECIALTIES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Price Schedule No. 41 is amended in the following respects:

1. The first and second sentences of the first paragraph of Appendix A (§ 1306.112) are amended to read as follows:

Maximum prices for steel castings are set forth in the following paragraphs (a), (b) and (c). These three paragraphs are exclusive of each other. The maximum prices in these three paragraphs shall be computed on the basis of actual shipping weights and apply to castings which are subject to repair by the producer by welding or otherwise. Paragraph (d) provides an optional method for establishing the maximum prices for castings in paragraphs (a) and (c) bearing N. O. C. B. N. classifications.

2. Section 1306.112 (a) (3) is amended to read as follows:

(3) *Extras.* No extra charges may be added in computing maximum prices for armor castings. The only exception is where the inspection of every armor casting by X-ray, gamma ray or magnaflux is required and the castings are subject to rejection by the purchaser on the basis of such inspection. Where such is the case the applicable extra charges for X-ray, gamma ray, and magnaflux inspections in Table VII[1] may be added. In the case of navy, ordnance and ship and marine castings the only extra charges which may be added in computing maximum prices are those in Table VII.

3. A new subparagraph (4) is added to § 1306.112 (b) to read as follows:

(4) Irrespective of a producer's customary July 15, 1941, extra charges for castings subject to rejection by the purchaser on the basis of X-ray, gamma ray and magnaflux inspection, the only extra charges for such inspections which may be added in computing maximum prices for castings subject to rejection by the purchaser on the basis of such inspection are those in Table VII.

4. Section 1306.112 (c) (3) is amended to read as follows:

(3) *Extras.* The only extra charges which may be added in computing maximum prices are those in Table VII.

5. The schedule reference for Item 6712 of Table V of § 1306.112 is amended to read X-333R.

6. The price for castings weighing one to five pounds when sold in quantities of 100 to 249 pieces in Schedule X-322R of Table VI of §1306.112 is amended to read .276.

7. Table VII is added at the end of Appendix A (§ 1306.112) to read as follows:

TABLE VII—EXTRA CHARGES

The following charges may be added in computing maximum prices only where the extras are specified by the purchaser and furnished by the producer:

A. *Comprehensive report extras.* The extra charges listed on pages 64, 65 and 66 of the Comprehensive Report may be added in computing maximum prices for navy, ordnance, and ship and marine castings in paragraph (a) and also for castings for which maximum prices are established by paragraph (c).[2] *Exception.* No extra charge for tension specifications may be added where the purchaser's specifications call for both tensile strengths and yield points below those shown for Class A, Grade I steel in the Table of Tension Specifications on page 66 of the Comprehensive Report.

B. *Extras for X-ray, gamma ray and magnaflux.* Extra charges may be added for X-ray, gamma ray or magnaflux inspection of steel castings only where the castings are subject to rejection by the purchaser on the basis of such inspection. The applicable extra charges are as follows:

1. *Pilot castings.* The applicable maximum price for each pilot casting may be added in the case of X-ray, gamma or magnaflux inspection. This price shall be determined on the basis of the quantity differentials applicable to the total quantity of castings ordered from one pattern at one time.

2. *X-ray or gamma ray only*—(a) *Production cost extras.* Regardless of who makes the inspection, whichever of the following percentages of the base prices[3] for rough castings of the following types is applicable may be added where Navy Department Bureau of Ships Radiographic Standards for Steel Castings, or similar standards, are specified:

Class No. and description:	Percent
1. H. P. Valves and Fittings (wall thickness less than 1 inch); Super-heater Fittings; Boiler Stop Valves; Machinery Castings subject to fatigue or impact stresses (wall thickness less than ½")	30
2. H. P. Turbine Casings; Steam Chests; Turbine Throttle Valves; H. P. Valves and Fittings (wall thickness 1 inch or greater); L. P. Valves (wall thickness less than 1 inch); Machinery Castings (wall ½ inch or greater)	22½
3. L. P. Turbine Casings; H. P. Turbine Exhaust Casings; L. P. End of H. P. Turbine; L. P. Valves (wall thickness 1 inch or greater); Machinery Castings not subjected to steam pressure	17½
4. Hull castings less than 3 inches in thickness—subjected to high service stresses: Machinery castings not subjected to impact stresses or vibration	15
5. Hull castings 3 inches or more in thickness and subject to high service stresses	12½

Where a casting is not one of the types described above such casting shall be classified and the applicable charge determined by using the description and applying the standards above which most nearly fit such casting.

(b) *Inspection extras*—(1) *Inspection by the producer.* When inspection is made by the producer there may be added not only the applicable charge for the production cost extra but also a charge based on the "time required" to make the inspection computed on the basis of the following:

X-ray machine capacity:	Hourly rate
200,000 to 300,000 volt capacity machine	$17.00
300,000 to 500,000 volt capacity machine	21.00
1,000,000 and over volt capacity machine	25.00
Radium capacity:	
10 to 500 milligrams	8.00

In no case need such charge be less than a total of $10.00 on one order. "Time required" means the total time consumed in the transportation of castings to be inspected from the point of inspection, in the setting up of castings for inspection, in making the exposure, in dismantling the castings and in the actual operation of developing and interpreting the films.

(ii) *Subcontracted inspection.* When inspection is let out by the producer to an independent laboratory there may be added not only the applicable charge for the production cost extra but also the net charge of the independent laboratory plus 10% of such charge.

3. *Magnaflux only*—(a) *Production cost extras.* Regardless of who performs the inspection, whichever of the following percentages of the base price for the rough casting is applicable may be added:

When the purchaser specifies testing at amperage of:	Percent
Up to 600 amperes	15
600 to 1,000 amperes	22½
1,000 to 3,000 amperes	30

(b) *Inspection extras*—(1) *Inspection by the producer.* When inspection is made by the producer there may be added not only the charge for the production cost extra but also a charge based on the "time required" to make the inspection computed on the basis of the following:

Amperage of testing:	Hourly rate
Up to 1,000 amperes	$7.50
1,000 to 3,000 amperes	9.00

In no case need said charge be less than a total of $10.00 on one order. "Time required" means the total time consumed in the transportation of the castings to be inspected from the production line or repair point to point of inspection, the setting up of the castings for inspection, the exposure and dismantling of the castings, and the operation of interpreting the magnafluxing.

(ii) *Subcontracted inspection.* When inspection is let out by the producer to an independent laboratory there may be added not only the applicable charge for the production cost extra but also the net charge of the independent laboratory plus 10% of such charge.

4. *Castings subject to rejection by the purchaser on the basis of both radiographic and magnaflux inspection*—(a) *Production cost extras.* Regardless of who makes the inspection, whichever of the applicable charges for the production cost extras in 2 (a) or 3 (a) is higher may be added.

(b) *Inspection extras*—(1) *Inspection by the producer.* When either or both of the radiographic and magnaflux inspections are made by the producer there may be added not only the applicable charge for the production cost extra in (a) of this section 4 but also all of the charges for inspection extras in 2 (b) (1) and 3 (b) (1) which are applicable.

(2) *Subcontracted inspection.* When either or both of the radiographic and magnaflux inspection are let out by the producer to an independent laboratory, there may be added not only the applicable charge for the production cost extra in (a) of this section 4 but also the net charge of the independent laboratory plus 10% of such charge.

c. *Special extras.* Where at the request of the purchaser a producer furnishes services in connection with the sale of steel castings which services are beyond customary foundry practice in the third quarter of 1941 such producer may,[4] in computing his maximum prices, include a charge for such services only if such extra charge is established in the following manner: Such producer shall request the Iron and Steel Branch of the Office of Price Administration, Washington, D. C. in writing to establish an extra. Such request must include (1) a full description of the castings, (2) a statement of the end-use of the castings, (3) the service to be furnished, (4) the estimated cost of furnishing such service, (5) the circumstances under which the service will be furnished, (6) whether it has been furnished in the past and, if so, what charge has been made, (7) the amount of the extra charge requested, and (8) such other information as the producer may wish to submit. Said Iron and Steel Branch shall act on such request within a reasonable time and may take such action on the request as to it seems just and proper. Pending such action the producer may invoice the prices computed on the basis of requested extra charges subject, however, to adjustment in accordance with whatever extra charge is established by said Iron and Steel Branch pursuant to the request. Action taken by the Iron and Steel Branch pursuant to this paragraph shall be in writing.

This amendment shall become effective March 10, 1944.

ARTICLE I—SCOPE AND APPLICATION OF REVISED PROCEDURAL REGULATION NO. 4

SECTION 1.1 *Scope of regulation.* It is the purpose of this regulation to prescribe the procedure used by the Office of Price Administration in the issuance of rationing suspension orders. This regulation does not apply to suspension proceedings before War Price and Rationing Boards or Special Hearing Officers, but Article IV prescribes the procedure on appeal from orders issued in such proceedings.

ARTICLE II—INSTITUTION AND CONDUCT OF PROCEEDINGS

SEC. 2.1 *Institution of proceedings.* A proceeding for the issuance of a suspension order shall be instituted by the service of a notice of hearing upon the respondent not less than seven (7) days before such hearing.

SEC. 2.2 *Notice of hearing.* (a) A notice of any hearing to be held pursuant to this regulation shall be issued by the District Enforcement Attorney. It shall set forth the time and place of hearing, a clear statement of the charges against the respondent with a reference to the particular section of the regulation or order alleged to have been violated, and a statement of the purpose or purposes for which the hearing is to be held. The notice shall also state that a suspension order may be entered by default in case of failure to appear at the hearing.

(b) If the notice of hearing is served at least ten (10) days before the date set for the hearing, the notice may provide that such hearing will be held only if the respondent serves upon the District Enforcement Attorney a request for such hearing and a statement of the general nature of his defense to each of the charges. Such notice shall fix the time for serving the request and statement, which shall be not less than five (5) days after service of notice.

(c) A copy of Revised Procedural Regulation No. 4 shall be attached to the notice of hearing served upon any respondent.

SEC. 2.3 *Conduct of hearing.* (a) Any hearing held pursuant to this regulation shall be conducted by a Hearing Commissioner or by a Presiding Officer designated by the Chief Hearing Commissioner to conduct the hearing. The Hearing Commissioner or Presiding Officer shall preside at the hearing, administer oaths and affirmations, and rule on the admission and exclusion of evidence.

(b) The hearing shall be so conducted as to permit the presentation of evidence and argument to the fullest extent compatible with fair and expeditious determination of the issues raised in the hearing. To this end:

(1) The respondent shall have the right to be represented by counsel of his own choosing.

(2) The Hearing Commissioner or Presiding Officer shall afford reasonable opportunity for cross-examination of witnesses.

(3) All hearings held pursuant to this regulation shall be public.

SEC. 2.4 *Rules of evidence.* The rules of evidence governing civil proceedings in matters not involving trial by jury in the courts of the United States shall govern all hearings: *Provided, however,* That such rules may be relaxed by the Hearing Commissioner or Presiding Officer where the ends of justice will be better served by so doing.

SEC. 2.5 *Appearances.* Any individual respondent may appear for himself; any partner may appear for a partnership if expressly or impliedly authorized to do so; any officer of a corporation or association may appear for such corporation or association. Any respondent may appear by an attorney. No other person may appear for a respondent unless specifically authorized in writing by such respondent. All appearances shall be noted on the record of the proceeding. Appearances of Office of Price Administration employees and former employees in a representative capacity shall be governed by the provisions of Procedural Regulation No. 14.

SEC. 2.6 *Continuance or adjournment of hearing.* The hearing shall be held at the time and place specified by the notice of hearing but the Hearing Commissioner or Presiding Officer may continue or adjourn the hearing to a later date or to a different place. Notice of such adjournment or continuance shall be given either prior to or at the hearing.

SEC. 2.7 *Defaults.* (a) If a respondent fails to appear at a hearing or if he fails to file a request for hearing when such a request is required pursuant to section 2.2 (b), the charges set forth in the notice of hearing may be deemed to be admitted by default, and a hearing need not be held. The District Enforcement Attorney shall, however, present evidence relevant to the determination of the effective period of any suspension order.

(b) At any time within ten (10) days after the service of an order issued after a default, the respondent may file with the Hearing Commissioner a petition for the reopening of the proceedings, setting forth the grounds on which he believes his default should be excused. A copy of such petition shall be served upon the District Enforcement Attorney at or prior to the time of filing. Within three (3) days after such service, the District Enforcement Attorney may file with the Hearing Commissioner affidavits and a brief in opposition, a copy of which shall

be served on the respondent at or prior to the time of filing. The Hearing Commissioner shall grant or deny the petition by order. If the Hearing Commissioner grants the petition, his order shall set aside the order to which the petition is directed and shall set forth the time and place for the hearing.

SEC. 2.8 *Subpoenas.* (a) Any Hearing Commissioner may, upon proper application, issue subpoenas compelling the attendance and testimony of witnesses and the production of evidence at a hearing conducted under this Regulation.

(b) An applicant for a subpoena shall specify the name and address of the witness and the nature of the facts to be proved by him, and, if calling for the production of evidence, shall specify the same with such particularity as will enable it to be identified for purposes of production.

(c) A subpoena may be served by any person, including a party, who is more than 18 years of age. Service of a subpoena upon a person named therein shall be made by delivering a copy thereof to such person and by tendering to him the fee and mileage for one day's attendance. When the subpoena is issued on behalf of the Office of Price Administration, fees and mileage need not be tendered. The verified return of the person making the service shall be proof of service.

SEC. 2.9 *Payment of witness fees and mileage.* Witnesses summoned before a Hearing Commissioner or Presiding Officer at any hearing held pursuant to this regulation shall be paid the same fees and mileage as are paid witnesses in the District Courts of the United States. Witness fees and mileage shall be paid by the party at whose instance the witness appears.

SEC. 2.10 *Contemptuous conduct.* Contemptuous conduct at any hearing shall be ground for exclusion from the hearing. The refusal of a witness to testify or to answer any question which has been ruled to be proper shall, in the discretion of the Hearing Commissioner or Presiding Officer, be grounds for the striking out of all testimony previously given by such witness on related matters.

SEC. 2.11 *Transcript of hearings.* (a) A stenographic report of all hearings shall be taken. The report shall be transcribed only if the transcription is requested by a party to the proceeding or the Hearing Commissioner, or if the case is heard by a Presiding Officer. Any party may obtain a copy of the transcript. The cost of a transcription requested by a respondent shall be borne by such respondent. If the report is transcribed at the request of the Hearing Commissioner or the District Enforcement Attorney, a copy shall be available for inspection by the respondent during business hours at the District Office or such other place as may be designated by the Hearing Commissioner. Argument of counsel shall not be included in the report except at the direction of the Hearing Commissioner or Presiding Officer.

(b) The parties may, by stipulation, agree upon corrections of inaccuracies in the transcript. The Hearing Commissioner or Presiding Officer, whichever presided at the hearing, shall by written findings, resolve any dispute of the parties as to the accuracy of the transcript.

SEC. 2.12 *Presiding Officer's advisory report: service.* (a) A Presiding Officer who has conducted a hearing shall prepare an advisory report, which shall contain findings of fact and conclusions of law, and may contain recommendations with respect to the disposition of the matter.

(b) The advisory report shall be filed with the Hearing Commissioner, and copies thereof shall be served on the respondent and the District Enforcement Attorney.

SEC. 2.13 *Briefs on Presiding Officer's advisory report.* (a) Any party may submit to the Hearing Commissioner a brief in opposition to or in support of the report of the Presiding Officer.

(b) Such briefs shall be filed within five (5) days after the service of the Presiding Officer's report. The brief shall be filed with the Hearing Commissioner and a copy thereof served upon the opposing party at or before the time of filing.

(c) Briefs may be filed after the time prescribed by paragraph (b) of this section only with the permission of the Hearing Commissioner.

SEC. 2.14 *Briefs after hearing before Hearing Commissioner.* The Hearing Commissioner may, upon request of any party to a proceeding conducted by him, permit the filing of briefs or written argument. Such briefs or written argument shall be filed within such time as the Hearing Commissioner may prescribe.

ARTICLE III—ORDERS OF HEARING COMMISSIONERS

SEC. 3.1 *Suspension order of Hearing Commissioner.* (a) If the Hearing Commissioner determines that a respondent has violated a rationing regulation or order he may issue a suspension order.

(b) Any suspension order hereunder, except a consent order issued under section 3.3, shall set forth the findings of fact and conclusions of law upon which it is based and shall contain a statement of the reasons why a suspension order should be issued, unless such findings of fact, conclusions of law and statement of reasons are set forth in an opinion accompanying the order.

(c) If the Hearing Commissioner determines that no suspension order should be issued, he shall issue an order dismissing the proceeding or an admonitory order. The findings of fact, conclusions of law and a statement of the reasons why an order of dismissal or an admonitory order should be issued shall be set forth in the order or in an opinion accompanying the same.

(d) A suspension order under this section may contain such provisions as may be deemed appropriate to make it effective.

SEC. 3.2 *Stay of operation of suspension order.* (a) A Hearing Commissioner may, for good cause, provide in a suspension order that the operation thereof shall be stayed in whole or in part for so long as the respondent shall comply with rationing orders or the conditions set forth in the suspension order.

(b) The District Enforcement Attorney may at any time file an application with the Hearing Commissioner or, in the Hearing Commissioner's absence, with the Chief Hearing Commissioner to have such a stay vacated. Such application shall be served upon the respondent, shall set forth a detailed statement of charges of further violations of a ration order by the respondent, and shall contain affidavits or other proofs of such violations. The application shall contain a statement fixing a time, which shall not be less than seven (7) days after service, within which the respondent may file with the Hearing Commissioner or Chief Hearing Commissioner, as the case may be, answering affidavits, proofs, and written arguments.

(c) The Hearing Commissioner or Chief Hearing Commissioner, as the case may be, may, either upon the written proofs submitted by the parties or upon further hearing ordered by him, enter an order vacating the stay in whole or in part. All proofs submitted and the record of any further hearing shall become part of the record of the original proceeding.

(d) Any Hearing Commissioner may, in an order issued in a suspension proceeding under this regulation, vacate a stay of the operation of a suspension order previously issued against the same respondent.

SEC. 3.3 *Consent order.* If the Hearing Commissioner approves an agreement entered into by the District Enforcement Attorney and a respondent with respect to the terms of a suspension order, he shall issue the order agreed upon, and such order shall have the same force and effect as an order issued under section 3.1 except that no appeal to the Office of the Hearing Administrator may be taken therefrom.

SEC. 3.4 *Application for modification, vacation or further hearing.* (a) The District Enforcement Attorney or a respondent may file with the Hearing Commissioner an application for modification, vacation or further hearing of an order issued by the Hearing Commissioner under section 3.1, from which no appeal is pending. Any application so filed shall be accompanied by proof of service upon the opposing party.

(b) The application may include affidavits or a brief in support thereof, shall state in detail the grounds upon which the order should be modified, vacated or set for re-hearing in accordance with section 3.5.

(c) The opposing party may, within three days of receipt of service of the application, or such longer period as the Hearing Commissioner may allow, file with the Hearing Commissioner a brief and affidavits in opposition to the application.

(d) At any time after the filing of such an application, the Hearing Commissioner may, in his discretion, stay the suspension order to which the application relates, pending determination of the application.

SEC. 3.5 *Order upon application.* (a) A Hearing Commissioner may by order, at any time, save when an appeal is pending or an order has been entered on appeal by the Hearing Administrator, modify or vacate an order issued by him to correct errors of fact or law disclosed by the record. No oral hearing will be held on such application.

(b) At any time after the issuance of a Hearing Commissioner's order or an order on appeal therefrom, except when an appeal is pending, the Hearing Commissioner may set the proceeding for a further hearing upon a showing to his satisfaction:

(1) That the applicant will produce additional material evidence which the applicant could not have produced at the original hearing by the exercise of reasonable diligence, or

(2) That material changes in conditions or circumstances cause the suspension order to be detrimental to the public interest.

(c) A Hearing Commissioner may, at any time, either upon his own motion or upon motion of either party, modify his order to correct a clerical error or omission, or to change the effective dates of the order.

(d) An order may not be modified, vacated, or set for further hearings by the Hearing Commissioner for reasons other than those stated in paragraphs (a), (b), and (c) of this section, unless its affirmatively appears to the Hearing Commissioner that refusal to take such action would be wholly inconsistent with the just and proper disposition of the proceeding.

ARTICLE IV—APPEALS FROM ORDERS OF WAR PRICE AND RATIONING BOARDS OR SPECIAL HEARING OFFICERS

SEC. 4.1 *Appeals from orders of Boards or Special Hearing Officers.* (a) Whenever a right to appeal to a Hearing Commissioner from an order of a War Price and Rationing Board or a Special Hearing Officer is granted by a rationing order or regulation, such appeal may be taken within the time and in the manner prescribed by the rationing order or regulation.

(b) The appeal shall be heard by the Hearing Commissioner or a Presiding Officer and determined by the Hearing Commissioner in the same manner as if it were an original proceeding instituted by a notice of hearing issued under section 2.1.

(c) The Hearing Commissioner may, for good cause shown upon application by the respondent, stay or suspend the operation of an order issued by a War Price and Rationing Board or a Special Hearing Officer pending the hearing and determination of the appeal.

(d) Any order issued by the Hearing Commissioner upon the determination of the appeal shall supersede the order from which the appeal was taken. No appeal may be taken to the Office of the Hearing Administrator from such an order issued by the Hearing Commissioner.

ARTICLE V—APPEALS TO, REVIEW AND HEARING BY HEARING ADMINISTRATOR

SEC. 5.1 *Hearing and order by the Hearing Administrator.* (a) At any time after the service of the notice of hearing and before the service of the order of the Hearing Commissioner, the Hearing Administrator may direct that the proceedings be brought before him.

(b) Notice that the proceedings are to be brought before the Hearing Administrator shall be served upon the District Enforcement Attorney, the respondent and the Hearing Commissioner.

(c) Proceedings brought before the Hearing Administrator shall be conducted in the same manner as if brought before a Hearing Commissioner.

SEC. 5.2 *Petition for reconsideration of order of Hearing Administrator under section 5.1.* (a) Any party may file with the Hearing Administrator a petition for reconsideration of an order issued by the Hearing Administrator under section 5.1.

(b) The petition for reconsideration shall be served and filed in the same manner as a notice of appeal under section 5.4, and such petition shall conform to the requirements for notices of appeal prescribed in section 5.4 (b). The procedures on such petition shall be the same as on an appeal.

SEC. 5.3 *Appeals from orders of Hearing Commissioners.* A respondent or the District Enforcement Attorney may appeal to the office of the Hearing Administrator from any order issued under section 3.1 or section 3.2 (c) other than an order entered by default. A respondent may appeal to the Office of the Hearing Administrator from an order issued under section 2.7, denying a petition to reopen a defaulted proceeding.

SEC. 5.4 *Notice of appeal.* (a) An appeal may be taken by serving a notice of appeal on the Hearing Commissioner and the other party or parties to the proceeding within ten (10) days (or in the case of orders issued in the Territories and Possessions, within thirty (30) days) after service of the order appealed from. A copy of the notice of appeal with proof of such service shall be filed at the Office of the Hearing Administrator, Washington, D. C., within five (5) days after the taking of the appeal. The Hearing Administrator, for good cause shown, may extend the time within which an appeal may be taken.

(b) The notice of appeal shall contain (1) a reference to the findings of fact and conclusions of law, if any, to which exception is taken, (2) a brief statement of the grounds for such exceptions, (3) the modifications proposed with respect to the order appealed from, and (4) a brief statement of the reasons supporting such proposed modifications. The Hearing Administrator may dismiss any appeal if the notice of appeal is deficient in such respects.

(c) The appealing party shall, within ten days after taking the appeal, or such longer period as the Chief Hearing Commissioner shall allow, file in the Office of the Chief Hearing Commissioner the transcript of the stenographic report of the hearing unless the preparation of the transcript was requested by the Hearing Commissioner or the case was heard by a Presiding Officer.

SEC. 5.5 *Stay pending appeal.* The taking of an appeal shall not automatically stay the operation of the order appealed from. A Hearing Commissioner may, however, for good cause shown, upon application of any party, stay or suspend the operation of an order pending the determination of the appeal. A copy of such application shall be served upon the opposing party at or before the time it is filed with the Hearing Commissioner. If the Hearing Commissioner does not act upon such application within three days after filing, or denies such application, the requesting party may apply for a stay to the Office of the Hearing Administrator, Washington, D. C.

SEC. 5.6 *Record on appeal.* The Chief Hearing Commissioner shall, within three (3) days after the receipt of the notice of appeal or the stenographic transcript, whichever is later, send to the Office of the Hearing Administrator the complete record in the case which shall include:

(a) The notice of hearing and proof of service thereof;

(b) The request for hearing, if any, and proof of service thereof;

(c) The transcript of testimony and all exhibits;

(d) The Presiding Officer's report and briefs in support and opposition thereto, if any;

(e) The order of the Hearing Commissioner with proof of service thereof and the accompanying opinion, if any;

(f) The stay order, if any; and

(g) All petitions, applications, or motions filed and orders issued in the proceeding.

SEC. 5.7 *Briefs.* (a) Any party to the appeal may submit to the Office of the Hearing Administrator a brief in support of or in opposition to the order of the Hearing Commissioner.

(b) Two copies of briefs submitted on behalf of an appealing party, together with proof of service of a copy thereof upon the opposing party, shall be filed with the Office of the Hearing Administrator, Washington, D. C., within ten (10) days after the taking of the appeal. Within five (5) days after receipt of a copy of the appealing party's brief, the opposing party shall file two copies of his brief, together with proof of service of a copy thereof, in the Office of the Hearing Administrator. In the case of an appeal from an order issued in a Territory or Possession twenty (20) days shall be added to the times specified for the filing of briefs. Reply briefs will not be allowed except with the permission of the Office of the Hearing Administrator.

(c) Briefs may be filed after the time prescribed by paragraph (b) of this section only with the permission of the Office of the Hearing Administrator.

SEC. 5.8 *Oral argument.* The Hearing Administrator may, upon application or upon his own motion, order that oral agreement be heard before him, the Deputy Hearing Administrator, or any Assistant Hearing Administrator.

SEC. 5.9 *Order on appeal.* (a) The Hearing Administrator may affirm, reverse, or modify the order of the Hearing Commissioner, or remand the proceeding with directions.

(b) Copies of the order on appeal shall be served on the respondent and the District Enforcement Attorney.

(c) The provisions of this section applicable to the Hearing Administrator shall apply to the Deputy Hearing Administrator or any Assistant Hearing Administrator, when either is acting in lieu of the Hearing Administrator pursuant to paragraph (b) of General Order No. 46, as amended.

SEC. 5.10 *Review on initiative of Hearing Administrator.* (a) In neither the District Enforcement Attorney nor the respondent appeals within the time prescribed in section 5.4, the Hearing Administrator may review the case on his own motion. The Hearing Administrator may review, on his own motion, any order issued by a Hearing Commissioner from which an appeal does not lie.

(b) The Hearing Administrator shall initiate a review under paragraph (a) of this section by serving a notice of intention to review on the District Enforcement Attorney and the respondent.

(c) A review proceeding under this section shall be conducted in the same manner as an appeal except that the time of filing briefs shall be computed from the time of service of the notice of intention to review.

ARTICLE VI—MISCELLANEOUS

SEC. 6.1 *Service of papers.* Notices, orders, and other process and papers may be served personally, or by leaving a copy thereof at the residence or during usual business hours at the principal office or place of business of the person to be served, or by registered mail or by telegraph. Service by registered mail or by telegraph is complete upon mailing or upon delivery of the text of the telegram to a telegraph office. The verified return of the person making the service, or where service is by registered mail or telegraph the verified return of the person making the service and the return post office or telegraph receipt shall be proof of service.

SEC. 6.2 *Office hours of Office of Hearing Commissioners and Hearing Administrator: filing.* The Offices of the Hearing Administrator and the Hearing Commissioners shall be open daily from 9 a. m. until 5 p. m. Any person desiring to file papers at any time other than the regular hours stated, may file a written application with the appropriate Hearing Commissioner or the Hearing Administrator, if such papers are to be filed with him, requesting permission therefor. Whenever service is required of papers submitted for filing, proof of such service must accompany the papers.

SEC. 6.3 *Definitions.* As used in this regulation, unless the context otherwise requires, the term:

(a) "Hearing Administrator" means the Hearing Administrator of the Office of Price Administration or any duly designated person temporarily so acting.

(b) "Office of the Hearing Administrator" includes the Hearing Administrator, the Deputy Hearing Administrator, and any Assistant Hearing Administrator of the Office of Price Administration, located at Washington, D. C.

(c) "Hearing Commissioner" means the Chief Hearing Commissioner of the Office of Price Administration for the region in which the proceeding is instituted, or such Hearing Commissioner as may be authorized to determine a proceeding held pursuant to this procedural regulation.

(d) "District Enforcement Attorney" means the Enforcement Attorney of the Office of Price Administration for the District in which the proceeding is instituted or an attorney authorized to act for the District Enforcement Attorney in any proceeding conducted pursuant to this regulation.

(e) "Suspension order" means an order of allocation which regulates or suspends for a period the acquisition, sale, transfer, delivery, or other disposition or use of rationed commodities or facilities, issued against a person who has acted in violation of a ration order or regulation.

(f) "Rationing order or regulation" means any order or regulation of the Office of Price Administration issued pursuant to War Production Board Directive No. 1, as supplemented or amended, or any Directive of the War Food Administrator or the Secretary of Agriculture, or any other delegation of authority conferred by section 2 (a) of the Second War Powers Act.

SEC. 6.4 *Effective date.* This Revised Procedural Regulation No. 4 shall become effective at 12:01 a. m. on April 1, 1944. It governs all proceedings in cases instituted on and after that date. Unless the Hearing Administrator otherwise directs, it shall also govern all future proceedings in cases then pending: *Provided, however,* That the procedure prescribed by Temporary Procedural Regulation No. 4 shall govern review of orders issued prior to March 1, 1943, and the provisions establishing such procedure are continued in effect for this purpose.

Issued this 6th day of March 1944.

PART 1312—LUMBER AND LUMBER PRODUCTS

[MPR 348,[1] Amdt. 39]

CORDWOOD FOR MANUFACTURE OF FELT PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 348 is amended by the addition of Appendix K, Table 3.

TABLE 3

Area.—Part or all of the States of Maryland, West Virginia, Kentucky and Ohio by zones as described below.

Zone 1: The entire State of Maryland and the counties of Pendleton, Grant, Mineral, Hardy, Morgan, Hampshire, Berkeley and Jefferson in West Virginia.

Zone 2: includes West Virginia north of (but not including) the counties of Wayne, Lincoln, Boone, Raleigh, Fayette and Greenbrier, Except the counties of Pendleton, Grant, Mineral, Hardy, Morgan, Hampshire, Berkeley and Jefferson.

Zone 3: includes in West Virginia all counties south of and including the counties of Wayne, Lincoln, Boone, Raleigh, Fayette and Greenbrier.

Zone 4: The entire State of Ohio.

In the State of Kentucky all counties north of and including the counties of Jefferson, Spencer, Anderson, Woodford, Jessamine, Fayette, Clark, Powell, Wolfe, Breathitt, Knott, Floyd and Martin.

Zone 5: The entire State of Indiana. The entire State of Illinois.

The entire State of Missouri.

In the State of Kentucky, all counties south of and including the counties of Bullitt, Nelson, Washington, Mercer, Garrard, Madison, Estill, Lee, Owsley, Perry, Letcher and Pike.

Species. All species of pine and hardwoods suitable for the manufacture of roofing felt and other felt products.

Scaling and grading rules. The basis for measurement shall be the standard cord containing 128 cubic feet. (For units of other sizes, see conversion table at beginning of Appendix K.)

Logs shall be cut into four or five-foot lengths as specified by the buyer and must be 4 inches and over in diameter. The maximum prices set forth below are for sound wood of standard quality. All trade practices and customs with respect to allowances for culls, for firekills, or for defective wood of any kind must be observed.

"Dealer's" definition. A "dealer" means any person who sells to consumers pine or hardwood cordwood suitable for the manufacture of roofing felt or other felt products which wood is not cut or prepared by the dealer but purchased by him in the condition in which it is to be delivered to the consumer.

"Banked wood" definition. "Banked wood" means wood which has been stored temporarily at a shipping point at the request of the buyer.

Maximum prices—Zone 1: $9.00 per cord f. o. b. rail cars or banked at a barge landing. When loaded on barges by or at the expense of the seller, add $1.00 per cord. When delivered to the consuming mill by truck, add $2.40 per cord to the f. o. b. rail cars price.

Zone 2: $8.80 per cord f. o. b. rail cars. When delivered to the consuming mill by truck add $2.40 per cord to f. o. b. rail cars price.

Zone 3: $8.00 per cord f. o. b. rail cars or delivered to mill by truck.

Zone 4: $7.60 per cord f. o. b. cars. When delivered to the consuming mill by truck, add $2.00 per cord to f. o. b. cars price.

Zone 5:	*Per cord f. o. b. cars*
Rough pine	$6.80
Peeled pine	9.50
Rough hardwood	7.30
Peeled hardwood	10.00

If wood is banked at a rail siding at the buyer's request and is later loaded on the railway car at the seller's expense, an amount not in excess of 80 cents per cord may be added to the maximum price.

If wood is delivered to the mill by truck, the buyer and seller shall determine the total distance that wood has been hauled as well as the distance from the wood cutting operations to the nearest rail shipping point. The buyer may then add 5 cents per cord of 128 cubic feet for each load mile that the wood is hauled in excess of the distance to the nearest rail shipping point. (Thus if wood is hauled 30 miles to a mill from a zone

of operations which is 10 miles from a rail siding, the buyer may pay a trucking addition for the distance in excess of the distance to the rail siding or for 20 miles).

Deduction for non-delivery at points specified, all zones. When not delivered to the delivery points specified above, deduct from the f. o. b. rail cars price actual cost incurred by buyer in transporting and loading on rail cars or deduct from the delivered to mill prices the actual cost incurred by the buyer in delivering to the mill.

Dealer's Commission. When sold to a consumer by a dealer as defined above, add as follows:

Zone 1: 80 cents per cord.
Zone 2: 80 cents per cord.
Zone 3: 80 cents per cord.
Zone 4: 80 cents per cord.
Zone 5: In the States of Missouri, Illinois and Indiana, $1.00 per cord, in Kentucky $0.50 per cord.

This amendment shall become effective March 11, 1944.

PART 1351—FOOD AND FOOD PRODUCTS

[MPR 421,[1] Amdt. 7]

WHOLESALE FOODS; MARINE PROVISIONERS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 421 is amended in the following respects:

1. Section 2 (a) is amended to read as follows:

(a) *What wholesalers are covered.* Your business is classified under this regulation if, prior to the effective date of the regulation you were and still are a wholesaler, the larger part of whose food sales are of food products which you purchase for resale and distribute from your warehouse without materially changing their form, to independent retail stores, or to commercial, industrial or institutional users. This regulation does not apply, however, to "wagon wholesalers" or "flour jobbers."

2. Section 2 (b) (4) is amended to read as follows:

(4) *Class 4; institutional wholesaler.* You are an institutional wholesaler if you are not in Class 1 and the larger part of your food sales were, prior to the effective date of this regulation, and still are made to commercial, industrial or institutional users. For the purposes of this regulation "marine provisioners" shall be considered institutional wholesalers. (If you do business in more than one of the ways outlined above, see sections 17, 18, 19, and 20.)

3. Section 13 (c) is added to read as follows:

(c) On and after March 13, 1944, "marine provisioners" are made subject to this regulation. If you are a "marine provisioner", you must, by the opening of business on March 13, 1944, have figured your ceiling price in accordance with sections 3 and 4 for items which you have in stock at that time. For items which you do not have in stock at that time, you must figure your ceiling price in accordance with section 5. However, in doing so, you must substitute the date March 13, 1944, for the date August 5, 1943, whenever it appears in sections 3, 4 and 5.

4. Section 30 (f) is amended to read as follows:

(f) *"Marine provisioners".* A "marine provisioner" is a person, the larger part of whose food sales are of food products which he purchases for resale and distributes from a warehouse, without materially changing their form, to boat and steamship companies and ship operators for the provisioning of boats and ships, with delivery from shore locations by the use of truck or launch facilities.

This amendment shall become effective March 13, 1944.

PART 1351—FOOD AND FOOD PRODUCTS

[RMPR 291,[1] Amdt. 3]

CERTAIN SYRUPS AND MOLASSES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation 291 is amended in the following respect.

1. Section 2 (g) is added to read as follows:

(g) Customary differentials for sales of larger or smaller quantities than those for which maximum prices are specified in this regulation or for classes of purchasers other than those specified shall be continued.

2. Section 7 (c) (1) is amended to read as follows:

(1) Packers' maximum prices for country cane syrup delivered to the customary receiving point of the buyer in the southern zone shall be as follows:

$5.16 per case of 6 No. 10 cans.
$5.41 per case of 12 No. 5 cans.
$5.06 per case of 24 No. 2½ cans.
$6.13 per case of 48 No. 1½ cans.
$4.16 per case of 24 No. 2 cans.
$3.11 per case of 24 No. 1½ cans.

The "southern zone" includes the states of Georgia, Alabama, Florida, North Carolina and South Carolina. "Delivered to the customary receiving point" means delivered to the place where the particular buyer has customarily received the syrup. The prices named include all transportation to that point. In each case the amount paid by the buyer for transportation plus the amount paid by the buyer to the seller shall not exceed the applicable maximum price for delivery at that point. In cases where the seller is dealing with the buyer for the first time after the effective date of this regulation, "delivered to the customary receiving point" means delivery to the buyers' place of business.

3. Section 7 (c) (2) is amended by deleting the word "'commercial" which follows the word "carload" and precedes the word "lots".

4. The introductory text of section 9 (a) is amended to read as follows:

(a) *Procedure for calculating maximum prices.* A person shall calculate his maximum price for an item of syrup or molasses, prices for which are specified as packed in tin cans in this regulation when packed in containers other than tin cans in the following manner:

5. Section 19 is amended by deleting the word "before" which follows the word "or" and precedes the word "the" and inserting in its place the word "after".

This amendment shall become effective March 11, 1944.

(56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681)

PART 1366—USED CONSUMER DURABLE GOODS

[MPR 516]

USED PHOTOGRAPHIC EQUIPMENT

In the judgment of the Price Administrator, the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Order Nos. 9250 and 9328. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

§ 1366.3 *Maximum prices for used photographic equipment.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Order Nos. 9250 and 9328, Maximum Price Regulation No. 516 (Used Photographic Equipment) which is annexed hereto and made a part hereof is hereby issued.

AUTHORITY: § 1366.3 issued under 56 Stat. 23, 765, Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7671; E.O. 9328, 8 F.R. 4681.

ARTICLE I—PROHIBITIONS AND SCOPE OF REGULATION

SECTION 1. *What to look for in this regulation.* This regulation fixes retail ceiling prices for sales of all used photographic equipment. For the purpose of this regulation, used photographic equipment is divided into two classes, Class I and Class II. An item of used photographic equipment is a Class I item if (a) no part is missing which is necessary to make it fully useful and (b) it is in good working condition and can be used by the consumer for the purpose intended without further repairs. An item of used photographic equipment is a Class II item if it is not in Class I.

This regulation covers only used photographic equipment. It does not cover goods which have been sold new and which have been returned to the original seller who has refunded to the buyer the full purchase price. Sales at wholesale are still covered by the General Maximum Price Regulation.[1]

This regulation covers all sales to consumers of used photographic equipment by any person to any other person including sales by consumers who are selling their own photographic equipment to other consumers, as well as sales at auction. Photographic equipment among other things, includes lenses, still cameras, movie cameras, movie projectors, enlargers, exposure meters, still film projectors, movie titlers and editors, photographic lighting equipment (floodlights, spotlights, etc., stands and reflectors), developing and printing equipment, projection screens, and accessories designed for use with any of the foregoing.

SEC. 2. *Relation to the General Maximum Price Regulation.* This regulation, after its effective date, takes the place of the General Maximum Price Regulation for sales and deliveries of articles covered by this regulation.

SEC. 3. *Sales of used photographic equipment at higher than ceiling prices prohibited.* On and after April 6, 1944, regardless of any contract or other obligation, no person may sell or deliver to consumers any item of used photographic equipment at prices higher than the ceiling prices fixed by this regulation; nor may any person other than a consumer selling his own photographic equipment sell or deliver such photographic equipment unless the tag required by section 10 of this regulation is attached thereto. No person may offer, solicit, attempt, or agree to do any of the foregoing.

Prices lower than the ceiling prices may be charged, demanded, paid or offered.

ARTICLE II—MAXIMUM PRICES AND TERMS OF SALE

SEC. 4. *Dollars-and-cents ceiling prices for certain specified used photographic equipment.* The following specified models of used photographic equipment have the dollars-and-cents ceiling prices established by this section. If any item of used photographic equipment is not listed in this section, your ceiling price for it must be determined by section 5 of this regulation.

SEC. 5. *How to determine your ceiling price for items of used photographic equipment not listed in section 4.* The ceiling price for all items of used photographic equipment except those listed in section 4 shall be determined in the following manner:

(a) First, you must find the price of a new article (which is the same as or similar to, the used article which you are pricing) according to the rules in section 6.

(b) Second, you must find the class in which the used photographic equipment belongs. (Class I or Class II, see section 1.)

(c) You then find your ceiling price which is either three-quarters or one-third of the price of the new article, depending upon the class in which the used item of photographic equipment you are pricing belongs.

SEC. 6. *How to find the price of the new item.* If you are a dealer in used photographic equipment, you find the price of the new item of photographic equipment by using these rules in the order in which they appear. If you are a consumer selling your own equipment to a consumer, you may not use rules 1, 2 or 3 but may only use rules 4, 5 and 6.

(a) *Rule 1.* Find the retail selling price in March 1942 for the same article, new, for sale in your own stock.

(b) *Rule 2.* If you did not have the same item of photographic equipment, new in your stock, find the manufacturer's retail list price in effect in March 1942 for the same item new.

(c) *Rule 3.* If you did not have the same item of photographic equipment new in your stock, and if there is no manufacturer's retail list price for the item, find the retail ceiling price of a similar item, new in your own stock. A used item of photographic equipment is similar to a new item if the used item when new would give fairly equivalent service and would have sold at approximately the same price as the similar article now sells for.

(d) *Rule 4.* If you do not have a similar article new in your own stock or if you are a consumer selling your own equipment, find the retail selling price in March 1942 for the same item new in the same shopping area. (Shopping area is the area in which persons in your community shop for new goods of the kind that you are pricing.)

(e) *Rule 5.* If the same article new was not for sale in the same shopping area, find the retail selling price in March 1942 of a similar item new for sale in the same shopping area. The used item of photographic equipment is similar to the new item if the used item when new would give fairly equivalent service and would have sold for approximately the same price as the similar new item now sells for.

(f) *Rule 6.* If you cannot find the retail selling price under any of these rules above, apply to your nearest District Office of the Office of Price Administration regarding the determination of your price.

Remember that if you can find the price of a new item in Rule 1, you cannot use Rules 2, 3, 4, 5, and 6. If you can use Rule 2, you cannot use Rules 3, 4, 5, and 6. If you can use 3, you cannot use 4, 5, or 6. If you can use Rule 4, you cannot use 5 or 6.

Any Regional Office of the Office of Price Administration or such other offices as may be authorized by the appropriate regional office, may establish retail ceiling prices for used photographic equipment pursuant to Rule 6 of this section.

SEC. 7. *How to find the ceiling price for each class.* The ceiling price for any item of used photographic equipment except those listed in section 4 of this regulation shall be no more than:

Class I—¾ (75%) of new
Class II—⅓ (33⅓%) of new

Example for Class I. If the selling price of a new item of photographic equipment is $40, you determine the ceiling price of the used item by multiplying $40 by 3 and dividing the result by 4; 3 times $40 is $120; $120 divided by 4 is $30; $30 is the ceiling price for the Class I used item of photographic equipment.

Example for Class II. The selling price of the new item of photographic equipment is $30. To determine the ceiling price of the used item, you divide the $30 by 3; $30 divided by 3 is $10. This is the ceiling price for the Class II used item of photographic equipment.

SEC. 8. *Guarantee.* If you are selling to a consumer any used item of photographic equipment which is sold as a Class I item, you shall furnish the buyer with a written guarantee. This requirement applies, whether you are a dealer or a consumer. The guarantee shall provide that for at least 30 days from the date of purchase, any part or workmanship which proves defective will be replaced or corrected without charge for labor or material.

You may not sell any item of used photographic equipment as a Class I item unless you also furnish the buyer with the above guarantee. If the above guarantee is not furnished the ceiling price of the item of used photographic equipment is the Class II price.

SEC. 9. *Credit charges.* Credit charges for the extension of credit may be added to the retail ceiling prices established by this regulation only to the extent permitted by this section.

(a) Sellers who in March 1942 collected a separately stated additional charge for the extension of credit on sales of used photographic equipment or similar types of articles, may collect a charge for the extension of credit on sales under this regulation, not exceeding such charge in March 1942 on a similar sale on similar terms to the same class of purchaser. Sellers who did not so state and collect an additional charge may collect a charge for the extension of credit only on installment-plan sales; and the charge shall not exceed the separately stated additional charge collected for the extension of credit on a similar sale on similar terms to the same class of purchaser in March 1942 by the seller's closest competitor who made such a separately stated charge.

An installment-plan sale as used in the above paragraph means a sale where the unpaid balance is to be paid in installments over a period of either (1) six weeks or more from the date of sale in the case of weekly installments, or (2) eight weeks or more in the case of other than weekly installments.

(b) All charges for the extension of credit shall be quoted and stated separately. Any charge which is not quoted and stated separately or which otherwise does not conform to this section, shall for the purposes of this regulation, be considered to be part of the price charged for the article sold.

(c) No seller may require as a condition of sale that the purchaser must buy on credit.

SEC. 10. *Tagging.* If you are a dealer in photographic equipment, you may not sell any item of used photographic equipment for which a maximum price of $5.00 or more is established by this regulation, unless the appropriate tag or label described below is attached. A

consumer selling his own used photographic equipment need not tag such items. The tag or label must not be removed before delivery to the purchaser. The tag shall be a durable one and contain in easily readable lettering a statement in the following form, with the blanks properly filled in:

Name of article_____
Lens_____
OPA retail ceiling price_____
Selling price_____
Do not detach

SEC. 11. *Area adjustments.* Any Regional Office of the Office of Price Administration or such other office as may be authorized by the proper regional office, may by order adjust the ceiling prices for sales of used photographic equipment in any trading area or community within its jurisdiction if it is found that:

(a) The level of ceiling prices established by this regulation is substantially below the level of prices for used photographic equipment charged in the same community or trading area during March 1942.

(b) Such an adjustment will not create or tend to create a shortage of used photographic equipment in another community or trading area.

Until the ceiling prices are adjusted by order, the ceiling prices are the prices fixed by this regulation.

ARTICLE III—MISCELLANEOUS

SEC. 12. *Taxes.* Any tax upon or incident to the sale of any item of used photographic equipment imposed by any statute of the United States or statute or ordinance of any state or subdivision thereof may be added to the ceiling prices established by this regulation, if the tax is quoted and billed separately.

SEC. 13. (a) *Sales slips or receipts and records.* If you have customarily given a customer a sales slip, receipt, or similar evidence of purchase, you shall continue to do so. Upon request, regardless of previous custom, you shall give a receipt showing the date, your name and address, a list of the articles sold and the prices paid, kind and amount of any additional charges, and the name and address of the customer.

(b) *Records.* If you sell an item of used photographic equipment in the course of trade or business, you shall keep, and make available for examination by the Office of Price Administration, your customary records of the transaction.

SEC. 14. *Evasion and enforcement*—(a) *Evasion.* You must not evade any of the provisions of this regulation by any scheme or device or by any practice which has the effect of getting a higher-than-ceiling price. This applies to devices making use of exchanges, "trade-ins", commissions, transportation agreements, tying agreements, trade understandings and similar practices.

(b) *Enforcement.* On and after April 6, 1944, you are subject to the criminal penalties, civil enforcement actions license suspension proceedings and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended, if you violate any provision of this regulation.

SEC. 15. *Licensing.* The provisions of Licensing Order No. 1,[2] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 16. *Petitions for amendment.* You may seek a change in this Maximum Price Regulation No. 516 by filing a petition for amendment in accordance with the rules outlined in Revised Procedural Regulation No. 1, issued by the Office of Price Administration.

SEC. 17. *Geographical coverage of this regulation.* The provisions of this regulation apply to the forty-eight states and the District of Columbia.

This regulation shall become effective April 6, 1944.

NOTE: The record-keeping provisions of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 6th day of March 1944.

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[Rev. RO 13,[3] Amdt. 14]

PROCESSED FOODS

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Revised Ration Order 13 is amended in the following respects:

1. Section 4.10 (a) is amended to read as follows:

(a) Whenever an item is added to the list of processed foods at the beginning of a reporting period, a wholesaler's maximum allowable inventory for the next four reporting periods (beginning with the period in which the item was added) is adjusted by adding to his maximum allowable inventory of processed foods the figure determined in the following way:

(1) The amount of that item which he sold or transferred during the reporting period preceding the period in which the item was added (less returns of that item during such period) is multiplied by the point value assigned to that item when it was added;

(2) The resulting figure is multiplied by the wholesale factor fixed for the reporting period in which the adjustment is made.

2. The first sentence of section 4.10 (b) is deleted and the following two sentences are substituted therefor:

(b) Whenever a wholesaler adjusts his maximum allowable inventory as described in paragraph (a) of this section, he must attach to each report in which the adjustment is made, a statement that the adjustment is made because of the addition of the item to the list of processed foods. Moreover, he must attach to his report for the period in which the item was added a statement showing:

This amendment shall become effective March 10, 1944.

PART 1427—MAGNESIUM

[MPR 314,[1] Amdt. 8]

MAGNESIUM AND MAGNESIUM ALLOY INGOT

A statement of the considerations involved in the issuance of this Amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 1427.51a is added to Maximum Price Regulation No. 314 to read as follows:

§ 1427.51a *Maximum prices for magnesium powder, magnesium dust and similar materials*—(a) *Commodities covered.* This section establishes maximum prices for magnesium powder, magnesium dust, and similar forms of magnesium whether sold as such or combined or mixed with oil, asphalt or other materials.

(b) *Maximum prices.* (1) A seller's maximum price for any commodity covered by this section shall be the highest net price charged by him for the same commodity on a delivery made during March 1942 to a purchaser of the same class.

(2) If no such delivery was made by the seller during March 1942 the seller's maximum price shall be his highest net offering price for delivery of the same commodity during March 1942, to a purchaser of the same class.

(3) Whenever any seller is unable to determine his maximum price under subparagraphs (1) and (2) above for any commodity covered by this section, his maximum price shall be determined as follows:

(i) If his maximum price for that commodity was determined prior to March 11, 1944 in accordance with the provisions of the General Maximum Price Regulation or if a maximum price for that commodity has been approved by the Office of Price Administration, that price shall be the seller's maximum price for that commodity.

[1] 8 F.R. 1367, 2040, 2184, 7106, 10067, 17296.

In so far as possible, the price submitted for approval shall be a price in line with other maximum prices established under this regulation.

Pending action by the Office of Price Administration on prices submitted for approval under this paragraph (b) (3) (ii), any such seller may sell or deliver and any person may buy, offer to buy or receive from such seller any such commodity at the price submitted for approval. If, however, the price submitted is disapproved the selling price shall be revised downward to the maximum price which shall be approved and any payment made in excess of the price so approved may be required to be refunded to the buyer within fifteen days after the date of the order establishing such revised price: *Provided*, That the price submitted by the seller for approval shall be deemed to be approved unless the Office of Price Administration specifically disapproves such price and establishes an approved price within fifteen days from the date on which the price submitted is received by the Office of Price Administration, or if further information is requested from the seller within such fifteen-day period, then within fifteen days from the date on which all such information is received by the Office of Price Administration. A price once approved shall thereafter be subject to adjustment (not to apply retroactively) by order issued by the Administrator.

When filing such a price with the Office of Price Administration, the seller shall set forth, in addition to the net price, his list price, and all discounts, allowances and differentials for all classes of buyers, a description and identification of the commodity, a statement of facts differentiating such commodity from the other commodities sold by the seller, a statement showing how the proposed price was determined, and a description of the use or uses for which the commodity is to be produced.

(c) *Relation of this § 1427.51a to other sections in Maximum Price Regulation No. 314.* (1) Section 1427.51 shall not apply to the commodities covered by this § 1427.51a.

(2) All other sections in Maximum Price Regulation No. 314 shall apply to the commodities covered by this § 1427.51a and any reference in those sections to magnesium and magnesium alloy ingot shall be deemed to refer also to the commodities covered by this § 1427.51a.

This amendment shall become effective March 11, 1944.

NOTE: All record-keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 6th day of March 1944.

CHESTER BOWLES,
Administrator.

PART 1499—COMMODITIES AND SERVICES

[RSR 15 to GMPR, Amdt. 21]

PLUG CHEWING TOBACCO

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 1499.75 (a) is amended by adding a subparagraph to read as follows:

(13) *Plug chewing tobacco.* Any manufacturer of plug chewing tobacco may apply for adjustment of his maximum prices if it can be shown that such maximum prices subject him to substantial hardship in that:

(i) His over-all net profits for 1943 before all taxes on income are less than his average over-all net profits before such taxes during the period 1936–1939, inclusive; and

(ii) His maximum prices are less than the total of his costs of manufacturing and selling the plug chewing tobacco during the last 6-month period in 1943; and

(iii) There is no adequate alternative to the requested price adjustment, such as a reduction of his other operating costs.

Applications for adjustment under this subparagraph (13) shall contain the following information:

(*a*) Present and requested maximum prices.

(*b*) Description of applicant's business, including a list by major groups of all commodities manufactured.

(*c*) For 1943 a statement showing separately for plug chewing tobacco and the total of all other commodities manufactured, the net dollar sales volume before and after deduction of excise taxes.

(*d*) Total dollar manufacturing and selling costs of applicant's plug chewing tobacco operations during each 6-month period of 1942 and 1943, number of pounds of plug chewing tobacco produced and number of pounds of such tobacco sold during each such period, and a brief explanation of all expenses and cost increases during each such period.

(*e*) Annual profit and loss statements prepared according to the applicant's usual system of accounts, for 1936 to 1939, inclusive, and for 1943, unless such data have already been made available to the Office of Price Administration.

Any adjustment made may establish as the maximum price for the plug chewing tobacco a price approximating an adjustment, the Office of Price Administration may also adjust the maximum prices of purchasers for resale.

The Office of Price Administration may authorize or deny by order the maximum prices requested. The authorization so granted may be revoked at any time by the Price Administrator.

This amendment shall become effective March 11, 1944.

*Copies may be obtained from the Office of Price Administration.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Chapter I—Coast Guard, Department of the Navy

PART 8—REGULATIONS, UNITED STATES COAST GUARD RESERVE

AVIATOR DESIGNATIONS

The regulations, United States Coast Guard Reserve, 1941 (33 CFR, 1941 Supp., Ch. 1, Part 8) as amended (8 F.R. 14857), are hereby further amended to read as follows:

§ 8.1612 *Coast Guard aviator designations.* Aviation designations of reservists shall be made by the Commandant. A commissioned, chief warrant, or warrant officer who has satisfactorily qualified may be designated a student Coast Guard aviator, a Coast Guard aviator, a student Coast Guard aviation observer, or a Coast Guard aviation observer. An enlisted person may be designated a student Coast Guard aviation pilot or a Coast Guard aviation pilot. The Commandant will issue the reservists concerned a certificate of designation. (39 Stat. 601; 14 U.S.C. 29, 55 Stat. 9, 14 U.S.C. Sup., Chapter 9; secs. 1, 2, 7, 55 Stat. 759, 760; 34 U.S.C., Sup., 841a, 841g)

§ 8.1612a *Coast Guard student aviation pilots.* A regular enlisted member of the Coast Guard Reserve may be designated as a Coast Guard student aviation pilot only if he has made application for flight training leading to designation as aviation pilot and if the Commandant finds that he is physically and psychologically qualified for flight training, that he has been recommended for such flight training by his commanding officer, and that he has complied with such other supplementary requirements as the Chief Personnel Officer may make for the good

To be designated as a Coast Guard aviation pilot, a Coast Guard student aviation pilot must successfully complete the prescribed flight training for student aviation pilots. (Sec. 2, 7, 55 Stat. 759, 760; 34 U.S.C., Sup., 841b, 841g)

§ 8.1612c *Confirmation of previous designations.* Any designation as Coast Guard student aviation pilot or as Coast Guard aviation pilot issued by the Commandant to an enlisted reservist on or after 5 November, 1941, is hereby confirmed and all such designations are adopted under these Regulations for all purposes and shall be effective as of the date specified thereon. (Secs. 1, 7, 55 Stat. 759, 760; 34 U.S.C., Sup. 841a, 841g).

§ 8.1612d *Free Government life insurance.* The Commandant shall take such steps as may be necessary to arrange for the issuance of insurance and payment therefore, in accordance with section 6 of the act of 5 November, 1941, Ch. 468, 55 Stat. 760, to the enlisted personnel of the Coast Guard Reserve designated as Coast Guard student aviation pilots or as Coast Guard aviation pilots under these regulations, as amended, including those confirmed in such designations by § 8.1612c hereof. Upon consideration of the following applications which were filed by Panhandle Eastern Pipe Line Company ("Applicant") for certificates of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended:

(a) Application filed December 10, 1942 (Docket No. G–437) for authority to construct and operate a 2-inch natural-gas transmission pipe line approximately 1¼ miles in length, extending from a point on Applicant's Michigan West Line in Calhoun County, Michigan, in a northerly direction to the city limits of Albion, Michigan, and appurtenant facilities necessary for the operation of the line, and for the transportation and sale of natural gas to The Albion Gas Light Company for distribution and resale in the city of Albion; and

(b) Application filed January 28, 1944 (Docket No. G–521) for authority to construct and operate a 3½ inch natural-gas transmission pipe line, approximately 2.7 miles in length, extending in a northeasterly direction from a point on Applicant's Michigan West Line in Calhoun County, Michigan, to a point near the city limits of Albion, Michigan, and appurtenant facilities necessary for the operation of the line, in order to transport and deliver natural gas to the Albion Malleable Iron Company in the city of Albion, Michigan; and

It appearing to the Commission that:

(1) The Commission, by its order adopted March 27, 1943, in the Matter of Panhandle Eastern Pipe Line Company, Docket No. G–437, issued a temporary certificate of public convenience and necessity to Applicant authorizing the construction and operation of the facilities described in paragraph (a) above;

(2) On February 18, 1944, The Albion Gas Light Company filed a petition in opposition to the proposed construction and operation referred to in paragraph (b) above, requesting that it be permitted to intervene in Docket No. G–521;

(3) The Commission, by its order adopted this day has permitted The Albion Gas Light Company to intervene in these proceedings;

(4) The above-entitled proceedings may involve substantially similar issues and facts;

(5) Good cause exists for consolidating the above proceedings for purposes of hearing;

The Commission orders that:

(A) The above-entitled proceedings be and they are hereby consolidated for purposes of hearing;

(B) A public hearing be held, commencing on March 24, 1944, at 9:45 a. m., in the Hearing Room of the Federal Power Commission, Hurley-Wright Building, 1800 Pennsylvania Avenue, NW., Washington, D. C., respecting the matters involved and the issues presented in these proceedings;

(C) Interested State Commissions may participate in this hearing as provided in § 67.4 of the Provisional Rules of Practice and Regulations under the Natural Gas Act.

By the Commission.

[S.O. 164, 3d Amended Gen. Permit 9]

REFRIGERATION OF CITRUS FRUITS IN DESIGNATED CITIES AND STATES

Pursuant to the authority vested in me by paragraph (g) of the first ordering paragraph (§ 95.323, 8 F.R. 15491) of Service Order No. 164 of November 10, 1943, permission is granted for any common carrier by railroad subject to the Interstate Commerce Act:

To reice once in transit to full bunker capacity at any point in the States of Arizona, Arkansas, Louisiana, New Mexico, Oklahoma, Texas, Kansas, or Missouri or at East St. Louis, Illinois, Council Bluffs, Iowa, Memphis, Tennessee, or Jackson, Mississippi, refrigerator cars loaded with citrus fruits originating in Arizona, California and Texas. This reicing shall be in addition to the replenishing service at the first regular icing station, provided in Amended General Permit No. 6 Under Service Order No. 164.

The waybills shall show reference to this general permit.

This permit shall become effective at 12:01 a. m., March 8, 1944, and shall expire at 12:01 a. m., April 1, 1944.

A copy of this permit has been served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and notice of this permit shall be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

Issued at Washington, D. C., this 2d day of March 1944.

[Supp. Order ODT 3, Rev. 180]

COMMON CARRIERS

COORDINATED OPERATIONS BETWEEN MIDLAND AND SAGINAW, MICH.

Upon consideration of a plan for joint action filed with the Office of Defense Transportation by the persons named in Appendix 1 hereof to facilitate compliance with the requirements and purposes of General Order ODT 3, Revised, as amended, (7 F.R. 5445, 6689, 7694; 8 F.R. 4660, 14582; 9 F.R. 947) a copy of which plan is attached hereto as Appendix 2,[1] and

It appearing that the proposed coordination of operations is necessary in order to assure maximum utilization of the facilities, services, and equipment, and to conserve and providently utilize vital equipment, materials, and supplies, of the carriers, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered*, That:

1. The plan for joint action above referred to is hereby approved and the carriers are directed to put the plan in operation forthwith, subject to the following provisions, which shall supersede any provisions of such plan that are in conflict therewith.

2. Each of the carriers forthwith shall file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rates, charges, operations, rules, regulations, and practices of the carrier which may be necessary to accord with the provisions of this order and of such plan; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

3. Whenever transportation service is performed by one carrier in lieu of service by another carrier, by reason of a diversion, exchange, pooling, or similar act made or performed pursuant to the plan for joint action hereby approved, the rates, charges, rules, and regulations governing such service shall be those that would have applied except for such diversion, exchange, pooling, or other act.

4. The provisions of this order shall not be so construed or applied as to require any carrier subject hereto to perform any service beyond its transportation capacity, or to authorize or require any act or omission which is in violation of any law or regulation, or to permit any carrier or alter its legal liability to any shipper. In the event that compliance with any term of this order, or effectuation of any provision of such plan, would conflict with, or would not be authorized under, the existing interstate or intrastate operating authority of any carrier subject hereto, such carrier forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the carriers' possessing or obtaining the requisite operating authority.

5. All records of the carriers pertaining to any transportation performed pursuant to this order and to the provisions of such plan shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

6. The plan for joint action hereby approved and all contractual arrangements made by the carriers to effectuate the plan shall not continue in operation beyond the effective period of this order.

7. Communications concerning this order should refer to it by the supplementary order number which appears in the caption hereof, and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C.

This order shall become effective March 8, 1944, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 4th day of March 1944.

COORDINATED OPERATIONS IN THE TULSA, OKLA., AREA

Upon consideration of a plan for joint action filed with the Office of Defense Transportation by the persons named in Appendix 1 hereof (hereinafter called "operators") pursuant to General Order ODT 20A (8 F.R. 9231), a copy of which plan is attached hereto as Appendix 2,[1] and it appearing that the operators propose, by the plan, to coordinate their taxicab operations within the area of Tulsa, Oklahoma, so as to assure maximum utilization of their facilities, services and equipment, and to conserve and providently utilize vital equipment, materials and supplies, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered*, That:

1. The plan for joint action above referred to is hereby approved with the exception of section 4, paragraphs (e) and (l) which are disapproved. The operators are directed to place the plan, to the extent it is approved, into operation forthwith, subject to the following provisions, which shall supersede any provisions of such plan that are in conflict therewith.

2. No supervisor, checker or other person employed by the operators shall use coercive methods in effectuating compliance with the plan, and such supervisor, checker or other person shall report to the Office of Defense Transportation all violations of orders issued by the Office of Defense Transportation applicable to taxicab operations and all failures to comply with the plan that may be observed by them. No operator participating in the plan shall be denied or refused further participation without the prior approval of the Office of Defense Transportation.

3. The provisions of this order shall not be construed or applied as to permit any operator named herein to alter his legal liability to any passenger. In the event that compliance with any term of this order, or effectuation of any provision of such plan, would conflict with, or would not be authorized under, the existing operating authority of any operator named herein, such operator forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the operators possessing or obtaining the requisite operating authority.

4. All records of the operators pertaining to any transportation performed pursuant to this order and to the provisions of such plan shall be kept available for examination with inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

5. The plan for joint action hereby approved and all contractual arrangements made by the operators to effectuate the plan shall not continue in operation beyond the effective period of this order.

6. Any operator duly authorized or permitted to operate taxicabs within the area herein described and having suitable equipment and facilities therefor, may make application in writing to the Division of Motor Transport, Office of Defense Transportation, Tulsa, Oklahoma, for authorization to participate in the plan. A copy of each such application shall be served upon each of the operators named in this order. Upon receiving authorization to participate in the plan, each such operator shall become subject to this order and shall thereupon be entitled and required to participate in the plan in accordance with all of the provisions and conditions of this order, in the same manner and degree as the operators named herein.

No operator participating in the plan shall be denied or refused further participation without the prior approval of the Office of Defense Transportation.

3. The provisions of this order shall not be construed or applied as to permit any operator named herein to alter his legal liability to any passenger. In the event that compliance with any term of this order, or effectuation of any provision of such plan, would conflict with, or would not be authorized under, the existing operating authority of any operator named herein, such operator forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the operators possessing or obtaining the requisite operating authority.

4. All records of the operators pertaining to any transportation performed pursuant to this order and to the provisions of such plan shall be kept available for examination with inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

5. The plan for joint action hereby approved and all contractual arrangements made by the operators to effectuate the plan shall not continue in operation beyond the effective period of this order.

6. Any operator duly authorized or permitted to operate taxicabs within the area herein described and having suitable equipment and facilities therefor, may make application in writing to the Division of Motor Transport, Office of Defense Transportation, Tulsa, Oklahoma, for authorization to participate in the plan. A copy of each such application shall be served upon each of the operators named in this order. Upon receiving authorization to participate in the plan, each such operator shall become subject to this order and shall thereupon be entitled and required to participate in the plan in accordance with all of the provisions and conditions of this order, in the same manner and degree as the operators named herein.

7. Communications concerning this order should refer to "Supplementary Order ODT 20A–76" and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Tulsa, Oklahoma.

8. This order shall become effective March 13, 1944, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 6th day of March 1944.

COMMON CARRIERS

COORDINATED OPERATIONS BETWEEN DETROIT, MICH., AND AKRON, OHIO

Upon consideration of a plan for joint action filed with the Office of Defense Transportation by the persons named in Appendix 1 hereof to facilitate compliance with the requirements and purposes of General Order ODT 3, Revised, as amended, (7 F.R. 5445, 6689, 7694; 8 F.R. 4660, 14582; 9 F.R. 947) a copy of which plan is attached hereto as Appendix 2,[1] and

It appearing that the proposed coordination of operations is necessary in order to assure maximum utilization of the facilities, services, and equipment, and to conserve and providently utilize vital equipment, materials, and supplies, of the carriers, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered*, That:

1. The plan for joint action above referred to is hereby approved and the carriers are directed to put the plan in operation forthwith, subject to the following provisions, which shall supersede any provisions of such plan that are in conflict therewith.

2. Each of the carriers forthwith shall file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rates, charges, operations, rules, regulations, and practices of the carrier which may be necessary to accord with the provisions of this order and of such plan; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

3. Whenever transportation service is performed by one carrier in lieu of service by another carrier, by reason of a diversion, exchange, pooling, or similar act made or performed pursuant to the plan for joint action hereby approved, the rates, charges, rules, and regulations governing such service shall be those that would have applied except for such diversion, exchange, pooling, or other act.

4. The provisions of this order shall not be so construed or applied as to require any carrier subject hereto to perform any service beyond its transportation capacity, or to authorize or require any act or omission which is in violation of any law or regulation, or to permit any carrier to alter its legal liability to any shipper. In the event that compliance with any term of this order, or effectuation of any provision of such plan, would conflict with, or would not be authorized under, the existing interstate or intrastate operating authority of any carrier subject hereto, such carrier forthwith shall apply to the appropriate regulatory body or bdies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the carriers' possessing or obtaining the requisite operating authority.

5. All records of the carriers pertaining to any transportation performed pursuant to this order and to the provisions of such plan shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

6. The plan for joint action hereby approved and all contractual arrangements made by the carriers to effectuate the plan shall not continue in operation beyond the effective period of this order.

7. Communications concerning this order should refer to it by the supplementary order number which appears in the caption hereof, and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C.

This order shall become effective March 10, 1944, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

OFFICE OF PRICE ADMINISTRATION.

[Administrative Exception Order 20 Under RO 17]

REPATRIATES RETURNING TO THE UNITED STATES

APPLICATION FOR SPECIAL SHOE STAMP

The petitioners in this case are repatriates who are returning to the United States. Many of them returning to the United States on the S. S. Gripsholm and similar ships have no wearable shoes. The currently valid shoe ration stamp contained in War Ration Book Three, which will be issued to such persons on their arrival in the United States, will not be sufficient to satisfy their needs for shoes until the next war ration shoe stamp becomes valid. Under Ration Order 17 a person that has need for shoes and who does not have a war ration shoe stamp may apply to his local board for a special shoe stamp. As most of the repatriates returning to the United States have been living abroad for the past several years, they are not familiar with the rationing system in the United States. In order to enable such persons to obtain the needed ration currency more quickly and save them much inconvenience, it is requested that the District Office nearest the port of entry be authorized to issue special shoe stamps to the repatriates who do not have sufficient war ration shoe stamps to obtain the shoes they need.

The relief requested in this case can be granted without defeating or impairing the effectiveness of the policy of Ration Order 17.

It is hereby ordered, That the district office nearest the port that the repatriates returning to the United States enter is authorized to issue special shoe stamps to such persons in an amount that will enable them to have on hand two pairs of wearable or repairable shoes of the type they need. The District Office in determining the need requirements of each person shall comply with section 1.5 of Ration Order 17.

Issued and effective this 4th day of March 1944.

Deputy Administrator in Charge of Rationing.

Regional and District Office Orders.

[Region II Rev. Order G–15 under RMPR 122]

Solid Fuels in Designated Areas in Maryland

Revised Order No. G–15 under §§ 1340.260 and 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122. Solid fuels sold and delivered by dealers. Solid fuels delivered by dealers in Baltimore City and designated portions of Baltimore and Anne Arundel Counties, State of Maryland, Coal Area 1.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by §§ 1340.260 and 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122, it is hereby ordered:

(a) *What this order does*—(1) *Dealers' maximum prices; area covered.* If you are a dealer in solid fuels, this order fixes the maximum prices which you may charge, and if you are a purchaser in the course of trade or business, this order fixes the maximum prices which you may pay, for certain sizes and quantities of "Pennsylvania anthracite" and "Virginia anthracite," and for certain sizes, quantities and types of bituminous coal and coke delivered to or at any point in State of Maryland, Coal Area 1. That area consists of Baltimore City and the following 1935 election districts in Baltimore County and Anne Arundel County, as shown on the Maryland Geological Survey Map, prepared in 1935 by the Maryland State Geologist:

In Baltimore County: 1935 Election District Nos. 1, 2, 3, 9, 12, 13, 14 and 15. In Anne Arundel County: 1935 Election District No. 5.

(2) *Schedules of prices, charges and discounts.* The applicable prices, authorized charges, and required discounts, from which you shall determine the maximum prices for designated kinds, sizes and quantities of coal delivered within Coal Area 1 are set forth in Schedules I and II hereafter.

(3) *To what sales this order applies.* If you are a dealer in solid fuels, you are bound by the prices, charges and discounts, and by all other provisions of this order for all deliveries within Coal Area 1 whether or not you are located in Coal Area 1.

(b) *What this order prohibits.* Regardless of any contract or other obligations, you shall not:

(1) Sell or, in the course of trade or business, buy solid fuels of the kinds, sizes and in the quantities set forth in the schedules herein, at prices higher than the maximum prices computed as set forth in paragraph (c) of this order, although you may charge, pay or offer to pay less than maximum prices.

(2) Obtain any price higher than the applicable maximum price by:

(i) Changing the discounts authorized herein, or

(ii) Charging for any service which is not expressly requested by the buyer, or

(iii) Charging for any service for which a charge is not specifically authorized by this order, or

(iv) Charging a price for any service higher than the schedule price for such service, or

(v) Using any tying agreement or requiring that the buyer purchase anything in addition to the fuel requested by him, except that a dealer may comply with requirements or standards with respect to deliveries which have been or may be issued by an agency of the United States Government.

(vi) Using any other device by which a higher price than the applicable maximum price is obtained, directly or indirectly.

(c) *How to compute maximum prices.* You must figure your maximum price as follows:

(1) *Use the schedule which covers your sale.* (Schedule I applies to sales on a "direct-delivery" basis. You will find Schedule I in paragraph (d). Schedule II applies to "yard sales". You will find Schedule II in paragraph (e).)

(2) Take the dollars-and-cents figure given in the applicable schedule, for the kind, size and quantity of solid fuel you are selling.

(3) Deduct from that figure the amount of the discount which you are required to give, as specified in each schedule. Where a discount is required, you must state it separately on your invoice.

(4) If, at your purchaser's request, you actually render him a service for which this order authorizes a charge, you may add to the figure obtained as above no more than the maximum authorized service charge. You must state that charge separately on your invoice. The only authorized service charges are those provided for in Schedule I.

(5) If you deliver a fraction of a net ton, but not less than one-half ton, and the applicable schedule provides a discount on the basis of one ton or one-half ton, you shall allow a proportionate discount, making your calculation to the nearest full cent. For example, if you are required to deduct 50¢ per ton for cash payment, you shall deduct 38¢ for three-quarters of a ton.

(6) If you deliver a fraction of a net ton, but not less than one-half ton, and the applicable schedule provides a service charge on the basis of one ton, you shall add no more than a proportionate service charge, making your calculation to the nearest full cent. For example, if the transaction permits a service charge of 75¢ per ton, you shall not add more than 56¢ for performance of that service in connection with the delivery of three-quarters of a ton.

(d) *Schedule I: Sales on a "direct-delivery" basis.* Schedule I establishes a specific maximum price for certain kinds, sizes and quantities of solid fuel, delivered to or at any point within Coal Area 1. Prices in the following table are credit prices—applicable to payment made after 30 days from the date of delivery—and are subject to the discounts enumerated below.

(f) *Commingling.* If one size or kind of coal is sold commingled with another size or kind of coal, the maximum price for the combination shall be the maximum price established in this order for the smallest of the sizes or for the least expensive kind of coal so commingled, whichever is lower, whether the sale be a "delivered sale" or "yard sale", except in the following situation: Where a purchaser requests that two or more sizes or kinds of fuels be commingled in one delivery, then, and in that event, if these sizes and kinds are separately weighed at the point of loading, the dealer may commingle those sizes and kinds in the truck or other vehicle, in which the delivery is made. The price for coal so commingled shall be calculated on the basis of the applicable per net ton price for each size and kind in the combination, and the invoice shall separately state the price, so determined, for the quantity of each size and kind in the combination.

(g) *Ex Parte 148; freight rate increase.* Since the Ex Parte 148 freight rate increase has been rescinded by the Interstate Commerce Commission, dealers' freight rates are the same as those of December 1941. Therefore, you may not increase any schedule price on account of freight rates.

(h) *Addition of increase in supplier's maximum prices prohibited.* You may not increase the specific maximum prices established by this order to reflect in whole or in part, any subsequent increase to you in your supplier's maximum price for the same fuel. The specific maximum prices already reflect increases to you in your supplier's maximum prices occurring up to the effective date of this order. If increases in your supplier's maximum prices should occur after such date, as the result of any amendment to or revision of a maximum price regulation issued by the Office of Price Administration governing sales and deliveries made by such suppliers, the Regional Administrator will, if he then deems it to be warranted, take appropriate action to amend this order to reflect such increases.

(i) *Taxes.* If you are a dealer subject to this order you may collect, in addition to the specific maximum prices established herein, provided you state it separately, the amount of the Federal tax upon the transportation of property imposed by section 620 of the Revenue Act of 1942 actually paid or incurred by you, or any amount equal to the amount of such tax paid by any of your prior suppliers and separately stated and collected from you by the supplier from whom you purchased. On sales to the United States or any agency thereof, you need not state this tax separately.

(j) *Adjustable pricing.* You may not make a price adjustable to a maximum price which will be in effect at some time after delivery of the anthracite has been completed; but the price may be adjustable to the maximum price in effect at the time of delivery.

(k) *Petitions for amendment.* Any person seeking an amendment of any provision of this order may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1, except that the petition shall be filed with the Regional Administrator and acted upon by him.

(l) *Right of amendment or revocation.* The Regional Administrator or the Price Administrator may amend, revoke or rescind this order, or any provision thereof, at any time.

(m) *Applicability of other regulations.* If you are a dealer subject to this order, you are governed by the licensing provisions of Licensing Order 1. Licensing Order 1 provides, in brief, that a license is required for all persons making sales for which maximum prices are established. A license is automatically granted. It is not necessary to apply for the license. The license may be suspended for violations in connection with the sale of any commodity for which maximum prices are established. If your license is suspended, you may not sell any such commodity during the period of suspension.

(n) *Records.* If you are a dealer subject to this order, you shall preserve, keep, and make available for examination by the Office of Price Administration, a record of every sale of anthracite hereunder, showing the date, the name and address of the buyer, if known, the per net ton price charged, and the solid fuel sold. The solid fuel shall be identified in the manner in which it is described in the order. The record shall also state separately each service rendered and the charge made for it.

(o) *Posting of maximum prices; sales slips and receipts.* (1) If you are a dealer subject to this order, you shall post all your maximum prices (as set forth in the applicable schedule or schedules of this order) in your place of business in a manner plainly visible to and understandable by the purchasing public.

(2) If you are a dealer subject to this order, you shall, except for a sale of less than one-half ton, give each purchaser a sales slip or receipt showing your name and address, the kind, size, and quantity of coal sold to him, the date of the sale or delivery and the price charged, separately stating the amount, if any, of the required discounts which must be deducted from, and the authorized service charges and the taxes, which may be added to, the specific maximum prices prescribed herein.

In the case of all other sales, you shall give each purchaser a sales slip or receipt containing the information described in the foregoing paragraph, if requested by such purchaser or if, during December 1941, you customarily gave purchasers such sales slips or receipts.

(p) *Enforcement.* (1) Persons violating any provision of this order are subject to civil and criminal penalties, including suits for treble damages, provded for by the Emergency Price Control Act of 1942, as amended.

(2) Persons who have any evidence of any violation of this order are urged to communicate with the Maryland District Office of the Office of Price Administration, or with the Price Panel of the appropriate War Price and Rationing Board.

(q) *Definitions and explanations.* When used in this Order No. G–15, the term:

(1) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of the foregoing.

Solid Fuels in Designated Areas in Maryland

Revised Order No. G–15 under §§ 1340.260 and 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122. Solid fuels sold and delivered by dealers. Solid fuels delivered by dealers in Baltimore City and designated portions of Baltimore and Anne Arundel Counties, State of Maryland, Coal Area 1.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by §§ 1340.260 and 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122, it is hereby ordered:

(a) *What this order does—(1) Dealers' maximum prices; area covered.* If you are a dealer in solid fuels, this order fixes the maximum prices which you may charge, and if you are a purchaser in the course of trade or business, this order fixes the maximum prices which you may pay, for certain sizes and quantities of "Pennsylvania anthracite" and "Virginia anthracite," and for certain sizes, quantities and types of bituminous coal and coke delivered to or at any point in State of Maryland, Coal Area 1. That area consists of Baltimore City and the following 1935 election districts in Baltimore County and Anne Arundel County, as shown on the Maryland Geological Survey Map, prepared in 1935 by the Maryland State Geologist:

In Baltimore County: 1935 Election District Nos. 1, 2, 3, 9, 12, 13, 14 and 15. In Anne Arundel County: 1935 Election District No. 5.

(2) *Schedules of prices, charges and discounts.* The applicable prices, authorized charges, and required discounts, from which you shall determine the maximum prices for designated kinds, sizes and quantities of coal delivered within Coal Area 1 are set forth in Schedules I and II hereafter.

(3) *To what sales this order applies.* If you are a dealer in solid fuels, you are bound by the prices, charges and discounts, and by all other provisions of this order for all deliveries within Coal Area 1 whether or not you are located in Coal

(iii) Charging for any service for which a charge is not specifically authorized by this order, or

(iv) Charging a price for any service higher than the schedule price for such service, or

(v) Using any tying agreement or requiring that the buyer purchase anything in addition to the fuel requested by him, except that a dealer may comply with requirements or standards with respect to deliveries which have been or may be issued by an agency of the United States Government.

(vi) Using any other device by which a higher price than the applicable maximum price is obtained, directly or indirectly.

(c) *How to compute maximum prices.* You must figure your maximum price as follows:

(1) *Use the schedule which covers your sale.* (Schedule I applies to sales on a "direct-delivery" basis. You will find Schedule I in paragraph (d). Schedule II applies to "yard sales". You will find Schedule II in paragraph (e).)

(2) Take the dollars-and-cents figure given in the applicable schedule, for the kind, size and quantity of solid fuel you are selling.

(3) Deduct from that figure the amount of the discount which you are required to give, as specified in each schedule. Where a discount is required, you must state it separately on your invoice.

(4) If, at your purchaser's request, you actually render him a service for which this order authorizes a charge, you may add to the figure obtained as above no more than the maximum authorized service charge. You must state that charge separately on your invoice. The only authorized service charges are those provided for in Schedule I.

(5) If you deliver a fraction of a net ton, but not less than one-half ton, and the applicable schedule provides a discount on the basis of one ton or one-half ton, you shall allow a proportionate discount, making your calculation to the nearest full cent. For example, if you are required to deduct 50¢ per ton for cash payment, you shall deduct 38¢ for three-quarters of a ton.

(6) If you deliver a fraction of a net

(2) "Sell" includes sell, supply, dispose, barter, exchange, lease, transfer, and deliver, and contracts and offers to do any of the foregoing. The terms "sale", "selling", sold", "seller", "buy", "purchase" and "purchaser" shall be construed accordingly.

(3) "Dealer" means any person selling coal of the kinds and sizes set forth in the schedules herein, and does not include a producer or distributor making sales at or from a mine, a preparation plant operated as an adjunct of any mine, or a briquette plant.

(4) "Direct delivery", except with respect to sales in 100 lb. lots, means delivery to the buyer's bin or storage space by dumping or chuting directly from the seller's truck or other vehicle or, where such delivery to the buyer's bin or storage space is physically impossible, by discharging at the point nearest and most accessible to the buyer's bin or storage space and at which the coal can be discharged directly from the seller's truck. "Direct delivery" in 100 lb. lots shall mean depositing in buyer's bin or other storage space designated by buyer.

(5) "Carry" and "wheel" refer to the movement of coal to buyer's bin or storage space, in baskets or other containers, or by wheelbarrow or barrel, from the seller's truck or other vehicle, or from the point nearest and most accessible to the buyer's bin or storage space at which coal is discharged from the seller's truck in the course of "direct delivery".

(6) "Yard sales" means sales accompanied by physical transfer to the buyer's truck or vehicle at the yard, dock, barge, car, or at a place of business of the seller other than at seller's truck or vehicle.

(7) "Pennsylvania anthracite" means all coal produced in the Lehigh, Schuylkill and Wyoming regions in the Commonwealth of Pennsylvania.

(8) The sizes of Pennsylvania anthracite described as broken, egg, stove, nut, pea, buckwheat, rice, barley and screenings shall refer to the same sizes of the same fuel as were sold and delivered in the State of Maryland, Coal Area 1, with such designation during December 1941.

(9) "Virginia anthracite" means nonbituminous coal produced in the State of Virginia.

(10) "Egg, stove, nut and pea" sizes of Virginia anthracite refer to the sizes of such coal as prepared by the producer during the period December 15–31, 1941.

(11) "District No." refers to the geographical coal-producing districts as defined in the Bituminous Coal Act of 1937, as amended, and as they have been modified as of midnight, August 23, 1943.

(12) "Low volatile bituminous coal" is produced in the low volatile sections of the producing districts specified herein.

(13) "High volatile bituminous coal" is produced in the high volatile sections of the producing districts specified herein.

(14) All designations in this order of sizes, classifications, seams, etc., applicable to bituminous coal, refer to the sizes, classifications, seams, etc., as set forth in the minimum price schedules for the various producing districts issued by the Bituminous Coal Division of the United States Department of Interior, as in effect midnight, August 23, 1943.

(15) Except as otherwise provided herein or as the context may otherwise require, the definitions set forth in §§ 1340.265 and 1340.266 of Revised Maximum Price Regulation No. 122 shall apply to terms used herein.

(r) *Effect of order on Revised Maximum Price Regulation No. 122.* To the extent applicable this order supersedes Revised Maximum Price Regulation No. 122.

(s) *Effect of order on Order No. G–15 as originally issued and on Order No. G–23.* Order No. G–15 under Revised Maximum Price Regulation No. 122, as issued on December 4, 1943, is hereby revoked in full as of the effective date of this order. This order also supersedes Order No. G–23, issued under that Regulation on November 24, 1943 to the extent that Order No. G–23 was applicable to Order No. G–15.

NOTE: The record keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This Revised Order No. G–15 shall become effective December 6, 1943.

SOLID FUELS IN DESIGNATED AREAS IN MARYLAND

Correction to Revised Order No. G–15 under §§ 1340.260 and 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122. Solid fuels delivered by dealers in Baltimore City and designated portions of Baltimore and Anne Arundel Counties, State of Maryland, Coal Area 1.

1. Paragraph (n) which now reads:

Records. If you are a dealer subject to this order, you shall preserve, keep, and make available for examination by the Office of Price Administration, a record of every sale of anthracite hereunder * * *

shall be revised to read as follows:

Records. If you are a dealer subject to this order, you shall preserve, keep, and make available for examination by the Office of Price Administration, a record of every sale of solid fuels covered by this order * * *

2. There shall be added to the definition contained in paragraph (q) (14) the following sentence:

Where the minimum price schedules do not make specific mention of any size designated in this order, such size designations shall refer to the sizes of bituminous coal sold as such in State of Maryland, Coal Area 1, during December, 1941.

This correction shall become effective as of December 6, 1943.

SOLID FUELS IN DESIGNATED AREAS IN NEW YORK

Revised Order No. G–18 under §§ 1340.260 and 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122. Solid fuels sold and delivered by dealers. Solid fuels delivered by dealers in the City of Rochester and designated portions of Monroe County, State of New York, Coal Area IV.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by §§ 1340.260 and 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122, it is ordered:

(a) *What this order does—(1) Dealers' maximum prices; area covered.* If you are a dealer in solid fuels, this order fixes the maximum prices which you may charge, and if you are a purchaser in the course of trade or business, this order fixes the maximum prices which you may pay, for certain sizes and quantities of "Pennsylvania anthracite" and for certain sizes, quantities and kinds of bituminous coal delivered to or at any point in the State of New York, Coal Area IV. That area consists of the following portions of Monroe County in the State of New York:

The City of Rochester.

The towns of Irondequoit, Brighton, Chili, Gates and Greece.

The following portions of the Towns of Pittsford, Perinton and Henrietta; bounded on the north by Penfield Road to and including the hamlet of Penfield; on the east by the Five-Mile Line Road, the easterly village line of the village of East Rochester, the Lincoln Marsh Road to and including the hamlet of Bushnell's Basin; on the south by Ballantyne Bridge - Pittsford - Jefferson Avenue and the South Pittsford-Victor Road, to the point where the Bridgeton-Henrietta town line runs into the Genesee River on the west.

This area shall include the abutting property on each side of all boundary highways.

(2) *Schedules of prices, charges and discounts.* The applicable prices, authorized charges, and required discounts, from which you shall determine the maximum prices for designated kinds, sizes and quantities of coal delivered within Coal Area IV are set forth in Schedules I and II hereafter. Schedule I relates to sales of Pennsylvania anthracite (hereinafter called simply "anthracite"). Schedule II relates to sales of bituminous coal.

(3) *To what sales this order applies.* If you are a dealer in solid fuels, you are bound by the prices, charges and discounts, and by all other provisions of this order for all deliveries within Coal Area IV whether or not you are located in Coal Area IV.

(b) *What this order prohibits.* Regardless of any contract or other obligations, you shall not:

(1) Sell or, in the course of trade or business, buy solid fuels of the kinds, sizes and in the quantities set forth in the schedules herein, at prices higher than the maximum prices computed as set forth in paragraph (c) of this order, although you may charge, pay, or offer less than maximum prices.

(2) Obtain any price higher than the applicable maximum price by:

(i) Changing the discounts authorized herein, or

(ii) Charging for any service which is not expressly requested by the buyer, or

(iii) Charging for any service for which a charge is not specifically authorized by this order, or

(iv) Charging a price for any service higher than the schedule price for such service, or

(v) Using any tying agreement or requiring that the buyer purchase anything in addition to the fuel requested by him, except that a dealer may comply with requirements or standards with respect to deliveries which have been or may be issued by an agency of the United States Government.

(vi) Using any other device by which a higher price than the applicable maximum price is obtained, directly or indirectly.

(c) *How to compute maximum prices.* You must figure your maximum price as follows:

(1) *Use the schedule which covers your sale.* (Schedule I contains a separate table of prices for "direct-delivery" sales, "yard sales" and "bagged coal" sales of anthracite. You will find Schedule I in paragraph (d). Schedule II contains a table of prices for "direct-delivery" sales and "yard sales" of bituminous coal. You will find Schedule II in paragraph (e).)

(2) Take the dollars-and-cents figure given in the applicable table of the applicable schedule, for the kind, size and quantity of solid fuel you are selling.

(3) Deduct from that figure the amount of the discount which you are required to give, as specified therein. Where a discount is required, you must state it separately on your invoice.

(4) If, at your purchaser's request, you actually render him a service for which this order authorizes a charge, you may add to the figure obtained as above no more than the maximum authorized service charge. You must state that charge separately on your invoice. The only authorized service charges are those provided for in the schedules.

(5) If you deliver a fraction of a net ton, but not less than one-half ton, and the applicable schedule does not provide a discount on the basis of the tonnage sold, you shall allow a proportionate discount, making your calculation to the nearest full cent. For example, if you are required to deduct 75¢ per ton for cash payment, you shall deduct 56¢ for three-quarters of a ton.

(6) If you deliver a fraction of a net ton, but not less than one-quarter ton, and the applicable schedule does not provide a service charge on the basis of the tonnage sold, you shall add no more than a proportionate service charge, making your calculation to the nearest full cent. For example, if the transaction permits a service charge of 50¢ per ton, you shall not add more than 38¢ for performance of that service in connection with the delivery of three-quarters of a ton.

(d) *Schedule I.* Schedule I establishes specific maximum prices for certain sizes of anthracite in certain specific quantities, delivered to or at any point within Coal Area IV. There is a separate table of prices for "direct-delivery" sales, "yard sales", and "sales of bagged coal".

(1) *Sales on a "direct-delivery" basis.*

Nut	$0.15	$0.18	$0.18	$0.20

(e) *Schedule II.* Schedule II establishes specific maximum prices for certain kinds, sizes and quantities of bituminous coal, delivered to or at any point within Coal Area IV. There is a separate table for "direct-delivery" sales and "yard sales."

(1) *Sales on a "direct-delivery" basis.*

FOR SALES OF BITUMINOUS COAL OF THE KINDS, SIZES AND QUANTITIES SPECIFIED

Kind and size of bituminous coal	*Per net ton*
High volatile bituminous coal from districts Nos. 1, 2, 3 or 4:	
Lump, egg, nut, and stoker	$7.15
Nut and slack	7.05
Slack	6.85

Sales on a "direct-delivery" basis—Con.

FOR SALES OF BITUMINOUS COAL OF THE KINDS, SIZES AND QUANTITIES SPECIFIED—Con.

Kind and size of bituminous coal—Continued	*Per net ton*
Low volatile bituminous coal from district No. 1—Pennsylvania. All lump, all double screened coal with top sizes over 2" and coal customarily sold as Run-of-Mine:	
1—Coal in price classification "A"...	$8.55
2—Coal in price classifications "B" through "E" inclusive.....	7.75

Where deliveries are requested in quantities of less than two tons, the foregoing prices, for the kinds and sizes of coal included in such deliveries, may be increased by 50¢ per net ton.

MAXIMUM AUTHORIZED SERVICE CHARGES

Low volatile bituminous coal from District No. 1—Pennsylvania. All lump, all double screened coal with top sizes over 2" and coal customarily sold as run-of-mine:		
1—Coal in price classification "A".....	7.55	7.85
2—Coal in price classifications "B" through "E" inclusive....	6.75	7.05

(f) *Commingling.* If you sell one size or kind of coal, commingled with another size or kind of coal, your maximum price for the combination shall be the maximum price established in this order for the smallest of the sizes or the least expensive kind of coal so commingled, whichever is lower, whether the sale be a "direct-delivery" sale, "yard sale," or "sale of bagged coal," except in the following situation. Where a purchaser requests that two or more sizes or kinds of coal be commingled in one delivery, then, in that event, if those sizes and kinds are separately weighed at the point of loading, or when bagged, the dealer may commingle those sizes and kinds in the truck or other vehicle, or in the bags, in which the delivery is made. The price for coal so commingled shall be calculated on the basis of the applicable per net ton price, or, in the case of bagged coal, on the basis of the applicable bagged price, for each size and kind in the combination, and the invoice shall separately state the price, so determined, for the quantity of each size and kind in the combination.

(g) *Ex parte 148; freight rate increase.* Since the ex parte freight rate increase has been rescinded by the Interstate Commerce Commission, dealers' freight rates are the same as those of December 1941. Therefore, you may not increase any schedule price on account of freight rates.

(h) *Addition of increase in suppliers' maximum prices prohibited.* You may not increase the specific maximum prices established by this order to reflect, in whole or in part, any subsequent increase to you in your suppliers' maximum price for the same fuel. The specific maximum prices already reflect increases to you in your supplier's maximum prices occurring up to the effective date of this order. If increases in your supplier's maximum prices should occur after such date, as the result of any amendment to or revision of a maximum price regulation issued by the Office of Price Administration governing sales and deliveries made by such suppliers, the Regional Administrator will, if he then deems it to be warranted, take appropriate action to amend this order to reflect such increases.

(i) *Taxes.* If you are a dealer subject to this order you may collect, in addition to the specific maximum prices established herein, provided you state it separately, the amount of the Federal tax upon the transportation of property imposed by section 620 of the Revenue Act of 1942 actually paid or incurred by you, or any amount equal to the amount of such tax paid by any of your prior suppliers and separately stated and collected from you by the supplier from whom you purchased. On sales to the United States or any agency thereof, you need not state this tax separately.

(j) *Adjustable pricing.* You may not make a price adjustable to a maximum price which will be in effect at some time after delivery of the coal has been completed; but the price may be adjustable to the maximum price in effect at the time of delivery.

(k) *Petitions for amendment.* Any person seeking an amendment of any provision of this order may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1, except that the petition shall be filed with the Regional Administrator and acted upon by him.

(l) *Right of amendment or revocation.* The Regional Administrator or the Price Administrator may amend, revoke or rescind this order, or any provisions thereof, at any time.

(m) *Applicability of other regulations.* If you are a dealer subject to this order, you are governed by the licensing provisions of Licensing Order 1. Licensing Order 1 provides, in brief, that a license is required of all persons making sales for which maximum prices are established. A license is automatically granted. It is not necessary to apply for the license. The license may be suspended for violations in connection with the sale of any commodity for which maximum prices are established. If your license is suspended, you may not sell any such commodity during the period of suspension.

(n) *Records.* If you are a dealer subject to this order, you shall preserve, keep, and make available for examination by the Office of Price Administration, a record of every sale of anthracite hereunder, showing the date, the name and address of the buyer, if known, the per net ton price charged, and the solid fuel sold. The solid fuel shall be identified in the manner in which it is described in the order. The record shall also state separately each service rendered and the charge made for it.

(o) *Posting of maximum prices; sales slips and receipts.* (1) If you are a dealer subject to this order, you shall post all your maximum prices (as set forth in the applicable schedule or schedules of this order) in your place of business in a manner plainly visible to and understandable by the purchasing public.

(2) If you are a dealer subject to this order, you shall, except for a sale of less than one-half ton, give each purchaser a sales slip or receipt showing your name and address, the kind, size, and quantity of coal sold to him, the date of the sale or delivery and the price charged, separately stating the amount, if any, of the required discounts which must be deducted from, and the authorized service charges and the taxes, which may be added to, the specific maximum prices prescribed herein.

In the case of all other sales, you shall give each purchaser a sales slip or receipt containing the information described in the foregoing paragraph, if requested by such purchaser or if, during December 1941, you customarily gave purchasers such sales slips or receipts.

(p) *Enforcement.* (1) Persons violating any provision of this order are subject to civil and criminal penalties, including suits for treble damages, provided for by the Emergency Price Control Act of 1942, as amended.

(2) Persons who have any evidence of any violation of this order are urged to communicate with the Buffalo District Office of the Office of Price Administration; or with the Price Panel of the appropriate War Price and Rationing Board.

(q) *Definitions and explanations.* When used in this Order No. G–18, the term:

(1) "Person" includes an individual, corporation, partnership, association or any other organized group of persons, or legal successor or representative of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency or any of the foregoing.

(2) "Sell" includes sell, supply, dispose, barter, exchange, lease, transfer, and deliver, and contracts and offers to do any of the foregoing. The terms "sale", "selling", "sold", "seller", "buy", "purchase" and "purchaser" shall be construed accordingly.

(3) "Dealer" means any person selling coal of the kinds and sizes set forth in the schedules herein, and does not include a producer or distributor making

sales at or from a mine, a preparation plant operated as an adjunct of any mine, or a briquette plant.

(4) "Direct-delivery", except with respect to sales in 100 lb. lots, means delivery to the buyer's bin or storage space by dumping or chuting directly from the seller's truck or other vehicle or, where such delivery to the buyer's bin or storage space is physically impossible, by discharging at the point nearest and most accessible to the buyer's bin or storage space and at which the coal can be discharged directly from the seller's truck. "Direct-delivery" in 100 lb. lots shall mean depositing in buyer's bin or other storage space designated by buyer.

(5) "Carry" and "wheel" refer to the movement of coal to buyer's bin or storage space, in baskets or other containers, or by wheelbarrow or barrel, from the seller's truck or other vehicle, or from the point nearest and most accessible to the buyer's bin or storage space at which coal is discharged from the seller's truck in the course of "direct delivery".

(6) "Yard sales" means sales accompanied by physical transfer to the buyer's truck or vehicle at the yard, dock, barge, car, or at a place of business of the seller other than at seller's truck or vehicle.

(7) "Pennsylvania anthracite" means all coal produced in the Lehigh, Schuylkill and Wyoming regions in the Commonwealth of Pennsylvania.

(8) The sizes of Pennsylvania anthracite described as broken, egg, stove, nut, pea, buckwheat, rice, barley and screenings shall refer to the same sizes of the same fuel as were sold and delivered in the State of New York, Coal Area IV, with such designation during December, 1941.

(9) "Delivered at dealer's yard" as applied to sales of bagged coal, means physical transfer at the dealer's yard to the purchaser's truck or other vehicle.

(10) "Delivered to retail stores" as applied to sales of bagged coal, means deposit in that part of the store designated by the purchaser.

(11) "Sales to ultimate consumer" as applied to bagged coal, means sales by dealers, other than sales at the dealer's yard, whether or not delivered to the consumer's premises.

(12) "District No." refers to the geographical coal-producing districts as defined in the Bituminous Coal Act of 1937, as amended, and as they have been modified as of midnight, August 23, 1943.

(13) "Low volatile bituminous coal" is produced in the low volatile sections of the producing districts specified herein.

(14) "High volatile bituminous coal" is produced in the high volatile sections of the producing districts specified herein.

(15) All designations in this order of sizes, classifications, etc., applicable to bituminous coal, refer to the sizes, classifications, etc., as set forth in the minimum price schedules for the various producing districts issued by the Bituminous Coal Division of the United States Department of the Interior, as in effect midnight, August 23, 1943. Where the minimum price schedules do not make specific mention of any size designated in this order, such size designations shall refer to the sizes of bituminous coal sold as such in State of New York, Coal Area IV, during December, 1941.

(16) Except as otherwise provided herein or as the context may otherwise require, the definitions set forth in §§ 1340.255 and 1340.266 of Revised Maximum Price Regulation No. 122 shall apply to terms used herein.

(r) *Effect of order on Revised Maximum Price Regulation No. 122.* To the extent applicable this order supersedes Revised Maximum Price Regulation No. 122.

(s) *Effect of order on Order No. G–18 as originally issued and on Order No. G–23.* Order No. G–18 under Revised Maximum Price Regulation No. 122, as issued on October 22, 1943, is hereby revoked in full as of the effective date of this order. This order also supersedes Order No. G–23, issued under that regulation on November 24, 1943, to the extent that Order No. G–23 was applicable to Order No. G–18.

NOTE: The record keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This Revised Order No. G–18 shall become effective December 6, 1943.

SOLID FUELS IN DESIGNATED AREAS IN NEW YORK

Amendment No. 1 to Revised Order No. G–18 under §§ 1340.260 and 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122. Solid fuels sold and delivered by dealers. Solid fuels delivered by dealers in the City of Rochester and designated portions of Monroe County, State of New York, Coal Area IV.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by §§ 1340.260 and 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122, Revised Order No. G–18 is amended in the following respect:

1. A new paragraph, designated (t), is added immediately following paragraph (s), to read as follows:

(t) *Effect of Order No. G–21; emergency sales of prepared bituminous coal to domestic consumers.* The maximum prices for sales of bituminous coal under Schedule II, paragraph (e) of this Revised Order shall not apply to emergency sales of "prepared bituminous coal" when sold as a substitute fuel in place of anthracite, within the coverage of Order No. G–21 under Revised Maximum Price Regulation No. 122 as long as said Order No. G–21 shall remain in effect. During that period, such emergency sales of prepared bituminous coal shall be priced in accordance with the provisions of Order No. G–21.

This Amendment No. 1 to Revised Order No. G–18 shall become effective January 10, 1944.

(56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871 and E.O. 9328, 8 F.R. 4681)

[Region II Rev. Order G–19 Under RMPR 122]

SOLID FUELS IN ATLANTIC COUNTY, N. J.

Revised Order No. G–19 under § 1340.260 of Revised Maximum Price Regulation No. 122. Solid fuels sold and delivered by dealers. Solid fuels delivered by dealers in Atlantic County, State of New Jersey, Coal Area IX.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1340.260 of Revised Maximum Price Regulation No. 122, it is ordered:

(a) *What this order does*—(1) *Dealers' maximum prices: Area covered.* If you are a dealer in solid fuels, this order fixes the maximum prices which you may charge, and if you are a purchaser in the course of trade or business, this order fixes the maximum prices which you may pay, for certain sizes and quantities of "Pennsylvania anthracite" and for certain sizes, quantities and kinds of bituminous coal and for coke delivered to or at any point in the State of New Jersey, Coal Area IX. That area comprises all of Atlantic County in the State of New Jersey.

(2) *Schedules of prices, charges and discounts.* The applicable prices and required discounts, from which you shall determine the maximum prices for designated kinds, sizes and quantities of solid fuels delivered within Coal Area IX are set forth in Schedule 1 hereafter.

(3) *To what sales this order applies.* If you are a dealer in solid fuels, you are bound by the prices and discounts, and by all other provisions of this order for all deliveries within Coal Area IX whether or not you are located in Coal Area IX.

(b) *What this order prohibits.* Regardless of any contract or other obligations, you shall not:

(1) Sell or, in the course of trade or business, buy solid fuels of the kinds, sizes and in the quantities set forth in the schedule herein, at prices higher than the maximum prices computed as set forth in paragraph (c) of this order, although you may charge, pay or offer less than maximum prices.

(2) Obtain any price higher than the applicable maximum price by:

(i) Changing the discounts authorized herein, or

(ii) Charging for any service rendered in connection with the sale or delivery of solid fuels subject to this order.

(iii) Using any tying agreement or requiring that the buyer purchase anything in addition to the fuel requested by him, except that a dealer may comply with requirements or standards with respect to deliveries which have been or may be issued by an agency of the United States Government.

(iv) Using any other device by which a higher price than the applicable maximum price is obtained, directly or indirectly.

(c) *How to compute maximum prices.* You must figure your maximum price as follows:

(1) Refer to Schedule 1 which contains a separate table of prices for "direct-delivery" sales and "yard sales" of anthracite, bituminous coal, and coke. You will find Schedule 1 in paragraph (d).

(2) Take the dollars-and-cents figure given in the applicable table of the schedule, for the kind, size and quantity of solid fuel you are selling.

(3) Deduct from that figure the amount of the discount which you are required to give, as specified therein. When a discount is required, you must state it separately on your invoice.

(4) You shall not impose any charge with respect to such sales.

(d) *Schedule 1.* Schedule 1 establishes specific maximum prices for certain kinds, sizes, and quantities of solid fuel, delivered to or at any point within Coal Area IX. There is a separate table of prices for "direct-delivery" sales and "yard sales".

(1) *Sales on a "direct-delivery" basis.*

FOR SALES OF SOLID FUEL OF THE KINDS AND SIZES, AND IN THE QUANTITIES SPECIFIED

Kind and size of fuel	Per net ton	Per net ½ ton	Per net ¼ ton
Anthracite:			
Broken, egg, stove, nut	$14.20	$7.40	$3.85
Pea	12.70	6.60	3.45
Buckwheat	10.10	5.30	2.80
Rice	9.25	4.90	2.60
Barley	8.25	4.40	2.35
Screenings	3.50		
Coke	13.00	6.75	3.50
Briquettes	12.05	6.30	3.25
Bituminous:			
Low volatile from District 1: Run of mine	9.90	5.05	2.65
High volatile from Districts 2, 3, and 7: Stoker	9.50	5.00	2.65

Required discounts. You shall deduct a discount of 50¢ per net ton, on sales and deliveries of all sizes except screenings, to consumers purchasing from one dealer, for delivery at one point, a quantity of 100 tons or more, within a period of twelve months.

You shall not break up a single order in an attempt to avoid this discount.

You must grant this discount whether the purchaser has received 100 tons or more pursuant to a single purchase order, or several purchase orders, and whether there was delivery at one time or at intervals of time, the sole basis of the discount being the annual purchase of 100 tons or more for delivery at one point.

You must deduct this discount at or before the delivery of the one hundredth ton and continue to grant the discount on every subsequent delivery during the same twelve-month period.

(2) *"Yard sales".*

FOR SALES OF SOLID FUEL OF THE KINDS AND SIZES, AND IN THE QUANTITIES SPECIFIED

Kind and size of fuel	Per net ton	Per net ½ ton	Per net ¼ ton	Bagged coal: Per net 100 lbs.	Bagged coal: Per net 50 lbs.
Anthracite:					
Broken, egg, stove, nut	$13.30	$6.90	$3.60	$0.90	$0.47
Pea	11.70	6.10	3.20	.80	.43
Buckwheat	9.10	4.80	2.55	----------	----------
Rice	8.33	4.40	2.35	----------	----------

High volatile from Districts 2, 3, and 7: Stoker	8.50	4.50	2.40	----------	----------

(e) *Commingling.* If you sell one size or kind of fuel, commingled with another size or kind of fuel, your maximum price for the combination shall be the maximum price established in this order for the smallest of the sizes or the least expensive kind of fuel so commingled, whichever is lower, whether the sale be a "direct-delivery" sale or "yard sale," except in the following situation. Where a purchaser requests that two or more sizes or kinds of fuel be commingled in one delivery, then, in that event, if those sizes and kinds are separately weighed at the point of loading, or when bagged, the dealer may commingle those sizes and kinds in the truck or other vehicle, or in the bags, in which the delivery is made. The price of fuel so commingled shall be calculated on the basis of the applicable per net ton price, or, in the case of bagged coal, on the basis of the applicable bagged price, for each size and kind in the combination, and the invoice shall separately state the price, so determined, for the quantity of each size and kind in the combination.

(f) *Ex Parte 148; freight rate increase.* Since the ex parte freight rate increase has been rescinded by the Interstate Commerce Commission, dealers' freight rates are the same as those of December, 1941. Therefore, you may not increase any schedule price on account of freight rates.

(g) *Addition of increase in suppliers' maximum prices prohibited.* You may not increase the specific maximum prices established by this order to reflect, in whole or in part, any subsequent increase to you in your suppliers' maximum price for the same fuel. The specific maximum prices already reflect increases to you in your supplier's maximum prices occurring up to the effective date of this order. If increases in your supplier's maximum prices should occur after such date, as the result of any amendment to or revision of a maximum price regulation issued by the Office of Price Administration governing sales and deliveries made by such suppliers, the Regional Administrator will, if he then deems it to be warranted, take appropriate action to amend this order to reflect such increases.

(h) *Taxes.* If you are a dealer subject to this order you may collect, in addition to the specific maximum prices established herein, provided you state it separately, the amount of the Federal tax upon the transportation of property imposed by section 620 of the Revenue Act of 1942 actually paid or incurred by you, or any amount equal to the amount of such tax paid by any of your prior suppliers and separately stated and collected from you by the supplier from whom you purchased. On sales to the United States or any agency thereof, you need not state this tax separately.

(i) *Adjustable pricing.* You may not make a price adjustable to a maximum price which will be in effect at some time after delivery of the fuel has been completed; but the price may be adjustable to the maximum price in effect at the time of delivery.

(j) *Petitions for amendment.* Any person seeking an amendment of any provision of this order may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1, except that the petition shall be filed with the Regional Administrator and acted upon by him.

(k) *Right of amendment or revocation.* The Regional Administrator or the Price Administrator may amend, revoke or rescind this order, or any provisions thereof, at any time.

(l) *Applicability of other regulations.* If you are a dealer subject to this order, you are governed by the licensing provisions of Licensing Order 1. Licensing Order 1 provides, in brief, that a license is required of all persons making sales for which maximum prices are established. A license is automatically granted. It is not necessary to apply for the license. The license may be suspended for violations in connection with the sale of any commodity for which maximum prices are established. If your license is suspended, you may not sell any such commodity during the period of suspension.

(m) *Records.* If you are a dealer subject to this order, you shall preserve, keep, and make available for examination by the Office of Price Administration, a record of every sale of anthracite hereunder, showing the date, the name and address of the buyer, if known, the per net ton price charged, and the solid fuel sold. The solid fuel shall be identified in the manner in which it is described in the order. The record shall also state separately each service rendered and the charge made for it.

(n) *Posting of maximum prices: Sales slips and receipts.* (1) If you are a dealer subject to this order, you shall post all your maximum prices (as set forth in the applicable schedule or schedules of this order) in your place of business in a manner plainly visible to and understandable by the purchasing public.

(2) If you are a dealer subject to this order, you shall, except for a sale of less than one-half ton, give each purchaser a sales slip or receipt showing your name and address, the kind, size, and quantity of fuel sold to him, the date of the sale or delivery and the price charged, separately stating the amount, if any, of the required discounts which must be deducted from and the taxes, which may be added to, the specific maximum prices prescribed herein.

In the case of all other sales, you shall give each purchaser a sales slip or receipt containing the information described in the foregoing paragraph, if requested by such purchaser or if during December 1941, you customarily gave purchasers such sales slips or receipts.

(o) *Enforcement.* (1) Persons violating any provision of this order are subject to civil and criminal penalties, including suits for treble damages, provided for by the Emergency Price Control Act of 1942, as amended.

(2) Persons who have any evidence of any violation of this order are urged to communicate with the Camden District Office of the Office of Price Administration, or with the price panel of the appropriate War Price and Rationing Board.

(p) *Definitions and explanations.* When used in this Order No. G–19, the term:

(1) "Person" includes an individual, corporation, partnership, association or any other organized group of persons, or legal successor or representative of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political sub-divisions, or any agency or any of the foregoing.

(2) "Sell" includes sell, supply, dispose, barter, exchange, lease, transfer, and deliver, and contracts and offers to do any of the foregoing. The terms "sale", "selling", "sold", "seller", "buy", "purchase", and "purchaser" shall be construed accordingly.

(3) 'Dealer" means any person selling coal of the kinds and sizes set forth in the schedules herein, and does not include a producer or distributor making sales at or from a mine, a preparation plant operated as an adjunct of any mine, or a briquette plant.

(4) "Direct-delivery" means delivery to the buyer's bin or storage space.

(5) "Yard sales" means sales accompanied by physical transfer to the buyer's truck or vehicle at the yard, dock, barge, car, or at a place of business of the seller other than at seller's truck or vehicle.

(6) "Pennsylvania anthracite" means all coal produced in the Lehigh, Schuylkill and Wyoming regions in the Commonwealth of Pennsylvania.

(7) The sizes of Pennsylvania anthracite described as broken, egg, stove, nut, pea, buckwheat, rice, barley and screen-

ings shall refer to the same sizes of the same fuel as were sold and delivered in the State of New Jersey, Coal Area IX, with such designation during December, 1941.

(8) "District No." refers to the geographical coal-producing districts as defined in the Bituminous Coal Act of 1937, as amended, and as they have been modified as of midnight, August 23, 1943.

(9) "Low volatile bituminous coal" is produced in the low volatile sections of the producing districts specified herein.

(10) "High volatile bituminous coal" is produced in the high volatile sections of the producing districts specified herein.

(11) All designations in this order of sizes, etc., applicable to bituminous coal, refer to the sizes, etc., as set forth in the minimum price schedules for the various producing districts issued by the Bituminous Coal Division of the United States Department of the Interior, as in effect midnight, August 23, 1943. Where the minimum price schedules do not make specific mention of any size designated in this order, such size designation shall refer to the sizes of bituminous coal sold as such in State of New Jersey, Coal Area IX, during December, 1941.

(12) Except as otherwise provided herein or as the context may otherwise require, the definitions set forth in §§ 1340.255 and 1340.266 of Revised Maximum Price Regulation No. 122 shall apply to terms used herein.

(q) *Effect of order on Revised Maximum Price Regulation No. 122.* To the extent applicable this order supersedes Revised Maximum Price Regulation No. 122.

(r) *Effect of order on Order No. G–19 as originally issued and on Order No. G–23.* Order No. G–19 under Revised Maximum Price Regulation No. 122, as issued on October 29, 1943, is hereby revoked in full as of the effective date of this order. This order also supersedes Order No. G–23, issued under that regulation on November 24, 1943, to the extent that Order No. G–23 was applicable to Order No. G–19.

NOTE: The record keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This Revised Order No. G–19 shall become effective December 6, 1943.

POULTRY EXCEPT DUCKS IN NEW YORK REGION

Order No. G–1 under § 1429.14 of Revised Maximum Price Regulation No. 269. Maximum base prices of poultry except ducks in Region II.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration for Region II by § 1429.14 of Revised Maximum Price Regulation No. 269 and, insofar as required, with the written approval of the War Food Administrator, this order is hereby issued.

SECTION 1. *What this order does.* Revised maximum Price Regulation No. 269 requires the determination of maximum selling prices of poultry items by reference to maximum base prices. This order divides Region 2 into four zones, and in each zone one specific dollar and cent maximum base price is established for each poultry item covered by Revised Maximum Price Regulation No. 269, except duck items, and except kosher-killed poultry items in the New York City metropolitan area. (Maximum base prices for kosher-killed poultry items in New York City metropolitan area, are established by Order No. G–2 under § 1429.14 of Revised Maximum Price Regulation No. 269 issued simultaneously herewith.) This order supersedes that regulation insofar as it establishes such maximum base prices in Region 2. The base prices established by this order are to be used in determining maximum selling prices instead of the base prices established by Revised Maximum Price Regulation No. 269. All other provisions of that regulation continue in effect.

SEC. 2. *Where this order applies.* This order applies to the entire states of Delaware, Maryland, New Jersey, and New York, the Commonwealth of Pennsylvania, and the District of Columbia, except that it does not apply to sales of kosher-killed poultry delivered to the purchaser's customary receiving point in the City of New York and the Counties of Nassau, Suffolk and Westchester in the State of New York, and the Counties of Essex, Hudson and Union in the State of New Jersey.

SEC. 3. *Maximum base prices for poultry items in region 2*—(a) *Base prices for Grade "A" poultry items in Zone 1*—(1) *Description of Zone 1.* Zone 1 shall include:

a. The entire state of Delaware.

b. The following counties of Maryland: Caroline, Cecil, Dorchester, Hartford, Kent, Queen Annes, St. Marys, Somerset, Wicomico, Worcester, and Talbot.

(2) *Maximum base prices for Grade "A" poultry items, except ducks, in Zone 1.*

FLUID MILK IN WEST LIBERTY, IOWA

Order No. G-27 under § 1499.75 (a) (9) of Supplementary Regulation No. 15 to the General Maximum Price Regulation. Adjustment of fluid milk prices in West Liberty, Iowa.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1499.75 (a) (9) of Supplementary Regulation No. 15 to the General Maximum Price Regulation, it is ordered:

(a) *Maximum distributor prices.* The maximum prices for the sale and delivery of fluid milk at wholesale and retail in West Liberty, Iowa, shall be the maximum price determined under the General Maximum Price Regulation, or the following prices, whichever shall be higher:

	Wholesale	Retail
Standard butterfat content fluid milk:		
Gallon	$0.37	$0.45
Half gallon	.19	.23
Quart	.10	.12
Pint	.05½	.07
Half pint	.03	.04

Where the maximum price set forth is expressed in terms of ½¢, opportunity must be given to the buyer to purchase multiple units for which the maximum price will be the single unit price times the number of units purchased.

(b) *Applicability of distributor prices.* For the purpose of paragraph (a) of this order, sales and deliveries within the West Liberty, Iowa, area shall mean:

1. All sales made within the city limits of West Liberty, Iowa, and all sales at or from an establishment located in West Liberty, Iowa;

2. All sales of fluid milk by any seller at retail at or from an establishment obtaining the major portion of its supply of milk from a seller at wholesale located within West Liberty, Iowa.

(c) *Definitions.* 1. Standard butterfat content milk shall mean cows' milk having a butterfat content of not less than 3.2% or the legal minimum established by statute or municipal ordinance, distributed and sold for consumption in fluid form as whole milk.

2. Sales at wholesale shall include all sales to retail stores, restaurants, army camps, prisons, schools, hospitals, and other institutions.

(d) *Relation to Office of Price Administration regulations.* Except as otherwise herein provided, the provisions of the General Maximum Price Regulation shall remain in full force and effect and shall not be evaded by any change in the customary delivery, business or trade practices in effect during the base period established by that regulation.

(e) *Revocability.* This order may be revoked, amended or corrected at any time.

This order shall be effective February 21, 1944.

[Evansville Temporary Order G-1 Under MPR 154]

ICE IN EVANSVILLE, IND.

Order extending the expiration date of Temporary Order No. G-1 under § 1393.8 (e) of Maximum Price Regulation No. 154, adjusting maximum prices for ice sold at retail at Evansville, Indiana.

SECTION 1. The above temporary order was issued on May 29, 1943, pursuant to authority vested in the Office of Price

Administration of Indianapolis District Office under § 1393.8 (e) of Maximum Price Regulation 154 and by Delegation Order dated April 6, 1943 issued by the Regional Administrator of Region III. The order was duly made and entered in the above matter, making adjustments authorizing certain increases in the maximum price of ice sold at retail in Evansville, Indiana. By express terms of said order, it terminates on February 7, 1944, unless revoked or modified by an order of the Price Administrator.

SEC. 2. Said temporary order was made after an exhaustive study, research, and analysis of the conditions existing in Evansville at that time with respect to the economic situation and the manufacture, production, and storage of ice in that locality as well as requirements for domestic and commercial use at that time, and for the immediate future, a study and survey was also made as to whether the shortage then existing and anticipated could be relieved without injuriously affecting other areas from which an adequate ice supply could be obtained.

SEC. 3. Such investigation disclosed:

(a) That an acute shortage of ice did exist in the Evansville area and probably will continue to exist throughout the year.

(b) That such local shortage would be substantially reduced or eliminated by the granting of a price adjustment which would enable distributors to bring in ice from other areas.

(c) That the granting of a price adjustment in the locality in question would not tend to create or bring about a shortage or a need for an increase in prices in any other locality and would effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and that granting such price increase would not violate the spirit of the "hold the line" order issued by the President (Executive Order 9328). The temporary order was accordingly issued. The emergency then existing and the method of relief granted clearly appear in detail in the order and in the opinion accompanying it.

SEC. 4. The order requiring the filing of certain interim reports by the dealers showing quantities of ice purchased, firm from which it was purchased, and the net cost of the purchased ice. It required the filing of additional reports showing the earnings of the dealers during the year of 1943. The larger companies have furnished such report. The smaller ones have not.

It is now claimed that the order should be continued in force for the present year because of a continued threatened ice shortage, but due to the death of the public accountant who audited the books of the larger companies, they are unable, at this time, to furnish definite material upon which their request will be based. They have requested an extension of the present order for a 60-day period so that they may have time to have their accounts audited by other accountants and the necessary information secured upon which to base their requests for a continuation of the order for the summer season.

SEC. 5. The staff of the Indianapolis Office of Price Administration have made a study of the summary reports furnished by the applicants and have recommended that there is probably merit in the request for such continuation. It also appears that this is the slack season of the year in the ice business and that ice will not be sold in quantities until after April 1, 1944. So it is highly important to have definite and reliable data in determining whether such request should be granted.

We hold it is advisable to grant an extension of such order until April 1, 1944.

SEC. 6. *It is, therefore, ordered,* That Order G–1 under § 1393.8 (e) Maximum Price Regulation No. 154, issued by the Office of Price Administration, Indianapolis District, Region III, bearing date of May 29, 1943, making adjustments of maximum prices of ice in the Evansville area, and by its terms expiring February 7, 1944, be and the same is hereby extended and continued in force until April 1, 1944. The retail prices of ice fixed in said order shall not be applicable after said date, unless prior to that time it is extended and continued in force by order of the Office of Price Administration.

Issued and effective this 5th day of February 1944.

District Director.

SECURITIES AND EXCHANGE COMMISSION.

[File Nos. 70-866, 70-865]

INLAND POWER & LIGHT CO. AND WESTERN LIGHT & TELEPHONE CO.

NOTICE OF FILING AND ORDER FOR CONSOLIDATION AND HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 3d day of March, A. D. 1944.

In the matter of Inland Power & Light Corporation, File No. 70-866; Western Light & Telephone Company, File No. 70-865.

Notice is hereby given that declarations or applications (or both) have been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 (act) by John E. Dwyer, Trustee of Inland Power & Light Corporation (Inland), a registered holding company, and Western Light & Telephone Company (Western). All interested persons are referred to said documents which are on file in the office of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

Inland proposes to sell and Western proposes to purchase all of the outstanding 160,000 shares of common stock of The Kansas Power Company (Kansas), an electric utility subsidiary of Inland for $1,360,000 in cash. It is further proposed that (a) Inland is to receive all net earnings applicable to said shares of common stock from November 30, 1943, to the date of closing said sale, less $20,000, and (b) Inland is to receive any balance remaining in a fund presently being accrued ($278,000 at November 30, 1943) after satisfaction out of said fund of any outstanding Federal Income Tax liability of Kansas and (c) Western is to pay any excess of Federal Income Tax liability of Kansas if such liability is determined to be greater than the amount accrued in such fund and (d) Western is to pay any interest which may be payable upon any of such income tax liability.

Western proposes, in connection with such purchase, to issue serial notes in the aggregate amount of $500,000, all of said notes to mature within 24 months from the date of issue.

The applications and declarations further recite that Western proposes to register as a holding company under the act if the transactions are consummated and that sections 10, 11 (e) and 12 (d) of the act and Rule U-44 thereunder are applicable to the proposed transactions.

Inland requests that this Commission approve such proposed sale as a step which is necessary or appropriate to effectuate the provisions of section 11 (b) of the act in conformity with the provisions of sections 371 and 1808, as amended, of the Internal Revenue Code.

It appearing to the Commission that it is appropriate in the public interest and the interest of investors and consumers that a hearing be held with respect to said matters, that said declarations shall not become effective nor said applications be granted except pursuant to further order of this Commission; and

It appearing to the Commission that the matters are related and involve common questions of law and fact; that evidence offered in respect to each of said matters may have a bearing on the other matter; and that substantial savings in time, effort and expense will result if the hearings on these matters are consolidated so that they may be heard as one matter, and so that evidence adduced in each matter may stand as evidence in the other for all purposes:

It is ordered, That a hearing on such matters under the applicable provisions of said act and rules of the Commission thereunder be held on March 17, 1944, at 10:00 a. m. at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pa. On such day the hearing room clerk will advise as to the room where such hearing will be held. At such hearing cause shall be shown why such declarations shall become effective and why such applications shall be granted. Notice is hereby given of said hearing to the above-named declarants and applicants and to all interested persons, said notice to be given to said declarants and applicants by registered mail and to all other persons by publication in the FEDERAL REGISTER. Any persons desiring to be heard in connection with these proceedings or proposing to intervene herein shall file with the Secretary of the Commission on or before March 14, 1944, his request or application therefor as provided by Rule XVII of the rules of practice of this Commission.

It is further ordered, That the hearings on said matters be, and they hereby are, consolidated. The Commission reserves the right, if at any time it may appear conducive to an orderly and economic disposition of any proceeding or proceedings herein, to order a separate hearing concerning such proceeding or proceedings, to close the record with respect to any of the matters, or to take action on any of the matters prior to the closing of the record in the other matters; and

It is further ordered, That Willis E. Monty or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a Trial Examiner under the Commission's rules of practice.

It is further ordered, That without limiting the scope of issues presented by said declarations and applications otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

1. Whether the proposed acquisition by Western will serve the public interest by tending towards the economical and efficient development of an integrated public-utility system.

2. Whether the proposed acquisition by Western is detrimental to the carrying out of the provisions of the section 11 of said act.

3. Whether the proposed acquisition by Western will unduly complicate its capital structure or will be detrimental to the public interest or the interest of investors or consumers or the proper functioning of such holding company system.

4. Whether the proposed accounting entries on the books of Western and Kansas conform to the requirements of said act.

5. Whether the consideration to be paid by Western and to be received by Inland is reasonable and bears a fair relationship to the sums invested and to the earning capacity of the utility assets underlying the securities which are the subject matter of the proposed transactions.

6. Whether competitive conditions have been maintained in the negotiations of the proposed transactions.

7. Whether such sale is a necessary step to effectuate the provisions of section 11 (b).

8. Whether and to what extent it is necessary or appropriate in the public interest to impose terms or conditions in regard to the proposed transactions, especially with respect to any required disposition by Western of utility or nonutility properties which are found to be not retainable under the provisions of said act.

9. Whether the proposed transactions are in the public interest or in the interest of investors and consumers and whether in all respects the proposed transactions comply with all the applicable provisions and requirements of said act and the rules, regulations and orders promulgated thereunder.

By the Commission.

PROCLAMATION 2607

"I AM AN AMERICAN DAY", 1944

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS Public Resolution 67, approved May 3, 1940 (54 Stat. 178), provides in part:

"That the third Sunday in May each year be, and hereby is, set aside as Citizenship Day and that the President of the United States is hereby authorized and requested to issue annually a proclamation setting aside that day as a public occasion for the recognition of all who, by coming of age or naturalization, have attained the status of citizenship, and the day shall be designated as 'I Am An American Day'.

"That the civil and educational authorities of States, counties, cities, and towns be, and they are hereby, urged to make plans for the proper observance of this day and for the full instruction of future citizens in their responsibilities and opportunities as citizens of the United States and of the States and localities in which they reside."

WHEREAS our nation has been enriched, both spiritually and materially, by the naturalization of many thousands of foreign-born men and women, and by the coming of age of great numbers of our youth, who have thereby achieved the full stature of citizenship; and

WHEREAS these citizens have strengthened our country by their services at home and on the battlefield:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, pursuant to the aforesaid public resolution, do hereby designate Sunday, May 21, 1944, as "I Am An American Day", and do set that day aside as a public occasion for the honoring of American citizenship by giving special recognition to all of our citizens who have attained their majority or have been naturalized during the past year; and I call upon Federal, State, and local officials, and patriotic, civic, and educational organizations to plan and hold, on or about May 21, exercises designed to assist our citizens, both native-born and naturalized, to understand more fully the great privileges and responsibilities of citizenship in our democracy.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the city of Washington this 6th day of March, in the year of our Lord nineteen hundred and forty-four, and of the Independence of the United States of America the one hundred and sixty-eighth.

[SEAL]

FRANKLIN D ROOSEVELT

By the President:

E. R. STETTINIUS, Jr.,
Acting Secretary of State.

Chapter XI—War Food Administration (Distribution Orders)

[FDO 17, Amdt. 4]

PART 1407—DRIED FRUIT

RAISIN VARIETY GRAPES, ZANTE CURRANT GRAPES, RAISINS, AND ZANTE CURRANTS

Food Distribution Order No. 17, issued by the Secretary of Agriculture on January 30, 1943, as amended (8 F.R. 1706, 5793, 8795, and 12042), is further amended to read as follows:

§ 1407.2 *Restrictions relative to raisin variety grapes, Zante Currant grapes, raisins, and Zante Currants*—(a) *Definitions.* When used in this order, unless otherwise distinctly expressed or manifestly incompatible with the intent thereof:

(1) The term "person" means any individual, partnership, corporation, association, or other business entity.

(2) The term "Director" means the Director of Food Distribution, War Food Administration.

(3) The term "raisin variety grapes" means Thompson Seedless, Muscat, and Sultana grapes, grown in Fresno, Kern, Kings, Madera, Merced, Stanislaus, San Joaquin, or Tulare Counties in the State of California, in the fresh or partially dried form.

(4) The term "Zante Currant grapes" means grapes of the Zante variety, grown in Fresno, Kern, Kings, Madera, Merced, Stanislaus, San Joaquin, or Tulare Counties in the State of California, in the fresh or partially dried form.

(5) The term "raisins" means raisin variety grapes preserved by the removal of a part of the natural moisture, and includes such fruit in the processed or unprocessed condition.

(6) The term "Zante Currants" means Zante Currant grapes preserved by the removal of a part of the natural moisture, and includes such fruit in the processed or unprocessed condition.

(7) The term "processing" means grading, sizing, stemming, seeding, or treating raisins or Zante Currants by the use of water, steam, chemicals, or compressed or hot air.

(8) The term "producer" means any person engaged in the production of raisin variety grapes or Zante Currant grapes; and such term includes, but is not limited to, any owner of such grapes at the time of the harvesting or picking of such grapes.

(9) The term "packer" means any person engaged in the business of processing and packaging raisins or Zante Currants.

(10) The term "dehydrator" means any person engaged in the business of drying raisin variety grapes or Zante

Currant grapes by the use of artificial heat or by sun drying.

(b) *Restrictions.* (1) No producer may sell or deliver any raisin variety grapes or any Zante Currant grapes, produced in 1943, except to (i) the Office of Distribution (including, but not being limited to, the Federal Surplus Commodities Corporation, or the Commodity Credit Corporation), or (ii) any person designated by the Director, or (iii) any dehydrator for the purpose of converting such grapes into raisins or Zante Currants. No producer may, unless specifically authorized by the Director, use more than 100 pounds of raisin variety grapes or Zante Currant grapes for any purpose other than for conversion into raisins or Zante Currants.

(2) No person may, unless specifically authorized by the Director, purchase or accept delivery of any raisin variety grapes or any Zante Currant grapes, produced in 1943, for any purpose other than for conversion into raisins or Zante Currants.

(3) No person may, unless specifically authorized by the Director, purchase, accept delivery of, or use any raisins or any Zante Currants, produced in 1943, for conversion into alcohol, brandy, wine, any other beverage (whether alcoholic or not), any concentrate, any syrup, or any other product or by-product.

(4) No person may sell any raisins or any Zante Currants, produced in 1943, for conversion into alcohol, brandy, wine, any other beverage (whether alcoholic or not), any concentrate, any syrup, or any other product or by-product except to (i) the Office of Distribution (including, but not being limited to, the Federal Surplus Commodities Corporation, or the Commodity Credit Corporation), or (ii) any person designated by the Director.

(5) Each person, other than a packer, shall, without regard to existing contracts, set aside on March 1, 1944, for delivery to the Office of Distribution, or any person designated by the Director, all of the unprocessed raisins produced in 1943, owned by him on March 1, 1944, or under contract to him on March 1, 1944, and hold such unprocessed raisins so set aside for a period of one year thereafter unless, during such period, said unprocessed raisins are acquired by the Office of Distribution or a person designated by the Director.

(6) No person may sell or deliver any raisin variety grapes, any Zante Currant grapes, any raisins, or any Zante Currants with knowledge or reason to believe that such quantity, or any portion thereof, thus sold or delivered is to be used in violation of this order.

(7) No dehydrator shall convert any raisin variety grapes into raisins by any method other than sun drying, unless specifically authorized by the Director.

(c) *Records and reports.* (1) The Director shall be entitled to obtain such information and require such reports and the keeping of such records by any person, as may be necessary or appropriate in the Director's discretion, to the enforcement or administration of the provisions of this order.

(2) Every person subject to this order shall, for at least two years (or for such period of time as the Director may designate), maintain an accurate record of his transactions in raisin variety grapes, Zante Currant grapes, raisins, and Zante Currants.

(3) The record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942. Subsequent record-keeping or reporting requirements will be subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(d) *Audits and inspections.* The Director shall be entitled to make such audit or inspection of the books, records and other writings, premises or stocks of raisin variety grapes, Zante Currant grapes, raisins, and Zante Currants of any person, and to make such investigations, as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order.

(e) *Petition for relief from hardship.* Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship upon him, may file a petition for relief with the Regional Director, Office of Distribution, War Food Administration, 821 Market Street, San Francisco 3, California. Petitions for such relief shall be in writing, and shall set forth all pertinent facts and the nature of the relief sought. If such person is dissatisfied with the action taken on the petition by the Regional Director, he may, by requesting the Regional Director therefor, secure a review of such action by the Director. The Director may, after such review, take such action as he deems appropriate, and such action shall be final.

(f) *Violations.* The War Food Administrator may, by suspension order, prohibit any person who violates any provision of this order from receiving, making any deliveries of, or using raisin variety grapes, or Zante Currant grapes, or raisins, or Zante Currants, or any other material subject to priority or allocation control by the War Food Administrator, and may recommend that any such person be prohibited from receiving, making any deliveries of, or using materials subject to priority or allocation control of other governmental agencies. In addition, any person who wilfully violates any provision of this order is guilty of a crime and may be prosecuted under any and all applicable laws. Further, civil action may be instituted to enforce any liability or duty created by, or to enjoin any violation of, any provision of this order.

(g) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall be addressed to the Regional Director, Office of Distribution, War Food Administration, 821 Market Street, San Francisco 3, California, Ref: FDO 17.

(h) *Delegation of authority.* The administration of this order and the powers vested in the War Food Administrator, insofar as such powers relate to the administration of this order, are hereby delegated to the Director. The Director is authorized to redelegate to any employee of the United States Department of Agriculture any or all of the authority vested in him by this order.

(i) *Effective date.* This order shall become effective at 12:01 a. m., p. w. t., on the 4th day of March 1944.

With respect to violations, rights accrued, liabilities incurred, or appeals taken under Food Distribution Order No. 17, as amended, prior to the effective time of this amendment said Food Distribution Order No. 17, as amended, shall be deemed to be in full force and effect for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, liability, or appeal.

AUTHORITY: Regulations in this subchapter issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696; Pri. Reg. 1 as amended May 15, 1943, 8 F.R. 6727.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-494, Stay of Execution]

LOUIS M. HERMAN COMPANY

Louis M. Herman, doing business as The Louis M. Herman Company, of Boston, Massachusetts, has appealed from the provisions of Suspension Order No. S-494, issued February 21, 1944, and has requested a stay on the ground that irreparable harm would be done his business if the suspension order were not stayed pending final determination of his appeal. In view of the foregoing, it is hereby ordered, that the provisions of Suspension Order No. S-494, issued February 21, 1944, are hereby stayed. This stay shall take effect upon date of issuance.

Issued this 6th day of March 1944.

PART 3296—SAFETY AND TECHNICAL EQUIPMENT [1]

[Preference Rating Order P-43, as Amended Mar. 6, 1944]

LABORATORIES

Section 3296.106 [1] *Preference Rating Order P-43* is hereby amended to read as follows:

For the purpose of assisting laboratories in getting materials and to promote the national defense, preference ratings and an allotment symbol are hereby assigned to deliveries of such materials under the terms and within the limitations set forth in this order:

§ 3296.106 *Preference Rating Order P-43*—(a) *Definitions.* The meaning of various terms used in this order is set forth below:

(1) "Laboratory". Any person located in the United States, its territories or possesions, who carries on scientific or technological investigation, testing, development or experimentation as his regular business or in the course of his business and who buys any materials especially for that purpose is considered a "laboratory" under this order in making such purchases, even though he does not have a separate department or organization in his company or institution for these activities. The term "laboratory" includes research laboratories, production control laboratories, testing laboratories, analytical laboratories, clinical laboratories, and instructional laboratories. It does not include any person to the extent that he is engaged in the manufacture of products for commercial sale or public distribution, even though the place in which the products are manufactured may be called a laboratory. "Serial-numbered laboratory" means a laboratory which has been assigned a serial number under this order. (Paragraph (g) explains how to apply for a serial number.)

(2) "Material" means any commodity, equipment, accessory, part, assembly or product of any kind. The term includes, but is not limited to, maintenance, repair and operating supplies for laboratories, equipment and instruments designed for use in laboratories, and other materials needed to carry on scientific or technological investigation, testing, development or experimentation. The term also includes such items as hand tools and safety equipment purchased by a laboratory for sale to its employees for use only in the laboratory activities. The term does not include chemicals prepared and packed for reagent use, which may be obtained in the manner provided in Order P-135.

(b) *How a laboratory gets controlled materials.* A laboratory may get controlled materials (as defined in CMP Regulation 1) needed for carrying on scientific or technological investigation, testing, development or experimentation by placing on its order the allotment symbol V-9, and the certification set forth in Priorities Regulation 7, or the following certification:

The undersigned certifies, subject to the criminal penalties for misrepresentation contained in section 35 (A) of the United States Criminal Code, that the items covered by this order are required to carry on scientific or technological investigation, testing, development or experimentation, and that this order is placed in compliance with Preference Rating Order P-43.

Such an order is an authorized controlled material order for the purpose of all CMP Regulations.

(c) *How a laboratory gets Class A products.* A laboratory may get Class A products needed for carrying on scientific or technological investigation, testing, development or experimentation by placing on its order the preference rating AA-2 (or AA-1 in the case of serial-numbered laboratories or laboratories operated by the Army or Navy of the United States) and the certification set forth in Priorities Regulation 7 (or the certification set forth in paragraph (b) above) plus the following statement:

You are authorized to use the allotment symbol V-9 to order controlled materials and Class A products needed to fill this order or contract.

Serial-numbered laboratories must include their serial number in the certification. It is not necessary to show the weight of controlled material on such an order. The manufacturer of a Class A product who receives an order so endorsed may place an authorized controlled material order for controlled materials required to manufacture the product by using the symbol V-9 and the certification set forth in Priorities Regulation 7. If he requires an A component for the A product, he may use the same procedure as the laboratory uses in ordering A products; that is, he may place on his order the preference rating received from the laboratory, using the Priorities Regulation 7 certification plus the statement set forth above in this paragraph (c). The manufacturer of the A product may buy the other materials and products he needs to make the A product by placing the preference rating he received from the laboratory and the allotment symbol V-9 on his order with the certification set forth in Priorities Regulation 7.

(d) *How a laboratory gets other materials and products.* A laboratory may get the other materials and products needed for carrying on scientific or technological investigation, testing, development or experimentation by placing on its order the preference rating AA-2 (or AA-1 in the case of serial-numbered laboratories or laboratories operated by the Army or Navy of the United States) and symbol V-9, and the certification of Priorities Regulation 7 (or the certification set forth in paragraph (b) above). Serial-numbered laboratories must include their serial number in the certification.

(e) *Use of priorities assistance for construction.* (1) The priorities assistance provided by this order may be used to get materials for maintenance and repair of buildings or structures without getting permission under Order L-41 (Construction). The term "maintenance and repair", as used in this paragraph, means the work necessary to keep a building or structure in sound working condition or to fix it when it has become unsafe or unfit for service because of wear and tear; also the minimum work necessary to prevent more damage to a building or structure (or its contents) which has been damaged by fire, flood, tornado, earthquake, acts of war, or the like.

(2) The priorities assistance provided by this order may also be used to get materials for construction jobs (other than maintenance and repair) needed to carry on scientific or technological investigation, testing, development or experimentation where the cost of the job does not exceed $500. (In determining the cost of a construction job, the laboratory's cost of labor and the cost of any equipment which is being installed to carry on scientific or technological investigation, testing, development or experimentation, may be excluded. No construction job shall be subdivided for the purpose of coming within the $500 limit.) Under Order L-41 any such construction job may be carried on without getting permission to begin construction under Order L-41. All other construction may be carried on only to the extent permitted under the provisions of Order L-41. The

[1] Formerly Part 3277, § 3277.1.

term "construction", as used in this paragraph, means putting up or altering any sort of a building and the installing of equipment or fixtures.

(f) *Restrictions on use of this order and materials obtained under it.* (1) The priorities assistance provided to laboratories by this order may not be used to get materials for developmental or experimental activities in connection with products or materials designed primarily for future civilian markets unless such activities will be carried on without diverting any manpower, technical skill, or facilities from activities connected with the war effort. No serial-numbered laboratory shall use the AA–1 preference rating assigned by this order to get materials for carrying on developmental or experimental activities in connection with products or materials designed primarily for future civilian markets.

(2) Materials obtained under this order may be used to make experimental models or test runs of material, but only the minimum number of models or minimum size run needed to determine the suitability of the item for commercial production. Such models or materials shall not be distributed for the purpose of promoting sales or creating a consumer demand for such items; nor shall such items, if designed primarily for future civilian markets, be exhibited to the public.

(3) So far as practicable, no serial-numbered laboratory shall use the AA–1 preference rating assigned by this order to get materials for use in activities other than research and production control. For example, no educational institution which has been assigned a serial number shall use the AA–1 rating to purchase materials which are to be used only for instructional laboratory purposes, and no hospital which has been assigned a serial number shall use the AA–1 rating to purchase materials which are to be used only for clinical laboratory purposes. However, the AA–2 rating which is assigned to non-serial-numbered laboratories may be used for such instructional or clinical purposes.

(4) The priorities assistance provided by this order shall not be used to get materials for the production of any facility which is intended to be used to produce products or materials on a commercial scale, even though such facility may involve new features or developments. However, the priorities assistance may be used to get materials for the production of experimental models which are intended to be used only in developmental or experimental activities.

(5) The preference ratings assigned by this order shall not be applied to the delivery of any item appearing on List A or B of Priorities Regulation 3, except as specifically permitted in List B with respect to laboratory instruments and equipment.

(6) Material obtained under this order shall not be used for any purpose except scientific or technological investigation, testing, development or experimentation, within the limits stated above in this paragraph (f). Physical segregation of inventories is not required, but adequate records should be kept to show, quantitatively, that material obtained under this order is not used for other purposes.

(g) *Assignment of serial numbers.* Any laboratory desiring a serial number under this order may apply to the War Production Board on Form WPB–167 (formerly Form PD–107), in triplicate, for the assignment of a serial number. Serial numbers will be assigned only to laboratories which are engaged in research or production control activities and then only in cases where the War Production Board, in its discretion, determines (1) that the activities of the laboratory are highly essential in the prosecution of the war, and (2) that the assignment of a serial number is necessary in furtherance of the war effort.

(h) *Reports by serial-numbered laboratories.* Whenever the War Production Board shall so direct, each serial-numbered laboratory shall file with the War Production Board a report on Form WPB–3456 setting forth the principal activities of the laboratory and all other information required by the form. Failure of any serial-numbered laboratory to file the required report when directed to do so by the War Production Board shall be sufficient cause for revocation of the serial number. This reporting requirement has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(i) *Effect on other orders.* (1) Except as otherwise provided herein, nothing in this order shall be construed to relieve any laboratory from complying with any applicable regulation or order of the War Production Board (including orders in the "E", "L" and "M" series) or with any order of any competent authority. Specifically, the assignment of preference ratings and an allotment symbol by this order does not relieve any laboratory from complying with the provisions of Limitation Order L–144 with respect to laboratory equipment.

(2) The quantity restrictions set forth in paragraph (f) of CMP Regulations 5 and 5A shall not be applicable to any laboratory obtaining material under this order.

(j) *Inventory restrictions.* No laboratory shall at any time accept delivery of any material (whether or not such material is obtained pursuant to this order) if the laboratory already has a practicable minimum working inventory thereof or if the acceptance of the material will cause such laboratory to have an inventory of the material in excess of a practicable working minimum, as provided in § 944.14 of Priorities Regulation 1. Furthermore, no laboratory shall accept delivery of any controlled material if acceptance of the controlled material would cause it to violate the inventory limitations of CMP Regulation 2.

(k) *Use of other ratings or allotment numbers or symbols.* Nothing contained in this order shall prevent any laboratory from using any ratings or allotment numbers or symbols which it may be entitled to use by reason of any preference rating certificate or any other order or regulation of the War Production Board; but the ratings assigned by this order shall be effective, notwithstanding the provisions of paragraph (k) (1) of CMP Regulation 5 and paragraph (l) (1) of CMP Regulation 5A.

(l) *Penalties for misrepresentation or other violations.* (1) The placing of any order bearing a certification or symbol as provided by this order shall constitute a representation, subject to the criminal penalties of section 35 (A) of the United States Criminal Code (18 U.S.C. 80), that the person placing the order is entitled, under the terms of this order, to use of the symbol or preference rating indicated thereon.

(2) Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(m) *Records.* Each laboratory acquiring materials pursuant to this order shall keep and preserve, for a period of not less than two years, accurate and complete records of all materials so acquired. Such records shall, upon request, be submitted to audit and inspection by a duly authorized representative of the War Production Board.

(n) *Communications to War Production Board.* All communications concerning this order and all applications and reports shall, unless otherwise directed, be addressed to: War Production Board, Safety and Technical Equipment Division, Washington 25, D. C., Ref: P–43.

PART 1075—CONSTRUCTION

[Conservation Order L-41 as Amended Mar. 7, 1944]

§ 1075.1 *Conservation Order L-41*—(a) *What this order does.* This order limits construction. It is necessary in order to conserve materials, construction equipment, labor and transportation. In most cases, except where the construction is of a special kind, you must get permission from the War Production Board for construction. This permission (sometimes called "authorization to begin construction") must not be confused with preference ratings or priorities. If a construction job is allowed, either because it is not of the kind restricted by this order or because permission has been obtained, it may still be necessary to get preference ratings for the materials and fixtures which are needed. On the other hand, if you have ratings for materials, or materials on hand, you may still have to get permission to use them for a particular construction job.

(b) *What is meant by construction.* Construction covered by this order includes putting up or altering any sort of a structure, including a building, road, bridge, dam, sewer, and similar jobs; also the installing of equipment or fixtures. Certain special kinds of construction are excepted, as explained in paragraphs (c) and (d) below.

(c) *How much construction is allowed without getting permission.* You need not get permission under this order for construction which does not total more than the limits shown in the following list for all jobs begun in the same year. For an explanation of how to figure "cost," see paragraph (i). If a utility connection will be required (electricity, gas, water, steam or telephone), it may be necessary to get War Production Board approval for the connection. If so, approval for the connection must be obtained *before* beginning construction, even if the cost of construction comes within the limits. The limits for all jobs begun in the same year are as follows:

(1) $200 for a house, including the entire residential property.

(2) $1,000 for a farm, including the farm house; a farm means a place used for raising crops, livestock, dairy products, poultry, etc., primarily for the market.

(3) $1,000 for a hotel, apartment building or other residence for six or more families. Any residence for five or less families is considered a house under (1) above.

(4) $200 for an office, bank, store, laundry, garage, restaurant, or other retail service establishment, except that the limit is $1,000 for a unit containing more than five establishments of this kind.

(5) $1,000 for a church, hospital, school, college, public playground for children, or for a publicly owned building or group of buildings used for public purposes.

(6) $1,000 for a bridge, overpass, underpass, tunnel, dock, pier, airport, bus terminal or for a railroad or street railway building or group of buildings.

(7) $1,000 for an irrigation or drainage system serving more than one farm.

(8) $1,000 for a building or group of buildings which will be used for warehouse or for off-farm storage purposes.

(9) $1,000 for all monuments and structures on the same cemetery lot or for all cemetery buildings or structures in the same cemetery.

(10) $1,000 for a military exchange situated on a reservation of the Army or Navy.

(11) $1,000 for a building or group of buildings which will be used directly in furnishing any of the electric, gas, water or heating utility services listed in paragraph (a) (1) of Order U-1, and which will be owned by a utility producer as defined in that paragraph, or which will be used directly in furnishing communication services and which will be owned by an operator as defined in paragraph (a) (1) of Order U-2, or in paragraph (a) (1) of Order U-6, or which will be used directly for a sewage system and owned by a sewage system operator as defined in Order P-141.

(12) $5,000 for a factory, plant or other industrial unit which is used for the manufacture, processing or assembling of any goods, except that the limit is $200 if the goods are listed on Schedule A at the end of this order or if the productive floor area of the unit upon completion of construction is less than 10,000 square feet.

(13) $200 for any other kind of construction.

(d) *Special kinds of construction which do not require permission.* It is not necessary to get War Production Board permission under this order for the following kinds of construction, and the cost of such construction need not be charged against the cost limits stated in paragraph (c).

(1) Maintenance and repair; that is, work necessary to keep a building or structure in sound working condition or fix it when it has become unsafe or unfit for service because of wear and tear; also the minimum work necessary to prevent more damage to a building or structure (or its contents) which has been damaged by fire, flood, tornado, earthquake, acts of war, or the like. Changes in material are permitted in doing maintenance and repair work. Additions, structural alterations, or the completion of unfinished parts of buildings are not considered maintenance and repair. Rebuilding or restoring after damage caused by fire, flood, tornado, earthquake, acts of war, or the like, is not permitted as maintenance and repair, but is permitted in some cases as explained below.

(2) The rebuilding or restoring of a house (including a farm house) or other residential building damaged or destroyed after July 1, 1943, by fire, flood, tornado, earthquake, acts of war, or the like, if the cost of rebuilding or restoring is less than $5,000.

(3) The rebuilding or restoring of farm buildings damaged or destroyed by fire, flood, tornado, earthquake, acts of war, or the like, if the cost of rebuilding or restoring is less than $5,000, where the immediate reconstruction is determined by the United States Department of Agriculture to be essential to the agricultural program.

(4) The rebuilding or restoring of a building or structure damaged or destroyed by disaster, where the Red Cross has been given priority assistance to restore the disaster area, and where the rebuilding or restoring has been determined by the Red Cross to be essential.

(5) Construction necessary to prevent threatened loss of farm products, where immediate construction is determined by the United States Department of Agriculture to be essential to the agricultural program.

(6) Construction owned by the United States Army, Navy, Maritime Commission, War Shipping Administration, Coast Guard, Marine Corps, Civil Aeronautics Authority, Coast and Geodetic Survey, or Panama Canal.

(7) Insulating buildings with materials such as storm windows and doors, pipe covering, loose fill, blanket or bat insulation, plain or granule surfaced rigid insulation, and weather stripping.

(8) [Deleted Mar. 7, 1944]

(9) Grading, ditch-digging or similar earth-moving operations, if no cement, lumber or other building materials are used, except clay tile and non-reinforced concrete pipe.

(10) Various kinds of construction connected with farms, railroad tracks, utilities, mines, smelters, wells, the petroleum industry, the lumber industry, the chemical industry, steel mills, broadcasting facilities and laboratories, as described in Schedule B.

(11) A construction job which began before this order originally became effective (April 9, 1942), or at a time when the job was not limited by this order, and has gone on without interruption.

(12) Construction jobs which are classed as minor capital additions under CMP Regulation No. 5 or under CMP Regulation No. 5A. This exception applies only to:

(i) Additions to factories, plants and other industrial units which will have a productive floor area of 10,000 square feet or more, and which are for the manufacturing, processing or assembling of goods which are not listed in Schedule A.

(ii) Hospitals.

(e) *All other construction forbidden without WPB permission.* No person shall do any construction which has not been permitted by the War Production Board, unless it is of a kind described in paragraph (c) or (d) above. This prohibition applies to a person who does his own construction work, to one who gets a contractor to do it for him, and

to any contractor or subcontractor who works on the job or gets others to work on it. It also applies to any supplier who furnishes material for the job if he knows or has reason to know that the construction has not been permitted.

(f) *How to apply for permission.* (1) Schedule C at the end of this order shows the various types of application forms, and where they should be filed.

(2) In case of emergency, application may be made by wire or in person instead of on a printed form. It must be made to the office in which a written application for the same construction should be filed. The following information must be given:

(i) Cause of the emergency (fire, flood, etc.).

(ii) What the building or structure is used for.

(iii) Type of construction.

(iv) Why immediate construction is necessary.

(v) Estimated cost of construction.

(g) *Preference rating includes permission in some cases only.* There are some forms of preference rating orders and certificates which are issued or have been issued for special kinds of construction and which include permission for construction although they do not say so. These are listed in Schedule D at the end of this order. In all other cases, a preference rating is not enough, unless the instrument which assigns the rating also states that construction is permitted under this order.

(h) *Other restrictions on use of some items.* Permission for construction or the exception of any construction from this order does not relieve any one from complying with the various WPB orders or directives which restrict the use of copper and other scarce materials or fixtures. If you do not know about these restrictions, consult the nearest War Production Board District Office.

(i) *How to figure cost.* (1) For the purpose of determining whether a construction job may be started without getting permission from the War Production Board, "cost" means the cost of the whole construction job as estimated at the time of beginning construction, except that the cost of used material or used fixtures may be disregarded.

(2) If any materials or fixtures which have not been used are obtained without buying them, their value must be included as part of the cost.

(3) The cost of processing machinery or equipment need not be included but the cost of installing it and the cost of plumbing, heating, and air conditioning equipment and of all other equipment not used directly in the processing of materials must be included.

(4) The cost of labor must be included, but if labor is unpaid its value need not be included. Contractors' fees also must be included but architects' and engineers' fees need not be.

(5) All construction on the same unit must be included. The word "unit" means any group of buildings or structures (including roadways, pipelines, etc.) which are situated near to each other, and which serve the same general purpose, or closely related purposes. For example, each of the following is a unit: a house, together with a detached garage, tennis court, swimming pool, etc.; a farm, including the farm house, barn, hen house, dairy, etc.; a manufacturing plant with a number of buildings used for the same or different processes, together with administration buildings, cafeterias, etc. In no case may a single building or structure be treated as more than one unit.

(6) The cost per year must be determined on a calendar year basis, beginning with January 1, 1943, except that a company which regularly keeps its books on a fiscal year basis may use the fiscal year.

(j) *Penalties for violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any Department or Agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining any further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 7th day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A

This schedule is referred to in paragraphs (c) (12) and (d) (12). In the case of a unit principally designed for the manufacture, processing or assembling of any of the following articles, the cost limit is $200 in any one year without getting permission:

(i) Athletic supplies, sporting goods, or toys or games.

(ii) Beverages, except milk.

(iii) Books, magazines, newspapers, greeting cards, or other printed or engraved matter.

(iv) Candy or chewing gum.

(v) Cigars, cigarettes, smoking or chewing tobacco or snuff.

(vi) Jewelry, watches, luggage, brushes, razors, pipes, and like articles for personal use or adornment.

(vii) Furniture, store fixtures, barroom fixtures, bowling alleys and the like.

(viii) Silverware, woodenware, household electrical appliances, draperies, rugs, and all other household appliances and equipment, but not including china and glassware.

(ix) Musical instruments.

(x) Stationery or office supplies.

(xi) Toiletries or cosmetic products.

(xii) Wearing apparel of every sort, except for the Army or Navy and their auxiliaries, and except safety equipment or safety clothing as defined in Order L-114.

SCHEDULE B

Permission under this order is not necessary for the following kinds of construction which are referred to generally in paragraph (d) (10).

1. Construction on structures which are to be used directly in the discovery, development or depletion of mineral deposits; also maintenance work, repairs and minor capital additions given priorities assistance under order P-56 (relating to mines and smelters).

2. Construction which is regulated by any petroleum administrative order issued by the Petroleum Administrator for War. (Construction of this kind is permitted only to the extent authorized by the applicable petroleum administrative order.)

3. Construction of telephone and telegraph facilities or equipment, other than buildings, if authorized or permitted under the terms of Order U-2 (§ 4501.1) or Order U-6 (§ 4501.21).

4. Laying railroad tracks, together with the construction of necessary operating facilities, but not including buildings, tunnels, overpasses, underpasses, or bridges.

5. Construction of facilities (other than buildings) which will be used directly in furnishing any of the electric, gas, water or heating utility services listed in paragraph (a) (1) of Order U-1 and which will be owned by a utility "producer" as defined in that paragraph.

6. Construction of facilities (other than buildings) which will be used directly for a sewerage system and will be owned by a sewerage system "operator" as defined in Order P-141.

7. Installation or erection of rationed farm machinery, or mechanical equipment, which has been obtained on a purchase certificate issued by a County Farm Rationing Committee under Food Production Order 14 of the War Food Administration, or of wire fencing which has been obtained on P.R. 19 certification.

8. Drilling and casing of water wells, but excluding any use of pipe to conduct water on the surface.

9. Use by any logger or lumber manufacturer of lumber, nails, gravel, or clay products in construction needed to change the site of logging or lumbering operations; also the construction of timber access roads financed wholly or in part by defense highway appropriations.

10. Construction which is given priorities assistance under Order P-89 (relating to facilities for the manufacture of chemicals).

11. Construction which is given priorities assistance under Order P-68 (relating to facilities for the manufacture of steel).

12. Rearrangement or expansion of facilities and equipment, other than buildings, by an international point-to-point radio communication carrier to the extent that priorities assistance is granted under P-133 for such work.

13. Construction which is given priorities assistance under Order P-43 (relating to laboratories).

SCHEDULE C

NOTE: Schedule C amended Mar. 7, 1944.

Application forms to be used in obtaining permission to begin construction under L–41 and where to file them, unless otherwise instructed. These forms are to be used whether or not priorities assistance or controlled material allotments are required.

Type of construction	Application form	Where filed
Farm construction, including farm dwellings	WPB–617 (formerly PD–200).	County Agricultural Conservation Committee having jurisdiction over the site.
Housing for 8 families or less per building; and hotels and apartment houses for 6 or more families providing additional living quarters for war workers.	WPB–2896 (formerly PD–105).	FHA Field Office having jurisdiction over the site.
Hotels, and apartment houses for 6 or more families not providing additional living quarters for war workers:		
Total cost less than $25,000	WPB–617 (formerly PD–200).	WPB District Office having jurisdiction over the site.
Total cost $25,000 or more	WPB–617 (formerly PD–200).	WPB, Washington, D. C.
Public roads	PR 1 PA	State Highway Department having jurisdiction over the site.
Water, gas, steam, electricity or telephone facilities for use by public.	WPB–2774	WPB, Washington, D. C.
Factories, plants and other industrial units; and all other kinds of construction not listed above:		
Total cost less than $25,000	WPB–617 (formerly PD–200).	WPB District Office having jurisdiction.
Total cost $25,000 or more	WPB–617 (formerly PD–200).	WPB—Washington, D. C.

In cases where Tax Amortization privileges are requested, the application to begin construction, together with the application for Certificate of Necessity should be filed with the War Production Board, Washington, D. C. rather than as designated above.

"Total cost" as used in Schedule C includes the cost or value of used materials and fixtures, processing machinery and equipment and architects' and engineers' fees, although these are not included in "cost" for the purpose of determining how much construction may be done under paragraphs (c) and (d) of L–41 without getting permission under that order.

NOTE: The application forms specified in Schedule C have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

SCHEDULE D

NOTE: Schedule D amended Mar. 7, 1944.

The following preference rating orders or certificates are referred to in paragraph (g). If you have received one of these orders or certificates for your construction, the construction is permitted by the WPB:

P–19–h, CMPL–224, GA–1456	Relating to projects important to the war effort or essential civilian needs.
P–55–b, WPB–2896	Housing.
WPB–2774	Relating to utility facilities.
WPB–542, PD–3A	Relating to command construction and certain other construction carried on under the supervision of the Armed Services.
P–14–a, P–14–b, P–19, P–19–a, P–19–d, P–19–e, P–19–g, P–19–i, P–41, P–55–b, P–55–amended, P–110, PD–3, CMPL–127	These orders and certificates are no longer used, but jobs which were authorized by them may go on.

INTERPRETATION 1

[Superseded by L–41, as amended November 1, 1943, which incorporates the substance of the interpretation.]

INTERPRETATION 2

Conservation Order L–41 (§ 1075.1) does not apply to the construction or erection of temporary motion picture sets of a kind which may be stored between the taking of pictures, nor to the incorporation of such temporary sets into permanent sets for the taking of a single motion picture. However it does apply to the construction of permanent outdoor motion picture sets and foundations for sets of a kind which are designed for use in more than a single picture at one location. (Issued Nov. 13, 1943)

INTERPRETATION 3

EARTH-MOVING OPERATIONS

Under the provisions of paragraph (d) § 1075.1 *Conservation Order L–41* it is not necessary to get War Production Board permission for construction of a kind consisting of "grading, ditch-digging or similar earth-moving operations if no cement, lumber or other building materials are used except clay tile and non-reinforced concrete pipe." This applies only to projects which can be completed without the use of any other materials. It does not apply to earth-moving operations which are part of a construction job in which other materials will be incorporated before completion. (Issued Nov. 23, 1943)

PART 1157—CONSTRUCTION MACHINERY AND EQUIPMENT

[Limitation Order L–192 as Amended Mar. 7, 1944]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply for defense, for private account and for export, of rubber and other materials used in the production of construction machinery and equipment and repair parts; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1157.10 *Limitation Order L–192.*

(a) [Revoked Jan. 10, 1944]

(b) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable Regulations of the War Production Board, as amended from time to time.

(c) *Definitions.* (1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Producer" means any person engaged in the manufacture of equipment.

(3) "Equipment" means that construction machinery and equipment listed in Schedules A, B, and D attached hereto, but shall not include any equipment on rubber tired chassis or running gear built for or usable for the transportation of commodities or persons.

(4) "New", when applied to equipment, means any equipment which has never been received or accepted by any person acquiring it for use.

(5) "Repair part" means any part manufactured for use in the repair and maintenance of equipment; but does not include components or attachments which change the functional operations of the equipment as originally shipped.

(6) "War agency" means the Army, Navy, Maritime Commission, War Shipping Administration and the military forces of any foreign country entitled to receive deliveries pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend–Lease Act).

(7) "United States" means the United States of America and its territories and possessions.

(8) "Supplier" means any producer, dealer, distributor or other person engaged in the business of selling equipment or repair parts.

(9) "Dealer or distributor" means any person who is engaged in the business of purchasing equipment or repair parts for the purpose of resale.

(d) *Procedure for placing and receiving equipment orders*—(1) *For Schedule A equipment.* No person shall place or accept any order for new equipment listed in Schedule A, except according to the following procedure:

(i) Every person, except a war agency, desiring to place such an order shall file an application for authorization to purchase on Form WPB–1319 in quintuplicate with the War Production Board regional office in the region in which such person desires to use such equipment. Such application when approved by the War Production Board shall establish all conditions under which such order may be placed with the supplier including the assignment of preference ratings if not previously granted.

(ii) Every person, except a war agency who applies for such equipment by filing Form WPB–1319 thereby makes representation that he has complied with all the terms of Limitation Order L–196 as amended.

(iii) A war agency shall furnish the Construction Machinery Division, War Production Board, Washington 25, D. C. with Form WPB–1319 made out in duplicate at the time that any order for such equipment is placed with a producer.

(iv) No person shall accept an order for such equipment from any person except a war agency, unless such order is accompanied by such authorization on Form WPB–1319.

(2) *For Schedule B equipment.* Nothing in this order shall prevent any person from placing or accepting an order for new equipment listed in Schedule B, subject to all applicable regulations of the War Production Board.

(3) [Revoked Jan. 10, 1944]

(4) Except as provided in paragraph (e) (2), nothing in this order shall prevent any person from placing or accepting an order for new equipment listed in Schedule D, subject to all applicable regulations of the War Production Board.

(e) *Restrictions on production of equipment.* (1) No producer shall use or put into process any materials for the production or assembly of

(i) Any new equipment except in accordance with such production schedules as may be approved by the War Production Board as provided in paragraph (f) hereof;

(ii) [Revoked Jan. 10, 1944]

(iii) Any parts to be physically incorporated into new equipment in excess of those required by approved production schedules: *Provided,* That this subparagraph (e) (1) (iii) shall not apply to the production of repair parts or components or attachments;

(iv) [Revoked Jan. 10, 1944]

(2) In addition to such limitations and prohibitions as may be imposed by Order L–217 and all schedules thereto, no producers shall use or put into process any materials for the production or assembly of any equipment listed in Schedule D.

(f) *Production schedules.* (1) On or before the 15th day of each calendar month, every producer shall file in quadruplicate on Form WPB–1689 a statement of his production for the previous month and his proposed production schedule of all new equipment projected for all additional monthly periods for which production may be planned. Approval or modification of such production schedule of all new equipment for the three calendar months succeeding such filing, or for such shorter time as production may be planned, will be indicated on an approved copy of said Form WPB–1689 returned to such producer prior to the first day of the calendar month succeeding such filing. Except as provided in paragraph (f) (2) hereof, no producer shall change his production schedules as approved or changed by the War Production Board without specific authorization of the War Production Board.

(2) Any producer of new equipment listed in Schedule B may produce all or any one or more items of such equipment appearing on his approved production schedules on Form WPB–1689 at any time during the months for which the schedules were approved, and need not therefore in that regard produce in strict accordance or sequence with the individual monthly production schedules approved: *Provided,* That the total quantity of each item produced during such period shall not exceed that authorized on such approved schedules.

(3) In scheduling production of equipment for delivery to persons other than war agencies, it will be the general policy of the War Production Board to allow each producer a quarterly production quota based on the ratio of his production in the period 1937–1941, inclusive, to the total production of all producers during that period. For example, if a producer's production of a particular type of equipment during the period 1937–1941, inclusive, was 10% by dollar value of the total production of that type by all producers during that period, it will be the general policy to allow him in each calendar quarter a quota of 10% of the total approved production of that type of equipment for delivery to persons other than war agencies.

(g) *Inventory reports.* On or before the 15th day of each calendar month, every producer shall file in quadruplicate on Form WPB–1689, a statement of finished unsold inventory, as of the last day of the preceding calendar month, of new equipment including that in the possession of his dealers and distributors. Every dealer and distributor, on the fifth day of the month, shall report his inventory of new equipment as of the last day of the preceding calendar month to the producer from whom such equipment was purchased, or, if not purchased, to the producer for whom the distributor or dealer is acting as agent.

(h) *Prohibiting transfer and use of new equipment.* No producer shall use for other than experimental or demonstration purposes, or sell, lease, trade, lend, deliver, ship or transfer any new equipment unless

(1) [Deleted Jan. 10, 1944]

(2) Such use, sale, lease, trade, loan, delivery, shipment or transfer has been specifically approved by the War Production Board as follows:

(i) On or before November 25, 1942, and on or before the 15th day of each succeeding calendar month, every producer shall file in quadruplicate on Form WPB–1689 a statement showing his proposed delivery schedule of all unfilled orders of new equipment, his shipments made during the calendar month previous to filing, and also his shipments during the current month to the date of filing. Approval of a delivery schedule of all new equipment for the calendar month succeeding such filing, whether or not such equipment is actually shipped during that month, will be indicated on an approved copy of said form returned to such producer prior to the first day of that month.

(ii) [Deleted Jan. 10, 1944]

(iii) The War Production Board may at any time revoke any delivery authorization provided for in subparagraph (h) (2) (i) above as to any or all new equipment included therein, direct or change the schedule for deliveries of any new equipment, allocate any order for any new equipment listed on a producer's Form WPB–1689 to any other producer, or direct the delivery of any new equipment to any other person, at regularly established prices and terms.

(iv) Except as provided in subparagraph (h) (2) (v) hereof, and notwithstanding any preference rating heretofore or hereafter granted, no producer shall change his schedule of deliveries of any new equipment as approved or changed by the War Production Board, without specific authorization of the War Production Board.

(v) Any producer may deliver any item of new equipment listed in Schedule B to the amount permitted by approved production schedules regardless of his schedule of deliveries of such equipment as listed on his current Form WPB–1689. Such deliveries shall be subject to all applicable Regulations of the War Production Board.

(i) *Restrictions on resale, rental and use.* (1) Every person, except a war agency, to whom delivery of any new equipment listed in Schedule A has been authorized pursuant to this order, must use such equipment on the project described in the authorization to purchase and will be subject to the provisions of paragraphs (i) (2) and (i) (3) hereof.

(2) Every person except a war agency, thirty days prior to the sale, lease or use on any other project of such equipment, shall complete, sign and return Form WPB 1333 to the Used Construction Machinery Regional Specialist in the War Production Board Regional office in the region in which the WPB–1319 was originally approved for such equipment.

(3) The War Production Board at any time on two weeks' written notice, may require any such person who owns such equipment to sell, lease, or use such equipment as directed.

(4) Nothing in this order shall be deemed to affect the applicability of Limitation Order L–196.

(j) *Restrictions on sale and delivery of repair parts.* A supplier must not sell or deliver repair parts to any person unless the sale or delivery is permitted by one of the following subparagraphs:

(1) *Repairs for current use.* A supplier may sell or deliver repair parts to any person for current use if the purchaser certifies that he will need the parts to replace worn out parts within 30 days after receiving them. The certification must be in substantially the following form: "Authorized under Order L–192—current use". This certification shall constitute a representation to the War Production Board that the repair parts ordered are required to replace worn out parts within 30 days after receipt of the parts ordered and are not for stock; that the purchaser does not have other parts on hand or on order with any other supplier for this purpose; and that the purchaser has complied with the provisions of Limitation Order L–196 (if the equipment for which the repair parts are sought is subject to the provisions of Limitation Order L–196). The purpose of this subparagraph (1) is to release by certification repair parts

which will be put immediately (or within 30 days after receipt) into construction machinery in order that such machinery may be kept operating or put into condition to operate. This subparagraph (1) is not intended to permit the purchase of repair parts for stock. Paragraph (j) (4) tells how an equipment owner can get authorization on Form WPB–1319 from the War Production Board to purchase a stock of repair parts.

Exception. The above certification for current use must not be used for parts orders over $1000 if such parts are to be used for crawler, walker or truck type shovels, cranes or draglines, with a rated capacity of less than 2½ cubic yards. Parts orders over $1000 for current use for such machines must be approved on Form WPB–1319, in accordance with subparagraph (4) below, before the sale or delivery can be made. Repair parts purchase or delivery orders must not be subdivided for the purpose of coming within this $1000 limitation.

(2) *War agencies and persons repairing war agency equipment.* (i) This paragraph (j) does not restrict the sale or delivery of repair parts to war agencies for direct use by them.

(ii) A supplier may sell or deliver repair parts to any person who has contracted to repair equipment owned by a war agency if the purchaser certifies that the parts will be used only to repair equipment owned by the war agency. The certification must be given in substantially the following form: "Authorized under Order L–192—war agency contract". This certification shall constitute a representation to the War Production Board that the buyer has contracted to repair equipment owned by a war agency and that the parts ordered will be used only for the repair of that equipment.

(3) *Exports.* A supplier may sell or deliver repair parts for export on any purchase order for $50 or less if the purchaser certifies that the parts are for export. The certification must be given in substantially the following form: "Authorized under Order L–192—for export". This certification shall constitute a representation to the War Production Board that the parts ordered are for export. If the purchase order is for more than $50, it must be approved on Form WPB–1319, as explained in the next subparagraph. However, nothing in this order shall be deemed to relieve any person from the necessity of getting an export license from the Foreign Economic Administration where such license is required.

(4) *Specific authorization to buy repair parts.* A supplier may sell or deliver repair parts for stock or any other purpose not provided for above if the purchase or delivery of the repair parts has been specifically authorized by the War Production Board. Application for this authorization and for a preference rating, if none has been previously assigned, may be made by filing Form WPB–1319, in quadruplicate, with the Washington office of the War Production Board. When a person receives authorization on Form WPB–1319, to purchase repair parts, he may give his supplier the authorization along with his purchase order or, if he prefers, he may give the supplier a certification in substantially the following form: "Authorized under Order L–192—on Form WPB–1319". This certification shall constitute a representation to the War Production Board that the purchase or delivery of the repair parts ordered has been specifically authorized by the War Production Board on Form WPB–1319.

(5) *Sales to producers.* This paragraph (j) does not restrict the sale or delivery of repair parts to producers.

(6) *Sales to dealers and distributors.* Unless otherwise specifically directed by the War Production Board, this paragraph (j) shall not restrict the sale or delivery of repair parts to dealers or distributors located in the United States or Canada.[1] However, a dealer or distributor located in the United States must not purchase repair parts under this exemption to repair construction equipment owned by him. If he wants to use repair parts for that purpose, he may do so by following the procedure of paragraph (j) (1) above. For example, if he is getting repair parts from another supplier for the repair of his own equipment, he must give the certification of paragraph (j) (1) or the WPB–1319 authorization to the other supplier; if he wants to repair his equipment with parts which he originally acquired for resale, he may do so and, in that case, the certification or the WPB–1319 authorization must be placed in his file.

(7) *Orders received before March 20, 1944.* Suppliers may make delivery of repair parts on any order received before March 20, 1944, if the order has been placed in accordance with paragraph (j) of Order L–192, as amended January 10, 1944.

(k) *Certification.* Each L–192 certification provided for in paragraph (j) must be signed manually or as provided in Priorities Regulation 7. If the person signing an L–192 certification is using a preference rating on his order, he may add the L–192 certification to any certification used to apply the preference rating instead of giving two separate certifications. The standard certification of Priorities Regulation 7 must not be used instead of the L–192 certification, although the standard certification may be used along with it in applying a preference rating. A supplier may rely on any such L–192 certification unless he knows or has reason to believe it to be false.

(l) *Spares.* Orders for repair parts intended to be used as spares for new equipment listed in Schedule A must be placed with the producer at the same time as the order for such new equipment and must be listed on the Form WPB–1319, on which the new equipment is listed.

(m) *Allocation of repair parts production.* No producer shall deliver to war agencies in any one month any repair part whatsoever in excess of 75% of his sales of that repair part during the month, if the delivery would prevent deliveries of such repair part to fill orders properly placed by other persons. Similarly, no producer shall deliver to other persons in any month more than 25% of his sales of any repair part if the delivery would prevent the filling of orders for delivery of such repair part to war agencies. "Other persons", as used in this paragraph, shall not include dealers or distributors who have ordered repair parts for their stock or inventory. A dealer or distributor, in placing a purchase order with a producer for repair parts for which he has received a customer's order that he is unable to fill out of his stock, may state on his purchase order to the producer whether the repair part is being ordered for a war agency or not. If the repair part is being ordered for a war agency, delivery by the producer on such order shall be considered a delivery to a war agency for the purpose of this paragraph. If the repair part is being ordered for a person other than a war agency, delivery by the producer on the order shall be considered a delivery to "other persons" for the purposes of this paragraph.

(n) *Filling repair parts orders upon specific direction of the War Production Board.* A producer shall, upon the specific direction of the War Production Board on Form WPB–1319, make delivery of any repair part to fill any order specified in such direction. When application has not previously been filed, the person authorized to receive such repair part shall return to the War Production Board a signed copy of Form WPB–1319 as confirmation of the application. However, confirmation copies need not be filed by War agencies.

(o) *Substitution and conservation of critical materials.* In the manufacture of any item of equipment or repairs parts, no producer shall use any alloy steel, stainless steel, aluminum, magnesium, copper, brass, bronze, zinc, nickel, tin,

[1] If a dealer or distributor located in the United States wants a preference rating to increase the size of his stock of repair parts, or to establish a new stock of repair parts for resale, he may apply for a preference rating on Form WPB–547 (formerly PD–1X) for repair parts to be obtained from a manufacturer. Such a dealer or distributor may, of course, extend any preference ratings received from his customers.

cadmium, or fabricated rubber products where the use of other less critical materials will not impair the efficiency of operation of such item.

(p) *Records.* All persons affected by this order shall keep and preserve for not less than two (2) years accurate and complete records concerning inventories, purchases, production and sale.

(q) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(r) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(s) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter, in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal. The letter should be filed with the field office of the War Production Board in the district in which is located the plant or branch of the appellant to which the appeal relates.

(t) *Communications.* All communications concerning this order, except where specific reference is made therein to the contrary, shall be addressed to Construction Machinery Division, War Production Board, Washington 25, D. C., Ref: L–192.

Issued this 7th day of March 1944.

WAR PRODUCTION BOARD,

Recording Secretary.

SCHEDULE A

Angledozers and modifications thereof
Batchers, construction material
Batching plants, construction type
Bins, construction material, portable
Bins, construction material stationary
Brooms, contractors rotary
Buggies and carts, concrete, hand operated
Buggies and carts, concrete, power propelled
Bulldozers and modifications thereof
Chutes, concrete handling
Concrete surfacing machines, highway type
Conveyors, construction material, portable belt type and for portable plants
Cranes, crawler mounted power
Cranes, tractor mounted power and modifications thereof
Cranes, rubber tired mounted power except freight handling lift trucks
Crushers, jaw (sizes 9" x 14" to 30" x 44" openings, inclusive); except those intermediate sizes as indicated in Schedule D (Ref: L–217), and except those sizes of a type designed exclusively for mining and smelting
Crushers, roll, construction aggregates, portable type, except those sizes and types as indicated in Schedule D (Ref. L–217)
Crushing plants, portable type
Derricks, guy, contractors and material handling, stationary type
Derricks, stiff leg, contractors and material handling, stationary type
Discs, road, harrow type for construction work
Discs, road, wheel mounted type
Distributors, bituminous
Distributors, water (street sprinklers and flushers)
Ditchers, blade
Ditchers, ladder
Ditchers, wheel
Draglines (see cranes)
Draglines, slack line
Draglines, walking
Dredges and dredge equipment, except mining
Drilling machines, blast hole drills, churn drill type
Drilling machines, portable water well, churn drill type
Drilling machines, rock portable mounted
Dryers, construction aggregate
Earth boring machines, vertical auger type (except post hole diggers)
Excavators (see power shovels)
Finegraders and subgraders, self-propelled type
Finishers, concrete paving
Finishers, bituminous paving
Finishers and rodding machines for wet concrete
Forms, concrete road
Graders, blade or pull type earth moving
Graders, elevating earth moving
Graders, self-propelled earth moving
Graders, under truck type
Grapples
Hammers, pile
Heaters, and circulators, tank car
Hoists, contractor and material handling exceeding 6,000 pounds line pull at 250 FPM line speed or exceeding 1,300,000 foot pounds effort based on second wrap of cable
Hoppers, portable concrete
Jacks, mud
Loaders, portable bucket (other than drag, flight or scraper type coal conveyors)
Loaders, portable snow
Logging arches, tractor drawn
Maintainers, road
Maintainers, shoulder
Mixers, aggregate pulverizer
Mixers, agitator concrete truck type, except those sizes and types as indicated in Schedule D (Ref. L–217)
Mixers, concrete truck mounted with elevating towers
Mixers, concrete construction, above 7 cubic feet except those sizes and types as indicated in Schedule D (Ref. L–217)
Pavers, concrete
Plants, stabilizing
Plants, asphalt, including travel mix type
Plants, bituminous patch, hot or cold mixer type (more than 10 ton per hour capacity)
Plows, cable laying
Plows, snow (rotary and blower types)
Plows, snow (V and blade types—truck, tractor, grader or railroad mounted, including wings)
Power control units for tractors (both cable and hydraulic)
Pumps, concrete, except for well cementing
Pumps, portable engine or electric-motor-driven pumping units mounted on skids, with or without handles, or trailer mounted larger than 90,000 gallons per hour, self-priming centrifugal pumps, horizontal or vertical triplex piston road pumps, ordinarily used for contractor's purposes or by contractors for dewatering and supply, except those sizes and types as indicated in Schedule D (Ref. L–217)
Rippers, road
Rollers, road pneumatic tired
Rollers, road portable
Rollers, tamping and sheepsfoot
Rollers, road tandem
Rollers, road three wheeled
Scarifiers—complete machines not attachments
Scrapers, carrying and hauling, both drawn and self-propelled, except sizes listed in Schedule D
Screening plants, portable type
Shovels, crawler mounted power
Shovels, rubber tired mounted power
Shovels, tractor mounted power
Sprayers, (maintenance units) bituminous material (over 300 gallon capacity)
Spreaders, concrete paving
Sweepers, street
Sweepers, street motor pick-up
Towers, concrete placing
Towers, material elevating
Wagons, crawler trailer (contractors', logging cane, etc.)
Wagons, logging (wheel type)
Washing and screening plants, portable type
Wheels, crawler trailer (complete assemblies)
Winches, tractor mounted

SCHEDULE B

Backfill tampers
Breakers, paving
Buckets, clamshell [1]
Buckets, concrete [1]
Buckets, dragline [1]
Buckets, orange peel [1]
Buckets, scraper (bottomless) for dragline operation [1]
Clay diggers
Concrete surfacing machines, hand carried type
Derricks, small stiff leg, guy, pole, tripod, and setter types with hand power hoists or winches of not over 4 ton maximum capacity
Drills, jack hammer
Drills, rock, except portable mounted
Form tamping and pulling machines
Heaters, asphalt surface
Heaters, concrete mixer
Hoists, contractors and material handling, hand type and power driven having specifications not exceeding 6,000 pounds line pull at 200 FPM line speed or not exceeding 1,300,000 foot pounds effort based on second wrap of cable
Joint and crack filling machines
Kettles, bituminous heating
Mixers, concrete construction, 7 cubic feet and smaller; except those sizes and types as indicated in Schedule D (Ref. L–217)
Mixers, plaster and mortar
Paving breakers
Plants, bituminous patch, hot or cold mixer type (10 ton per hour capacity and under)
Post hole diggers, vertical auger type (power driven)
Pumps, portable engine or electric motor driven pumping units, mounted on skids, with or without handles, or trailer mounted 90,000 gallons per hour and smaller self-priming centrifugal pumps, plunger pumps, or diaphragm pumps ordinarily used for contractors purposes or by contractors for dewatering and supply, excluding farm type, industrial type and underwriters approved fire fighting pumps; except those sizes and types as indicated in Schedule D (Ref. L–217)
Screen, rotary, vibrator and gravity types, other than coal, mining, industrial or those for screening mud on well drilling, used as a component part of or replacement for a portable crushing, screening or washing plant.
Sprayers, (maintenance units) bituminous material (300 gallon capacity and smaller)
Spreaders, construction material
Vibrators, concrete
Winches, contractor (see hoists)

SCHEDULE C

[Revoked Jan. 10, 1944, and items transferred to Schedule A]

[1] This item may be purchased as a repair part if it is being purchased to replace a similar item that is worn out.

SCHEDULE D

The manufacture of items of equipment appearing in Schedule D will be discontinued in accordance with paragraph (e) (2).

Any item to the extent prohibited by any schedule to Limitation Order L–217
Finegraders and subgraders, drawn type
Joint levellers
Scrapers, carrying and hauling, over 15 cu. yd. struck capacity
Scrapers, drag, fresno and rotary over 27 cubic feet (or one cubic yard) capacity except those under jurisdiction of Limitation Order 257

INTERPRETATION 1: Revoked Jan. 10, 1944.

[F. R. Doc. 44–3247; Filed, March 7, 1944; 11:16 a. m.]

PART 3118—CONSUMERS' GOODS INVENTORIES

[Limitation Order L–219, Interpretation 3, as Amended Mar. 7, 1944]

The following interpretation is issued with respect to Limitation Order L–219.

(a) *Mercantile inventory.* A merchant may acquire such control over consumers' goods for the purpose of sale that he is required to include them in his mercantile inventory under Order L–219 even though he neither has legal title to the goods nor holds them on consignment or on memorandum for sale. The following are examples (not intended to be exhaustive) of situations in which a merchant has such control over consumers' goods that he is required to include them in his mercantile inventory:

Examples. (1) *A clothing retailer states:* A manufacturer has shipped apparel to him in advance of the shipping date specified by the retailer. It is difficult for him to return the goods. If he accepts the shipment, his receipts will become restricted under paragraph (d) (1) of the order.

He inquires: Whether, with the manufacturer's approval, the goods may be stored in a local warehouse in the manufacturer's name and excluded from the retailer's mercantile inventory until he is ready to accept delivery.

The answer is: The facts outlined suggest that, despite the use of the manufacturer's name for storage purposes, it is understood by the manufacturer and the retailer that the goods while so stored will remain subject to the retailer's control and disposition in all material respects and that essentially the storage is for the retailer's account. If that inference is correct, the goods must be considered as part of the retailer's mercantile inventory when they are so stored.

(2) *A retailer states:* He has arranged for a jobber to purchase from a manufacturer certain diamonds selected by the retailer. The jobber is to sell the diamonds so purchased to the retailer. The terms of the sale from the jobber to the retailer include postponement of delivery and payment. The retailer undertakes to specify the time for delivery within a period agreed upon and to make payment upon delivery. The transaction is subject to the condition that if the retailer is unable, by reason of Order L–219, to take delivery within the time agreed upon, the transaction will not be considered at an end, but the delivery date will be extended until such time as the retailer can take delivery without violating the order.

The retailer inquires: Whether he may exclude the diamonds from his mercantile inventory until he accepts delivery from the jobber.

The answer is: The facts indicate that in making the purchase from the manufacturer the jobber is merely acting as an agent for the retailer. Further, under the agreement described, prior to delivery to the retailer, the jobber would in effect be storing the goods for the retailer's account until such time as the retailer requested delivery. It follows that the retailer's control over the goods is such that he must include them in his mercantile inventory at the time the jobber acquires them from the manufacturer.

(3) *A controlled merchant states:* He operates a department store. He proposes to make a loan to a wholesale perfumer and to take as security boxes of perfume which are to remain in the possession of the wholesaler. He has agreed with the wholesaler that the loan will be paid before Christmas by transfer of the security from the wholesaler to the retailer.

The merchant inquires: Whether he must include these boxes of perfume in his mercantile inventory under Order L–219, prior to the time they have been transferred to him in payment of the loan he has made to the wholesaler.

The answer is: If the transaction is a genuine loan, the retailer is not required to include the perfume in his mercantile inventory until the perfume is transferred to him. Whether the transaction is a genuine loan depends not merely on the form of the transaction but on the intent and effect of the parties' agreement. For example: If in a falling perfume market the retailer could insist upon the payment of the loan in cash and refuse to accept the perfume in extinguishment of the debt, or if in a rising market the wholesaler could insist on paying the loan in money, then the transaction has the characteristics of a genuine loan. The form of a loan may, however, disguise a present sale with delivery postponed. In that event if, considering the situation of the parties and the business involved, it appears that as a practical matter the true effect of the transaction is to transfer immediately to the retailer unqualified control over the perfume, then it must be included in the retailer's mercantile inventory at the time the agreement is made.

(4) *A controlled merchant states:* That his inventory on May 1 included certain consumers' goods which he held on consignment for sale. On July 30 he shipped the consigned goods back to the owner. On August 2, the owner returned the goods to him.

The merchant inquires: Whether he may exclude the merchandise involved from his mercantile inventory on August 1, and thereby avoid having his receipts restricted under paragraph (d) (1) of the order.

The answer is: While the merchant went through the form of returning the goods, the facts outlined indicate that he did so pursuant to an understanding with the owner that the return was not to be an abandonment of the consignment and that the owner would ship the goods back to the merchant after the first of the month. If that inference is correct, then there was no genuine return but rather the use of a purported return as a device to evade the order, while the actual relations of the parties with respect to the goods remained essentially unchanged. The merchant retained control over the merchandise in all essential respects. Under such circumstances the merchant is required under Order L–219 to treat such goods as part of his mercantile inventory on August 1.

(b) *Factory inventory.* The meaning of the words "immediate vicinity" as used in paragraph (a) (2) (i) of Order L–219 is governed by the purpose of the transfer of goods to storage, as well as the distance of the storage place from the factory. If goods are transferred from the factory to a warehouse in the same general area for storage and ultimate distribution without regard to geographical location of customers, then such goods would be considered "factory inventory." If the transfer of goods from factory to warehouse is made because of convenience to channels of distribution, then such goods would be considered "mercantile inventory." Movement of goods within the same wholesale center does not usually constitute a change in classification from factory to mercantile inventory. However, each case must be examined individually in the light of the facts peculiar to the specific operation.

(c) *Piece goods and other consumers' goods manufactured from piece goods.* Piece goods such as silks, velvets, rayons and synthetics, woolens, cottons, linens, mixtures, wash goods and linings, are consumers' goods under the order. (See List B of the order.)

Piece goods become part of a merchant's mercantile inventory under the order, under the following conditions:

(1) In the hands of the manufacturer of the piece goods the determination of when they must be treated as mercantile inventory rather than factory inventory is governed by paragraphs (a). (2) and (a) (12) of the order.

(2) Piece goods held for sale as piece goods by a merchant who did not manufacture such goods are part of his mercantile inventory. This rule applies even though the merchant is a wholesaler who sells bolts of piece goods only to apparel manufacturers. Since sales of piece goods to individual ultimate consumers for personal or household use are customarily made from piece goods which retailers buy in bolts, the fact that a wholesaler does not sell his piece goods to individual ultimate consumers does not change the nature of the piece goods while he holds them for sale. (See paragraph (h) of Interpretation No. 1 to Order L–219, issued May 8, 1943.) Hence, the wholesaler is required to treat the piece goods he holds for sale as part of his mercantile inventory under the order.

(3) When a merchant holds piece goods which he intends to manufacture or to have manufactured into other consumers' goods which he will hold for sale, the following rules apply to the piece goods and to the other consumers' goods:

(i) If he does not customarily sell such other consumers' goods to other merchants and his practice is confined to selling such other consumers' goods to individual ultimate consumers through stores which he owns or controls, then his piece goods are part of his mercantile inventory under the order. Likewise the other consumers' goods made from such piece goods are part of his mercantile inventory regardless of their physical location.

(ii) If the merchant customarily sells the other consumers' goods which he manufactures or causes to be manufactured from his piece goods to other merchants in addition to selling such other consumers' goods to individual ultimate consumers through his own store or stores which he controls, then his piece goods are not part of his mercantile inventory under the order. However, if he is the manufacturer of such other consumers' goods (manufactured from his piece goods) then he must include them in his mercantile inventory when they are transferred from his factory inventory to a stock-carrying branch warehouse or to stores which he owns or controls (paragraph (a) (12) of the order). If he is not the manufacturer of the other consumers' goods but is, for example, a contract-employer such as a dress jobber, the method of determining when such other consumers' goods are mercantile inventory and when they are factory inventory is explained in paragraph (i) of Interpretation No. 1, issued May 8, 1943.

(d) *Converters.* A merchant inquires whether Order L–219 applies to the convert-

ing trade. The answer is that if the converter merely converts unfinished goods which he does not own into finished consumers' goods for the account of the owner and returns the goods to the owner, then the converter is not subject to Order L-219. A converter who operates in that fashion does not hold consumers' goods for sale and, hence, he has no mercantile inventory under paragraph (a) (2) of the order. However, if the converter is also engaged, or is solely engaged in finishing his own goods and in marketing such goods, then his operations are governed by paragraphs (a) (2) (i) and (a) (12) of the order. These paragraphs define the circumstances under which goods manufactured by a merchant become part of his mercantile inventory and subject to control if the merchant meets the requirements of paragraph (a) (4) of the order.

(e) *"Goods in transit" and "business day" (paragraph (a) (2) (iii) of Order L-219).* If it has been a merchant's regular practice to include in inventory goods in transit, he must continue to do so under Order L-219. If it has been the merchant's practice to exclude goods in transit from his inventory, he must, nevertheless, include in his inventory at the beginning of a quarter goods which he received up to 12:01 a. m. of the last day of the month preceding the beginning of the quarter. This rule is not changed by the fact that the last day of the month may be a Saturday and that the merchant's premises may be closed on Saturdays. The provision of paragraph (a) (2) (iii) of the order that goods shall cease to be considered in transit "not later than one business day after they are delivered to a merchant on his premises," etc. was not included for the purpose of allowing a merchant an extra day of sales to set off against his receipts. Rather, it was provided as a convenient cut-off period for accounting purposes, since in many cases receipts of merchandise are not checked by receiving-room personnel for days after such goods have been delivered.

(f) *"In transit" (paragraph (a) (2) (iii) of Order L-219).* If a controlled merchant who has bought consumers' goods stops their carriage for the purpose of storing the goods with the carrier and receiving the shipment in inventory at a later time, the goods will cease to be considered in transit not later than one business day after the merchant has stopped the shipment.

(g) *Repossessed, replevined, abandoned merchandise and "trade-ins".* In dealing with these goods under the order, a controlled merchant must be guided by the requirements of paragraph (j) of the order. This provision requires the merchant in his current computations and for all other purposes of the order, to treat the goods in a manner which follows and is consistent with his base period practice. Thus, with respect to repossessed, replevined or abandoned merchandise: If it was the merchant's practice during his base period to cancel the sales when the goods were retaken, then the goods need not be included in the computation of his receipts of consumers' goods under the order, although they become part of his mercantile inventory. If it was not his practice to cancel the sale of goods so retaken, then they must be included in the computation of his receipts under the order. With respect to "trade-in" merchandise: If in his base period practice the merchant deducted the value of "trade-ins" from his net sales, then the "trade-ins" need not be included in the computation of his receipts, but do become part of his mercantile inventory. On the other hand, if he did not deduct the value of "trade-ins" from his net sales under his base period practice, then the "trade-ins" must be included in the computation of his receipts under the order.

(h) *Goods "held for sale".* A merchant holds goods for sale within the meaning of paragraph (a) (2) (iv) of the order even though he has transferred possession to another person if: Such other person is not to use the goods or to sell them to a third party but is to deliver them either back to the merchant for sale or to the merchant's customers.

(i) *Services. Question:* Paragraph (a) (1) of Order L-219 states that goods used in rendering personal services, such as shoe repairing, are not included in the term "consumers' goods" for the purposes of the order. What other services illustrate this provision?

Answer: Radio maintenance and repair, appliance maintenance and repair, hemstitching, monogramming, fur repair, fur storage, hosiery repair, jewelry repair, shoe shining, beauty parlor and barber shop services, magazine subscription service, photofinishing and portrait photography, typewriter repair, optical service and prescription grinding, and compounding of prescription medicines.

(j) *Segregation* (paragraph (i) (1) of Order L-219). *Question:* If a merchant finds it is impracticable to segregate consumers' goods from materials used in rendering services in keeping his records, making his computations and in other matters under the Order, how should he treat them?

Answer: He must include them in his mercantile inventory. In that case, the price charged for the service for which they are used is a part of the selling price, the amount of which is likewise to be included in net sales. The treatment of such matters in compiling the current figures must be consistent with their base period treatment.

(k) *Consumers' goods.* The following goods are considered as consumers' goods even though the inventories are held in and the sales are made through service departments, or the operations involved have some features resembling services:

(1) Cosmetics, other than those used in rendering beauty parlor services.

(2) Cameras, picture frames, roll films and other photographic supplies.

(3) Radio receivers, loudspeakers, tubes, batteries, aerials, and other electrical products; also repair parts suitable for sale to consumers for making repairs at home, even though at times used also in rendering repair services.

(4) Men's custom clothes.

(5) Fresh flowers.

(6) Draperies.

(7) Carpets and linoleum.

(8) Medicines suitable for sale to consumers without further compounding, even though at times used also in prescription work.

(9) Stationery and related items stocked in a form suitable for sale to consumers without further processing, even though at times used in printing to the customer's order.

(10) Industrial uniforms sold on a drop shipment basis (see paragraph (a) (5) of the Order).

(11) Binoculars, sun glasses and spectacle frames.

(12) Apparel, even though altered to fit.

(13) Custom-made fur coats.

(14) Typewriter ribbons.

(15) Leather straps, metal bands, bracelets and similar attachments, used to hold a watch on the wrist.

(16) Wallpaper.

(l) *Fur skins and trimmings.* Fur skins which have not been made up into finished articles of apparel are not consumers' goods. Fur trimmings are consumers' goods.

(m) *Watch movements and cases.* Uncased watch movements and empty watch cases are not consumers' goods.

(n) *Mountings and unset stones.* Loose precious stones and mountings in which stones have not yet been set are consumers' goods.

(o) *Diamonds sold in "papers" (List A).* Wholesale diamond merchants may consider a "paper" of diamonds as one unit in determining whether they qualify for exemption under paragraph (b) (1) of the order, on the ground that more than 50 per cent of their business is done in jewelry selling at $200 or more per piece: *Provided,* That

(1) The wholesaler's sale of diamonds in such "papers" is consistent with his customary practice, and

(2) That the "paper" of diamonds is offered to the retailer as a "paper" and the retailer is not permitted to select and purchase some diamonds from the "paper" and reject the balance.

(p) *Gas (List A).* Gas, whether natural, manufactured, or mixed, is considered a miscellaneous heat or power fuel for purposes of List A of Order L-219. Any merchant more than fifty per cent of whose aggregate net sales of all kinds of goods during his most recently completed inventory year were sales of gas is exempt under paragraph (b) (1) of Order L-219. Thus, under paragraph (f) (1), a gas utility would compute the percentage of its sales of gas and any other items on List A to total sales for all stores, branches, divisions and sections of its enterprise under common control or ownership. If more than fifty per cent of its total sales in its most recently completed inventory year were of gas or of other items on List A, this utility would be exempt and would not be required to limit inventories in the appliance division of its business.

(q) *Tolerance (paragraph (c) (1) of Order L-219). Question:* If a controlled merchant maintains mercantile inventories in both the East and the West, how should the "tolerance" factor be applied?

Answer: If inventory records are available by geographic areas and inventories are valued at cost:

(1) Take the percentage of the total inventory at the beginning of the quarterly period in the Mountain and Pacific Time Zones, and in the Central and Eastern Time Zones. *Example:* Total inventory at the beginning of the fourth quarterly period $250,000. Inventories held in the Mountain and Pacific Zones, $100,000 or 40 per cent of total; in the Eastern and Central Time Zones, $150,000 or 60 per cent.

(2) Apply the percentages calculated, according to the instructions above, to the computed "normal inventory". *Example:* Computed "normal inventory" at the beginning of the fourth quarterly period, $200,000. "Normal inventory" apportioned to the Mountain and Pacific Time Zones $80,000 (40% of $200,000) and to the Eastern and Central Time Zones $120,000 (60% of $200,000).

(3) Apply the 15% tolerance to that portion of the normal inventory allotted to the West (15% of $80,000) and 10% tolerance to the portion allotted to the East (10% of $120,000).

(4) Add the figures thus obtained ($12,000 and $12,000) to the normal inventory ($200,000) to secure the inventory limit for the business ($224,000). If the inventories are at retail value instead of at cost, apply tolerances of 13% and 8% respectively instead of 15% and 10% (paragraph (1) (1) of the order). If no inventory records are available by geographic areas, write to the War Production Board for instructions, describing the records which are available on a geographic basis.

(r) *Carry-overs of "allowable receipts".* A merchant may "carry-over" from one month of a quarterly period to the next month of that quarterly period any unused portion of his allowable receipts allocated to that month.

Example: Merchant A had allowable receipts for July (of his July-August-Septem-

ber quarterly period) amounting to $110,500. His actual receipts during July were $109,200. His unused allowable receipts are therefore $1,300. The portion of his allowable receipts allocated to August was likewise $110,500. However, he may "carry-over" or add to the $110,500 allowable receipts originally allocated to August, the unused portion of his July allocation. Thus, his allowable receipts for August will, under these conditions, equal $111,800 ($110,500 plus $1,300). A merchant may in no event, however, receive more than one-third of his allowable receipts during the first month of the quarterly period and he may not receive more than two-thirds of his allowable receipts during the first two months of such quarterly period (paragraph (d) (2) of Order L–219).

(s) *"Allowable receipts" must not be exceeded.* After a merchant whose receipts are restricted under paragraphs (d) (1) and (d) (2) has exhausted his allowable receipts for a month, he must not receive any more goods into stock during the remainder of that month. At such times, he must refuse all delivery of consumers' goods.

Question: May a merchant exceed his "allowable receipts" if his current sales trend indicates that his actual sales will be greater than his "projected sales"?

Answer: Under no conditions may a merchant exceed his "allowable receipts" without violating the provisions of Order L–219.

(t) *Wholesaler-sponsored voluntary chains.* Each independent merchant in a wholesaler-sponsored voluntary chain must treat his business as an independent enterprise for all purposes of Order L–219.

(u) *Leased departments.* An independent operator of a leased department must segregate his sales, inventories and receipts of merchandise from those of the lessor (department store, etc.) for all purposes of the order. If he operates a chain of leased departments he must consolidate his records for the entire chain for all purposes of the order (paragraph (f) (1) of the order).

(v) *Three-way exchange (paragraph (n) (1) of Order L–219).* Subject to paragraph (n) (1) of Order L–219, a controlled merchant whose receipts are restricted may make exchanges of consumers' goods with other persons. Such exchanges may be effected between three as well as between two merchants, for example: Merchant A transfers blankets to Merchant B, Merchant B transfers rugs to Merchant C and Merchant C transfers toys to Merchant A. This transaction involves three exchanges, viz: Merchant A has exchanged blankets for toys, Merchant B has exchanged rugs for blankets, Merchant C has exchanged toys for rugs.

(w) *Special sales effected outside a merchant's ordinary method of doing business (paragraph (n) (2) of Order L–219). Question:* What is meant in paragraph (n) (2) of the order by a special sale effected outside a merchant's ordinary method of doing business?

Answer: In each case it depends upon the fields of business operation of the merchant and the purchaser and upon those features of the transaction which differentiate it from sales of the type customarily made by the merchant. Generally speaking, the sale must meet the following requirements:

(1) It must be made "cross stream" or "up stream." That is, it must be made to a person on the same or a higher distributive level, such as a sale by: A retailer to another retailer; a retailer to a wholesaler or manufacturer; a wholesaler to another wholesaler or to a manufacturer. And

(2) It must be made to a purchaser who is not in the same field of business operation as the customers to whom the seller makes sales in the regular course of business. For example, a sale by a hosiery wholesaler to another hosiery wholesaler would not be a special sale if the seller is regularly engaged in selling to the wholesale as well as to the retail trade.

In all cases, the sale must be absolute, that is, there must be no understanding or agreement providing for return of the goods to the vendor or for retention by the vendor of any control over the goods.

(x) *Special sales for cash plus merchandise.* Under paragraph (n) (2) of the order a merchant who sells part of his mercantile inventory by sales effected outside of his ordinary method of doing business for a consideration consisting of cash and other merchandise may apply for an increase of his allowable receipts to the extent of the cash consideration.

(y) *Increase of allowable receipts under paragraph (n) (2) is discretionary. Question:* Does paragraph (n) (2) of the order give the merchant an absolute right to an increase of his allowable receipts to the extent of sales which he has made under the conditions outlined in that paragraph?

Answer: No. The War Production Board may, in its discretion, grant or refuse an increase of allowable receipts requested under paragraph (n) (2).

(z) *Receipts of goods.* Under paragraph (a) (12) of the order a merchant may deduct from the cost value of his receipts of consumers' goods the cost value of goods which he returns in good faith to his vendors because the goods are defective or are otherwise not in accordance with the specifications of his order. However, a merchant who exceeds his allowable receipts is not excused from such violation of the order by returning goods after he has accepted delivery. A merchant may not accept delivery of merchandise if his actual receipts will thereby exceed his allowable receipts.

However, a merchant whose receipts are restricted may, under paragraph (n) (2) of the order, make a "cross stream" or "up stream" sale. This includes a sale by the merchant back to his vendor. While the merchant does not have the right to deduct the consideration for such a sale to his vendor when reporting his receipts under the order, or the right to increase his allowable receipts to the extent of the consideration received for such sale, he may, as provided in paragraph (n) (2) of the order apply to the War Production Board for such an increase of his allowable receipts. (See paragraphs (w), (x) and (y) of this Interpretation.)

(aa) *Effect under Order L–219 of acquisition of a new store by a controlled merchant. (1) When he intends to continue the store purchased as a going business:*

If the purchaser's receipts are not restricted under the order during the quarter in which the purchase occurs, the order places no restrictions on the receipts of the two stores during the remainder of the quarter. However, beginning with the next quarter, the merchant is required, under paragraph (f) (1) of the order to consolidate the current and base period data of the store he acquired with the records of his original store in all of his computations and other matters under the order.

If the receipts of the purchaser are restricted under the order to his allowable receipts during the quarter in which the purchase is made, he must adopt one of the following two courses:

(i) He may treat the stock of consumers' goods in the store he has purchased as receipts, and report them as such when reporting his receipts of consumers' goods for the quarter. However, he may not follow this method if the addition of the cost value of the stock of the new store will cause his receipts to exceed his allowable receipts for the quarter.

(ii) He may in his computations and in all other matters under the order treat the two stores as separate enterprises until the beginning of the next quarter. If at the time of the purchase the receipts of the enterprise he purchased were restricted under the order he must also confine the receipts of that enterprise to its allowable receipts for that quarter. If he adopts this method (treating each store separately) he may, subject to paragraph (n) (1) of the order exchange stock between the two stores. However, he must include in his computation of the receipts of each store the excess, if any, of the cost value of the goods it receives over the cost value of the goods it transfers. Goods so transferred may not be included in the net sales of either store. Regardless of which of these two courses he follows during the quarter in which the purchase occurs, he must, beginning with the next quarter consolidate the records of the two stores as provided in paragraph (f) (1) of the order.

(2) When the purchaser intends to discontinue the operation of the store he purchases:

The merchant's sole purpose in making the purchase may be to remove the stock of the store purchased and add such stock to his own. If those are the only facts involved, then the purchase of the consumers' goods in the stock of the store acquired must be treated under the order in the same manner as any other consumers' goods purchased by the merchant. If the purchaser's receipts are not restricted under the order, there is no restriction upon his acquiring the new stock. On the other hand, if the purchaser is restricted to his allowable receipts for the quarter, he may not acquire merchandise in such amount that his receipts will exceed his allowable receipts. However, the purchase of a store which the merchant intends to discontinue as a going business may involve the purchase of the name, the good will, the accounts, etc., of the store acquired. It may also involve the continuance in some measure of the identity of the business acquired by the merchant who makes the purchase. This may be true, even though the store acquired is discontinued as a going business at its former location. In the situation described, the order does not give the merchant the right to compute on a consolidated basis his inventory-sales ratios, his sales ratios, or his projected sales. Accordingly, if facts of the type outlined should be involved, the merchant should appeal under paragraph (q) (3) of the order for permission to make appropriate adjustments of his computations based upon the necessities of his new situation.

(bb) *Common ownership or control under paragraph (f) (1).* Paragraph (f) (1) of the order requires consolidation of the reports and records of enterprises "under common ownership or control without regard to corporate or other distinctions between such enterprises." Under this provision, enterprises, whether conducted by partnerships, corporations, or otherwise, must consolidate their records under the order where there is common ownership or control, even though the ownership or the control of the enterprises involved is not identical. Each case is to be determined on the basis of the facts involved.

PART 3288—PLUMBING AND HEATING EQUIPMENT

[Limitation Order L–79, Direction 1]

PLUMBING, HEATING AND COOKING EQUIPMENT

The following direction is issued pursuant to Limitation Order L–79.

This direction serves to assist holders of AA–3 ratings, such as the National Housing Agency, in obtaining plumbing, heating and cooking equipment under orders rated AA–3 and placed before January 15, 1944.

As amended January 15, 1944, Limitation Order L–79 provides for the up-rating to AA–3 of certain rated orders placed before that date. All orders bearing a preference rating of AA–3 which were placed prior to January 15, 1944 shall, however, maintain their priority over orders so uprated under Limitation Order L–79. The provisions contained in Priorities Regulation 12 relative to the effective date of rerating are modified to the extent necessary to give effect to this direction.

Issued this 7th day of March 1944.

PART 3288—PLUMBING AND HEATING EQUIPMENT [1]

[General Limitation Order L–107, as amended Mar. 7, 1944]

EXTENDED SURFACE HEATING EQUIPMENT

§ 3288.36 [1] *General Limitation Order No. L–107*—(a) *Definitions.* For the purpose of this order:

(1) "Extended surface heating equipment" means a heat transfer element or any apparatus employing a heat transfer element, designed and constructed for space heating or for industrial heating or drying, and includes, but is not limited to unit heaters, unit ventilators, convectors, blast heating coils and special heating coils. Extended surface heating equipment shall not include heaters for automotive vehicles or aircraft, jacket water coolers for internal combustion engines or critical heat exchangers as defined in Limitation Order L–172 or General Scheduling Order M–293 Table 6 or any device using electricity or any fluid (liquid, gas or vapor) other than steam or hot water as the heating medium, nor any machinery or equipment described in paragraph (e) of this order.

(2) "Heat transfer element" means any device made of metal, of fin-tube construction, designed and constructed for the purpose of transferring heat from steam or water to air. Heat transfer element shall not include any cast iron radiation device designed and constructed for the purpose of transferring heat from steam or water to air, or any device of similar construction designed and constructed for decreasing the temperature of air. Heat transfer element shall include, but is not limited to a heat transfer element designed and constructed as a component part of any machinery or any equipment described in paragraph (e) of this order.

(3) "Repair order" means any order for any part or accessory used to replace any similar part or accessory of extended surface heating equipment required by actual or imminent breakdown of such equipment.

(4) "Producer" means any person who manufactures, fabricates or assembles extended surface heating equipment or heat transfer elements.

(5) "Approved order" means:

(i) Any order which bears a preference rating of AA–5 or better, and a date for delivery specified by the person who has placed the order; or

(ii) Any repair order as defined in paragraph (a) (3) of this order; or

(iii) Any order which has been accepted by a producer prior to August 7, 1943.

(b) *Restrictions on delivery.* On and after the 7th day of August, 1943 no person shall make physical delivery of any extended surface heating equipment except pursuant to an approved order.

(c) [Deleted Mar. 7, 1944]

(d) *Simplification schedules.* The War Production Board may, from time to time, issue schedules establishing simplified practices with respect to types, sizes, forms, specifications or other qualifications for any extended surface heating equipment. From and after the effective date of any such schedule, no such equipment shall be manufactured, fabricated or assembled or delivered by or accepted from any manufacturer except in conformity with the issued schedule, and except as specifically permitted by such schedule.

(e) *Excepted machinery or equipment.* Machinery or equipment, listed in this paragraph, is not subject to the restrictions of this order, except for the heat transfer elements of such machinery or equipment.

(1) Any refrigeration and air conditioning equipment as defined in Limitation Order L–38; or

(2) Any commercial laundry machinery as defined in Limitation Order L–91; or

(3) Any industrial machinery or equipment now specifically restricted or limited as to production or delivery by any order issued by the War Production Board, except that any heat transfer element designed and constructed as a component part of such machinery or equipment shall be subject to the restrictions of this order.

(f) *Reports.* Each producer shall execute and file with the War Production Board such reports as the War Production Board may specify from time to time, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(g) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(h) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate with the Field Office of the War Production Board for the district in which is located the plant or branch of the appellant to which the appeal relates. The letter shall refer to the particular provision appealed from and state fully the grounds of the appeal.

(i) *Communications.* All communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Plumbing and Heating Division, Washington 25, D. C., Reference L–107.

(j) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board as amended from time to time, except as otherwise provided herein.

(k) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 7th day of March 1944.

PART 3288—PLUMBING AND HEATING EQUIPMENT [1]

[Limitation Order L–107, Schedule I, as Amended, Mar. 7, 1944]

EXTENDED SURFACE HEATING EQUIPMENT

§ 3288.37 [1] *Schedule I to Limitation Order L–107*—(a) *Definitions.* For the purpose of this schedule:

(1) "Unit heater" means any extended surface heating equipment which is a factory made assembly and which consists of a heating element and a motor driven fan or blower (or fans or blowers) enclosed in a casing having an air inlet and an air outlet, designed to be placed within or adjacent to a space to be heated and to heat such space by circulating air within it.

(2) "Unit ventilator" means any extended surface heating equipment which is a factory made assembly and which consists of a standard (single tube) heating element with by-pass and temperature regulation dampers, or a distributing tube heating element without by-pass and temperature regulating dampers, a motor driven fan or blower (or fans or blowers) and fresh air regulation damper (or dampers) enclosed in a casing having a fresh air inlet and an air outlet and designed to be placed within or adjacent to a space to be heated, and to heat and ventilate such space by circulating air through it.

[1] Formerly Part 1202, § 1202.2.

(3) "Convector" means any extended surface heating equipment which consists of a heat transfer element enclosed in a cabinet or casing which has an air inlet and an air outlet, and which cabinet or casing serves as a stack to accelerate the circulation of air through the heating element.

(4) "Blast heating coil" means any heat transfer element designed for installation in duct work, for space heating or for drying purposes.

(5) "Special heating coil" means any extended surface heating equipment or any heat transfer element which is not a unit heater, unit ventilator, convector, or blast heating coil as defined in paragraph (a) (1), (2), (3) and (4) of this schedule, and includes, but is not limited to, a convector-radiator or finned-pipe, or any heat transfer element specifically designed for incorporation by a person other than the producer, into extended surface heating equipment or into any other equipment or machinery.

(6) "Standard size unit heater" means a unit heater having certain overall physical dimensions, as specific heating element and a specific fan (or fans), which will develop a specific BTU output per hour heating capacity with free air delivery, when supplied with steam at two (2) pounds pressure per square inch and air at 60 degrees Fahrenheit, and when equipped with a specific single-phase, 60 cycle A. C. electric motor arranged to drive the fan (or fans) at a specific speed.

A standard size unit heater shall not be deemed to be changed;

(i) When the BTU capacity is altered by use of any attachments or appurtenances or by use of an electric motor driven by current other than single-phase 60 cycle A. C.: *Provided*, That when another current is used the speed of the motor shall approximate the speed attained with a single-phase 60 cycle A. C. motor; or

(ii) In the case of any large housed blower unit by the substitution of a tube-within-a-tube heat transfer element of no greater heating capacity than that replaced.

(7) "Modified size unit heater" means a standard size unit heater which has been altered by substituting for its heat transfer element one having less surface, for the purpose of lowering the temperature of the discharged air, when the unit heater is to be operated with steam at a pressure of 30 or more pounds per square inch.

(b) *Simplified practices.* Pursuant to Limitation Order L-107 the following simplified practices are established for the manufacture, fabrication or assembly of extended surface heating equipment:

(1) *Unit heaters.* (i) Manufacture, fabrication or assembly by any producer, is limited to horizontal propeller fan type, vertical propeller fan type, large housed blower type, and small cabinet blower type;

(ii) Heat transfer elements known as double-tube or tube-within-a-tube coils are permitted only in standard size large housed blower type unit heaters, and then only if all temperature regulation dampers are omitted;

(iii) Manufacture, fabrication or assembly by any producer is limited to not more than 48 sizes, of which not more than 24 shall be standard size unit heaters, and not more than 24 shall be modified size unit heaters; *Provided*, That no more than 10 standard size unit heaters and 10 modified size unit heaters may be made in any one of the following three types; horizontal propeller fan type, vertical propeller fan type, and large housed blower type; *And provided, further*, That not more than two standard size unit heaters may be made in the small cabinet blower type;

(iv) Not more than one model of any one size may be made, but a model will not be deemed to be changed by the inclusion or omission of attachments or accessories such as dampers or filters, or in case of a large housed blower type unit by the substitution of a double-tube or a tube-within-a-tube for a single tube heat transfer element;

(v) No horizontal propeller fan type unit heater shall be made smaller than 24,000 BTU per hour output capacity;

(vi) No vertical propeller fan type unit heaters shall be made smaller than 144,000 BTU per hour output capacity;

(vii) No large housed blower type unit heater shall be made smaller than 216,000 BTU per hour output capacity;

(viii) No small cabinet blower type unit heater shall be made larger than 150,000 BTU per hour output capacity.

(2) *Unit ventilators.* (i) Manufacture, fabrication or assembly, by any producer, is limited to six sizes based upon rated c. f. m. free air delivery capacity (A. S. H. V. L. standard anemometer test), not more than four of which shall be other than the so-called cabinet schoolroom type. Not more than two different sizes of heating elements shall be used in any given size of unit ventilator;

(ii) So-called cabinet type, schoolroom unit ventilators shall be made only with free-standing cabinets without special provisions for recessing in wall construction.

(3) *Convectors.* (i) Manufacture, fabrication or assembly by any producer is limited to not more than 20 sizes of heat transfer elements. Nominal depths shall not be other than 6, 8 or 12 inches;

(ii) Not more than two styles of and headers shall be used for all sizes of convectors, regardless of the type or size of pipe connections;

(iii) Cabinets for any use except in hospitals for mentally disturbed patients shall be limited to three heights and shall be either free standing or wall hung models without special provisions for installation in wall recesses. Only one style of damper, and one style of grille is permitted, and only one grille may be provided for any convector cabinet. Convector cabinets used in hospitals for mentally disturbed patients may be produced to conform with the specified needs of such installations.

(4) *Blast heating coils.* (i) Manufacture, fabrication or assembly by any producer of any single tube blast heating coil is limited to not more than five widths (or heights), of which at least two shall be small "booster" coils;

(ii) Manufacture, fabrication or assembly by any producer of any double-tube or tube-within-a-tube blast heating coil is limited to not more than three widths or heights;

(iii) Tubes for such coils shall not be of any but the following nominal lengths:

INCHES

12	30	72
15	42	84
18	48	96
21	54	108
24	60	120
30	66	132
		144;

(iv) Such coils shall be only of types with one or two rows of tubes;

(v) Such coils shall be made in not more than two different numbers of fins per inch of length.

(5) *Special heating coils.* Manufacture, fabrication or assembly by any producer is limited to those sizes, types and designs produced by him on or before the 28th day of July 1943.

(6) Alloys used for coating heat transfer elements or parts thereof shall not contain more than seven percent of tin by weight.

(7) Casings, enclosures and parts thereof shall not contain any metal other than iron and steel and, except for small fittings, shall not be coated with any metal other than lead, or metal which may be a part of a paint mixture, provided such use of such metal is not prohibited by any order of the War Production Board.

(8) Electric motors shall be single speed types only. Direct current motors used with belt driven equipment shall have a rated speed of 1800 R. P. M.; alternating current motors so used shall have not more than four poles.

(9) The use of copper, copper base alloy or aluminum in extended surface heating equipment is prohibited except when used in accordance with Conservation Order No. M-9-c or any Order in the M-1 series.

(c) *General exceptions.* The provisions of this Schedule shall not apply to any extended surface heating equipment manufactured, fabricated or assembled on a contract, sub-contract or purchase order for delivery to or for the account of the Army, Navy, Maritime Commission or War Shipping Administration of the United States for use on ships, including floating drydocks.

(d) *Selection and report of models and sizes.* Each producer of extended surface heating equipment shall determine the models and sizes of the various kinds of extended surface heating equipment which he proposes to manufacture, fabricate, or assemble under this Schedule, and shall report to the War Production Board on Form WPB 1902 (PD-754), on or before the 27th day of August, 1943, a complete description of each model and size to be manufactured, fabricated or assembled. Each producer shall thereafter produce only those models and sizes so reported, unless written permission is received from the War Production Board to produce any other models or sizes than those reported. This reporting requirement has been approved by the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(e) *Repair parts.* Nothing in this schedule shall restrict the manufacture or shipment of repair parts for any extended surface heating equipment.

(f) *Effective date of simplified practices; exceptions; report.* (1) On and after the 26th day of September, 1943, no extended surface heating equipment (except repair parts), which does not conform to the simplified practices established in this schedule, shall be produced or delivered by any producer or accepted by any person from any producer: *Provided, however*, That except as noted in (2) below, the foregoing shall not prohibit the delivery by any producer or acceptance by any person of such extended surface heating equipment not in conformity with these simplified practices, in his stock in finished form on the 26th day of September, 1943, or which can be assembled into completed equipment from cast, machined or otherwise processed materials in the producer's inventory on said date.

(2) No extended surface heating equipment, the heat transfer elements of which are made of copper or copper base alloy, shall be delivered by any producer or accepted by any person from any producer, except in accordance with the provisions of Conservation Order M-9-c as amended from time to time.

(3) Each producer shall report in a letter on or before the 27th day of August, 1943, the number and size of each type of extended surface heating equipment defined in this schedule not in conformity with the provisions of this schedule and which he has produced or will produce and offer for sale on and after the 26th day of September, 1943. The War Production Board may thereupon take such action, with respect to such extended surface heating equipment, as it deems advisable. This reporting requirement has been approved by the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

Issued this 7th day of March 1944.

PART 3292—AUTOMOTIVE VEHICLES, PARTS AND EQUIPMENT

[Conservation Order M-216 as Amended Mar. 7, 1944]

CONSERVATION OF NEW AUTOMOTIVE VEHICLES SUBJECT TO RATIONING BY FEDERAL AGENCIES

§ 3292.96 *Conservation Order M-216*—(a) *Findings of fact with respect to reserve vehicles.* Approximately 393,000 new passenger automobiles and 130,000 new commercial motor vehicles are in the possession of or under the control of producers, distributors, dealers, sales agencies and finance agencies throughout the United States. These vehicles, hereinafter referred to as "reserve vehicles," are now held for ultimate use in the prosecution of the war through rationing procedures, established as to passenger automobiles by General Conservation Order M-130, effective June 8, 1942, and by Office of Price Administration New Passenger Automobile Rationing Regulations, Order No. 2A, effective March 2, 1942, and as to new commercial motor vehicles by General Conservation Order M-100, effective March 9, 1942. In view of the discontinuance of production, the stock of reserve vehicles herein referred to constitutes the total available supply of such vehicles in the United States. They are urgently needed for war purposes and for the maintenance of the industrial economy of the nation. The maintenance of these vehicles in prime mechanical condition is indispensable to their full utilization for the war purposes for which they are being reserved. These reserve vehicles can be maintained in prime mechanical condition provided conservation operations are performed upon them as set out in the Standards for Maintenance of New Automotive Vehicles, incorporated herein as Schedule 1.

(b) *Statement of policy with respect to requisitioning reserve vehicles.* The standards for maintenance of new automotive vehicles set out as Schedule 1 to this order and made part thereof, are hereby adopted for the maintenance of reserve vehicles in storage in the possession of or under the control of producers, distributors, dealers, sales agencies and finance agencies. It is declared to be the policy of the War Production Board to require that all reserve vehicles be maintained in accordance with the said standards for maintenance. In order to effectuate this policy and to render all reserve vehicles available for war purposes and for the maintenance of the essential industrial economy, it is further declared to be the policy of the War Production Board to exercise its powers of requisition under existing law, and to seize reserve vehicles in the possession of producers, distributors, dealers, sales agencies and finance agencies, whenever it is found by the War Production Board or any federal agency acting in its behalf, that the mechanical condition of such vehicles has been impaired, or is threatened with impairment, due to failure on the part of the person in possession or control to comply with the Standards for Maintenance.

(c) *Reports required on reserve vehicles.* Every person in possession of reserve vehicles shall file with the nearest Regional Office, War Production Board, Reference Order M-216, a report of the condition of such vehicles on Form WPB-1565 (PD-641). The initial report shall be as of November 1, 1942, and shall be filed not later than November 10, 1942. Subsequent reports shall be filed thereafter at intervals of six months.

(d) *Definitions.* For the purposes of this order:

(1) "Reserve vehicle" means any of the following vehicles which are held subject to the rationing procedures of the War Production Board or the Office of Price Administration referred to in paragraph (a) above, and which are in the possession of, or under the control of, producers, distributors, dealers, sales agencies or finance agencies throughout the United States:

(i) Any 1942 model passenger automobile, built upon a standard or lengthened passenger car chassis, having a seating capacity of not more than ten (10) persons, irrespective of the number of miles it has been driven, or any other such passenger automobile of an earlier model which has been driven less than 1,000 miles, including taxis, but not including ambulances, hearses and station wagons.

(ii) Any new commercial motor vehicle, including any light, medium or heavy motor truck, truck tractor or trailer, or the chassis therefor, or any chassis on which a bus body is to be mounted, and which was manufactured subsequently to July 31, 1941; was designed to be propelled or drawn by mechanical power for use on or off the highways for transportation of property, or persons; was manufactured otherwise than under specifications of the United States Army or Navy; has not been transferred to any person other than a sales agency for the purpose of resale; including vehicles of the following types: trucks, truck chassis, truck tractors, off-the-highway motor vehicles, full-trailers, semi-trailers, dollies, attachment third axles, ambulances, hearses, bus chassis, station wagons, carry-all suburbans, sedan deliveries, utility sedans, coupes fitted with pickup boxes, and cab pickups, but not including taxicabs and integral type buses.

(2) "Producer" means any person who manufactures, or has in the past manufactured, any reserve vehicles and now or hereafter has any such reserve vehicles in his possession or under his control.

(3) "Distributor" means any person other than the manufacturer regularly engaged in the business of selling reserve vehicles to dealers.

(4) "Dealer" means any person regularly engaged in the business of offering reserve vehicles for sale at retail to the public.

(5) "Sales agency" means any distributor or dealer and includes any agency or branch of a producer which sells reserve vehicles.

(6) "Finance agency" means any person regularly engaged in the business of financing or making loans, on the security of reserve vehicles, to producers, distributors, dealers or sales agencies, and who on August 29, 1942, or thereafter has any lien or any claim against any such reserve vehicle as security for a loan or other financing arrangement.

(7) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(e) *Records.* All records required to be kept and reports required to be made under this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(f) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using, material under priority control and may be deprived of priorities assistance.

(g) *Communications.* All reports required by this order and all communications concerning this order shall be addressed to the nearest Regional Office, War Production Board, Reference Order M-216.

Issued this 7th day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE I—STANDARDS FOR MAINTENANCE OF RESERVE VEHICLES

The following standards for maintenance are established for the preservation and care of reserve vehicles, while in the possession of, or under the control of, producers, distributors, dealers, sales agencies or finance agencies.

Vehicles to Which Standards Are Applicable

The reserve vehicles to which these standards for maintenance apply are those held subject to rationing under orders of the War Production Board and the Office of Price Administration, while in the possession of, or under the control of, producers, distributors, dealers, sales agencies or finance agencies. These orders are, namely, as to passenger automobiles, General Conservation Order M-130, effective June 8, 1942, and Office of Price Administration New Passenger Automobile Rationing Regulations, Order No. 2A effective March 2, 1942; and as to new commercial motor vehicles, General Conservation Order M-100, effective March 9, 1942.

1. *Any 1942 model passenger automobile,* built upon a standard or lengthened passenger car chassis having a seating capacity of not more than ten (10) persons, irrespective of the number of miles it has been driven, or any other such passenger automobile of earlier model which has been driven less than 1,000 miles, including taxis, but not including ambulances, hearses and station-wagons.

2. *Any new commercial motor vehicle,* including any light, medium or heavy motor truck, truck tractor, or trailer, or the chassis therefor, or any chassis on which a bus body is to be mounted, and which was manufactured subsequently to July 31, 1941; was designed to be propelled or drawn by mechanical power for use on or off the highways for transportation of property, or persons; was manufactured otherwise than under specifications of the United States Army or Navy; has not been transferred to any person other than a sales agency for the purpose of resale; including vehicles of the following types:

Trucks, truck chassis, truck tractors, off-the-highway motor vehicles, full-trailers, semi-trailers, dollies, attachment third axles, ambulances, hearses, bus chassis, station wagons, carry-all suburbans, sedan deliveries, utility sedans, coupes fitted with pickup boxes, and cab pickups, but not including taxicabs and integral type buses.

Standards for Maintenance: New Passenger Automobiles and Commercial Motor Vehicles

(These standards for maintenance correspond with those of the Revised Price Schedule #85 issued by the Office of Price Administration.)

General Instructions

1. *Indoor storage.* All reserve vehicles, other than full-trailers and semi-trailers, must be stored indoors. Select a clean, dry building suitable for the storage of new passenger automobiles and commercial vehicles. Cover all openings through which animals and birds may enter storage space. Prevent water leakage. Remove loose dirt and whitewash lime.

2. *Spacing of vehicles.* Allow sufficient space between vehicles for accessibility to perform all specified maintenance operations.

3. *Initial and repeat operations.* The operations specified under the heading "Maintenance operations" are of two categories: "Initial" operations, which if not already performed, are to be performed as soon as the vehicle is placed in storage, and "Repeat" operations, which must be performed at intervals of six months, or more often, if necessary, as indicated below.

4. *Exemption for vehicles produced subsequently to August 12, 1943.* Reserve vehicles produced subsequently to August 12, 1943, are exempt from the following items of "Maintenance operations" for a period not to exceed 90 days from the date the vehicle is produced: Items 4, 6, 8, 9, 10, 13, 15 and 17. Note: Item 13 must be performed before the end of the 90 day period if there is any danger of freezing temperatures.

5. *Demonstrator vehicles.* Reserve vehicles which have been properly authorized and cleared (in accordance with the terms of regulations issued by the War Production Board and the Office of Price Administration) and are actually in use as demonstrators or company owned executive cars, are not subject to "Maintenance operations" until such time as they are placed in storage. Such vehicles must be in condition for retail delivery with the exception of a few minor details.

6. *Vehicles for export.* Vehicles produced subsequently to August 12, 1943, which are conditioned and crated for overseas shipment are exempt from the "Maintenance operations" under Schedule 1 of this order.

7. *Production date sticker.* Subparagraph 4 above exempts vehicles produced after August 12, 1943, from certain maintenance operations for a period of 90 days from date of production of the vehicle. It is, therefore, necessary that such vehicles be marked clearly with the date of production. Producers shall provide a production date sticker to be attached to the instrument panel of each vehicle produced on or after August 12, 1943, filling in the date on which the vehicle was produced. Only those vehicles which carry such production date stickers will be exempt from the performance of the maintenance operations named in Subparagraph 4 above. The production date sticker shall be in substantially the following form:

This vehicle (Serial number) was produced by (Name of producer) on (Date of production) and all maintenance operations called for by War Production Board Conservation Order M-216 must be completed not later than (Specify date 90 days after production).

§*1	Initial and whenever necessary.	Vehicle	(a) Thoroughly wash vehicle; remove all foreign substances, mud, dirt, grease spots, oil, tar. (b) Check paint, touch up all exposed metal surfaces to prevent rust.
*2	Initial	Windshield wiper	Remove blades; store in glove compartment.
*3	Initial and every six months.	Upholstery and floor coverings.	(a) Clean and moth-proof all upholstery, including seat cushions, seat backs, side walls, headlinings, floor mats and carpets.
	Initial		(b) After moth-proofing upholstery, protect it from direct sunlight, except when on display in customary display room, by one of the following methods: (1) Cover all openings through which light may enter storage space. (2) Cover the inside of all car windows and windshields with paper, using masking tape. (3) Cover the car with paper or cloth cover. (4) Completely cover all upholstery with paper, using masking tape.
	Initial		(c) Place floor mats in their normal position on floor, not rolled up.
§*4	Initial and whenever necessary.	Chrome plated surfaces	Thoroughly wash and clean all chrome plated surfaces with clear water; when dry, apply a coating of light oil, liquid wax, or special preparations; wipe off until no excess oil or wax appears on the surface of the chrome.
§	Initial	Convertible tops	With respect to convertibles, see that the tops are up and leave the shipping cover over the top, or cover it with paper, using masking tape.
*6	Initial	Engine	(a) Drain engine oil and refill crank case with at least ½ charge of rust-inhibiting oil. (b) Run engine for 5 minutes at idle speed or about 1,000 R. P. M. Leave this oil in engine.
	Repeat (c) every six months.		(c) At six month intervals turn over the engine with a battery or by turning the rear wheels, with the transmission in gear, to insure that the oil in the engine and lubricants in the transmission and rear axle assembly are properly distributed

NOTE: (1) All maintenance operations and storage requirements are applicable to new passenger automobiles. (2) Symbol (*) indicates maintenance operations applicable to new commercial motor vehicles except trailers, third axles and dollies. (3) Symbol (#) indicates maintenance operations applicable to trailers, third axles and dollies.

No.	When to be done	Item	Maintenance operations
*7	Initial	Fuel system and carburetor.	(a) Drain gasoline tank completely and replace filler cap to exclude dust. (b) Run engine until all gasoline is consumed.
*8	Initial Repeat every six months.	Spark plugs	Remove spark plugs. Inject 2 ounces of rust-inhibiting oil into each cylinder when piston is on the power stroke. Slowly turn engine over a few revolutions with starter. Replace spark plugs.
*9	Initial	Valve compartment (overhead valve engines).	Remove cover. Spray rust-preventive compound or S. A. E. 10-W on mechanism and inside cover, or pack with oil soaked rags. Replace cover.
*10	Initial	Seal engine	Seal the engine. This can be done in the following manner: Remove engine oil filler tube cover and crank case breather cover, if there is one, and seal the openings. Also seal the air cleaner, tail pipe, and any other openings into the engine. Tubes or pipes can be sealed satisfactorily by covering with a small piece of oiled or waxed paper, gathering the edges of the paper around the tube and tying them with a cord. The air cleaner can be sealed conveniently by covering with a paper bag and tying a cord around it at the solid part on the engine side of the air intake openings. Sealing the engine to a large extent prevents air moisture from entering the engine.
*11	Initial	Battery removal	(a) Remove the battery and store it in a cool place near recharging equipment, to facilitate servicing. Clean battery connections and wipe with light grease. (b) If dealer has portable battery charging equipment, he may elect to leave battery in car. In either case battery must be maintained as per Item 12 below.
*12	Initial and as specified under Maintenance operations.	Battery maintenance	(a) Check the specific gravity at regular intervals of six weeks, except in extremely hot weather when inspection periods should be cut to three weeks. (b) Check and correct water level at each inspection and recharge batteries as necessary to bring gravity reading to 1.220 or above. In no case should the specific gravity be allowed to fall below 1.220. These specific gravity readings are given for batteries at 60° F. air temperature.
*13	Initial	Cooling system	Completely drain cooling system including radiator, cylinder block, pump, heater, hose and all water connections. Leave system dry. NOTE: If coolant contains anti-freeze and rust-inhibiting solution it may be left in the cooling system.
§*14	Initial	Brakes	Leave all brakes in released position.
*15	Initial	Clutch	Block the pedal of dry clutches in partially disengaged position. It is not necessary to disengage other type clutches.
§*16	Initial and as specified under maintenance operations.	Tires	(a) *Indoor storage.* Jack up vehicle in storage location taking weight off the tires. Maintain the air in tires between ½ and ¾ operating pressure so that vehicles can be pushed or towed out quickly if necessary in an emergency. Tension in cords will be relieved by lowered pressure. (b) *Outdoor storage in the case of trailers.* Jack up vehicles in storage space. Remove tires from wheels. Leave wheels mounted on axle spindles. Lower weight of trailer to rest upon wheels. Store tires in a dark cool place protected from direct sunlight, in a horizontal position, with separators.
§*17	Initial and, if necessary, every six months where applicable.	Latches, hinges, brake connections, vertical supporting mechanisms, and fifth wheels.	Lubricate with light oil all latches, hinges, brake connections, vertical supporting mechanisms, and fifth wheels.
§*18	Initial where applicable.	Doors, windows, and vents.	(a) Close all doors, windows, and vents tightly. (b) Close all venti-panes. (c) Leave cowl ventilator open (if screened).

NOTE: In the performance of Items 6 and 8 (Maintenance Operations 6 (a) and 6 (b) and Item 8) the rust inhibiting oil must fully comply with specifications identified as "CRC Designation L-7-443" and published by the Cooperative Research Council, 30 Rockefeller Plaza, New York, N. Y., April, 1943; or the U. S. Army Ordnance Specification #AXS-674 or #AXS-934. Reserve vehicles which are not processed with a product meeting these specifications must be reprocessed with a product which fully complies with these specifications.

PART 3293—CHEMICALS

[Limitation Order L-51 as Amended Mar. 7, 1944]

ANTI-FREEZE

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of alcohols as hereinafter defined for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3293.11 *General Limitation Order L-51—(a) Definitions.* For the purposes of this order:

(1) "Anti-freeze" means any mixture that is designed and intended for use, without further processing, to depress the freezing point of coolant water in internal combustion engines.

(2) "Alcohols" means ethyl alcohol, methyl alcohol, isopropyl alcohol, diacetone alcohol, and/or ethylene glycol.

(3) "Producer" means any person engaged in the manufacture of anti-freeze from alcohols.

(b) *Restrictions on manufacture of anti-freeze.* (1) No producer shall manufacture anti-freeze from alcohols in greater quantities than specifically authorized from time to time hereafter by the War Production Board.

(2) The restrictions on the manufacture of anti-freeze from alcohols set forth in paragraph (b) (1) of this section shall not apply to the manufacture of anti-freeze to be delivered to fill a specific contract or subcontract for:

(i) The Army or Navy of the United States, the United States Maritime Commission, The Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development,

(ii) The government of any of the following countries: The United Kingdom, Canada and other Dominions; Crown Colonies and Protectorates of the British Empire, Belgium, China, Greece, The Kingdom of the Netherlands, Norway, Poland, Russia and Yugoslavia, and

(iii) The government of any country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

Quantities of anti-freeze permitted to be manufactured under this subparagraph shall be in addition to quantities permitted under quotas authorized pursuant to paragraph (b) (1) of this section.

(3) Producers may apply to the War Production Board for an authorized anti-freeze quota on Form WPB-1069 (formerly PD-476) addressed to the Chemicals Bureau, War Production Board, Washington 25, D. C.

(c) *Special directives.* The War Production Board may from time to time issue special directives concerning the distribution or delivery of anti-freeze produced under authorized War Production Board quotas. It will be the policy of the War Production Board to obtain an equitable distribution of the available supply of anti-freeze. In issuing these special directives, the War Production Board will take into account vehicle registrations and weather conditions throughout the United States.

NOTE: Former paragraphs (d), (f), (g) and (j) deleted; former paragraphs (e), (h) and (i) redesignated (d), (e) and (f) Mar. 7, 1944.

(d) *Effect on other orders.* The terms and provisions of this order or of any specific authorization issued hereunder by the War Production Board, establishing an anti-freeze quota, shall control and supersede the terms and provisions of any other order heretofore issued by the War Production Board affecting the manufacture of anti-freeze from any of the alcohols.

(e) *Reports.* All persons affected by this order shall execute and file with the Chemicals Bureau, War Production Board, such reports and questionnaires as said Division shall from time to time prescribe.

(f) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is

(e) *Records.* All records required to be kept and reports required to be made under this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(f) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using, material under priority control and may be deprived of priorities assistance.

(g) *Communications.* All reports required by this order and all communications concerning this order shall be addressed to the nearest Regional Office, War Production Board, Reference Order M-216.

Issued this 7th day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE I—STANDARDS FOR MAINTENANCE OF RESERVE VEHICLES

The following standards for maintenance are established for the preservation and care of reserve vehicles, while in the possession of, or under the control of, producers, distributors, dealers, sales agencies or finance agencies.

Vehicles to Which Standards Are Applicable

The reserve vehicles to which these standards for maintenance apply are those held subject to rationing under orders of the War Production Board and the Office of Price Administration, while in the possession of, or under the control of, producers, distributors, dealers, sales agencies or finance agencies. These orders are, namely, as to passenger automobiles, General Conservation Order M-130, effective June 8, 1942, and Office of Price Administration New Passenger Automobile Rationing Regulations, Order No. 2A effective March 2, 1942; and as to new commercial motor vehicles, General Conservation Order M-100, effective March 9, 1942.

1. *Any 1942 model passenger automobile,* built upon a standard or lengthened passenger car chassis having a seating capacity of not more than ten (10) persons, irrespective of the number of miles it has been driven, or any other such passenger automobile of earlier model which has been driven less than 1,000 miles, including taxis, but not

Trucks, truck chassis, truck tractors, off-the-highway motor vehicles, full-trailers, semi-trailers, dollies, attachment third axles, ambulances, hearses, bus chassis, station wagons, carry-all suburbans, sedan deliveries, utility sedans, coupes fitted with pickup boxes, and cab pickups, but not including taxicabs and integral type buses.

Standards for Maintenance: New Passenger Automobiles and Commercial Motor Vehicles

(These standards for maintenance correspond with those of the Revised Price Schedule #85 issued by the Office of Price Administration.)

General Instructions

1. *Indoor storage.* All reserve vehicles, other than full-trailers and semi-trailers, must be stored indoors. Select a clean, dry building suitable for the storage of new passenger automobiles and commercial vehicles. Cover all openings through which animals and birds may enter storage space. Prevent water leakage. Remove loose dirt and whitewash lime.

2. *Spacing of vehicles.* Allow sufficient space between vehicles for accessibility to perform all specified maintenance operations.

3. *Initial and repeat operations.* The operations specified under the heading "Maintenance operations" are of two categories: "Initial" operations, which if not already performed, are to be performed as soon as the vehicle is placed in storage, and "Repeat" operations, which must be performed at intervals of six months, or more often, if necessary, as indicated below.

4. *Exemption for vehicles produced subsequently to August 12, 1943.* Reserve vehicles produced subsequently to August 12, 1943, are exempt from the following items of "Maintenance operations" for a period not to exceed 90 days from the date the vehicle is produced: Items 4, 6, 8, 9, 10, 13, 15 and 17. Note: Item 13 must be performed before the end of the 90 day period if there is any danger of freezing temperatures.

5. *Demonstrator vehicles.* Reserve vehicles which have been properly authorized and cleared (in accordance with the terms of regulations issued by the War Production Board and the Office of Price Administration) and are actually in use as demonstrators or company owned executive cars, are not subject to "Maintenance operations" until such time as they are placed in storage. Such vehicles must be in condition for retail delivery with the exception of a few minor details.

6. *Vehicles for export.* Vehicles produced subsequently to August 12, 1943, which are conditioned and crated for overseas shipment are exempt from the "Maintenance operations" under Schedule I of this order.

7. *Production date sticker.* Subparagraph 4 above exempts vehicles produced after August 12, 1943, from certain maintenance operations for a period of 90 days from date of production of the vehicle. It is, therefore, necessary that such vehicles be marked clearly with the date of production. Producers shall provide a production date sticker to be attached to the instrument panel of each vehicle produced on or after August 12, 1943, filling in the date on which the vehicle was produced. Only those vehicles which carry such production date stickers will be exempt from the performance of the maintenance operations named in Subparagraph 4 above. The production date sticker shall be in substantially the following form:

This vehicle (Serial number) was produced by (Name of producer) on (Date of production) and all maintenance operations called for by War Production Board Conservation Order M-216 must be completed not later than (Specify date 90 days after production).

Chapter XI—Office of Price Administration

PART 1429—POULTRY AND EGGS

[MPR 333,[1] Amdt. 25]

EGGS AND EGG PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 333 is amended in the following respects:

1. The first sentence of § 1429.65 (s) (1) is amended to read as follows:

(1) The grades, sizes, weight classes, and standards promulgated by the United States Department of Agriculture in the publication entitled "Tentative U. S. Standards and Weight Classes for Consumer Grades for Shell Eggs" or from March 6, 1944, to May 27, 1944, inclusive, the standards and grades promulgated by the Department of Agriculture in the publication entitled "Tentative U. S. Standards and Weights for Wholesale Grades for Shell Eggs" shall be the respective grades, sizes, weight classes and standards for all shell eggs sold to any purchaser other than the United States or agency thereof.

2. The fourth sentence of § 1429.65 (s) (1) is amended to read as follows:

The grades and standards promulgated by the United States Department of Agriculture in the publication entitled "Tentative U. S. Procurement Grades", or the grades, sizes, weight classes, and standards promulgated by the Department of Agricuture in the publication entitled "Tentative U. S. Standards and Weight Classes for Consumer Grades for Shell Eggs", or from March 6, 1944, to May 27, 1944, inclusive, the grades and standards promulgated by the Department of Agriculture in the publication entitled "Tentative U. S. Standards and Weights for Wholesale Grades for Shell Eggs" shall be used as the grades, sizes, weight classes and standards for all shell eggs sold to the United States or any agency thereof.

3. The headnote of § 1429.67a is amended to read as follows:

§ 1429.67a *Maximum prices for wholesale grades of shell eggs and "current receipt eggs" sold to a "first receiver" or to any purchaser other than the United States or any agency thereof, a jobber, a large retailer, an independent retailer, retail route seller, or user, or an ultimate consumer from March 6, 1944, to May 27, 1944 inclusive.* ("First receivers" and prior purchasers.)

4. Section 1429.67a (a) is amended to read as follows:

(a) *Maximum prices in basing point cities and Chicago, Illinois.* The maximum prices for shell eggs of wholesale grades and current receipt eggs sold and delivered from March 6, 1944, to May 27, 1944, inclusive, to a "first receiver" or to any purchaser other than the United States or any agency thereof, a jobber, a large retailer, an independent retailer, retail route seller, a commercial, industrial, institutional or non-federal government user, or an ultimate consumer in a basing point city named in the headnote immediately preceding Table I of this section for each week shall be the price per dozen for eggs of the particular wholesale grade, size, prescribed average net weight, and other identification and for current receipt eggs set forth in such Table I of this section and for the week in which delivered. Such maximum prices in Chicago, Illinois, shall be the maximum prices per dozen for eggs of the particular wholesale grade, size, prescribed average net weight, and other identification and for current receipt eggs set forth in Table II of this section and for the week of delivery set forth in Table II of this section.

5. Section 1429.67a (b) is amended to read as follows:

(b) *Maximum prices in "Area 1" except for New York City.* In all places other than New York City within "Area 1" the maximum prices for shell eggs of wholesale grades and for current receipt eggs sold and delivered from March 6, 1944, to May 27, 1944, inclusive, to a first receiver or to any purchaser other than the United States or any agency thereof, a jobber, a large retailer, an independent retailer, retail route seller, a commercial, industrial, institutional, or non-federal governmental user or an ultimate consumer for the week in which delivered shall be the maximum price per dozen for eggs of the particular wholesale grade, size, prescribed average net weight, and other identification and for current receipt eggs set forth in Table II of this section for Chicago, Illinois, plus the "transportation factor".

6. Section 1429.67a (b) (2) is amended to read as follows:

(2) The "multiplier" to be used for calculating the transportation factor for all wholesale grades of shell eggs and for current receipt eggs shall be 1.9 for all weeks from March 6, 1944 through May 27, 1944.

7. Section 1429.67a (c) is amended to read as follows:

(c) *Maximum prices for wholesale grades and current receipt eggs in "Area 2" except Chicago and basing point cities.* In "Area 2", except Chicago and basing point cities, the maximum prices for shell eggs of wholesale grades and for current receipt eggs sold and delivered from March 6, 1944, to May 27, 1944, inclusive, to a first receiver or to any purchaser other than the United States or any agency thereof, a jobber, a large retailer, an independent retailer, a retail route seller, a commercial, industrial, institutional, or non-federal government user, or an ultimate consumer at any place shall be determined as follows:

8. Section 1429.67a (e) is amended to read as follows:

(e) *Maximum prices in cents per dozen by weeks for wholesale grades of shell eggs and current receipt eggs for civilian purchasers in the basing point cities of New York, Seattle, Los Angeles, San Diego, Phoenix and Tucson.*

TABLE I.—WHOLESALE GRADES AND CURRENT RECEIPT EGGS FOR PERIOD THROUGH MAY 27, 1944

All weeks from—	Extras No. 1 and 2	Standards No. 1 and 2	Current Receipt
Mar. 6 to May 27, inclusive	38.5	36.7	34.8

9. Section 1429.67a (f) is amended to read as follows:

(f) *Maximum prices in cents per dozen by weeks for wholesale grades of shell eggs and current receipt eggs for civilian purchasers in Chicago, Illinois.*

TABLE II.—WHOLESALE GRADES AND CURRENT RECEIPT EGGS FOR PERIOD THROUGH MAY 27, 1944

All weeks from—	Extras No. 1 and 2	Standards No. 1 and 2	Current receipt
Mar. 6 to May 27, inclusive	36.9	35.1	33.3

10. A new § 1429.67a (g) (3) is added to read as follows:

(3) The maximum prices for wholesale grades of "Specials" 1 and 2 in basing point cities are 2¢ more than the maximum prices for "Extras" 1 and 2 in such cities.

The maximum prices for wholesale grades of "Specials" 1 and 2 in Chicago, Illinois, are 2¢ more than the maximum prices for "Extras" 1 and 2 in such city.

The maximum prices for wholesale grades of "Specials" 3 and 4 in basing point cities are 1¢ more than the maximum prices for "Extras" 1 and 2 in such cities.

The maximum prices for wholesale grades of "Specials" 3 and 4 in Chicago, Illinois, are 1¢ more than the maximum prices for "Extras" 1 and 2 in such city.

11. A new § 1429.67a (g) (4) is added to read as follows:

(4) The maximum prices for wholesale grades of "Extras" 3 and 4 in basing point cities shall be the same as the maximum prices for wholesale grades of "Standards" 1 and 2 in such cities.

The maximum prices for wholesale grades of "Extras" 3 and 4 in Chicago, Illinois, shall be the same as the maximum prices for wholesale grades of "Standards" 1 and 2 in such city.

12. A new § 1429.67a (g) (5) is added to read as follows:

(5) The maximum prices for wholesale grades of "Standards" 3 and 4 in basing point cities shall be the same as the maximum prices for current receipt eggs in such cities.

The maximum prices for wholesale grades of "Standards" 3 and 4 in Chicago, Illinois, shall be the same as the maximum prices for current receipt eggs in such city.

This amendment shall become effective March 6, 1944.

Chapter I—Interstate Commerce Commission

[S. O. 184]

PART 95—CAR SERVICE

REQUIREMENTS CONCERNING BILL OF LADING FOR CERTAIN MEAT SHIPMENTS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 3d day of March, A. D. 1944.

It appearing, that freight cars are being loaded by shippers of fresh, frozen, or salted meats, packing house products or by-products and held pending furnishing to carrier's agent shipping orders, bills of lading, or billing instructions, thus impeding the use, control, supply, movement, distribution, exchange, interchange, and return of cars; in the opinion of the Commission an emergency exists requiring immediate action to prevent a shortage of equipment and congestion of traffic, it is ordered, that:

§ 95.333 (a) *Definitions.* (1) The terms "freight car" or "freight cars" as used in this order mean all freight cars and refrigerator cars (but not tank cars) whether privately owned, leased or controlled or railroad owned, leased or controlled.

(2) The term "track" as used in this order means both public and other-than-public delivery tracks.

(3) The terms "shipper" or "shippers" as used in this order mean only shippers or consignors of fresh, frozen or salted meat, packing house products or by-products in carloads and in either straight or mixed shipments.

(4) The term "bill of lading" as used in this order shall include any bill of lading, shipping order or billing instructions required by common carrier by railroad to waybill a freight shipment.

(5) The 48-hour period contemplated by this order is to be computed without excluding Sundays and Holidays.

(b) (1) *Bill of lading must be surrendered to, or written assurance given to, carrier before freight car may be set for loading.* No common carrier by railroad subject to the Interstate Commerce Act shall furnish or supply a freight car from any track to any shipper for loading unless and until:

(i) A bill of lading covering the particular car to be loaded has been furnished to the originating carrier's agent, at the original billing point, or

(ii) A written assurance signed by a shipper has been given to the originating carrier's agent, at the original billing point that a bill of lading, covering the particular car to be loaded, will be furnished by such shipper to the originating carrier's agent, at the original billing point within forty-eight (48) hours after the first 7:00 a. m. after such freight car is placed for loading: *Provided, however,* That if the bill of lading is not furnished within the prescribed time no further freight cars shall be furnished or supplied to such shipper until a bill of lading is supplied pursuant to the written assurance.

(b) (2) Should a shipper confiscate or appropriate a freight car for loading without complying with the requirements set forth in paragraph (b) (1) of this section, no further freight cars shall be furnished or supplied to such shipper until the requirements of paragraph (b) (1) subdivision (i) have been complied with with respect to the confiscated or appropriated car.

(c) *Tariff provisions suspended.* The operation of all tariff rules, regulations, or charges insofar as they conflict with the provisions of this order is hereby suspended.

(d) *Announcement of suspension.* Each railroad, or its agent, on or before the effective date of this order and upon not less than one day's notice to the Commission and to the public, shall publish, file, and post a supplement to each of its tariffs affected hereby, in substantial accordance with the provisions of Rule 9 (k) of the Commission's Tariff Circular No. 20 (§ 141.9 (k) of this chapter) announcing the suspension of the operation of any of the provisions therein, and establishing the substituted provisions set forth herein.

(e) *Application.* The provisions of this order shall apply to intrastate and foreign commerce as well as interstate commerce.

(f) *Special and general permits.* The provisions of this order shall be subject to any special or general permits issued by the Director of the Bureau of Service, Interstate Commerce Commission, Washington, D. C., to meet specific needs or exceptional circumstances. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U.S.C. 1 (10)-(17))

It is further ordered, That this order shall become effective at 7:00 a. m., March 16, 1944; that copies of this order and direction shall be served upon each State railroad commission and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

By the Commission, Division 3.

[SEAL] W. P. BARTEL,
Secretary.

FOREIGN ECONOMIC ADMINISTRATION.

[Case No. 20]

A. JOHN BITTSON ENGINEERING CO. AND WORLD DISTRIBUTORS CORPORATION

ORDER FOR THE DENIAL OF LICENSING PRIVILEGES

Pursuant to Part 807 of the regulations, adopted under section 6 of the act of July 2, 1940, as amended, the Trade Intelligence Division of the Office of Exports, Office of Economic Warfare (now Trade Intelligence Section of the Operations Division of the Requirements and Supply Branch, Bureau of Supplies, Foreign Economic Administration) charged the respondents herein with the violation of section 6 of the act of July 2, 1940, as amended, and the regulations adopted pursuant thereto. After due notice the respondent requested an oral hearing in accordance with § 807.7 of said regulations. The matter came on for oral hearing before Kelly Kash, Compliance Commissioner for the Administration. Respondents were represented by counsel.

The Compliance Commissioner received the evidence presented and after due consideration of the record on the 18th day of February 1944 filed his findings of fact and recommendations in this matter. Said findings show that on or about July 14, 1942, license application number 852754 for the export of 221,000 lbs. of black steel sheets was filed in the name of World Distributors Corporation by A. John Bittson naming Canha & Formigal Lda., Lisbon, Portugal, as consignee, ultimate consignee and purchaser and showing applicant's reference number as 4477; that said application stated there was no arrangement whereby the licensee, seller, consignor or supplier received consideration in excess of the amount stated in answer to Question No. 15; that on or about January 26, 1943, World Distributors Corporation by A. John Bittson, President, submitted invoice setting forth sale of 220,880 lbs. black steel sheets to Messrs. Larangeira Lda., Lisbon, Portugal, sold through Messrs. Canha & Formigal at a price of $25,401.20 plus certain charges making a total price of $29,768.31; that said invoice refers to license 852754, Control No. P-4437 and respondent's order No. 4477 and states over the signature of A. John Bittson that the amount stated in the invoice represents the true selling price; that the sale and shipment of the merchandise by respondent to Larangeira Lda. was a violation of the export control laws and regulations in that there was no export license authorizing the shipment to said corporation, the amount at which the sale was made to said Larangeira Lda. was in excess of the amount stated in the license, and that the price paid by Larangeira Lda. was in excess of the price at which the commodity could be sold under the Maximum Export Price Regulation, as amended, of the Office of Price Administration; that Anthony John Bittson, trading under the name of A. John Bittson Engineering Company, and World Distributors Corporation, 11 Broadway, New York, New York, have violated section 6 of the act of July 2, as amended, 50 U.S.C. (1940 ed.) 701 and the proclamations, Executive orders and regulations promulgated pursuant thereto; and that said violations were willfully committed. The Commissioner has recommended that licensing privileges of respondents be suspended to and including June 30, 1944.

The undersigned having considered the findings and recommendations of the Compliance Commissioner has determined that the Findings of Fact are supported by the record and adopts the conclusions and recommendation of the Compliance Commissioner.

Now, therefore, it is determined and ordered, That the respondents, Anthony John Bittson, A. John Bittson Engineering Company and World Distributors Corporation and any person, association or organization acting in behalf or for the account of them be and each of them is hereby denied the privilege of obtaining individual, or any other type of export license, or release certificate and is denied the use of any general or other type of export license authorizing any exportation whatsoever from the United States until and including June 30, 1944, and that all presently outstanding export licenses issued to the said respondents or any of them be and the same are hereby revoked.

HIBISCUS CAFE

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation,

Finding—

1. That Hibiscus Cafe, whose principal place of business is Honolulu, T. H., is a sole proprietorship owned by Ushi Teruya and is a business enterprise within the United States;

2. That Ushi Teruya, whose last known address is Okinawa Ken, Japan, is a national of a designated enemy country (Japan);

and determining—

3. That Hibiscus Cafe, a sole proprietorship, is controlled by Ushi Teruya and is a national of a designated enemy country (Japan);

4. That to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Japan);

and having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian all right, title and interest of Ushi Teruya in and to Hibiscus Cafe, a sole proprietorship, and all property of any nature whatsoever situated in the United States, owned or controlled by, payable or deliverable to or held on behalf of or on account of or owing to said Hibiscus Cafe, herein described, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States, and hereby

undertakes the direction, management, supervision and control of said business enterprise to the extent deemed necessary or advisable from time to time by the Alien Property Custodian.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to vary the extent of or terminate such direction, management, supervision or control, or return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on December 2, 1943.

1. That Metrawatt A. G. is a corporation organized under the laws of Germany, having its principal place of business at Nuernberg, Schoppershofstrasse 52–54, Germany, and is a national of a designated enemy country (Germany);

2. That Metrawatt A. G. is the owner of the property described in paragraph 3 hereof;

3. That the property described as follows:

a. Exposure meters, amplifiers and leather cases consisting of: 859 Eos with cases, 124 Tempiphots with cases, 27 Tempiphot amplifiers with cases, 17 Horvex with cases, 29 Horvex amplifiers with cases,

now in the possession of American Bolex Company, Incorporated, 155 East 44th Street, New York, New York, and

b. All right, title, interest and claim of any name or nature whatsoever of Metrawatt A. G. in and to any and all obligations, contingent or otherwise and whether or not matured, owing to said Metrawatt A. G. by American Bolex Company Incorporated, 155 East 44th Street, New York, New York, including but not limited to all security rights in and to any and all collateral for any and all such obligations, and the right to enforce and collect such obligations,

is property within the United States owned or controlled by a national of a designated enemy country (Germany);

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action, after appropriate consultation and certification required by law, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described in paragraph 3 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest, and for the benefit, of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account, or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall this order be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on January 7, 1944.

FEDERATION OF THE ITALIAN WORLD WAR VETERANS IN THE UNITED STATES OF AMERICA, INC.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That the Federation of the Italian World War Veterans in the United States of America, Inc., a membership corporation organized and doing business under the laws of the State of New York, is a business enterprise within the United States and is a part of and is controlled by the Associazione Nazionale Combattenti Italiani;

2. That the Associazione Nazionale Combattenti Italiani, located in Italy and composed of nationals of Italy, is an official agency of the Italian Government and is a part of Partito Nazionale Fascista (National Fascist Party) and is a national of a designated enemy country (Italy);

3. That the Partito Nazionale Fascista, located in Italy, is composed of nationals of Italy and is controlled by the Italian Under-Secretary of State for Foreign Affairs;

and determining:

4. That the Federation of the Italian World War Veterans in the United States of America, Inc., is controlled by and/or acts for or on behalf of the Partito Nazionale Fascista and of a designated enemy country (Italy) and is a national of said designated enemy country;

5. That to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Italy);

and having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian all property of any nature whatsoever situated in the United States and owned or controlled by, payable or deliverable to, or held on behalf of or on account of or owing to Federation of the Italian World War Veterans in the United States of America, Inc., and the interests therein of any and all of the members of Federation of the Italian World War Veterans in the United States of America, Inc., to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States, and hereby undertakes the direction, management, supervision and control of said business enterprise to the extent deemed necessary or advisable from time to time by the Alien Property Custodian.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Prop-

erty Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to vary the extent of or terminate such direction, management, supervision or control, or return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

KATE LOHNES

In re: Estate of Kate Lohnes, deceased; File D–28–3491; E. T. sec. 5576.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian, after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Paul Mabes, administrator with will annexed, Paola, Kansas, acting under the judicial supervision of the Probate Court of the State of Kansas, in and for the County of Miami;

(2) Such property and interests are payable or deliverable to, or claimed by, a national of a designated enemy country, Germany, namely,

National and Last Known Address

Jacob Lohnes, Germany.

And determining that—

(3) If such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Jacob Lohnes in and to the estate of Kate Lohnes, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

[Vesting Order 3219]

SAMUEL H. HUDSON

In re: Estate of Samuel H. Hudson, deceased; File D-28-8188; E. T. sec. 9157.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Carl H. Baesler, Esq., as Executor, acting under the judicial supervision of the Probate Court, County of Suffolk, Commonwealth of Massachusetts;

(2) Such property and interests are payable or deliverable to, or claimed by, a national of a designated enemy country, Germany, namely,

National and Last Known Address

Katharina Corcilius, Germany.

And determining that—

(3) If such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Katharina Corcilius in and to the estate of Samuel H. Hudson, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Dated: February 26, 1944.

WAR FOOD ADMINISTRATION.

[Docket No. AO 172-RO 1]

SUBURBAN CHICAGO, ILLINOIS, MARKETING AREA

NOTICE OF REOPENING OF HEARING ON HANDLING OF MILK

Proposed marketing agreement and order regulating the handling of milk in the suburban Chicago, Illinois, marketing area.

Notice is hereby given that the hearing which was held in Chicago, Illinois, on September 30 and October 1, 1943, with respect to a proposed marketing agreement and order regulating the handling of milk in the Suburban Chicago, Illinois, marketing area, will be reopened in the Bismark Hotel, Chicago, Illinois, at 10:00 a. m., c. w. t., March 24, 1944.

This notice is given pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 1940 ed.

601 et seq.), and in accordance with the applicable rules of practice and procedure (7 CFR, 1941 Supp., 900.1-900.17; 7 F.R. 3350; 8 F.R. 2813).

This public hearing is for the purpose of receiving further evidence with respect to a proposed marketing agreement and order, the provisions of which are hereinafter set forth. The proposed marketing agreement and order have not received the approval of the War Food Administrator, and at the hearing evidence will be received relative to all aspects of the marketing conditions which are dealt with by the proposed marketing agreement and order. The provisions of the proposed marketing agreement and order are as follows:

SECTION 1. *Definitions.* The following terms as used herein shall have the following meanings:

(a) "Act" means Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended.

(b) "War Food Administrator" means the War Food Administrator of the United States or any officer or employee of the United States or any officer or employee of the United States Department of Agriculture who is, or who may hereafter be, authorized to exercise the powers or to perform the duties of the War Food Administrator of the United States hereunder.

(c) "Suburban Chicago, Illinois, Marketing Area", hereinafter called "marketing area", means all of the territory geographically included within the city of Barrington in Lake County, the townships of Dundee, Elgin, St. Charles, Geneva, Batavia, and Aurora in Kane County, Cook, Du Page, and Will Counties, Illinois, and all of the territory geographically included within the townships of North, Calumet, and Hobart in Lake County, Indiana, excepting territory included in the marketing area defined in Federal Order No. 41, as amended, regulating the handling of milk in the Chicago, Illinois, marketing area, issued under the act. "Segment 1" of the marketing area shall mean all of the territory geographically included within the city of Barrington in Lake County, within Cook and Du Page Counties, Illinois, and within the townships of North, Calumet, and Hobart in Lake County, Indiana, excepting territory included within the marketing area defined in Order No. 41, as amended, regulating the handling of milk in the Chicago, Illinois, marketing area. "Segment 2" of the marketing area shall mean all of the territory geographically included within the townships of Dundee, Elgin, St. Charles, Geneva, Batavia, and Aurora in Kane County, and within Will County, Illinois, excepting territory included within the marketing area defined in Order No. 41, as amended, regulating the handling of milk in the Chicago, Illinois, marketing area.

(d) "Person" means individual, partnership, corporation, association, or other business unit.

(e) "Producer" means any person, irrespective of whether such person is also a handler, who produces milk which is received at a plant from which milk is used as Class I in the marketing area during the delivery period, excepting any person who is a producer under Federal Order No. 41, as amended, regulating the handling of milk in the Chicago, Illinois, marketing area: *Provided*, That, as determined by the market administrator, more than 10 percent of the total receipts of milk at such plant is used as Class I milk in the marketing area, and such plant handles milk which is used as Class I milk in the marketing area for more than 10 days during the delivery period.

(f) "Handler" means any person who engages in handling milk, all, or any portion, of which is used as Class I milk in the marketing area, and who engages in such handling of milk as is in the current of interstate commerce, or which directly burdens, obstructs, or affects interstate commerce in milk or its products. This definition shall not be deemed to include any person who is subject to the definition of handler under Federal Order No. 41, as amended, regulating the handling of milk in the Chicago, Illinois, marketing area.

(g) "Market administrator" means the agency which is described in section 2 for the administration hereof.

(h) "Delivery period" means the period from the effective date hereof until the end of the calendar month in which such effective date occurs. Thereafter, "delivery period" shall mean the current calendar month.

(i) "Cooperative association" means any cooperative association of producers which the War Food Administrator determines (1) to have its entire activities under the control of its members, and (2) to have and to be exercising full authority in the sale of milk of its members.

SEC. 2. *Market administrator* — (a) *Selection, removal, and bond.* The agency for the administration hereof shall be a market administrator who shall be a person selected and subject to removal by the War Food Administrator. The market administrator shall, within 45 days following the date upon which he enters upon his duties, execute and deliver to the War Food Administrator a bond, conditioned upon the faithful performance of his duties, in an amount and with surety thereon satisfactory to the War Food Administrator.

(b) *Compensation.* The market administrator shall be entitled to such reasonable compensation as shall be determined by the War Food Administrator.

(c) *Powers.* The market administrator shall have the power: (1) to administer the terms and provisions hereof, and (2) report to the War Food Administrator complaints of violations hereof.

(d) *Duties.* The market administrator, in addition to the duties hereinafter described, shall:

(1) Keep such books and records as will clearly reflect the transactions provided for herein;

(2) Submit his books and records to examination by the War Food Administrator at any and all times;

(3) Furnish such information and such verified reports as the War Food Administrator may request;

(4) Obtain a bond with reasonable surety thereon covering each employee who handles funds entrusted to the market administrator;

(5) Publicly disclose, after reasonable notice, the name of any person who has not made reports, pursuant to section 3, or made payments required by section 8;

(6) Prepare and disseminate, for the benefit of producers, consumers, and handlers, such statistics and information concerning the operation hereof as does not reveal confidential information;

(7) Employ and fix the compensation of such persons as may be necessary to enable him to administer the terms and provisions hereof; and

(8) Pay, out of the funds received pursuant to section 9, the cost of his bond and of the bonds of such of his employees as handle funds entrusted to the market administrator, his own compensation, and all other expenses which will necessarily be incurred by him for the maintenance and functioning of his office and the performance of his duties, except those expenses incurred and provided for under section 10 hereof.

(e) *Announcement of prices.* The market administrator shall compute and publicly announce prices as follows:

(1) Not later than the 5th day after the end of each delivery period, the prices for all classes of milk pursuant to section 5 (a) and the differential pursuant to section 5 (c).

(2) Not later than the 14th day after the end of each delivery period, the uniform price for each handler computed pursuant to section 7 (b).

SEC. 3. *Reports of handlers*—(a) *Submission of reports.* Each handler shall report to the market administrator, in the detail and on forms prescribed by the market administrator, as follows:

(1) On or before the 7th day after the end of each delivery period, each handler who purchases or receives milk during such delivery period from associations of producers and other handlers, with respect to all milk purchased or received from such sources, shall submit to the market administrator and to the association of producers or handlers from whom the milk was purchased or received, a record of the utilization of such milk, classified pursuant to section 4.

(2) On or before the 9th day after the end of each delivery period, the quantity, butterfat test, and butterfat pounds of (i) the receipts of milk at each plant from producers, (ii) the receipts of milk and cream at each plant from other handlers, (iii) the receipts of milk or cream from sources other than producers and handlers, (iv) the receipts at each plant of the milk produced by him, and (v) the utilization of all receipts of milk and cream from the delivery period.

(3) On or before the 9th day after the end of each delivery period, the information requested with respect to producer additions, producer withdrawals, and changes in the names of farm operators.

(4) On or before the 25th day after the end of each delivery period, his producer pay roll, which shall show for each producer (i) the total delivery of milk with the average butterfat test thereof, (ii) the net amount of payment to such producer made pursuant to section 8, (iii) any deductions and changes made by the handler, and (iv) such other information with respect thereto as the market administrator may request.

(b) *Verification of reports and payments.* The market administrator shall verify all reports and payments of each handler by audit of such handler's records, and of the records of any other handler or person upon whose disposition of milk such handler claims classification. Each handler shall keep adequate records of receipts and utilization of milk and shall, during the usual hours of business, make available to the market administrator or his representative such records and facilities as will enable the market administrator to:

(1) Verify the receipts and disposition of all milk required to be reported pursuant to this section, and, in case of errors or omissions, ascertain the correct figures;

(2) Weigh, sample, and test for butterfat content the milk received from producers and any product of milk upon which classification depends; and

(3) Verify the payments to producers prescribed in section 8.

SEC. 4. *Classification of milk*—(a) *Basis of classification.* All milk received by a handler from producers, associations of producers, and other handlers, including milk produced by him, and including milk or cream purchased or received from sources other than producers or handlers, shall be reported by the handler in the classes set forth in (b) of this section, subject to the following conditions: (1) Milk or skim milk delivered by a handler to another handler shall be classified as Class I milk, and cream so delivered shall be classified as Class II milk: *Provided,* That if a different classification is agreed upon in written reports to the market administrator then the milk, skim milk, and cream shall be classified according to such agreement: *Provided further,* That in no event shall the amount so reported in any class be greater than the amount used in that class by the receiving handler; (2) Any milk or skim milk moving from the plant of a handler to the plant of a nonhandler shall be classified as Class I milk and any cream moved to such nonhandler shall be classified as Class II milk, excepting milk and cream in excess of the amount of Class I or Class II milk, distributed by such nonhandler: *Provided,* That if notification of a different classification is given by seller and purchaser in written reports to the market administrator then the milk, skim milk, or cream shall be classified according to such notification, subject to verification by the market administrator; (3) Milk that has moved from a plant, which has been determined by the market administrator as not regularly furnishing milk for Class I use and as not receiving milk from producers, to a handler's plant at which milk is received from producers, shall be classified in the lowest class for which such handler has milk: *Provided,* That, upon satisfactory evidence to the market administrator, that such milk was needed and used in a higher classification, then such milk may be prorated on the basis of such handler's utilization of all milk; and (4) Milk received by a handler in the form of cream from a nonhandler shall be prorated to and on the basis of such handler's Class II, Class III, and Class IV milk.

(b) *Classes of utilization.* Subject to the conditions set forth in (a) of this section, the classes of utilization of milk shall be as follows:

(1) Class I milk shall be all milk disposed of in the form of fluid milk, excluding bulk disposed of to bakeries, soup companies, and candy manufacturing establishments, which do not distribute fluid milk but including bulk milk disposed of to hotels, restaurants, and other retail food establishments, and all milk not accounted for as Class II milk, Class III milk, or Class IV milk.

(2) Class II milk shall be all milk, except skim milk, disposed of in the form of flavored milk and flavored milk drinks, and all milk the butterfat from which is disposed of in the form of sweet or sour cream, cottage cheese, and buttermilk.

(3) Class III milk shall be all milk the butterfat from which is used to produce a milk product other than one of those specified in Class II and Class IV, and all bulk milk disposed of to bakeries, soup companies, and candy manufacturing establishments which do not distribute fluid milk.

(4) Class IV milk shall be all milk the butterfat from which is used to produce butter and cheese, except cottage cheese, and all milk accounted for as actual plant shrinkage: *Provided,* That such plant shrinkage shall not exceed 2 percent of the total receipts of milk from producers and from the handler's own production. Any handler whose report claimed the original classification of milk in this class shall be liable for the difference between the Class IV and Class III prices for the delivery period in which the Class IV classification was claimed on any such milk, if the butterfat used in the production of butter is subsequently used in the production of ice cream or ice cream mix.

(c) *Responsibility of handlers in establishing the classification of milk.* In establishing the classification of milk as required in (b) of this section, the responsibilities of handlers shall be as follows:

(1) In establishing the classification of any milk received by a handler from producers, the burden rests upon the handler who receives the milk from producers to account for the milk and to prove to the market administrator that such milk should not be classified as Class I milk.

(2) With respect to milk, or skimmed milk, disposed of to another handler, the burden rests upon the handler who received the milk from producers to account for the milk, or skimmed milk, and to prove to the market administrator that such milk, or skimmed milk, should not be classified as Class I milk: *Provided,* That if verification by the market administrator discloses a higher utilization than that reported pursuant to section 3 (a) (1) for milk purchased by a handler from a producer or from a cooperative association, the market administrator shall notify the purchasing handler and such handler shall, within 5 days after notification by the market administrator, make adjustment on the basis of such higher utilization as verified by the market administrator.

(d) *Computation of milk in each class.* For each delivery period, each handler shall compute, in the manner and on forms prescribed by the market administrator, the amount of milk in each class, as defined in (b) of this section, as follows:

(1) Determine the total pounds of milk (i) received from producers, (ii) produced by him, (iii) received from other handlers, (iv) received from other sources, and (v) add together the resulting amounts.

(2) Determine the total pounds of butterfat received as follows: (i) multiply the weight of the milk received from producers by its average butterfat test, (ii) multiply the weight of the milk produced by him by its average butterfat test, (iii) multiply the weight of the milk received from other handlers by its average butterfat test, (iv) multiply the weight of the milk received from other sources by its average butterfat test, and (v) add together the resulting amount.

(3) Determine the total pounds of milk in Class I as follows: (i) convert to quarts the quantity of milk disposed of in the form of milk, and multiply by 2.15, (ii) multiply the result by the average butterfat test, and (iii) if the quantity of butterfat so computed when added to the pounds of butterfat in Class II, Class III, and Class IV milk computed pursuant to (4) (ii), (5) (ii), and (6) (ii), of this paragraph, is less than the total pounds of butterfat received, computed in accordance with (2) of this paragraph, an amount equal to the difference shall be divided by 3.5 percent and added to the quantity of milk determined pursuant to (i) of this subparagraph.

(4) Determine the total pounds of milk in Class II as follows: (i) multiply the actual weight of each of the several products of Class II milk by its average butterfat test, (ii) add together the resulting amounts, and (iii) divide the result obtained in (ii) of this subparagraph by 3.5 percent.

(5) Determine the total pounds of milk in Class III as follows: (i) multiply the actual weight of each of the several products of Class III milk by its average butterfat test, (ii) add together the resulting amounts, and (iii) divide the result obtained in (ii) of this subparagraph by 3.5 percent.

(6) Determine the total pounds of milk in Class IV as follows: (i) multiply the actual weight of each of the several products of Class IV milk by its average butter fat test, (ii) add together the resulting amounts, (iii) subtract the total pounds of butterfat in Class I milk, Class

II milk, and Class III milk, computed pursuant to (3) (ii), (4) (ii), and (5) (ii) of this paragraph, and the total pounds of butter fat computed pursuant to (ii) of this subparagraph, from the total pounds of butterfat computed pursuant to (2) of this paragraph, which resulting quantity shall be allowed as plant shrinkage for the purpose of this paragraph (but in no event shall such plant shrinkage allowance exceed 2 percent of the total receipts of butterfat from producers by the handler) and shall be added to the result obtained in (ii) of this subparagraph, and (iv) divide the result obtained in (ii) of this subparagraph by 3.5 percent.

(7) Determine the classification of milk received from producers as follows:

(i) Subtract from the total pounds of milk in each class the total pounds of milk which were received from other handlers and used in such class, as provided for in section 4 (a); and

(ii) Subtract from the total pounds of milk in each class the total pounds of milk which were received from sources other than producers and handlers and used in such class, as provided for in section 4 (a).

(e) *Reconciliation of utilization of milk by classes with receipts of milk from producers.* In the event of a difference between the total quantity of milk utilized in several classes as computed pursuant to (d) of this section and the quantity of milk received from producers, except for excess milk or milk equivalent of butterfat pursuant to section 6 (c), such difference shall be reconciled as follows:

(1) If the total utilization of milk in the various classes for any handler, as computed pursuant to (d) of this section, is less than the receipts of milk from producers, the market administrator shall increase the total pounds of milk in Class IV for such handler by an amount equal to the difference between the receipts of milk from producers and the total utilization of milk by classes for such handler.

(2) If the total utilization of milk in the various classes for any handler, as computed pursuant to (d) of this section, is greater than the receipts of milk from producers, the market administrator shall decrease the total pounds of milk in Class IV for such handler by an amount equal to the difference between the receipts of milk from producers and the total utilization of milk by classes for such handler.

SEC. 5. *Minimum prices*—(a) *Class prices.* Subject to the provisions of (c), (d), and (e) of this section, each handler shall pay, at the time and in the manner set forth in section 8, for milk purchased or received by such handler from producers at a plant, distributing station, or depot located in the marketing area from which milk is disposed of at wholesale or retail, not less than the prices set forth in this section.

(1) *Class I milk.* The prices per hundredweight to be paid for Class II milk during each delivery period shall be as follows:

(i) By handlers in segment 1 of the marketing area: In the case of milk produced under dairy farm permits or ratings, issued by the proper health authorities, indicating compliance with the production requirements established for milk of Grade A quality, the Class I price shall be the price determined pursuant to (b) of this section, plus 70 cents. In the case of milk of producers who do not hold such permits or ratings, the Class I price shall be the price determined pursuant to (b) of this section, plus 60 cents.

(ii) By handlers in segment 2 of the marketing area: The price for Class I milk shall be the price determined pursuant to (b) of this section, plus 70 cents.

(2) *Class II milk.* The prices per hundredweight to be paid for Class II milk during each delivery period shall be as follows:

(i) By handlers in segment 1 of the marketing area: In the case of milk produced under dairy farm permits or ratings, issued by the proper health authorities, indicating compliance with the production requirements established for milk of Grade A quality, the Class II price shall be the price determined pursuant to (b) of this section, plus 32 cents. In the case of milk of producers who do not hold such permits or ratings, the Class II price shall be the price determined pursuant to (b) of this section, plus 22 cents.

(ii) By handlers in segment 2 of the marketing area: The price for Class II milk shall be the price determined pursuant to (b) of this section, plus 32 cents.

(3) *Class III milk.* The price per hundredweight for milk containing 3.5 percent butterfat during each delivery period shall be the average computed by the market administrator, of prices reported by the United States Department of Agriculture (or by such other Federal agency as may hereafter be authorized to perform this price reporting function) paid during such delivery period to farmers at each of the places or evaporated milk plants where milk is received from producers, as hereinafter listed, and for which prices are reported, but in no event shall such price be less than the price computed pursuant to the formula set forth in (b) of this section.

(4) *Class IV milk:* Multiply by 3.5 the average price per pound of 92-score butter at wholesale in the Chicago market, as reported by the United States Department of Agriculture (or by such other Federal agency as may hereafter be authorized to perform this price reporting function) for the delivery period during which such milk was received, and add 20 percent: *Provided*, That such price shall be subject to the following adjustments: (1) add 3½ cents per hundredweight for each full one-half cent that the price of dry skim milk for human consumption is above 5½ cents per pound, or (2) subtract 3½ cents per hundredweight for each full one-half cent that the price of such dry skim milk is below 5½ cents per pound. For purposes of determining this adjustment the price per pound of dry skim milk to be used shall be the average of the carlot prices for dry skim milk for human consumption, f. o. b. manufacturing plant, as published by the United States Department of Agriculture (or by such other Federal agency as may hereafter be authorized to perform this price reporting function) for the Chicago area during the delivery period, including in such average the quotations published for any fractional part of the previous delivery period which were not published and available for the price determination of such dry skim milk for the previous delivery period. In the event the United States Department of Agriculture does not publish carlot prices for dry skim milk for human consumption, f. o. b. manufacturing plant, the average of the carlot prices for dry skim milk for human consumption, delivered at Chicago, shall be used. In the latter event the Class IV price shall be subject to the following adjustments: (1) add 3½ cents per hundredweight for each full one-half cent that the price of dry skim milk for human consumption, delivered at Chicago, is above 7½ cents per pound, or (2) subtract 3½ cents per hundredweight for each full one-half cent that such price of dry skim milk is below 7½ cents per pound.

(b) *Basic formula price to be used in determining Class I and Class II prices.* The basic formula price to be used in determining the prices per hundredweight of Class I and Class II milk, set forth in this section, shall be the price for Class III milk determined pursuant to (a) (3) of this section, the price for Class IV milk determined pursuant to (a) (4) of this section, or that derived from the following formula, whichever is the highest:

(1) Multiply the average wholesale price per pound of 92-score butter at Chicago for the delivery period as reported by the United States Department of Agriculture (or by such other Federal agency as may hereafter be authorized to perform this price reporting function) by six (6);

(2) Add 2.4 times the average weekly prevailing price per pound of "Twins" during the delivery period on the Wisconsin Cheese Exchange at Plymouth, Wisconsin: *Provided*, That if the price of "Twins" is not quoted on the Wisconsin Cheese Exchange the weekly prevailing price of "Cheddars" shall be deemed to be the prevailing price for "Twins" and shall be used in determining the price pursuant to this formula;

(3) Divide by seven (7), the sum so determined, being hereafter referred to in this paragraph as the "combined butter and cheese value";

(4) To the combined butter and cheese value add 30 percent thereof; and

(5) Multiply the sum computed in (4) of this paragraph by 3.5.

(c) *Butterfat differential to handlers.* If any handler has purchased or received milk from producers containing more or less than 3.5 percent butterfat, such handler shall add or deduct, per hundredweight of milk, for each one-tenth of 1 percent butterfat above or below 3.5 percent, an amount computed as follows: to the average price per pound of 92-score butter at wholesale in the Chicago market, as computed under (a) (4) of this section, add 20 percent and divide the result by 10.

(d) *Location adjustments to handlers.* (1) With respect to milk purchased or received from producers at a plant located more than 70 miles by rail or highway, whichever is the shorter, from the City Hall of Chicago, Illinois, which is classified as Class I milk or Class II milk, there shall be deducted 10 cents per hundredweight, plus 2 cents per hundredweight and one-fourth cent per hundredweight on each class, respectively, for each additional 15 miles or part thereof that such plant is located in excess of 70 miles from City Hall in Chicago, Illinois: *Provided*, That no such deduction shall apply to unaccounted for milk classified as Class I milk pursuant to section 4 (d) (3) and such milk shall be considered to have been received at the most distant plant at which the handler received milk from producers: *Provided further*, That if any handler can prove to the market administrator that the l. c. l. freight rate, approved by the Interstate Commerce Commission, or the State authorities having power to fix intrastate rail rates, for the movement of cream in 40-quart cans from the shipping point for the plant where such milk is received from producers to the marketing area is greater than one-fourth cent per hundredweight of milk, such actual freight rate shall be allowed such handler on Class II milk, but in no case shall such rate exceed one-half cent per hundredweight of milk. There shall be no location adjustment to handlers with respect to Class III milk or Class IV milk.

(2) For purposes of this paragraph and of section 4, Class I milk shall be considered to be that milk purchased or received from producers at plants located in or nearest to the marketing area at which milk is received from producers: *Provided*, That when actual shipments of milk by any handler from two or more plants located in different zones are shown to be in excess of such handler's Class I milk, the location adjustments on Class I milk, as provided in this section shall be applied to such milk, up to and including 110 percent of such handler's Class I milk. Class II milk shall be considered to be that milk purchased or received from producers at plants located nearest to the marketing area after accounting for Class I milk, from which whole milk or cream is shipped to the marketing area: *Provided further*, That upon proof satisfactory to the market administrator that Class II milk was received from producers at a more distant plant, location adjustment shall be allowed from the plant at which such Class II milk was received from producers.

(e) *Adjustment of class prices by War Food Administrator.* Whenever the War Food Administrator finds and announces that the Class I or Class II price determined pursuant to this section is not in accordance with the public interest, the applicable price for the delivery period shall be the same as the price for the same class for the delivery period immediately preceding.

SEC. 6. *Application of provisions*—(a) *Handlers who are also producers.* (1) No provision hereof shall apply to a handler whose sole sources of supply are receipts of milk from his own production and from other handlers, except that such handler shall make reports to the market administrator at such time and in such manner as the market administrator may request.

(2) In computing the value of milk for any handler pursuant hereto, the market administrator shall consider any milk or cream received in bulk by such handler from a handler who is also a producer as described in this section as a receipt from a producer.

(b) *Payment for milk received from sources determined as other than producers or other handlers or from plants not covered by the proviso of section 1 (e).* If any handler has received milk from sources determined by the market administrator to be other than producers or handlers, or from a plant not covered by the proviso of section 1 (e), the difference between the value of such milk according to its use as Class I or Class II milk, as computed pursuant to section 7 (a), and its value at the Class III price shall be paid to producers: *Provided*, That if such handler proves to the satisfaction of the market administrator that he paid more than the Class III price for such milk, the market administrator may use the price paid instead of the Class III price in making this computation. If such milk is used as Class III or Class IV milk, no price adjustment shall be made.

(c) *Payment for excess milk or butterfat.* In the event that a handler, after subtracting receipts from other handlers, and receipts from sources determined as other than producers or other handlers, had disposed of milk or butterfat in excess of the milk or butterfat which has been credited to his producers as having been delivered by them, the value of such milk or milk equivalent of such butterfat in accordance with its utilization shall be added to such handler's obligations to producers pursuant to section 7 in the computation of the uniform price for the delivery period next following discovery thereof.

(d) *Separate treatment of Grade A milk.* If any plant receives both types of milk as described in section 5 (a) (1) (i), all sections hereof shall be applied to each type of milk separately.

SEC. 7. *Determination of minimum prices to be paid to producers*—(a) *Computation of value of milk for each handler.* For each delivery period the market administrator shall compute the value of all milk received by each handler from producers by (1) multiplying the total quantity of such milk in each class as determined pursuant to section 4 by the class price with the appropriate differential applicable to section 5 (c), (2) adding together the resulting values of each class, and (3) adding any amount computed to be paid pursuant to section 6.

(b) *Computation of uniform price for each handler.* The market administrator shall compute for each handler the uniform price per hundredweight of milk received at such handler's plant, as follows:

(1) To the value computed pursuant to (a) of this section:

(i) Add to the value computed pursuant to (a) of this section the total amount of the location adjustments applicable pursuant to section 8 (c).

(ii) Deduct, if the average butterfat content of all milk received from producers is in excess of 3.5 percent, or add, if the average butterfat content of all milk received from producers is less than 3.5 percent, the total value of the butterfat differential applicable pursuant to section 8 (b).

(iii) Add or subtract the moneys resulting from the fractional cents used in adjusting previous month's price to the nearest cent.

(iv) Divide by the hundredweight of milk received from producers.

(v) Adjust the resulting price to the nearest cent.

SEC. 8. *Payment for milk*—(a) *Time and method of payment.* On or before the 18th day after the end of each delivery period each handler shall pay each producer, for milk purchased or received during the delivery period, an amount of money representing not less than the total value of such milk, at the uniform price per hundredweight, computed pursuant to section 7 (b) subject to the location adjustments and butterfat differential set forth under (b) of this section.

(b) *Butterfat differential to producers.* For each one-tenth of 1 percent of average butterfat content above or below 3.5 percent in milk received from any producer during the delivery period, the uniform price paid to such producer shall be plus or minus, as the case may be, an amount computed as follows: to the average wholesale price per pound of 92-score butter in the Chicago market, as computed under section 5 (a) (4), add 20 percent, and divide the result by 10.

(c) *Location adjustments to producers.* In making payments to producers pursuant to paragraph (a) of this section, handlers shall deduct with respect to all milk purchased or received from producers at a plant located more than 70 miles by rail or highway, whichever is the shorter, from the City Hall in Chicago, Illinois, the amount specified as follows:

	Cents per hundredweight
Within 71 to 85 miles	12
Within 85.1 to 100 miles	14
Within 100.1 to 115 miles	16
Within 115.1 to 130 miles	18
Within 130.1 to 145 miles	20
Within 145.1 to 160 miles	22
Within 160.1 to 175 miles	24

For each 15 miles or part thereof beyond 175 miles from the City Hall in Chicago, Illinois, an additional one-half cent per hundredweight.

SEC. 9. *Expense of administration.* As his prorata share of expense of the administration hereof each handler, except handlers described under section 6 (a) (1) and handlers whose plants are not covered by the proviso of section 1 (e), shall pay to the market administrator, on or before the 18th day after the end of each delivery period, an amount not exceeding 4 cents per hundredweight with respect to all milk purchased or received by him during such delivery period from producers, including own production, and from sources other than producers or other handlers, the exact sum to be determined by the market administrator, subject to review by the War Food Administrator.

SEC. 10. *Marketing services*—(a) *Marketing service deduction.* In making payments to producers pursuant to section 8, each handler, with respect to all milk received from each producer during each delivery period, at a plant not operated by a cooperative association of which such producer is a member, shall, except as set forth in (b) of this section, deduct 3 cents per hundredweight (or such lesser amount as the market administrator shall determine to be sufficient, such determination to be subject to review by the War Food Administrator), and shall, on or before the 18th day after the end of such delivery period, pay such deductions to the market administrator. Such moneys shall be expended by the market administrator for verification of weights, samples, and tests of milk received from such producers and in providing for market information to such producers. The market administrator may contract with an association or associations of producers for the furnishing of the whole or any part of such services to, or with respect to, the milk received from such producers.

(b) *Marketing service deductions with respect to members of a producers' cooperative association.* In the case of producers whose milk is received at a plant not operated by a cooperative association of which such producers are members and for whom a cooperative association is actually performing the services set forth in (a) of this section, each handler shall, in lieu of the deductions specified in (a) of this section, make such deductions from payments made pursuant to section 8 as may be authorized by such producers, and pay over, on or before the 18th day after the end of each delivery period, such deductions to the association rendering such service of which such producers are members.

SEC. 11. *Effective time, suspension, or termination*—(a) *Effective time.* The provisions hereof, or any amendment hereto, shall become effective at such time as the War Food Administrator may declare and shall continue in force until suspended, or terminated, pursuant to (b) of this section.

(b) *Suspension or termination.* Any or all of the provisions hereof, or any amendment hereto, shall be suspended or terminated as to any or all handlers after such reasonable notice as the War Food Administrator may give and, in any event, shall terminate whenever the provisions of the act authorizing it cease to be in effect.

(c) *Continuing power and duty of the market administrator.* (1) If, upon the suspension or termination of any or all provisions hereof there are any obligations arising hereunder the final accrual or ascertainment of which requires further acts by any handler, by the market administrator, or by any other person, the power and duty to perform such further acts shall continue notwithstanding such suspension or termination: *Provided,* That any such acts required to be performed by the market administrator shall, if the War Food Administrator so directs, be performed by such other person, persons, or agency as the War Food Administrator may designate.

(2) The market administrator, or such other person as the War Food Administrator may designate, shall (i) continue in such capacity until removed, (ii) from time to time account for all receipts and disbursements and when so directed by the War Food Administrator deliver all funds on hand, together with the books and records of the market administrator or such person, to such person as the War Food Administrator shall direct, and (iii) if so directed by the War Food Administrator, execute assignments or other instruments necessary or appropriate to vest in such person full title to all funds, property, and claims vested in the market administrator or such person pursuant thereto.

(d) *Liquidation after suspension or termination.* Upon the suspension or termination of any or all provisions hereof the market administrator, or such other person as the War Food Administrator may designate, shall, if so directed by the War Food Administrator, liquidate the business of the market administrator's office and dispose of all funds and property then in his possession or under his control, together with claims for any funds which are unpaid or owing at the time of such suspension or termination. Any funds collected pursuant to the provisions hereof, over and above the amounts necessary to meet outstanding obligations and the expenses necessarily incurred by the market administrator or such person in liquidating and distributing such funds, shall be distributed to the contributing handlers and producers in an equitable manner.

SEC. 12. *Agents.* The War Food Administrator may, by designation in writing, name any officer or employee of the United States to act as his agent or representative in connection with any of the provisions hereof.

SEC. 13. *Emergency price provision.* Whenever the provisions hereof require the market administrator to use a specific price (or prices) for milk or any milk product for the purpose of determining class prices or for any other purpose, the market administrator shall add to the specified price the amount of any subsidy, or other similar payment, being made by any Federal agency in connection with the milk, or product, associated with the price specified: *Provided,* That if for any reason the price specified is not reported or published as indicated, the market administrator shall use the applicable maximum uniform price established by regulations of any Federal agency plus the amount of any such subsidy or other similar payment: *Provided further,* That if the specified price is not reported or published and there is no applicable maximum uniform price, or if the specified price is not reported or published and the War Food Administrator determines that the market price is below the applicable maximum uniform price, the market administrator shall use a price determined by the War Food Administrator to be equivalent to or comparable with the price specified.

The following provisions apply to the proposed marketing agreement only.

SEC. 14. *Liability of handlers.* The liability of the handlers hereunder is several and not joint, and no handler shall be liable for the default of any other handler.

SEC. 15. *Counterparts and additional parties*—(a) *Counterparts of marketing agreement.* This marketing agreement may be executed in multiple counterparts and when one counterpart is signed by the War Food Administrator all such counterparts shall constitute, when taken together, one and the same instrument, as if all such signatures were obtained in one original.

(b) *Additional parties to the marketing agreement.* After this agreement first takes effect, any handler may become a party thereto if a counterpart of such agreement is executed by him and delivered to the War Food Administrator. This agreement shall take effect to such new contracting party at the time such counterpart is delivered to the War Food Administrator, and the benefits, privileges, and immunities conferred by this agreement shall then be effective as to such new contracting party.

SEC. 16. *Record of milk handled and authorization to correct typographical errors.* (a) The undersigned certifies that he handled during the month of _____ 194__, _____ pounds of milk covered by this agreement and disposed of within the marketing area.

(b) *Authorization to correct typographical errors.* The undersigned hereby authorizes the Chief or Acting Chief, Dairy and Poultry Branch, Office of Distribution, War Food Administration, to correct any typographical errors which may have been made in this marketing agreement.

In witness whereof, the contracting handlers acting under the provisions of the act for the purpose and subject to the limitations herein contained, and not otherwise, have hereunto set their respective hands and seals.

Copies of this notice of hearing may be procured from the Hearing Clerk, Office of the Solicitor, United States Department of Agriculture, in Room 1331 South Building, Washington, D. C., or may be there inspected.

Dated: March 6, 1944.

ASHLEY SELLERS.

WAR MANPOWER COMMISSION.

BLOOMINGTON-CHAMPAIGN-KANKAKEE, ILL., WAR MANPOWER COMMISSION AREA

EMPLOYMENT STABILIZATION PLAN

The following employment stabilization program for the Bloomington-Champaign-Kankakee War Manpower Commission Area is hereby prescribed, pursuant to § 907.3 (g) of War Manpower Commission Regulation No. 7, "Governing Employment Stabilization Programs," effective August 16, 1943 (8 F.R. 11338).

Sec.

I. Objectives.
II. Geographic content of the area.
III. Definitions of terms used in this plan.
IV. Control of hiring and solicitation of workers.
V. Provisions governing the orderly transfer of workers.
VI. Authority and responsibility of the Bloomington-Champaign-Kankakee Area Labor-Management War Manpower Committees.
VII. Posting pertinent provisions of this plan.
VIII. Revocation of existing stabilization plans.
IX. Effective date.

I. *Objectives.* The purpose of this employment stabilization plan is to assist the War Manpower Commission in bringing about, by measures equitable to labor and management, and necessary for the effective prosecution of the war:

(a) The elimination of wasteful labor turnover in essential activities.

(b) The reduction of unnecessary labor migration.

(c) The direction of the flow of scarce labor where most needed in the war program.

(d) The maximum utilization of manpower resources.

(e) The establishment of procedures for the orderly transfer of essential workers.

II. *Geographic content of the area.* The Bloomington-Champaign-Kankakee Area has been designated by the Regional Director of the War Manpower Commission to consist of the following counties:

Champaign, Douglas, Ford, Iroquois, Kankakee, Livingston, and McLean.

The boundaries of the Bloomington-Champaign-Kankakee Area may be changed upon recommendation of the Area Director and approval by the Regional Director of the War Manpower Commission.

III. *Definitions of terms used in this plan.* (a) "Agriculture" means those farm activities carried on by farm owners or tenants on farms in connection with the cultivation of the soil, the harvesting of crops, or the raising, feeding, or management of livestock, bees, and poultry, and shall not include any packing, canning, processing, transportation or marketing of articles produced on farms unless performed or carried on as an incident to ordinary farming operations as distinguished from manufacturing or commercial operations.

(b) "State" includes Alaska, Hawaii, and the District of Columbia.

(c) "New employee" means any individual who has not been in the employment of the hiring employer at any time during the preceding 30-day period. For the purpose of this definition, employment of less than seven days' duration and employment which is supplemental to the employee's principal work shall be disregarded.

(d) "Critical occupation" means any occupation designated as a critical occupation by the Chairman of the War Manpower Commission. (See War Manpower List of Critical Occupations, 8 F.R. 11420.)

(e) "Essential activity" means any activity included in the War Manpower Commission List of Essential Activities. (8 F.R. 11421.)

(f) "Locally needed activity" means any activity approved by the Regional Manpower Director as a locally needed activity.

(g) The terms "employment" and "work" as applied to an individual engaged in principal and supplementary employments mean his principal employment.

(h) The "War Manpower Commission" is the commission established by Executive Order No. 9139, hereafter referred to as WMC.

(i) The "Bloomington - Champaign - Kankakee Area Labor-Management War Manpower Committee," referred to herein as the Area Committee, is that body composed of representatives of Management and Labor who have been appointed by the Regional Director of the War Manpower Commission for Region VI to act as the Bloomington-Champaign-Kankakee Area Labor-Management War Manpower Committee.

(j) The "United States Employment Service of the War Manpower Commission," herein referred to as the USES, is the Federal Employment Service which shall be deemed to include any employment office of that Service.

(k) The "Regional Director" is the chief administrative officer of the War Manpower Commission for Region VI, which consists of the following states: Illinois, Indiana, Wisconsin.

(l) The "Area Director" is the administrative officer of the War Manpower Commission responsible to the Regional Director for the administration of the policies and directives of the War Manpower Commission within the War Manpower Area as defined in section II of this plan.

IV. *Control of hiring and solicitation of Workers.* All hiring and solicitation of workers in, or for work in, the Bloomington-Champaign-Kankakee Area shall be conducted in accordance with this plan.

V. *Provisions governing the orderly transfer of workers*—(a) *General provisions.* 1. A new employee, who during the preceding 60-day period was engaged in an essential or locally needed activity, may be hired only if such hiring would aid in the effective prosecution of the war. Such hiring shall be deemed to aid in the effective prosecution of the war only if:

(a) Such individual is hired for work in an essential or locally needed activity or for work to which he has been referred by the USES, and

(b) Such individual presents a statement of availability from his last employment in an essential or locally needed activity, or is referred by the USES, or is hired with its consent, as provided herein.

2. *Issuance of statements of availability by employers.* An individual whose last employment is or was in an essential or locally needed activity shall receive a statement of availability from his employer if:

(a) He has been discharged, or his employment has been otherwise terminated by his employer, or

(b) He has been laid off for an indefinite period, or for a period of seven or more days, or

(c) Continuance of his employment would involve undue personal hardship, or

(d) Such employment is or was at a wage or salary or under working conditions below standards established by State or Federal law or regulation, or

(e) Such employment is or was at a wage or salary below a level established or approved by the National War Labor Board (or other agency authorized to adjust wages or approve adjustments thereof) as warranting adjustment, and the employer has failed to adjust the wage in accordance with such level or to apply to the appropriate agency for such adjustment or approval thereof.

3. *Issuance of statements of availability by the USES.* (a) A statement of availability shall be issued promptly to an individual when any of the circumstances set forth in subsection 2 is found to exist in his case. If the employer fails or refuses to issue a statement, the USES, upon finding that the individual is entitled thereto, shall issue a statement of availability to the individual.

(b) A statement of availability shall be issued by the USES to any individual in the employ of an employer who the WMC finds, after notice, hearing and final decision, has not complied with any WMC employment stabilization plan, regulation or policy, and for so long as such employer continues his non-compliance after such finding.

4. *Referral in case of under-utilization.* If an individual is employed at less than full time or at a job which does not utilize his highest recognized skill for which there is a need in the war effort, the USES may, upon his request, refer him to other available employment in which it finds that the individual will be more fully utilized in the war effort.

5. *Workers who may be hired only upon referral by the USES.* (a) A new employee may not be hired solely upon presentation of a statement of avail-

ability, but may be hired only upon referral by, or in accordance with arrangements with, the USES when:

(1) The new employee is to be hired for work in a critical occupation, or his statement of availability indicates that his last employment was in a critical occupation.

(2) The new employee has not lived or worked in the locality of the new employment throughout the preceding 30-day period.

(3) The new employee's last regular employment was in agriculture and he is to be hired for non-agricultural work: *Provided*, That no such individual shall be referred to non-agricultural work except after consultation with a designated representative of the War Food Administration, *And provided*, That such an individual may be hired for non-agricultural work for a period not to exceed six weeks without referral or presentation of a statement of availability.

(b) Encouragement of local initiative and use of existing hiring channels. To the maximum degree consistent with this employment stabilization plan, local initiative and cooperative efforts shall be encouraged and utilized and maximum use made of existing hiring channels such as private employers, labor organizations, professional organizations, schools, colleges, technical institutions and government agencies.

6. *Exclusions.* No provision of this employment stabilization plan shall be applicable to:

(a) The hiring of a new employee for agricultural employment.

(b) The hiring of a new employee for work of less than seven days' duration, or for work which is supplementary to the employee's principal work; but such work shall not constitute the individual's "last employment" for the purposes of this plan, unless the employee is customarily engaged in work less than seven days' duration:

(c) The hiring of an employee in any Territory or possession of the United States, except Alaska and Hawaii.

(d) The hiring by a foreign, State, county or municipal government, or their political subdivisions, or their agencies, and instrumentalities, or to the hiring of any of their employees, unless such foreign, State, county or municipal government, or political subdivision or agency or instrumentality has indicated its willingness to conform, to the maximum extent practicable under the Constitution and laws applicable to it, with the plan.

(e) The hiring of a new employee for domestic service, or to the hiring of a new employee whose last regular employment was in domestic service.

(f) The hiring of a school teacher for vacation employment or the rehiring of a school teacher for teaching at the termination or the vacation period.

7. *Appeals.* Any worker or employer may appeal from any act or failure to act by the WMC under the employment stabilization plan, in accordance with regulations and procedures of the WMC.

8. *Content of statements of availability.* A statement of availability issued to an individual pursuant to this plan shall contain only the individual's name, address, social security number, if any, the name and address of the issuing employer, or WMC officer and office, the date of issuance, a statement as to whether or not the individual's last employment was in a critical occupation, and such other information not prejudicial to the employee in seeking new employment as may be authorized or required by the WMC;

9. *Solicitation of workers.* No employer shall advertise or otherwise solicit for the purpose of hiring any individual if the hiring of such an individual would be subject to restrictions under this employment stabilization plan, except in a manner consistent with such restrictions;

10. *Hiring.* The decision to hire or refer a worker shall be based on qualifications essential for performance of or suitability for the job, and shall be made without discrimination as to race, color, creed, sex, national origin, or except as required by law, citizenship;

11. *Representation.* Nothing contained in the plan shall be construed to restrict any individual from seeking the advice and aid of, or from being represented by the labor organization of which he is a member or any other representatives freely chosen by him, at any step in the operation of the plan;

12. *General referral policies.* No provision in this plan shall limit the authority of the USES to make referrals in accordance with approved policies and instructions of the WMC.

13. *Collective bargaining agreements.* Nothing in this plan shall be construed to prejudice existing rights of an employee or an employer under a collective bargaining agreement.

VI. *Authority and responsibility of the Bloomington-Champaign-Kankakee Area Labor-Management War Manpower Committee.* The Area Labor-Management War Manpower Committee for the Bloomington-Champagn-Kankakee Area is authorized to consider questions of policy, standards, and safeguards in connection with the administration of this employment stabilization plan, and to make recommendations to the Area Director.

VII. *Posting pertinent provisions of this plan.* The pertinent provisions of this employment stabilization plan shall be posted on bulletin boards or any other appropriate places in plants or places of business of employers covered by this plan, in accordance with instructions of the Area Director of the Bloomington-Champaign-Kankakee Area of the WMC, Region VI.

VIII. *Revocation of existing stabilization plans.* The Bloomington-Champaign-Kankakee Area stabilization plan, effective June 9, 1943, together with all instructions and procedures adopted which may be in conflict with the provisions of this plan, are hereby revoked, effective as of 12:01 a. m., October 14, 1943.

IX. *Effective date.* This plan shall become effective at 12:01 a. m. on October 14, 1943.

Signed: September 28, 1943.

WILLIAM G. FUZAK,
Area Director, Bloomington-Champaign-Kankakee Area.

Approved: October 5, 1943.

W. H. SPENCER,
Regional Director, Region VI.

(j) The "United States Employment Service of the War Manpower Commission", herein referred to as the USES, is the Federal Employment Service which shall be deemed to include any employment office of that Service.

(k) The "Regional Director" is the chief administrative officer of the War Manpower Commission for Region VI, which consists of the following States: Illinois, Indiana, Wisconsin.

(l) The "Area Director" is the administrative officer of the War Manpower Commission responsible to the Regional Director for the administration of the policies and directives of the War Manpower Commission within the War Manpower Area as defined in section II of this plan.

IV. *Control of hiring and solicitation of workers.* All hiring and solicitation of workers in, or for work in, the La Salle-Sterling Area shall be conducted in accordance with this plan.

V. *Provisions governing the orderly transfer of workers*—(a) *General provisions.* 1. A new employee, who during the preceding 60-day period was engaged in an essential or locally needed activity, may be hired only if such hiring would aid in the effective prosecution of the war. Such hiring shall be deemed to aid in the effective prosecution of the war only if:

(a) Such individual is hired for work in an essential or locally needed activity or for work to which he has been referred by the USES, and

(b) Such individual presents a statement of availability from his last employment in an essential or locally needed activity, or is referred by the USES, or is hired with its consent, as provided herein.

2. *Issuance of statements of availability by employers.* An individual whose last employment is or was in an essential or locally needed activity shall receive a statement of availability from his employer if:

(a) He has been discharged, or his employment has been otherwise terminated by his employer, or

(b) He has been laid off for an indefinite period, or for a period of seven or more days, or

(c) Continuance of his employment would involve undue personal hardship, or

(d) Such employment is or was at a wage or salary or under working conditions below standards established by State or Federal law or regulation, or

(e) Such employment is or was at a wage or salary below a level established or approved by the National War Labor Board (or other agency authorized to adjust wages or approve adjustments thereof) as warranting adjustment, and the employer has failed to adjust the wage in accordance with such level or to apply to the appropriate agency for such adjustment or approval thereof.

3. *Issuance of statements of availability by the USES.* (a) A statement of availability shall be issued promptly to an individual when any of the circumstances set forth in subsection 2 is found to exist in his case. If the employer fails or refuses to issue a statement, the USES, upon finding that the individual is entitled thereto, shall issue a statement of availability to the individual.

(b) A statement of availability shall be issued by the USES to any individual in the employ of an employer who the WMC finds, after notice, hearing and final decision, has not complied with any WMC employment stabilization plan, regulation or policy, and for so long as such employer continues his non-compliance after such finding.

4. *Referral in case of under-utilization.* If an individual is employed at less than full time or at a job which does not utilize his highest recognized skill for which there is a need in the war effort, the USES may, upon his request, refer him to other available employment in which it finds that the individual will be more fully utilized in the war effort.

5. *Workers who may be hired only upon referral by the USES.* (a) A new employee may not be hired solely upon presentation of a statement of availability, but may be hired only upon referral by, or in accordance with arrangements with, the USES when:

(1) The new employee is to be hired for work in a critical occupation, or his statement of availability indicates that his last employment was in a critical occupation.

(2) The new employee has not lived or worked in the locality of the new employment throughout the preceding 30-day period.

(3) The new employee's last regular employment was in agriculture, and he is to be hired for non-agricultural work: *Provided*, That no such individual shall be referred to non-agricultural work except after consultation with a designated representative of the War Food Administration: *And provided*, That such an individual may be hired for non-agricultural work for a period not to exceed six weeks without referral or presentation of a statement of availability.

(b) *Encouragement of local initiative and use of existing hiring channels.* To the maximum degree consistent with this employment stabilization plan, local initiative and cooperative efforts shall be encouraged and utilized and maximum use made of existing hiring channels such as private employers, labor organizations, professional organizations, schools, colleges, technical institutions and government agencies.

6. *Exclusions.* No provision of this employment stabilization plan shall be applicable to:

(a) The hiring of a new employee for agricultural employment.

(b) The hiring of a new employee for work of less than seven days' duration, or for work which is supplementary to the employee's principal work; but such work shall not constitute the individual's "last employment" for the purposes of this plan, unless the employee is customarily engaged in work of less than seven days' duration.

(c) The hiring of an employee in any Territory or possession of the United States, except Alaska and Hawaii.

(d) The hiring by a foreign, State, county, or municipal government, or their political subdivisions, or their agencies, and instrumentalities, or to the hiring of any of their employees, unless such foreign, State, county, or municipal government, or political subdivision or agency or instrumentality has indicated its willingness to conform, to the maximum extent practicable under the Constitution and laws applicable to it, with the plan.

(e) The hiring of a new employee for domestic service, or to the hiring of a new employee whose last regular employment was in domestic service.

(f) The hiring of a school teacher for vacation employment or the rehiring of a school teacher for teaching at the termination of the vacation period.

7. *Appeals.* Any worker or employer may appeal from any act or failure to act by the WMC under the employment stabilization plan, in accordance with regulations and procedures of the WMC.

8. *Content of statements of availability.* A statement of availability issued to an individual pursuant to this plan shall contain only the individual's name, address, social security number, if any, the name and address of the issuing employer, or WMC officer and office, the date of issuance, a statement as to whether or not the individual's last employment was in a critical occupation, and such other information not prejudicial to the employee in seeking new employments as may be authorized or required by the WMC.

9. *Solicitation of workers.* No employer shall advertise or otherwise solicit for the purpose of hiring any individual if the hiring of such an individual would be subject to restrictions under this employment stabilization plan, except in a manner consistent with such restrictions.

10. *Hiring.* The decision to hire or refer a worker shall be based on qualifications essential for performance of or suitability for the job, and shall be made without discrimination as to race, color, creed, sex, national origin, or except as required by law, citizenship.

11. *Representation.* Nothing contained in the plan shall be construed to restrict any individual from seeking the advice and aid of, or from being represented by, the labor organization of which he is a member or any other representative freely chosen by him, at any step in the operation of the plan.

12. *General referral policies.* No provision in this plan shall limit the authority of the USES to make referrals in accordance with approved policies and instructions of the WMC.

13. *Collective bargaining agreements.* Nothing in this plan shall be construed to prejudice existing rights of an employee or an employer under a collective bargaining agreement.

VI. *Authority and responsibility of the La Salle-Sterling Area Labor-Management War Manpower Committee.* The Area Labor-Management War Manpower Committee for the La Salle-Sterling Area is authorized to consider questions of policy, standards, and safeguards in connection with the administration of this employment stabilization plan, and to make recommendations to the Area Director.

VII. *Posting pertinent provisions of this plan.* The pertinent provisions of this employment stabilization plan shall be posted on bulletin boards or any other appropriate places in plants or places of business of employers covered by this plan, in accordance with instructions of the Area Director of the La Salle-Sterling Area of the WMC, Region VI.

VIII. *Revocation of existing stabilization plans.* The La Salle-Sterling Area stabilization plan, effective May 7, 1943, together with all instructions and procedures adopted which may be in conflict with the provisions of this plan, are hereby revoked, effective as of October 14, 1943.

IX. *Effective date.* This plan shall become effective at 12:01 a. m. on October 14, 1943.

Signed: September 28, 1943.

JOSEPH C. BROOKS,
Area Director,
La Salle-Sterling Area.

Approved: October 5, 1943.

ILLINOIS TRI-CITY WAR MANPOWER COMMISSION AREA

EMPLOYMENT STABILIZATION PLAN

The following employment stabilization program for the Illinois Tri-City War Manpower Commission Area is hereby prescribed, pursuant to § 907.3 (g) of War Manpower Commission Regulation No. 7, "Governing Employment Stabilization Programs," effective August 16, 1943 (8 F.R. 11338).

Sec.
- I. Objectives.
- II. Geographic content of the area.
- III. Definitions of terms used in this plan.
- IV. Control of hiring and solicitation of workers.
- V. Provisions governing the orderly transfer of workers.
- VI. Authority and responsibility of the Illinois Tri-City Area Labor-Management War Manpower Committee.
- VII. Posting pertinent provisions of this plan.
- VIII. Revocation of existing stabilization plans.
- IX. Effective date.

I. *Objectives.* The purpose of this employment stabilization plan is to assist the War Manpower Commission in bringing about, by measures equitable to labor and management, and necessary for the effective prosecution of the war:

(a) The elimination of wasteful labor turnover in essential activities.

(b) The reduction of unnecessary labor migration.

(c) The direction of the flow of scarce labor where most needed in the war program.

(d) The maximum utilization of manpower resources.

(e) The establishment of procedures for the orderly transfer of essential workers.

II. *Geographic content of the area.* The Illinois Tri-City Area has been designated by the Regional Director of the War Manpower Commission to consist of the following counties in Illinois:

Henry, Mercer, and Rock Island.

The boundaries of the Illinois Tri-City Area may be changed upon recommendation of the Area Director and approval by the Regional Director of the War Manpower Commission.

III. *Definitions of terms used in this plan.* (a) "Agriculture" means those farm activities carried on by farm owners or tenants on farms in connection with the cultivation of the soil, the harvesting of crops, or the raising, feeding, or management of livestock, bees, and poultry, and shall not include any packing, canning processing, transportation or marketing or articles produced on farms unless performed or carried on as an incident to ordinary farming operations as distinguished from manufacturing or commercial operations.

(b) "State" includes Alaska, Hawaii, and the District of Columbia.

(c) "New employee" means any individual who has not been in the employment of the hiring employer at any time during the preceding 30-day period. For the purpose of this definition, employment of less than seven days' duration and employment which is supplemental to the employee's principal work shall be disregarded.

(d) "Critical occupation" means any occupation designated as a critical occupation by the Chairman of the War Manpower Commission. (See War Manpower List of Critical Occupations, 8 F.R. 11420)

(e) "Essential activity" means any activity included in the War Manpower Commission List of Essential Activities. (8 F.R. 11421)

(f) "Locally needed activity" means any activity approved by the Regional Manpower Director as a locally needed activity.

(g) The terms "employment" and "work" as applied to an individual engaged in principal and supplementary employments mean his principal employment.

(h) The "War Manpower Commission" is the commission established by Executive Order No. 9139, hereafter referred to as WMC.

(i) The "Illinois Tri-City Area Labor-Management War Manpower Committee," referred to herein as the Area Committee, is that body composed of representatives of Management and Labor who have been appointed by the Regional Director of the War Manpower Commission for Region VI to act as the Illinois Tri-City Area Labor-Management War Manpower Committee.

(j) The "United States Employment Service of the War Manpower Commission", herein referred to as the USES, is the Federal Employment Service which shall be deemed to include any employment office of that Service.

(k) The "Regional Director" is the Chief administrative officer of the War Manpower Commission for Region VI, which consists of the following states: Illinois, Indiana, and Wisconsin.

(l) The "Area Director" is the administrative officer of the War Manpower Commission responsible to the Regional Director for the administration of the policies and directives of the War Manpower Commission within the War Manpower Area as defined in section II of this plan.

IV. *Control of hiring and solicitation of workers.* All hiring and solicitation of workers in, or for work in, the Illinois Tri-City Area shall be conducted in accordance with this plan.

V. *Provisions governing the orderly transfer of workers*—(a) *General provisions.* 1. A new employee, who during the preceding 60-day period was engaged in an essential or locally needed activity, may be hired only if such hiring would aid in the effective prosecution of the war. Such hiring shall be deemed to aid in the effective prosecution of the war only if:

(a) Such individual is hired for work in an essential or locally needed activity or for work to which he has been referred by the USES, and

(b) Such individual presents a statement of availability from his last employment in an essential or locally needed activity, or is referred by the USES, or is hired with its consent, as provided herein.

2. *Issuance of statement of availability by employers.* An individual whose last employment is or was in an essential or locally needed activity shall receive a statement of availability from his employer if:

(a) He has been discharged, or his employment has been otherwise terminated by his employer, or

(b) He has been laid off for an indefinite period, or for a period of seven or more days, or

(c) Continuance of his employment would involve undue personal hardship, or

(d) Such employment is or was at a wage or salary or under working conditions below standards established by State or Federal law or regulation, or

(e) Such employment is or was at a wage or salary below a level established or approved by the National War Labor Board (or other agency authorized to adjust wages or approve adjustments thereof) as warranting adjustment, and the employer has failed to adjust the wage in accordance with such level or to apply to the appropriate agency for such adjustment or approval thereof.

3. *Issuance of statements of availability by the USES.* (a) A statement of availability shall be issued promptly to an individual when any of the circumstances set forth in subsection 2 is found to exist in his case. If the employer fails or refuses to issue a statement, the USES, upon finding that the individual is entitled thereto, shall issue a statement of availability to the individual.

(b) A statement of availability shall be issued by the USES to any individual in the employ of an employer who the WMC finds, after notice, hearing and final decision, has not complied with any WMC employment stabilization plan, regulation or policy, and for so long as such employer continues his non-compliance after such finding.

4. *Referral in case of under-utilization.* If an individual is employed at less than full time or at a job which does not utilize his highest recognized skill for which there is a need in the war effort, the USES may, upon his request, refer him to other available employment in which it finds that the individual will be more fully utilized in the war effort.

5. *Workers who may be hired only upon referral by the USES.* (a) A new employee may not be hired solely upon presentation of a statement of availability, but may be hired only upon referral by, or in accordance with arrangements with, the USES when:

(1) The new employee is to be hired for work in a critical occupation, or his statement of availability indicates that his last employment was in a critical occupation.

(2) The new employee has not lived or worked in the locality of the new employment throughout the preceding 30-day period.

(3) The new employee's last regular employment was in agriculture and he is to be hired for non-agricultural work: *Provided,* That no such individual shall be referred to non-agricultural work except after consultation with a designated representative of the War Food Administration, and *Provided,* That such an individual may be hired for non-agricultural work for a period not to exceed six weeks without referral or presentation of a statement of availability.

(b) *Encouragement of local initiative and use of existing hiring channels.* To the maximum degree consistent with this employment stabilization plan, local initiative and cooperative efforts shall be encouraged and utilized and maximum use made of existing hiring channels such as private employers, labor organizations, professional organizations, schools, colleges, technical institutions and governmental agencies.

6. *Exclusions.* No provision of this employment stabilization plan shall be applicable to:

(a) The hiring of a new employee for agricultural employment.

(b) The hiring of a new employee for work of less than seven days' duration, or for work which is supplementary to the employee's principal work; but such work shall not constitute the individual's "last employment" for the purposes of this plan, unless the employee is customarily engaged in work of less than seven days' duration.

(c) The hiring of an employee in any Territory or possession of the United States, except Alaska and Hawaii.

(d) The hiring by a foreign, State, county or municipal government, or their political subdivisions, or their agencies, and instrumentalities, or to the hiring of any of their employees, unless such foreign, State, county, or municipal government, or political subdivision or agency or instrumentality has indicated its willingness to conform, to the maximum extent practicable under the Constitution and laws applicable to it, with the plan.

(e) The hiring of a new employee for domestic service, or to the hiring of a new employee whose last regular employment was in domestic service.

(f) The hiring of a school teacher for vacation employment or the rehiring of a school teacher for teaching at the termination of the vacation period.

7. *Appeals.* Any worker or employer may appeal from any act or failure to act by the WMC under the employment stabilization plan in accordance with regulations and procedures of the WMC.

8. *Content of statements of availability.* A statement of availability issued to an individual pursuant to this plan shall contain only the individual's name, address, social security number, if any, the name and address of the issuing employer, or WMC officer and office, the date of issuance, a statement as to whether or not the individual's last employment was in a critical occupation, and such other information not prejudicial to the employee in seeking new employment as may be authorized or required by the WMC.

9. *Solicitation of workers.* No employer shall advertise or otherwise solicit for the purpose of hiring any individual if the hiring of such an individual would be subject to restrictions under this employment stabilization plan, except in a manner consistent with such restrictions.

10. *Hiring.* The decision to hire or refer a worker shall be based on qualifications essential for performance of or suitability for the job and shall be made without descrimination as to race, color, creed, sex, national origin, or except as required by law, citizenship.

11. *Representation.* Nothing contained in the plan shall be construed to restrict any individual from seeking the advice and aid of, or from being represented by, the labor organization of which he is a member or any other representative freely chosen by him, at any step in the operation of the plan.

12. *General referral policies.* No provision in this plan shall limit the authority of the USES to make referrals in accordance with approved policies and instructions of the WMC.

13. *Collective bargaining agreements.* Nothing in this plan shall be construed to prejudice existing rights of an employee or an employer under a collective bargaining agreement.

VI. *Authority and responsibility of the Illinois Tri-City Area Labor-Management War Manpower Committee.* The Area Labor-Management War Manpower Committee for the Illinois Tri-City Area is authorized to consider questions of policy, standards, and safeguards in connection with the administration of this employment stabilization plan, and to make recommendations to the Area Director.

VII. *Posting of pertinent provisions of this plan.* The pertinent provisions of this employment stabilization plan shall be posted on bulletin boards or any other

(k) The "Regional Director" is the Chief administrative officer of the War Manpower Commission for Region VI, which consists of the following states: Illinois, Indiana, and Wisconsin.

(l) The "Area Director" is the administrative officer of the War Manpower Commission responsible to the Regional Director for the administration of the policies and directives of the War Manpower Commission within the War Manpower Area as defined in section II of this plan.

IV. *Control of hiring and solicitation of workers.* All hiring and solicitation of workers in, or for work in, the Illinois Tri-City Area shall be conducted in accordance with this plan.

V. *Provisions governing the orderly transfer of workers*—(a) *General provisions.* 1. A new employee, who during the preceding 60-day period was engaged in an essential or locally needed activity, may be hired only if such hiring would aid in the effective prosecution of the war. Such hiring shall be deemed to aid in the effective prosecution of the war only if:

(a) Such individual is hired for work in an essential or locally needed activity or for work to which he has been referred by the USES, and

(b) Such individual presents a statement of availability from his last employment in an essential or locally needed activity, or is referred by the USES, or is hired with its consent, as provided herein.

2. *Issuance of statement of availability by employers.* An individual whose last employment is or was in an essential or locally needed activity shall receive a statement of availability from his employer when he leaves his employment, unless the employer has reason to believe that the individual is not entitled to receive such a statement under the provisions of this plan. Any employer who has reason to believe that an individual is not entitled to receive a statement of availability shall refer the individual to the USES for a statement of availability.

3. *Refusal to issue statement of availability.* Any employer who refuses to issue a statement of availability to an individual who is entitled to receive such a statement under the provisions of this plan shall, upon request of the individual, refer the matter to the USES. If the USES finds that the individual is entitled to receive a statement of availability, the USES shall issue such statement to the individual. If the USES finds that the individual is not entitled to receive a statement of availability, the USES shall refer the matter to the WMC. If the WMC finds, after notice, hearing and final decision, that the individual is not entitled to receive a statement of availability, the WMC shall so notify the USES and the individual. If the WMC finds, after notice, hearing and final decision, that the employer has refused to issue a statement of availability to an individual who is entitled to receive such a statement under the provisions of this plan, the WMC shall so notify the USES and the employer, and for so long as such employer continues his refusal after such finding, the WMC finds, after notice, hearing and final decision, has not complied with any WMC employment stabilization plan, regulation or policy, and for so long as such employer continues his non-compliance after such finding.

4. *Referral in case of under-utilization.* If an individual is employed at less than full time or at a job which does not utilize his highest recognized skill for which there is a need in the war effort, the USES may, upon his request, refer him to other available employment in which it finds that the individual will be more fully utilized in the war effort.

5. *Workers who may be hired only upon referral by the USES.* (a) A new employee may not be hired solely upon presentation of a statement of availability, but may be hired only upon referral by, or in accordance with arrangements with, the USES when:

(1) The new employee is to be hired for work in a critical occupation, or his statement of availability indicates that his last employment was in a critical occupation.

(2) The new employee has not lived or worked in the locality of the new employment throughout the preceding 30-day period.

(3) The new employee's last regular employment was in agriculture and he is to be hired for non-agricultural work: *Provided,* That no such individual shall be referred to non-agricultural work except after consultation with a designated representative of the War Food Administration, and *Provided,* That such an individual may be hired for non-agricultural work for a period not to exceed six weeks without referral or presentation of a statement of availability.

(b) Any employer who has reason to believe that a new employee is not entitled to be hired except upon referral by the USES shall refer the individual to the USES for a statement of availability.

(c) Any employer who hires a new employee in violation of this paragraph 5 shall, upon request of the USES, refer the matter to the WMC. If the WMC finds, after notice, hearing and final decision, that the employer has hired a new employee in violation of this paragraph 5, the WMC shall so notify the USES and the employer, and for so long as such employer continues his violation after such finding, the WMC finds, after notice, hearing and final decision, has not complied with any WMC employment stabilization plan, regulation or policy, and for so long as such employer continues his non-compliance after such finding.

(d) The employer shall comply with the provisions of this paragraph 5 to the maximum extent practicable under the Constitution and laws applicable to it, with the plan.

(e) The hiring of a new employee for domestic service, or to the hiring of a new employee whose last regular employment was in domestic service.

(f) The hiring of a school teacher for vacation employment or the rehiring of a school teacher for teaching at the termination of the vacation period.

7. *Appeals.* Any worker or employer may appeal from any act or failure to act by the WMC under the employment stabilization plan in accordance with regulations and procedures of the WMC.

8. *Content of statements of availability.* A statement of availability issued to an individual pursuant to this plan shall contain only the individual's name, address, social security number, if any, the name and address of the issuing employer, or WMC officer and office, the date of issuance, a statement as to whether or not the individual's last employment was in a critical occupation, and such other information not prejudicial to the employee in seeking new employment as may be authorized or required by the WMC.

9. *Solicitation of workers.* No employer shall advertise or otherwise solicit for the purpose of hiring any individual if the hiring of such an individual would be subject to restrictions under this employment stabilization plan, except in a manner consistent with such restrictions.

10. *Hiring.* The decision to hire or refer a worker shall be based on qualifications essential for performance of or

appropriate places in plants or places of business of employers covered by this plan, in accordance with instructions of the Area Director of the Illinois Tri-City Area of the WMC, Region VI.

VIII. *Revocation of existing stabilisation plans.* The Illinois Tri-City Area Stabilization Plan, effective May 19, 1943, together with all instructions and procedures adopted which may be in conflict with the provisions of this plan, are hereby revoked, effective as of October 14, 1943.

IX. *Effective date.* This plan shall become effective at 12:01 a. m. on October 14, 1943.

Signed: September 28, 1943.

JOHN WISLEY,
Acting Area Director,
Illinois Tri-City Area.

Approved: October 5, 1943.

Adams, Brown, Cass, Fulton, Hancock, Henderson, Knox, Marshall, Mason, Morgan, McDonough, Peoria, Pike, Scott, Schuyler, Stark, Tazewell, Warren, and Woodford.

The boundaries of the Peoria-Quincy-Galesburg Area may be changed upon recommendation of the Area Director and approval by the Regional Director of the War Manpower Commission.

III. *Definitions of terms used in this plan.* (a) "Agriculture" means those farm activities carried on by farm owners or tenants on farms in connection with the cultivation of the soil, the harvesting of crops, or the raising, feeding, or management of livestock, bees, and poultry, and shall not include any packing, canning, processing, transportation or marketing of articles produced on farms unless performed or carried on as an incident to ordinary farming operations as distinguished from manufacturing or commercial operations;

(b) "State" includes Alaska, Hawaii, and the District of Columbia;

(c) "New employee" means any individual who has not been in the employment of the hiring employer at any time during the preceding 30-day period. For the purpose of this definition, employment of less than seven days' duration and employment which is supplemental to the employee's principal work shall be disregarded;

(d) "Critical occupation" means any occupation designated as a critical occupation by the Chairman of the War Manpower Commission. (See War Manpower List of Critical Occupations, 8 F.R. 11420.)

(e) "Essential activity" means any activity included in the War Manpower Commission List of Essential Activities (8 F.R. 11421).

(f) "Locally needed activity" means any activity approved by the Regional Manpower Director as a locally needed activity. (See Appendix IV of this program.)

(g) The terms "employment" and "work" as applied to an individual engaged in principal and supplementary employments mean his principal employment;

(h) The "War Manpower Commission" is the commission established by Executive Order No. 9139, hereafter referred as WMC;

(i) The "Peoria - Quincy - Galesburg Area Labor-Management War Manpower Committee," referred to herein as the Area Committee, is that body composed of representatives of Management and Labor who have been appointed by the Regional Director of the War Manpower Commission for Region VI to act as the Peoria-Quincy-Galesburg Area Labor-Management War Manpower Committee;

(j) The "United States Employment Service of the War Manpower Commission," herein referred to as the USES, is the Federal Employment Service which shall be deemed to include any employment office of that Service;

(k) The "Regional Director" is the Chief administrative officer of the War Manpower Commission for Region VI which consists of the following states: Illinois, Indiana, Wisconsin;

(l) The "State Director" is the chief Administrative officer of the War Manpower Commission for the State of Illinois.

(a) The "Area Director" is the administrative officer of the War Manpower Commission responsible to the State Director for the administration of the policies and directives of the War Manpower Commission within the War Manpower Area as defined in section II of this plan.

IV. *Control of hiring and solicitation of workers.* All hiring and solicitation of workers in, or for work in the Peoria-Quincy-Galesburg Area shall be conducted in accordance with this plan.

V. *Provisions governing the orderly transfer of workers*—(a) *General provisions.* 1. A new employee, who during the preceding 60 day period was engaged is an essential or locally needed activity, may be hired only if such hiring would aid in the effective prosecution of the war. Such hiring shall be deemed to aid in the effective prosecution of the war only if:

(a) Such individual is hired for work in an essential or locally needed activity or for work to which he has been referred by the USES, and

(b) Such individual presents a statement of availability from his last employment in an essential or locally needed activity, or is referred by the USES, or is hired with its consent, as provided herein.

2. *Issuance of statements of availability by employers.* An individual whose last employment is or was in an essential or locally needed activity shall receive a statement of availability from his employer if:

(a) He has been discharged, or his employment has been otherwise terminated by his employer, or

(b) He has been laid off for an indefinite period, or for a period of seven or more days, or

(c) Continuance of his employment would involve undue personal hardship, or

(d) Such employment is or was at a wage or salary or under working conditions below standards established by State or Federal law or regulation, or

(e) Such employment is or was at a wage or salary below a level established or approved by the National War Labor Board (or other agency authorized to adjust wages or approve adjustments thereof) as warranting adjustment, and the employer has failed to adjust the wage in accordance with such level or to apply to the appropriate agency for such adjustment or approval thereof.

3. *Issuance of statements of availability by the USES.* (a) A statement of

availability shall be issued promptly to an individual when any of the circumstances set forth in subsection 2 is found to exist in his case. If the employer fails or refuses to issue a statement, the USES, upon finding that the individual is entitled thereto, shall issue a statement of availability to the individual.

(b) A statement of availability shall be issued by the USES to any individual in the employ of an employer who the WMC finds, after notice, hearing, and final decision, has not complied with any WMC employment stabilization plan, regulation or policy, and for so long as such employer continues his non-compliance after such finding.

4. *Referral in case of under-utilization.* If an individual is employed at less than full time or at a job which does not utilize his highest recognized skill for which there is a need in the war effort, the USES may, upon his request, refer him to other available employment in which it finds that the individual will be more fully utilized in the war effort.

5. *Workers who may be hired only upon referral by the USES.* (a) A new employee may not be hired solely upon presentation of a statement of availability, but may be hired only upon referral by, or in accordance with arrangements with, the USES when:

(1) The new employee is to be hired for work in a critical occupation, or his statement of availability indicates that his last employment was in a critical occupation;

(2) The new employee has not lived or worked in the locality of the new employment throughout the preceding 30-day period;

(3) The new employee's last regular employment was in agriculture and he is to be hired for non-agricultural work: *Provided,* That no such individual shall be referred to non-agricultural work except after consultation with a designated representative of the War Food Administration: *And provided,* That such an individual may be hired for non-agricultural work for a period not to exceed six weeks without referral or presentation of a statement of availability.

(b) *Encouragement of local initiative and use of existing hiring channels.* To the maximum degree consistent with this employment stabilization plan, local initiative and cooperative efforts shall be encouraged and utilized and maximum use made of existing hiring channels such as private employers, labor organizations, professional organizations, schools, colleges, technical institutions and government agencies.

6. *Exclusions.* No provision of this employment stabilization plan shall be applicable to:

(a) The hiring of a new employee for agricultural employment;

(b) The hiring of a new employee for work of less than seven days' duration, or for work which is supplementary to the employee's principal work; but such work shall not constitute the individual's "last employment" for the purposes of this plan, unless the employee is customarily engaged in work of less than seven days duration;

(c) The hiring of an employee in any Territory or possession of the United States, except Alaska and Hawaii;

(d) The hiring by a foreign, State, County or municipal government, or their political subdivisions, or their agencies, and instrumentalities, or to the hiring of any of their employees, unless such foreign, State, County, or municipal government, or political subdivision or agency or instrumentality has indicated its willingness to conform, to the maximum extent practicable under the Constitution and laws applicable to it, with the plan;

(e) The hiring of a new employee for domestic service, or to the hiring of a new employee whose last regular employment was in domestic service;

(f) The hiring of a school teacher for vacation employment or the rehiring of a school teacher for teaching at the termination of the vacation period.

7. *Appeals.* Any worker or employer may appeal from any act or failure to act by the WMC under the employment stabilization plan, in accordance with regulations and procedures of the WMC.

8. *Content of statements of availability.* A statement of availability issued to an individual pursuant to this plan shall contain only the individual's name, address, social security number, if any, the name and address of the issuing employer, or WMC officer and office, the date of issuance, a statement as to whether or not the individual's last employment was a critical occupation, and such other information not prejudicial to the employee in seeking new employment as may be authorized or required by the WMC.

9. *Solicitation of workers.* No employer shall advertise or otherwise solicit for the purpose of hiring any individual if the hiring of such individual would be subject to restrictions under this employment stabilization plan, except in a manner consistent with such restrictions.

10. *Hiring.* The decision to hire or refer a worker shall be based on qualifications essential for performance of or suitability for the job, and shall be made without discrimination as to race, color, creed, sex, national origin or except as required by law, citizenship.

11. *Representation.* Nothing contained in the plan shall be construed to restrict any individual from seeking the advice and aid of, or from being represented by, the labor organization of which he is a member or any other representative freely chosen by him, at any step in the operation of the plan.

12. *General referral policies.* No provision in this plan shall limit the authority of the USES to make referrals in accordance with approved policies and instructions of the WMC.

13. *Collective bargaining agreements.* Nothing in this plan shall be construed to prejudice existing rights of an employee or employer under a collective bargaining agreement.

VI. *Authority and responsibility of the Peoria-Quincy-Galesburg Area Labor-Management War Manpower Committee.* The Area Labor-Management War Manpower Committee for the Peoria-Quincy-Galesburg Area is authorized to consider questions of policy, standards, and safeguards in connection with the administration of this employment stabilization plan and to make recommendations to the Area Director.

VII. *Posting pertinent provisions of this plan.* The pertinent provisions of this employment stabilization plan shall be posted on bulletin boards or any other appropriate places in plants or places of business of employers covered by this plan, in accordance with instructions of the Area Director of the Peoria-Quincy-Galesburg Area of the WMC.

VIII. *Effective date.* This plan shall become effective at 12:01 a. m. on October 15, 1943.

Signed: October 5, 1943.

DANVILLE, ILL., WAR MANPOWER COMMISSION AREA

EMPLOYMENT STABILIZATION PLAN

The following employment stabilization program for the Danville Illinois War Manpower Commission Area is hereby prescribed, pursuant to § 907.3 (g) of War Manpower Commission Regulation No. 7, "Governing Employment Stabilization Programs," effective August 16, 1943 (8 F.R. 11338).

Sec.

I. Objectives.
II. Geographic content of the area.
III. Definitions of terms used in this plan.
IV. Control of hiring and solicitation of workers.
V. Provisions governing the orderly transfer of workers.
VI. Authority and responsibility of the Danville Area Labor-Management War Manpower Committee.
VII. Posting pertinent provisions of this plan.
VIII. Revocation of existing stabilization plans.
IX. Effective date.

I. *Objectives.* The purpose of this employment stabilization plan is to assist the War Manpower Commission in bringing about, by measures equitable to labor and management, and necessary for the effective prosecution of the war:

(a) The elimination of wasteful labor turnover in essential activities;

(b) The reduction of unnecessary labor migration.

(c) The direction of the flow of scarce labor where most needed in the war program;

(d) The maximum utilization of manpower resources;

(e) The establishment of procedures for the orderly transfer of essential workers.

II. *Geographic content of the area.* The Danville Area has been designated by the Regional Director of the War Manpower Commission to consist of the following counties in the State of Illinois;

Vermilion, Edgar, Clark, and Crawford.

The boundaries of the Danville Area may be changed upon recommendation of the Area Director and approval by the Regional Director of the War Manpower Commission.

III. *Definitions of terms used in this plan.* (a) "Agriculture" means those farm activities carried on by farm owners or tenants on farms in connection with the cultivation of the soil, the harvesting of crops, or the raising, feeding, or management of livestock, bees, and poultry, and shall not include any packing, canning, processing, transportation or marketing of articles produced on farms unless performed or carried on as an incident to ordinary farming operations as distinguished from manufacturing or commercial operations.

(b) "State" includes Alaska, Hawaii, and the District of Columbia.

(c) "New employee" means any individual who has not been in the employment of the hiring employer at any time during the preceding 30-day period. For the purpose of this definition, employment of less than seven days' duration and employment which is supplemental to the employee's principal work shall be disregarded.

(d) "Critical occupation" means any occupation designated as a critical occupation by the Chairman of the War Manpower Commission. (See War Manpower List of Critical Occupations, 8 F.R. 11420.)

(e) "Essential activity" means any activity included in the War Manpower Commission List of Essential Activities. (8 F.R. 11421)

(f) "Locally needed activity" means any activity approved by the Regional Manpower Director as a locally needed activity.

(g) The terms "employment" and "work" as applied to an individual engaged in principal and supplementary employments mean his principal employment.

(h) The "War Manpower Commission" is the commission established by Executive Order No. 9139, hereafter referred to as WMC.

(i) The "Danville Area Labor-Management War Manpower Committee," referred to herein as the Area Committee, is that body composed of representatives of Management and Labor who have been appointed by the Regional Director of the War Manpower Commission for Region VI to act as the Danville Area Labor-Management War Manpower Committee.

(j) The "United States Employment Service of the War Manpower Commission," herein referred to as the USES, is the Federal Employment Service which shall be deemed to include any employment office of that Service.

(k) The "Regional Director" is the chief administrative officer of the War Manpower Commission for Region VI, which consists of the following States: Illinois, Indiana, Wisconsin.

(l) The "Area Director" is the administrative officer of the War Manpower Commission responsible to the Regional Director for the administration of the policies and directives of the War Manpower Commission within the War Manpower Area as defined in section II of this plan.

IV. *Control of hiring and solicitation of workers.* All hiring and solicitation of workers in, or for work in, the Danville Area shall be conducted in accordance with this plan.

V. *Provisions governing the orderly transfer of workers*—(a) *General provisions.* 1. A new employee, who during the preceding 60 day period was engaged in an essential or locally needed activity, may be hired only if such hiring would aid in the effective prosecution of the war. Such hiring shall be defined to aid in the effective prosecution of the war only if:

(a) Such individual is hired for work in an essential or locally needed activity or for work to which he has been referred by the USES, and

(b) Such individual presents a statement of availability from his last employment in an essential or locally needed activity, or is referred by the USES, or is hired with its consent, as provided herein.

2. *Issuance of statement of availability by employers.* An individual whose last employment is or was in an essential or locally needed activity shall receive a statement of availability from his employer if:

(a) He has been discharged, or his employment has been otherwise terminated by his employer, or

(b) He has been laid off for an indefinite period, or for a period of seven or more days, or

(c) Continuance of his employment would involve undue personal hardship, or

(d) Such employment is or was at a wage or salary or under working conditions below standards established by State or Federal law or regulation, or

(e) Such employment is or was at a wage or salary below a level established or approved by the National War Labor Board (or other agency authorized to adjust wages or approve adjustments thereof as warranting adjustment, and the employer has failed to adjust the wage in accordance with such level or to apply to the appropriate agency for such adjustment or approval thereof.

3. *Issuance of statements of availability by the USES.* (a) A statement of availability shall be issued promptly to an individual when any of the circumstances set forth in subsection 2 is found to exist in his case. If the employer fails or refuses to issue a statement, the USES, upon finding that the individual is entitled thereto, shall issue a statement of availability to the individual.

(b) A statement of availability shall be issued by the USES to any individual in the employ of an employer who the WMC finds, after notice, hearing and final decision, has not complied with any WMC employment stabilization plan, regulation or policy, and for so long as such employer continues his non-compliance after such finding.

4. *Referral in case of under-utilization.* If an individual is employed at less than full time or at a job which does not utilize his highest recognized skill for which there is a need in the war effort, the USES may, upon his request, refer him to other available employment in which it finds that the individual will be more fully utilized in the war effort.

5. *Workers who may be hired only upon referral by the USES.* (a) A new employee may not be hired solely upon presentation of a statement of availability, but may be hired only upon referral by, or in accordance with arrangements with, the USES when:

(1) The new employee is to be hired for work in a critical occupation, or his statement of availability indicates that his last employment was in a critical occupation.

(2) The new employee has not lived or worked in the locality of the new employment throughout the preceding 30-day period.

(3) The new employee's last regular employment was in agriculture and he is to be hired for non-agricultural work: *Provided,* That no such individual shall be referred to non-agricultural work except after consultation with designated representative of the War Food Administration: *And provided,* That such an individual may be hired for non-agricultural work for a period not to exceed six weeks, without referral or presentation of a statement of availability.

(b) *Encouragement of local initiative and use of existing hiring channels.* To the maximum degree consistent with this employment stabilization plan, local initiative and cooperative efforts shall be encouraged and utilized and maximum use made of existing hiring channels such as private employers, labor organizations, professional organizations, schools, colleges, technical institutions and government agencies.

6. *Exclusions.* No provision of this employment stabilization plan shall be applicable to:

(a) The hiring of a new employee for agricultural employment.

(b) The hiring of a new employee for work of less than seven days' duration, or for work which is supplementary to the employee's principal work; but such work shall not constitute the individual's "last employment" for the purpose of this plan, unless the employee is customarily engaged in work of less than seven days' duration.

(c) The hiring of an employee in any Territory or possession of the United States, except Alaska and Hawaii.

(d) The hiring by a foreign, State, county, or municipal government, or their political subdivisions, or their agencies, and instrumentalities, or to the hiring of any of their employees, unless such foreign, State, county, or municipal

government, or political subdivision or agency or instrumentality has indicated its willingness to conform, to the maximum extent practicable under the Constitution and laws applicable to it, with the plan.

(e) The hiring of a new employee for domestic service, or to the hiring of a new employee whose last regular employment was in domestic service.

(f) The hiring of a school teacher for vacation employment or the rehiring of a school teacher for teaching at the termination of the vacation period.

7. *Appeals.* Any worker or employer may appeal from any act or failure to act by the WMC under the employment stabilization plan, in accordance with regulations and procedures of the WMC.

8. *Content of statement of availability.* A statement of availability issued to an individual pursuant to this plan shall contain only the individual's name, address, social security number, if any, the name and address, of the issuing employer, or WMC officer and office, the date of issuance, a statement as to whether or not the individual's last employment was in a critical occupation, and such other information not prejudicial to the employee in seeking new employment as may be authorized or required by the WMC.

9. *Solicitation of workers.* No employer shall advertise or otherwise solicit for the purpose of hiring any individual if the hiring of such an individual would be subject to restrictions under this employment stabilization plan, except in a manner consistent with such restrictions.

10. *Hiring.* The decision to hire or refer a worker shall be based on qualifications essential for performance of or suitability for the job and shall be made without discrimination as to race, color, creed, sex, national origin, or except as required by law, citizenship.

11. *Representation.* Nothing contained in the plan shall be construed to restrict any individual from seeking the advice and aid of, or from being represented by, the labor organization of which he is a member or any other representative freely chosen by him, at any step in the operation of the plan.

12. *General referral policies.* No provision in this plan shall limit the authority of the USES to make referrals in accordance with approved policies and instructions of the WMC.

13. *Collective bargaining agreements.* Nothing in this plan shall be construed to prejudice existing rights of an employee or an employer under a collective bargaining agreement.

VI. *Authority and responsibility of the Danville Area Labor-Management War Manpower Committee.* The Area Labor-Management War Manpower Committee for the Danville Area is authorized to consider questions of policy, standards, and safeguards in connection with the administration of this employment stabilization plan, and to make recommendations to the Area Director.

VII. *Posting pertinent provisions of this plan.* The pertinent provisions of this employment stabilization plan shall be posted on bulletin boards or any other appropriate places in plants or places of business of employers covered by this plan, in accordance with instructions of the Area Director of the Danville Area of the WMC, Region VI.

VIII. *Revocation of existing stabilization plans.* The Danville Area stabilization plan, effective May 3, 1943, together with all instructions and procedures adopted which may be in conflict with the provisions of this plan, are hereby revoked, effective as of October 14, 1943.

IX. *Effective date.* This plan shall become effective at 12:01 a. m., on October 14, 1943.

Signed: September 13, 1943.

power Area as defined in section II of this plan;

(m) "An additional controlled occupation" is an occupation in which the local demand for workers exceeds the local supply and has been so designated by the Area Director and approved by the Regional Director of the WMC. (See Appendix V of this program.)

IV. *Control of hiring and solicitation of workers.* All hiring and solicitation of workers in, or for work in, the Evansville Area shall be conducted in accordance with this plan.

V. *Provisions governing the orderly transfer of workers*—(a) *General provisions.* 1. A new employee, who during the preceding 60-day period was engaged in an essential or locally needed activity, may be hired only if such hiring would aid in the effective prosecution of the war. Such hiring shall be deemed to aid in the effective prosecution of the war only if:

(a) Such individual is hired for work in an essential or locally needed activity or for work to which he has been referred by the USES, and

(b) Such individual presents a statement of availability from his last employment in an essential or locally needed activity, or is referred by the USES, or is hired with its consent, as provided herein.

2. *Issuance of statements of availability by employers.* An individual whose last employment is or was in an essential or locally needed activity shall receive a statement of availability from his employer if:

(a) He has been discharged, or his employment has been otherwise terminated by his employer, or

(b) He has been laid off for an indefinite period, or for a period of seven or more days, or

(c) Continuance of his employment would involve undue personal hardship, or

(d) Such employment is or was at a wage or salary or under working conditions below standards established by State or Federal law or regulation, or

(e) Such employment is or was at a wage or salary below a level established or approved by the National War Labor Board (or other agency authorized to adjust wages or approve adjustments thereof) as warranting adjustment, and the employer has failed to adjust the wage in accordance with such level or to apply to the appropriate agency for such adjustment or approval thereof.

3. *Issuance of statements of availability by the USES.* (a) A statement of availability shall be issued promptly to an individual when any of the circumstances set forth in subsection 2 is found to exist in his case. If the employer fails or refuses to issue a statement, then USES, upon finding that the individual is entitled thereto, shall issue a statement of availability to the individual;

(b) A statement of availability shall be issued by the USES to any individual in the employ of an employer who the WMC finds, after notice, hearing and final decision, has not complied with any WMC employment stabilization plan, regulation or policy, and for so long as such employer continues his non-compliance after such finding.

4. *Referral in case of under-utilization.* If an individual is employed at less than full time or at a job which does not utilize his highest recognized skill for which there is a need in the war effort, the USES may, upon his request, refer him to other available employment in which it finds that the individual will be more fully utilized in the war effort.

5. *Workers who may be hired only upon referral by the USES.* (a) A new employee may not be hired solely upon presentation of a statement of availability, but may be hired only upon referral by, or in accordance with arrangements with, the USES when:

(1) The new employee is to be hired for work in a critical occupation, or his statement of availability indicated that his last employment was in a critical occupation;

(2) The new employee is to be hired for work in an occupation listed in Appendix No. V of this program, "Additional Controlled Occupations," or his statement of availability indicates that this last employment was in such an occupation;

(3) The new employee has not lived or worked in the locality of the new employment throughout the preceding 30-day period;

(4) The new employee's last regular employment was in agriculture and he is to be hired for non-agricultural work, *Provided*, That no such individual shall be referred to non-agricultural work except after consultation with a designated representative of the War Food Administration, *And provided*, That such an individual may be hired for non-agricultural work for a period not to exceed six weeks without referral or presentation of a statement of availability.

(b) *Encouragement of local initiative and use of existing hiring channels.* To the maximum degree consistent with this employment stabilization plan, local initiative and cooperative efforts shall be encouraged and utilized and maximum use made of existing hiring channels such as private employers, labor organizations, professional organizations, schools, colleges, technical institutions and government agencies.

6. *Exclusions.* No provision of this employment stabilization plan shall be applicable to:

(a) The hiring of a new employee for agricultural employment;

(b) The hiring of a new employee for work of less than seven days' duration, or for work which is supplementary to the employee's principal work; but such work shall not constitute the individual's "last employment" for the purposes of this plan, unless the employee is customarily engaged in work of less than seven days' duration;

(c) The hiring of an employee in any territory or possession of the United States, except Alaska, and Hawaii;

(d) The hiring by a foreign, State, county, or municipal government, or their political subdivisions, or their agencies, and instrumentalities, or to the hiring of any of their employees, unless such foreign, State, county, or municipal government, or political subdivision or agency or instrumentality has indicated its willingness to conform, to the maximum extent practicable under the Constitution and laws applicable to it, with the plan;

(e) The hiring of a new employee for domestic service, or to the hiring of a new employee whose last regular employment was in domestic service;

(f) The hiring of a school teacher for vacation employment or the rehiring of a school teacher for teaching at the termination of the vacation period.

7. *Appeals.* Any worker or employer may appeal from any act or failure to act by the WMC under the employment stabilization plan, in accordance with regulations and procedures of the WMC.

8. *Content of statements of availability.* A statement of availability issued to an individual pursuant to this plan shall contain only the individual's name, address, social security number, if any, the name and address of the issuing employer, or WMC officer and office, the date of issuance, a statement as to whether or not the individual's last employment was in a critical occupation, and such other information not prejudicial to the employee in seeking new employment as may be authorized or required by the WMC;

9. *Solicitation of workers.* No employer shall advertise or otherwise solicit for the purpose of hiring any individual if the hiring of such an individual would be subject to restrictions under this employment stabilization plan, except in a manner consistent with such restrictions;

10. *Hiring.* The decision to hire or refer a worker shall be based on qualifications essential for performance of or suitability for the job, and shall be made without discrimination as to race, color, creed, sex, national origin, or except as required by law, citizenship.

11. *Representation.* Nothing contained in the plan shall be construed to restrict any individual from seeking the advice and aid of, or from being represented by the labor organization of which he is a member or any other representatives freely chosen by him, at any step in the operation of the plan;

12. *General referral policies.* No provision in this plan shall limit the authority of the USES to make referrals in accordance with the approved policies and instructions of the WMC;

13. *Collective bargaining agreements.* Nothing in this plan shall be construed to prejudice existing rights of an employee or any employer under a collective bargaining agreement.

(b) *Miscellaneous provisions*—1. *Mail applications.* Employers who receive mail applications from workers outside the Evansville Area shall refer such applications to their local USES office.

2. *Leave of absence with retention of seniority and other accrued rights.* When an essential worker is not utilizing his highest skill or is not employed full time at his highest skill and the war program can best be served by the worker's transfer for a limited period to another employer in the Evansville Area where his highest skill can be utilized full time, the

current essential employer shall grant an essential worker a leave of absence with full retention of seniority and other accrued rights until such time as the current employer is able to provide work which will utilize the worker's highest skill. Such leave of absence shall be granted only with the provision that the worker will return to his original employer on one week's notice when the original employer is able to provide full-time work using the worker's highest skill.

3. *Re-transfer.* Any employer shall, upon request of the USES, release from employment any worker hired contrary to the provisions of this plan or through misrepresentation. Re-transfer of such a worker shall occur in accordance with the best interest of the war effort and in such manner as to do justice to the worker and the employer. Appeals from such decisions may be had in the same manner as in the case of original transfers.

VI. *Authority and responsibility of the Evansville Area Labor-Management War Manpower Committee.* The Area Labor-Management War Manpower Committee for the Evansville Area is authorized to consider questions of policy, standards, and safeguards in connection with the administration of this employment stabilization plan, and to make recommendations to the Area Director.

VII. *Posting pertinent provisions of this plan.* The pertinent provisions of this employment stabilization plan shall be posted on bulletin boards or any other appropriate places in plants or places of business of employers covered by this plan, in accordance with instructions of the Area Director of the Evansville Area of the WMC, Region VI.

VIII. *Revocation of existing stabilization plans.* The Evansville Area stabilization plan, effective December 12, 1942, together with all instructions and procedures adopted which may be in conflict with the provisions of this plan, are hereby revoked, effective as of 12:01 a. m. October 14, 1943.

IX. *Effective date.* This plan shall become effective 12:01 a. m. on October 14, 1943.

Signed: September 14, 1943.

The Northeastern Illinois Area is divided into three Administrative Divisions, each with a full-functioning Labor-Management War Manpower Committee as follows:

(1) *Metropolitan Chicago Division.* Du Page County and Cook County except for that portion within the Chicago Heights-Harvey Division as described below and the city of Elgin;

(2) *Chicago Heights-Harvey Division.* That portion of Cook County from 123d Street and Chicago City limits (Ashland Avenue) west on 123d Street to east line of Lemont Township, excluding towns of Alsip, Palos Park and Palos Heights; south on the Lemont Township line to the Will County line; south and east on Will County line to the Indiana State line; north on the Indiana State line to the intersection with the Grand Trunk R. R.; north and west on the Grand Trunk to the intersection with alternate U. S. Highway 30; north on alternate U. S. Highway 30 to the Pa. R. R., excluding the city of Lansing; north and west on the Pa. R. R. to the intersection with the I. C. R. R. to the intersection with the Calumet River; north and west on the Chicago city limits to the point of beginning at 123d Street.

(3) *Fox Valley-Joliet Division.* Kendall, Grundy, Will, Kane, (including the entire city of Elgin) and De Kalb Counties. The boundaries of the Northeastern Illinois Area or of the respective divisions within the Area, may be changed upon recommendation of the Area Director and approval by the Regional Director of the War Manpower Commission.

III. *Definitions of terms used in this plan.* (a) "Agriculture" means those farm activities carried on by farm owners or tenants on farms in connection with the cultivation of the soil, the harvesting of crops, or the raising, feeding, or management of livestock, bees, and poultry, and shall not include any packing, canning, processing, transportation or marketing of articles produced on farms unless performed or carried on as an incident to ordinary farming operations as distinguished from manufacturing or commercial operations.

(b) "State" includes Alaska, Hawaii, and the District of Columbia.

(c) "New employee" means any individual who has not been in the employment of the hiring employer at any time during the preceding 30-day period. For the purpose of this definition, employment of less than seven days' duration and employment which is supplemental to the employee's principal work shall be disregarded.

(d) "Critical occupation" means any occupation designated as a critical occupation by the Chairman of the War Manpower Commission. (See War Manpower List of Critical Occupations, 8 F.R. 11420.)

(e) "Essential activity" means any activity included in the War Manpower Commission List of Essential Activities. (8 F.R. 11421.)

(f) "Locally needed activity" means any activity approved by the Regional Manpower Director as a locally needed activity.

(g) The terms "employment" and "work" as applied to an individual engaged in principal and supplementary employments mean his principal employment.

(h) The "War Manpower Commission" is the commission established by Executive Order No. 9139, hereafter referred to as WMC.

(i) The "Northeastern Illinois Area Labor-Management Committees" referred to herein as the Area Committee, are those three bodies composed of representatives of Management and Labor who have been appointed by the Regional Director of the War Manpower Commission for Region VI to act as the Northeastern Illinois Area Labor-Management War Manpower Committee for their respective divisions.

(j) The "United States Employment Service of the War Manpower Commission," herein referred to as the USES, is the Federal Employment Service which shall be deemed to include any employment office of that Service.

(k) The "Regional Director" is the chief administrative officer of the War Manpower Commission for Region VI, which consists of the following States: Illinois, Indiana, Wisconsin.

(l) The "Area Director" is the administrative officer of the War Manpower Commission responsible to the Regional Director for the administration of the policies and directives of the War Man-

power Commission within the War Manpower Area as defined in section II of this plan.

IV. *Control of hiring and solicitation of workers.* All hiring and solicitation of workers in, or for work in, the Northeastern Illinois Area shall be conducted in accordance with this plan.

V. *Provisions governing the orderly transfer of workers*—(a) *General provisions.* 1. A new employee, who during the preceding 60-day period was engaged in an essential or locally needed activity, may be hired only if such hiring would aid in the effective prosecution of the war. Such hiring shall be deemed to aid in the effective prosecution of the war only if:

(a) Such individual is hired for work in an essential or locally needed activity or for work to which he has been referred by the USES, and

(b) Such individual presents a statement of availability from his last employment in an essential or locally needed activity, or is referred by the USES, or is hired with its consent, as provided herein.

2. *Issuance of statements of availability by employers.* An individual whose last employment is or was in an essential or locally needed activity shall receive a statement of availability from his employer if:

(a) He has been discharged, or his employment has been otherwise terminated by his employer, or

(b) He has been laid off for an indefinite period, or for a period of seven or more days, or

(c) Continuance of his employment would involve undue personal hardship, or

(d) Such employment is or was at a wage or salary or under working conditions below standards established by State or Federal law or regulation, or

(e) Such employment is or was at a wage or salary below a level established or approved by the National War Labor Board (or other agency authorized to adjust wages or approve adjustments thereof) as warranting adjustment, and the employer has failed to adjust the wage in accordance with such level or to apply to the appropriate agency for such adjustment or approval thereof.

3. *Issuance of statements of availability by the USES.* (a) A statement of availability shall be issued promptly to an individual when any of the circumstances set forth in subsection 2 is found to exist in his case. If the employer fails or refuses to issue a statement, the USES, upon finding that the individual is entitled thereto, shall issue a statement of availability to the individual.

(b) A statement of availability shall be issued by the USES to any individual in the employ of an employer who the War Manpower Commission finds, after notice, hearing and final decision, has not complied with any War Manpower Commission employment stabilization plan, regulation or policy, and for so long as such employer continues his noncompliance after such finding.

4. *Referral in case of under-utilization.* If an individual is employed at less than full time or at a job which does not utilize his highest recognized skill for which there is a need in the war effort, the USES may, upon his request, refer him to other available employment in which it finds that the individual will be more fully utilized in the war effort.

5. *Workers who may be hired only upon referral by the USES.* (a) A new employee may not be hired solely upon presentation of a statement of availability, but may be hired only upon referral by, or in accordance with arrangements with, the USES when:

(1) The new employee is to be hired for work in a critical occupation, or his statement of availability indicates that his last employment was in a critical occupation.

(2) The new employee has not lived or worked in the locality of the new employment throughout the preceding 30-day period.

(3) The new employee's last regular employment was in agriculture and he is to be hired for non-agriculture work: *Provided*, That no such individual shall be referred to non-agricultural work except after consultation with a designated representative of the War Food Administration: *And provided*, That such an individual may be hired for non-agricultural work for a period not to exceed six weeks without referral or presentation of a statement of availability.

(b) *Encouragement of local initiative and use of existing hiring channels.* To the maximum degree consistent with this employment stabilization plan, local initiative and cooperative efforts shall be encouraged and utilized and maximum use made of existing hiring channels such as private employers, labor organizations, professional organizations, schools, colleges, technical institutions and government agencies.

6. *Exclusions.* No provision of this employment stabilization plan shall be applicable to:

(a) The hiring of a new employee for agricultural employment.

(b) The hiring of a new employee for work of less than seven days' duration, or for work which is supplementary to the employee's principal work; but such work shall not constitute the individual's "last employment" for the purposes of this plan, unless the employee is customarily engaged in work of less than seven days' duration.

(c) The hiring of an employee in any Territory or possession of the United States, except Alaska and Hawaii.

(d) The hiring by a foreign, State, county, or municipal government, or their political subdivisions, or their agencies, and instrumentalities, or to the hiring of any of their employees, unless such foreign, State, county, or municipal government, or political subdivision or agency or instrumentality has indicated its willingness to conform, to the maximum extent practicable under the Constitution and laws applicable to it, with the plan.

(e) The hiring of a new employee for domestic service, or to the hiring of a new employee whose last regular employment was in domestic service.

(f) The hiring of a school teacher for vacation employment or the rehiring of a school teacher for teaching at the termination of the vacation period.

7. *Appeals.* Any worker or employer may appeal from any act or failure to act by the WMC under the employment stabilization plan, in accordance with regulations and procedures of the WMC.

8. *Content of statements of availability.* A statement of availability issued to an individual pursuant to this plan shall contain only the individual's name, address, social security number, if any, the name and address of the issuing employer, or WMC officer and office, the date of issuance, a statement as to whether or not the individual's last employment was in a critical occupation, and such other information not prejudicial to the employee in seeking new employment as may be authorized or required by the WMC.

9. *Solicitation of workers.* No employer shall advertise or otherwise solicit for the purpose of hiring any individual if the hiring of such an individual would be subject to restrictions under this employment stabilization plan, except in a manner consistent with such restrictions.

10. *Hiring.* The decision to hire or refer a worker shall be based on qualifications essential for performance of or suitability for the job, and shall be made without discrimination as to race, color, creed, sex, national origin, or except as required by law, citizenship.

11. *Representation.* Nothing contained in the plan shall be construed to restrict any individual from seeking the advice and aid of, or from being represented by, the labor organization of which he is a member or any other representative freely chosen by him, at any step in the operation of the plan.

12. *General referral policies.* No provision in this plan shall limit the authority of the USES to make referrals in accordance with approved policies and instructions of the WMC.

13. *Collective bargaining agreements.* Nothing in this plan shall be construed to prejudice existing rights of an employee or an employer under a collective bargaining agreement.

VI. *Authority and responsibility of the Northeastern Illinois Area Labor-Management War Manpower Committees.* The area Labor-Management War Manpower Committees for the Northeastern Illinois Area are authorized to consider questions of policy, standards, and safeguards in connection with the administration of this employment stabilization plan, and to make recommendations to the Area Manpower Director.

VII. *Posting pertinent provisions of this plan.* The pertinent provisions of this employment stabilization plan shall be posted on bulletin boards or any other appropriate places in plants or places of business of employers covered by this plan, in accordance with instructions of the Area Director of the Northeastern Illinois Area of the War Manpower Commission, Region VI.

VIII. *Revocation of existing stabilization plans.* The Fox-Valley-Joliet Stabilization Plan, The Chicago Heights-Harvey Division Employment Stabilization Plan, The Temporary Regulation

Facilitating Administration War Manpower Commission Regulation 4 effective July 16, 1943, The Calumet (Illinois) Area Stabilization Plan, together with all instructions and procedures adopted which may be in conflict with the provisions of this plan, are hereby revoked, effective as of October 1, 1943.

IX. *Effective date.* This plan shall become effective at 12:01 a. m. on October 1, 1943.

Signed: September 28, 1943.

LESTER BROWN,
Area Director,
Northeastern Illinois Area.

Approved: October 1, 1943.

(c) The hiring of an employee in any Territory or possession of the United States, except Alaska and Hawaii.

(d) The hiring by a foreign, State, county or municipal government or their political subdivisions, or their agencies and instrumentalities, or to the hiring of any of their employees, unless such foreign State, county or municipal government or political subdivision or agency or instrumentality has indicated its willingness to conform, to the maximum extent practicable under the Constitution and laws applicable to it, with the plan;

(e) The hiring of a new employee for domestic service, or to the hiring of a new employee whose last regular employment was in domestic service;

(f) The hiring of a school teacher for vacation employment or the rehiring of a school teacher for teaching at the termination of the vacation period.

7. *Appeals.* Any worker or employer may appeal from any act or failure to act by the WMC under the employment stabilization plan in accordance with regulations and procedures of the WMC.

8. *Content of statements of availability.* A statement of availability issued to an individual pursuant to this plan shall contain only the individual's name, address, social security number, if any,

the name and address of the issuing employer, or WMC officer, and office, the date of issuance, a statement as to whether or not the individual's last employment was in a critical occupation, and such other information not prejudicial to the employee in seeking new employment as may be authorized or required by the WMC.

9. *Solicitation of workers.* No employer shall advertise or otherwise solicit for the purpose of hiring any individual if the hiring of such an individual would be subject to restrictions under this employment stabilization plan, except in a manner consistent with such restrictions.

10. *Hiring.* The decision to hire or refer a worker shall be based on qualifications essential for performance of or suitability for the job, and shall be made without discrimination as to race, color, creed, sex, national origin, or, except as required by law, citizenship.

11. *Representation.* Nothing contained in the plan shall be construed to restrict any individual from seeking the advice and aid of, or from being represented by, the labor organization of which he is a member or any other representative freely chosen by him, at any step in the operation of the plan.

12. *General referral policies.* No provision in this plan shall limit the authority of the USES to make referrals in accordance with approved policies and instructions of the WMC.

13. *Collective bargaining agreements.* Nothing in this plan shall be construed to prejudice existing rights of any employee or an employer under a collective bargaining agreement.

VI. *Authority and responsibility of the Little Egypt Area Labor-Management War Manpower Committee.* The Area Labor-Management War Manpower Committee for the Little Egypt Area is authorized to consider questions of policy, standards and safeguards in connection with the administration of this employment stabilization plan, and to make recommendations to the Area Director.

VII. *Posting pertinent provisions of this plan.* The pertinent provisions of this employment stabilization plan shall be posted on bulletin boards or any other appropriate places in plants or places of business of employers covered by this plan, in accordance with instructions of the Area Director of the Little Egypt Area of the WMC, Region VI.

VIII. *Revocation of existing stabilization plans.* The Little Egypt Area Stabilization Plan, effective July 27, 1943, together with all instructions and procedures adopted which may be in conflict with the provisions of this plan, are hereby revoked, effective as of October 14, 1943.

IX. *Effective date.* This plan shall become effective at 12:01 a. m. on October 14, 1943.

Signed: September 28, 1943.

ROCKFORD, ILL., WAR MANPOWER COMMISSION AREA

EMPLOYMENT STABILIZATION PLAN

The following employment stabilization program for the Rockford, Illinois, War Manpower Commission Area is hereby prescribed, pursuant to § 907.3 (g) of War Manpower Commission Regulation No. 7, "Governing Employment Stabilization Programs," effective August 16, 1943 (8 F.R. 11338).

Sec.
I. Objectives.
II. Geographic content of the area.
III. Definitions of terms used in this plan.
IV. Control of hiring and solicitation of workers.
V. Provisions governing the orderly transfer of workers.
VI. Authority and responsibility of the Rockford Area Labor-Management War Manpower Committees.
VII. Posting pertinent provisions of this plan.
VIII. Revocation of existing stabilization plans.
IX. Effective date.

I. *Objectives.* The purpose of this employment stabilization plan is to assist the War Manpower Commission in bringing about, by measures equitable to labor and management, and necessary for the effective prosecution of the war:

(a) The elimination of wasteful labor turnover in essential activities.

(b) The reduction of unnecessary labor migration.

(c) The direction of the flow of scarce labor where most needed in the war program.

(d) The maximum utilization of manpower resources.

(e) The establishment of procedures for the orderly transfer of essential workers.

II. *Geographic content of the area.* The Rockford Area has been designated by the Regional Director of the War Manpower Commission to consist of the following counties in Illinois:

Lake, Jo Daviess, Stephenson, Winnebago with the exception of Rockton, Roscoe, Laona, and Shirland Townships, Boone, and McHenry.

The boundaries of the Rockford Area may be changed upon recommendation of the Area Director and approval by the Regional Director of the War Manpower Commission.

III. *Definitions of terms used in this plan.* (a) "Agriculture" means those farm activities carried on by farm owners or tenants on farms in connection with the cultivation of the soil, the harvesting of crops, or the raising, feeding, or management of livestock, bees, and poultry, and shall not include any packing, canning, processing, transportation or marketing of articles produced on farms unless performed or carried on as an incident to ordinary farming operations as distinguished from manufacturing or commercial operations.

(b) "State" includes Alaska, Hawaii, and the District of Columbia.

(c) "New employee" means any individual who has not been in the employment of the hiring employer at any time during the preceding 30-day period. For the purpose of this definition, employment of less than seven days' duration and employment which is supplemental to the employee's principal work shall be disregarded.

(d) "Critical occupation" means any occupation designated as a critical occupation by the Chairman of the War Manpower Commission. (See War Manpower List of Critical Occupations, 8 F.R. 11420.)

(e) "Essential activity" means any activity included in the War Manpower Commission List of Essential Activities. (8 F.R. 11421.)

(f) "Locally needed activity" means any activity approved by the Regional Manpower Director as a locally needed activity.

(g) The terms "employment" and "work" as applied to an individual engaged in principal and supplementary employments mean his principal employment.

(h) The "War Manpower Commission" is the commission established by Executive Order No. 9139, hereafter referred to as WMC.

(i) The "Rockford Area Labor-Management War Manpower Committee," referred to herein as the Area Committee, is that body composed of representatives of Management and Labor who have been appointed by the Regional Director of the War Manpower Commission for Region VI to act as the Rockford Area Labor-Management War Manpower Committee.

(j) The "United States Employment Service of the War Manpower Commission," herein referred to as the USES, is the Federal Employment Service which shall be deemed to include any employment office of that Service.

(k) The "Regional Director" is the chief administrative officer of the War Manpower Commission for Region VI, which consists of the following States: Illinois, Indiana, Wisconsin.

(l) The "Area Director" is the administrative officer of the War Manpower Commission responsible to the Regional Director for the administration of the policies and directives of the War Manpower Commission within the War Manpower Area as defined in section II of this plan.

IV. *Control of hiring and solicitation of workers.* All hiring and solicitation of workers in, or for work in, the Rockford Area shall be conducted in accordance with this plan.

V. *Provisions governing the orderly transfer of workers*—(a) *General provisions.* 1. A new employee, who during the preceding 60-day period was engaged in an essential or locally needed activity, may be hired only if such hiring would aid in the effective prosecution of the war. Such hiring shall be deemed to aid in the effective prosecution of the war only if:

(a) Such individual is hired for work in an essential or locally needed activity or for work to which he has been referred by the USES, and

(b) Such individual presents a statement of availability from his last employment in an essential or locally needed activity, or is referred by the USES, or is hired with its consent, as provided herein.

2. *Issuance of statements of availability by employers.* An individual whose

last employment is or was in an essential or locally needed activity shall receive a statement of availability from his employer if:

(a) He has been discharged, or his employment has been otherwise terminated by his employer, or

(b) He has been laid off for an indefinite period, or for a period of seven or more days, or

(c) Continuance of his employment would involve undue personal hardship, or

(d) Such employment is or was at a wage or salary or under working conditions below standards established by State or Federal law or regulation, or

(e) Such employment is or was at a wage or salary below a level established or approved by the National War Labor Board (or other agency authorized to adjust wages or approve adjustments thereof) as warranting adjustment, and the employer has failed to adjust the wage in accordance with such level or to apply to the appropriate agency for such adjustment or approval thereof.

3. *Issuance of statements of availability by the USES.* (a) A statement of availability shall be issued promptly to an individual when any of the circumstances set forth in subsection 2 is found to exist in his case. If the employer fails or refuses to issue a statement, the USES, upon finding that the individual is entitled thereto, shall issue a statement of availability to the individual.

(b) A statement of availability shall be issued by the USES to any individual in the employ of an employer who the WMC finds, after notice, hearing and final decision, has not complied with any WMC employment stabilization plan, regulation or policy, and for so long as such employer continues his noncompliance after such finding.

4. *Referral in case of under-utilization.* If an individual is employed at less than full time or at a job which does not utilize his highest recognized skill for which there is a need in the war effort, the USES may, upon his request, refer him to other available employment in which it finds that the individual will be more fully utilized in the war effort.

5. *Workers who may be hired only upon referral by the USES.* (a) A new employee may not be hired solely upon presentation of a statement of availability, but may be hired only upon referral by, or in accordance with arrangements with, the USES when:

(1) The new employee is to be hired for work in a critical occupation, or his statement of availability indicates that his last employment was in a critical occupation.

(2) The new employee has not lived or worked in the locality of the new employment throughout the preceding 30-day period.

(3) The new employee's last regular employment was in agriculture and he is to be hired for non-agricultural work, *Provided*, That no such individual shall be referred to non-agricultural work except after consultation with a designated representative of the War Food Administration, *And provided*, That such an individual may be hired for non-agricultural work for a period not to exceed six weeks without referral or presentation of a statement of availability.

(b) *Encouragement of local initiative and use of existing hiring channels.* To the maximum degree consistent with this employment stabilizatioin plan, local initiative and cooperative efforts shall be encouraged and utilized and maximum use made of existing hiring channels such as private employers, labor organizations, professional organizations, schools, colleges, technical institutions and government agencies.

6. *Exclusions.* No provision of this employment stabilization plan shall be applicable to:

(a) The hiring of a new employee for agricultural employment.

(b) The hiring of a new employee for work of less than seven days' duration, or for work which is supplementary to the employee's principal work; but such work shall not constitute the individual's "last employment" for the purposes of this plan, unless the employee is customarily engaged in work of less than seven days' duration.

(c) The hiring of an employee in any Territory or possession of the United States, except Alaska and Hawaii.

(d) The hiring by a foreign, State, county, or municipal government, or their political subdivisions, or their agencies, and instrumentalities, or to the hiring of any of their employees, unless such foreign, State, county, or municipal government, or political subdivision or agency or instrumentality has indicated its willingness to conform, to the maximum extent practicable under the Constitution and laws applicable to it, with the plan.

(e) The hiring of a new employee for domestic service, or to the hiring of a new employee whose last regular employment was in domestic service.

(f) The hiring of a school teacher for vacation employment or the rehiring of a school teacher for teaching at the termination of the vacation period.

7. *Appeals.* Any worker or employer may appeal from any act or failure to act by the WMC under the employment stabilization plan, in accordance with regulations and procedures of the WMC.

8. *Content of statements of availability.* A statement of availability issued to an individual pursuant to this plan shall contain only the individual's name, address, social security number, if any, the name and address, of the issuing employer, or WMC officer and office, the date of issuance, a statement as to whether or not the individual's last employment was in a critical occupation, and such other information not prejudicial to the employee in seeking new employment as may be authorized or required by the WMC.

9. *Solicitation of workers.* No employer shall advertise or otherwise solicit for the purpose of hiring any individual if the hiring of such an individual would be subject to restrictions under this employment stabilization plan, except in a manner consistent with such restrictions.

10. *Hiring.* The decision to hire or refer a worker shall be based on qualifications essential for performance of or suitability for the job, and shall be made without discrimination as to race, color, creed, sex, national origin, or except as required by law, citizenship.

11. *Representation.* Nothing contained in the plan shall be construed to restrict any individual from seeking the advice and aid of, or from being represented by, the labor organization of which he is a member or any other representative freely chosen by him, at any step in the operation of the plan.

12. *General referral policies.* No provision in this plan shall limit the authority of the USES to make referrals in accordance with approved policies and instructions of the WMC.

13. *Collective bargaining agreements.* Nothing in this plan shall be construed to prejudice existing rights of an employee or an employer under a collective bargaining agreement.

VI. *Authority and responsibility of the Rockford Area Labor-Management War Manpower Committee.* The Area Labor-Management War Manpower Committee for the Rockford Area is authorized to consider questions of policy, standards, and safeguards in connection with the administration of this employment stabilization plan, and to make recommendations to the Area Director.

VII. *Posting pertinent provisions of this plan.* The pertinent provisions of this employment stabilization plan shall be posted on bulletin boards or any other appropriate places in plants or places of business of employers covered by this plan, in accordance with instructions of the Area Director of the Rockford Area of the WMC, Region VI.

VIII. *Revocation of existing stabilization plans.* The Rockford Area Stabilization Plan, effective April 8, 1943, together with all instructions and procedures adopted which may be in conflict with the provisions of this plan, are hereby revoked, effective as of October 14, 1943.

IX. *Effective date.* This plan shall become effective at 12:01 a. m. on October 14, 1943.

Signed: September 30, 1943.

3. *Issuance of statements of availability by the USES.* (a) A statement of availability shall be issued promptly to an individual when any of the circumstances set forth in subsection 2 is found to exist in his case. If the employer fails or refuses to issue a statement, the USES, upon finding that the individual is entitled thereto, shall issue a statement of availability to the individual.

(b) A statement of availability shall be issued by the USES to any individual in the employ of an employer who the WMC finds, after notice, hearing and final decision, has not complied with any WMC employment stabilization plan, regulation or policy, and for so long as such employer continues his noncompliance after such finding.

4. *Referral in case of under-utilization.* If an individual is employed at less than full time or at a job which does not utilize his highest recognized skill for which there is a need in the war effort, the USES may, upon his request, refer him to other available employment in which it finds that the individual will be more fully utilized in the war effort.

5. *Workers who may be hired only upon referral by the USES.* (a) A new employee may not be hired solely upon presentation of a statement of availability, but may be hired only upon referral by, or in accordance with arrangements with, the USES when:

(1) The new employee is to be hired for work in a critical occupation, or his statement of availability indicates that his last employment was in a critical occupation;

(2) The new employee is to be hired for work in an occupation listed in Appendix V of this program, "Additional Controlled Occupations" or his statement of availability indicates that his last employment was in such an occupation;

(3) The new employee has not lived or worked in the locality of the new employment throughout the preceding 30-day period.

(4) The new employee's last regular employment was in agriculture and he is to be hired for non-agricultural work: *Provided*, That no such individual shall be referred to non-agricultural work except after consultation with a designated representative of the War Food Administration: *And provided*, That such an individual may be hired for non-agricultural work for a period not to exceed six weeks without referral or presentation of a statement of availability.

(b) *Encouragement of local initiative and use of existing hiring channels.* To the maximum degree consistent with this employment stabilization plan, local initiative and cooperative efforts shall be encouraged and utilized and maximum use made of existing hiring channels such as private employers, labor organizations, professional organizations, schools, colleges, technical institutions and government agencies.

6. *Exclusions.* No provision of this employment stabilization plan shall be applicable to:

(a) The hiring of a new employee for agricultural employment;

(b) The hiring of a new employee for work of less than seven days' duration, or for work which is supplementary to the employee's principal work; but such work shall not constitute the individual's "last employment" for the purposes of this plan, unless the employee is customarily engaged in work of less than seven days' duration;

(c) The hiring of an employee in any Territory or possession of the United States, except Alaska and Hawaii;

(d) The hiring by a foreign, State, county, or municipal government, or their political subdivisions, or their agencies, and instrumentalities, or to the hiring of any of their employees, unless such foreign, State, county, or municipal government, or political subdivision or agency or instrumentality has indicated its willingness to conform, to the maximum extent practicable under the Constitution and laws applicable to it, with the plan;

(e) The hiring of a new employee for domestic service, or to the hiring of a new employee whose last regular employment was in domestic service;

(f) The hiring of a school teacher for vacation employment or the rehiring of a school teacher for teaching at the termination of the vacation period.

7. *Appeals.* Any worker or employer may appeal from any act or failure to act by the WMC under the employment stabilization plan, in accordance with regulations and procedures of the WMC.

8. *Content of statements of availability.* A statement of availability issued to an individual pursuant to this plan shall contain only the individual's name, address, social security number, if any, the name and address of the issuing employer or WMC officer and office, the date of issuance, a statement as to whether or not the individual's last employment was in a critical occupation, and such other information not prejudicial to the employee in seeking new employment as may be authorized or required by the WMC.

9. *Solicitation of workers.* No employer shall advertise or otherwise solicit for the purpose of hiring any individual if the hiring of such an individual would be subject to restrictions under this employment stabilization plan, except in a manner consistent with such restrictions.

10. *Hiring.* The decision to hire or refer a worker shall be based on qualifications essential for performance of or suitability for the job, and shall be made without discrimination as to race, color, creed, sex, national origin, or except as required by law, citizenship.

11. *Representation.* Nothing contained in the plan shall be construed to restrict any individual from seeking the advice and aid of, or from being represented by, the labor organization of which he is a member or any other representative freely chosen by him, at any step in the operation of this plan.

12. *General referral policies.* No provision in this plan shall limit the authority of the USES to make referrals in accordance with approved policies and instructions of the WMC.

13. *Collective bargaining agreements.* Nothing in this plan shall be construed to prejudice existing rights of an employee or an employer under a collective bargaining agreement.

VI. *Authority and responsibility of the Springfield-Decatur Area Labor-Management War Manpower Committee.* The Area Labor-Management War Manpower Committee for the Springfield-Decatur Area is authorized to consider questions of policy, standards, and safeguards in connection with the administration of this employment stabilization plan, and to make recommendations to the Area Director.

VII. *Posting pertinent provisions of this plan.* The pertinent provisions of this employment stabilization plan shall be posted on bulletin boards or any other appropriate places in plants or places of business of employers covered by this plan, in accordance with instructions of the Area Director of the Springfield-Decatur Area of the WMC, Region VI.

VIII. *Revocation of existing stabilization plans.* The Springfield-Decatur Area stabilization plan, effective April 18, 1943, together with all instructions and procedures adopted which may be in conflict with the provisions of this plan, are hereby revoked, effective as of 12:01 a. m. October 15, 1943.

IX. *Effective date.* This plan shall become effective at 12:01 a. m. on October 15, 1943.

Signed: October 8, 1943.

SAMUEL R. WANNAMAUGHER,
Area Director,
Springfield-Decatur Area.

DR. PEPPER BOTTLING COMPANY, INCORPORATED

CONSENT ORDER

Dr. Pepper Bottling Company, Incorporated, of Corbin, Kentucky, is engaged in the bottling and distribution of non-alcoholic beverages, and was found in an investigation by the War Production Board on December 14, 1943, to have used 5,196 gross of new closures made of restricted materials for the period from June 1, 1942, to October 1, 1943, for the bottling of non-alcoholic beverages, in excess of the quota permitted under the provisions of Conservation Order M-104, as then in effect. Dr. Pepper Bottling Company, Incorporated, admits the excess use as charged by the War Production Board and has consented to the issuance of this order.

Wherefore, upon the agreement and consent of Dr. Pepper Bottling Company, Incorporated, the Regional Compliance Chief and the Regional Attorney, and upon the approval of the Compliance Commissioner: *It is hereby ordered,* That:

(a) Dr. Pepper Bottling Company, Incorporated, its successors and assigns, shall, during the calendar year of 1944, reduce its use of new closures made of restricted materials to be affixed to glass containers for non-alcoholic beverages by 5,196 gross, under the quota it would otherwise be entitled to use in such a period, as defined by Limitation Order L-103-b, which on January 4, 1944, superseded Conservation Order M-104, controlling the use of such closures. Any exceptions to this reduction in use must be specifically authorized in writing by the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve Dr. Pepper Bottling Company, Incorporated, its successors or assigns from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect as of the date of issuance, and shall expire on December 31, 1944.

Issued this 6th day of March 1944.

"WAMSUTTA"

DETERMINATION OF VESSEL OWNERSHIP

Notice of determination by War Shipping Administrator pursuant to section 3 (b) of the act approved March 24, 1943, (Pub. law 17, 78th Cong.)

Whereas on May 11, 1943, title to the vessel *Wamsutta* (228865), (including all spare parts, appurtenances and equipment) was requisitioned pursuant

to section 902 of the Merchant Marine Act, 1936, as amended; and

Whereas section 3 (b) of the Act approved March 24, 1943, (Pub. Law 17, 78th Cong.), provides in part as follows:

(b) The Administrator, War Shipping Administration, may determine at any time prior to the payment in full or deposit in full with the Treasurer of the United States, or the payment or deposit of 75 per centum, or just compensation therefor, that the ownership of any vessel (the title to which has been requisitioned pursuant to section 902 of the Merchant Marine Act, 1936, as amended, or the Act of June 6, 1941, (Public Law 101, Seventy-Seventh Congress), is not required by the United States, and after such determination has been made and notice thereof has been published in the FEDERAL REGISTER, the use rather than the title to such vessel shall be deemed to have been requisitioned for all purposes as of the date of the original taking; *Provided however*, That no such determination shall be made with respect to any vessel after the date of delivery of such vessel pursuant to title requisition except with the consent of the owner. * * *; and

Whereas no portion of just compensation for the said vessel has been paid or deposited with the Treasurer of the United States; and

Whereas the ownership of the said vessel, spare parts, appurtenances and equipment is not required by the United States; and

Whereas the former owner of the vessel has consented to this determination and to the return of the vessel and the conversion of the requisition of title therein to a requisition of use thereof in accordance with the above-quoted provision of law;

Now therefore, I, Emory S. Land, Administrator, War Shipping Administration, acting pursuant to the above-quoted provisions of law, do hereby determine that the ownership of said vessel, spare parts, appurtenances and equipment is not required by the United States, and that, from and after the date of publication hereof in the FEDERAL REGISTER, the use rather than title thereto shall be deemed to have been requisitioned, for all purposes, as of the date of the original taking.

TITLE 7—AGRICULTURE

Chapter IX—War Food Administration (Marketing Agreements and Orders)

PART 930—MILK IN TOLEDO, OHIO, MARKETING AREA

Order suspending certain provisions of the order, as amended, regulating the handling of milk in the Toledo, Ohio, marketing area.

Pursuant to the applicable provisions of Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937 (7 U.S.C. 1940 ed. 601 et seq.), hereinafter referred to as the "act," and of the order, as amended, regulating the handling of milk in the Toledo, Ohio, marketing area, it is hereby found and determined that the provisions of such order which provide a seasonal minimum price for Class III milk during the months of April, May, and June 1944, are provisions which obstruct and do not tend to effectuate the declared policy of the act with respect to producers of milk under such order.

It is, therefore, ordered, That, effective as of 12:01 a. m., April 1, 1944, and continuing during the months of April, May, and June 1944, the following provisions of § 930.5 (a) (3) of the order, as amended,[1] regulating the handling of milk in the Toledo, Ohio, marketing area, are hereby suspended: "except during the months of April, May, and June when the Class III price shall be the price determined pursuant to subparagraph (4) of this paragraph, less 10 cents."

PART 1010—SUSPENSION ORDERS

[Suspension Order S-455, Reinstatement]

GEORGE F. HASTINGS COMPANY

On December 1, 1943, Suspension Order No. S-455 was issued in the case of George F. Hastings, doing business as George F. Hastings Company at 1421 Seventeenth Street, Denver, Colorado. George F. Hastings appealed to the Chief Compliance Commissioner for a stay of the suspension order provisions, which was granted on December 17, 1943. George F. Hastings also filed an appeal from the suspension order itself, together with a brief on appeal. The Deputy Chief Compliance Commissioner, after reviewing the case, has decided that there were wilful violations of Limitation Order L-83 and that the suspension order was properly issued and would not cause irreparable damage to the business of George F. Hastings. The Deputy Chief Compliance Commissioner has directed that the appeal be dismissed, the stay terminated, and the suspension order reinstated for the balance of the original period of time. In view of the foregoing,

It is hereby ordered, That: Suspension Order No. S-455, issued December 1, 1943, be and hereby is reinstated and paragraph (c) is amended to read as follows:

(c) This order shall again become effective March 7, 1944, and shall expire on May 26, 1944.

Issued this 29th day of February 1944.

PART 1010—SUSPENSION ORDERS

[Suspension Order S–496]

COOPER & COOPER, INC.

Harold A. Cooper is receiver of Cooper & Cooper, Inc., of Pittsfield, Massachusetts, manufacturers of coal stokers. Between May 31, 1942, and March 31, 1943, the receiver manufactured approximately 334 Class B stokers which were not composed of fabricated parts in his possession on May 31, 1942. Many of these Class B stokers were manufactured after September 30, 1942. This action was a violation of General Limitation Order L–75.

On June 25, 1942, the receiver placed three orders with his supplier for various materials, certifying that they were for emergency repairs of plumbing and heating equipment and therefore entitled to an A–10 rating under Preference Rating Order P–94. These materials were in fact not for emergency repairs but, as the receiver knew, were to be incorporated into new Class B stokers which he intended to manufacture in violation of General Limitation Order L–75. On August 31, 1942, he similarly applied an A–10 rating to the delivery of a balance of 250 gear boxes which he had ordered September 3, 1941, which were similarly intended for incorporation into new Class B stokers. These acts were in violation of Preference Rating Order P–94.

Having thus obtained critical materials with the A–10 preference rating, the receiver used them in the manufacture and assembly of new stokers, which was not the purpose for which the priority assistance was given. This misuse of critical materials was a violation of Priorities Regulation No. 1.

From April 15, 1942, to the date of the compliance hearing, December 22, 1943, the receiver kept a record of sales of stokers, but kept no records of production and no inventory records other than an annual stock-taking. This failure to keep adequate records was a violation of General Limitation Order L–75. The receiver either was aware of General Limitation Order L–75 and Preference Rating Order P–94, or from his business experience should have been aware of them. These actions constituted wilful violations of the orders and they have diverted critical materials to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.496 *Suspension Order No. S–496.* (a) Deliveries of materials to Harold A. Cooper, as its receiver, and to Cooper & Cooper, Inc., his and its successors and assigns, shall not be accorded priority over deliveries under any other contract or order, and no preference rating shall be assigned, applied or extended to such deliveries by means of preference rating certificates, preference rating orders, general preference orders, or any other order or regulation of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation shall be made to Harold A. Cooper, as its receiver, or to Cooper & Cooper, Inc., his and its successors and assigns, of any material, the supply or distribution of which is governed by any order of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) The provisions of this suspension order shall not prevent Harold A. Cooper, as its receiver, or Cooper & Cooper, Inc., his and its successors and assigns, from using priority or allocation assistance to obtain material to the minimum extent necessary to enable the receiver and the Corporation to replace those parts of stokers heretofore produced by him or it and now in use which are worn out or damaged beyond repair. The exceptions provided for in this paragraph shall be subject to approval being obtained from the Regional Director of the Boston, Massachusetts, Regional Office of the War Production Board, and specific authority to act on applications for such exceptions is hereby delegated to the Regional Director of the Boston, Massachusetts, Regional Office.

(d) Nothing in this order shall be deemed to relieve Harold A. Cooper, as its receiver, or Cooper & Cooper, Inc., from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except in so far as the same may be inconsistent with the provisions hereof.

(e) This order shall take effect on March 7, 1944, and shall expire on July 7, 1944.

Issued this 29th day of February 1944.

PART 1010—SUSPENSION ORDERS

[Suspension Order S–497]

LOUIS MAZOR & SON

Louis Mazor & Son is engaged in the furniture business in Baltimore, Maryland. It is a partnership composed of Samuel Fivel, Blanche Fivel, Nelson F. Jacobson, Bessie M. Jacobson and Mary M. Goodman, and is a controlled merchant, as defined in Limitation Order L–219. During the period from April 1,

1943, to June 30, 1943, their allowable receipts of consumers' goods, as permitted under the provisions of Limitation Order L–219, were in the sum of $15,190; however, during this period they actually received goods of the value of $53,633. This excessive receipt of consumers' goods in the amount of $38,443 constituted a violation of Limitation Order L–219. During the period from July 1, 1943, to September 30, 1943, their allowable receipts of consumers' goods, as permitted under the provisions of Limitation Order L–219 were in the sum of $29,658; however, during this period they actually received goods of the value of $42,755. This excessive receipt of consumers' goods in the amount of $13,097 during the period, constituted a violation of Limitation Order L–219. All of the partners were aware of the provisions of Limitation Order L–219, and these acts constituted wilful violations of Limitation Order L–219.

These violations of Limitation Order L–219 have interferred with the controls established by the War Production Board for the distribution of critical materials. In view of the foregoing, it is hereby ordered, That:

§ 1010.497 *Suspension Order No. S–497.* (a) Samuel Fivel, Blanche Fivel, Nelson F. Jacobson, Bessie M. Jacobson and Mary M. Goodman, individually or doing business as Louis Mazor & Son, or otherwise, their or its successors and assigns, shall not receive physical delivery of any consumers' goods, either at their stores or warehouse, or at any other place of storage, unless hereafter specifically authorized in writing by the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve Samuel Fivel, Blanche Fivel, Nelson F. Jacobson, Bessie M. Jacobson and Mary M. Goodman, individually or doing business as Louis Mazor & Son, or otherwise, from any restriction, prohibition, or provision contained in any other order or regulation of the War Production Board, except in so far as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on March 7, 1944, and shall expire on May 1, 1944.

Issued this 29th day of February 1944.

Chapter XI—Office of Price Administration

PART 1364—FRESH, CURED AND CANNED MEAT AND FISH PRODUCTS

[RMPR 239,[1] Amdt. 11]

LAMB AND MUTTON CARCASSES AND WHOLESALE CUTS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Revised Maximum Price Regulation No. 239 is amended in the following respects:

1. The title of Revised Maximum Price Regulation No. 239 is amended to read as set forth above.

2. The headnote following "Subpart A" is amended to read as follows: *"Subpart A—General Provisions"*

3. Section 1364.151 is amended to read as follows:

§ 1364.151 *Prohibition against selling lamb and mutton carcasses, lamb and mutton wholesale cuts and hotel supply cuts (fabricated meat cuts) at prices above the maximum.* On and after December 23, 1942, regardless of any contract, agreement, or other obligation, no person shall sell or deliver any lamb or mutton carcass, lamb or mutton wholesale cut, or hotel supply cut (fabricated meat cut), and no person in the course of trade or business shall buy or receive any lamb or mutton carcass, lamb or mutton wholesale cut, or hotel supply cut (fabricated meat cut) at prices higher than the maximum prices established pursuant to this Revised Maximum Price Regulation No. 239, and no person shall agree, offer, solicit, or attempt to do any of the foregoing: *Provided,* That on and after June 14, 1943, a war procurement agency, in addition to paying to the seller the maximum price for the commodity prescribed by the applicable provision of this regulation, may pay to Defense Supplies Corporation an amount equivalent to the meat production payments made by the Defense Supplies Corporation on account of the production of such meat.

4. The first paragraph of § 1364.153 is amended to read as follows:

§ 1364.153 *Exempt sales.* The provisions of this Revised Maximum Price Regulation No. 239 shall not apply to sales at retail as defined in § 1364.160 (a) (3) of this regulation or the following sales or deliveries:

5. Section 1364.154 is amended to read as follows:

§ 1364.154 *Export sales.* The maximum price at which a person may export any lamb and mutton carcass or lamb and mutton wholesale cut shall be determined in accordance with the provisions of the Revised Export Price Regulation issued by the Office of Price Administration.

6. Section 1364.159 (b) is added to read as follows:

(b) (1) Every separate selling establishment making sales to purveyors of meals pursuant to the provisions of paragraph (c) of §§ 1364.176 through 1364.183, inclusive, shall keep for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, is in effect customary records including a complete and accurate record of each such sale and/or delivery showing the date of sale, the name and address of the buyer, the weight and grade of each hotel supply cut (fabricated meat cut) sold to a purveyor of meals, the price charged and the total cost thereof. All sales of kosher meats are to be shown separately.

(2) On or before March 28, 1944, each separate selling establishment, making sales to purveyors of meals pursuant to the provisions of paragraph (c) of §§ 1364.176 through 1364.183, inclusive, shall file a statement in duplicate with the appropriate Regional Office of the Office of Price Administration showing:

(i) The total volume by weight of all meats, (fresh, frozen, cured and/or corned, cooked, dried, canned or otherwise processed, including sausage and similar products thereof) and variety meats and edible byproducts (defined in § 1364.174 (a) (13) hereof) sold and/or delivered by such establishment from September 15, 1942, through December 15, 1942, other than to war procurement agencies;

(ii) The total volume by weight of all meats (fresh, frozen, cured and/or corned, cooked, dried, canned or otherwise processed, including sausage, and similar products thereof) and variety meats and edible by-products (defined in § 1364.174 (a) (13) hereof) sold and/or delivered from September 15, 1942, through December 15, 1942, to purveyors of meals other than to war procurement agencies;

(iii) The total volume by weight of all beef, veal, lamb and mutton, not including canned meats, variety meats and edible by-products (defined in § 1364.174 (a) (13) hereof), sausage and similar products thereof, sold and/or delivered from September 15, 1942, through December 15, 1942, to purveyors of meals other than to war procurement agencies.

(3) Not later than the tenth day following each three months quota period ending August 31, November 30, February 28 or 29, or May 31, each separate selling establishment making sales to purveyors of meals pursuant to the provisions of paragraph (c) of §§ 1364.176 through 1364.183, inclusive, shall file with the appropriate Regional Office of the Office of Price Administration, a statement showing for such three months quota period, the total volume by weight of fabricated meat cuts sold or delivered by such selling establishment to purveyors of meals, other than the War Shipping Administration and/or contract schools.

(4) Not later than the tenth day following each three months quota period ending August 31, November 30, February 28 or 29, or May 31, each hotel supply house making sales and/or deliveries to purveyors of meals pursuant to paragraph (c) of §§ 1364.176 to 1364.183 in addition to sales of retail meat cuts and/or variety meats and edible by-products and/or processed meat products to ultimate consumers, pursuant to § 1364.-168a, shall file with the appropriate Regional Office of the Office of Price Administration a statement showing for such three months quota period (i) the total volume by weight of all meats (fabricated, fresh, frozen, cured and/or

corned, cooked, dried, canned or otherwise processed, including sausage and similar products thereof) and/or variety meats and edible by-products sold by such establishment other than to contract schools and/or the War Shipping Administration; (ii) the total volume by weight of all retail meat cuts and/or variety meats and edible by-products and/or processed meat products sold by such establishment to ultimate consumers: *Provided, however,* That no such report need be filed under this paragraph (b) if the similar report required by § 1364.407 (e) of Revised Maximum Price Regulation No. 169 (Beef and Veal Carcasses and Wholesale Cuts) is filed in lieu thereof.

7. Section 1364.160 (a) (5) is amended to read as follows:

(5) "Hotel supply house" means a separate selling establishment which is not physically attached to a packing or slaughtering plant, packer's branch house, wholesaler's or other selling establishment; which is engaged in the fabrication of meat cuts and the sale of fabricated meat cuts to purveyors of meals, including the sale of lamb and mutton carcasses and/or wholesale cuts, variety meats and edible by-products, and sausage to purveyors of meals, and in the sale of retail meat cuts, variety meats and edible by-products, and/or processed meat products to ultimate consumers pursuant to the provisions of § 1364.168a of this regulation; and which during the period of September 15, 1942, through December 15, 1942, sold and/or delivered to purveyors of meals, other than war procurement agencies, not less than 70 percent of the total volume by weight of all meats, variety meats and edible by-products, and/or sausage and similar products thereof, sold by it.

8. Section 1364.160 (a) (9) is hereby revoked.

9. Section 1364.160 (a) (10) and (11) is redesignated (a) (9) and (10) respectively.

10. Subpart B (§§ 1364.161 through 1364.165) is revoked.

11. Subpart C (§§ 1364.166 through 1364.185) is redesignated Subpart B, and the title of Subpart B is amended to read as follows: *"Subpart B—Provisions relating to sales of mutton and lamb at wholesale."*

12. Section 1364.166 is amended to read as follows:

§ 1364.166 *Maximum prices for lamb and mutton carcasses, lamb and mutton wholesale cuts, and hotel supply cuts (fabricated meat cuts).* Subject to the maximum price instructions contained in § 1364.169, the seller's maximum prices for each grade of each lamb and mutton carcass and wholesale cut and/or hotel supply cut (fabricated meat cut) shall be the applicable zone price established for the applicable zone, as set forth in Appendix A hereof, inclusive, incorporated herein as §§ 1364.176 to 1364.183, plus the permitted additions, if any, specified in § 1364.170, minus the required deductions, if any, specified in § 1364.171. The applicable zone is to be determined in accordance with the provisions of paragraph (b) of § 1364.169.

13. The first paragraph of § 1364.167 is amended to read as follows:

§ 1364.167 *Duty to maintain grades and to determine maximum prices and to invoice accordingly.* No person shall sell, offer to sell, solicit, ship, deliver or break and no person in the course of trade or business shall buy or receive any lamb or mutton carcass or wholesale cut unless it has been graded in accordance with the provisions of this section; and no person shall sell, offer for sale, or deliver and no person in the course of trade or business shall buy or receive any lamb or mutton carcass or wholesale cut at a price higher than that established for the grade in which such carcass or wholesale cut has been classified.

14. Section 1364.168 is amended to read as follows:

§ 1364.168 *Limitations on volume of sales to purveyors of meals.* (a) Notwithstanding the terms of any contract, agreement or other obligation, no hotel supply house, packing or slaughtering plant, packer's branch house, wholesaler's or other seller's establishment shall sell and/or deliver to purveyors of meals other than the War Shipping Administration and/or contract schools, during any three months quota period beginning June 1, September 1, December 1 or March 1, a total volume by weight of hotel supply cuts (fabricated meat cuts) in excess of 90 percent of the total volume by weight of beef, veal, lamb and mutton, not including canned meats of any kind, variety meats and edible by-products of any kind, and/or sausage and similar products thereof, sold or delivered by such selling establishment from September 15, 1942, through December 15, 1942, to purveyors of meals other than to war procurement agencies, except that any selling establishment which was not engaged in sales of beef, veal, lamb and mutton to purveyors of meals from September 15, 1942, through December 15, 1942, for the reason that the selling unit and all facilities thereof, were under the control of an agency of the United States Govenment, may determine its quota by reference to the three months quota period of 1942 immediately prior to such assumption of control: *Provided, however,* That any selling establishment may file an application in duplicate with the appropriate Regional Office of the Office of Price Administration or such other offices as may be authorized by the appropriate Regional Office, and request authorization to sell and/or deliver fabricated meat cuts to purveyors of meals. Such selling establishment shall allege and prove that the granting of such authorization will alleviate a critical shortage in supplies of such meat items available in the market area for purveyors of meals, which shortage has occurred because of (1) the issuance of a judicial or administrative suspension order against any person in the market area prohibiting the sale and/or delivery by any person of any meat item subject to a quota restriction under the provisions of this regulation, or (2) the voluntary or involuntary cessation or suspension of business by a person, lawfully authorized to make sales pursuant to paragraph (c) of §§ 1364.176 through 1364.183.

Upon proof of the foregoing, the Regional Administrator for the area or such office as may be designated by the Regional Administrator, may by order, authorize a quota for such period and subject to such terms and conditions as are deemed necessary, not in excess, however, of such portion of ascertainable quota or quotas which remain unused in the market area and which cause the critical shortage. Following the issuance to any selling establishment of such authorization the Regional Administrator for the area shall forward a copy of the application together with a copy of the authorization and such other data as were used in the determination to the Administrator at Washington, D. C., for review. After review, the Regional Administrator shall change, modify or revoke the order in such manner as the Administrator deems appropriate. However, the provisions of the Regional Administrator's order or the order of such office as may be authorized by the Regional Administrator, shall remain in full force and effect until such time as it is changed, modified or revoked.

(b) The appropriate Regional Office of the Office of Price Administration may by order, adjust the quota established by any selling establishment pursuant to paragraph (a) of this § 1364.168 in any case where it is shown that the quota so established is below an amount which represents normal seasonal demand during any three months quota period and is substantially below the quota which such selling establishment would have arrived at if determined by reference to the corresponding three months quota period of 1942. Upon proof of the foregoing, the Regional Administrator for the area may authorize such separate selling establishment by order, subject to such conditions as may be deemed appropriate, to sell or deliver a specified volume by weight of fabricated meat cuts to purveyors of meals during such three months quota period for which adjustment is sought: *Provided,* That the adjusted quota shall not be in excess of a quota determined pursuant to paragraph (a) of this § 1364.168 through application of sales made during the corresponding three months quota period of 1942.

(c) Any person who violates any provision of this section may, in addition to any other penalty provided by law, be prohibited by administrative suspension order from receiving, selling, using or otherwise disposing of any fabricated meat cuts. Such suspension order shall be issued for such period as in the judgment of the Administrator or such person as he may designate for that purpose, is necessary and appropriate in the public interest or to promote the national security.

(d) This § 1364.168 and § 1364.168a are issued under the authority vested in the Administrator by Executive Order No. 9125, issued by the President on April 3, 1942; Directive No. 1 and Supplemen-

tary Directive No. 1-M of the War Production Board, issued on January 24, 1942, and September 12, 1942, respectively; Executive Order No. 9280, issued by the President on December 5, 1942; and Food Directives Nos. 1, 3, 5, 6 and 7 issued by the Secretary of Agriculture.

15. Section 1364.168a is added to read as follows:

§ 1364.168a *Limitation on volume of sales to ultimate consumers by hotel supply houses.* (a) Any hotel supply house may sell and/or deliver to ultimate consumers during any three months quota period beginning June 1, September 1, December 1 or March 1, a volume by weight of retail meat cuts and/or variety meats and edible by-products and/or processed meat products which are described and for which maximum prices are established in Maximum Price Regulation No. 355, "Retail Ceiling Prices for Beef, Veal, Lamb and Mutton and All Variety Meats and Edible By-Products"; Maximum Price Regulation No. 336, "Retail Ceiling Prices for Pork Cuts and Processed Meat Products," and Maximum Price Regulation No. 394, "Retail Ceiling Prices for Kosher Beef, Veal, Lamb and Mutton Cuts," not in excess of 20 percent of the actual sales or deliveries made by it pursuant to paragraph (a) of § 1364.168 during the same three months quota period. Such sales at retail must be made at prices not higher than those established for class 3 and 4 stores: *Provided*, That no hotel supply house shall make sales to ultimate consumers pursuant to this paragraph (a) until (1) such hotel supply house shall have filed with the appropriate Regional Office of the Office of Price Administration a statement in affidavit form showing that from September 15, 1942, through December 15, 1942, such establishment regularly and generally made sales of retail meat items to ultimate consumers from the same selling establishment in conjunction with its sales to purveyors of meals and (2) such hotel supply house has received written authorization from the appropriate Regional Office, approving such affidavit and authorizing the sale and/or delivery of fabricated meat cuts to purveyors of meals at maximum prices specified in paragraph (c) (1) (i) of §§ 1364.176 through 1364.183, inclusive, in addition to the sale to ultimate consumers of retail meat cuts and/or variety meats and edible by-products and/or processed meat products which are described and for which maximum prices are established by Maximum Price Regulations Nos. 355, 336 and 394 for class 3 and 4 stores. Nothing contained in this paragraph (a) shall be construed so as to permit the sales and/or deliveries of fabricated lamb cuts and/or fabricated mutton cuts to purchasers other than purveyors of meals.

(b) Any hotel supply house whose sales or deliveries to ultimate consumers, during any three months quota period, exceed 20 percent of the actual sales or deliveries made by it pursuant to paragraph (a) of § 1364.168 during the same three months quota period, shall thereafter be required to use the maximum prices specified in paragraph (c) (1) (ii) of §§ 1364.176 through 1364.183, inclusive, on sales of fabricated lamb cuts and/or fabricated mutton cuts to purveyors of meals.

16. The headnote and the first subparagraph of § 1364.169 (b) are amended to read as follows:

(b) *Determination of applicable zone prices.* The applicable zone prices for all sales of lamb and mutton shall be determined as follows:

(1) Except on sales to a war procurement agency, the applicable zone price shall be the price specified in §§ 1364.176 to 1364.183 (Appendices A to H) for the zone in which is located the seller's distribution point. The schedule for each price zone contains a statement setting forth the states or counties in each state which are included within the price zone covered by that schedule. The distribution point is the packing or slaughtering plant, branch house, hotel supply house, warehouse, or car route unloading point:

(i) At which the buyer takes actual physical possession of the meat; or

(ii) From which delivery by the seller, otherwise than by rail, to the buyer's place of business begins; or

(iii) From which the meat, consigned to the buyer, (*a*) is delivered to a common carrier, other than a railroad, for shipment to the buyer, who pays the shipping charges directly to the carrier, or (*b*) is delivered to a railroad for shipment at the carload rate to the buyer who pays the shipping charges directly to the carrier.

(iv) In the case of a less than carload rail shipment, other than an express shipment to a purveyor of meals, the applicable zone price shall be the price for the zone in which is located the rail terminal point nearest to the buyer's place of business.

(v) On sales to purveyors of meals the distribution point may be, in addition to those listed, the point at which lamb or mutton consigned to the buyer is delivered to a railway express company for shipment by express to the buyer who pays the shipping charges directly to the carrier.

(2) On sales to a war procurement agency the applicable zone price shall be at the option of the buyer the prices specified in §§ 1364.176 to 1364.183 (Appendices A to H) for, either

(i) The zone in which is located the seller's distribution point, plus all transportation charges to the point of delivery, or

(ii) The zone in which is located the point at which the buyer takes delivery.

17. Paragraphs (c) and (d) (1) of § 1364.169 are amended to read as follows:

(c) *Applicable zone price of miscuts.* (1) For any lamb or mutton wholesale cut which has been miscut or for any piece or portion of lamb or mutton which has been cut in a manner not authorized by this Revised Maximum Price Regulation No. 239, the applicable zone price, except on sales to purveyor of meals by a hotel supply house, shall be the applicable zone price of the lowest priced wholesale cut. The zone price for a bracelet or chuck as defined in § 1364.174, except for a kosher bracelet or chuck when sold or offered for sale to a kosher dealer or purveyor of kosher meals, shall be the applicable zone price of the lowest priced wholesale cut.

(2) For any lamb or mutton sold to a purveyor of meals by a hotel supply house, other than a wholesale cut or a hotel supply cut as defined in § 1364.174, the zone price shall be the applicable zone price of the lowest priced hotel supply cut.

(d) *Sales of kosher meat limited to kosher dealers and purveyors of meals.* (1) Lamb or mutton carcasses or wholesale cuts shall not be sold, offered for sale or delivered as kosher and shall not be purchased or received in the course of trade or business as kosher by any purchaser other than a kosher dealer or a purveyor of kosher meals.

18. The headnote and paragraph (a) of § 1364.170 are amended to read as follows:

§ 1364.170 *Amount which may be added to applicable zone prices for lamb and mutton listed in Appendices A to H—(a) Wholesaler's selling addition.* On sales of any lamb and/or mutton carcasses and cuts and/or any other meat item subject to this regulation, excluding therefrom sales made pursuant to paragraph (c) of §§ 1364.176 through 1364.183, a person who at the time of the sale is a wholesaler may add 75 cents per hundredweight to the applicable zone price: *Provided, however*, That no person shall charge the addition permitted by this § 1364.170 (a) unless such person shall have filed with the appropriate Regional Office of the Office of Price Administration a certified statement that the person (1) is engaged in the business of buying lamb and mutton carcasses and/or lamb and mutton wholesale cuts for resale other than at retail; (2) does not own or control, in whole or in substantial part, any slaughtering plant or facilities, and is not owned or controlled in whole or in substantial part, by another person who owns or controls in substantial part any slaughtering plant or facilities; and (3) is not a hotel supply house or peddler truck seller within the meaning of this Revised Maximum Price Regulation No. 239. The filing of such a statement shall not preclude investigation by the Office of Price Administration of the facts relating to the nature of the business carried on by the person filing the statement, or any action or proceeding arising from such investigation.

19. Section 1364.170 (c) (3) is amended to read as follows:

(3) For packing lamb or mutton wholesale cuts in closed or sealed boxes or barrels delivered to the buyer's place of business and to be retained by the buyer on sales to a seller at retail, purveyor of meals, commercial user (not wholesaler, branch house or hotel supply house), or government agency other than a war procurement agency, there may be added $0.25 per cwt.: *Provided*, That this charge for packaging or box-

ing may not be made in addition to the charge for wrapping permitted by paragraphs (b) (1) and (b) (2) of this section.

20. Section 1364.170 (i) (3) is amended to read as follows:

(3) *For delivery by a wholesaler, hotel supply house or other intermediate distributor.* If the seller is a wholesaler or hotel supply house who has paid a charge under paragraph (i) of this section for delivery and/or transportation, he may upon the resale of the meat upon which the charge has been made add the amount of such charge up to $.25 upon sales made from a distribution point located in price Zones 1 and 5 to 10, inclusive, and up to $.50, in price zones 2, 3 and 4.

21. The headnote of § 1364.171 (b) is amended to read as follows:

(b) *For lamb and mutton carcasses and wholesale cuts not graded by an official grader.*

22. Section 1364.173 is hereby revoked.

23. Section 1364.174 (a) (2) and (3) is amended to read as follows:

(2) "Three months quota period" means and is limited to the following quarterly periods: June 1 to August 31, inclusive, September 1 to November 30, inclusive, December 1 to February 28 or 29, inclusive, and/or March 1 to May 31, inclusive.

(3) A "wholesaler" means a wholesaler who does not own or control, in whole or in substantial part, any slaughtering plant or facilities, and who is not owned or controlled, in whole or in substantial part, by another person who owns or controls in substantial part any slaughtering plant or facilities.

24. Section 1364.174 (a) (13) is added to read as follows:

(13) "Variety meats and edible by-products" include and are limited to those items only which are defined and for which maximum selling prices are established in Maximum Price Regulation No. 398, "Variety Meats and Edible By-Products at Wholesale" and/or Maximum Price Regulation No. 355, "Retail Ceiling Prices for Beef, Veal, Lamb and Mutton Cuts and All Variety Meats and Edible By-Products".

25. Section 1364.174 (a) (14) is added to read as follows:

(14) "Fabricated meat cuts" as used in this regulation means and is limited to those hotel supply cuts which are described and for which maximum prices are established in this regulation and those fabricated beef and fabricated veal cuts which are described and for which maximum prices are established in Revised Maximum Price Regulation No. 169, "Beef and Veal Carcasses and Wholesale Cuts".

This amendment shall become effective as of March 1, 1944.

PART 1394—RATIONING OF FUEL AND FUEL PRODUCTS

[RO 5C,[2] Amdt. 107]

MILEAGE RATIONING: GASOLINE REGULATIONS

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Ration Order No. 5C is amended in the following respects:

1. A center headnote preceding § 1394.8354 is added to read as follows:

"Non-Highway Rations and Delivery Records in the Pennsylvania Test Area."

2. Sections 1394.8354 through 1394.8361 are added to read as follows:

§ 1394.8354 *General.* The following sections under this heading provide for the issuance of delivery records (OPA Form R-585) to persons who receive or have been issued non-highway rations and for the computation of such rations. These sections apply only to the Pennsylvania Test Area. This area consists of the area served by War Price and Rationing Board No. 2636.1, located at Lancaster, Pennsylvania. The provisions contained in these sections providing for the issuance and presentation of delivery records are not applicable to any person who maintains a ration bank account.

§ 1394.8355 *Non-highway rations.* Application for a non-highway ration and the issuance and determination of such rations and the issuance of renewals and further rations for non-highway purposes as presently provided in §§ 1394.7901 through 1394.7904 and §§ 1394.8051 through 1394.8054 remain in full force and effect in the Pennsylvania Test Area, except for the limitations contained in the following sections.

§ 1394.8356 *Issuance of delivery records.* (a) Upon the issuance or renewal of any non-highway ration, or the issuance of a further ration for non-highway purposes, or the issuance of a second installment of a non-highway ration for use in connection with farming, the Board shall issue to the applicant for use with such ration a delivery record (OPA Form R-585) or any number of such records which are required. At the time of issuance the Board shall note on such record the name and address of the applicant, the designation of the issuing Board, the signature of the issuing officer and the amount of non-highway rations to be accounted for by the person receiving such record.

(b) The Board may issue a delivery record to any person who holds a currently valid non-highway ration when a delivery record has not been issued for use with such rations.

§ 1394.8357 *Issuance of non-highway ration; computation of the total ration to be accounted for—(a) When a delivery record has not been issued.* (1) Upon the issuance of a non-highway ration, or the renewal of a non-highway ration or the issuance of a further ration for non-highway purposes when a delivery record has not previously been issued for use with such ration, the gallonage value of the ration issued is the total ration to be accounted for.

(2) When application is made for the issuance of the second installment of a non-highway ration issued for use in connection with farming and a delivery record has not previously been issued for use with such ration, the Board shall redetermine the applicant's needs for the remainder of the ration period. The Board shall deduct from such amount the gallonage value of the ration which it determines is outstanding. The number of gallons obtained by making such deduction is the amount to be issued the applicant for the ration period and such amount, together with the gallonage value of the outstanding ration, is the total ration to be accounted for.

(3) When a delivery record is issued for use with a currently valid ration, the value in gallons of the outstanding ration is the total ration to be accounted for.

*Copies may be obtained from the Office of Price Administration.

(b) *When a delivery record has been issued.* (1) When a non-highway ration has been issued in installments for use in connection with farming, the applicant, when requesting the issuance of the second installment of the ration, shall present to the Board the delivery record issued for use with such ration and any delivery tickets which he has received in accordance with § 1394.8358 (b). The Board shall redetermine the applicant's needs for the remainder of the six-month period and shall deduct from such amount the gallonage value of the outstanding ration. The Board shall compute the gallonage value of the outstanding ration from the number of Class E and R coupons surrendered by the applicant in exchange for bulk deliveries of gasoline as shown by the delivery record, the delivery tickets accompanying such record, deliveries established pursuant to § 1394.8359 and any additional information available to the Board. The number of gallons obtained by deducting the outstanding ration from the amount needed for the remainder of the ration period is the amount to be issued to the applicant for such period, and such amount, together with the gallonage value of the outstanding ration, is the total ration to be accounted for.

(2) When application is made for the renewal of the non-highway ration or the issuance of a further ration for non-highway purposes, the applicant shall present to the Board the delivery record issued for use with such ration and any delivery tickets which he has received in accordance with § 1394.8358 (b). The Board shall determine the applicant's needs for the ration period and shall deduct from such amount the gallonage value of the outstanding ration. The Board shall compute the gallonage value of the outstanding ration from the number of Class E and R coupons surrendered by the applicant in exchange for bulk deliveries of gasoline as shown by the delivery record, the delivery tickets accompanying such record, deliveries established pursuant to § 1394.8359 and any additional information available to the Board. The number of gallons obtained by deducting the outstanding ration from the amount needed for the remainder of the ration period is the amount to be issued to the applicant for such period, and such amount, together with the gallonage value of the outstanding ration, is the total ration to be accounted for. Such renewal or further ration shall be computed from the date of application, and shall be issued as of such date.

(c) When the gallonage value of an outstanding nonhighway ration has been deducted in computing the amount to be issued as a further ration, such outstanding ration shall not be surrendered upon the issuance of the further ration, but shall be retained for use during the valid period of such further ration. When the gallonage value of an outstanding non-highway ration has been deducted in computing the amount to be issued in renewal of a ration, the outstanding ration shall not expire on the date the renewal of such ration is issued, but may be retained for use during the valid period of such ration. The extension of the valid period of the outstanding ration is an exception to that part of § 1394.8102 (a) which provides that a non-highway ration shall expire on the date when a renewal of such ration becomes valid.

§ 1394.8358 *Use of delivery records—(a) Information to be noted on the delivery record.* At the time Class E and R coupons are surrendered by a consumer in exchange for a bulk transfer of gasoline, the transferee shall present to the transferor the delivery record issued for use with the ration surrendered. The transferor shall note upon the delivery record the following information:

1. The date of delivery.
2. The total number of gallons delivered.
3. The total gallonage value of Class E and R coupons surrendered.
4. The name and address of the transferor.
5. The signature of the person delivering the gasoline.

(b) *When the delivery record is not available.* If a delivery of gasoline is made at a time when the delivery record is not available, the transferor shall furnish the transferee with a delivery ticket containing the information set out in paragraph (a) of this section. These delivery tickets must accompany the delivery record when such record is surrendered to a Board.

(c) Any applicant who submits to a Board a delivery record for the purpose of making a computation shall certify as to the number of bulk deliveries he has received and the gallonage value of Class E and R coupons surrendered therefor. He shall also certify as to the number of Class E and R coupons that are contained in any outstanding non-highway ration in his possession.

§ 1394.8359 *Failure to make notation on delivery record.* The gallonage value of any Class E and R coupons surrendered in exchange for a bulk delivery of gasoline which is not entered on the delivery record or represented by delivery tickets shall not be considered by the Board in determining the amount of rations outstanding unless the Board finds by evidence offered by the person presenting the delivery record that such deliveries were made.

§ 1394.8360 *Lost, stolen, destroyed, mutilated or wrongfully withheld delivery records.* In the event of loss, theft, destruction, or mutilation of a delivery record, the person entitled to the possession thereof may make application to the issuing Board for the replacement of such record. If the Board determines that the applicant is acting in good faith it shall issue a replacement. When issuing a replacement, the Board shall note on the delivery record the actual gallonage value of the non-highway ration remaining in the hands of the applicant. The Board may, in order to reconcile the total amount of bulk deliveries with the amount of the non-highway ration still unused require the applicant to establish all deliveries which he has received in exchange for Class E and R coupons since the lost delivery record was issued.

§ 1394.8361 *Exceptions by District Director or Director of Automotive Supply Rationing Division.* The Director of the Automotive Supply Rationing Division, Washington, D. C., or the Harrisburg District Director may modify any of the provisions contained in §§ 1394.8355 through 1394.8361 (or grant exceptions thereto) covering the issuance or use of non-highway rations in connection with delivery records. (Action taken under this section shall not include modification of any other provision of this order).

This amendment shall become effective March 10, 1944.

PART 1394—RATIONING OF FUEL AND FUEL PRODUCTS

[RO 5C,[1] Amdt. 109]

MILEAGE RATIONING: GASOLINE REGULATIONS

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Ration Order 5C is amended in the following respects:

1. In § 1394.8004 (e) the text preceding subparagraph (1) is amended to read as follows: "Immediately upon receipt of any ration coupons each person to whom such coupons are issued shall write, stamp or print on the face of the coupons issued to him the following information:"

2. Section 1394.8004 (e) (3) is amended to read as follows:

(3) In the case of Class E and R coupons no notations need be made upon receipt of the ration, but prior to a transfer of gasoline in exchange therefor, the ration holder shall write, stamp or print his name and address on the face of each coupon presented separately. However, when gasoline is obtained in exchange for Class E or R coupons in a strip or block such notations may be written on the strip or block of coupons. If a dealer or distributor, after receiving such strip or block of coupons, detaches any coupons from the strip or block, he must write the ration holder's name and address on each detached part which does not bear such notation.

This amendment shall become effective March 15, 1944.

(b) *When a delivery record has been issued.* (1) When a non-highway ration has been issued in installments for use in connection with farming, the applicant, when requesting the issuance of the second installment of the ration, shall present to the Board the delivery record issued for use with such ration and any delivery tickets which he has received in accordance with § 1394.8358 (b). The Board shall redetermine the applicant's needs for the remainder of the six-month period and shall deduct from such amount the gallonage value of the outstanding ration. The Board shall compute the gallonage value of the outstanding ration from the number of Class E and R coupons surrendered by the applicant in exchange for bulk deliveries of gasoline as shown by the delivery record, the delivery tickets accompanying such record, deliveries established pursuant to § 1394.8359 and any additional information available to the Board. The number of gallons obtained by deducting the outstanding ration from the amount needed for the remainder of the ration period is the amount to be issued to the applicant for such period, and such amount, together with the gallonage value of the outstanding ration, is the total ration to be accounted for.

(2) When application is made for the renewal of the non-highway ration or the issuance of a further ration for non-highway purposes, the applicant shall present to the Board the delivery record issued for use with such ration and any delivery tickets which he has received in accordance with § 1394.8358 (b). The Board shall determine the applicant's needs for the ration period and shall deduct from such amount the gallonage value of the outstanding ration. The Board shall compute the gallonage value of the outstanding ration from the number of Class E and R coupons surrendered by the applicant in exchange for bulk deliveries of gasoline as shown by the delivery record, the delivery tickets accompanying such record, deliveries established pursuant to § 1394.8359 and any additional information available to the Board. The number of gallons obtained by deducting the outstanding ration from the amount needed for the remainder of the ration period is the amount to be issued to the applicant for such period, and such amount, together with the gallonage value of the outstanding ration, is the total ration to be accounted for. Such renewal or further ration shall be computed from the date of application, and shall be issued as of such date.

(c) When the gallonage value of an outstanding nonhighway ration has been deducted in computing the amount to be issued as a further ration, such outstanding ration shall not be surrendered to a Board during the valid period of such ration. The extension of the valid period of the outstanding ration is an exception to that part of § 1394.8102 (a) which provides that a non-highway ration shall expire on the date when a renewal of such ration becomes valid.

§ 1394.8358 *Use of delivery records*—(a) *Information to be noted on the delivery record.* At the time Class E and R coupons are surrendered by a consumer in exchange for a bulk transfer of gasoline, the transferee shall present to the transferor the delivery record issued for use with the ration surrendered. The transferor shall note upon the delivery record the following information:

1. The date of delivery.
2. The total number of gallons delivered.
3. The total gallonage value of Class E and R coupons surrendered.
4. The name and address of the transferor.
5. The signature of the person delivering the gasoline.

(b) *When the delivery record is not available.* If a delivery of gasoline is made at a time when the delivery record is not available, the transferor shall furnish the transferee with a delivery ticket containing the information set out in paragraph (a) of this section. These delivery tickets must accompany the delivery record when such record is surrendered to a Board.

(c) Any applicant who submits to a Board a delivery record for the purpose of making a computation shall certify as to the number of bulk deliveries he has received and the gallonage value of Class E and R coupons surrendered therefor. He shall also certify as to the number of Class E and R coupons that are contained in any outstanding non-highway ration in his possession.

§ 1394.8359 *Failure to make notation on delivery record.* The gallonage value of any Class E and R coupons surrendered in exchange for a bulk delivery of gasoline which is not entered on the delivery record or represented by delivery tickets shall not be considered by the Board in determining the amount of rations outstanding unless the Board finds by evidence offered by the person presenting the delivery record that such deliveries were made.

§ 1394.8360 *Lost, stolen, destroyed, mutilated or wrongfully withheld delivery records.* In the event of loss, theft, destruction, or mutilation of a delivery record, the person entitled to the possession thereof may make application to the issuing Board for the replacement of such record. If the Board determines that the applicant is acting in good faith it shall issue a replacement. When issuing a replacement, the Board shall note on the delivery record the actual gallonage value of the coupons surrendered by the applicant and the gallonage value of the outstanding ration.

§ 1394.8361 *Exceptions by District Director or Director of Automotive Supply Rationing Division.* The Director of the Automotive Supply Rationing Division, Washington, D. PART 1404—RATIONING OF FOOTWEAR

[RO 17,[1] Amdt. 83]

SHOES

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Ration Order 17 is amended in the following respects:

1. Section 1.14 (b) is amended to read as follows:

(b) Any member of the armed services of the United States who wants shoes that he cannot get from his branch of the armed services and who does not have a war ration shoe stamp may get certificates for the shoes he needs. Certificates for this purpose may be issued by an authorized officer of his branch of the armed services. Any member of the armed services of other United Nations residing within the United States, who does not have a war ration shoe stamp may get certificates for the shoes he needs from any authorized issuing officer of the armed services of the United States, or from an authorized issuing officer designated by the armed service of which he is a member and approved by a branch of the armed services of the United States. Supplies of certificates for this purpose may be furnished to an armed service of another nation by the branch of the armed service of the United States approving the appointment of the issuing officer.

2. Section 2.13 is amended by changing the headnote to read as follows: "Establishments must keep records; accountability."

3. Section 2.13 (d) is added to read as follows:

(d) Every establishment shall be accountable for all ration currency received by it. The amount of ration currency an establishment has on hand or on deposit at a bank or which it has forwarded to a supplier plus the number of pairs of shoes it has in inventory shall at all times be equal to but not in excess of its inventory responsibility as established by OPA Form R-1701 or R-1701 (Revised), as adjusted by the records showing increases or decreases in inventory responsibility required by paragraph (b) above, except to the extent it can account for such excesses or deficits by reason of conditions which are not due to its violation of other provisions of this Order.

4. The definition of "Safety Shoes" in Section 3.13 is amended by adding at the end of the paragraph the following: "(Women's safety shoes made with a plastic or fibre box toe will not be considered safety shoes after May 1, 1944.)"

This amendment shall become effective March 11, 1944.

PART 1439—UNPROCESSED AGRICULTURAL COMMODITIES

[MPR 518]

ROUGH RICE

In the judgment of the Price Administrator, the prices of rough rice have risen and are threatening to rise further to an extent and in a manner inconsistent with the purposes of the Emergency Price Control Act of 1942, as amended, and are thereby causing undue increases in prices.

The maximum prices established by this Maximum Price Regulation are, in the judgment of the Price Administrator, generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders 9250 and 9328.

Such specifications and standards as are used in this regulation have previously been promulgated and their use lawfully required by another Government agency. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

In fixing the maximum prices established by this regulation, the Price Administrator has given adequate weighting to farm labor. So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation.

§ 1439.13 *Maximum prices for sales of rough rice.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, Executive Order 9250 and Executive Order 9328, this Maximum Price Regulation 518 (Rough Rice) which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1439.13 issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7671; E.O. 9328, 8 F.R. 4681.

MAXIMUM PRICE REGULATION 518—ROUGH RICE

purchases and deliveries are made pursuant to the provisions of section 4.3 (f) of Revised Supplementary Regulation No. 1 to the General Maximum Price Regulation.

(c) Except as provided in section 13 hereof, this regulation shall have no application to sales of rough rice for use or resale only as seed for planting.

SEC. 2. *Effect of maximum prices.* (a) While this regulation is in effect, regardless of any contract or other commitment, no person shall in the course of trade or business sell, deliver, buy or receive rough rice at prices above the maximum prices established by this regulation; nor shall any person offer, solicit, agree or attempt to do any of the foregoing.

(b) However, prices lower than the maximum prices established by this regulation may be charged and paid.

SEC. 3. *Definitions.* (a) As used herein the following terms shall have the following meanings:

(1) "Barrel" as a unit of measurement means 162 pounds of rough rice.

(2) "Bushel" as a unit of measurement means 45 pounds of rough rice.

(3) "Person" means an individual, corporation, partnership, association or other organized group of persons or the legal successor or representative of any of the foregoing; and includes the United States or any government or any political subdivision or agency of either.

(4) "Point of production" means the farm or field where the rough rice in question was grown or harvested.

(5) "Rough rice" includes all varieties of rough rice (sometimes known as paddy) as defined in the United States Standards for Rough Rice.

(6) "Mixed rough rice" includes all mixtures of rough rice as defined in Class XI of the United States Standards for Rough Rice.

(7) "Country shipping point" is a place having facilities such as a warehouse or grain elevator equipped with suitable scales or railroad facilities customarily used for the storage, marketing and loading for shipment of rough rice. If a farm or point of production has such facilities located thereon, such farm shall be deemed a country shipping point as to rice grown on such farm.

(8) "Transportation charges" shall be the reasonable value of the haul in question, not to exceed the lowest common carrier rate, if any (including any applicable transportation tax), for the billing or shipment in question.

(9) "Base quality" as applied to rough rice grown in California means rough rice which is appraised on sample by a customarily neutral facility to yield upon milling 48 pounds of whole kernels (with a tolerance of 4 percent broken kernels) and 70 pounds total milled rice (all classes) for each 100 pounds of rough rice.

(b) This regulation in speaking of sales or purchases at a given point (such as point of production, country shipping point or other point) means that the purchaser shall receive actual delivery of the rough rice in question at said point.

SEC. 4. *Maximum prices for the sale or delivery of rough rice grown in any state except California.* (a) The maximum prices for the sale and delivery of rough rice not grown in the State of California, bulk, containing not more than 17 percent moisture, at the country shipping point nearest (by the most usually traveled route) to the point of production shall be as follows:

Varieties (or class)	Maximum price	
	Per barrel	Per bushel
Rexoro	$7.05	$1.958
Nira	6.65	1.847
Fortuna	6.15	1.708
Edith	6.10	1.694
Blue Rose	6.15	1.708
Southern Pearl	6.15	1.708
Lady Wright	6.00	1.667
Zenith	6.15	1.708
Early Prolific	5.30	1.472
Prelude	6.10	1.694
Ark-Rose	6.15	1.708
All other varieties	5.30	1.472
Mixed rough rice	(1)	(1)

[1] Multiply the percentage of each variety contained in the mixture by its respective maximum price as above set forth and total the results.

(b) The foregoing maximum prices shall be decreased 20 cents per barrel (or 5.5 cents per bushel) for each one percent or fraction thereof of moisture content in the lot over 17 percent.

(c) The maximum prices specified in paragraphs (a) and (b) of this section shall be decreased by 16 cents per barrel (or 4.4 cents per bushel) for a like sale and delivery of rough rice at the point of production.

(d) The maximum prices specified in paragraphs (a) and (b) of this section shall be increased for a like sale at any point other than:

(1) At the country shipping point nearest to the point of production covered by paragraph (a) of this section, or

(2) At the point of production covered by paragraph (c) of this section, by the amount of transportation charges from that country shipping point nearest to the point of production to the buyer's actual receiving point by a usual route and method of transportation.

SEC. 5. *Maximum price for the sale or delivery of rough rice grown in the State of California.* (a) The maximum price for the sale and delivery of rough rice grown in California, per one hundred pounds, base quality, bulk, containing not over 15 percent moisture, shall be as follows:

(1) At the basing points of San Francisco, California, or Imperial, California.

Varieties:	*Maximum price for base quality per 100 pounds*
California Pearl	$3.57
Calady	3.64
Blue Rose	3.57
All other varieties	3.57
Mixed rough rice	(1)

[1] Multiply the percentage of each variety contained in the mixture by its respective maximum price as set forth and total the results.

(2) At any country shipping point: the maximum price at the basing points less transportation charges from the country shipping point in question to Imperial or San Francisco, whichever is lower.

(3) At any point of production: the maximum price at the country shipping point nearest thereto (by the most usually traveled route) less transportation charges from said point of production to said country shipping point by a usual route and method of transportation.

(b) The foregoing maximum prices specified in paragraph (a) of this section shall be decreased by 5 cents per 100 pounds for each 1 percent (or fraction thereof) of moisture content in the lot over 15 percent and not over 17 percent, and by 15 cents per 100 pounds for each 1 percent (or fraction thereof) of moisture content in the lot over 17 percent.

(c) The foregoing maximum prices specified in paragraphs (a) and (b) of this section shall be altered as follows:

(1) Increased 1.62 cents per hundred pounds for each 1 pound of whole kernels and 3.1 cents per 100 pounds for each 1 pound of total milled rice (all classes) which any lot is appraised to yield above the base quality.

(2) Decreased 1.62 cents per 100 pounds for each 1 pound of whole kernels and 3.1 cents per 100 pounds for each 1 pound total milled rice (all classes) which any lot is appraised to yield less than base quality.

SEC. 6. *Imported rough rice.* The maximum price for the sale and delivery of any imported rough rice shall be calculated as if the port of entry were the country shipping point.

SEC. 7. *Increases for sacks.* When any person sells any rough rice, sacked and has furnished the sacks, the maximum price per bushel, barrel or 100 pounds (excluding the weight of the sacks) shall be the maximum price for a like sale of rough rice, bulk, plus the reasonable value (not exceeding any maximum price established thereon) of the sacks actually furnished by the seller.

SEC. 8. *Actual weight at time of delivery governs.* The actual net weight of the lot of rough rice at the time of the delivery thereof to each purchaser shall govern in determining the appropriate maximum price for each sale under section 4 or 5 hereof.

SEC. 9. *Decreases for charges or services.* (a) Whenever the purchaser of any lot of rough rice assumes or agrees to pay for storage, warehousing or other services or whenever any person has actually furnished any such services with or without making a specific charge for the same or whenever any purchaser has performed or will perform any such services in connection with the lot of rough rice in question, the maximum price for the sale as established in section 4 or 5 hereof shall be reduced by the amount assumed or paid or by the reasonable value of such services as the case may be.

(b) Whenever the purchaser of any lot of rough rice has performed or will be forced to perform any services in connection with the growing or harvesting thereof or in connection with the loading thereof onto transportation facilities for ready shipment from the point of deliv-

ery to him the maximum price for the sale as established in sections 4 or 5 hereof shall be reduced by the reasonable value of all such services.

SEC. 10. *Evasion.* The price limitations set forth in this regulation shall not be evaded whether by direct or indirect methods in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to rough rice alone or in conjunction with any other commodity or by way of commission, service, transportation, storage, or other charge or discount, premium or other privilege or by tying agreement or other trade understanding or by any other means.

SEC. 11. *Maximum prices for export sales.* The maximum prices for export sales of rough rice shall be determined in accordance with the provisions of the Second Revised Maximum Export Price Regulation.[1]

SEC. 12. *Records and reports.* Every person shall keep for so long as the Emergency Price Control Act of 1942, as amended, shall remain in effect a complete record of each sale or purchase subject thereto showing the date thereof, the names and addresses of the buyer and seller, the contract price, the price paid or received, the quantity and variety of the rough rice sold or purchased, and the county or parish where grown.[2]

Such sellers and purchasers shall submit such records to the Office of Price Administration and keep such other records in addition thereto as the Office of Price Administration may from time to time direct.[2]

SEC. 13. *Sales of rough rice for use only as seed for planting.* (a) Within 10 days after each sale to or by a rice mill or agent thereof of any lot of rough rice for use or resale only as seed for planting, the seller shall deliver to the nearest district or state office of the Office of Price Administration a copy of the invoice of sale showing the quantity sold, the price paid, the name and address of the seller and the buyer, the county or parish where grown, and the place of sale. Said invoice shall also contain a statement signed by the buyer and reading as follows:

As required by MPR 518, I have agreed to buy and you have agreed to sell ___ pounds of rough rice for use or resale only as seed for planting and not for human consumption or any other purpose.

(b) Any rice mill or agent thereof who has purchased a lot of rough rice for use or resale only as seed for planting may file a written application with the Rice and Seeds Unit of the Office of Price Administration at Washington, D. C., after July 1st next following such purchase for the permission to mill the same for use for human consumption. Good cause appearing, such application may be granted by order, letter or telegram: *Provided*, That any sale of finished rice or of rice milling by-products produced from such rough rice shall be sold only under and subject to the provisions of Revised Maximum Price Regulation 150, as amended, governing such sales.

SEC. 14. *Enforcement.* Persons violating any provision of this regulation are subject to the license revocation or suspension provisions, civil enforcement actions, suits for treble damages, and criminal penalties as provided in the Emergency Price Control Act of 1942, as amended.

SEC. 15. *Protests and petitions.* Any person desiring to file a protest against, or seeking an amendment of any provision of this regulation may do so in accordance with Revised Procedural Regulation No. 1.

SEC. 16. *Licensing.* The provisions of licensing Order No. 1[4] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

This regulation shall become effective April 15, 1944.

Issued this 7th day of March 1944.

CHESTER BOWLES,
Administrator.

Approved: February 26, 1944.

[Rev. SR 14 to GMPR, Amdt. 100]

SUBSTITUTE SOLE LEATHER

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Supplementary Regulation 14 is amended in the following respects:

1. Section 3.8 (a) (1) (i) is amended by inserting after the words "maximum price of the original shoe" the words "to the seller's most favored class of purchasers."

2. Section 3.8 (a) (1) (ii) is amended by deleting the word "appropriate" in the first sentence thereof and adding to such sentence the words "for the district in which his main office is located."

3. Section 3.8 (a) (2) (i) (b) is amended by inserting after the words "maximum selling price" the words "to the seller's most favored class of purchasers."

4. Section 3.8 (a) (2) (ii) is amended by deleting the word "appropriate" in the first sentence thereof, inserting after the words "Office of Price Administration" the words "for the district in which his main office is located" and by correcting the number "655-502" to "665-502."

5. Section 3.8 (a) (3) (i) is amended by deleting the last sentence thereof.

6. Section 3.8 (a) (3) (ii) is amended by correcting the number "655-502" to "665-502" and by amending the last paragraph to read as follows:

Footwear for which a maximum price is proposed under this paragraph (a) (3) may not be sold (except as provided in § 1499.20 (r) of the General Maximum Price Regulation) until that price has been approved by the Regional Administrator or District Director so authorized by his Regional Administrator, but the proposed price shall be deemed to be approved 20 days after mailing the application (or all additional information which may have been requested) unless, within that time the seller is notified that his proposed price has been disapproved.

7. Section 3.8(a) (4) is amended to read as follows:

(4) The Price Administrator or any Regional Administrator, or any District Director so authorized by his Regional Administrator, may at any time approve, disapprove or revise the maximum prices reported, proposed or established under this section 3.8 so as to bring them in line with the level of maximum prices otherwise established by this section 3.8. If a reported or proposed price is disapproved the seller may not sell, offer for sale or deliver the footwear until a maximum price has been established under this section 3.8.

8. Section 3.8(d) (8) is amended by inserting in the second sentence thereof after the words "direct labor cost" the words "shall not include make up or overtime pay and".

NOTE: The reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(e) *Definitions.* When used in this section, the terms:

(1) "Grade A taro" means taro suitable for poi manufacture which meets the specifications set forth under the title, "Suggested Hawaiian Grades on Taro for Poi Manufacture" in Agricultural Circular #156 Revised November 15, 1943, prepared by Agricultural Economics Division, Agricultural Extension Service, University of Hawaii.

(2) "Marketable quality taro" means any taro suitable for poi manufacture that does not meet the specifications of Grade A Taro.

(3) "Poi" means the unadulterated product of the edible taro root made into a paste, which shall contain not less than 30 per cent of total solids.

(4) "Ready-mixed poi" means strained poi mixed with water and containing not less than 18 per cent of total solids.

(f) *Records and invoices.* In addition to the records required by the provisions of section 10 of this Maximum Price Regulation No. 373, sellers making sales covered by this section other than at retail shall at the time of delivery furnish the buyer with an invoice or sales memorandum showing the name and address of the seller and buyer, the kind, quantity and grade of the commodity sold and the price charged or received therefor.

7. Section 56 (a) and (b) are amended to read as follows:

(a) *What products are covered.* This section covers sales out of distribution yard stock of any lumber or shingles for which "direct mill" maximum prices are fixed in the following maximum price regulations as amended or revised:

Douglas Fir and other West Coast Lumber—Rev. MPR 26
Western Pine and Associated Species of Lumber—MPR 94
Red Cedar Shingles—MPR 164
Redwood Lumber—MPR 253
Sitka Spruce—MPR 290
Western Red Cedar—MPR 402.

This section sets maximum prices which are based upon the price definitions contained in the above "direct mill" regulations. Every dealer affected by this section should, therefore, secure copies of the above regulations for use in connection with this section. Any amendments or revisions subsequently issued to the above regulations shall become effective in the Territory of Hawaii sixty days after the effective date set forth in any such amendment or revision.

(b) *What a distribution yard is.* (1) A "distribution yard" is a wholesale or retail yard which gets lumber from mills or other yards; unloads, sorts, stores and resells or redistributes it; which regularly maintains a varied stock of lumber from different regions; which is equipped to make quick deliveries of different items of lumber and which has been located at its particular site in order to be near a lumber consuming area.

(2) Any wholesale or retail distributor, of softwood covered by this section, who does not maintain a "yard" but who performs any of the operations outlined in subparagraph (1) above, or who sells to his customers on a drop shipment basis, shall be considered to be operating a "distribution yard" for the purposes of this section.

This amendment shall become effective as follows:

(a) As to section 39, as of January 17, 1944.

(b) As to section 41a, as of December 6, 1943.

(c) As to section 49, as of January 27, 1944.

(d) As to section 56, as of January 31, 1944.

PART 1316—COTTON TEXTILES

[MPR 11,[1] Incl. Amdt. 14]

FINE COTTON GOODS

Section 1316.4 (d) Table I, "Dotted Swiss," is amended by Amendment 14, effective March 13, 1944, so that Maximum Price Regulation 11 shall read as follows:

So far as practicable, the Price Administrator has advised and consulted with representative members of the industries which will be affected by this regulation. In the judgment of the Price Administrator, the maximum prices established by this maximum price regulation are, and will be, generally fair and equitable, and comply with the requirements of section 3 and the other requirements of the Emergency Price Control Act of 1942, as amended, and will effectuate the purpose of said Act.

A statement of the considerations involved in the issuance of this Maximum Price Regulation No. 11 has been issued simultaneously herewith and filed with the Division of the Federal Register.[2]

Such specifications and standards as are used in this regulation or schedule were, prior to such use, in general use in the trade or industry affected.

[Preamble as amended by Supplementary Order No. 71, 8 F.R. 12556, effective 9-11-43]

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended and Executive Order No. 9250 and in accordance with Revised Procedural Regulation No. 1[3] issued by the Office of Price Administration, Maximum Price Regulation No. 11 is hereby issued.

Sec.

1316.1 Prohibition against dealing in fine cotton goods at prices above the maximum.
1316.2 Less than maximum prices.
1316.3 To what transactions, fabrics and persons this Regulation applies, and the relation to other Regulations.
1316.4 Maximum prices.
1316.5 What the contracts of sale and invoices must contain.
1316.6 Prohibited practices.
1316.7 Applications for adjustment or petitions for amendment.
1316.8 Records and reports.
1316.9 Enforcement.
1316.9a Licensing.
1316.10 Effective date.

AUTHORITY: §§ 1316.1 to 1316.10, inclusive, issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871 and E.O. 9328, 8 F.R. 4681.

§ 1316.1 *Prohibition against dealing in fine cotton goods at prices above the maximum.* Except as provided in § 1316.3 (a) no person shall sell or deliver and no person in the course of trade or business shall buy or receive any fabrics covered by this regulation at prices higher than the maximum prices fixed herein, and no person shall agree, offer, solicit or attempt to do any of the foregoing.

§ 1316.2 *Less than maximum prices.* Prices lower than the maximum prices set by this regulation may be charged, demanded, paid or offered.

§ 1316.3 *To what transactions, fabrics and persons this regulation applies, and the relation to other regulations—* (a) *What transactions are covered and the relation to other regulations.* (1) This regulation covers all sales and deliveries of fabrics listed in paragraph (b) below other than (i) any sale or delivery which is covered by the Revised Maximum Export Price Regulation;[4] and (ii) sales or deliveries made by a wholesaler, jobber or retailer in the performance of a recognized distributive function. A sale or delivery performs a "recognized distributive function" only if it advances the goods sold to the next stage of distribution. It follows that sales by any person to a converter or finisher, by one jobber to a competitive jobber, and by one manufacturer of commodities from cloth to another are covered by the regulation.

(2) Any sale or delivery covered by this regulation is not subject to the General Maximum Price Regulation[5] or to Maximum Price Regulation No. 157.[6]

(b) *What fabrics are covered.* This regulation covers:

(1) Any grey and colored-yarn fabric, (i) made wholly of combed cotton yarns; (ii) made of combed and carded cotton yarns and so constructed that either the warp or the filling consists wholly of combed yarn and/or 50 per cent or more of its total weight content is composed of combed cotton yarns; or (iii) made of rayon[7] and cotton and so constructed that the fabric contains some combed cotton yarn, except:

[Subparagraph (1) as amended Am. 7, 8 F.R. 8937, effective 7-3-43]

(*a*) Fabrics covered by Revised Price Schedule No. 23 as amended;[8]

(*b*) Checked fabrics (other than marquisettes) made on a box loom and containing colored yarn elsewhere than in the selvage.

[Subparagraph (*b*) as amended by Am. 7, 8 F.R. 8937, effective 7-3-43]

(*c*) Cross-bordered handkerchief cloth;

(*d*) Twills;

(*e*) [Revoked]

[Subparagraph (*e*) revoked by Am. 7]

(*f*) Balloon cloth;

(*g*) [Revoked]

[Subparagraph (*g*) revoked by Am. 7]

(*h*) Fabrics made on a jacquard loom containing colored yarn elsewhere than in the selvage.

[Subparagraph (*h*) added by Am. 7]

(2) Grey sateens made in whole or in part of combed cotton yarn; and

(3) Unfinished box-loom clip-spot marquisettes and beat-up marquisettes made of combed or carded cotton yarn or any combination thereof.

[Paragraph (b) amended by Am. 1, 8 F.R. 2206, effective 2-24-43 and as otherwise noted]

(c) *What persons are covered.* This regulation covers all persons, including individuals, corporations, partnerships, associations and any other organized groups; their agents or legal successors; the United States, any government and any agencies or political subdivisions thereof.

§ 1316.4 *Maximum prices.* (a) The maximum prices established herein are prices f. o. b. the seller's point of shipment, net ten days.

(b) For seconds, short lengths and remnants of any fabric subject to the maximum prices set in this regulation, the maximum prices shall be discounted as follows:

	Discount (Percent)
Seconds, shorts and remnants:	
20 to 40 yards	10
10 to 20 yards	25
1 to 10 yards	50
Seconds:	
40 yards and over	5

[7] "Rayon" means fibers chemically produced from cellulose or with a cellulose base by the viscose, acetate or cuprammonium process.

[8] The following fabrics are covered by Revised Price Schedule No. 23 (7 F.R. 2899, 2966, 2945, 3242, 3481, 6771, 8948): Any fabric so constructed that 80% or more of its ends by count in the warp shall consist of rayon; any fabric so constructed that 80% or more of its picks by count in the filling shall consist of rayon; any fabric constructed with a plied yarn in the warp and the filling where one of the threads in the ply used in the warp and the filling is rayon yarn, even though the total weight content of the rayon is less than 50% of the total weight of the fabric: and any fabric so constructed that 50% or more of its total weight content is composed of rayon except for fabrics containing 25% or more of wool that are woven on a woolen loom.

(c) In addition to the maximum prices set forth in Table I, the following premiums for special manufacturing processes may be charged. None of the premiums allowable hereunder is applicable, however, to any fabric which, in its basic construction, is normally manufactured by means of the process on which such premium is predicated.

Name of manufacturing process	*Premium (cents per yd.)*
Weaves requiring dobby loom: [1]	
Weaves requiring 16 harnesses or less	1¼
Weaves requiring more than 16 harnesses	1½
Fancy draw: [1]	
For ply cords, bunched ends, skip dents, double draw (2 ends or more weaving as one), reverse-twist, wrap stripes, or any other novelty draw, or for any combination of the above	⅓
Each extra beam	⅓
Hard twist:	
Wrap yarn where turns per inch equal 5¼ or more times the square root of yarn size	½
Filling yarn where turns per inch equal 4¾ or more times the square root of yarn size	⅓
Clipping	1

[1] If a premium is charged for dobby weave, no premium may be charged for fancy draw.

(d) The maximum prices are as follows:

[1] Fabrics shall be subject to the yardage prices set forth in Tables I and II, rather than to the poundage prices set forth in Table III, unless they are over 4 per cent lighter or over 6 per cent heavier than the weights specified, *Except* that for marquisettes and beat-up marquisettes the appropriate yardage price shall apply to all weights of each construction specified.

The maximum prices set forth in Table I shall apply only to fabrics made wholly of combed cotton yarn unless otherwise specified.

For a fabric the same as one of those listed in Table I except for a difference in width not exceeding two inches and a consequent proportionate difference in weight, the maximum price shall be the price shown in Table I adjusted in the ratio which the width of one fabric bears to the other.

[2] The maximum price for 37" 136 x 60, 4.00 to 4.20 combed broadcloth on subcontracts entered into prior to January 13, 1943 under Army Invitation No. 669-43, Negotiated 161, dated November 28, 1942 is 19.00 cents per yard.

*The maximum prices listed above for colored shirting and seersuckers are for plain weave single beam patterns with plain draw-in of not more than one color and greige in the warp, or pattern draw-in, of not more than two colors and greige in the warp, whichever is indicated, and in warp lengths of not less than 50 pieces.

For patterns or constructions of colored shirting and seersuckers varying from those for which maximum prices are established above, the maximum price shall be the maximum price for the nearest related pattern or construction listed in Table I adjusted in accordance with the premiums provided in paragraph (c) of this section and the following:

(A) Color or yarn changes:

For a substitution in the warp of a color, shade or greige for another color, shade or greige, or a substitution of one yarn size for another yarn size (the total change not to involve more than 12½% of the total count of warp ends); or for the addition of extra warp ends (colored and/or greige) for the purpose of producing pattern effects, (the total change not to exceed 5% of the total count of warp ends):

(1) Deduct from the maximum price of the listed construction the entire cost of its warp as calculated from the following table and to the result add the new warp cost calculated in accordance with the same table.

	40/1	50/1	60/1	40/2	40/3	40/4	50/2	60/2
Greige per 100 ends	.00210	.00195	.00173	.0042	.0060	.0084	.0039	.00346
Pastel 27¢ color per 100 ends	.00302	.00268	.00254					
Medium 42¢ color per 100 ends	.00367	.00320	.00277					
Dark 66¢ color per 100 ends	.00435	.00374	.00323					

To determine the cost of each 100 ends of 40s, 50s or 60s colored ply yarns, use single yarn table for 40s, 50s and 60s respectively times the ply.

For any substitution involving a color of a cost other than the above listed costs, the warp cost shall be obtained by interpolation between or extrapolation from the costs listed above.

(B) Draw-in changes:

Where a listed pattern draw-in construction is converted to a plain draw-in construction deduct ½¢ per yard.

Where a listed plain draw-in construction is converted to a fancy draw-in construction, in addition to the premium provided in paragraph (c) of this section for fancy draw, add ⅛ of a cent per yard for each additional color, shade or equivalent in excess of two colors and greige. For the purposes of determining this premium tapes, ply cords, bunched ends, skip dents, double draw (2 ends or more weaving as 1), reverse twist warp stripes, or any other novelty draw, shall each be considered the equivalent of a color or shade.

(C) Pickage changes:

For each pick (not exceeding 4 picks per inch) added to or omitted from a listed construction for the purpose of producing pattern effects add or subtract 0.15 cent per pick for greige filling yarns number 30 to 60, and 0.25 cent per pick for greige filling yarn number 60 and above.

(D) Short warps:

For short warps of any construction of colored shirting or seersucker subject to the maximum prices set in this regulation the following premiums may be added:

32 to 49 pieces to a warp, add 1¢ per yard
20 to 31 pieces to a warp, add 1¾¢ per yard
12 to 19 pieces to a warp, add 3¾¢ per yard

Where any one sale of a given pattern is for various size warps of different colors or shades with a resulting variation in the maximum prices for such warps the seller may, after computing the maximum price separately for each warp, determine and use as his maximum price for that sale a weighted average of such varying prices: *Provided*, That (1) The contract of sale or invoice shall contain the data from which the weighted average price is obtained; (2) Each delivery shall be accompanied by an invoice or similar document which shall either contain the information required by (1) above or make reference to the contract in which such information is set forth.

TABLE II

• The following provisions shall apply to unfinished box-loom clip-spot marquisettes.

As used herein, the term "standard" means having a width of 35", 39½", 46", or 48" and a total count per inch of 37 to 48 sley and 14 to 34 picks (including roving), inclusive. The term "base construction" means 39½" 40 x 18, 40s or 50s combed warp, 40s or 50s, combed filling, 2 picks of 6.00 hank grey roving, 10 jumpers and/or 15 harnesses or less.

The base maximum price for standard unfinished box-loom clip-spot marquisettes shall be 8⅞ cents per yard. For any standard construction other than the base construction the maximum price shall be the base maximum price adjusted upward or downward by the following per yard differentials.

TABLE III

(1) This table establishes maximum prices for every fabric covered by this regulation for which a specified price is not set forth in or ascertainable from Tables I and II.

(2) Except as provided below the maximum price for fabrics subject to Table III shall be as follows:

Cloths:	Price (cents per pound)
Lawn	75
Broadcloths	60
Voiles	75
Dimities	65
Marquisettes	75
Other fabrics	50

(3) For any fabric subject to the poundage maximum prices set forth in (2) above a seller may request the Office of Price Administration to determine a special maximum price in lieu of such poundage price. The request shall contain a complete description of the cloth including:

(i) Fabric name
(ii) Width:
  (a) In the reed
  (b) Of woven cloth
(iii) Weight of grey cloth (yds. per lb.)
(iv) Cloth count of woven cloth
(v) Yarn details—for each warp and filling yarn:
  (a) Count
  (b) Ply
  (c) Twist
  (d) Percentage to weight of cloth
(vi) Cuts:
  (a) Yards per cut for sizing
  (b) Yards woven per cut
(vii) Percentage of sizing in cloth
(viii) Loom:
  (a) Type
  (b) Model
  (c) Speed
  (d) Percentage of weaving efficiency
(ix) Weave and harnesses required
(x) Number of looms per weaver

Even if such a request has been made the seller may not contract for, demand or receive a price higher than the applicable poundage price appearing in (2) above except under the conditions hereinafter set forth.

(4) For any fabric subject to Table III which is sold or delivered pursuant to a government contract (as defined in § 1316.7):

(i) If the delivery is made prior to July 10, 1943, the maximum price shall be the maximum price in effect on January 6, 1943;

(ii) If the delivery is made (or to be made) on or after July 10, 1943, the seller may charge a price not in excess of the maximum price in effect on January 6, 1943 subject to the following conditions: first that prior to March 24, 1943 (or within one week of any initial contract of sale made thereafter for such fabric) the seller shall have filed with the Office of Price Administration in accordance with (3) above a request for a special maximum price; and, second, that upon the establishment of a special maximum price the seller shall promptly refund to the purchaser the amount by which the price received exceeds the special maximum price.

[Subparagraphs (i) and (ii) amended by Am. 2, 8 F.R. 4628, effective 1–13–42; Am. 4, 8 F.R. 5477, effective 4–23–43; Am. 5, 8 F.R. 8065, effective 5–24–43; and Am. 6, 8 F.R. 8615, effective 6–24–43]

(5) For any fabric subject to Table III of a construction sold or delivered by the seller between July 1, 1942 and January 6, 1943, which is sold or delivered pursuant to a contract other than a government contract where the seller in accordance with (3) above has requested the Office of Price Administration to determine a special maximum price for such fabric:

(i) If the delivery is made prior to July 10, 1943, the maximum price shall be the maximum price in effect on January 6, 1943;

(ii) If the delivery is made on or after July 10, 1943, the seller may charge a price not in excess of the applicable

poundage maximum price set forth in (2) above and may reserve the right to charge the purchaser an amount equal to the difference between the applicable poundage maximum price and the special maximum price thereafter established pursuant to the seller's request.

[Subparagraph (5) amended by Am. 2, 8 F.R. 4628, effective 1-13-43; Am. 4, 8 F.R. 5477, effective 4-23-43; Am. 5, 8 F.R. 6065, effective 5-24-43; and Am. 6, 8 F.R. 6615, effective 6-24-43]

[Table III amended by Am. 1, 8 F.R. 2206, effective 2-24-43 and as otherwise noted]

(e) When an amendment to Maximum Price Regulation No. 11 effects a reduction in any seller's previous ceiling price for any fabric (other than a fabric previously subject to Table III), it shall be permissible for such seller for a period of 30 days from the effective date of the amendment to make deliveries of such fabric against existing contracts at a price not exceeding the maximum price in effect on the day immediately preceding the effective date of the amendment.

[Paragraph (e) added by Am. 7, 8 F.R. 8937, effective 7-3-43]

§ 1316.5 *What the contracts of sale and invoices must contain.* (a) Every seller shall deliver to the purchaser at the time the contract is made a written contract of sale which shall contain:

(1) The date on which the sale or contract of sale was made;

(2) A full description of the materials sold including:

(i) The width;

(ii) The cloth count;

(iii) The number of yards per pound;

(iv) Any feature of the cloth for which a premium is allowed or discount required;

(3) The quantity sold;

(4) The terms of sale; and

(5) The prices.

(b) With each delivery the seller shall transmit to the purchaser an invoice or similar document which shall either contain the information required by paragraph (a) above or make reference to the contract in which such information is set forth.

§ 1316.6 *Prohibited practices.* Any practice which is a device to increase the consideration obtained above the maximum price without actually raising the price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, premiums, special privileges, tying agreements, trade understandings and the like.

§ 1316.7 *Applications for adjustment or petitions for amendment—(a) Government contracts.* (1) The term "government contract" is here used to mean any contract with the United States or any of its agencies, or with the government or any governmental agency of any country whose defense the President deems vital to the defense of the United States under the terms of the Act of March 1, 1941, entitled "An Act to promote the defense of the United States", or any subcontract under contracts with such persons.

(2) Any person who has made or intends to make a "government contract" and who thinks that a maximum price established by this Regulation is impeding or threatens to impede production of material which is essential to the war program and which is or will be the subject of the contract, may file an application for adjustment in accordance with Procedural Regulation No. 6* issued by the Office of Price Administration.

(3) As soon as the application is filed, contracts, deliveries, and payments may be made at the requested price, subject to appropriate refund if the requested adjustment is denied in whole or in part. The seller must notify the buyer in writing that the delivery is made subject to this refund.

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this Regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1, issued by the Office of Price Administration. In appropriate situations where a petition for amendment requires extended consideration the Price Administrator may, upon application, grant permission to agree to adjust prices upon deliveries made during the pendency of the petition in accordance with the disposition of the petition.

However, the filing of a petition shall not be construed as authorizing transactions at a price above the maximum price.

[NOTE: Supplementary Order No. 28 (7 F.R. 9619) provides for the filing of applications for adjustment or petitions for amendment based on a pending wage or salary increase requiring the approval of the National War Labor Board.]

[NOTE: Revised Supplementary Order No. 24 (8 F.R. 12404) permits, under certain conditions, the addition of extra packing expenses on sales to procurement agencies of the United States.

§ 1316.8 *Records and reports—(a) Records.* Every person making purchases or sales subject to the regulation shall keep for inspection by the Office of Price Administration for as long as the Emergency Price Control Act of 1942 remains in effect, complete and accurate records which will show a complete description of the items sold; the name and address of the buyer or seller; the date of the sale and the price paid or received.

(b) *Reports.* Persons affected by this regulation shall submit such reports to the Office of Price Administration as it may, from time to time, require.

§ 1316.9 *Enforcement.* (a) Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, suits for treble damages, and proceedings for revocation of licenses provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this regulation or of any other regulation or order issued by the Office of Price Administration are urged to communicate with the nearest district or regional office of the Office of Price Administration or its principal office in Washington, D. C.

(c) War procurement agencies and their contracting or paying finance officers are not subject to any liability, civil or criminal, imposed by this regulation. The term "war procurement agencies" means the War Department, the Department of the Navy, the United States Maritime Commission and the Lend-Lease Section in the Procurement Division of the Treasury Department, or any of their agencies.

§ 1316.9a *Licensing.* The provisions of Licensing Order No 1** licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

[§ 1316.9a added by Supplementary Order No. 72, 8 F.R. 13244, effective 10-1-43]

§ 1316.10 *Effective date.* Maximum Price Regulation No. 11 (§§ 1316.1 to 1316.10 inclusive) shall become effective January 13, 1943: *Provided*, That up to and including February 12, 1943 deliveries against contracts entered into prior to January 7, 1943 at an agreed firm price may be made at prices in conformity with the regulation or price schedule applicable to such contracts at the time they were made. [Originally issued January 7, 1943]

[NOTE: Effective dates of amendments are shown in rates following the parts affected]

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 7th day of March 1944.

PART 1499—COMMODITIES AND SERVICES

[Rev. SR 14 to GMPR, Amdt. 102]

INDIAN MOTOCYCLE

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Supplementary Regulation 14 is amended by the addition to Article VI of a new section to read as follows:

SEC. 6.44. *Motorcycles manufactured for and sold to the United States by the Indian Motocycle Company under War Contract No. W-478-ORD-Indian Motocycle Company*—(a) *In general.* This section establishes a basis for pricing sales of approximately 4700 motorcycles specially built for and sold to the United States Government by the Indian Motocycle Company, Springfield, Massachusetts, under War Contract No. W-478-ORD. This pricing basis is established in the following paragraphs by dollars and cents prices for sales of the vehicles to retail dealers and to purchasers at retail, and by exempting any remaining sales from the General Maximum Price Regulation.

(b) *Maximum prices for a sale to a retail dealer.* The price for a sale to a retail dealer of a motorcycle described in paragraph (a) shall not exceed $300., f. o. b. place of sale, plus the amount of the seller's actual expense, if any, for the transportation of the motorcycle to the place of sale.

(c) *Maximum prices for a sale at retail.* The price for a sale at retail of a motorcycle described in paragraph (a) shall not exceed $400., f. o. b. place of sale, plus the amount of the seller's actual expense, if any, for the transportation of the motorcycle to the place of sale.

(d) *Exception of remaining sales from the General Maximum Price Regulation.* Any sales of a motorcycle described in paragraph (a) other than sales covered by paragraphs (b) and (c), are hereby excepted from the General Maximum Price Regulation.

(e) *Notifying purchasers of maximum prices.* Any person who sells a motorcycle described in paragraph (a) to a retail dealer shall notify such a purchaser on the invoice of sale of the latter's maximum reselling price under paragraph (c).

(f) *Definitions.* (1) "Retail dealer" means any person whose sales to purchasers for use constitute a substantial part of his total sales.

(2) "Sale at retail" means a sale by a person to a purchaser for use.

(3) "Person" includes: an individual, partnership, association, or any other organized group; their legal successors or representatives; the United States, or any government, or any of its political subdivisions; or any agency of the foregoing.

This amendment shall become effective March 7, 1944.

PART 1358—TOBACCO

[RPS 62,[1] Amdt. 3]

CIGARETTES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Price Schedule No. 62 is amended in the following respects:

1. Section 1358.1 (a) is amended by adding a sentence to read as follows:

The maximum prices which are fixed in this section are, in the case of a "private brand of cigarette" manufactured for the owner of such private brand, subject to adjustment under paragraph (d).

2. Section 1358.1 is amended by adding a paragraph to read as follows:

(d) *Adjustments of manufacturers' maximum prices for private brands of cigarettes*—(1) *Who may apply.* Any manufacturer of a private brand of cigarettes may apply for adjustment of his maximum price for such private brand if:

(i) His over-all net profits, before income taxes, during his last fiscal year, are not greater than his average over-all net profits, before income taxes, during the period 1936–1939, inclusive; or

(ii) His over-all net profits, before income taxes, during his last fiscal year are greater than his average over-all net profits, before income taxes, during the period 1936–1939, inclusive, and the total cost to him of the private brand of cigarettes exceeds his maximum net selling price therefor; and

(iii) His continued production of the private brand of cigarettes is threatened or its manufacture has been curtailed or discontinued.

"Private brand of cigarettes" means a brand of cigarettes bearing a brand name owned privately and duly registered by a person selling and distributing the product on his own behalf, and which is manufactured for him according to his specifications and requirements.

(2) *Form of application.* A manufacturer of a private brand of cigarettes who desires an adjustment in his maximum price for such private brand shall send to the Office of Price Administration, Washington, D. C., an application containing the following information:

(i) His present and requested maximum net selling prices per thousand cigarettes.

(ii) The date and the complete terms of the agreement between him and the private brand owner pursuant to which the cigarettes are manufactured.

(iii) A statement in detail showing why he finds it necessary to request an increase in his maximum price in order to continue producing the particular brand of cigarettes for the private brand owner.

(iv) His present detailed costs, prepared in accordance with his usual system of accounts, of the private brand of cigarettes.

(v) His present detailed costs, prepared in accordance with his usual system of accounts, of his own most comparable brand of cigarettes, and his present maximum net selling price per thousand cigarettes of such brand.

(vi) His profit and loss statements for the period 1936–1939, inclusive, and for his last fiscal year, prepared in accordance with his usual system of accounts, unless such data have been previously made available to the Office of Price Administration.

(vii) His current volume of sales of the private brand of cigarettes or, if the production of such cigarettes has been discontinued, the volume of sales which may be reasonably expected if his present maximum price is adjusted upward.

(viii) A statement signed by the private brand owner that he will absorb and will not pass on to any purchaser the requested increase or any part thereof, and that such increase will not be made the basis of any future request for adjustment of his maximum price for such cigarettes.

(3) *Disposition of application.* Any adjustment granted under this paragraph shall be limited as follows:

If the manufacturer's over-all net profits, before income taxes, for his last fiscal year are not greater than his average over-all net profits during the period 1936–1939, inclusive, the adjustment shall not exceed the total cost to him of the private brand of cigarettes plus a reasonable profit. In determining what is a reasonable profit, the Office of Price Administration will consider the net profit per thousand cigarettes realized on sales of his own most comparable brand of cigarettes. No adjustment made in such instance may result in over-all net profits greater than his average over-all net profits during the period 1936–1939, inclusive.

If the manufacturer's over-all net profits, before income taxes, for his last fiscal year are greater than his average over-all net profits during the period 1936–1939, inclusive, the adjustment shall not exceed the total cost to him of the private brand of cigarettes.

The Office of Price Administration shall authorize or deny by order the adjustment requested. The authorization so granted may be revoked at any time by the Price Administrator.

This amendment shall become effective March 14, 1944.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

ETHYL ALCOHOL (EXCLUDING WEST COAST ETHYL ALCOHOL)

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 1412.263 (h) (1) of Maximum Price Regulation No. 28 is amended by adding the following paragraphs at the end thereof:

Rental payments. These cost items include rental payments to Defense Supplies Corporation. They also include rental payments to other lessors, but with a maximum limitation. This maximum limitation is the figure equal to those costs which the lessee could charge in if he owned the property and which he has not otherwise charged in as a cost of producing ethyl alcohol. Typical costs which the lessee could charge in if he owned the property include depreciation, property taxes, insurance, reasonable maintenance and repair and the like.

Depreciation and amortization of property on leased premises. Producers who install machinery and equipment or make improvements on leased premises may take depreciation or amortization on their capital investment. However, depreciation or amortization will not be allowed a lessee in this situation at a rate greater than the rate which the lessor would have been entitled to use had he been the ethyl alcohol producer.

This amendment shall become effective March 14, 1944.

SOLID FUELS IN WASHINGTON, D. C., AREA AND ALEXANDRIA, VA.

AUTHORIZATION OF MAXIMUM PRICES

Amendment No. 6 to Revised Order No. 47 under Revised Maximum Price Regulation No. 122. Solid fuels sold and delivered by dealers.

For the reasons set forth in the opinion issued herewith and in accordance with § 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122, *It is ordered*, That Revised Order No. 47 be amended in the following respect:

New paragraph (f2) is added to read as follows:

(f2) The prices set forth in paragraphs (c) (1), (d) and (f) for the respective areas and for "direct delivery" and "yard sales" may be increased for sales of "Penn anthracite" by no more than 50 cents per net ton or 55 cents per gross ton in the egg, stove, nut and pea sizes; by 35 cents per net ton or 40 cents per gross ton for buckwheat No. 1; and by 25 cents per net ton or by 30 cents per gross ton for the rice size; if:

(1) The dealer keeps Penn anthracite separate in storage and delivery, from any other kind of solid fuel; and

(2) The dealer keeps complete and accurate records of Penn anthracite for such time as this paragraph (f2) is in effect. The records shall show: the date he received the coal; the name and address of the producer; the quantity in net tons of each delivery to him of such anthracite and all invoices sent him by the producer, and

(3) The Penn anthracite is produced by Penn Collieries Company, Scranton, Pennsylvania and is sold as Penn or "Black Stork" anthracite by the dealer.

NOTE: The reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This amendment to Revised Order No. 47 shall become effective March 8, 1944.

[RO 17, Administrative Exception Order 21]

SALE OF GOVERNMENT ISSUE TYPE SHOES TO CERTAIN CIVILIANS

The petitioner is the Quartermaster General of the United States Army. Petitioner desires to sell government issue type shoes to certain civilians such as war correspondents, who are under the supervision of the United States Army while on duty overseas. These individuals are sent, under official government travel orders, to overseas destinations where they are required to wear regulation Army uniforms, which includes government issue type shoes. The Quartermaster has been considered an integral part of the United States Army. Heretofore, Quartermaster sales have been made only to authorized military personnel, without the surrender of ration currency. Under Ration Order 17, before the petitioner can sell shoes to civilians, it would be required to first register as an establishment and then collect ration currency for all shoes sold to civilians. Petitioner requests that it be permitted to sell shoes to civilians having official government overseas travel orders, in order to complete regulation Army uniform requirements; such sales to be made without the petitioner registering as an establishment. However, ration currency is to be collected by it when it transfers shoes to such civilians.

The relief requested in this case may be granted without defeating or impairing the effectiveness of the policy of Ration Order 17.

It is hereby ordered, That the Quartermaster General of the United States Army be permitted to sell government issue army shoes for ration currency without registering as an establishment, to persons with a civilian status engaged in work supervised by the Army, who are given overseas assignments and who have official government travel orders. All ration currency that is received for shoes sold to such persons must be sent to the Director of the Miscellaneous Products Rationing Division, Office of Price Administration, Washington, D. C., within 30 days after it is received by the petitioner.

Issued and effective this 8th day of March 1944.

BRYAN HOUSTON, *Deputy Administrator in Charge of Rationing.*

[MPR 176, Order 5]

ROTARY CUT SOUTHERN HARDWOOD BOX LUMBER

ORDER AUTHORIZING ADJUSTMENT OF PRICES

Petitions have been filed by producers subject to MPR 176 for an increase in the maximum prices for hardwood box veneer now established by the regulation. This veneer currently is used almost exclusively for the manufacture of wirebound boxes, which are the subject of a particularly acute and urgent need by the Government for the shipment of vital war goods such as ammunition, air and motor transport replacement parts, food packages, and medical supplies.

Various measures have been taken in the recent past aimed at assuring an adequate supply of these containers; WPB Conservation Order M-343 had this purpose, as did Amendment 6 to this regulation. This Office has been conducting a field cost study on box grade veneer under MPR 176 for several weeks past. Preliminary findings based on the data so far developed tend to confirm petitioners' contentions that, under the present ceilings, they are unable to produce box grade veneer in volume to satisfy the current tremendous demands of the military establishment. Further confirmation is lent by the representations of Government procurement authorities to the effect that, despite the measures already taken, supplies of this material continue to be precariously low.

It is true that the regulation provides certain procedures whereby producers individually may obtain adjustment of their prices. It is equally true that active consideration is being given the question of industry-wide adjustment of the ceilings. Actions of either type however, necessarily are time-consuming, and the exigencies of the present situation are such that it would be extremely dangerous from the procurement standpoint, as well as unfair to producers, to require that current shipments be maintained rigidly at the present ceiling prices.

It has been shown that authorization to use adjustable pricing, pending final action on the petitions, is necessary to promote the production of rotary cut southern hardwood box veneer and that such authorization will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders 9250 and 9328, and in accordance with § 1384.3 of Maximum Price Regulation No. 176, *It is hereby ordered*, That:

(a) Producers may sell and deliver, and any person may buy and receive, rotary cut southern hardwood box veneer subject to Maximum Price Regulation No. 176, at prices not over the prevailing ceiling at time of delivery but by agreement subject to being adjusted upward in accordance with action, if any, taken by the Office of Price Administration after delivery.

(b) This order shall be automatically revoked upon the establishment by the Office of Price Administration of maximum prices for hardwood box veneer under MPR 176 higher than the maximum prices therefor now prevailing, or upon denial of the petitions. It may be revoked or amended by the Price Administrator at any time.

(c) This order shall be effective February 17, 1944.

Issued this 17th day of February 1944.

[Region III Order G-8 Under RMPR 122]

SOLID FUELS IN LOUISVILLE, KY., AREA

Order No. G-8 under Revised Maximum Price Regulation No. 122. Solid fuels sold and delivered by dealers. Maximum prices for specified-solid fuels in the Louisville, Kentucky, area.

For the reasons stated in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region III of the Office of Price Administration by §§ 1340.260 and 1340.259 of Revised Maximum Price Regulation No. 122, it is hereby ordered:

(a) *What this order does.* This order establishes maximum prices for sales of specified solid fuels made within the City of Louisville, Kentucky, and all territory within four miles of the corporate limits thereof. These are the highest prices that any dealer may charge when he delivers such fuel at or to a point in such area; they are also the highest prices that any buyer in the course of trade or business may pay for them.

(b) *What this order prohibits.* Regardless of any obligation, no person shall:

(1) Sell or, in the course of trade or business, buy solid fuels at prices higher than the maximum prices set by this Order No. G-8 but less than maximum prices may at any time be charged, paid or offered;

(2) Obtain a higher than ceiling price by:

(i) Charging a price higher than the scheduled price for a service or making a charge for a service not authorized by this order.

(ii) Making a charge higher than the scheduled charge authorized for the extension of credit,

(iii) Using any other device by which a higher than maximum price is obtained directly or indirectly,

(iv) Using any tying agreement or requiring that the buyer purchase anything in addition to the fuel requested by him, except that a dealer may comply with any requirements or standards with respect to deliveries which have been or may be issued by any agency of the United States Government.

(c) *Schedule for sales of coal*—(1) *Price schedules.* This schedule sets forth maximum prices for cash sales of specified sizes, kinds and quantities of solid fuels. Column I describes the coal for

which prices are established; Column II shows maximum prices for credit sales on a "direct delivery" basis; Column III shows maximum prices for cash sales on a "direct delivery" basis; Column IV shows maximum prices for "commercial sales" on a "direct delivery" basis. All prices are for sales on a net ton basis.

(3) *Descriptive terms.* All terms used herein to describe size, volatility and producing district are those established and defined by the Bituminous Coal Division and in effect as of midnight, August 23, 1943.

(d) The maximum prices for all sales by dealers of solid fuel not provided for by this Order No. G–8 shall be the maximum prices established by Revised Maximum Price Regulation No. 122.

(e) *Schedule of service charges.* This schedule sets forth maximum prices which a dealer may charge for special services rendered in connection with all sales under paragraph (c). These charges may be made only if the buyer requests such service of the dealer and only when the dealer renders the service. Every service charge shall be separately stated in the dealer's invoice.

	Per ton
Trimming in the bin	$0.25
Carry-in or wheel-in from curb	.75
Carrying up one flight of stairs	1.00

(f) *The transportation tax.* The transportation tax imposed by section 620 of the Revenue Act of 1942 may be collected in addition to the maximum prices set by this order, provided the dealer states it separately from the price on his invoice or statement. However, the dealer need not so separately state on a sale to the United States or any agency thereof, the District of Columbia, any state government or any political sub-division thereof.

(g) *Addition of increase in supplier's prices prohibited.* The maximum prices set by this order may not be increased by a dealer to reflect increases in purchase costs or in supplier's maximum prices occuring after the effective date hereon; but increases in the maximum prices set hereby to reflect such increases are within the discretion of the Regional Administrator.

(h) *Petitions for amendment.* Any person seeking an amendment of any provision of this order may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1 except that the petition shall be filed with the Regional Administrator and acted upon by him.

(i) *Applicability of other regulations.* Every dealer subject to this order is governed by the licensing provisions of Supplementary Order No. 72, effective October 1, 1943.

(j) *Right of amendment or revocation.* The Regional Administrator or Price Administrator may amend, revoke, or resind this order, or any provision thereof, at any time.

(k) *Records.* Every person making a sale of solid fuel for which a maximum price is set by this order shall keep a record thereof showing the date, the name and address of the buyer, if known, the per net ton price charged and the type and kind of solid fuel sold. The solid fuel shall be identified in the manner in which it is described in the order. The record shall also separately state each service rendered and the charge made for it.

(l) *Posting of maximum prices; sales slips.* (1) Each dealer subject to this order shall post all the maximum prices set by it for all his types of sales. He shall post his prices in his place of business in a manner plainly visible to and understandable by the purchasing public. He shall also keep a copy of this order available for examination by any person inquiring as to his prices for solid fuel. No report of the maximum prices established by this order need be made by any dealer under § 1340.262 (c) of Regulation No. 122.

(2) Every dealer selling solid fuel for sales of which a maximum price is set by this order shall, within thirty days after the date of delivery of the fuel, give to the buyer a statement showing: the date of the sale, the name and address of the dealer and of the buyer, the kind, size, and quantity of the solid fuel sold, the price charged and separately stating any item which is required to be separately stated by this order.

(m) *Enforcement.* (1) Persons violating any provision of this order are subject to civil and criminal penalties, including suits for treble damages, provided for by the Emergency Price Control Act of 1942, as amended.

(2) Persons who have any evidence of any violations of this order are urged to communicate with the Louisville District Office of the Office of Price Administration.

(n) *Definitions and explanations.* (1) "Person" includes an individual, corporation, partnership, association, any other organized group of persons, legal successor or representative of any of the foregoing, and includes the United States, any agency thereof, any other government, or any of its political subdivisions, and any agency of any of the foregoing.

(2) "Sell" includes sell, supply, dispose, barter, exchange, lease, transfer and deliver, and contracts and offers to do any of the foregoing. The terms "sale", "selling", "sold", "seller", "buy", "purchase", and "purchaser" shall be construed accordingly.

(3) "Dealer" means any person selling solid fuel except producers or distributors making sales at or from a mine, a preparation plant, operated as an adjunct of any mine, a coke oven, or a briquette plant.

(4) "Direct delivery" means dumping or chuting the fuel from the seller's truck directly into the buyer's bin or storage space; but, if this is physically impossible, the term means discharging the fuel directly from the seller's truck at a point where this can be done and at the point nearest and most accessible to the buyer's bin or storage space.

(5) "Yard sales" shall mean sales and deliveries made by the dealer in his customary manner at his yard.

(6) "Commercial sales" shall mean sales in quantities totaling 40 tons or more in one year to one buyer and delivered to one place, to schools, churches, apartment buildings, hotels, and to commercial and industrial consumers.

(7) Except as otherwise provided herein or as the context may otherwise require, the definitions set forth in §§ 1340.255 and 1340.266 of Revised Maximum Price Regulation No. 122, as amended, shall apply to the terms used herein, and in full force and effect.

(o) *Applicability of this order.* To the extent applicable, the provisions of this order supersede Revised Maximum Price Regulation No. 122.

NOTE: The reporting and record keeping provisions of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This Order No. G–8 under Revised Maximum Price Regulation No. 122 shall become effective March 1, 1944.

THE CINCINNATI, NEWPORT AND COVINGTON RAILWAY COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania on the 4th day of March 1944.

Notice is hereby given that an application or declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by The Cincinnati, Newport and Covington Railway Company (Railway), a subsidiary of Columbia Gas & Electric Corporation (Columbia), a registered holding company.

Notice is further given that any interested person may, not later than March 16, 1944, at 10:00 a. m., e. w. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, said declaration or application, as filed or as amended, may be granted, as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, 3, Pennsylvania.

All interested persons are referred to said declaration or application, which is on file in the office of the said Commission, for a statement of the transactions therein proposed, which are summarized below:

Railway proposes to declare and pay from the unrestricted portion of its special capital surplus a cash dividend of $30.00 per share on its 10,000 shares of outstanding common stock, aggregating $300,800. Columbia owns 9,734$^{34}/_{47}$ shares of the common stock and $1,304,596.68, principal amount of 6% income Demand Notes of Railway, being all the outstanding securities of Railway except 265$^{45}/_{47}$ shares of common stock held by other holders. The payment of this dividend is contingent upon the prior or simultaneous disposition and sale by Columbia of all its investments in Railway to Bayou Interests, Inc., stated to be a non-affiliate. The amount of the purchase price to be paid to Columbia is tentatively fixed at $1,520,000, which together with interest and dividends to be received by Columbia will aggregate approximately $1,900,000.

SOUTHWESTERN PUBLIC SERVICE CO.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 4th day of March, A. D. 1944.

Notice is hereby given that a declaration has been filed pursuant to the Public Utility Holding Company Act of 1935 by Southwestern Public Service Company, a registered holding company.

All interested persons are referred to said declaration which is on file in the office of the Commission for a statement of the transactions therein proposed, which may be summarized as follows:

Southwestern Public Service Company proposes to sell to G. C. Hyde, an individual of Dallas, Texas, all of the outstanding securities of its subsidiary, Gulf Public Service Company, consisting of $2,800,000 principal amount of 5% Unsecured Notes, due October 1, 1966, and 3,000 shares of Common Stock, par value $100 per share, for a basic consideration of $4,660,000 cash, subject to adjustments for net current assets and certain tax adjustments.

The aforesaid securities of Gulf Public Service Company are now pledged as collateral under Southwestern Public Service Company's First Mortgage and Collateral Trust Bonds. Pursuant to the provisions of the indenture securing said Bonds, the proceeds of the aforesaid sale will be deposited with the Trustee under said indenture, and thereafter Southwestern Public Service Company intends to apply the amount so deposited for one or more of the several purposes specified in said indenture.

Southwestern Public Service Company requests an exemption from the competitive bidding requirements of Rule U-50 in respect of the aforesaid proposed sale.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to such declaration and that said declaration shall not become effective except pursuant to further order of the Commission;

It is ordered, That a hearing on such matter under the applicable provisions of said act and rules of the Commission thereunder be held on March 16, 1944 at 10:00 a. m., e. w. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such date the hearing room clerk in Room 318 will advise as to the room in which such hearing will be held.

It is further ordered, That Henry C. Lank or any other officer or officers of the Commission designated by it for that purpose shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a Trial Examiner under the Commission's rules of practice.

It is further ordered, That, without limiting the scope of the issues presented by said declaration, particular attention will be directed at the hearing to the following matters and questions:

1. Whether compliance with the requirement of competitive bidding under Rule U-50 is necessary or appropriate in the public interest or for the protection of investors or consumers to assure the maintenance of competitive conditions, the receipt of adequate consideration, or the reasonableness of any fees or commissions to be paid with respect to the said proposed sale.

2. Whether the proposed consideration to be received for the Gulf Public Service Company securities is reasonable.

3. Whether the accounting entries to be made in connection with the proposed sale and the adjustment of accounts incident thereto are in accordance with sound and accepted principles of accounting.

4. The identity of the purchaser and his interest in any other public utility company or holding company.

5. Whether it is necessary or appropriate to impose any terms and conditions with respect to the proposed transactions in the public interest, for the protection of investors and consumers, or in order to insure compliance with the standards of the Act.

It is further ordered, That the Secretary of the Commission shall serve notice of the aforesaid hearing by mailing a copy of this order to Southwestern Public Service Company, to the Public Service Commission of New Mexico, and to the Public Service Commission of Louisiana; and that notice of said hearing be given to all persons by publication of this order in the FEDERAL REGISTER. Any other person desiring to be heard in connection with these proceedings, or proposing to intervene herein, shall file with the Secretary of the Com-

mission, on or before March 12, 1944, his request or application therefor, as provided by Rule XVII of the rules of practice of the Commission.

By the Commission.

SOUTHERN UNION GAS CO., ET AL.

NOTICE OF FILING OF APPLICATION FOR EXTENSION OF TIME AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 6th day of March 1944.

The Commission having entered its order herein on September 19, 1942, pursuant to section 11 (b) (1) of the Public Utility Holding Company Act of 1935 directing that Southern Union Gas Company (formerly named Texas Southwestern Gas Company) divest itself of all its interest in, and of all ownership and control of certain designated companies and certain designated properties; and

The Commission having by order dated October 29, 1943 granted to Southern Union Gas Company an additional period of six months from September 19, 1943, within which to comply with the provisions of the said order of September 19, 1942, without prejudice, however, to the respondent to apply for an additional extension if the circumstances warrant;

Notice is hereby given that on February 29, 1944, Southern Union Gas Company filed an application requesting the entry of an order by this Commission under section 11 (c) of the act extending for six months the time within which to comply with the order of September 19, 1942, above described.

All interested persons are referred to said application which is on file in the office of the Commission for full details concerning the application.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held for the purpose of considering said application and for other purposes;

It is ordered, That a hearing in this proceeding be held at the office of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, at 10:00 a. m., e. w. t., on the 17th day of March, in such room as may be designated on such day by the hearing room clerk.

All persons desiring to be heard or otherwise wishing to participate should notify the Commission in the manner provided by Rule XVII of the Commission's rules of practice, on or before March 14, 1944.

It is further ordered, That William W. Swift, or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing above ordered. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a Trial Examiner under the Commission's Rules of Practice.

It is further ordered, That, without limiting the scope of the issues presented by such application, particular attention will be directed at the hearing to (1) whether Southern Union Gas Company has exercised due diligence in its efforts to comply with the Commission's order of September 19, 1942, and (2) whether an extension of time for compliance with said order is necessary or appropriate in the public interest or for the protection of investors or consumers.

It is further ordered, That the Secretary of this Commission shall serve notice of this order by mailing a copy thereof by registered mail to Southern Union Gas Company and that notice shall be given to all other persons by publication thereof in the FEDERAL REGISTER.

By the Commission.

UNITED GAS CORP., ET AL.

NOTICE OF FILING OF PLAN AND APPLICATION OR DECLARATION (OR BOTH), ORDER OF CONSOLIDATION, AND NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 6th day of March, A. D. 1944.

In the matter of United Gas Corporation, United Gas Pipe Line Company, Houston Gulf Gas Company, File No. 70-314; in the matter of Electric Bond and Share Company, File No. 70-315; in the matter of Electric Bond and Share Company, Electric Power & Light Corporation, United Gas Corporation, Houston Gas Securities Company, United Gas Pipe Line Company, Houston Gulf Gas Company, File No. 59-21; in the matter of investigation of organization and financing of United Gas Corporation, etc., File No. 4-33; in the matter of United Gas Corporation, Electric Power & Light Corporation, Electric Bond and Share Company, File No. 54-91; in the matter of Electric Bond and Share Company, File No. 70-868.

United Gas Corporation ("United") a subsidiary of Electric Power & Light Corporation ("Electric"), a registered holding company, which in turn is a subsidiary of Electric Bond and Share Company ("Bond and Share"), also a registered holding company, and certain of the subsidiary companies of United having heretofore filed a joint declaration for approval of a series of transactions incident to the refinancing of United (File No. 70-314); and

Bond and Share having filed a declaration for permission to use the funds which it was to receive as a result of the transactions contemplated in the joint filing for the acquisition and retirement of a portion of its preferred stocks (File No. 70-315); and

The Commission having by notice and order dated May 31, 1941 (Holding Company Act Release No. 2790) instituted proceedings (File Nos. 4-33 and 59-21) with respect to United, Electric and Bond and Share as well as certain of the subsidiaries of United under sections 11 (b) (2), 12 (b), 12 (c), 12 (f) and 18 of the Public Utility Holding Company Act of 1935 (the "act") in which issues were raised concerning, among other things, the fairness and equitableness of the present distribution of voting power among the security holders of United, the action which might be necessary or appropriate to cure an unfair and inequitable distribution of such voting power, if found to exist, or to cure any undue or unnecessary complexities in the structure of United; and the general validity and status of the indebtedness of United to Bond and Share in the capital structure of United in view of the responsibility of Bond and Share for, and its actions in connection with, the organization, financing and subsequent management of United; and

The Commission having heretofore consolidated the proceedings with respect to the above-mentioned matters, hearings having been held thereon at various dates, and the record having been closed on September 21, 1943, with respect to certain of the issues therein, including all of the issues specifically set forth above;

Notice is hereby given that United, Electric, and Bond and Share have filed a joint application with the Commission pursuant to section 11 (e) of the act for approval of a plan, the stated purposes of which are to effectuate compliance with section 11 (b) (2) of the act through the conversion of United's present capital structure into a capital structure consisting only of par value common stock and mortgage debt; the simplification of the capital structure of United and the consequent simplification of the holding company system of Electric; the fair and equitable distribution of voting power among the security holders of United; and the compromise, settlement and discharge of the various claims, defenses and counter claims among Bond and Share, United, Electric and their respective security holders.

Notice is further given that an application or declaration (or both) has been filed by Bond and Share under section 12 (c) of the act and Rule U-42 thereunder for permission to use the $44,000,000 which it is proposed to receive under the Plan for the acquisition and retirement of so much of its preferred stocks as may be so acquired and retired.

All interested persons are referred to the said Plan and the said application or declaration (or both) which are on file in the office of the Commission for a full statement of the transactions therein proposed which are more particularly described below:

United, a Delaware corporation, is engaged in the purchase and distribution of natural gas at retail and its four principal subsidiaries are engaged in the

production, purchase, transportation and sale of natural gas and crude oil. The security structure of United as of December 31, 1943, including the obligations of United to Bond and Share, is as follows: (as shown per books)

	Principal amount or shares outstanding	Principal amount, par or stated value
Debt:		
6% Debentures, United Gas Public Service Company, due 1953	$25,000,000	$25,000,000
5% Collateral Trust Gold Bonds, Houston Gas Securities Company, due 1952[1]	3,900,000	3,900,000
6% Demand note	25,925,000	25,925,000
6% Open account	2,000,000	2,000,000
Total debt		56,825,000
Preferred Stocks:		
$7 Preferred Stock (Value in liquidation)[2]	449,822 shs.	44,982,200
$7 Second Preferred Stock (Value in liquidation)[3]	884,680 shs.	88,468,000
Total Preferred Stock		133,450,200
Common Stock $1 Par Value	7,818,950 shs.	7,818,950
Option Warrants to Purchase Common Stock at $33⅓ per share	4,864,967 w'ts.	

[1] Secured by a pledge of $3,850,000 principal amount of 6% debentures United Gas Public Service Company, due 1953, and $4,585,000 principal amount United Gas Public Service Company debentures due 1952 under an indenture of trust with the Chase National Bank of the City of New York.

[2] Undeclared Cumulative Dividends on the $7 preferred stock at Dec. 31, 1943 amounted to $5,491,577 or $12.21 per share.

[3] Undeclared Cumulative Dividends on the $7 Second Preferred Stock at Dec. 31, 1943 amounted to $73,280,993 or $82.83 per share.

The public holds $3,460,000 principal amount of the Houston Gas Securities 5% Bonds, 432,512 shares (96.15%) of the $7 Preferred Stock, 3,271,207 shares (41.83%) of the common stock and 1,113,922 warrants (22.90%). Electric owns all of the $7 second preferred stock, 3,795,086 (48.54%) of the common stock and 3,600,040 warrants (74.00%). Bond and Share owns $440,000 of the Houston Gas securities 5% Bonds, the $25,000,000 United Gas Public Service 6% debentures, the 6% demand note of $25,925,000, the $2,000,000 open account indebtedness, 17,310 (3.85%) shares of $7 preferred stock, 752,666 shares (9.63%) of common stock and 151,005 warrants (3.10%).

The net over-all results of the action contemplated in and proposed by the Plan will be the elimination from the security structure of United of its entire existing debt, preferred stock, second preferred stock and accumulated dividend arrearages on the preferred and second preferred stocks and the issuance as the sole senior security in the structure of $100,000,000 of first mortgage debt; the elimination of the presently outstanding common stock of United having a par value of $1 and the issuance of 10,653,302.2 shares of common stock having a par value of $10 per share; and the cancellation of the outstanding option warrants.

Bond and Share will be divested of all of its claims against and interest in United including its debt claims and holdings of preferred stock with accumulated dividend arrearages thereon, common stock and option warrants and will receive cash in the amount of $44,000,000. Electric will be divested of all of the $7 second preferred stock of United, the entire issue of which is owned by it, plus accumulated dividend arrearages thereon as well as its present common stock holdings and option warrants and will receive 10,108,101 shares (94.9%) of the new $10 par value common stock. The public holders of common stock in lieu of their 3,271,207 shares (41.83%) of present common stock of an aggregate par value of $3,271,207 will receive 545,201.2 shares (5.1%) of new common stock of an aggregate par value of $5,452,012. The publicly held $7 preferred stock will be redeemed at the redemption price of $110 per share plus accumulated and unpaid dividends and the option warrants will be cancelled without compensation to the holders thereof.

The particular steps contemplated in and proposed by the Plan by which the foregoing changes in the security structure of United are to be achieved may be summarized as follows:

(1) United will file an amendment to its previously described filing herein (File No. 70-314) in which amendment it will seek approval of the issuance and sale of $100,000,000 principal amount of First Mortgage and Collateral Trust Bonds.

(2) Electric will acquire from Bond and Share for a cash purchase price of $44,000,000 the following claims in and against United held by Bond and Share:

$25,000,000 principal amount of 6% debentures, due 1953, of United Gas Public Service Company assumed by United; United's 6% demand note in the principal amount of $25,925,000; 6% open account indebtedness from United to Bond and Share of $2,000,000; 17,310 shares of $7 preferred stock, 752,666 shares of common stock, 151,005 option warrants for the purchase of common stock, of United, $440,000 principal amount of 5% Collateral Trust Gold Bonds of Houston Gas Securities Company assumed by United.

(3) Electric will surrender to United as a capital contribution the 17,310 shares of $7 preferred stock of United acquired by it from Bond and Share in the transaction described in paragraph (2) above and United will cancel the said shares.

(4) United will redeem and cancel the 432,512 shares of $7 preferred stock held by the public at their redemption price of $110 per share plus accumulated dividends thereon to the redemption date, employing for such purpose so much of the proceeds of the sale of its First Mortgage and Collateral Trust Bonds as may be necessary therefor (approximately $53,000,000).

(5) United will declare and pay a dividend on its $7 second preferred stock, all of which is held by Electric, of 12,385,520 shares of its $1 par value common stock, and Electric will accept such stock dividend in payment of $12,385,520 of the accumulated and unpaid dividends on such stock.

(6) Electric will surrender to United for cancellation 444,680 shares of United's $7 second preferred stock together with all rights to accumulated undeclared dividends thereon and will receive in exchange therefor 44,468,000 shares of the $1 par value common stock of United.

(7) United will purchase from Electric for $44,000,000 in cash, its remaining 440,000 shares of second preferred stock having a stated value of $44,000,000, and Electric will also transfer to United the right of Electric to accumulated and unpaid dividends on such stock. United will derive the $44,000,000 in cash from the proceeds of its sale of First Mortgage and Collateral Trust Bonds and Electric will use the $44,000,000 received by it to discharge its obligation arising in connection with its acquisition of securities of United from Bond and Share as described in paragraph (2) above.

(8) Electric will surrender to United as a capital contribution the securities and open account indebtedness of United acquired by Electric from Bond and Share as described in paragraph (2) above (exclusive of the 17,310 shares of United's $7 preferred stock previously surrendered as described in paragraph (3) above) together with option warrants for the purchase of 3,751,045 shares of the common stock of United.

(9) United will pass a resolution entitling its common stockholders to two-thirds of a share of common stock for each share of such stock then held and, in connection therewith, will cause to be transferred from Capital Surplus to Stated Capital the sum of $42,613,209 to cover the capital liability to be represented by the additional shares of stock so to be issued and to render such shares fully paid and nonassessable.

(10) United will use the remaining proceeds of the sale of its First Mortgage and Collateral Trust Bonds together with such additional cash in its treasury as may be necessary to redeem and cancel $3,460,000 principal amount of publicly held 5% Collateral Trust Gold Bonds of Houston Gas Securities Company, due March 1, 1952, assumed by United.

(11) United will amend its certificate of incorporation so as to eliminate the authorization of the $7 preferred stock and the $7 second preferred stock and to reclassify the 106,533,022 shares of then outstanding $1 par value common stock into 10,653,302.2 shares of $10 par value common stock and will exchange the new shares of common stock for the outstanding common stock on the basis of 1 share of new stock for 10 shares of

old stock. No certificates for fractional shares will be issued but scrip will be issued in lieu thereof, which will not be entitled to any stockholders' rights, except that when combined in lots aggregating one or more full shares it may be exchanged for such shares within a period of one year after the effective date of the plan. All shares of common stock reserved for issuance in exchange for scrip and not issued in connection therewith within the one-year period will be sold by United in the open market within 60 days after the expiration of such one-year period and the sole right of the holders of scrip certificates thereafter shall be to their pro rata shares of the proceeds of such sale without interest thereon.

(12) As previously stated the outstanding option warrants for the purchase of common stock of United will be revoked, abrogated and cancelled and will be accorded no participation in the Plan.

The parties state that in the event the Commission approves the Plan they will request the Commission to apply to the appropriate District Court of the United States for its enforcement and that the effective date of the Plan will be the date of the entry of the order of the District Court of the United States enforcing the Plan. The Plan provides that the approval of the Plan by the Commission and its confirmation by the Court and its consummation by the parties shall have the effect of a complete compromise, settlement and discharge of all claims or counter-claims of any of the parties thereto or their various security holders as such against any of the other parties thereto in any way related to, arising out of, or involving the debt or security holdings of Bond and Share or Electric in United and its subsidiaries and predecessors, or the conduct or management of United or its subsidiaries or predecessors to the effective date of the Plan. The Commission is petitioned, if it approves the Plan and the compromise embodied therein, to fix and determine the amounts of the payments, if any, to be made by United or Electric to the plaintiffs or their attorneys in certain legal proceedings, specifically enumerated in the Plan, involving claims of the kind sought to be compromised, settled and discharged by the Plan, by way of reimbursement for disbursements or allowances for legal services.

The Plan also states that its consummation is subject to the receipt by the parties from the United States Treasury Department of a closing agreement or closing agreements as to the tax consequences of the transactions necessary to carry out the Plan which will be satisfactory to the management of the respective corporations affected and requests that any order of the Commission approving the Plan recite that the relevant transactions of the Plan are necessary or appropriate to the integration or simplification of the holding company system of which United is a member and are necessary or appropriate to effectuate the provisions of subsection (b) of section 11 of the act, all in accordance with the meaning and requirements of the Internal Revenue Code as amended, including Section 1808f and Supplement R thereof.

The Plan is stated to be subject to the further condition that the filing by Bond and Share for the use of part or all of the $44,000,000 in cash to be received by it for the acquisition and retirement of its preferred stocks be approved by the Commission. The said filing by Bond and Share proposes to use said cash for the purchase in the open market of Bond and Share's $5 and $6 preferred stocks, with the right to use all or any part of the unexpended portion of such cash in connection with any other plan for the reduction of its outstanding preferred stock which may hereafter be submitted by Bond and Share to the Commission and approved by it. The period for said purchases is to be limited to twelve months from the date of receipt of such cash by Bond and Share subject to such extension or extensions as may, upon application therefor, be granted.

The Commission being required by the provisions of section 11 (e) of the act before approving any Plan thereunder to find, after notice and opportunity for hearing, that such Plan, as submitted or as modified, is necessary to effectuate the provisions of subsection (b) of section 11, and is fair and equitable to the persons affected by such Plan, and it appearing appropriate to the Commission in the public interest and in the interest of investors and consumers that notice be given and a hearing to be held upon said Plan and upon the application or declaration (or both) filed by Bond and Share to afford all interested persons an opportunity to be heard with respect thereto and that the application with respect to said Plan and the application or declaration (or both) filed by Bond and Share shall not become effective nor be granted except pursuant to further order of the Commission; and

It further appearing to the Commission that the proceedings with respect to the proposed Plan and the said application or declaration (or both) are related to and involve common questions of law and fact with the above-described proceedings under sections 6, 7, 9 (a), 10, 11 (b) (2), 12 and 18 of the act (File Nos. 70-314, 70-315, 59-21, 4-33) and should be consolidated for consideration by the Commission together therewith;

It is ordered, That the proceedings with respect to said Plan filed pursuant to section 11 (e) of the act and the said application or declaration (or both) filed by Bond and Share and the pending consolidated proceedings under sections 6, 7, 9 (a), 10, 11 (b) (2), 12 and 18 of the act (File Nos. 70-314, 70-315, 59-21, 4-33) be, and they hereby are, consolidated to the extent of consideration by the Commission of the issues involved and the record in the pending consolidated proceedings be, and the same hereby is, incorporated in the consolidated proceedings herein.

It is further ordered, That a hearing in the consolidated proceedings be held at 10:30 a. m., e. w. t., on the 4th day of April 1944, at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, in such room as may be designated at that time by the Hearing Room Clerk in Room 318. All persons desiring to be heard or otherwise wishing to participate in the proceedings shall notify the Commission in the manner provided by its Rules of Practice, Rule XVII, on or before April 1, 1944.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That without limiting the scope of the issues presented in the consolidated proceedings particular attention will be directed at the hearings to the following matters and questions in addition to those stated in the order of this Commission referred to above, dated May 31, 1941:

1. Whether the Plan as submitted or as hereafter modified is necessary to effectuate the provisions of section 11 (b) of the act.

2. Whether the proposed Plan as submitted or as hereafter modified is fair and equitable to the persons affected thereby.

3. Whether the proposed acquisition of shares of its preferred stocks by Bond and Share, and the method proposed therefor, is appropriate and in the public interest and in the interest of investors, and in conformity with the standards of section 12 (c) of the act.

4. Whether, if the transactions proposed are authorized by the Commission, it is appropriate in the public interest and in the interest of investors and consumers that any terms and conditions be imposed in connection with such authorization and, if so, what such terms and conditions should be.

5. Whether the fees and expenses proposed to be paid in connection with the consummation of the Plan and all transactions incidental thereto are for necessary services and are reasonable in amount.

6. Whether the Commission shall, in accordance with the petition of the parties to the Plan, take and exercise jurisdiction to fix and determine the amounts of the payments, if any, to be made by United or Electric to the plaintiffs or their attorneys in the legal proceedings specifically enumerated in the plan, by way of reimbursement for disbursements or allowances for legal services and, if so, what action it should take in the exercise of such jurisdiction.

7. Whether the accounting entries in connection with the proposed transactions are in conformity with the standards of the Act and the Rules promulgated thereunder.

8. Generally, whether the proposed transactions are in all respects in the public interest and in the interest of investors and consumers and consistent

with all applicable requirements of the Act and Rules thereunder.

It is further ordered, That jurisdiction be reserved to separate, either for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues, questions or matters herein set forth or which may arise in these proceedings or to consolidate with these proceedings other filings or matters pertaining to the subject matter of these proceedings, and to take such other action as may appear conducive to an orderly, prompt and economical disposition of the matters involved; and

It is further ordered, That notice of this hearing be given to United, Bond and Share and Electric and to all other persons, said notice to be given by registered mail to United, Bond and Share and Electric, to all persons previously granted intervention or participation in any of the proceedings consolidated herein, and to the attorneys of record, in the legal proceedings specifically enumerated in the plan, involving claims of the kind sought to be compromised, settled and discharged by the Plan, and to all other persons by publication in the FEDERAL REGISTER; and

It is further ordered, That United, Electric and Bond and Share shall give notice of this hearing to all their security holders (insofar as the identity of such security holders is known or available to them) by mailing to each of said persons a copy of this notice and order for hearing at his last known address at least 20 days prior to the date of this hearing.

By the Commission.

WAR MANPOWER COMMISSION.

INDIANAPOLIS, IND., WAR MANPOWER COMMISSION AREA

EMPLOYMENT STABILIZATION PLAN

The following employment stabilization program for the Indianapolis War Manpower Commission Area is hereby prescribed, pursuant to § 907.3 (g) of War Manpower Commission Regulation No. 7, "Governing Employment Stabilization Programs," effective August 16, 1943 (8 F.R. 11338).

Sec.

I. Objectives.
II. Geographic content of the area.
III. Definitions of terms used in this plan.
IV. Control of hiring and solicitation of workers.
V. Provisions governing the orderly transfer of workers.
VI. Authority and responsibility of the Indianapolis Area Labor-Management War Manpower Committee.
VII. Posting pertinent provisions of this plan.
VIII. Revocation of existing stabilization plans.
IX. Effective date.

I. *Objectives.* The purpose of this employment stabilization plan is to assist the War Manpower Commission in bringing about, by measures equitable to labor and management, and necessary for the effective prosecution of the war:

(a) The elimination of wasteful labor turnover in essential activities;

(b) The reduction of unnecessary labor migration;

(c) The direction of the flow of scarce labor where most needed in the war program;

(d) The maximum utilization of manpower resources;

(e) The establishment of procedures for the orderly transfer of essential workers.

II. *Geographic content of the area.* The Indianapolis Area has been designated by the Regional Director of the War Manpower Commission to consist of, the following counties in Indiana:

Marion, Hamilton, Boone, Hendricks, Johnson, Shelby, Hancock, Putnam, and Morgan.

The boundaries of the Indianapolis Area may be changed upon recommendation of the Area Director and approval by the Regional Director of the War Manpower Commission.

III. *Definitions of terms used in this plan.* (a) "Agriculture" means those farm activities carried on by farm owners or tenants on farms in connection with the cultivation of the soil, the harvesting of crops, or the raising, feeding, or management of livestock, bees, and poultry, and shall not include any packing, canning, processing, transportation or marketing of articles produced on farms unless performed or carried on as an incident to ordinary farming operations as distinguished from manufacturing or commercial operations.

(b) "State" includes Alaska, Hawaii, and the District of Columbia.

(c) "New employee" means any individual who has not been in the employment of the hiring employer at any time during the preceding 30-day period. For

the purpose of this definition, employment of less than seven days' duration and employment which is supplemental to the employee's principal work shall be disregarded.

(d) "Critical occupation" means any occupation designated as a critical occupation by the Chairman of the War Manpower Commission. (See War Manpower List of Critical Occupations, 8 F.R. 11420.)

(e) "Essential activity" means any activity included in the War Manpower Commission List of Essential Activities. (See 8 F.R. 11421.)

(f) *Locally needed activity* means any activity approved by the Regional Manpower Director as a locally needed activity. (See Appendix IV).

(g) The terms "employment" and "work" as applied to an individual engaged in principal and supplementary employments mean his principal employment.

(h) The "War Manpower Commission" is the commission established by Executive Order No. 9139, hereafter referred to as WMC.

(i) The "Indianapolis Area Labor-Management War Manpower Committee," referred to herein as the Area Committee, is that body composed of representatives of management and labor who have been appointed by the Regional Director of the War Manpower Commission for Region VI to act as the Indianapolis Area Labor-Management War Manpower Committee.

(j) The "United States Employment Service of the War Manpower Commission," herein referred to as the USES, is the Federal Employment Service which shall be deemed to include any employment office of that service.

(k) The "Regional Director," is the chief administrative officer of the War Manpower Commission for Region VI, which consists of the following states: Illinois, Indiana, Wisconsin.

(l) The "State Director" is the chief administrative officer of the War Manpower Commission for the State of Indiana.

(m) The "Area Director" is the administrative officer of the War Manpower Commission responsible to the State Director for the administration of the policies and directives of the War Manpower Commission within the War Manpower Area as defined in section II of this plan.

IV. *Control of hiring and solicitation of workers.* All hiring and solicitation of workers in, or for work in, the Indianapolis Area shall be conducted in accordance with this plan.

V. *Provisions governing the orderly transfer of workers*—(a) *General provisions.* 1. A new employee, who during the preceding 60-day period was engaged in an essential or locally needed activity, may be hired only if such hiring would aid in the effective prosecution of the war. Such hiring shall be deemed to aid in the effective prosecution of the war only if:

(a) Such individual is hired for work in an essential or locally needed activity or for work to which he has been referred by the USES, and

(b) Such individual presents a statement of availability from his last employment in an essential or locally needed activity, or is referred by the USES, or is hired with its consent, as provided herein.

2. *Issuance of statements of availability by employers.* An individual whose last employment is or was in an essential or locally needed activity shall receive a statement of availability from his employer if:

(a) He has been discharged, or his employment has been otherwise terminated by his employer, or

(b) He has been laid off for an indefinite period, or for a period of seven or more days, or

(c) Continuance of his employment would involve undue personal hardship, or

(d) Such employment is or was at a wage or salary or under working conditions below standards established by State or Federal law or regulation, or

(e) Such employment is or was at a wage or salary below a level established or approved by the National War Labor Board (or other agency authorized to adjust wages or approve adjustments thereof) as warranting adjustment, and the employer has failed to adjust the wage in accordance with such level or to apply to the appropriate agency for such adjustment or approval thereof.

3. *Issuance of statements of availability by the USES.* (a) A statement of availability shall be issued promptly to an individual when any of the circumstances set forth in subsection 2 is found to exist in his case. If the employer fails or refuses to issue a statement, the USES, upon finding that the individual is entitled thereto, shall issue a statement of availability to the individual.

(b) A statement of availability shall be issued by the USES to any individual in the employ of an employer who the War Manpower Commission finds, after notice, hearing and final decision, has not complied with any War Manpower Commission employment stabilization plan, regulation or policy, and for so long as such employer continues his non-compliance after such finding.

4. *Referral in case of under-utilization.* If an individual is employed at less than full time or at a job which does not utilize his highest recognized skill for which there is a need in the war effort, the USES may, upon his request, refer him to other available employment in which it finds that the individual will be more fully utilized in the war effort.

5. *Workers who may be hired only upon referral by the USES.* (a) A new employee may not be hired solely upon presentation of a statement of availability, but may be hired only upon referral by, or in accordance with arrangements with the USES when:

(1) The new employee is to be hired for work in a critical occupation or his statement of availability indicates that his last employment was in a critical occupation;

(2) The new employee has not lived or worked in the locality or the new employment throughout the preceding 30-day period;

(3) The new employee's last regular employment was in agriculture and he is to be hired for non-agricultural work, *Provided*, That no such individual shall be referred to non-agricultural work except after consultation with a designated representative of the War Food Administration, *And provided*, That such an individual may be hired for non-agricultural work for a period not to exceed six weeks without referral or presentation of a statement of availability.

(b) *Encouragement of local initiative and use of existing hiring channels.* To the maximum degree consistent with this employment stabilization plan, local initiative and cooperative efforts shall be encouraged and utilized and maximum use made of existing hiring channels such as private employers, labor organizations, professional organizations, schools, colleges, technical institutions and government agencies.

6. *Exclusions.* No provision of this employment stabilization plan shall be applicable to:

(a) The hiring of a new employee for agricultural employment;

(b) The hiring of a new employee for work of less than seven days' duration or for work which is supplementary to the employee's principal work; but such work shall not constitute the individual's "last employment" for the purposes of this plan, unless the employee is customarily engaged in work of less than seven days' duration;

(c) The hiring of an employee in any Territory or possession of the United States, except Alaska and Hawaii;

(d) The hiring by a foreign, State, county, or municipal government, or their political subdivisions, or their agencies, and instrumentalities, or to the hiring of any of their employees, unless such foreign, State, county, or municipal government, or political subdivision or agency or instrumentality has indicated its willingness to conform, to the maximum extent practicable under the Constitution and laws applicable to it, with the plan;

(e) The hiring of a new employee for domestic service, or to the hiring of a new employee whose last regular employment was in domestic service;

(f) The hiring of a school teacher for vacation employment or the rehiring of a school teacher for teaching at the termination of the vacation period.

7. *Appeals.* Any worker or employer may appeal from any act or failure to act by the WMC under the employment stabilization plan, in accordance with regulations and procedures of the WMC.

8. *Content of statements of availability.* A statement of availability issued to an individual pursuant to this plan shall contain only the individual's name, address, social security number, if any, the name and address, of the issuing employer, or WMC officer and office, the date of issuance, a statement as to whether or not the individual's last employment was in a critical occupation, and such other information not prejudicial to the employee in seeking new

employment as may be authorized or required by the WMC.

9. *Solicitation of workers.* No employer shall advertise or otherwise solicit for the purpose of hiring any individual if the hiring of such an individual would be subject to restrictions under the employment stabilization plan, except in a manner consistent with such restrictions.

10. *Hiring.* The decision to hire or refer a worker shall be based on qualifications essential for performance of or suitability for the job, and shall be made without discrimination as to race, color, creed, sex, national origin, or except as required by law, citizenship.

11. *Representation.* Nothing contained in the plan shall be construed to restrict any individual from seeking the advice and aid of, or from being represented by, the labor organization of which he is a member or any other representative freely chosen by him, at any step in the operation of the plan.

12. *General referral policies.* No provision in this plan shall limit the authority of the USES to make referrals in accordance with approved policies and instructions of the WMC.

13. *Collective bargaining agreements.* Nothing in this plan shall be construed to prejudice existing rights of an employee or an employer under a collective bargaining agreement.

VI. *Authority and responsibility of the Indianapolis Area Labor-Management War Manpower Committee.* The Area Labor-Management War Manpower Committee for the Indianapolis Area is authorized to consider questions of policy, standards, and safeguards in connection with the administration of this employment stabilization plan, and to make recommendations to the Area Manpower Director.

VII. *Posting pertinent provisions of this plan.* The pertinent provisions of this employment stabilization plan shall be posted on bulletin boards or any other appropriate places in plants or places of business of employers covered by this plan, in accordance with instructions of the Area Director of the Indianapolis Area of the War Manpower Commission, Region VI.

VIII. *Revocation of existing stabilization plans.* The Indianapolis Area stabilization plan, effective February 24, 1943, together with all instructions and procedures adopted which may be in conflict with the provisions of this plan, are hereby revoked, effective as of October 15, 1943.

IX. *Effective date.* This plan shall become effective 12:01 a. m. on October 15, 1943.

Signed: October 1, 1943.

WILFRED BRADSHAW,
Area Director,
The Indianapolis Area.

Approved: October 8, 1943.

W. H. SPENCER,
Regional Director, Region VI.

APPENDIX IV—LOCALLY NEEDED ACTIVITIES

In addition to the national list of essential activities the following listed industries have been declared "locally needed" by the Indianapolis War Manpower Committee. In the Indianapolis War Manpower Commission Area such industries are considered essential activities and are to be treated exactly as other essential activities under the terms of the Indianapolis Area Employment Stabilization Plan. Industries:

Commercial laundries.
Commercial dry cleaners.
Ice manufacturers and distributors.
Coal merchants.
Retail groceries: following occupations only: (1) Meat managers, (2) fresh fruit and vegetable managers, (3) store managers.
Wholesale groceries.
Hotels, certain occupations only.

(5) Lapel buttons to be worn as evidence of military service.

(6) Clasps pertinent to the Victory Medal.

(7) Badges and bars awarded by the War Department for marksmanship, gunnery, bombing, etc.

(8) Aviation badges and parachutists' badges.

(9) War Department General Staff identification.

(10) Fourragere.

(11) Rosette for Medal of Honor.

(12) Heroic size decorations or service medals for grave markers only, no smaller than twice the size of the full-size devices.

(13) All insignia prescribed or authorized by the War Department.

(b) Variation from any of the prescribed or authorized specifications, forms, and sizes of the articles enumerated in (a) above intended for the use of military personnel is not permitted. To secure uniformity of design the manufacturer must obtain from the Commanding General, Philadelphia Quartermaster Depot, the approved specifications of each article to be manufactured. [Par. 4]

§ 7.4 *Application required.* Applicants desiring to enter into the sale or manufacture of articles covered by these regulations should address The Adjutant General, Washington 25, D. C., and state whether authority for sale only or for manufacture and sale is desired. [Par. 5]

§ 7.5 *Certificate of authority.* A certificate of authority to sell or to manufacture articles enumerated in § 7.3 (a) will be granted only upon agreement in writing by the applicant to abide by the following provisions:

(a) The certificate will be valid for 1 year from date of issue. Applications for renewal should be filed 60 days prior to expiration of certificate.

(b) A certificate is valid only for the individual, firm, or corporation, and address stated thereon. Any change which occurs should be immediately reported so that a new certificate may be issued.

(c) No certificate of authority is required for the sale of cloth insignia such as chevrons, shoulder sleeve, and other patch type insignia. [Par. 6]

§ 7.6 *Use of designs or likenesses of insignia in manufacture of articles for public sale.* Designs or likenesses of War Department insignia, as distinguished from decorations, medals, and badges, may be incorporated in the manufacture of articles for public sale only after the designs of the articles to be manufactured have been approved, in writing, by the Secretary of War. [Par. 7]

§ 7.7 *Sales, to whom authorized—*(a) *General.* Sale of any of the articles listed in §§ 7.3 and 7.5 (c) will be made only to:

(1) Officers and warrant officers upon their own application and exhibiting their Officers Identification Card.

(2) Enlisted personnel upon exhibition of identification tags at time of purchase and exhibition of an official letter of authorization signed by an officer of the War Department, or a letter signed by the individual's immediate commanding officer.

(3) Former personnel of the Army upon presentation of honorable discharge certificate or certificate in lieu thereof, or photostat copy of either, or an official document signed by an officer of the Army, indicating the purchaser's right to wear the article sought.

(4) Members of State Guard. Insignia of grade, arm or service may be purchased by members of the State Guard who present official identification of such membership issued by a State adjutant general. The sale of buttons, cap devices, and other insignia authorized for use on uniforms of Federal forces to members of the State Guard is prohibited.

(5) Other individuals on behalf of Army personnel provided the seller mails the article directly to the organization in which the officer or enlisted personnel is serving.

(b) *Sales to other dealers.* Dealers authorized to sell to individuals may also sell to other dealers who exhibit proper certificates of authority to make sales. All purchases must be made from authorized manufacturers or dealers.

(c) *Responsibility for and record of sale.* The purpose of these regulations is to prevent the unauthorized wearing by Army personnel and others of authorized decorations, service ribbons, insignia, and badges. Holders of certificates of authority to manufacture and/or sell will be held responsible for compliance with these regulations. Record will be kept by authorized retailers of each sale made and will include date of sale, name, grade, and Army serial number of purchaser, and name of article sold. [Par. 8]

§ 7.8 *Violations; revocation of authority; penalties.* A certificate of authority may be refused, revoked, or renewal thereof denied, upon proof of intentional violation of either of the acts cited in § 7.1 or of the regulations in these §§ 7.1–7.12. Such violations are subject also to the penalties prescribed by the pertinent act. A repetition or continuation of a violation after official notice thereof will be deemed prima facie evidence of intentional violation. In the event of revocation or nonrenewal of a certificate of authority, permission may be granted, upon application, for disposal within a reasonable period of any articles not in conflict with the acts. [Par. 9]

§ 7.9 *Government contracts and agreements not affected.* The provisions in the foregoing sections of this part do not apply to contracts which have been or may be made for the manufacturing for and selling to the Government any of the decorations, service medals, badges, buttons, etc., awarded by the War Department. [Par. 10]

§ 7.10 *Sale by War Department for exhibition purposes—*(a) *Decorations.* See § 78.8 of this title.

(b) *Service medals.* See § 78.30 of this title. [Par. 11]

§ 7.11 *Use and possession of articles and devices prescribed by War Department.* (a) The wearing of any decoration, medal, badge, or insignia prescribed or authorized by the War Department, by any person for whom such decoration, medal, badge, or insignia is not authorized or prescribed, or their use to misrepresent the identification or status of the person by whom worn, is prohibited. Any person who offends against this provision is subject to punishment by a fine not exceeding $250, or by imprisonment not exceeding 6 months, or both.

(b) Except as prohibited in paragraph (a) of this section, the possession by any person of any of the articles prescribed by the War Department, specified by the acts cited in § 7.1, is authorized, unless such possession is used to defraud or misrepresent the identification or status of the individual concerned.

(c) The articles specified by the acts cited in § 7.1, or any distinctive parts or colorable imitation thereof, will not be used by an organization, society, or other group of persons without prior approval of the Secretary of War. [Par. 12]

§ 7.12 *Photographing, printing, etc., of decorations, medals, badges, insignia, and identification cards.* (a) Unless such reproduction brings discredit upon the military service or is used to defraud or to misrepresent the identification or status of an individual, organization, society, or other group of persons, the photographing, printing, or in any other manner making or executing any engraving, photograph, print, or impression in the likeness of any decoration, medal, badge, insignia, or similar article, or of any colorable imitation thereof, of the design prescribed by the Secretary of War for use by any officer or subordinate of the War Department, is authorized.

(b) The reproduction of the likeness of any identification card prescribed by the War Department is not authorized without prior approval of the Secretary of War.

(c) Except when used to illustrate the particular article offered for sale, the use for advertising purposes of any engraving, photograph, print, or impression in the likeness of any War Department decoration, medal, badge, insignia, or similar article is not authorized without the prior approval of the Secretary of War. [Par. 13]

[Docket No. 4024]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

EXHIBIT SALES CO.

§ 3.99 (b) *Using or selling lottery devices—In merchandising.* In connection with offer, etc., in commerce, of respondent's radios and other articles of merchandise, (1) supplying, etc., others with punch boards or other devices which are to be used or may be used in the sale or distribution of said merchandise to the public by means of a game of chance, gift enterprise, or lottery scheme; (2) shipping, etc., to wholesale dealers, jobbers, or retail dealers, punch boards or other devices which are to be used or may be used in the sale and distribution of said merchandise to the public by means of a game of chance, gift enterprise, or lottery scheme; and (3) selling, etc., any merchandise by means of a game of chance, gift enterprise, or lottery scheme; prohibited. (Sec. 5, 38 Stat. 719, as amended sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, Exhibit Sales Company, Docket 4024, February 23, 1944]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 23d day of February, A. D. 1944.

In the Matter of Samuel Mickelberg, Individually, and Trading as Exhibit Sales Company

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, answer of

the respondent, testimony, and other evidence taken before trial examiners of the Commission theretofore duly designated by it in support of the allegations of the said complaint and in opposition thereto, report of Trial Examiners Andrew B. Duvall and John W. Addison upon the evidence and exceptions filed thereto, briefs filed in support of the complaint and in opposition thereto, and oral argument of counsel; and the Commission having made its findings as to the facts and its conclusion that said respondent, Samuel Mickelberg, an individual trading as Exhibit Sales Company, has violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondent, Samuel Mickelberg, an individual trading as Exhibit Sales Company or trading under any other name or names, his representatives, agents, and employees, directly or through any corporate or other device in connection with the offering for sale, sale, and distribution of radios and other articles of merchandise in commerce as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Supplying or placing in the hands of others, punchboards or other devices which are to be used or may be used in the sale or distribution of said merchandise to the public by means of a game of chance, gift enterprise, or lottery scheme.

2. Shipping, mailing, or transporting to wholesale dealers, jobbers, or retail dealers, punchboards or other devices which are to be used or may be used in the sale and distribution of said merchandise to the public by means of a game of chance, gift enterprise, or lottery scheme.

3. Selling or otherwise disposing of any merchandise by means of a game of chance, gift enterprise, or lottery scheme.

It is further ordered, That the respondent shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

[SEAL] OTIS B. JOHNSON,
Secretary.

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter A—General Provisions

PART 903—DELEGATIONS OF AUTHORITY

[Directive 27, as Amended Mar. 6, 1944 [1]]

PRIORITIES ACTION BY THE FOREIGN ECONOMIC ADMINISTRATION

§ 903.39 *Directive 27*—(a) *Rating of orders of less than $500.* The Foreign Economic Administration may assign preference ratings up to and including AA-3 to the delivery, for export, of any item of material having a value of less than $500 except:

(1) Any material as to which there is in effect, at the time of assignment, a Program Determination of the Requirements Committee or approved Decision of a Division Requirements Committee of the War Production Board of the kind referred to in paragraph (b);

(2) Any material as to which an applicable regulation or order of the War Production Board provides that ratings assigned on Form WPB-541 (formerly PD-1A) are not effective;

(3) Accessories, spare parts, or complementary or other related equipment for any principal item being exported if the principal item has a value of $500 or more;

(4) A quantity of any item of material which appears to the Foreign Economic Administration to have been subdivided for the purpose of coming within this paragraph; or

(5) Any material which the Program Vice Chairman may except from this paragraph in order to prevent inconsistency with domestic rating patterns.

In assigning preference ratings under this paragraph, the Foreign Economic Administration shall follow such processing instructions as the Program Vice Chairman may prescribe from time to time.

(b) *Rating of programmed material.* In addition, the Foreign Economic Administration may assign preference ratings to the delivery of material for export to the extent authorized by a Program Determination of the Requirements Committee or an approved Decision of a Division Requirements Committee of the War Production Board, as transmitted to the Foreign Economic Administration by the War Production Board.

(c) *Form of assignment of rating.* The Foreign Economic Administration shall assign ratings under this directive by endorsement of the following legend: "Under authority of the War Production Board, delivery of the material referred to herein is assigned a preference rating of _____. Application and extension of rating shall be made in accordance with Priorities Regulation No. 3." The legend shall be endorsed on the export license (including release certificate where used), or on the Lend-Lease requisition or commitment letter to the procuring agency in the case of material being procured by or on behalf of the Foreign Economic Administration, or on other appropriate instrument approved for this purpose by the War Production Board.

(d) *General provisions.* (1) The Foreign Economic Administration may exercise the authority delegated in this directive through such of its officials as the Administrator of the Foreign Economic Administration may determine.

(2) The Foreign Economic Administration shall make to the Program Vice Chairman such monthly reports on the exercise of the authority granted by this directive as the Program Vice Chairman shall require from time to time.

(3) A true copy of every document on which a preference rating is assigned pursuant to the provisions of this directive shall be maintained by the Foreign Economic Administration for inspection by a representative of the War Production Board at any time.

(e) *Revocation of Priorities Directive No. 3.* Priorities Directive No. 3 is hereby revoked effective January 1, 1944.

(f) *Effective date.* This directive shall take effect January 1, 1944.

(Sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; WPB Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696)

Issued this 6th day of March 1944.

J. A. KRUG,
Program Vice Chairman.

INTERPRETATION 1

EFFECT ON OUTSTANDING RATINGS

Priorities Directive 3 was revoked by Directive 27 effective January 1, 1944. At the same time Order M-148 was also revoked. Nevertheless, ratings assigned by the Foreign Economic Administration (or its predecessors, the Board of Economic Warfare and the Office of Economic Warfare) before that date may still be applied and extended. Section 944.4 (a) of Priorities Regulation 1, regarding the effect of revocation of a preference rating order, does not apply since the ratings were not assigned by those instruments but by the Foreign Economic Administration or its predecessors under specific authorizations from the War Production Board, which remain in effect. The method of application and extension is now provided by Priorities Regulation 3. (Issued Feb. 25, 1944.)

[1] This document is a restatement of Amendment 1 to Directive 27, which appeared in the FEDERAL REGISTER of March 8, 1944, page 2595, and reflects the order in its completed form as of March 6, 1944.

Subchapter B—Executive Vice-Chairman

AUTHORITY: Regulations in this subchapter issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696; Pri. Reg. 1 as amended May 15, 1943, 8 F.R. 6727.

PART 937—ZINC

[Conservation Order M-11-b, as Amended Mar. 9, 1944]

§ 937.3 *Conservation Order M-11-b*—(a) *Prohibition on use of zinc or zinc products in articles appearing on List A.* (1) No person shall use any zinc or zinc products to make any item on List A. Additional items may, from time to time, be added to List A by amendment and the restrictions of this order made applicable to such items after a specified date. In each such case the effective date for the particular item will be indicated in parenthesis after the item.

(2) No person shall use any metal which has a protective coating or plating (other than paint) of zinc to make any item on List A, and no person shall apply a protective coating or plating (other than paint) of zinc to any item on List A unless the item on List A has a notation to the contrary.

(b) *Limitation of use of zinc or zinc products to make items not on List A.* In addition to the prohibitions of paragraph (a) above no person shall, during any calendar quarter, use more:

(1) Zinc products in the manufacture of any item, or

(2) Zinc in the production of any zinc product not requiring further processing, assembling, or finishing, or

(3) Zinc or zinc products for the purpose of applying a protective coating or plating (other than paint),

than 15% of the amount by weight of zinc or zinc products, respectively, used by him for such purpose during the entire calendar year 1941.

(c) *General exceptions.* The prohibitions and restrictions in paragraphs (a) and (b) shall not apply to the use of zinc or zinc products for the manufacture of any of the items or for any of the purposes following:

(1) Under a specific contract or subcontract covering the manufacture of any product, or any component to be physically incorporated into such product, produced by or for the account of the Army or Navy of the United States, the United States Maritime Commission, or the War Shipping Administration to the extent required by specifications, including performance specifications, applicable to the contract, sub-contract or purchase orders.

(2) For use to comply with safety regulations issued under government authority which require the use of zinc to the extent employed, or in safety equipment as permitted by General Limitation Order L-114, where and to the extent the use of any less scarce material is impractical.

(3) For use in chemical and industrial plants to the extent that corrosive or chemical action makes the use of any other material impractical.

(4) For use in research laboratories where and to the extent that the physical or chemical properties make the use of any other material impractical.

(5) For health supplies of the following types only:

(i) Dental instruments, apparatus and equipment;
(ii) Dental supplies and appliances;
(iii) Lamps, health electric;
(iv) Medicinal chemicals (limited to medical uses only);
(v) Ophthalmic products and instruments;
(vi) Physiotherapy products, electrical;
(vii) Surgical and medical instruments, equipment and supplies;
(viii) Orthopedic appliances;
(ix) X-Ray apparatus and tubes;
(x) Class I and II garments, as defined by General Limitation Order L-90;
(xi) Waterproof sheeting for hospital beds and hospital hampers and infants' crib sheets;
(xii) Hearing aids.

(6) For precision measuring, recording and control instruments, systems or equipment for use in industrial processes.

(7) For stamping and forming dies.

(8) For use as zinc dust in the following:

(i) Metal refining and recovery;
(ii) Smoke mixtures;
(iii) Rubber processing;
(iv) Chemicals for medicinal products;
(v) Sodium hydrosulfite and sulfoxylate and zinc hydrosulfite;
(vi) Dyestuffs, intermediates and dyes;
(vii) Electroplating.

(9) For adjustable stencils for marking shipments and products.

(10) For applying a protective coating or plating (other than paint) of zinc to any item for which the processor has used cadmium for the same purpose after September 1, 1943.

(11) For protective coatings on coins made by the Bureau of the Mint or on fare tokens.

(12) For dry cell batteries and portable electric lights. (See, however, General Limitation Order L-71.)

(13) For printing plates to the extent that the manufacture of such plates is permitted by General Limitation Order M-339.

(14) For the manufacture of zinc oxide.

(15) For eyelets and grommets.

(16) For applying a protective coating or plating of zinc on plumbing fixture fittings and trim.

(17) For universal portable electric tools as defined in Schedule I to Limitation Order L-216.

(18) For portable pneumatic tools which, in the course of normal use, are lifted, held, and operated by not more than two persons.

(19) For light power driven tools as defined in General Limitation Order L-237.

(20) For data, instruction and identification plates.

(21) For air compressors (functional parts).

(22) For airline, water, and oil separators.

(23) For air regulators, as part of spraying equipment.

(24) For closures for glass containers as permitted by Conservation Order M-104 or General Limitation Order L-103-b.

(25) For repair parts to replace similar parts of zinc.

(26) For motors, electric.

(27) For pulleys for power transmission.

(28) For flexible couplings.

(29) For coal stokers. (See, however, General Limitation Order L-75.)

(30) For domestic electric ranges. (See, however, Limitation Order L-23-b.)

(31) For electric fans. (See, however, General Limitation Order L-176.)

(32) For mechanical pencils. (See, however, General Limitation Order L-227.)

(33) For motorized fire apparatus. (See, however, General Limitation Order L-43.)

(34) For applying a protective coating or plating of zinc on loose leaf metal parts and units. (See, however, General Limitation Order L-188.)

(d) *Prohibitions against sales or deliveries of zinc or zinc products.* No person shall sell or deliver any zinc or zinc products to any person if he knows, or has reason to believe, such material is to be used in violation of the terms of this order.

(e) *Miscellaneous provisions.*—(1) *Appeals.* Any appeal from the provisions of this order must be by letter, in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal, filed with the field office of the War Production Board for the District in which is located the plant or branch of the appellant to which the appeal relates. The appeal shall contain, in addition, the following: (i) Zinc consumed in the year 1941 for the purpose for which the appeal is made; (ii) whether the quantity appealed for is to establish or exceed quota; (iii) the reason why zinc must be used if it was not consumed during the base period. The reporting requirements of paragraph (e) (1) of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(2) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Definitions.* (i) "Zinc" means zinc metal which has been produced by any electrolytic, electro-thermic, or fire refining process. It shall include zinc scrap and zinc metal produced from scrap and any alloy in the composition of which the percentage of zinc metal by weight equals or exceeds the percentage of all other metals.

(ii) "Zinc products" means zinc in the form of sheet, strip, rod, wire, castings, or dust.

(iii) "Use" means to process, assemble, or finish zinc products or to consume zinc.

(iv) "Item" means any article or component part thereof.

Issued this 9th day of March 1944.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Conservation Order M-217, as Amended Mar. 9, 1944]

FOOTWEAR

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of shoe manufacturing material for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3290.191 *Conservation Order M-217*—(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board and Conservation Order M-328, as amended from time to time, except as follows:

(1) Priorities Regulation 17 shall be inapplicable to footwear.

(2) Military footwear which has been rejected by Government inspectors and stamped to indicate its rejection may be sold without regard to Paragraph 944.11 of Priorities Regulation 1 or paragraph (e) (3) of Conservation Order M-328.

(b) *Definitions.* For the purposes of this order:

(1) "Put into process" means the first cutting of leather or fabric in the manufacture of footwear.

(2) "Footwear" includes house slippers, but does not include (i) rubber footwear or (ii) foot covering designed to be worn over shoes and utilizing no leather.

(3) "Work shoes" means any shoes or boots with unlined quarters which are designed to be worn at any form of work requiring specially heavy or substantially made footwear.

(4) "Horizontal quarter seams" means seams on quarters running at a predomi-

nantly horizontal direction (i. e. parallel to the sole).

(5) "Design and construction" of footwear means the make-up of the footwear in every detail, so that any two items of footwear of the same design and construction are necessarily identical, except in size; but does not refer to the means whereby the footwear is manufactured.

(6) "Cattle hide leather" means any leather (including splits) made from cattle hides, including hides of bulls, cows, and steers, and calf and kip skins (but excluding slunks) and shall also include buffalo hides.

(7) "Pintucking" means a raised effect on the surface of footwear accomplished by either single or double needle stitching, but does not include the raised seam on a moccasin type vamp.

(8) "House slippers" means any footwear designed exclusively for indoor or house wear.

(9) [Deleted Mar. 9, 1944]

(10) "Line" means footwear of any one of the following types:

Men's dress,
Men's work,
Youths' and boys',
Women's and growing girls',
Misses' and children's,
Infants',
House slippers,
Athletic,
Men's safety shoes, and
Women's safety shoes,

to the extent that such type of footwear is manufactured for sale in the same manufacturer's price range; *Provided*, That:

(i) Footwear of substantially identical kind and quality sold in more than one price range to different types of purchasers shall be deemed one line; and

(ii) In case the sale by the manufacturer is at retail or to a purchaser controlled by the manufacturer, the applicable price range shall be the retail price range.

(iii) Up to a net wholesale price of $1.75 a pair misses' and children's footwear (not including slippers) may be deemed one line, and youths' and boys' footwear (not including slippers) one line, but no production in new price ranges is authorized unless specifically approved under paragraph (i) (3) (vi), below.

(11) "Price range" shall have the usual trade significance, provided that the highest list price in the range does not exceed the lowest in the range by more than ten (10%) per cent, or twenty-five (25) cents a pair, whichever is the greater.

(12) "Military footwear" means military type footwear purchased by the Army or Navy of the United States (excluding post exchanges and ship's service stores, wherever situated), the United States Naval Academy at Annapolis, Maryland, the United States Military Academy at West Point, New York, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development, the War Shipping Administration, the Government of any of the following countries: Belgium, China, Czechoslovakia, Free France, Greece, Iceland, the Netherlands, Norway, Poland, Russia, Turkey, the United Kingdom (including its Dominions, Crown Colonies and Protectorates) and Yugoslavia; military type footwear purchased by any agency of the United States for delivery to or for the account of the Government of any country listed above, or any other country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act); and custom-made footwear delivered for personnel of the Army or Navy of the United States.

(13) "Civilian footwear" as used in paragraph (i) includes all footwear except military footwear and rubber footwear.

(14) "Six months' base period" means any consecutive six calendar months within the period from July 1, 1942 to April 30, 1943 selected by a manufacturer as his base period for the purposes of this order.

(15) "Civilian line quota" means the number of pairs of civilian footwear within a single line manufactured by a person during his six months' base period.

(16) "Safety shoes" means protective occupational footwear incorporating or purporting to incorporate one or more of the following safety features: steel box toe; electrical conductivity; electrical resistance; non-sparking and moulders' (Congress type) protection (shoes which can be quickly removed, worn to protect against splashing metals).

(17) "Long shield tip" means a shield tip having a horizontal measurement from the bottom of the curve to the upper end of the tip of more than 1 inch (using size 4B as a standard).

(18) "Rubber soles" do not include tire carcass soles, when used on misses' and children's footwear (excluding all sizes over size 3), or soles made wholly from friction scrap.

(19) "Plastic soles" mean soles containing more than 25% by weight vinyl polymer as defined in General Preference Order M-10.

(c) *Curtailment in the use of materials and colors in the manufacture of footwear.* (1) No person shall manufacture, or put into process any leather or fabric for the manufacture of, any footwear with:

(i) Leather seam laps gauging over ⅛ inch in width.

(ii) Horizontal quarter seams, on lined low quarter shoes.

(iii) Wing or shield tips on men's shoes and boys' shoes over size 6, or wing tips or long shield tips on women's, girls', misses', youths', little gents' and children's shoes and boys' shoes of sizes 6 and under.

(iv) Full overlay tips or full overlay foxings, except on work shoes and footwear with fabric uppers.

(v) Woven vamp or quarter patterns.

(vi) Quarter collars, except on unlined shoes and house slippers.

(vii) Bows or other ornaments, if made of leather in whole or in part.

(viii) Outside leather taps, on footwear other than men's high shoes, unless the middle sole is of synthetic composition material.

(ix) Leather slip soles other than those cut from bellies or offal.

(x) More than one full leather sole, in Goodyear welt footwear other than work shoes and safety shoes.

(xi) Full breasted heels, except on hand-turned footwear.

(xii) Welting in excess of ½ inch in width and 5/32 inch in thickness in shoes other than work shoes, or welting in excess of 9/16 inch in width and 5/32 inch in thickness in work shoes.

(xiii) Straps, buckles, knife pockets or decorative stitching on boots or work shoes.

(xiv) Men's one-piece leather uppers (i. e., vamp and quarter cut in one piece and seamed up the back).

(xv) Extension stitched heel seats, except on:

Prewelts in all sizes,
Stitchdowns in all sizes,
Children's shoes up to and including size 8, and
Safety and established orthopedic footwear.

(xvi) Metal nail heads for studs or any metal for decorative purposes.

(xvii) Any stitching thread made from reserved Egyptian cotton (as defined in Conservation Order M-117) or reserved American extra staple cotton (as defined in Conservation Order M-197) for any decorative or any non-functional purpose.

(xviii) Any non-functional or decorative stitching except:

(*a*) Not more than four rows of non-functional stitching on imitation tips, foxings, saddles, mudguards and moccasin type vamps.

(*b*) Not more than an aggregate of four rows of functional and non-functional stitching parallel to the vamp, tip, foxing, saddle, and moccasin seams.

(*c*) Design stitching solely to permit direct non-stop stitching between cut-outs.

(*d*) Design functional stitching on utility work cowboy boots.

(xix) Any strippings, braidings, pintuckings, lacings or overlays, except those serving a necessary functional purpose.

(xx) Straps passing over, under or through a tongue or vamp.

(xxi) Raised quarter or raised back seams (other than vertical back seams), except on genuine moccasins.

(xxii) Multiple straps, on Roman sandals.

(xxiii) Kiltie or other ornamental tongues, if made of leather in whole or in part.

(xxiv) Platform soles and platform effects, on all footwear of heel height over 1⅝ inches, using size 4B as the standard.

(xxv) Leather covered platforms or leather platform effects, on any footwear.

(xxvi) Heels gauging over 2⅛ inches in height, using size 4B as the standard.
(xxvii) Metal spikes, on golf shoes.
(xxviii) Storm welting (except laminated split leather storm welting on work shoes) or caulk welting.
(xxix) Rawhide or other leather laces, except on work shoes.
(xxx) Leather or part leather loops performing the function of eyelets.

(2) No person shall use in the manufacture of any footwear any steel shanks of any gauge except:

18 gauge... .045 minimum, 50 carbon steel.
21 gauge... .032 minimum, 50 carbon steel.
19 gauge... .040 minimum, low carbon or basic steel.

unless such shanks were in said person's inventory on September 10, 1942, or were subsequently acquired from a producer of steel shanks who had, prior to September 10, 1942, rolled steel plate for shanks of a different gauge.

(3) No person shall put into process any leather for the manufacture of any boots except men's blucher high cut laced boots ten inches or under in height (measured from heel seat, using size 7 as the standard) and men's and women's utility work cowboy boots: *Provided, however*, That upon letter application the War Production Board may permit any person to make boots higher than ten inches for use in specified hazardous occupations.

(4) No person shall put into process any material for the manufacture of footwear of more than one color (subject to unavoidable deviations in shade normally experienced in finishing leathers or dyeing fabrics). This restriction shall apply to the color of stitching, lacing and bindings, but shall not apply to the color of linings and soles. Nothing in this paragraph shall prevent unavoidable discoloring of thread, leather, and perforations as a result of antiquing, or the use of:

(i) Embossed leather or genuine reptiles of the colors permitted in paragraph (c) (5) below but having slight variations in shade caused by normal finishing of such leathers, or

(ii) Embossed leather or genuine reptiles of any color or colors (in all-over shoes) if finished prior to October 16, 1942.

(iii) Shearling collars.

(iv) An additional color on tips or tongues of safety shoes as above defined.

(v) A combination of two colors in part leather—part fabric uppers where the leather constitutes not more than 30% of the whole upper material (excluding linings).

(5) Except as otherwise authorized in writing by the War Production Board on application by letter, no person shall put into process for the manufacture of any footwear any material for uppers (excluding linings) except material finished or dyed in the following colors:

Black
White (in other than cattlehide leather)
Army russet and Town brown, as appearing on the Fall 1942 color card of the Textile Color Card Association of United States, Inc.
Natural color

No person shall use any natural colored leather for the manufacture of any footwear except work shoes or safety shoes.

(6) No person shall put into process any cattle hide upper leather (other than kip sides, kipskins and calf), including upper leather splits, gauging 4½ ounces or over for the manufacture of any footwear except work shoes, cowboy utility boots and lined police type high shoes.

(7) No person shall put into process any cattle hide leather (including splits) for uppers or any cattlehide grain leather outsoles (except heads, bellies, shins and shanks of 5 iron or less), for the manufacture of house slippers or romeos.

(8) No person shall attach any leather outsoles or outside leather taps to any footwear having raised or flat seam moccasin type vamps (including genuine moccasins utilizing soles) or mudguard vamps, any saddle-type footwear, or any footwear with imitation wing tips, imitation stitched moccasin types, imitation stitched mudguards and imitation stitched saddles; *Provided, however*, That nothing in this subparagraph (c) (8) shall apply to women's and girls' shoes with heels 1⅛ inches and over in height, using size 4B as the standard.

(9) No person shall put into process any patent leather for the manufacture of men's shoes.

(10) No person shall put into process any upper leather or leather or rubber soles for the manufacture of men's sandals.

(11) No person shall manufacture any leather or part leather bows for use on footwear.

(12) No person shall attach any soles heavier than 4 iron cut from chrome, chrome retan, or any combination chrome tanned cattlehide or horse butt leather, excluding splits, to any footwear except infants', misses' and children's shoes (excluding all sizes over size 3), youths' and boys' shoes (excluding all sizes over size 6), men's work shoes, and men's and women's safety shoes manufactured in accordance with paragraph (e–e) below. This provision does not apply to repair.

(13) No person shall utilize any upper leather or lining leather set aside by tanners pursuant to Conservation Order M–310 or directions issued thereunder, for the following types of footwear:

(i) Infants';

(ii) Misses' and children's (excluding all little gents' and all sizes over size 3);

(iii) Footwear for the physically maimed and deformed manufactured on a custom-made basis and not for stock; except in the manufacture of one of those types of footwear.

(d) *Restrictions on styling and types manufactured.* (1) No person shall put into process any leather or fabric for the manufacture of any footwear of a design and construction not utilized by him between September 1, 1940 and December 31, 1942, except that:

(i) In the case of footwear the soles of which are made wholly from materials other than leather or rubber (which may, however, utilize leather for hinges or for tabs, heel inserts or other non-skid or soundproofing features covering not more than 25% of the area of the bottom of the sole) designs and constructions utilized between September 1, 1940 and October 18, 1943 may be used:

(ii) Nothing in this paragraph shall prevent the correction of patterns to the extent necessary to remove features prohibited by this order, the use of one new last in one heel height during each six months' period beginning March 1 or September 1 in any year for each type of footwear as described in paragraph (b) (10), or the use of new patterns to fit such new lasts provided no changes are made in the design of the footwear.

(iii) The War Production Board may make exceptions in this paragraph in favor of patterns or designs which will conserve leather or other materials.

(2) No person shall put into process any leather or fabric for the manufacture of any women's evening slippers, except those using gold or silver upper leather finished prior to March 16, 1943 with split, head, belly, shin or shank outsoles of 5 iron or less.

(3) No person shall use special processes or materials at any stage of manufacturing footwear for the purpose of rendering such footwear more adaptable to retail display.

(4) No person shall attach to any footwear (except infants' footwear, house slippers or women's gold or silver evening slippers) outsoles, other than wooden soles, not conforming to the specifications contained in Schedule I annexed to this order.

(e) *Exceptions to paragraphs (c) and (d) above.* The foregoing prohibitions and restrictions of this order shall not apply to:

(1) Footwear made wholly without leather and without rubber or plastic soles where no two-tone effect is created. This exemption shall extend only to paragraph (c). However, shoes of multi-colored fabric (a single fabric containing more than one color) are permitted and may have bindings or other trimmings (not including tips, foxings, eye stays, platforms or heels) in one of the colors of the material.

(2) Special types of footwear made for the physically deformed or maimed.

(3) Football, baseball, hockey, skating, bowling, track, and ski shoes and other similar footwear designed for use in active participation in sports which require specially constructed footwear for such use. This does not include golf shoes.

(4) Footwear forming part of historical or other costumes for theatrical productions.

(5) Infants' footwear up to and including size 4.

(6) Footwear made wholly of shearlings, including soles.

(e-e) *Restrictions on the manufacture of safety shoes.* No person shall manufacture any safety shoes which have leather uppers with leather or rubber (including synthetic rubber) compound bottoms, except those which comply in respect to types, patterns, materials, method of construction, labelling and all other details with the American War Standards Specifications for Protective Occupational Footwear, published by the American Standards Association. These specifications are listed below and may be obtained from the War Production Board, Textile, Clothing and Leather Division, Washington 25, D. C., or from the American Standards Association, 29 West 39th Street, New York, N. Y.

Men's Safety-Toe Shoes—Z41.1–1943 (2nd edition)—September 24, 1943
Men's Conductive Shoes—Z41.3–1943 (3rd edition)—September 24, 1943
Men's Explosives-Operations (Non-Sparking) Shoes—Z41.4–1943 (2nd edition)—September 24, 1943
Men's Electrical-Hazards Shoes—Z41.5–1943 (3rd edition)—September 24, 1943
Men's Foundry (Molders) Shoes—Z41.6–1943 (3rd edition)—September 24, 1943
Women's Safety-Toe (Oxford) Shoes—Z41.2–1943 (3rd edition)—September 24, 1943
Women's Safety-Toe (High) Shoes—Z41.7–1943 (2nd edition)—September 24, 1943
Women's Explosives-Operations (Non-Sparking) Shoes—Z41.8–1943—(2nd edition)—September 24, 1943
Women's Conductive Shoes—Z41.9–1943 (2nd edition)—September 24, 1943

Upon letter application the War Production Board may authorize deviations from the above mentioned standards when necessary to meet minimum civilian requirements for safety shoes.

(f) *Restriction on dyeing.* No person engaged in the business of shoe manufacturing shall dye any new footwear except in the colors mentioned in paragraph (c) (5) above.

(g) *General exceptions.* None of the restrictions of this order shall apply to military footwear.

(h) *Restrictions relating to sales and deliveries.* (1) No person shall sell or deliver any new footwear manufactured in the United States of America in violation of this order.

(2) No tanner or sole cutter shall deliver any leather to any shoe manufacturer if he knows or has reason to believe said leather is to be used in violation of the terms of this order.

(3) The prohibitions and restrictions of this paragraph shall not apply to:

(i) Deliveries of footwear or leather by, or to, any person having temporary custody thereof for the sole purpose of transportation or public warehousing.

(ii) Any bank, banker or trust company affecting or participating in a sale or delivery of footwear or leather solely by reason of the presentation, collection, or redemption of an instrument, whether negotiable or otherwise.

(4) In making sales or delivery of any footwear, no person shall make discriminatory cuts in quantity or quality between customers who meet such person's regularly established prices, terms and credit requirements, or between customers and his own consumption of said footwear. Reduction in sales or deliveries proportionate with any curtailment in supply available for non-military use shall not constitute a discriminatory cut.

(5) No manufacturer shall accept delivery of any upper leather or lining leather reserved by tanners pursuant to Conservation Order M-310, or directions issued thereunder, for the manufacture of the following types of footwear:

(i) Infants';

(ii) Misses' and children's;

(iii) Footwear for the physically maimed and deformed manufactured on the custom-made basis and not for stock;

if his supply of leather suitable for such shoes and obtained on certificate pursuant to such directions shall thereby become larger than a 30-days' inventory. A 30-days' inventory shall be deemed to be the quantity of leather actually used for the production of shoes of these types during the preceding calendar month, unless no such footwear was produced in that month, in which case a 30-days' inventory shall be deemed to be the leather required to manufacture his scheduled production of such shoes for the following thirty days.

(i) *Restrictions on production of lines of footwear.* (1) No person shall in any six months' period beginning March 1, 1943 complete the manufacture of more civilian footwear within the following lines than the percentage of his civilian line quota for such line shown in the following schedule:

	Percent of each price range
Youths' and boys'	125
Infants'	125
Men's safety shoes	125
Men's work	115
Men's dress	100
Women's and growing girls'	100
House slippers	100
Athletic	100
Women's safety shoes	100

With respect to misses' and children's footwear, no manufacturer may exceed 125% of his aggregate quotas for all his lines of misses' and children's footwear, but his production may be distributed among his established lines of misses' and children's footwear in any manner desired: *Provided, however,* That to the extent that a manufacturer's production of military footwear shows a decrease below that during his six months' base period, his production within any line of civilian footwear may exceed the civilian line quota for such line by its proportionate part of such decrease; and to the extent that such manufacturer's production of military footwear shows an increase over that during the six months' base period, each civilian line quota of such manufacturer shall be diminished by its proportionate part of such increase.

(2) No person shall manufacture any line of footwear (except military footwear) not manufactured by him in his six months' base period.

(3) *Exceptions to paragraphs (i) (1) and (i) (2).* (i) A lower priced line of the same type of civilian footwear may be substituted in whole or in part for a higher priced line.

(ii) The unused quota of any higher priced line may be added to a lower priced line of the same type of civilian footwear.

To the extent shown in the following schedule, any person may transfer the unused portion of any civilian line quota or quotas of men's dress or women's and growing girls' footwear to the production of the following types of footwear:

Type:	*Percentage of unused quota permitted to be added*
Men's work	115
Youths' and boys'	125
Misses' and children's	125
Infants'	125

Provided, however, That in no event shall any unused quota be added to a higher priced line, *And provided further,* That in no event shall a new line be added until authorization has been obtained under paragraphs (d) (1) above and paragraphs (i) (3) (vi) below.

(iii) A person may exceed his civilian line quota for any line of women's safety shoes if a pairage equal to such excess is deducted from some other line or lines of footwear.

(iv) During any six months' period, beginning March 1 or September 1 in any year, a manufacturer whose total production for the period will be less than $250,000 (based on wholesale value) is not subject to paragraph (i) (1), provided that no new lines are added and provided the manufacturer does not exceed his aggregate production in pairs during his six months' base period by more than 50%. The exemption in this paragraph shall not apply to manufacturers affiliated, as a subsidiary or otherwise, with another.

(v) Paragraphs (i) (1) and (i) (2) shall not apply to footwear made for the physically maimed or deformed on a custom-made basis and not for stock.

(vi) The War Production Board may authorize transfers of quotas from one type of footwear to another, and may authorize new or additional production in: (*a*) lines of which there is a critical civilian shortage, or (*b*) lines of reasonably durable footwear utilizing non-critical materials. However, it will be the general policy of the War Production Board not to authorize new or additional production in a plant located in a Group I or Group II labor area unless the manufacturer shows that he will not require additional labor otherwise available for war production.

Application for such authorization shall be made by letter, describing fully the footwear manufactured or proposed to be manufactured, listing in detail all the materials to be used, and stating the pairs desired to be made in each price range, the source of the manpower that

will be required, whether production will be reduced in any other line or lines, and all other facts pertaining to the application. Permission will not be granted to manufacture new lines unless the footwear to be made has been specifically priced by the Office of Price Administration and the certificate number of such action is furnished with the application.

(vii) [Deleted Mar. 9, 1944]

(4) The period selected by any person as his six months' base period shall apply to all lines and may not be subsequently changed.

(j) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(k) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, purchases, production and sales.

(l) All persons affected by this order shall file such reports and questionnaires as may be requested by the War Production Board, subject to the approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(m) *Communications.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Textile, Clothing and Leather Division, Washington 25, D. C., Ref.: M-217.

(n) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(o) *Effective date.* This order as amended shall become effective March 9, 1944 with the exception of paragraph (c) (2) which shall become effective on March 15, 1944, and paragraphs (c) (5), (c) (1), (c) (6) and (f), which shall become effective on April 15, 1944.

Conservation Order M-217 as presently in force shall remain in force until superseded by this amended order.

Issued this 9th day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE I—SPECIFICATIONS FOR SOLES

Abrasion. The material shall have a resistance to abrasion of not less than 4000 revolutions to abrade 50% of the thickness of the material, when tested on the type of machine used by and following the procedure of the National Bureau of Standards. The material may be tested on any other abrasive testing machine, using an appropriate number of abrasive strokes of revolutions to give abrasive action equivalent to the above.

Crackiness. The material shall not crack, after conditioning for 4 hours, at 32° F. and testing at that temperature, when bent 180° over a 3-inch mandrel. The material shall not crack, after aging for 48 hours at 120° F. ± 2° F. and reconditioning at 65 per cent ± 2 per cent relative humidity and 120° F. ± 2° F., when bent 180° over a 3-inch mandrel.

Tackiness. The material shall not become tacky or flow when subjected to a temperature of 120° F. ± 2° F. for 4 hours.

Stitch tear. Material which is used for stitched soles shall have a stitch tear strength of not less than 30 pounds when tested dry, and not less than 25 pounds when tested immediately after soaking in water for 4 hours. When the outsole is cemented securely to a backer or midsole, the test shall be made of the combined assembly.

Effect of water. After submerging in water at 75° F. ± 2° F. for 4 hours, the material shall not show visual evidence of delamination or separation and shall not show an increase in thickness of more than 20 per cent.

INTERPRETATION 1

The word "manufacture" in line two of paragraph (c) (1) of § 3290.191. (Conservation Order M-217), refers to the operation whereby the features mentioned in subdivisions (i) to (xvii), inclusive, of said paragraph became a part of the footwear.

Illustration: Subdivision (iv) refers to full overlaid tips or full overlaid foxings except on work shoes. The order prohibits the placing of full overlay tips or full overlay foxings on dress shoes after October 31, 1942. But it does not prohibit the completion of the shoe if an overlaid tip or an overlaid foxing has been affixed prior to said date. (Issued October 6, 1942.)

INTERPRETATION 2

FOOTWEAR

The reference to "leather outsoles or outside leather taps," in paragraph (c) (8) of § 3290.191 Conservation Order M-217 designates outsoles and outside taps the wearing qualities of which are derived primarily from leather. For example: An outsole composed primarily of leather but having a paper coating would constitute a "leather outsole," since, presumably, the paper would soon disappear and the wearing quality of the sole would rest primarily upon the leather.

On the other hand, if a sole of durable substitute material were cemented on a thin leather sole so that the substitute material received the wear the leather sole would constitute a midsole rather than an outsole.

Similarly, a wooden sole having a leather heel insert to provide nonskid and soundproofing features is not a "leather outsole," because the wear of the shoe is derived mainly from the wooden portion of the sole. (Issued Oct. 18, 1943.)

INTERPRETATION 3

[Interpretation 3 issued Dec. 17, 1943. A question and answer interpretation.]

INTERPRETATION 4

DEFINITIONS

The definition of "price range" in paragraph (b) (11) of Conservation Order M-217 states that price range shall have the usual trade significance so long as the highest list price in the range does not exceed the lowest by more than 10% or 25¢ a pair, whichever is the greater. The January 12, 1944 amendment in paragraph (b) (10) (iii) of the order allows manufacturers of misses' and children's and youths' and boys' footwear to consider their production in each type up to a wholesale price of $1.75 a pair as one line. This does not, however, permit manufacturers to add 25¢ to the $1.75 and consider all misses' and children's and youths' and boys' footwear up to $2.00 as falling within the line. The exemption added by the amendment is one superimposed upon the existing treatment of price lines and cannot be construed to apply to any footwear having a net wholesale price of more than $1.75. (Issued Feb. 28, 1944.)

PART 3293—CHEMICALS

[Conservation Order M-374]

BEVERAGE CANE SPIRITS

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of industrial alcohol and of sugar, molasses, and grain, and facilities for the production of industrial alcohol, for defense, for private account and for export. The use of such raw materials as sugar, molasses and grain is necessary to the production of industrial alcohol for the manufacture of synthetic rubber and munitions. It is therefore deemed necessary and appropriate in the public interest and to promote the national defense, to allocate facilities for the production of beverage cane spirits (as defined in this order), and to control the importation of beverage can spirits so as to prevent further uncontrolled diversion of sugar and molasses to the production of these spirits:

§ 3293.616 *Conservation Order M-374* — (a) *Definitions.* (1) "Beverage cane spirits" means ethyl alcohol of 50 proof or higher made from molasses, sugar, sugar cane or sugar cane juice, and produced for beverage purposes or tax paid for beverage purposes. The term includes any solution, compound or mixture containing ethyl alcohol of 50 proof or higher, such as, for example, rum, cordials or gin.

(2) "Producer" means any person engaged in the production of beverage cane spirits.

(3) "Import" means to transport in any manner into the continental United States from any foreign country or from any territory or possession of the United States. It includes shipments into a free port, free zone, or bonded custody of the United States Bureau of Customs (bonded warehouse) in the continental United States and shipments in bond into the continental United States for transshipment to Canada, Mexico or any other foreign country.

(4) Beverage cane spirits shall be deemed "in transit" if it is afloat, if an on-board ocean bill of lading has actually been issued with respect to it, or if it has actually been delivered to and accepted by a rail, truck, or air carrier, for transportation to a point within the continental United States.

(b) *Restrictions on production of beverage cane spirits.* On and after March 15, 1944, no person shall produce beverage cane spirits except as specifically authorized by the War Production Board. The provisions of this paragraph shall be applicable to the continental United States, Puerto Rico, the Virgin Islands of the United States and the territories of Hawaii and Alaska.

(c) *Restrictions on imports of beverage cane spirits.* On and after March 15, 1944, no person shall import, attempt to import, purchase for import, or make any contract or other arrangement for the importing of any beverage cane spirits without first having obtained authorization to do so from the War Production Board. This paragraph does not apply to beverage cane spirits produced in Puerto Rico, the Virgin Islands of the United States, or in the territories of Hawaii and Alaska for the reason that the production of beverage cane spirits in these localities is controlled by paragraph (b) of this order. This paragraph applies to the importation of beverage cane spirits regardless of the existence on March 15, 1944, or thereafter, of any contract or other arrangement for importation.

(d) *Applications for authorization to produce or import.* Any person requiring authorization to produce or import beverage cane spirits may apply by letter, in triplicate, to the War Production Board, stating the amount, by calendar quarter, of beverage cane spirits applicant desires to produce or import. Applicant must also state the amount of beverage cane spirits he has produced or imported, by calendar quarters, during the years 1940, 1941, 1942, 1943 and 1944. All quantities should be expressed in terms of proof gallons. It will be the policy of the War Production Board to permit production or importation of beverage cane spirits to the extent consistent with the fulfillment of requirements of sugar, molasses and industrial alcohol for the defense of the United States.

(e) *Exceptions.* Paragraphs (c) and (d) of this order do not apply:

(1) To beverage cane spirits which, on or before March 15, 1944, were in transit to a point within the continental United States; or

(2) To beverage cane spirits consigned as gifts or as samples, or for use as samples, or imported for personal use, where the quantity of each consignment or shipment is not more than two proof gallons. No person shall split up a single order of beverage cane spirits into smaller orders for the purpose of coming within this exception.

(f) *Special directives.* The War Production Board may from time to time issue special directives to producers concerning the kind of raw materials which may be used for the production of beverage cane spirits. This paragraph applies only to the continental United States, Puerto Rico, the Virgin Islands of the United States and the territories of Hawaii and Alaska.

(g) *Applicability of regulations.* This order and all transactions affected hereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(h) *Reports.* No beverage cane spirits, which are imported after March 15, 1944, shall be entered through the United States Bureau of Customs for any purpose (other than pursuant to paragraph (e) (2) of this order) whether for consumption, for warehouse, in transit, in bond, for re-export, for appraisal, or otherwise, unless the person making the entry shall file with the entry a certificate in duplicate, stating the following information: (1) Name of importer; (2) Date of bill of lading (this is only necessary if the beverage cane spirits were in transit on or before March 15, 1944); (3) Date and number of importer's WPB authorization; (4) Quantity of beverage cane spirits covered by the entry; (5) Port of entry; (6) Port of origin of shipment. The certificate shall be signed manually by a duly authorized official of the importer or as provided by Priorities Regulation No. 7. The standard form of certification provided in Priorities Regulation No. 7 may not be used instead of the certificate described above. The filing of such certificate a second time shall not be required upon any subsequent entry of the same shipment of beverage cane spirits through the United States Bureau of Customs for any purpose; nor shall the filing of such certificate be required upon the withdrawal of any beverage cane spirits from bonded custody of the United States Bureau of Customs, regardless of the date when such material was first transported into the continental United States. Both copies of the certificate shall be promptly transmitted by the Collector of Customs to the War Production Board, Chemicals Bureau, Washington 25, D. C., Reference M-374.

(i) *Bureau of the Budget Approval.* The reporting provisions of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(j) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any person may be prohibited from making or obtaining further deliveries of or from processing or using, material under priority control and may be deprived of priorities assistance.

(k) *Communications.* All communications concerning this order shall be addressed to the War Production Board, Chemicals Bureau, Washington 25, D. C., Reference M-374.

Issued this 9th day of March 1944.

PART 3293—CHEMICALS

[Conservation Order M-54, as Amended January 21, 1944, Amdt. 1]

MOLASSES

Section 3293.91 *Conservation Order M-54*, is hereby amended in the following respects:

1. A new subparagraph (7) should be added to paragraph (d), reading as follows:

(7) Deliveries for the production of beverage spirits or industrial alcohol authorized under paragraph (f) hereof.

2. Paragraph (f) should be stricken and the following substituted:

(f) *Restrictions on molasses for beverage spirits and industrial alcohol.* No. person shall use of accept delivery of molasses for the manufacture of beverage spirits or industrial alcohol except to the extent authorized by the War Production Board.

3. Paragraph (n) should be stricken and the following substituted:

(n) *Exemptions.* None of the restrictions, prohibitions or requirements contained in this order shall apply to the delivery, acceptance of delivery or use of molasses outside of the continental United States, except that paragraph (c) (1) (vii) relating to Class 7 purchasers, and paragraph (f) relating to restrictions with reference to beverage cane spirits and industrial alcohol, shall be applicable to Puerto Rico and the Virgin Islands of the United States.

4. Throughout the order, references to Forms PD-456, PD-457 and PD-458 should be changed to WPB-891, WPB-892 and WPB-890 respectively.

Issued this 9th day of March 1944.

[MPR 418,[1] Amdt. 26]

FRESH FISH AND SEAFOOD

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Section 14 is amended to read as follows:

SEC. 14. *Evasion.* (a) The price limitations set forth in this Regulation shall not be evaded, either by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of, or relating to fresh fish or seafood separately or in combination with any other commodity or service, or by way of any commission, service, transportation, container, packaging or other charge, or discount premium or other privilege, or by tying agreement or other trade understanding, or by changing the style of dressing of fresh fish or seafood, or otherwise.

(b) Specifically, but not exclusively, the following practices are prohibited:

(1) Falsely or incorrectly invoicing fresh fish and seafood.

(2) Offering, selling or delivering fresh fish or seafood on condition that the purchaser is required to purchase some other commodity or service.

*Copies may be obtained from the Office of Price Administration.

Crackiness. The material shall not crack, after conditioning for 4 hours, at 32° F. and testing at that temperature, when bent 180° over a 3-inch mandrel. The material shall not crack, after aging for 48 hours at 120° F. ± 2° F. and reconditioning at 65 per cent ± 2 per cent relative humidity and 120° F. ± 2° F., when bent 180° over a 3-inch mandrel.

Tackiness. The material shall not become tacky or flow when subjected to a temperature of 120° F. ± 2° F. for 4 hours.

Stitch tear. Material which is used for stitched soles shall have a stitch tear strength of not less than 30 pounds when tested dry, and not less than 25 pounds when tested immediately after soaking in water for 4 hours. When the outsole is cemented securely to a backer or midsole, the test shall be made of the combined assembly.

Effect of water. After submerging in water at 75° F. ± 2° F. for 4 hours, the material shall not show visual evidence of delamination or separation and shall not show an increase in thickness of more than 20 per cent.

INTERPRETATION 1

The word "manufacture" in line two of paragraph (c) (1) of § 3290.191. (Conservation Order M-217), refers to the operation whereby the features mentioned in subdivisions (i) to (xvii), inclusive, of said paragraph became a part of the footwear.

Illustration: Subdivision (iv) refers to full overlaid tips or full overlaid foxings except on work shoes. The order prohibits the placing of full overlay tips or full overlay foxings on dress shoes after October 31, 1942. But it does not prohibit the completion of the shoe if an overlaid tip or an overlaid foxing has been affixed prior to said date. (Issued October 6, 1942.)

INTERPRETATION 2

FOOTWEAR

The reference to "leather outsoles or outside leather taps," in paragraph (c) (8) of § 3290.191 Conservation Order M-217 desig-

as one line. This does not, however, permit manufacturers to add 25¢ to the $1.75 and consider all misses' and children's and youths' and boys' footwear up to $2.00 as falling within the line. The exemption added by the amendment is one superimposed upon the existing treatment of price lines and cannot be construed to apply to any footwear having a net wholesale price of more than $1.75. USED PRESSURE VESSELS AND USED ENCLOSED ATMOSPHERIC PRESSURE VESSELS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Section 7 (c) (1) (v) is added to read as follows:

(v) (*a*) The actual cost in excess of $100 of installing the used vessels being sold at the present location, where (1) the vessel is installed underground at the time of sale, and (2) the vessel is purchased for use in its present location. This actual cost of installation shall be depreciated at the rate of 5% per year on the straightline method. The period of time from the date from which the present installation was made to the date of sale shall be used to determine the amount of depreciation. In measuring that period of time, a fractional period of a month, consisting of 16 days or more, shall be regarded as a full month and a fractional period of a month consisting of 15 days or less shall be disregarded.

(*b*) When the seller makes the addition permitted by this subdivision, he shall file a report with the Office of Price Administration within 10 days after he sells the used vessel. This report shall state:

(*1*) The date the vessel was installed in the present setting and the location of the present setting.

(2) The cost of installing the vessel in the present setting together with evidence of this cost.

(3) A calculation showing that the amount added to the maximum price for installation was computed in accordance with this subdivision (v).

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter II—Office of Defense Transportation

[Administrative Order ODT 19]

PART 503—ADMINISTRATION

TRANSPORTATION OF DAIRY PRODUCTS BY COMMERCIAL MOTOR VEHICLES

General outline. This order requests and authorizes producers, motor carriers, dealers, and processors of dairy products within any given area to elect an Area Dairy Industry Transportation Advisory Committee. Committees representative of such persons, which have heretofore been recognized and approved, are authorized to function as Area Dairy Industry Transportation Advisory Committees in accordance with this order. The order sets forth specific methods by which such committees are requested to assist the Office of Defense Transportation in attaining the purposes of General Order ODT 21, as amended, in relation to transportation of dairy products by commercial motor vehicles from producing areas to plants of dealers and processors, and between such plants. Where, for any reason, information which a committee is authorized to gather has not been furnished to a district manager by a committee, he may proceed to acquire it on his own initiative.

The order authorizes each district manager to direct the operation of commercial motor vehicles in the transportation of dairy products from producing areas to the plants of processors and dealers, and between such plants, within any area which the Director, Division of Motor Transport, may designate. This authority is to be exercised subject to certain limitations expressed in the order, and to any instructions or directions issued from time to time by the Director of the Office of Defense Transportation, and subject to the general control and supervision of the Director or of the Director, Division of Motor Transport. Provision is made for appeals by any producer, motor carrier, dealer, or processor from any direction issued pursuant to this order.

This general outline shall not be construed to alter the meaning of any provision contained in the order. The text of Administrative Order ODT 19 follows:

Pursuant to the act of May 31, 1941, as amended by the Second War Powers Act, 1942, Executive Order 8989, as amended, Executive Order 9156, and War Production Board Directive 21, and in order to regulate the operation of commercial motor vehicles utilized in the transportation of dairy products from producing areas to the plants of dealers and processors, or between such plants, pursuant to § 501.101 of General Order ODT 21, as amended (7 F.R. 7100; 8 F.R. 2510) *It is hereby ordered*, That:

Sec.
503.385 Area Dairy Industry Transportation Advisory Committee; elected by producers, motor carriers, dealers, and processors.
503.386 Committees heretofore formed and approved.

Sec.
503.387 Committee shall not act until approved.
503.388 Functions of Area Dairy Industry Transportation Advisory Committee.
503.389 Administration of § 501.101 of General Order ODT 21, as amended.
503.390 Directions issued by district manager; service.
503.391 Limitations upon district manager.
503.392 Complaints; decision by district manager.
503.393 Appeals to regional director.
503.394 Appeals to Director of the Office of Defense Transportation.
503.395 Stay of directions; modification to conform with final decision.
503.396 Supervision and reservations.
503.397 Definitions.
503.398 Communications.

AUTHORITY: §§ 503.385 through 503.398 issued under the act of May 31, 1941, as amended by the Second War Powers Act, 1942, 56 Stat. 176, 50 U. S. Code secs. 631 through 645a; E.O. 8989, as amended, 6 F.R. 6725, 8 F.R. 14183; E.O. 9156, 7 F.R. 3349; War Production Board Directive 21, 8 F.R. 5034.

§ 503.385 *Area Dairy Industry Transportation Advisory Committee; elected by producers, motor carriers, dealers, and processors.* Producers, motor carriers, dealers, and processors of dairy products within any given area are hereby requested and authorized to elect (unless they have already formed a committee described in § 503.386 of this order) an Area Dairy Industry Transportation Advisory Committee which shall be representative of such producers, motor carriers, dealers, and processors. When the committee is elected, the members thereof shall elect a chairman, vice-chairman, secretary, and such other officers as may be deemed advisable, and the chairman, or other officer authorized by the committee, shall sign and file with the Director, Division of Motor Transport, Washington, D. C., a statement containing the following information:

(a) The name and address of each person participating in the election of the committee;

(1) Whether such person is a producer, motor carrier, dealer or processor, or a combination thereof;

(2) The kind of dairy products which such person produces, transports, deals in or processes, as the case may be;

(b) The name and address of each member of the committee;

(c) The class or group which each member of the committee represents;

(d) The method utilized in electing the committee; and

(e) A description of the area within which the committee proposes to act.

§ 503.386 *Committees heretofore formed and approved.* Without further approval, any Industry Transportation Committee or Industry Advisory Committee representative of producers, motor carriers, dealers and processors of dairy products, which heretofore has been approved by the Office of Defense Transportation, is hereby authorized to function as an Area Dairy Industry Transportation Advisory Committee in accordance with the provisions of this order.

§ 503.387 *Committees shall not act until approved.* Except as provided in §§ 503.385 and 503.386 of this order, no Area Dairy Industry Transportation Advisory Committee shall perform any act until the Director, Division of Motor Transport, in a writing directed to the chairman of the committee, has approved the election of such committee, and the members and officers thereof, and has approved the designation of the area within which the committee proposes to act. Such approval may be withdrawn in whole or in part at any time.

§ 503.388 *Functions of Area Dairy Industry Transportation Advisory Committee.* Each approved Area Dairy Industry Transportation Advisory Committee, including any approved committee formed prior to the effective date of this order, is requested and authorized:

(a) To acquire and keep record of the name and address of each producer of dairy products within the designated area of the committee, the approximate quantity, kind and quality of dairy products to be transported by commercial motor vehicle by or for each producer, and the points between which, and the times at which, such products are to be so transported.

(b) To acquire and keep record of the name and address of each motor carrier engaged in the transportation of dairy products (including a description of each vehicle so operated by such carrier) to or from points within such area, and the name and address of each producer, dealer and processor served by such carrier.

(c) To study, develop, formulate, and make recommendations and reports to the district manager concerning policies, procedures, rules, programs, formulas, or plans pertaining to the transportation of dairy products by commercial motor vehicle to and from points within such area.

(d) To make recommendations to the district manager concerning the issuance, review, reconsideration, suspension, recall, cancellation or revocation of Certificates of War Necessity pertaining to commercial motor vehicles utilized, or to be utilized, in the transportation of dairy products to and from points within such area.

§ 503.389 *Administration of § 501.101 of General Order ODT 21, as amended.* (a) Each district manager is hereby authorized to administer the provisions of § 501.101 of General Order ODT 21, as amended (7 F.R. 7100; 8 F.R. 2510) in respect of the transportation of dairy products by commercial motor vehicle to and from points within any area designated by the Director, Division of Motor Transport, to assure that such operations shall be confined to those which are necessary to the war effort or to the maintenance of essential civilian economy, shall be so conducted as to assure maximum utilization in such service of the commercial motor vehicles so operated, and shall conserve and providently utilize rubber or rubber substitutes and other critical materials used in the manufacture, maintenance, and operation of such vehicles.

(b) For the purpose of exercising the foregoing authority, each district manager is hereby authorized to acquire the information described in paragraphs (a) and (b) of § 503.388 of this order, unless such information may be obtained from an approved Area Dairy Industry Transportation Advisory Committee which has acquired and kept record thereof.

§ 503.390 *Directions issued by the district manager; service.* (a) The district manager shall consider any recommendation made by an approved Area Dairy Industry Transportation Advisory Committee for the area within which he is authorized to act pursuant to this order. Directions issued by the district manager pursuant this order shall be in writing signed by the district manager. A true copy shall be served upon each person having possession or control of a commercial motor vehicle whose operation will be governed by such directions, and upon each producer, dealer or processor whose service will be changed by those directions. The service shall be made in person or by mail, not less than 10 days prior to the effective date of any such directions: *Provided*, That, in lieu of such service, producers, dealers and processors, at the option of the district manager, may be served by publication of such directions, not less than 10 days prior to the effective date thereof, in a newspaper having a general circulation within the area in which the directions will be effective.

(b) At the time of the issuance of any such directions, a true copy thereof shall be furnished to the chairman of any approved Area Dairy Industry Transportation Advisory Committee within whose area the directions will be effective.

§ 503.391 *Limitations upon district manager.* No directions shall be issued by a district manager pursuant to this order that will:

(a) Deprive any person, without his consent, of transportation of his dairy products by commercial motor vehicle if the use of other available transportation will require that person to accept a lesser basic price for his dairy products.

(b) Deprive any person, without his consent, of the transportation of dairy products by commercial motor vehicle to the dealer or processor then receiving such products unless the issuance of such directions is approved by the Director, Division of Motor Transport.

(c) Deprive any person, without his consent, of transportation by the motor carrier then performing such transportation unless:

(1) The performance of such transportation by another motor carrier is available or

(2) The issuance of such directions is approved by the Director, Division of Motor Transport.

(d) Prevent any dealer or processor, without his consent, from procuring by commercial motor vehicle approximately the same quantity, kind and quality of dairy products as such dealer or processor received by commercial motor vehicle at the time of the issuance of the direc-

tions unless the issuance of such directions is approved by the Director, Division of Motor Transport.

§ 503.392 *Complaints; decision by district manager.* (a) Any producer, motor carrier, dealer, or processor may file a complaint with the district manager concerning any direction issued by him pursuant to this order. Such a complaint may be filed at any time before or after the effective date of the directions, but the stay of directions provided for in § 503.395 of this order shall be applicable only in respect of complaints filed on or before the effective date of the directions. The complaint shall be in writing setting forth the facts pertaining thereto, and shall be signed by and show the address of the person filing the complaint. Signed statements, which support or contradict the facts set forth in the complaint or in any statement filed in the matter, may be filed by any person having an interest in the subject matter of the complaint at any time prior to a decision thereof by the district manager. The complaint shall be decided by the district manager within 10 days after receipt of the complaint. The decision shall be in writing stating the reasons therefor, and shall either overrule the complaint or sustain it in whole or in part. A copy of the decision shall be served on the complainant in person, or by mail directed to the address shown in the complaint: *Provided*, That the provisions of §§ 503.392, 503.393, 503.394 and 503.395 of this order shall not apply to any complaint made by a motor carrier concerning the issuance, review, reconsideration, suspension, recall, cancellation, or revocation of a Certificate of War Necessity, and any such complaint, and any proceedings in respect thereof, shall be exclusively governed by the provisions of any applicable order issued by the Office of Defense Transportation.

(b) At the time of the issuance of any such decision, a true copy thereof shall be furnished to the chairman of any Area Dairy Industry Transportation Advisory Committee within whose area the directions, which are the subject of the complaint, are or will be effective.

§ 503.393 *Appeals to regional director.* (a) Any complainant, with 5 days after service of the district manager's decision on the complaint, may file an appeal therefrom to the regional director. Such appeal shall be in writing filed with the district manager and shall state the reasons why the decision should be reversed or modified. Upon the filing of an appeal, the district manager forthwith shall forward the entire file in respect thereof to his regional director who within 10 days after receipt of the file shall decide the complaint upon the record so transmitted. The decision on the appeal shall be in writing stating the reasons therefor, and shall overrule the complaint, or sustain it, in whole or in part. A copy of the decision shall be served on the complainant in person, or by mail directed to the address shown in the complaint.

(b) At the time of the issuance of any such decision, a true copy thereof shall be furnished to the district manager and the chairman of any Area Dairy Industry Transportation Advisory Committee within whose area the directions, which are the subject of the complaint, are or will be effective.

§ 503.394 *Appeals to Director of the Office of Defense Transportation.* (a) Any complainant, within 5 days after service of the regional director's decision, may file an appeal therefrom to the Director of the Office of Defense Transportation. Such appeal shall be in writing, filed with the regional director, and shall state the reasons why the decision should be reversed or modified. Upon the filing of the appeal, the regional director shall forward the entire file to the Director of the Office of Defense Transportation, Washington, D. C., who will decide the appeal on the record so transmitted, and will overrule the appeal, or sustain it, in whole or in part. The decision of such appeal shall be final. A copy of the decision will be served on the complainant in person, or by mail directed to the address shown in the complaint.

(b) At the time of the issuance of any such decision, a true copy thereof will be furnished to the district manager, the regional director and the chairman of any Area Dairy Industry Transportation Advisory Committee within whose area the directions, which are the subject of the complaint, are or will be effective.

§ 503.395 *Stay of directions; modification to conform with final decision.* Pending a decision in respect of any complaint filed on or before the effective date of the directions, or pending decision of any appeal filed, in accordance with the order, in respect of such complaint, the directions, to the extent complained of, shall be suspended to the degree required to provide the complainant with the transportation service he was performing or receiving at the time of issuance of such directions. Any directions in respect of which any complaint is filed shall be modified by the district manager to the extent required to conform with any final decision on the complaint or on any appeal taken in respect thereof. Any decisions on a complaint or on an appeal to a regional director shall become final upon expiration of the time prescribed for appealing therefrom, if no appeal is filed within that time; any decision on an appeal to the Director of the Office of Defense Transportation shall be final when issued unless otherwise ordered by the Director.

§ 503.396 *Supervision and reservations.* The authority hereby delegated shall be exercised subject to any instructions or directions issued from time to time by the Director of the Office of Defense Transportation, and to general control and supervision, and modification or revocation in any specific case, by such Director, or by the Director, Division of Motor Transport. Notwithstanding any of the provisions of this order, the Director of the Office of Defense Transportation may, in his discretion, exercise from time to time the authority or perform any of the functions or duties delegated by this order. This order shall not be construed as revoking or otherwise affecting any prior delegation of authority contained in any order or other document heretofore issued by the Director of the Office of Defense Transportation or the Director, Division of Motor Transport.

§ 503.397 *Definitions.* (a) As used in this order the term:

(1) "District" and "region" mean, respectively, a district and region of the Division of Motor Transport of the Office of Defense Transportation as described in Administrative Order ODT 6 (8 F.R. 13194).

(2) "District manager" means the manager of a district.

(3) "Regional director" means the director of a region.

(4) "Director, Division of Motor Transport" means the Director of the Division of Motor Transport, Office of Defense Transportation.

(5) "Dairy products" means whole milk, or any liquid or semiliquid product or by-product thereof.

(6) "Producer" means any person by whom or under whose supervision or control dairy products are produced.

(7) "Processor or dealer" means any person who: (i) except at retail, acquires dairy products from a producer; (ii) acquires dairy products from a processor or dealer, as defined in subdivision (i) of this subparagraph, for processing or sale; or, (iii) except at retail, markets dairy products for a producer.

(8) "Motor carrier" means any person who controls or operates a commercial motor vehicle in the transportation of dairy products except when operated in retail distribution.

(b) As used in this order, any term that is defined in General Order ODT 21, as amended, shall have the meaning specified therefor in § 501.90 (definitions) of General Order ODT 21 (7 F.R. 7100).

§ 503.398 *Communications.* Communications concerning this order should refer to "Administrative Order ODT 19" and unless otherwise directed should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington 25, D. C.

This Administrative Order ODT 19 shall become effective the 15th day of March 1944.

NOTE: The recording and reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued at Washington, D. C., this 9th day of March 1944.

C. D. YOUNG,
Deputy Director,
Office of Defense Transportation.

REVOCATION OF FIRST FORM WITHDRAWAL

JANUARY 1, 1944.

The SECRETARY OF THE INTERIOR.

SIR: From recent investigations in connection with the Green River project, the withdrawal of the hereinafter described lands, withdrawn in the first form prescribed by section 3 of the act of June 17, 1902 (32 Stat. 388), by departmental order of April 30, 1921, no longer appears necessary to the interests of the project.

It is therefore recommended that so much of said order as withdrew the lands hereinafter listed be revoked, *Provided*, That such revocation shall not affect the withdrawal of any other lands by said order or affect any other order withdrawing or reserving the lands hereinafter listed.

I concur: February 17, 1944.

FRED W. JOHNSON,
Commissioner of the General Land Office.

The foregoing recommendation is hereby approved, and it is so ordered. The jurisdiction over and use of such lands by the Bureau of Reclamation shall cease upon the date of the signing of this order.

This order, however, shall not otherwise become effective to change the status of the lands until 10:00 o'clock a. m. of the sixty-third day from the date on which it is signed, whereupon the lands shall, subject to valid existing rights, become subject to such application, petition, location, or selection as may be authorized by the public-land laws in accordance with the provisions of 43 CFR 295.8 (Circ. 324, May 22, 1914, 43 L. D. 254) and 43 CFR part 296, to the extent that these regulations are applicable.

The Commissioner of the General Land Office is hereby authorized and directed to cause the records of his office and of the local land office to be noted accordingly.

MICHAEL W. STRAUS,
First Assistant Secretary.

[Public Land Order 209]

IDAHO

WITHDRAWING PUBLIC LANDS FOR USE OF WAR DEPARTMENT

By virtue of the authority vested in the President and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

Subject to valid existing rights, the following-described public lands are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining and mineral-leasing laws, and reserved for the use of the War Department for a prisoner of war camp, sewage treatment plant, pressure sewer, water line, and access road:

BOISE MERIDIAN

Sec. 29, SE¼;
Sec. 32, NE¼;
Sec. 33.
T. 10 S., R. 22 E.,
Sec. 4.

The areas described aggregate 1,600 acres.

This order shall take precedence over but not modify (1) the orders of November 17, 1902, and March 24, 1908, of the Secretary of the Interior, withdrawing lands for reclamation purposes, and (2) the order of December 4, 1940, establishing Idaho Grazing District No. 5, so far as such orders affect the above-described lands.

This order is subject to the condition that the War Department shall remove the improvements and restore the lands to their present condition when the use of the lands is terminated.

The jurisdiction granted by this order shall cease at the expiration of the six months' period following the termination of the unlimited national emergency declared by Proclamation No. 2487 of May 27, 1941 (55 Stat. 1647). Thereupon, jurisdiction over the lands hereby reserved shall be vested in the Department of the Interior, and any other Department or agency of the Federal Government according to their respective interests then of record. The lands, however, shall remain withdrawn from appropriation as herein provided until otherwise ordered.

ABE FORTAS,
Acting Secretary of the Interior.

Division of Public Contracts.

CONTRACTS FOR EVAPORATED AND POWDERED SKIM MILK

NOTICE OF HEARING

Notice of hearing in the matter of an exception from the provisions of the Walsh-Healey Public Contracts Act of contracts for evaporated milk and powdered skimmed milk.

On November 4, 1942, I issued an exception upon the request of the Secretary of War pursuant to the powers vested in me by section 6 of the Walsh-Healey Public Contracts Act (49 Stat. 2036; 41 U.S.C. 35) permitting the award of Government contracts for evaporated milk and powdered skimmed milk during the period from this date to December 31, 1943, without the inclusion in such contracts of the representations and stipulations of section 1 of the act. On February 22, 1944, the Acting Secretary of War requested an extension of this exception to December 31, 1944. In view of objections to this request which have been filed with me, it appears advisable to hold a hearing at which all interested parties may present their views on the question whether the exception shall be extended in accordance with the request of the Acting Secretary of War.

Notice is, therefore, given that a public hearing will be held before L. Metcalfe Walling, Administrator of the Wage and Hour and Public Contracts Divisions, or a representative designated to preside in his place, at 10 a. m., March 21, 1944, in Room 7129, Department of Labor Building, 14th and Constitution, Washington, D. C., for the purpose of receiving evidence and hearing argument on the question whether the exception of November 31, 1942, permitting the award of Government contracts for evaporated milk and powdered skimmed milk without the inclusion in such contracts of the representations and stipulations of section 1 of the act shall be extended to December 31, 1944, in accordance with the provisions of section 6 of the act. Interested parties may be heard in person or by authorized representatives. Briefs (original and four copies) and telegraphic communications will be considered if filed prior to the hearing date. Any persons intending to appear at this hearing shall file with the Administrator at Washington, D. C., a notice of his intention to appear which shall contain the following information:

1. Name and address of person appearing;
2. If such person is appearing in a representative capacity, the name and address of the person or persons whom he is representing;
3. Whether such person proposes to appear in support of or in opposition to the requested extension of the exception.

MUNICIPALITY OF ST. THOMAS AND ST. JOHN, VIRGIN ISLANDS

NOTICE OF PUBLIC HEARING BEFORE SPECIAL INDUSTRY COMMITTEE

Notice of public hearing before the Special Industry Committee for the Municipality of Saint Thomas and Saint John, Virgin Islands, for the purpose of receiving evidence to be considered in recommending minimum wage rates for employees in said municipality.

In conformity with the Fair Labor Standards Act of 1938, as amended, and with § 511.11 of part 511 of the rules and regulations issued pursuant thereto, notice is hereby given to all interested persons that a public hearing will be held beginning on April 4, 1944 at 10:00 a. m., at the Municipal Council Hall in Charlotte Amalie, Saint Thomas, Virgin Islands, for the purpose of receiving evidence to be considered by the Special Industry Committee for the municipality of Saint Thomas and Saint John, Virgin Islands, in determining the highest minimum wage rates for all employees in said municipality who within the meaning of the said act are "engaged in commerce or in the production of goods for commerce," which, having due regard to economic and competitive conditions, will not substantially curtail employment and will not give any industry in the Virgin Islands a competitive advantage over any industry in the United States outside of the Virgin Islands.

The Special Industry Committee for the municipality of Saint Thomas and Saint John, Virgin Islands, was created by Administrative Order No. 228 published in the FEDERAL REGISTER on March 9, 1944. It is charged, in accordance with the provisions of the Fair Labor Standards Act of 1938, as amended, and rules and regulations promulgated thereunder with the duty of investigating conditions in the industries of the municipality of Saint Thomas and Saint John and of recommending to the Administrator minimum wage rates which may be lower than 30 cents but not higher than 40 cents per hour for all employees in the municipality of Saint Thomas and Saint John who within the meaning of said act are "engaged in commerce or in the production of goods for commerce," excepting employees exempted by the provisions of section 13 (a) and employees coming under the provisions of section 14. Before any minimum wage rates recommended by the Committee are made effective, a public hearing will be held pursuant to section 8 of the act, at a time and place to be announced by the Administrator and at which all interested persons will have an opportunity to be heard.

Administrative Order No. 228 directed the Special Industry Committee for the municipality of Saint Thomas and Saint John, Virgin Islands, to proceed to investigate conditions and to recommend to the Administrator minimum wage rates for all employees in the industries in such municipality and in such order as the Committee may elect.

Any person who, in the opinion of the Committee or its duly authorized subcommittee, has a substantial interest in the proceeding and is prepared to present material pertinent to the question under consideration, may appear on his own behalf or on behalf of any other person. Persons wishing to appear are requested to file with Russell Sturgis, Territorial Representative of the Wage and Hour Division, 606 Banco Popular Building, Tetuan and San Justo Streets, San Juan, Puerto Rico, not later than April 1, 1944, notice of intention to appear, a copy of which is to be sent to the Administrator of the Wage and Hour Division, 165 West 46th Street, New York 19, New York. The notice of intention to appear should contain the following information:

1. The name and address of the person appearing.
2. If he is appearing in a representative capacity, the name and address of the person or persons whom, or the organization which, he is representing.
3. A brief summary of the material intended to be presented.
4. The approximate length of time which his presentation will consume.

All testimony will be taken under oath and subject to reasonable cross-examination by any interested person present. Testimony so received will be offered as evidence at the public hearing to be held on such minimum wage recommendations as the Special Industry Committee for the municipality of Saint Thomas and Saint John may make.

Written statements of persons who cannot appear personally will be considered by the Committee provided that twenty copies thereof are received not later than April 1, 1944, at the Wage and Hour Division of the United States Department of Labor, 606 Banco Popular Building, Tetuan and San Justo Streets, San Juan, Puerto Rico. Any person appearing at the hearing who offers written material must submit twenty copies thereof.

Signed at Chicago, Illinois, this 4th day of March 1944.

[SEAL] JOHN A. LAPP,
Chairman, Special Industry Committee for the Municipality of Saint Thomas and Saint John, Virgin Islands.

MUNICIPALITY OF ST. CROIX, VIRGIN ISLANDS

NOTICE OF PUBLIC HEARING BEFORE SPECIAL INDUSTRY COMMITTEE

Notice of public hearing before the Special Industry Committee for the municipality of Saint Croix, Virgin Islands, for the purpose of receiving evidence to be considered in recommending minimum wage rates for employees in said municipality.

In conformity with the Fair Labor Standards Act of 1938, as amended, and with § 511.11 of part 511 of the rules and regulations issued pursuant thereto, notice is hereby given to all interested persons that a public hearing will be held beginning on April 12, 1944 at 10 a. m. in the District Court Room, Christiansted, Saint Croix, Virgin Islands, for the purpose of receiving evidence to be considered by the Special Industry Committee for the municipality of Saint Croix, Virgin Islands, in determining the highest minimum wage rates for all employees in said municipality who within the meaning of the said act are "engaged in commerce or in the production of goods for commerce," which, having due regard to economic and competitive conditions, will not substantially curtail employment and will not give any industry in the Virgin Islands a competitive advantage over any industry in the United States outside of the Virgin Islands.

The Special Industry Committee for the municipality of Saint Croix, Virgin Islands, was created by Administrative Order No. 229 published in the FEDERAL REGISTER on March 9, 1944. It is charged, in accordance with the provisions of the Fair Labor Standards Act of 1938, as amended, and rules and regulations promulgated thereunder, with the duty of investigating conditions in the industries of the municipality of Saint Croix and of recommending to the Administrator minimum wage rates which may be lower than 30 cents but not higher than 40 cents per hour for all employees in the municipality of Saint Croix who within the meaning of said act are "engaged in commerce or in the production of goods for commerce," excepting employees exempted by the provisions of section 13 (a) and employees coming under the provisions of section 14. Before any minimum wage rates recommended by the Committee are made effective, a public hearing will be held pursuant to section 8 of the act, at a time and place to be announced by the Administrator and at which all interested persons will have an opportunity to be heard.

Administrative Order No. 229 directed the Special Industry Committee for the municipality of Saint Croix, Virgin Islands, to proceed to investigate conditions and to recommend to the Administrator minimum wage rates for all employees in the industries in such municipality and in such order as the Committee may elect.

Any person who, in the opinion of the Committee or its duly authorized subcommittee, has a substantial interest in the proceeding and is prepared to present material pertinent to the question under consideration, may appear on his own behalf or on behalf of any other person. Persons wishing to appear are requested to file with Russell Sturgis, Territorial Representative of the Wage and Hour Division, 606 Banco Popular Building, Tetuaan and San Justo Streets, San Juan, Puerto Rico, not later than April 8, 1944, notice of intention to appear, a copy of which is to be sent to the Administrator of the Wage and Hour Division, 165 West 46th Street, New York 19, New York. The notice of intention to appear should contain the following information:

1. The name and address of the person appearing.
2. If he is appearing in a representative capacity, the name and address of the person or persons whom, or the organization which, he is representing.
3. A brief summary of the material intended to be presented.
4. The approximate length of time which his presentation will consume.

All testimony will be taken under oath and subject to reasonable cross-examination by any interested person present. Testimony so received will be offered as evidence at the public hearing to be held on such minimum wage recommendations as the Special Industry Committee for the municipality of Saint Croix may make.

Written statements of persons who cannot appear personally will be considered by the Committee provided that twenty copies thereof are received not later than April 8, 1944, at the Wage and Hour Division of the United States Department of Labor, 606 Banco Popular Building, Tetuan and San Justo Streets, San Juan, Puerto Rico. Any person appearing at the hearing who offers written material must submit twenty copies thereof.

Signed at Chicago, Illinois, this 4th day of March 1944.

[Docket No. 6421]

VOICE OF THE ORANGE EMPIRE, INC., LTD. (KVOE)

ORDER DENYING PETITION; DESIGNATING APPLICATION FOR HEARING UPON SPECIFIED ISSUES

In re application of The Voice of the Orange Empire, Inc., Ltd. (KVOE), Santa Ana, California, for construction permit.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 29th day of February, 1944:

The Commission having under consideration a petition filed February 8, 1944, by The Voice of the Orange Empire, Inc., Ltd. (KVOE), Santa Ana, California, for reconsideration and grant of its application for construction permit (B-194, Docket No. 6421, File No. B5-P-3482) and being fully informed in the premises;

It is ordered, That the petition be, and the same is hereby, denied; and

It is further ordered, That the application be, and the same is hereby, designated for further hearing upon the following issues:

1. To determine the extent of the electrical interference which would result to Station KIEM, Eureka, California from Station KVOE, operating as proposed.
2. To determine the areas and populations, if any, which may be expected to lose primary service, with particular reference to Station KIEM, as a result of the operation of Station KVOE, operating as proposed, and what other broadcast service is available to these areas and populations.
3. To determine whether the proposed operation of Station KVOE would result in an impairment to the effectiveness of the operations performed at the Commission's monitoring station located near Santa Ana, California.
4. To determine the extent of the electrical interference which would result to Station CFCT, Victoria, British Columbia, from Station KVOE, operating as proposed.
5. To determine the areas and populations, if any, which may be expected to gain primary service from Station KVOE, operating as proposed, and what other broadcast service is available to these areas and populations.
6. To determine whether the granting of this application would be consistent with the policy announced by the Commission in its supplemental statement of policy of January 26, 1944.

7. To determine whether, in view of the facts adduced under the foregoing issues the granting of this application would serve public interest, convenience and necessity.

Dated at Washington, D. C., March 6, 1944.

[Docket No. 6578]

MATHESON RADIO CO., INC. (WHDH)

NOTICE OF HEARING

In re application of Matheson Radio Company, Inc. (WHDH), date filed October 8, 1943, for modification of license to operate with directional antenna after sunset at Gainesville, Florida; class of service, broadcast; class of station, broadcast; location, Boston, Mass; operating assignment specified: Frequency, 850 kc.; power, 5 kw.; hours of operation, unlimited (DA—Night).

You are hereby notified that the Commission has examined the application in the above-entitled case and has designated the matter for hearing for the following reasons:

1. To determine the extent of any interference which would result from the simultaneous operation of Station WHDH as proposed and station WJW.

2. To determine the areas and populations, which may be expected to lose primary service particularly from Station WJW should Station WHDH operate as proposed and what other broadcast service is available to these areas and populations.

3. To determine whether the granting of this application would tend toward a fair, efficient and equitable distribution of radio service as contemplated by section 307 (b) of the Communications Act of 1934, as amended.

4. To determine whether, in view of the facts adduced under the foregoing issues, public interest, convenience or necessity would be served through the granting of this application.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's rules of practice and procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's rules of practice and procedure.

The applicant's address is as follows: Matheson Radio Company, Inc., Radio Station WHDH, Hotel Touraine, 62 Boylston Street, Boston 16, Massachusetts.

FEDERAL POWER COMMISSION.

[Docket No. G-528]

CONSOLIDATED GAS UTILITIES CORP.

NOTICE OF APPLICATION

MARCH 6, 1944.

Notice is hereby given that on February 17, 1944, the Consolidated Gas Utilities Corporation, a Delaware corporation having its principal place of business at Oklahoma City, Oklahoma, filed with the Federal Power Commission an application for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, as amended, to authorize the construction and operation of the facilities hereinafter described.

Applicant proposes to construct and operate an 8⅝-inch natural-gas transmission pipe line, beginning at a connection with Applicant's previously installed 6-inch natural-gas pipe line at the southeast corner of Section 32, Township 6 North, Range 9 West, Caddo County, Oklahoma, and extending in a westerly direction approximately two and three-fourths miles to the southwest corner of the Southeast quarter of the Southwest quarter of Section 36, Township 6 North, Range 10 West, Caddo County, Oklahoma, and thence in a northwesterly direction approximately three-fourths of a mile to a point approximately 800 feet West of the northeast corner of the Southeast quarter of Section 35, Township 6 North, Range 10 West, Caddo County, Oklahoma, to a point of connection with the 8-inch pipe line of Ray Stephens, Inc.

Applicant estimates that the maximum amount of gas which will be delivered through the facilities described above on the peak day of any year will be 15,000 Mcf; that the minimum quantity of natural gas which will be delivered through such facilities on any one day will be approximately 10,000 Mcf; and that the maximum capacity of such facilities will be approximately 20,000 Mcf. The application states that no customers will be served from the proposed pipe line, and that it will be used exclusively to deliver gas to Cities Service Gas Company at the aforementioned connection with the pipe line of Ray Stephens, Inc.

Any person desiring to be heard or to make any protest with reference to said application should, on or before the 22d day of March, 1944, file with the Federal Power Commission a petition or protest in accordance with the Commission's provisional rules of practice and regulations under the Natural Gas Act.

[Docket No. G-525]

KANSAS-NEBRASKA NATURAL GAS CO., INC.

ORDER FIXING DATE OF HEARING

MARCH 7, 1944.

Upon consideration of the application filed on February 10, 1944, by the Kansas-Nebraska Natural Gas Company, Inc., a Kansas corporation having its principal places of business at Phillipsburg, Kansas, and Hastings, Nebraska, for a certificate of public convenience and necessity under section 7 (c) of the Natural Gas Act, as amended, to authorize the construction and operation of an 18-inch natural gas pipe line 44 miles in length in Kearny and Scott Counties, Kansas; a 12¾-inch natural gas pipe line approximately 115 miles in length from its Scott City compressor station in Scott County to its compressor station west of Stockton in Rooks County, Kansas; an 8⅝-inch loop line approximately 15 miles in length, extending in a northerly direction from the Stockton compressor station, paralleling for this distance its existing 6⅝-inch natural gas pipe line, and the installation of four additional 500 horsepower compressor units in Applicant's present compressor stations, together with appurtenant facilities;

The Commission orders that:

(A) A public hearing be held, commencing on April 4, 1944, at 9:45 a.m., in the Hearing Room of the Federal Power Commission, Hurley-Wright Building, 1800 Pennsylvania Avenue, N. W., Washington, D. C., respecting the matters involved and the issues presented in this proceeding;

(B) Interested State Commissions may participate in this hearing, as provided in § 67.4 of the provisional rules of practice and regulations under the Natural Gas Act.

H. C. BIERING (E. A. M. BIERING)

ORDER FOR AND NOTICE OF HEARING

Order for and notice of hearing before vested Property Claims Committee In the matter of H. C. Biering (E. A. M. Biering): Estate of Richard Theodore Ringling; whereas, by Vesting Order No. 2392 of October 11, 1943 (8 F.R. 14637), the Alien Property Custodian, finding, among other things, that E. A. M. Biering is a national of a designated enemy country (Rumania), vested all right, title and interest and claim of any kind or character whatsoever of E. A. M. Biering in and to a judgment claim against Aubrey Barlow Ringling, Executrix, and the Estate of Richard Theodore Ringling, deceased; and whereas, H. C. Biering has filed Notice of Claim No. 1377, which appears to assert that the claimant is attorney in fact for the said E. A. M. Biering; that the claimant is not a national of a designated enemy country; and that the above described property was vested by mistake;

Now therefore, *It is ordered*, Pursuant to the regulations heretofore issued by the Alien Property Custodian, as amended (8 F.R. 16709), that a hearing on said claim be held before Vested Property Claims Committee on Wednesday, March 22, 1944, at 10:00 a. m. eastern war time, in Room 633 National Press Building, 14th and F Streets NW., Washington, D. C., to continue thereafter at such time and place as the Committee may determine. *It is further ordered*, That copies of this notice of hearing be served by registered mail upon the claimant and upon the person designated in paragraph 2 of the said notice of claim, and be filed with the Division of the Federal Register.

Any person desiring to be heard either in support of or in opposition to the claim may appear at the hearing, and is requested to notify the Vested Property Claims Committee, Office of Alien Property Custodian, National Press Building, 14th and F Streets NW., Washington (25), D. C., on or before March 18, 1944.

The foregoing characterization of the claim is for informational purposes only, and shall not be construed to constitute an admission or an adjudication by the Office of Alien Property Custodian as to the nature or validity of the claim. Copies of the claim and of the said vesting order are available for public inspection at the address last above stated.

JOHAN ERNST NYROP, ET AL.

In re: Assignment from Johan Ernst Nyrop to Paul F. Marxov and Arthur Bloch.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to Alien Property Custodian General Order No. 11 and the Regulations issued thereunder and pursuant to law, the undersigned:

1. Finding that on February 22, 1943 there was recorded in the assignment records of the United States Patent Office an instrument of assignment, purporting to assign the property described below from Johan Ernst Nyrop to Paul F. Marxov and Arthur Bloch, such instrument being identified as follows, and being accompanied by a copy of Form APC-15 and by a report on Form APC-14P:

Date of Execution, Recording Data, Liber and Page, and Property Affected

7-9-41: C-195; 617; Patent Application S. N. 386,189, filed March 31, 1941 and two patents.

2. Finding that Johan Ernst Nyrop is a resident of Denmark and is a national of a foreign country (Denmark);

3. Finding that such instrument affects title to or grants an interest in patents and an application therefor in which a designated foreign country (Denmark) or a national thereof has on or since the effective date of Executive Order No. 8389, as amended, had an interest;

4. Finding that one of the parties to such instrument is a national of a designated foreign country (Denmark);

5. Determining that the recordation of such instrument was subject to the provisions of the Alien Property Custodian General Order No. 11 and of the Regulations issued thereunder and in particular of paragraph (a) (3) of Regulation No. 2, as amended, under said General Order;

6. Finding that such instrument was not intended to transfer and did not have the effect of transferring the beneficial interest in the patents and application thereby affected to Paul F. Marxov and Arthur Bloch, and was executed without any license or permission from the Treasury Department or from the Alien Property Custodian;

7. Determining that the action hereinafter ordered is in the interest of and for the benefit of the United States;

hereby orders that the aforesaid instrument shall be, and it hereby is, set aside.

Each of the terms "designated foreign country" and "national" as used herein shall have the meaning prescribed in Regulation No. 2, as amended, under General Order No. 11.

Executed at Washington, D. C., on February 2, 1944.

CHINOIN CHEMICAL & PHARMACEUTICAL WORKS CO., LTD.

In re: Interest of Chinoin Chemical & Pharmaceutical Works Co. Ltd. in an agreement with The Treemond Corporation.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding;

1. That Chinoin Chemical & Pharmaceutical Works Co. Ltd. is a corporation organized under the laws of Hungary and is a national of a foreign country (Hungary);

2. That the property described in subparagraph 3 hereof is property of Chinoin Chemical & Pharmaceutical Works Co. Ltd.;

3. That the property described as follows:

All interests and rights (including all royalties and other monies payable or held with respect to such interests and rights and all damages for breach of the agreement hereinafter described, together with the right to sue therefor) created in Chinoin Chemical & Pharmaceutical Works Co. Ltd. by virtue of an agreement dated September 11, 1939 (including all modifications thereof and supplements thereto, if any) by and between Chinoin Chemical & Pharmaceutical Works Co. Ltd. and The Treemond Corporation, which agreement relates, among other things, to certain United States Letters Patent, including Patent No. 2,167,132,

is property payable or held with respect to patents or rights related thereto in which interests are held by, and such property itself constitutes interests held therein by, a national of a foreign country (Hungary);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a

hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

2. That the property identified in subparagraph 3 hereof is property of I. G. Farbenindustrie Aktiengesellschaft;

3. That the property described as follows:

All interests and rights (including all royalties and other monies payable or held with respect to such interests and rights and all damages for breach of the agreement hereinafter described, together with the right to sue therefor) created in I. G. Farbenindustrie Aktiengesellschaft by virtue of an agreement dated June 28, 1935 (including all modifications thereof and supplements thereto, if any) by and between I. G. Farbenindustrie Aktiengesellschaft and E. I. du Pont de Nemours & Company, which agreement relates, among other things, to Patent No. 2,061,620,

is property payable or held with respect to patents or rights related thereto in which interests are held by, and such property itself constitutes interests held therein by, a national of a foreign country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

L'AIR LIQUIDE, ET AL.

In re: Patents and interests of l'Air Liquide, Societe Anonyme pour l'Etude et l'Exploitation des Procedes Georges Claude and Societe Chimique de la Grande Paroisse, Azote et Produits Chimiques in agreements with Lazote Inc., E. I. Dupont de Nemours & Company and Hercules Powder Company.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That l'Air Liquide, Societe Anonyme pour l'Etude et l'Exploitation des Procedes Georges Claude and Societe de la Grande Paroisse, Azote et Produits Chimiques are corporations organized under the laws of France and are nationals of a foreign country (France);

2. That the property described in subparagraph 3 hereof is property of l'Air Liquide, Societe Anonyme pour l'Etude et l'Exploitation des Procedes Georges Claude and Societe

de la Grande Paroisse, Azote et Produits Chimiques;

3. That the property described as follows:

(a) All interests and rights (including all royalties and other monies payable or held with respect to such interests and rights and all damages for breach of the agreement hereinafter described, together with the right to sue therefor) created in l'Air Liquide, Societe Anonyme pour l'Etude et l'Exploitation des Procedes Georges Claude and Societe Chimique de la Grande Paroisse, Azote et Produits Chimiques, and each of them, by virtue of an agreement dated May 25, 1929 (including all modifications thereof and supplements thereto, if any) by and between E. I. Dupont de Nemours & Company, Lazote, Inc., l'Air Liquide, Societe Anonyme pour l'Etude et l'Exploitation des Procedes Georges Claude and Societe Chimique de la Grande Paroisse, Azote et Produits Chimiques, which agreement relates, among other things, to United States Letters Patent,

(b) All interests and rights (including all royalties and other monies payable or held with respect to such interests and rights and all damages for breach of the agreement hereinafter described, together with the right to sue therefor) created in l'Air Liquide, Societe Anonyme pour l'Etude et l'Exploitation des Procedes Georges Claude and Societe Chimique de la Grande Paroisse, Azote et Produits Chimiques, and each of them, by virtue of an option agreement dated December 12 and 13, 1938 (including all modifications thereof and supplements thereto, if any) by and between l'Air Liquide, Societe Anonyme pour l'Etude et l'Exploitation des Procedes Georges Claude, Societe Chimique de la Grande Paroisse, Azote et Produits Chimiques and Hercules Powder Company, which agreement relates, among other things, to United States Letters Patent,

(c) All right, title and interest, including all accrued royalties and all damages and profits recoverable at law or in equity from any person, firm, corporation or government for past infringement thereof, in and to the patents identified in Exhibit A attached hereto and made a part hereof,

is property of, or is property payable or held with respect to patents or rights related thereto in which interests are held by, and such property itself constitutes interests held therein by, nationals of a foreign country (France);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States; *Provided, however*, That the property herein vested shall not include any right, title or interest of said Hercules Powder Company in and to the aforesaid agreement, nor shall such vesting disturb in any way the right of said Hercules Powder Company to exercise such option or affect adversely in any way any right, title, interest or privilege it might have as a result of having exercised such option.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on February 2, 1944.

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on February 15, 1944.

HATTIE P. DANIELSON

In re: Estate of Hattie P. Danielson, deceased; File: D–28–7681; E. T. sec. 8221.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Arthur G. Stangland, Executor, acting under the judicial supervision of the County Court of the State of Oregon for the County of Clatsop;

(2) Such property and interests are payable or deliverable to, or claimed by, a national of a designated enemy country, Germany, namely,

National and Last Known Address

Mrs. Hattie Ludwig-Paul, Germany.

And determining that—

(3) If such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Mrs. Hattie Ludwig-Paul in and to the Estate of Hattie P. Danielson, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Dated: February 26, 1944.

ALMA M. GANTZER

In re: Estate of Alma M. Gantzer, deceased; File F–28–6007; E. T. sec. 7122.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Walter H. Eden, 64–25 85th Road, Woodhaven, New York, Executor, acting under the judicial supervision of the Surrogate's Court, New York County, State of New York;

(2) Such property and interests are payable or deliverable to, or claimed by nationals of a designated enemy country, Germany, namely,

Nationals and Last Known Address

Eva Klischat, Berlin, Germany.

Max Ahlers, his wife Maria Ahlers and their issue, Hamburg, Germany.

Emma Schmidt and her issue, Hamburg, Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Eva Klischat, Max Ahlers, his wife Maria Ahlers and their issue and Emma Schmidt and her issue, and each of them, in and to the estate of Alma M. Gantzer, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

OFFICE OF PRICE ADMINISTRATION.

Regional and District Office Orders.

[Region I Order G–57 Under RMPR 122]

SOLID FUELS IN NORWICH, CONN., AREA

Order No. G–57 under Revised Maximum Price Regulation No. 122. Solid fuels sold and delivered by dealers. Specified solid fuels, Norwich, Connecticut, Area.

For the reasons set forth in an opinion issued simultaneously herewith, and under the authority vested in the Regional Administrator of Region I of the Office of Price Administration by § 1349.260 of Revised Maximum Price Regulation No. 122 and the Emergency Price Control Act of 1942, as amended, it is hereby ordered:

(a) *Maximum prices established by this order.* The maximum prices established by §§ 1340.252, 1340.254, 1340.256, 1340.257 and 1340.265 of Revised Maximum Price Regulation No. 122 for sales of specified kinds of solid fuels in the Norwich, Connecticut, Area by dealers, and for specified services rendered by dealers in connection with the sale or handling of said specified solid fuels, are hereby modified, so that the maximum prices therefor shall be the prices hereinafter set forth.

Maximum prices are established for (1) sales of various quantities of specified solid fuels to various classes of purchasers under various conditions of delivery; and (2) charges which may be made, in addition to such maximum prices for the specified solid fuels, for specified services.

The geographical applicability of this Order G–57 is explained in paragraph (h) and the terms used herein are defined in paragraph (f).

Except as otherwise specifically provided herein, the provisions of Revised Maximum Price Regulation No. 122 apply to all transactions which are the subject of this Order G–57. Specifically, but without limiting the generality of the foregoing, the prohibitions contained in § 1340.252 apply except to the extent that this Order G–57 provides uniform allowances, discounts, price differentials, service charges, and so forth. Nothing contained in this order shall be so construed as to permit non-compliance with any statutes of the State of Connecticut, or any rules or regulations promulgated under any such statutes, concerning sales or deliveries of solid fuels.

(b) *Price Schedule I: Sales on a delivered basis.* (1) Price Schedule I sets forth maximum prices for sale of specified kinds, sizes and quantities of solid fuels on a "Direct delivery" basis at any point in the Norwich, Connecticut, Area:

Kind and size	Per net ton	Per ½ ton	Per ¼ ton	Per 100 lbs.
Pennsylvania anthracite:				
Broken, egg, stove and chestnut	$16.75	$8.90	$4.70	$0.95
Pea	14.20	8.10	4.30	.90
Buckwheat	12.55	6.80	3.65	.75
Rice	11.70	6.35	3.45	.70
Yard screenings	8.50	----	----	----
Koppers coke: Egg, stove and chestnut	15.30	8.25	4.40	.90
Ambricoal	16.05	8.55	4.55	.90

Provided, however, That for deliveries to consumers whose bins or storage facilities are located in Marlboro, the sum of 50 cents per ton, or 25 cents per half-ton, or 15 cents per quarter-ton, may be added to the foregoing prices.

(2) *Quantity discount.* The foregoing per net ton prices shall be reduced by 50 cents per ton on sales to consumers whose annual purchases amount to 50 tons, or more. A consumer's annual purchases determine his classification whether or not he purchased all of his requirements from a single dealer.

(3) *Maximum authorized service and deposit charges.* (a) The maximum prices per 100 pounds include carrying or wheeling to buyer's bin or storage space. If the buyer requests such service of him, the dealer may make the following charges for carrying or wheeling of quarter-ton and larger quantities to the buyer's bin or storage space:

	Per net ton	Per ½ ton	Per ¼ ton
For any carry or wheeling from a "direct delivery" point, exclusive of charges for carries up flights of stairs	$0.70	$0.35	$0.15
For any carry up flights of stairs, per flight	.30	.15	.15

(b) If the buyer requests that fuel delivered in burlap bags furnished by the dealer be left in the bags, the maximum amount which may be required by the dealer as a deposit on, or as predetermined liquidated damages for failure to return, the bags shall be 25 cents per bag.

(c) *Price Schedule II: Yard sales to consumers.* (1) Price Schedule II sets forth maximum prices for sales of specified kinds, sizes and quantities of solid fuels delivered at the yard of any dealer in the Norwich, Connecticut, Area to consumers.

Kind and size	Per net ton	½ ton	¼ ton	100 lbs.
Pennsylvania anthracite:				
Broken, egg, stove, and chestnut	$15.75	$7.90	$3.95	$0.85
Pea	14.20	7.10	3.55	.80
Buckwheat	11.55	5.80	2.90	.65
Rice	10.70	5.35	2.70	.60
Yard screenings	7.50	----	----	----
Koppers coke: Egg, stove, chestnut	14.30	7.30	3.65	.80
Ambricoal	15.05	7.55	3.80	.80

(2) *Quantity discount.* The provisions of subparagraph (2) of paragraph (b) shall apply to the foregoing prices for yard sales to consumers.

(3) *Maximum authorized bagging and deposit charges.* (a) The maximum prices per 100 pounds are for 100 pounds bagged, but do not include the bag. If the buyer requests such service of him, the dealer may make the following charges for bagging quarter-ton and larger quantities, exclusive of any deposit charges on bags furnished by the dealer.

	Cents
Per net ton	50
Per half ton	25
Per quarter ton	15

(b) The maximum amount which may be required by the dealer as a deposit on, or as predetermined liquidated damages for failure to return, burlap bags furnished by the dealer shall be 25 cents per bag.

(d) *Terms of sale; sales to consumers.* If payment is made by the buyer within 10 days after receipt of the fuel, the maximum prices set forth in paragraphs (b) and (c), including those prices as reduced in accordance with paragraphs (b) (2) and (c) (2), shall, except in the case of Pennsylvania anthracite yard screenings, be reduced by $1.00 per ton, or by 50 cents per half-ton, or by 25 cents per quarter-ton, which reductions are "cash discounts." No further discount is required for cash on delivery, and no "cash discount" is required on sales of Pennsylvania anthracite yard screenings or on any sales of less than a quarter-ton. If payment is not required or made at the time of delivery or (except in the cases of yard screenings and less than quarter-ton lots) within 10 days thereafter, terms shall be net thirty days.

(e) *Price Schedule III: Yard sales to dealers.* (1) Price Schedule III sets forth maximum prices for sales of specified kinds, sizes and quantities of solid fuels delivered at the yard of any dealer in the Norwich, Connecticut, Area to dealers in fuels who resell them.

Kind and size	Per net ton	Per ½ ton	Per ¼ ton
Pennsylvania anthracite:			
Broken, egg, stove and chestnut	$15.75	$8.90	$4.45
Pea	12.20	6.10	3.05

(2) *Terms of sale.* Terms of sale may be net cash, but no additional charge shall be made for the extension of credit terms of net 30 days or net 10 days E. O. M.

(3) *Maximum authorized bagging and deposit charges.* (a) If the buyer requests such service of him, the seller may make the following charges for bagging, exclusive of any deposit charges on bags furnished by the seller.

	Cents
Per net ton	50
Per half ton	25
Per quarter ton	15

(b) The maximum amount which may be required by the seller as a deposit on, or as predetermined liquidated damages for failure to return, burlap bags furnished by the seller shall be 25 cents per bag.

(f) *Definitions.* When used in this Order G–57, the term:

(1) "Norwich, Connecticut, Area" shall include the following cities and towns in the State of Connecticut: Bozrah, Colchester, Griswold, Franklin, Lisbon, Marlboro, Norwich, Preston, Salem, Sprague, and Voluntown.

(2) "Specified solid fuels" shall include all Pennsylvania anthracite, Koppers coke and ambricoal.

(3) "Pennsylvania anthracite" means coal produced in the Lehigh, Schuylkill and Wyoming regions in the Commonwealth of Pennsylvania.

(4) "Broken," "egg," "stove," "chestnut," etc., sizes of Pennsylvania anthracite refer to the sizes of such coal prepared at the mine in accordance with standard sizing specifications adopted by the Anthracite Emergency Committee, effective December 15, 1941.

(5) "Koppers coke" means the by-product coke produced by the Koppers Coke Company at its plant in New Haven, Connecticut.

(6) "Ambricoal" means anthracite briquettes manufactured by American Briquet Company at its plant at Lykens, Pennsylvania, and marketed under that trade name.

(7) "Dealer" means any person selling solid fuel except producers or distributors making sales at or from a mine, a preparation plant operated as an adjunct of any mine, a coke oven, or a briquette plant.

(8) "Direct delivery" means dumping or chuting the fuel from the seller's truck or wagon directly into the buyer's bin or storage space; but, if that is physically impossible, the term means discharging the fuel directly from the seller's truck at the point where this can be done which is nearest and most accessible to the buyer's bin or storage space.

(9) "Carry" and "wheel" refer to the movement of fuel to buyer's bin or storage space by wheelbarrow, barrel, bag, sack or otherwise from the dealer's truck or wagon, or from the point of discharge therefrom, to buyer's bin or storage space.

(10) "Yard sales" shall mean deliveries made by the dealer in his customary manner at his yard.

(11) Except as otherwise specifically provided, and unless the context otherwise requires, the definitions set forth in §§ 1340.255 and 1340.266 of Revised Maximum Price Regulation No. 122 shall apply to the terms used herein.

(g) *Transportation tax.* Any dealer subject to this order may collect, in addition to the specified maximum prices established herein, provided he states it separately, the amount of the transportation tax imposed by section 620 of the Revenue Act of 1942 actually paid or incurred by him, or an amount equal to the amount of such tax paid by any of his prior suppliers and separately stated and collected from the dealer by his supplier; *Provided, however,* That no part of that tax may be collected in addition to the maximum price on sales of lesser quantities than one-quarter ton; *And provided, further,* That the dealer need not state separately from his selling price the amount of said tax on a sale to the United States or any agency thereof, any state government or any political subdivision thereof.

(h) *Geographical applicability.* The maximum prices established by this order for "yard sales" shall apply to all such sales of the specified solid fuels at a yard located in the area covered by this order, regardless of the ultimate destination of the fuel. The maximum prices established by this order for sales on a delivered basis shall apply to all such sales of the specified solid fuels to purchasers who receive delivery of the fuel within the area covered by this order, regardless of whether the dealer is located within said area.

(i) *Lower prices permitted.* Lower prices than those set forth herein may be charged, paid, or offered.

(j) *Posting of maximum prices; sales slips and receipts.* (1) Every dealer subject to this order shall post all of the maximum prices established hereby which apply to the types of sales made by him in his place of business in a manner plainly visible to and understandable by the purchasing public, and shall keep a copy of this order available for examination by any person during ordinary business hours. In the case of a dealer who sells directly to consumers from a truck or wagon, the posting shall be done on the truck or wagon. All postings shall include the relevant terms of sale. The prices established hereby need not be reported under § 1340.262 (c) of Revised Maximum Price Regulation No. 122.

(2) Every dealer selling solid fuel for sales of which a maximum price is set by this order shall give to each purchaser an invoice or similar document showing (a) the date of the sale or delivery, the name and address of the dealer and of the buyer, the kind, size and quantity of the solid fuel sold, and the price charged; and (b) separately stating any special services rendered and other charges made and the amount charged therefor. This paragraph shall not apply to sales of quantities of less than one-quarter ton unless the dealer customarily gave such a statement on such sales.

(3) In the case of all other sales, every dealer who during December, 1941, customarily gave buyers sales slips or receipts shall continue to do so if a buyer requests of a seller a receipt showing the name and address of the dealer, the kind, size and quantity of the solid fuel sold to him or the price charged, the dealer shall comply with the buyer's request as made by him.

(k) *Records.* Every person making a sale of solid fuel for which a maximum price is set by this order shall keep a record thereof, showing the date, the name and address of the buyer (if known), the per net ton price charged and the solid fuel sold. The solid fuel shall be identified in the manner in which it is described in this order. The record shall also separately state each service rendered and the charge made for it.

(l) *Petitions for amendment.* Any person seeking an amendment of any provision of this order may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1, except that the petition shall be filed in the Boston Regional Office of the Office of Price Administration. No appeals from a denial in whole or in part of such petition by the Regional Administrator may be made to the Price Administrator.

(m) This order may be revoked, amended, or corrected at any time.

NOTE: The reporting and record-keeping provisions of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This Order No. G–57 shall become effective March 10, 1944.

[Region II Order G–1 Under MPR 280 as Amended]

Fluid Milk in New York Region

Order No. G–1 under § 1351.817 (a) of Maximum Price Regulation No. 280, as amended. Maximum Prices for specific food products. Maximum prices for inter-handler sales of bulk fluid milk.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region II of the Office of Price Administration by § 1351.817 (a) of Maximum Price Regulation No. 280, as amended, it is hereby ordered:

(a) On and after February 16, 1944, regardless of any contract, agreement or other obligation, no handler (as hereinafter defined in section (i)) shall sell or deliver fluid milk in other than glass or paper containers, and no handler or dealer in the course of trade or business shall buy fluid milk in other than glass or paper containers at a price higher than the maximum price permitted by this Order No. G–1; and no handler or dealer (as hereinafter defined in section (i)) shall agree, offer, solicit or attempt to do any of the foregoing.

(b) The maximum price at which a primary handler (as hereinafter defined in section (i)) may sell or deliver fluid milk at wholesale, in other than glass or paper containers, to any purchaser, other than a store, hotel, restaurant or institution, and the maximum price at which any purchaser other than a store, hotel, restaurant or institution, in the course of trade or business, may purchase or receive such fluid milk from a primary handler at a receiving or processing plant within the States of New York, New Jersey, Pennsylvania, Delaware, Maryland and the District of Columbia comprising Region II of the Office of Price Administration, shall be the applicable maximum price specified below:

(1) Where such entire annual output is sold or delivered to a single purchaser pursuant to a contract therefor, the lower of either of the following:

(i) The contract price, or

(ii) The primary handler's fluid milk cost, plus a markup of 25¢ per cwt., f. o. b., primary handler's receiving or processing plant.

(2) Where a stated quantity but less than such entire annual output is sold or delivered to a purchaser for 6 or more consecutive days pursuant to a contract therefor, the lower of either of the following:

(i) The contract price, or

(ii) The primary handler's fluid milk cost, plus a markup of 30¢ per cwt., f. o. b. primary handler's receiving or processing plant.

(3) Where fluid milk is sold or delivered to a purchaser for 5 or less consecutive days pursuant to a contract therefor, the lower of either of the following:

(i) The contract price, or

(ii) The primary handler's fluid milk cost, plus a markup of 40¢ per cwt., f. o. b. primary handler's receiving or processing plant.

(c) A primary handler is permitted to add to the applicable maximum price specified in section (b) hereof, (1) a charge not to exceed 3¢ per cwt. for the sale or delivery of such milk in 40 to 47 quart cans, and (2) an additional charge not to exceed 5¢ per can when such cans are supplied by such primary handler: *Provided*, That such additional charges in all cases must be separately shown and separately stated on the invoice: *And provided, further*, That such additional charges may be made only in those cases where the purchaser voluntarily requests the delivery of fluid milk in cans. The primary handler may not, as a condition for the sale or delivery of fluid milk, require the purchaser to request or to take delivery in cans.

(d) For pasteurizing fluid milk a primary handler may add to the applicable maximum price specified in section (b) hereof, a charge not to exceed 15¢ per can when such milk is sold or delivered in 40 quart cans, or 17¢ per cwt. when such milk is sold in 47 quart cans or by the hundredweight, *Provided*, That such additional charge for pasteurization must be separately shown and separately stated on the invoice.

(e) In the event that a primary handler delivers such fluid milk to a place designated by the purchaser, there may be added to the applicable maximum price established in section (b) hereof, transportation charges not to exceed the lowest of any of the following:

(1) The lowest available common carrier rate, or

(2) The lowest available contract carrier rate, or

(3) When transportation is provided in trucks owned or controlled by the seller, the reasonable value of such transportation.

(f) The maximum price at which an intermediate handler (as hereinafter defined in section (i)) may sell and deliver fluid milk at wholesale in other than glass or paper containers to any purchaser other than a store, hotel, restaurant or institution, and the maximum price at which any purchaser other than a store, hotel, restaurant or institution, in the course of trade or business, may purchase or receive such fluid milk from an intermediate handler within the States of New York, New Jersey, Pennsylvania, Delaware, Maryland and the District of Columbia comprising Region II of the Office of Price Administration, shall be the price at which such fluid milk was purchased from a primary handler in accordance with section (b) hereof, plus can, transportation and pasteurization costs, if any, in accordance with sections (c), (d) and (e) hereof plus a markup no greater than the difference, if any, between the markup the primary handler was entitled to take under section (b) hereof and the markup the intermediate handler would be entitled to take on the sale by him if such sale had been made by him as a primary handler. For example, if an intermediate handler purchases the entire annual output of fluid milk from a primary handler's plant and paid for such milk in accordance with section (b) (1) hereof, and if such interhandler resells such fluid milk in accordance with section (b) (2) hereof, he shall be entitled to the difference between the 25¢ markup prescribed in section (b) (1) and the 30¢ markup prescribed in section (b) (2). If an intermediate handler purchases fluid milk from a first interhandler, in accordance with section (b) (2) hereof and resells such milk in accordance with section (b) (3) hereof, such second intermediate handler shall be entitled to the difference between the markup prescribed in section (b) (2) and the markup prescribed in section (b) (3). It is the purpose of this section to prevent successive intermediate handlers from adding successive markups at the full amount permitted by sections (b) (1), (2) or (3) to the end that the aggregate markups taken by all handlers shall not exceed 40¢ per cwt.

(g) Every broker taking part in a sale of fluid milk by a primary handler or intermediate handler shall be considered the agent of the seller and the amount paid such broker for such sale plus the amount paid the seller for such sale, shall not exceed the maximum price as established herein.

(h) *Geographical applicability.* The provisions of this order shall apply to all sales by primary and intermediate handlers of fluid milk which is first physically received from producers at receiving or processing plants within Region II.

(i) *Definitions.* (1) "Fluid milk" means liquid cow's milk resold for human consumption in fluid form.

(2) "Handler" means any person who, on his own behalf or on behalf of another, purchases fluid milk from producers, associations of producers, or other handlers, and who sells such fluid milk at wholesale in bulk (other than in glass or paper containers), to any person, other than stores, hotels, restaurants, and institutions.

(i) A "producer" is also a handler with respect to that fluid milk purchased by him from other producers, associations of producers, or other handlers, which fluid milk is sold by him at wholesale in bulk (other than in glass or paper containers), to any person, other than stores, hotels, restaurants, and institutions.

(ii) A "farmers' cooperative" is also a handler with respect to that fluid milk processed for it by operators of milk receiving or processing plants, and with respect to that fluid milk handled in physical facilities for receiving, processing, or distributing fluid milk which are owned or leased by the cooperative, which fluid milk is sold by it at wholesale in bulk (other than in glass or paper containers), to any person, other than stores, hotels, restaurants, and institutions.

(3) "Primary handler" means a handler who purchases fluid milk from producers and resells such fluid milk in bulk to other handlers and dealers.

(4) "Intermediate handler" is a handler who purchases fluid milk from primary handlers or other intermediate handlers and resells such fluid milk in bulk to other handlers or dealers.

(5) "A dealer" means any person who sells fluid milk at retail, or at wholesale in glass or paper containers, or at wholesale in other than glass or paper containers to stores, hotels, restaurants, and institutions.

(6) "Contract price" means the price agreed upon between a handler and a purchaser.

(7) "The primary handler's fluid milk cost" means the price paid for fluid milk by a primary handler to a producer but not exceeding the maximum price established therefor under Maximum Price Regulation No. 329, as amended, or any applicable order issued under said regulation. If a primary handler purchases or receives fluid milk from a producer under the provisions of any order, agreement or license issued pursuant to the Agricultural Marketing Agreement Act of 1937, as amended, "the primary handler's fluid milk cost" shall mean the price paid by such primary handler to such producer under such order, agreement or license.

(8) "F. o. b. the primary handler's receiving or processing plant" means delivered at the seller's receiving or processing plant.

(9) Unless the context otherwise requires the definitions set forth in section 302 of the Emergency Price Control Act of 1942, as amended, shall apply to other terms herein.

(j) This order may be amended, revoked or corrected at any time.

(k) This order shall become effective February 16, 1944.

(56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871 and E.O. 9328, 8 F.R. 4681)

Wholesale Prices of Dry Onions in Cleveland Region

Amendment No. 1 to Order No. G–1 under Revised Maximum Price Regulation No. 271. Order adjusting maximum wholesale prices of dry onions sold in Region III.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region III of the Office of Price Administration by § 1351.1001, Article II, section 11 (c) (7) (iii) of Revised Maximum Price Regulation No. 271, it is hereby ordered that section (b) of Order No. G–1 under Revised Maximum Price Regulation No. 271 be amended to read as set forth below.

(b) *Maximum prices for intermediate sellers.* (1) On the effective date of this order and on Wednesday of each week thereafter, the seller shall calculate his maximum prices for each grade of onion by determining his base price as provided in Article II, section 11 of Revised Maximum Price Regulation No. 271. The seller shall next determine whether he is a first or second intermediate seller as defined in this order. He shall then add to his base price for each grade and variety of dry onions the appropriate mark-up as specified in Schedule A of this order for the particular distributive function which he performs on each individual sale.

(2) Any first intermediate seller of dry onions may file in duplicate with the appropriate District Office of the Office of Price Administration, a statement in affidavit form showing that from October 1, 1943, through December 31, 1943, at least 65% of its dollar volume of all fresh fruit and vegetable sales were made to retailers or to purveyors of meals. The appropriate District Office of the Office of Price Administration upon approving such affidavit may issue written authorization permitting such first intermediate sellers of dry onions to make sales to retailers, hotels, restaurants, or institutional users at the prices set forth in Schedule A (2) for second intermediate sellers. Nothing in such authorization shall be construed to permit any change in the maximum price for sales to other intermediate sellers.

This amendment shall become effective March 3, 1944.

(56 Stat. 23, 765, Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871 and E.O. 9328, 8 F.R. 4681)

Issued March 3, 1944.

[Saginaw Order G–1 Under MPR 429]

Rebuilt Upholstered Furniture in Saginaw District, Mich.

Order No. G–1 under Maximum Price Regulation No. 429, adjusting maximum prices of certain articles of rebuilt upholstered furniture.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Saginaw District Office of the Office of Price Administration by sections 9 and 10 of Maximum Price Regulation No. 429 and by Amendment No. 4 to Delegation Order No. 1–A, issued by the Regional Administrator of Region III, it is hereby ordered:

Section 1. *What this order does.* Pursuant to section 9 of Maximum Price Regulation No. 429, this order grants permission to sellers at retail to sell certain articles or rebuilt upholstered furniture at prices higher than the maximum prices prescribed by said regulation in instances where such rebuilding entails expenditures for labor and material so substantial in amount that sellers cannot reasonably be expected to rebuild properly such articles for resale at maximum prices fixed by the regulation.

Sec. 2. *What articles are covered by this order.* "Article," when used in this order, refers to one unit of rebuilt upholstered living room furniture (spring type), either an upholstered chair or upholstered davenport, such article having been thoroughly rebuilt in accordance with standards set forth in section 3 of this order. Each such article must incorporate the following general distinctive features:

(a) A coil spring foundation platform and a coil spring back which in each instance is supported by and sewed to upholsterer's webbing (or an all-steel unit (spring type) of the kind termed "construction" in the furniture trade).

(b) Separate seat cushions having spring units incorporating multiple numbers of coil springs.

(c) All such spring units (foundation platform, back assembly, and cushion) being properly tied, padded and covered with materials as specified and required by this order.

(d) Covered over all with a cloth covering (upholsterer's fabric) of a grade suitable for pricing in accordance with the pricing chart (Appendix A) of this order.

In appearance, workmanship, and styling, the rebuilt article must be comparable to, and offer a service value approximately equal to, a new article of similar character, construction, and quality.

Sec. 3. *Thorough rebuilding required.* No articles covered by this order shall be sold at the higher prices fixed by this order unless they have, prior to their being offered for sale, been thoroughly rebuilt. Thorough rebuilding shall include the following operations:

(a) The used article must be stripped to the bare frame.

(b) All old materials, padding, webbing, twine, covers, etc., with the exception of the frame and the springs, must be disposed of and not used in any manner in rebuilding the article.

(c) The frame and spring parts, which are to be incorporated in the rebuilt article, are to be sanitized by fumigation or by spraying.

(d) Where the frame is loose or broken, it is to be repaired by retightening, realigning, and regluing, paying special attention to the corner blocks, so that the frame is sturdy and comparable in utility value to a new frame. Any section of the frame which is split must be replaced.

(e) *Platform springs.* No misshaped, broken, or rusty springs shall be used in the rebuilt article. All springs not having suitable resilience to render good service shall be replaced with new (within War Production Board limitations) or used springs of comparable quality.

(f) "Rope-tied" spring assemblies shall be completely retied with new upholsterer's standard 6-ply 60 or better spring twine in a manner and pattern to provide serviceability, using not less than the number of ties to each spring indicated for each group in the pricing chart of Appendix A. The springs shall be securely sewed to and supported by upholsterer's webbing (Note 1), and shall in all instances be tied top and bottom and to the front frame member. Description of the different ties to be used are as follows:

(i) "Four-tie" shall mean that each spring coil in the (platform and back) spring constructions is tied twice in a twine run front to back and tied twice in a twine run from side to side (four ties in all to each spring).

(ii) A "six-tie" incorporates the "four-tie" and in addition has one twine run across each spring in a diagonal manner, tying twice on each spring (six ties in all to each spring.)

(iii) An "eight-tie" incorporates the "four-tie" and in addition has two diagonal twine runs (at right angles to each other) across the bed, tying twice on each spring (eight ties in all to each spring.)

(g) "Construction type" all steel spring assemblies, where used, shall be required with replacement springs where out of shape, broken, or rusty, and shall be retied with wire, duplicating as near as possible the original construction, or (alternatively) retied with twine, using the eight-tie construction outlined in paragraph (f) (iii).

(h) The platform spring assembly of each davenport priced under this order must have a minimum of 27 coil springs; each chair a minimum of 9 coil springs.

(i) *Back spring assembly.* The spring assembly in the back of each davenport and chair shall be sewed to the back webbing and twine tied with the number of ties (or more) required for the price class of the article.

(j) Before placing any filling over the platform and back spring assemblies, the assemblies shall be covered with a durable heavy fabric (Note 2).

(k) New moss (Note 3) filling must be used as a filler over the platform and back spring assemblies and in the arms. In Classes A and B, this may consist of 50 per cent clean moss and 50 per cent clean tow; in all other classes, 100 per cent clean moss only can be used. Over the filler, at least one layer of cotton felt padding is required. A roll edge (1½") shall be placed over the front edge of the springs in the platform assembly. The deck covering over the filler in the platform assembly shall be of a good durable grade of denim, or other suitable cloth generally used by upholsterers.

(l) *Arms and back.* In keeping with the style of the article the arm and back frame members shall be well padded, using materials allowed in sub-paragraph (k) above, particular attention being given that edges are sufficiently covered to prevent cutting of covering fabric.

(m) *Covering fabric.* Each article shall be covered with a covering fabric using upholsterer's fabric of a grade with the price class of the article as determined by the pricing chart (Appendix A) of this order. With the exception of the legs and the bottom and top (deck) of the foundation platform, the article shall be completely covered with the same grade of fabric. On the front edge of the deck, a suitable overlapping must be made so that deck covering is not exposed to view when the seat cushions are in place.

(n) *Seat cushions.* The article shall have separate seat cushions incorporating coil spring assemblies of the "Marshall type," (each coil being in its own individual cloth pocket). Each seat cushion must be covered top, bottom, and sides with the same grade upholstering fabric used on the back and arms of the article. No broken, crooked, or rusty spring coils shall be used in the cushion units, and the spring assembly shall have good resilience. If a one-piece exposed unit type spring coil construction is used in the seat cushions instead of the "Marshall-type" spring assembly, as mentioned above, 50 cents must be deducted for each cushion in the article or suite.

(o) *Wood parts.* All exposed wooden parts shall be refinished or replaced with new parts so that they present an unblemished appearance. Articles priced in Groups C, D, E, and F must have new feet of appropriate design.

NOTES

NOTE 1. *Webbing.* In all instances, the webbing used in any rebuilt upholstered article covered by this Order shall be new. In the platform (bottom) spring construction a grade weighing not less than 7½ pounds to the 72 yard roll must be used. In the back spring construction a grade weighing 5½ pounds or more to the 72 yard roll must be used.

In Groups A and B, wood slats of seasoned hardwood may be used in lieu of webbing, these to be securely placed in the frame so as to render service comparable to webbing; or, also as an alternative, heavy canvas of the type used by upholsterers for spring suspension may be used.

NOTE 2. *Spring covering fabric.* Upholsterer's deck or burlap or, if unobtainable, "Canaberg" or other material of comparable quality must be used.

NOTE 3. *Moss.* New moss or a clean material of comparable quality and serviceability may be used. (Excelsior or similar materials are not permissible.)

SEC. 4. *Identification of merchandise and warranty required by sellers, etc.* (a) *Tagging.* Each article of rebuilt upholstered furniture priced pursuant to this order must be plainly identified by the seller's identification number for the article. This shall be accomplished by securely fixing to each article a tag on which such number is legibly printed and there shall also be included a statement to the effect that the article has been priced in accordance with Order No. 1, under section 9 of Maximum Price Regulation No. 429, issued by the Saginaw District Office of the Office of Price Administration, and that the article has been thoroughly rebuilt as required by each order and is warranted by the seller to give a service closely comparable to that of a new article of similar price. This tag must accompany the article when delivered to the purchaser and must not be removed by the seller.

(b) *Records, invoices, etc.* Complete records of price determination, cost data, and sales shall oe kept during the effective period of this order and shall be open to inspection by officials of the Office of Price Administration at any time. A sales slip or invoice must in each instance be rendered to the purchaser and shall set forth the identification number of the article and the amount paid, and shall also include a detailed statement as to any other permissible charges, such as allowed by section 11 of Maximum Price Regulation No. 429.

SEC. 5. *Maximum prices permitted by this order.* Articles of rebuilt upholstered furniture, where all the requirements of this order have been met, are to be priced in accordance with Appendix A, which is hereby incorporated in and made a part of this order.

In establishing a price for a rebuilt suite or article under this order, the retail seller determines the price class and maximum retail price by:

(a) Determining the group (A–B–C–D–E or F) in which the article(s) meets all the minimum requirements of styling, inside arm to arm dimensions of the davenport, spring and tying construction of the platform assembly and/or the back, and other specific requirements, and then,

(b) Determining the price group of upholsterer's cloth fabric used in covering the article(s), such being established in accordance with the pricing chart of Appendix A using the jobber's (OPA)[1] prices for cut rolls of fabrics from jobber's warehouse.

In the above determinations, it is considered that the retail seller is also the rebuilder (retail-rebuilder) of the article(s) and that the covering has been purchased through a jobber source of supply.

If the fabric has been purchased by a retail-rebuilder from a source other than a jobber, he shall take the cut-roll price for the same or similar (cloth grade) fabric sold by the jobber usually supplying him, or, lacking a jobber source of supply, the cut-roll price of the mill's branch warehouse (in his locality) selling same.

If the retail seller is not the rebuilder of the article(s), he shall secure from the rebuilder a statement indicating the price class of the fabric used to cover the article, said rebuilder using the provisions of the preceding paragraph and of paragraph (b) above, as if he were a retail rebuilder.

The price class and the maximum retail price is then determined, being indicated in the Pricing Chart (Appendix A) by the crossing of the group standard's (horizontal) column and the fabric price column (vertical). Examples: A "Group" B suite with a No. 3 "Fabric" price ($1.51 to $2.50) becomes a "Class B3" suite with a maximum price at retail of $160.00."

Prices indicated in the Pricing Chart are for a suite comprising a davenport and a companion chair. If the davenport is sold separately, the price may not exceed 68 per cent of the established maximum price for the suites; likewise, if the chair is sold separately, the price may not exceed 32 per cent of the established maximum price for the suite. Odd pieces may be priced in a similar manner.

SEC. 6. *Order permissive, not mandatory.* It is entirely optional with each seller whether or not he desires to avail himself of this order. Such option may be exercised or not at the seller's election with respect to each separate and individual article of the kind and type covered by this order. With respect to any individual articles, which the seller elects to price in accordance with this order, all requirements of this order must be fully performed.

[1] Jobber's prices used in this order must not exceed the jobber's maximum prices as established by the governing Office of Price Administration regulation. It is the jobber's cut-roll price, f. o. b. warehouse, and transportation charges are not to be added in determining price group.

SEC. 7. *Jurisdiction, etc.* (a) This order has application to all territory within the jurisdiction of the Saginaw District Office, Region III, of the Office of Price Administration.

(b) *Effect on Maximum Price Regulation No. 429.* Except to the extent that a departure from the provisions of Maximum Price Regulation No. 429 is expressly permitted or required by this order, sellers shall comply with all of the terms and provisions of Maximum Price Regulation No. 429 as the same now exists or may at any time hereafter be amended.

(c) *Revocation.* This order may be revoked, amended or corrected at any time. It may be revoked as to any individual seller who has elected to avail himself of the benefits hereof and who is unable to establish to the satisfaction of the District Director after reasonable notice and opportunity to be heard that he has complied with the terms and conditions imposed in consideration of which the charging of prices higher than those fixed by Maximum Price Regulation No. 429 is permitted by this order.

This order shall become effective February 28, 1944.

[Region III Order G-21 under MPR 329]

FLUID MILK IN KNOX CO., OHIO

Order No. G-21 under Maximum Price Regulation No. 329. Purchases of milk from producers for resale as fluid milk in Knox County, Ohio.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region III of the Office of Price Administration by § 1351.408 (b) of Maximum Price Regulation No. 329, *It is hereby ordered:*

(a) Any milk distributor in Knox County in the State of Ohio may pay producers an amount not in excess of $3.40 per cwt. for "milk" of 4% butterfat content, plus 5¢ for each 1/10 of 1% butterfat variation over 4% and minus 5¢ for each 1/10 of 1% butterfat variation under 4%: *Provided, however*, That such milk distributor shall be subject to the express restrictions of § 1351.402 (b), (c), (d), (e), and (f) of Maximum Price Regulation No. 329.

(b) Each milk distributor increasing his price to producers for "milk" pursuant to the provisions of this order shall, within five days of such action, notify the Regional Office of the Office of Price Administration, Union Commerce Building, Cleveland, Ohio, by letter or postcard, of his price established pursuant to the provisions of this order, together with a statement of his previous price.

(c) *Definitions.* (1) "Milk distributor" is defined to mean any individual, corporation, partnership, association, or any other organized group of persons or successors of the foregoing who purchases "milk" in a raw and unprocessed state for the purpose of resale as fluid milk in glass, paper or other containers.

(2) "Producer" means a farmer, or other person or representative, who owns, superintends, manages, or otherwise controls the operations of a farm on which "milk" is produced. For the purposes of this order, farmers' cooperatives are producers when (1) they do not own or lease physical facilities for receiving, processing, or distributing milk, and (2) they do own or lease physical facilities for receiving, processing or distributing milk, but they act as selling agents for producers, whether members of such cooperative or not.

(3) "Milk" means liquid cow's milk, in a raw, unprocessed state, which is purchased for resale for human consumption as fluid milk. "In a raw, unprocessed state" means unpasteurized and not sold and delivered in glass or paper containers.

(d) This order may be modified, amended or revoked at any time by the Office of Price Administration.

This order shall be effective as of February 1, 1944.

[Region IV Order G-4 Under SR 15]

FLUID MILK IN BARTOW AND GORDON COUNTIES, GA.

Order No. G-4 under § 1499.75 (a) (9) (i) of Supplementary Regulation No. 15 to the General Maximum Price Regulation. Adjustment of fluid milk prices in Bartow and Gordon Counties, Georgia.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration, Region IV, by § 1499.75 (a) (9) (i) of Supplementary Regulation No. 15 to the General Maximum Price Regulation and pursuant further to prior written approval of the Price Administrator dated January 31, 1944, it is hereby ordered:

(a) *Adjustment of maximum prices for approved fluid milk in Bartow and Gordon Counties, Georgia.* On and after February 3, 1944, the maximum prices for approved fluid milk sold and delivered to any person within Bartow and Gordon Counties, Georgia at wholesale or retail in glass containers of one quart or less shall be:

	Quarts	Pints	Half-pints
	Cents	*Cents*	*Cents*
Wholesale	14	8	4
Retail out-of-store	16	9	5
Retail home-delivered	16	9	5

One-third quart container sizes. The seller shall adjust his maximum wholesale price for one-third quart container sizes, as determined under § 1499.2 *General provisions of the General Maximum Price Regulation*, by an amount proportionate to the increase or decrease in his ceiling price for quart container sizes as a result of the foregoing listed maximum prices.

Retail sales of approved fluid milk by hotels, restaurants, soda fountains, cafes, bars, and other eating establishments for consumption on the premises. The seller may use his established maximum price under the General Maximum Price Regulation or he can determine his adjusted maximum price by adding to the wholesale price paid by him, three cents per pint, two and one-half cents per one-third quart, and two cents per half-pint.

Retail sales other than (A) Out-of-store, (B) Home-deliveries, (C) Retail sales by hotels, restaurants, soda fountains, cafes, bars and other eating establishments of consumption on the premises. The maximum prices for retail sales, other than out-of-store sales, home-deliveries, and retail sales by hotels, restaurants, soda fountains, cafes, bars, and other eating establishments for consumption on the premises, shall equal the listed wholesale prices, subject to any applicable discounts or allowances.

(b) *Applicability of the General Maximum Price Regulation and other supplementary regulations and orders of the Office of Price Administration.* Except as otherwise provided herein, all transactions subject to this order remain subject to all the provisions of the General Maximum Price Regulation, together with all amendments, supplementary regulations and orders which have heretofore or may hereafter be issued. Specifically, but by way of limitation, unless the context of this order otherwise requires, the provisions of § 1499.73a (a) (1) (viii) (b), (c), (d), (e), (f) and (g) and § 1499.73a (a) (1) (x) (Supplementary Regulation No. 14A to the General Maximum Price Regulation, as amended) shall be applicable and are made a part of this order. Unless the context otherwise requires, all terms used herein shall be construed in accordance with the provisions of § 1499.20 of the General Maximum Price Regulation, as amended.

(c) Atlanta Regional Price Order No. 18 (c)-3, as amended, presently designated as Order No. G-3 under §1499.18 (c) of the General Maximum Price Regulation, effective December 14, 1942, adjusting maximum prices for Grade A Raw and Pasteurized milk within the boundaries of Bartow and Gordon Counties, Georgia, is hereby revoked.

(d) This order may be revoked, amended or corrected at any time.

This order shall become effective February 3, 1944.

(56 Stat. 23, 765; Pub. Laws 151, 78th Cong.; E.O. 9250, 7 F.R. 7871 and E.O. 9328, 8 F.R. 4681)

Issued March 3, 1944.

[Region IV Orders G-13, G-15, G-16 Under RMPR 122, Amdt. 1 to Supp. Order 1]

SOLID FUELS IN WILMINGTON AND WINSTON-SALEM, N. C., AND LYNCHBURG, VA.

Amendment No. 1 to Supplementary Order No. 1 to Orders No. G-13, G-15, and G-16 under § 1340.260 of Revised Maximum Price Regulation No. 122. Solid fuels sold and delivered by dealers applying respectively in or about the following areas: Wilmington, North Carolina; Winston-Salem, North Carolina, and Lynchburg, Virginia.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1340.260 of Revised Maximum Price Regulation No. 122, it is hereby ordered that Supplementary Order No. 1 be amended to read as set forth below:

To the maximum prices for Pennsylvania anthracite coal established by the above orders may be added the sum of 45¢ per ton, 23¢ per ½ ton, and 12¢ per ¼ ton during the period February 1, 1944, to March 5, 1944, inclusive. The increases provided in this supplementary order, as amended, apply only during said period. On and after March 6, 1944, the maximum prices for Anthracite shall be as provided in the orders prior to February 1, 1944.

This amendment shall become effective March 1, 1944.

SECURITIES AND EXCHANGE COMMISSION.

[File Nos. 54-57, 59-57]

AMERICAN UTILITIES SERVICE CORP.

NOTICE AND ORDER GIVING OPPORTUNITY FOR HEARING ON PROPOSED FINDINGS AND OPINION RECOMMENDED BY PUBLIC UTILITIES DIVISION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 7th day of March 1944.

In the matter of American Utilities Service Corporation, File No. 54-57, and American Utilities Service Corporation and its subsidiary companies, Respondents, File No. 59-57.

American Utilities Service Corporation, a registered holding company, having filed an application pursuant to section 11 (c) of the Public Utility Holding Company Act of 1935 for approval of a plan of recapitalization, which plan is also described in the Commission's order of October 8, 1942 (see Holding Company Act Release No. 3840) which in substance provided as follows:

(1) American proposed to amend its articles of incorporation so that its authorized capital stock would be changed to 150,000 shares of new common stock, $20 par value; or a new corporation would be formed with authorized capital stock sufficient to meet the requirements of the plan.

(2) American proposed to reclassify its existing 105,000 shares of 6% cumulative preferred stock, $25 par value, into 105,000 shares of new common stock, $20 par value, so that the holders of the preferred stock would receive the new common stock on a share for share basis.

(3) The plan provided no participation by the presently outstanding common stock in the new common stock to be issued.

(4) American reserved the right to request the Commission to apply to a Court in accordance with the provisions of subsection (f) of section 18 of the act to enforce and carry out the provisions of the plan.

The Commission having thereafter issued its notice of filing and order for hearing pursuant to section 11 (e); and

The Commission having also by said notice and order for hearing instituted proceedings under sections 11 (b) (1), 11 (b) (2), 15 (f) and 20 (a) of the Public Utility Holding Company Act of 1935 against American Utilities Service Corporation and its subsidiary companies to determine the status of the holding company system under said sections, and having consolidated the proceedings pursuant to sections 11 (b) (1), 11 (b) (2), 15 (f) and 20 (a) and the proceeding pursuant to section 11 (e); and

A public hearing having been held on said matters after appropriate notice and the Public Utilities Division of the Commission having submitted to the Commission a draft of proposed findings and opinion and having recommended that the Commission adopt the same as the Commission's findings and opinion, which proposed findings and opinion so recommended by the Public Utilities Division may be summarized as follows:

(1) That the plan of recapitalization heretofore filed by American Utilities Service Corporation should be found to be unfair and inequitable to the persons affected thereby and that the same should be disapproved unless within 30 days said American Utilities Service Corporation files an amended plan allocating approximately 15% of the new common stock, to be issued in lieu of the outstanding preferred and common stock, to the holders of the presently outstanding common stock.

(2) That the Commission should require by order, pursuant to section 11 (b) (2) of said act, that said American Utilities Service Corporation should change its present capitalization to one class of stock, namely, common stock, in lieu of its preferred and common stock presently outstanding, in an appropriate manner, not in contravention of the applicable provisions of said act or the rules, regulations and order promulgated thereunder.

(3) That the Commission should require by order, pursuant to section 11 (b) (1) of said act, that American Utilities Service Corporation shall sever its relationship with the companies named hereinafter by disposing in an appropriate manner, not in contravention of the applicable provisions of said act or the rules, regulations and orders promulgated thereunder, of its ownership, control and holding of securities issued by and interests in the following companies: Minnesota Utilities Company, Northwestern Illinois Utilities and Wisconsin Southern Gas Company.

Said proposed findings and opinion have been made public this day.

The Commission considering that opportunity for hearing should be given to American Utilities Service Corporation, to its subsidiary companies and to its security holders (including the holders of voting trust certificates representing the beneficial interest in its shares of common stock) on the issue of whether or not the Commission should adopt the proposed findings and opinion recommended by its Public Utilities Division, in whole or in part:

It is ordered, That any person desiring to file a brief or to have oral argument or to introduce additional evidence on said issue shall make written request of the Commission not later than March 28, 1944. Such written request shall state the interest of the person making the request, a summary statement of his objections and a statement as to what participation he desires in the proceeding, viz., whether he desires to file a

brief, to have oral argument or to introduce additional evidence on said issue. If no such requests are received on or before the date last above mentioned, the Commission may, at any time after said date, adopt the proposed findings and opinion recommended by its Public Utilities Division, in whole or in part.

It is further ordered, That the Secretary of the Commission shall serve notice of said opportunity for hearing by mailing a copy of this order together with a copy of said draft of proposed findings and opinion recommended by the Public Utilities Division by registered mail to American Utilities Service Corporation and to its subsidiary companies, and that notice of said hearing is hereby given to all other persons by publication in the FEDERAL REGISTER.

It is further ordered, That American Utilities Service Corporation mail copies of this order to all of its stockholders of record and to all record holders of voting trust certificates representing the beneficial interest in its shares of common stock.

By the Commission.

CONSOLIDATED ELECTRIC AND GAS CO. AND HAGERSTOWN GAS CO.

ORDER PERMITTING DECLARATIONS TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 7th day of March 1944.

Consolidated Electric and Gas Company ("Copsolidated"), a registered holding company, and its subsidiary, Hagerstown Gas Company ("Hagerstown"), having filed joint declarations pursuant to the Public Utility Holding Company Act of 1935, and particularly sections 12 (d), 12 (c), and 12 (f) thereof and the rules promulgated thereunder, whereby said companies seek authorization for (a) the sale by Hagerstown of all of its assets (with certain stated exceptions) to Harrison & Co., a partnership organized under the laws of the State of Pennsylvania, or the nominee of Harrison & Co., for a consideration of $140,000 in cash and the assumption by the purchaser of all obligations of Hagerstown (with certain stated exceptions) including the first mortgage bonds of Hagerstown outstanding in the principal amount of $266,000, and, concurrently with such sale, the sale by Consolidated to Harrison & Co. for $30,000 of $30,000 principal amount of the bonds of Hagerstown owned by Consolidated, (b) the transfer and delivery by Hagerstown to Consolidated, as the owner of all the outstanding stock of Hagerstown, after consummation of the sale above mentioned, of the proceeds of such sale and all remaining assets of Hagerstown as a liquidating dividend, or dividends, and the concurrent surrender by Consolidated to Hagerstown of the stock of Hagerstown for cancellation, and (c) the application by Consolidated of the moneys to be received by it from the liquidation of Hagerstown, together with the sum of $30,000 to be received by Consolidated in connection with the sale by Consolidated of the $30,000 principal amount of the outstanding bonds of Hagerstown, in the retirement of Consolidated's Collateral Trust Bonds, due August 1, 1957, and August 1, 1962, by the purchase of such bonds in the open market and the surrender of the bonds so purchased to the trustee under the indenture securing the same for cancellation;

A public hearing having been held upon said declarations, after appropriate notice, and the Commission having considered the record and made and filed its findings herein;

It is hereby ordered, That said declarations be, and the same are hereby, permitted to become effective forthwith;

Provided, That the said declarations are permitted to become effective subject to the terms and conditions set forth in Rule U-24, and, in respect to the acquisition and retirement by Consolidated of its own bonds as proposed and hereinabove mentioned, subject to the following additional terms and conditions:

(1) That Consolidated shall not solicit or cause to be solicited from individual bondholders the sale of any bonds to the company;

(2) That no purchases shall be made directly or indirectly from persons or corporations in any way associated or affiliated with Consolidated; and

(3) That Consolidated shall furnish to the Commission, promptly after the last day of each month, a schedule showing for each day covered by such report the number of bonds purchased, the prices at which purchased, and the name of the broker through whom purchased.

INDIANA & MICHIGAN ELECTRIC CO.

MEMORANDUM FINDINGS OPINION AND ORDER

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania on the 7th day of March, A. D., 1944.

Indiana & Michigan Electric Company ("Indiana Michigan"), an electric utility subsidiary of American Gas and Electric Company, a registered holding company, has filed a declaration and amendment thereto proposing a reduction in the company's common capital stock liability by $2,000,000 (without change in the number of shares outstanding) and the creation of a capital surplus account of like amount.

A public hearing was held on said declaration as amended, and the Commission having considered the record therein makes the following findings:

Indiana Michigan was organized under the laws of the State of Indiana. It is engaged in the electric utility business in the States of Michigan and Indiana and is subject to the jurisdiction of the Public Service Commission of those states as well as that of the Federal Power Commission. American Gas and Electric Company owns all of the outstanding 870,976 shares of common stock of Indiana Michigan, representing 100% of the voting power.

The staffs of the regulatory bodies referred to above have made an original cost determination of the properties of Indiana Michigan and have found its plant accounts include inflationary items amounting to $8,723,747.92. The company is in substantial agreement with this finding except as to an item, included therein, of $1,300,000 (estimated maximum amount) representing alleged profits paid to American Gas and Electric Company for engineering and supervision services prior to 1923.

The present proposal of the company is stated to be for the purpose of putting it in a position to comply with the order or orders with respect to the above items which it expects to be entered by the above named regulatory bodies.

The balance sheet of Indiana Michigan per books as of November 30, 1943, and pro forma to reflect the disposition of the inflationary items in the manner anticipated by the company is as follows [filed as part of the original document].

It should be noted in connection with the above adjustments that the amount being charged to common capital stock liability to less than the amount by which that account was increased to offset a corresponding increase in plant accounts arising out or a revaluation of the properties at organization.

The Commission finding that the proposed transaction requires no adverse findings under section 7 (e) of the Public Utility Holding Company Act of 1935 and is in conformity with the standards of the said act and the rules, regulations and orders promulgated thereunder:

It is ordered, That said declaration, as amended, be permitted to become effective subject to the terms and conditions prescribed in Rule U-24 promulgated pursuant to the Public Utility Holding Company Act of 1935.

Nothing herein should be taken or construed as affecting the action or jurisdiction of the Public Service Commissions of the States of Indiana and Michigan or of the Federal Power Commission.

By the Commission.

OHIO-MIDLAND LIGHT AND POWER CO. AND ASSOCIATED ELECTRIC CO.

ORDER DENYING EXEMPTION FROM COMPETITIVE BIDDING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 8th day of March, A. D. 1944.

Application having been filed by Associated Electric Company, a registered holding company, seeking exemption, under subdivision (a) (5) of Rule U-50 of the general rules and regulations under the Public Utility Holding Company Act of 1935, from the competitive bidding requirements of that rule with respect to a proposed sale by it of its entire interest in Ohio-Midland Light and Power Company, its wholly-owned subsidiary.

A hearing having been held after appropriate notice, argument having been heard, the Commission having considered the evidence, and having this day issued and filed its findings and opinion herein; on the basis of said findings and opinion;

It is ordered, That the application for exemption be and it hereby is denied.

GENERAL GAS & ELECTRIC CORP.

MEMORANDUM OPINION AND ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 7th day of March, A. D. 1944.

Declaration of dividends out of capital surplus. Declaration by registered holding company pursuant to section 12 (c) and Rule U-46 permitted to become effective with respect to the payment of dividends to prior preferred shareholders out of capital surplus where no prejudice to security holders or public is found.

General Gas & Electric Corporation (hereinafter called Gengas), a registered holding company, which is a subsidiary of Denis J. Driscoll and Willard L. Thorp, Trustees of Associated Gas and Electric Corporation (hereinafter called Trustees), a registered holding company, has filed a declaration pursuant to section 12 (c) of the Public Utility Holding Company Act of 1935, in which it proposes to pay out of capital or unearned surplus a quarterly dividend of $1.25 on its $5 Prior Preferred Stock. The presently proposed dividend is applicable to the quarterly period ended March 15, 1943.

The entire issue outstanding is 60,000 shares, of which 27,839.1 shares are held by the Trustees, who have, by a letter dated February 23, 1944, waived their right to collect such quarterly dividends, until further order of the Commission. The number of shares in the hands of the public is 32,110.9 (of which 8.9 shares are held in scrip, and such scrip will not receive a dividend), so that $40,127.50 will be required to make the dividend payment.

After appropriate notice, a public hearing was held. No one appeared at the hearing to oppose the proposed payment of the dividend. Having considered the record therein, the Commission makes the following findings:

As at November 30, 1943, the assets of Gengas, per books, available for security holders totalled $29,955,155. The only securities of, or claims against, Gengas which, according to its books, are senior to the $5 Prior Preferred Stock, consist of certain obligations payable to the Trustees. These obligations, including interest thereon, aggregate $2,941,300.

The books of Gengas, as of November 30, 1943, reflect an earned surplus deficit of $2,509,930; the capital surplus is shown as $13,446,098.

Net income of Gengas for the twelve months ended November 30, 1943, amounted to $410,677. As at November 30, 1943, Gengas had cash on hand in the amount of $1,158,705.

A cash forecast for the twelve months ending December 31, 1944, submitted by the company in connection with the filing, indicates that Gengas will be able to meet all its cash requirements, continue to maintain an adequate cash balance, and pursue its present dividend policy. The forecast contemplates that at the end of the period the cash balance will be $1,596,081.

This is the ninth time that Gengas has filed a declaration to pay a quarterly dividend on its publicly held Prior Preferred Stock out of capital surplus. We have on each occasion considered that the assets of Gengas were substantial in relation to the size of the proposed dividend, and that the Prior Preferred Stock is, by its terms, entitled to be paid dividend arrearages in full before dividends can be paid on the other preferred stocks. These same factors are equally cogent with regard to the present declaration.

We make no adverse findings under the applicable sections of the Act and rules promulgated thereunder.

It is therefore ordered, That, pursuant to the applicable provisions of the Public Utility Holding Company Act of 1935, the said declaration, as amended, be, and

hereby is, permitted to become effective forthwith, subject, however, to the terms and conditions prescribed in Rule U-24 of the general rules and regulations.

By the Commission.

ENGINEERS PUBLIC SERVICE CO.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 7th day of March, 1944.

Notice is hereby given that a declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Engineers Public Service Company ("Engineers"), a registered holding company.

All interested persons are referred to said declaration, which is on file in the office of said Commission, for a statement of the transactions therein proposed which are summarized as follows:

Engineers proposes to expend $4,000,000 of treasury cash for the purchase of shares of its $5 (Cumulative) Dividend Convertible Preferred Stock, $5.50 Cumulative Dividend Preferred Stock and $6 Cumulative Dividend Preferred Stock. Reacquired shares will be cancelled and retired. Purchases are proposed to be made first pursuant to invitations for tenders submitted to holders of the preferred stocks of Engineers to be opened on a specified date, and in the event Engineers does not acquire, pursuant to such invitation for tenders, an amount of its preferred stock sufficient to absorb the cash available for the acquisition of such preferred stock, Engineers further proposes to acquire by purchase, during the six-month period next following an order of this Commission permitting its declaration to become effective, either on the New York Stock Exchange or at private sale, additional shares of its preferred stock to an amount which, together with the shares of such preferred stock acquired pursuant to the invitation for tenders, shall absorb the $4,000,000 of cash available for the acquisition of such preferred stock. The purchase price for any of the preferred stock in any manner acquired will not exceed $100 per share and accrued dividends. No commissions or fees, except the usual brokerage commissions where shares are acquired by purchase on the New York Stock Exchange, are proposed to be paid by Engineers.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said matters and that declaration shall not be permitted to become effective except pursuant to further order of this Commission;

It is ordered, That a hearing on this matter be held at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania, at 10:00 a. m., e. w. t., on the 22nd day of March, 1944 in such room as may be designated on such day by the hearing room clerk. At such hearing cause shall be shown why such declaration shall be permitted to become effective.

All persons desiring to be heard or otherwise wishing to participate should notify the Commission in the manner provided in Rule XVII of the Commission's rules of practice on or before March 20, 1944.

It is further ordered, That Willis E. Monty, or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing above ordered. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 16 (c) of the act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That the Secretary of this Commission shall serve notice of this order by mailing copies thereof by registered mail to Engineers Public Service Company and that notice shall be given to all other persons by publication thereof in the FEDERAL REGISTER.

It is further ordered, That without limiting the scope of the issues presented by said declaration, particular attention will be directed at the hearing to the following matters and questions:

1. Whether the proposed reacquisition by Engineers of shares of its outstanding preferred stock is fair and equitable to the persons affected.

2. Whether the proposed reacquisition will impair the financial integrity or working capital of Engineers, or the holding company system, or be detrimental to the carrying out of the provisions of section 11 of the act or tend to circumvent any provisions of the act, or any rules, regulations or orders of the Commission thereunder.

3. Whether the method proposed by Engineers for the reacquisition of the shares is appropriate and consistent with the applicable statutory standards.

4. Whether it is necessary or appropriate to impose any terms or conditions in the public interest or for the protection of investors or consumers and, if so, what those terms and conditions should be.

By the Commission.

TITLE 25—INDIANS

Chapter I—Office of Indian Affairs

Subchapter I—Irrigation Projects, Operation and Maintenance

PART 130—ORDER FIXING OPERATION AND MAINTENANCE CHARGES

FORT HALL INDIAN IRRIGATION PROJECT, IDAHO

FEBRUARY 7, 1944.

Section 130.32 of part 130 of title 25, CFR, Indians, as amended by the Assistant Secretary of the Interior on March 15, 1941 (6 F.R., 1651), is hereby further amended to read as follows:

§ 130.32 *Basic and other water charges.* Pursuant to the provisions of the acts of March 1, 1907 (34 Stat. 1024–25) and March 7, 1928 (45 Stat. 210, 25 U.S.C., 387), the annual basic water charge of $1.50 per acre or fraction thereof is hereby fixed, for the calendar year 1944 and until further order, against the lands in non-Indian ownership to which water can be delivered for irrigation under the Fort Hall Indian Irrigation Project, Idaho.

In addition to the foregoing charge, there shall be collected annually a charge of $3.00 on the lands covered by each separate bill. No bill shall be rendered for less than $4.50.

Indian lands leased, as discussed in the letter from the Commissioner of Indian Affairs of December 1, 1938, and approved by the Assistant Secretary of the Interior on December 17, 1938, are subject to the payment of the foregoing charges as therein provided.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue

Subchapter C—Miscellaneous Excise Taxes

[T.D. 5337]

PART 171—MISCELLANEOUS REGULATIONS RELATED TO LIQUOR

SUBPART I—FLOOR STOCKS TAXES ON DISTILLED SPIRITS, FERMENTED MALT LIQUORS, AND WINES

Sections 301 and 308 of the Revenue Act of 1943, passed February 25, 1944 (Pub. Law 235, 78th Cong.), read as follows:

SEC. 301. EFFECTIVE DATE OF THIS TITLE.

This title shall take effect on the first day of the first month which begins more than 10 days after the date of the enactment of this Act.

* * * * *

SEC. 308. FLOOR STOCKS TAXES.

(a) *Distilled spirits.* Section 2800 is amended by inserting at the end thereof the following new subsection:

(k) *1944 floor stocks tax*—(1) *Tax.* Upon all distilled spirits upon which the internal-revenue tax imposed by law has been paid, and which on the effective date of Title III of the Revenue Act of 1943, are held and intended for sale or for use in the manufacture or production of any article intended for sale, there shall be levied, assessed, collected, and paid a floor stocks tax of $3 on each proof-gallon, and a proportionate tax at a like rate on all fractional parts of such proof-gallon.

(2) *Returns.* Under such regulations as the Commissioner with the approval of the Secretary shall prescribe, every person required by paragraph (1) to pay any floor stocks tax shall, on or before the end of the thirtieth day following the effective date of Title III of the Revenue Act of 1943 make a return and shall, on or before the first day of the third month following such effective date, pay such tax. Payment of the tax shown to be due may be extended to a date not later than the first day of the tenth month following the effective date of Title III of the Revenue Act of 1943, upon the filing of a bond for payment thereof in such form and amount and with such surety or sureties as the Commissioner, with the approval of the Secretary, may prescribe.

(3) *Laws applicable.* All provisions of law, including penalties, applicable in respect of internal-revenue taxes on distilled spirits shall, insofar as applicable and not inconsistent with this subsection, be applicable in respect of the floor stocks tax imposed hereunder. For the purposes of this subsection the term "distilled spirits" shall include products produced in such manner that the person producing them is a rectifier within the meaning of section 3254 (g).

(b) *Fermented malt liquors.* Section 3150 is amended by inserting at the end thereof the following new subsection:

(f) *1944 floor stocks tax*—(1) *Tax.* Upon all fermented malt liquors upon which the internal-revenue tax imposed by law has been paid, and which on the effective date of Title III of the Revenue Act of 1943 are held by any person and intended for sale there shall be levied, assessed, collected and paid a floor stocks tax at a rate of $1 per barrel of 31 gallons.

(2) *Returns.* Under such regulations as the Commissioner with the approval of the Secretary shall prescribe, every person required by paragraph (1) to pay any floor stocks tax shall, on or before the end of the thirtieth day following the effective date of Title III of the Revenue Act of 1943 make a return and shall, on or before the first day of the third month following such effective date, pay such tax. Payment of the tax shown to be due may be extended to a date not later than the first day of the tenth month following the effective date of Title III of the Revenue Act of 1943, upon the filing of a bond for payment thereof in such form and amount and with such surety or sureties as the Commissioner, with the approval of the Secretary, may prescribe.

(3) *Laws applicable.* All provisions of law, including penalties, applicable in respect of the taxes imposed by subsection (a) shall, insofar as applicable and not inconsistent with this subsection, be applicable with respect to the floor stocks tax imposed by this subsection.

(c) *Wines.* Subchapter F of Chapter 26 is amended by inserting at the end thereof the following new section:

SEC. 3194. 1944 FLOOR STOCKS TAX ON WINES.

(a) *Floor stocks tax.* Upon all wines upon which the internal-revenue tax imposed by law has been paid, and which on the effective date of Title III of the Revenue Act of 1943 are held and intended for sale or for use in the manufacture or production of an article intended for sale, there shall be levied, assessed, collected, and paid a floor stocks tax at rates equal to the increases in rates of tax made applicable to such articles by section 302 (a) of the Revenue Act of 1943.

(b) *Returns.* Under such regulations as the Commissioner with the approval of the Secretary shall prescribe, every person required by subsection (a) to pay any floor stocks tax shall, on or before the end of the thirtieth day following the effective date of Title III of the Revenue Act of 1943 make a return and shall, on or before the first day of the third month following such effective date, pay such tax. Payment of the tax shown to be due may be extended to a date not later than the first day of the tenth month following the effective date of Title III of the Revenue Act of 1943, upon the filing of a bond for payment thereof in such form and amount and with such surety or sureties as the Commissioner, with the approval of the Secretary, may prescribe.

(c) *Laws applicable.* All provisions of law, including penalties, applicable in respect of the taxes imposed by section 3030 (a) shall, insofar as applicable and not inconsistent with this subsection, be applicable with respect to the floor stocks tax imposed by subsection (a).

Pursuant to the above sections of law, the following regulations are prescribed:

Distilled Spirits

§ 171.115 *Spirits subject to tax.* The following kinds of distilled spirits, domestic or imported, among others, are subject to the floor stocks tax of $3 a proof gallon if taxpaid prior to April 1, 1944, and which on that date are held and intended for sale or for use in the manufacture or production of any article intended for sale:

(a) Ethyl alcohol.
(b) Spirits-grain, spirits-cane, and spirits-fruit.
(c) Spirits-grain processed, spirits-cane processed, and spirits-fruit processed.
(d) Whiskey, gin, rum, and brandy.
(e) Vermouth containing distilled spirits.
(f) Cocktails containing distilled spirits.
(g) Liqueurs, cordials, and similar compounds containing distilled spirits.
(h) Tequila, okolehao, et cetera.
(i) Distilled Spirits of any description held by any person for use in the manufacture of any article intended for sale, regardless of whether the article to be produced is in itself unfit for beverage purposes.

§ 171.116 *Inventory of distilled spirits required.* Each distiller, fruit distiller, proprietor of an industrial alcohol plant, internal revenue bonded warehouse, alcohol bonded warehouse, taxpaid bottling house, and each rectifier, wholesale dealer in liquors, retail dealer in liquors, manufacturer, or any other person, corporation, partnership, or association holding on April 1, 1944, taxpaid distilled spirits, including alcohol, intended for sale or for use in the manufacture or production of any article intended for sale shall, before beginning business on April 1, 1944, prepare an inventory of such taxpaid distilled spirits.

§ 171.117 *Preparation of inventory of distilled spirits*—(a) *Division into three sections.* The inventory of distilled spirits will consist of three sections as follows:

SECTION 1. Distilled spirits on the premises of the taxpayer.

SECTION 2. Distilled spirits owned by the taxpayer and stored elsewhere.

SECTION 3. Distilled spirits owned by and in transit to or from the taxpayer.

Section 1 will be divided into two subsections: the first subsection to cover bottled distilled spirits in unopened cases; and the second subsection to cover bottled distilled spirits which are not in unopened cases.

The first subsection (covering bottled distilled spirits in unopened cases) will be divided into nine vertical columns designated as follows:

(a) Kind of spirits.
(b) Brand name.
(c) Number of cases.
(d) Serial numbers of cases.
(e) Number of bottles in each case.
(f) Size of bottles in case.
(g) Total wine gallons.
(h) Proof of spirits.
(i) Total proof gallons.

The second subsection (covering bottled distilled spirits not in unopened cases) will be divided into seven vertical columns as follows:

(a) Kind of spirits.
(b) Brand name.
(c) Number of bottles.
(d) Size of bottles.
(e) Total wine gallons.
(f) Proof of spirits.
(g) Total proof gallons.

The distilled spirits shall be listed separately by kinds, that is, there will be a separate listing of alcohol, whiskey, brandy, gin, rum, cordials, liqueurs, cocktails, et cetera. Each kind of spirits will be further segregated according to proof and brand name. Partially filled bottles will be measured and the total contents of all such bottles reported as one item in subsection 2, and designated "Miscellaneous Open Bottles."

(b) *Spirits stored elsewhere or in transit.* Section 2, covering spirits owned by the taxpayer and stored elsewhere on April 1, 1944, and section 3, covering spirits in transit to or from the taxpayer on April 1, 1944, will contain the same columns as section 1, except that any column not applicable may be omitted. The address of each place of storage for spirits recorded in section 2 should be shown, as well as the serial numbers of all full cases. The means of transportation, name and address of the consignor or consignee, and serial numbers of all full cases should be shown in section 3.

(c) *Spirits in bulk.* Distillers, rectifiers, manufacturers, and other persons holding taxpaid distilled spirits in packages (barrels or drums), tank cars, or in tanks will list such spirits in a separate section showing the kind of spirits, wine gallons, proof, and proof gallons, the serial number of, and kind of, each container, and the name of the distiller.

(d) *Spirits in process of rectification or bottling.* Rectifiers holding taxpaid spirits in process of rectification or in bottling or storage tanks will measure and proof the spirits, and show in a separate section of the inventory the number and kind of receptacles containing the spirits, the kind of spirits, wine gallons, proof, and proof gallons.

§ 171.118 *Computation.* In computing proof gallons all decimals after three places shall be dropped. In computing tax, whole proof only must be used. Where the proof of spirits is shown on the label in a fractional part of proof, the fraction will be disregarded unless it amounts to 5/10ths or more, in which case it shall be considered a whole degree of proof. For example, 86.1, 86.2, 86.3, 86.4 proof must be called 86 proof; 86.5, 86.6, 86.7, 86.8, and 86.9 proof must be called 87 proof, and the taxable proof gallons computed accordingly. However, the actual proof of the spirits as shown on the label or markings on the cases must be shown on the inventory.

Beer and Other Fermented Malt Liquors

§ 171.119 *Beer and other malt liquors subject to tax.* The term "fermented malt liquors" shall include, among others, the following, which are subject to the floor stocks tax of $1 a barrel (31 gallons) if taxpaid prior to April 1, 1944, and which on that date are held and intended for sale:

(a) Beer.
(b) Ale.
(c) Porter.
(d) Stout.
(e) Lager beer.
(f) Sake.

§ 171.120 *Inventory of beer and other fermented malt liquors required.* Each brewer, wholesale dealer in liquors, wholesale dealer in wines and malt liquors, wholesale dealer in malt liquors, retail dealer in liquors, retail dealer in wines and malt liquors, retail dealer in malt liquors and any other person, corporation, partnership or association holding on April 1, 1944, taxpaid fermented malt liquors intended for sale shall before beginning business on that date prepare an inventory of all such taxpaid fermented malt liquors.

§ 171.121 *Preparation of inventory of malt liquors*—(a) *Division into three sections.* The inventory of fermented malt liquors will consist of three sections as follows:

SECTION 1. Malt liquors on the premises of the taxpayer.
SECTION 2. Malt liquors owned by the taxpayer and stored elsewhere.
SECTION 3. Malt liquors owned by and in transit to or from the taxpayer.

Section 1 will be divided into two subsections, one to cover packaged or barreled beer or other malt liquors, and the other to cover beer and other malt liquors in cans or bottles. The first subsection will show separately the number of ⅛ barrels, ⅙ barrels, ¼ barrels, ⅓ barrels, ½ barrels, and barrels. The total number of such containers will be shown on the basis of barrels of 31 gallons each.

The second subsection will cover malt liquors in cans or bottles and will be divided into six vertical columns as follows:

(a) Size of bottles or cans.
(b) Number of cases.
(c) Number of bottles or cans in case.
(d) All other bottles.
(e) Total gallons.
(f) Equivalent in barrels of 31 gallons.

(b) *Malt liquors stored elsewhere or in transit.* Section 2, covering malt liquors owned by the taxpayer and stored elsewhere on April 1, 1944, and section 3, covering malt liquors in transit to or from the taxpayer on April 1, 1944, will contain the same columns as section 1. The address of each place of storage for malt liquors recorded in section 2 should be shown; and the means of transportation, name and address of the consignor or consignee of malt liquors in transit should be shown in section 3.

(c) *Malt liquors held by brewers.* Brewers holding taxpaid malt liquors in tanks in the bottling house will measure such liquors and show in a separate section the number and kind of receptacle containing the malt liquors, and report the contents in terms of barrels.

Wines

§ 171.122 *Wines subject to tax.* The term "wines" includes, among others, the following which are subject to the floor stocks tax indicated if taxpaid prior to April 1, 1944, and which on that date are held and intended for sale or for use in the manufacture or production of any article intended for sale:

Kind	*Floor Stocks Tax*
(a) Still wines, including vermouth, and all artificial or imitation wines, or compounds sold as still wine, containing:	
(1) Not more than 14% of alcohol by volume	5 cents a gallon.
(2) More than 14% and not exceeding 21% of alcohol by volume.	20 cents a gallon.
(3) More than 21% and not exceeding 24% of alcohol by volume.	$1.00 a gallon.
(b) Champagne and sparkling wines, that is, effervescent wine charged with carbon dioxide resulting from fermentation of the wine in bulk or in the bottle.	5 cents per each one-half pint or fraction thereof.
(c) Artificially carbonated wine, that is, effervescent wine artificially charged with carbon dioxide.	5 cents per each one-half pint or fraction thereof.

§ 171.123 *Inventory of wines required.* Each proprietor of a bonded winery, bonded storeroom or taxpaid bottling house, and each rectifier, wholesale or retail dealer in liquors (including wholesale or retail dealer in wines and wholesale or retail dealer in wines and malt liquors), manufacturer, or any other person, corporation, partnership or association holding on April 1, 1944, taxpaid wines intended for sale or for use in the manufacture or production of any article intended for sale shall also before beginning business on that date prepare an inventory of all such taxpaid wines.

§ 171.124 *Preparation of inventory of wines*—(a) *Division into parts and sections.* The inventory of wines will be divided into five parts for the separate listing of the five different tax classes as follows:

PART 1. Wines containing not more than 14 per cent of alcohol.
PART 2. Wines containing more than 14 per cent but not exceeding 21 per cent of alcohol.
PART 3. Wines containing more than 21 per cent but not exceeding 24 per cent of alcohol.
PART 4. Champagne and other sparkling wines.
PART 5. Artificially carbonated wines.

Each part will consist of three sections as follows:

SECTION 1. Wines on the premises of the taxpayer.
SECTION 2. Wines owned by the taxpayer and stored elsewhere.
SECTION 3. Wines owned by and in transit to or from the taxpayer.

Section 1 will be divided into eight vertical columns which will be designated as follows:

(a) Kind of wine.
(b) Number of packages.
(c) Number of cases.
(d) Number of bottles in case.
(e) Size of bottles in case.
(f) Number of bottles not in cases.
(g) Size of bottles not in cases.
(h) Total gallons.

(b) *Wines stored elsewhere or in transit.* Section 2, covering wines owned by the taxpayer and stored elsewhere on April 1, 1944, and section 3, covering wines in transit to or from the taxpayer on April 1, 1944, will contain the same columns as section 1, except that columns (f) and (g), if not applicable, may be omitted. The address of each place of storage for wines recorded in section 2 should be shown. The means of transportation, name and address of the consignor or consignee should be shown in section 3.

(c) *Wines in bulk.* Rectifiers, wholesale dealers in liquors, manufacturers, and other persons holding taxpaid wines in packages (barrels or drums), tank cars, or in tanks will measure and proof the wines, and show in a separate section of the inventory the number and kind of receptacle containing the wine, the kind of wine, the wine gallons, and the per cent of alcohol by volume.

Inventories

§ 171.125 *Identification of inventory.* The inventories of distilled spirits, fermented malt liquors, and wines shall be prepared in duplicate on sheets of paper not larger than 10½ by 16 inches to be furnished by the taxpayer. Each page of the inventory will be consecutively numbered and identified by showing clearly at the head thereof the name of the individual, firm, or corporation holding the distilled spirits, fermented malt liquors, and wines, the address, the nature of the business, and the kind and serial number of the Federal special tax stamp (if any) held at such address.

§ 171.126 *Retention of copy of inventory, etc.* The duplicate copy of the inventory, and all preliminary work sheets, drafts of inventories, etc., will be retained by the taxpayer at the location covered by the inventory, and shall be available for inspection during business hours by internal revenue officers.

Filing of Return and Inventory and Payment of Tax

§ 171.127 *Filing of inventory and return.* Each taxpayer designated in §§ 171.116, 171.120, and 171.123 shall make a return on Form 758 (Revised 1943), in triplicate, for each place where distilled spirits, fermented malt liquors, or wines are held. However, one return may be filed covering a number of separate places of business, provided such places are in the same collection district, and a separate inventory is prepared for each place. The original and duplicate copies of the return, together with the original of the inventory of distilled spirits, fermented malt liquors, and wines, must be filed not later than May 1, 1944, with the Collector of Internal Revenue of the district in which the distilled spirts, fermented malt liquors, or wines are held. The triplicate copy of the return shall be retained by the taxpayer, together with the documents mentioned in § 171.126, at the location covered by the return. The filing of a blanket return with one Collector to cover a number of places in different collection districts will not be acceptable.

§ 171.128 *Payment of floor stocks tax.* The floor stocks tax shown by the return to be due may be paid to the Collector of Internal Revenue at the time the return is filed, but, if not paid at that time, such tax must be paid not later than July 1, 1944. However, the date of payment of the tax may be extended to a date not later than February 1, 1945, upon the filing of a bond on Form 723–A (Revised 1943), in duplicate, in accordance with the instructions thereon, in a penal sum in the amount of the tax (including the delinquency penalty, if any), plus an amount equivalent to and not more than 10 per cent of the tax (including the delinquency penalty, if any).

TITLE 29—LABOR

Chapter V—Wage and Hour Division

PART 511—INDUSTRY COMMITTEE REGULATIONS

PER DIEM ALLOWANCE IN PUERTO RICO AND THE VIRGIN ISLANDS

The following amendment to regulations, part 511, (Regulations Applicable to Industry Committees Issued Pursuant to section 5 of the Fair Labor Standards Act) is hereby issued. This amendment amends § 511.8 of said regulations by changing the allowable per diem of $15 to $20 for each day actually spent in the work of the committee by a member of an industry committee for Puerto Rico or the Virgin Islands. This amendment shall become effective upon my signing the original and upon the publication thereof in the FEDERAL REGISTER.

§ 511.8 *Per diem and expense allowance for committee members.* Each member of the industry committee will be allowed a per diem of $15 for each day actually spent in the work of the committee, except that for a member of an industry committee for Puerto Rico or the Virgin Islands the allowable per diem shall be $20 for each such day, and will in addition be reimbursed for necessary transportation and other expenses incident to traveling, in accordance with Standardized Government Traveling Regulations, as amended, dated January 30, 1934, and December 10, 1935. All travel expenses will be paid on travel vouchers certified by the chairman of the committee or by the Administrator or the Administrator's authorized representative. Any other necessary expenses which are incidental to the work of the committee may be incurred by the committee upon approval by the Administrator or the Administrator's authorized representative. Such expenses will be paid upon the certification of the Administrator or his authorized representative.

Chapter II—Geological Survey

PART 231—OPERATING AND SAFETY REGULATIONS GOVERNING THE MINING OF POTASH; OIL SHALE; SODIUM, AND PHOSPHATE; SULPHUR; AND GOLD, SILVER, AND QUICKSILVER

PURPOSE OF REGULATIONS

Section 231.1 of part 231 is hereby amended to read as follows:

§ 231.1 *Purpose of regulations.* The regulations in this part govern the methods of mining and the safety and welfare of employees on leased lands on the public domain where operations are carried on or are to be conducted for the discovery or mining or treating of deposits of potash, oil shale, sodium, phosphate, sulphur, gold, silver, or quicksilver. These regulations shall also apply to deposits of silica sand and other non-metallic minerals within lands withdrawn by Executive Order No. 5105 of May 3, 1929. The administration of the regulations in this part shall be under the direction of the Geological Survey. (56 Stat. 273)

Chapter VI—Solid Fuels Administration for War

[Order 13]

PART 602—GENERAL ORDERS AND DIRECTIVES

BITUMINOUS COAL IN SOUTHEASTERN STATES

Since the critical shortage of bituminous coal which existed in certain southeastern states has been alleviated, Solid Fuels Administration for War Regulation No. 13, as amended (9 F.R. 1005, 1483, 1847) is no longer necessary. Accordingly, pursuant to Executive Order No. 9332 (8 F.R. 5355), the following order is issued:

Revocation of Solid Fuels Administration for War Regulation No. 13, as amended. Solid Fuels Administration for War Regulation No. 13, as amended, is revoked. This revocation does not affect liabilities accrued under the regulation. The bituminous coal affected by the regulation remains subject to all other applicable regulations, orders and directions of the Solid Fuels Administration for War.

This order shall become effective immediately.

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter B—Executive Vice-Chairman

AUTHORITY: Regulations in this subchapter issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696; Pri. Reg. 1 as amended May 15, 1943, 8 F.R. 6727.

PART 1010—SUSPENSION ORDERS

[Suspension Order S–446, Amdt. 1]

ROSS PLUMBING SUPPLIES CO.

Benjamin Ross of Pittsburgh, Pennsylvania, doing business under the trade name of Ross Plumbing Supplies Company, has appealed to the Chief Compliance Commissioner from the provisions of Suspension Order S–446, which became effective December 27, 1943. On January 1, 1944, the suspension order was stayed pending determination of the appeal.

The case has been reviewed by the Chief Compliance Commissioner who has found that the appeal should be allowed as to the wholesale business of the respondent, and has directed that the suspension order be amended to confine the operation of the order to the retail business of the respondent, that the stay of execution be of no force or effect after March 4, 1944, and that the order expire on May 29, 1944, instead of March 27, 1944.

In view of the foregoing, it is hereby ordered, that:

Section 1010.446 *Suspension Order S–446,* issued December 20, 1943, be, and hereby is, amended by the substitution of the following paragraphs (a) and (c) for the present paragraphs (a) and (c):

(a) Deliveries of "plumbing equipment" and "heating equipment" as defined in General Limitation Order L–79, as amended September 13, 1943,

to the retail business of Benjamin Ross, known as Ross Plumbing Supplies Company, or to the successors or assigns of the retail business of Benjamin Ross, known as Ross Plumbing Supplies Company, shall not be accorded priority over deliveries under any other contract or order, and no preference rating shall be assigned, applied or extended to such deliveries by means of preference rating orders, preference rating certificates, general preference orders, or any other orders or regulations of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) This order shall take effect on December 27, 1943, and shall expire on May 29, 1944.

Issued this 9th day of March 1944.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-498]

ASHWORTH SPECIALTY COMPANY

Jordan F. Ashworth, doing business as Ashworth Specialty Company, at 255-7 Union Avenue, Memphis, Tennessee, is engaged in the business of tire repairing, recapping and retreading, and is also a distributor of such equipment. Between February 16, 1943, and June 22, 1943, in about fifty instances, he filled unrated orders for such equipment in preference to orders bearing preference ratings, and he filled, without regard to chronological sequence, orders bearing preference ratings of equal rank. He further failed to preserve and maintain accurate and complete records of these transactions. These acts were violations of Priorities Regulation No. 1. He was familiar with the provisions of this regulation and other War Production Board orders governing his operations, and his conduct must be deemed to constitute wilful violations of Priorities Regulation No. 1. These violations have diverted critical materials to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.498 *Suspension Order No. S-498.* (a) Deliveries of material to Jordan F. Ashworth, doing business as Ashworth Specialty Company, or under any other name, his or its successors or assigns, shall not directly or indirectly be accorded priority over deliveries under any other contract or order, and no preference rating shall be assigned, applied, or extended to such deliveries by means of preference rating orders, preference rating certificates, general preference orders, or any other orders or regulations of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation shall be made to Jordan F. Ashworth, doing business as Ashworth Specialty Company, or under any other name, his or its successors or assigns, of any material the supply or distribution of which is governed by any order of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) Nothing contained in this order shall be deemed to relieve Jordan F. Ashworth, doing business as Ashworth Specialty Company, or otherwise, from any restriction, prohibition, or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect on March 9, 1944, and shall expire on June 9, 1944.

Issued this 2d day of March 1944.

PART 933—COPPER

[Conservation Order M-9-c, as Amended Jan. 22, 1944, Amdt. 2]

Section 933.4 *Conservation Order M-9-c* is hereby amended by changing the lines on the "Military Exemption List" which now read:

Slide fasteners and tack buttons for use on jungle clothing and equipment, flying suits and Navy flying boots; (ii) sew-on, machine attached or riveted snap fasteners, buckles, eyelets, staples, rivets and burrs for use on jungle clothing and equipment, and for use on leather, canvas, webbing, duck, coated fabrics and special fabrics for field clothing and equipment being produced on a rating of AA-3 or higher; and (iii) springs for snap fasteners for any use.

to be and read as follows:

(i) Slide fasteners and tack buttons for use on jungle clothing and equipment, flying suits and Navy flying boots; and (ii) sew-on, machine attached or riveted snap fasteners, buckles, eyelets, staples, rivets and burrs, being produced on a rating of AA-3 or higher.

Issued this 10th day of March 1944.

PART 1029—FARM MACHINERY

[Supplementary Limitation Order L-170-a, Revocation]

Section 1029.11 *Supplementary Limitation Order L-170-a* is hereby revoked. This revocation does not affect any liabilities incurred under the order. The manufacture and delivery of farm tractors and engine power units remain subject to all other applicable regulations and orders of the War Production Board.

Issued this 10th day of March 1944.

PART 1293—HAND TOOLS SIMPLIFICATION

[Limitation Order L-157, Schedule I, as Amended Mar. 10, 1944]

SHOVELS, SPADES, SCOOPS AND TELEGRAPH SPOONS

§ 1293.2 *Schedule I to Limitation Order L-157*—(a) *Definition.* For the purposes of this schedule:

(1) "Producer" means any person who manufactures, stamps, forges, or otherwise fabricates hand shovels, spades, scoops or telegraph spoons.

(b) *Simplified practices.* Pursuant to Limitation Order L-157 the sizes, types, grades, finishes, lifts, gauges and handles set forth in Appendix A hereto are hereby established for the manufacture of hand shovels, spades, scoops or telegraph spoons.

(c) *Effective date of simplified practices.* (1) On and after September 1, 1942, no hand shovels, spades, scoops or telegraph spoons which do not conform to the sizes and standards established by paragraph (b) hereof (and set forth in the Appendix hereto) shall be produced or delivered by any producer or accepted by any person from any such producer except:

(i) Hand shovels, spades, scoops and telegraph spoons, not so conforming may be produced by a producer from any material in the hands of such producer on August 10, 1942, and delivery of any such shovels, spades, scoops and telegraph spoons may be accepted; or

(ii) With the express permission of the War Production Board.

(2) On and after August 10, 1942, no material for the manufacturing of hand shovels, spades, scoops or telegraph spoons shall be accepted by any producer which does not conform to the sizes and standards set forth in Appendix A attached hereto.

(d) *Records covering materials, work in process, etc.* Each producer shall retain in his files records showing his inventory of raw materials, work in process and finished hand shovels, spades, scoops and telegraph spoons (by types and sizes), as of August 10, 1942, and such records shall be kept readily available and open to audit and inspection by duly authorized representatives of the War Production Board.

No hand shovels, spades, scoops, or telegraph spoons shall be finished in other than black or natural finish, except moulders'

APPENDIX A TO SCHEDULE I—LIMITATION ORDER L-157

Explanations and limitations—(1) *Grades.* Alloy A, B, and C designate qualities of complete hand shovels, spades, scoops, or telegraph spoons; alloy and A designating the best quality. Alloy and A-grade tools are equipped with grade XX or SA handles; B-grade tools are equipped with grade X or SB handles. C-grade tools are equipped with No. 1 or SC handles. SA, SB, and SC grades are approximately equivalent to XX, X, and No. 1, respectively, which are the handle-grade designations commonly employed by the shovel industry. Grades SA, SB, and SC are defined in Simplified Practice Recommendation R76, Ash Handles issued by the United States Department of Commerce, National Bureau of Standards.

Nothing in this provision shall be construed as prohibiting the substitution for ash of other suitable species of wood having characteristics as nearly comparable as posible to the respective grades of ash for which they are substituted; *Provided*, That the buyer consents, and all handles other than ash be marked with the name of the species of wood of which they were made.

(2) [Deleted March 10, 1944]

(3) *Blade finishes.* Black or natural finish is obtained by dipping the blade in its natural state, except that it may be wire brushed to remove scale or rust, in lacquer, or lacquer with an asphaltum base, or other suitable protective coat-

shovels and grain scoops, which may be full polished on the face only, and except shovels delivered to the Army or Navy of the United States, which shovels shall be finished in accordance with the procurement specifications of the War Department or Navy Department as the case may be.

(4) *Gauges.* The gauges referred to are the steel manufacturers' standard gauges, and are subject to the manufacturers' standard tolerances. The gauge of blades is to be determined by averaging five measurements taken as specified in Federal Specification GGG–S–326.

(5) *Handle finish.* Neither long handles, nor the stems of D handles, shall be painted or otherwise finished than by sanding and waxing, except all shovels delivered to the Army or Navy of the United States, which shovels shall be painted in accordance with specifications of the War Department or the Navy Department as the case may be. Any metal used in the construction of D handles may be given a protective coating, or the entire D may be so coated, but only so far along the stem as is necessary to cover any metal used in the construction of the D.

(6) *Handle lifts.* Each kind and size of hand shovel, spade, scoop, and telegraph spoon shall be manufactured with only one lift, which shall be in accordance with the individual manufacturer's present standard practice, except corrugated coal shovels, which may be made with lifts of 21, 17, 14, and 11 inches, and eastern pattern scoops, which may be made with lifts of 21 and 13 inches.

PART 1293—HAND TOOLS SIMPLIFICATION

[Limitation Order L–157, Schedule II as Amended Mar. 10, 1944]

FORGED AXES, HATCHETS, BROAD AXES, ADZES, AND LIGHT HAMMERS

§ 1293.3 *Schedule II to Limitation Order L–157*—(a) *Definitions.* For the purposes of this schedule:

(1) "Producer" means any person who manufactures or otherwise fabricates forged axes, forged hatchets, forged broad axes, forged adzes and forged light hammers.

(2) "Forged light hammer" means a forged hammer weighing less than 4 pounds. (Handles not included in this weight).

(3) "Put into process" means the act by which a person first changes the form of material from that form in which it was received by him.

(4) "Lend-Lease Government" means the government of any foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States". (Lend-Lease Act).

(b) *Simplified practices.* (1) Pursuant to Limitation Order No. L–157, the kinds, styles, sizes, weights and provisions set forth in Appendices A, B and C hereto, are hereby established as specifications for the manufacture of forged axes, forged hatchets, forged broad axes, forged adzes and forged light hammers. Notwithstanding such limitation a producer may manufacture or otherwise fabricate forged axes not conforming to the specifications set forth in Appendix A hereto, for export under a license issued by the Foreign Economic Administration or to fill an order of a Lend-Lease Government.

(2) Forged axes, forged hatchets, forged broad axes, forged adzes or forged light hammers may be supplied with or without handles. Handles shall be limited to not more than three grades, as selected by the producer, for any one pattern (irrespective of size) of axe, hatchet, broad axe, adze, or light hammer manufactured, forged, or otherwise fabricated in accordance with this paragraph (b). On or before May 15, 1943, each producer shall file on Form PD–754, with the War Production Board, Building Materials Division, Washington 25, D. C., a list of the three grades of handles selected by him for each pattern.

(c) *Effective date of simplified practices.* The provisions of this Schedule II, as amended, shall take effect on the 15th day of April, 1943. On and after the 15th day of April, 1943, no producer shall put into process any ferrous metal in the manufacture of a forged axe, forged hatchet, forged broad axe, forged adze or forged light hammer, which fails to conform to the specifications established by paragraph (b) of this Schedule II and as set forth in Appendices A, B, and C hereto. Notwithstanding the provisions of paragraph (b) of this Schedule II, a producer may at any time sell or deliver a forged axe, forged hatchet, forged broad axe, forged adze or forged light hammer manufactured prior to the 15th day of April, 1943.

(d) *Application to manufacture exceptions.* Application by a producer to manufacture a forged axe, forged hatchet, forged broad axe, forged adze or forged light hammer, not in accordance with the specifications as set forth in Appendices A, B and C of this schedule shall be made in writing to the War Production Board, Building Materials Division, Washington 25, D. C., Ref.: L–157. The War Production Board may thereupon take such action it it deems appropriate.

(e) *Records covering material, types and sizes, work in process, etc.* On or before May 15, 1943, each producer of forged axes, forged hatchets, forged broad axes, forged adzes and forged light hammers shall file on Form PD–754 with the War Production Board, Building Materials Division, Washington 25, D. C., a list of all items manufactured by him in conformance with this amended schedule.

Issued this 10th day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

APPENDIX A—FORGED AXES

1. Patterns, bit styles and sizes shall be as specified in the following tables 1, 2 and 3, and patterns shall conform to a manufacturer's patterns as manufactured by him on March 23, 1943. Not more than one type of any one pattern as listed shall be manufactured.

2. A "plain" bit style means a forged axe having a bit in which the transverse surface is continuous.

3. The finish on all forged axes shall be a forge finish as follows: All flash and scale to be removed with a hard wheel from the head and the bit or bits. The striking face and bit or bits shall be ground and polished, but not to exceed a finish finer than the finish resulting from the use of an 80-grit emery wheel, dry, when good commercial technique is employed. The bit or bits shall be ground and polished for a distance not to exceed 2½ inches from the cutting edge. Surfaces having a polish finish shall be completely and heavily coated with an oil or grease compound, or a clear transparent lacquer for prevention of rust. The balance of the head may be covered with a coating of paint, lacquer, enamel or other rust-proof coating over the natural forge finish.

4. In cases where a substitute name is shown in the listing of pattern names, the name listed first shall be the name of the pattern, but a producer or distributor may use one of the substituted names for the pattern, providing such listing does not indicate it as a different pattern. Substitute names may not be used for patterns other than as listed.

5. A manufacturing tolerance of 3 ounces plus or minus shall be permitted in the sizes as listed, but any pattern may only be cataloged and listed in the sizes as shown in the tables.

6. [Deleted Mar. 10, 1944]

APPENDIX B—FORGED HATCHETS, BROAD AXES AND ADZES

1. Patterns, sizes, widths of cutting edge and weight of head shall be as specified in the following tables 1, 2 and 3.

2. Patterns as specified shall conform to a manufacturer's patterns as manufactured by him on March 23, 1943, but not more than one type of any one pattern of hatchet, broad axe or adze as listed shall be manufactured.

(i) When "width of cutting edge in inches" for forged hatchets, forged broad axes, and forged adzes is specified in tables 1, 2 and 3 of this appendix, a tolerance of ⅛ inch plus or minus shall be permitted.

(ii) When "approximate weight of head in pounds" for forged broad axes is specified in table 2 of this appendix, a tolerance of 8 ounces plus or minus shall be permitted.

4. [Deleted Mar. 10, 1944]

5. The finish on all forged hatchets, forged broad axes and forged adzes, shall be a forge finish as follows: All flash and scale to be removed with a hard wheel from the head and the bit. The bit shall be, and striking face may be, ground and polished but not to exceed a finish finer than the finish resulting from the use of an 80-grit emery wheel, dry, when good commercial technique is employed. The bit shall be ground and polished for a distance not to exceed 1½ inches from the cutting edge. Surfaces having a polish finish shall be completely and heavily coated with an oil or grease compound, or a clear transparent lacquer for prevention of rust. The balance of the head may be covered with a coating of paint, lacquer, enamel or other rust-proof coating over the natural forge finish.

APPENDIX C—FORGED LIGHT HAMMERS

1. Kinds, patterns and weights of forged light hammers shall be as specified in the following tables 1 and 2.

2. Octagon or hexagon patterns indicate a hammer having an octagonal or hexagonal neck or poll, or neck and poll.

3. The finish on all forged light hammers shall be a forge finish as follows: All flash and scale to be removed with a hard wheel. Only striking faces and peins to be ground and polished, but not to exceed a finish finer than the finish resulting from the use of an 80-grit emery wheel, dry, when good commercial technique is employed. Surfaces having a polish finish shall be completely and heavily coated with an oil or grease compound, or a clear transparent lacquer for prevention of rust. The balance of the head may be covered with a coating of paint, lacquer, enamel or other rust-proof coating over the natural forge finish.

4. Where weights are specified in tables 1 and 2, such weights are for heads only, and a tolerance of 2 ounces plus or minus shall be permitted.

5. [Deleted Mar. 10, 1944]

6. Milled faces on nail and ripping hammers will be permitted on 16 ounce and 20 ounce sizes only.

PART 1293—HAND TOOLS SIMPLIFICATION

[Limitation Order L–157, Schedule IV, as Amended Mar. 10, 1944]

HEAVY FORGED HAND TOOLS

§ 1293.5 *Schedule IV to Limitation Order L–157*—(a) *Definitions.* For the purposes of this schedule:

(1) "Producer" means any person who manufactures, stamps, forges, or otherwise fabricates heavy forged hand tools.

(2) "Heavy forged hand tools" means such (i) bars, (ii) blacksmiths' anvil tools, (iii) mauls and hammers or sledges weighing 4 pounds or over, (iv) hoes weighing 3½ pounds or over, (v) mattocks, (vi) picks, (vii) railway track tools, (viii) tongs, (ix) wedges, (x) mine blasting hand tools, mine breast drills and miscellaneous forged hand tools, as are listed in Table 1 through Table 10 of Appendix A of this schedule, and all other tools as are listed in said tables.

(b) *Limitations.* Parts manufactured for repair and maintenance of any heavy forged hand tools are not subject to the limitations of this schedule.

(c) *Simplified practices.* Pursuant to Limitation Order L–157 the sizes, types, grades, weights and finishes set forth in Appendix A and Tables 1 through 10 of this schedule are established for the manufacture of heavy forged hand tools.

(d) *Effective date of simplified practices.* On and after the 3d day of November, 1942, no heavy forged hand tool which does not conform to the size, type, grade, finish, weight and standard established by paragraph (c) of this schedule (and set forth in Appendix A and tables hereto) shall be produced by any producer except upon approval of the War Production Board.

(e) *Records covering materials, work in progress, etc.* Each producer of heavy forged hand tools shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time require.

Issued this 10th day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

APPENDIX A

EXPLANATIONS AND LIMITATIONS

(1) *Finishes.* Faces, bits, points, and other commonly ground parts of a heavy forged hand tool shall not have a finish finer than

the finish resulting from the use of a 60-grit emery wheel, dry, when good commercial technique is employed, except that sample tools selected from a lot for inspection may be polished to as fine a degree as may be necessary for such inspection. All other surfaces of heavy forged hand tools shall not be finished other than by applying a coating of paint, enamel, or lacquer over the natural forged surface, free from scale.

(2) *Sizes.* Weights given herein are exclusive of wooden handles. Dimensions and weights are subject to commercial tolerances.

(3) *Eyes.* The shapes of eyes specified by number herein and the dimensions of eyes, except those for which dimensions are given herein, shall conform with the diagrams and data on eye shapes and sizes shown pp. 10 to 18, inclusive, of Simplified Practice Recommendation R17-35, Forged Tools, issued by the National Bureau of Standards.

(4) [Revoked Mar. 10, 1944]

(5) No producer shall manufacture the tools listed herein in more than one grade, finish, or kind of steel.

(6) Reference herein to "the forged hammers schedule" and to "the forged hatchets schedule" refer to Schedule II of Limitation Order L-157.

Coal: 2- 2½- 3- and 3½-pound (one pattern only, to be proportioned as desired between the present short and long patterns.)
Coal, anthracite pattern. 2-, 2½, 3-, and 3½-pound.
Falling, broad pattern with ear. None.
Falling, Pacific coast: 5- and 6-pound.
Falling, Lake Superior pattern (sometimes called a splitting wedge): None.
Falling, narrow pattern. None.
Falling, Oregon pattern. None.
Falling, Puget Sound pattern. None.
Falling, Tolmsend pattern. None.
Frost. 16-pound.
Hanging (any wedges with holes in center of head): None.
Rock. None.
Saw, heavy pattern, with ear. None.
Saw, improved: ½-, 1-, 2-, and 3-pound.
Splitting, cedar. None.
Splitting, Oregon. 6-pound.
Standard or square head: 3-, 4-, 5-, and 6-pound.
Stone: 3- and 4-pound.
Stone: 2- and 4-pound.
Tie: None.
Trackee, or round head: 4-, 5-, and 6-pound.
Trackee, flared bit: None.
Wood, prouty: None.

[a] Grade A forks shall have grade A handles; grade B forks, grade B handles; and grade C forks, grade C handles.

[b] All handles shall be of the bent type, except those of hay forks, which may be either straight or bent type. Those identified by the initials DT shall be D-top handles. The longest handle length listed is the maximum for the fork to which it applies. Where a range is given it indicates the commercial practice of furnishing long handles in 6-inch increments, including the shortest and longest listed, e. g., 4–5½ ft. means 4-, 4½-, 5-, and 5½-foot handles. Handles are not required to conform to the listed sizes, but shall not exceed the maximum length listed.

[c] The approximate weight per dozen is given for the highest grade listed. It is intended only to fix within reasonable limits the weight of the fork proper.

[d] With 4½-foot handles.

[e] Including bails and braces.

[f] Grade B spading forks to have tines half polished on face, tumbled back.

[a] Grade A hoes shall have grade A handles; grade B, grade B handles; and grade C, grade C handles. The blades of grade A and grade B hoes shall be polished front and back; the blades of grade C hoes shall be polished front and back for the first third of their height. Scuffle and mattock hoes shall be made only in natural finish.
[b] The dimensions given are the diameters of the shanks in inches. "X" means no dimension is specified. "None" means no hoe to be made in such construction type.
[c] Weight per dozen is that for highest grade listed, with handle of length listed.
[d] Blade may be attached to shank by riveting or any other satisfactory method.
[e] Weight of socket type.
[f] Maximum.
[g] Plain blade; perforated blade approximately one pound lighter per dozen.

PART 3157—HAULAGE CONSERVATION

[General Haulage Conservation Order T-1, Schedule I, as Amended Jan. 12, 1944, Suspension]

PORTLAND CEMENT

Schedule I to General Haulage Conservation Order T-1 is hereby suspended until further notice. This suspension does not affect any liability incurred under Schedule I prior to March 10, 1944.

Issued this 10th day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

PART 3230—BROOM MATERIALS AND BROOMS

[General Conservation Order L-283, Revocation]

Section 3230.1 *General Conservation Order L-283* is hereby revoked. This action shall not be construed to affect in any way any liability or penalty accrued or incurred under General Conservation Order L-283.

Effect of other orders. The revocation of this order does not affect other orders or regulations which, by control of materials used in brooms or otherwise, place restrictions upon the manufacture of brooms.

Issued this 10th day of March 1944.

PART 3262—POWER BOILERS

[Limitation Order L-290, as Amended Mar. 10, 1944]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of steel for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3262.1 *Limitation Order L-299*—(a) *Definition.* For the purposes of this order "power boiler" means any vessel or pressure part thereof, constructed of steel for a design pressure exceeding 15 pounds per square inch, in which steam is generated by the application of heat resulting from the combustion of fuel, except boilers for locomotives or marine service, or miniature boilers as defined in Section V "Miniature Boiler" of the American Society of Mechanical Engineers Boiler Construction Code.

(b) *Restrictions on specifications.* No person shall produce, fabricate, or deliver any power boiler except as permitted by paragraph (d) hereof, having a greater metal thickness or quantity of steel than needed to meet the minimum thickness requirements of Section I (Edition 1943) of the American Society of Mechanical Engineers Boiler Construction Code, Addenda thereto and Interpretations thereof (including Case No. 968) issued prior to January 15, 1944.

(c) *Acceptance of delivery.* No person shall accept delivery of any power boiler which he knows or has reason to believe was produced, fabricated or delivered in violation of the provisions of paragraph (b) of this order.

(d) *Exceptions.* (1) The provisions of paragraph (b) shall not apply to any power boiler:

(i) Which has been produced or fabricated before July 1, 1943, or which before such date has been processed in such manner and to such extent that processing to conform to such provisions would be impracticable, or

(ii) To the extent that any of the materials have been procured, or approved by the War Production Board for entry on a mill schedule, prior to July 1, 1943.

(2) The provisions of paragraph (b) shall not apply to any power boiler to the extent:

(i) That, to promote plate thickness simplification, the ordered thickness of any plate may be greater than the thickness established by paragraph (b), but in no case to exceed 1/32 inch greater, or

(ii) That the thickness of any plate having a hole into which a tube is rolled may be increased to the thickness necessary to secure satisfactory seating of the tubes, or

(iii) That the wall thickness of any tube may be increased to the thickness needed to meet the service conditions or the construction requirements.

(e) *Records.* Each person fabricating a power boiler shall retain records including detail of exceptions as provided in paragraph (d). Such records shall be available for inspection by duly authorized representatives of the War Production Board.

(f) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate referring to the particular provision appealed from and stating fully the grounds of the appeal.

(g) *Violations.* Any person who wilfully violates any provision of this order, or who in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining any further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(h) *Communications.* All communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Power Division, Washington 25, D. C., Ref.: L-299.

(i) *Regulations.* This order and all transactions affected hereby are subject to all applicable regulations of the War Production Board.

Issued this 10th day of March 1944.

PART 3284—BUILDING MATERIALS

[Limitation Order L-316 as Amended Mar. 10, 1944]

VITRIFIED CLAY SEWER PIPE

The fulfillment of requirements for the defense of the United States has created or will create a shortage of facilities used in the production of vitrified clay pipe for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3284.101 *Limitation Order L-316*—(a) *Definitions.* (1) "Vitrified clay sewer pipe" means a pipe manufactured from surface clay, fire clay, shale, or a mixture of these materials burned to a glass-like substance and used primarily to convey sewage.

(2) "Producer" means any person who manufactures vitrified clay sewer pipe.

(3) "Zone 1" means all territory within the continental United States (comprising the several States and the District of Columbia) not included in Zone 2 and Zone 3.

(4) "Zone 2" means all territory in the State of California south of the 36th parallel.

(5) "Zone 3" means the State of Washington and all territory in the State of California north of the 36th parallel.

(b) *Simplified practices.* (1) No producer shall manufacture vitrified clay sewer pipe except in accordance with the strength, dimensions, sizes, variations, diameters, depths, and thicknesses set up in

(i) Tables I and II of Schedule A, when such pipe is manufactured within Zone 1,

(ii) Tables I and II of Schedule B, when such pipe is manufactured within Zone 2,

(iii) Table I of Schedule B, and Table II of Schedule A, when such pipe is manufactured within Zone 3.

(2) Any producer who had in his possession on October 25, 1943, any vitrified clay sewer pipe of any strength, dimension, size, variation, diameter, depth or thickness other than those permitted by paragraph (b) (1) and who wishes to make up additional pipe in order to be able to dispose of such inventories, may request specific authorization of the War Production Board to do so. Such authorizations will be granted only to fill specific purchase orders. Any person requesting such authorization shall send a letter in duplicate to the War Production Board, Washington 25, D. C., specifying the particular purchase order, the quantity of pipe which is now in his inventory and the additional quantity needed to fill the particular purchase order. (This reporting provision has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.)

(c) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(d) *Applicability of regulations.* This order and all transactions affected by it are subject to all applicable regulations of the War Production Board as amended from time to time.

(e) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(f) *Communications.* All communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Building Materials Division, Washington 25, D. C., Reference L-316.

Issued this 10th day of March 1944.

Short molded or pressed curves may be made in 4" and 6" diameters 12" long only, with either 30° or 45° angles.

Short molded or pressed curves may be made in 8", 10" and 12" diameters only, in 30° angles only.

Medium molded or pressed curves may be made in 4", 6", 8", 10", 12" diameters only, in 30° angles only. Long curves may be made in 4" or 6" diameters only, in 30° angles only. Cut or mitered curves may be made in 8", 10", 12", 15", 18", 21", 24", 27", 30", 33", 36" diameters only, with either 30° or 45° angles.

ELBOWS

Short molded or pressed elbows may be manufactured in sizes 4", 6", 8", 10" and 12" only, with 90° angles only. Medium elbows, molded or pressed, may be manufactured in sizes, 4", 6", and 8" only, with 90° angles only. Long ells, molded or pressed, may be made in sizes 4" or 6" only, with 90° angles only. Cut ells may be manufactured in sizes 8", 10", 12" and 15" only, with 90° angles only.

CHANNEL PIPE

Channel pipe and fittings may be manufactured only in the same sizes and lengths permitted by this order for whole pipe and fittings.

TRAPS

P. traps and running traps may be furnished in sizes 4", 6", and 8" only. HH. traps may be manufactured in the following sizes only:

PART 3286—MISCELLANEOUS MINERALS

[General Preference Order M-89 as Amended Mar. 10, 1944]

CORUNDUM

Whereas, national defense requirements have created a shortage of corundum (as hereafter defined) for the combined needs of defense and private account, and the supply of corundum now is and will be insufficient for defense and essential civilian requirements, unless the supply of corundum is conserved and its use in certain products manufactured for civilian use is curtailed; and it is necessary in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution and use thereof. Now, therefore, it is hereby ordered that:

§ 3286.15 *General Preference Order M-89*—(a) *Definitions.* For the purposes of this order:

(1) "Corundum" means naturally occurring crystalline anhydrous aluminum oxide suitable for abrasive use and unbonded. "Corundum" includes ores of corundum, the abrasive grains made therefrom, and corundum superfine flours, ordinarily spoken of as optical emery. Natural emery, sapphire, and ruby are not included. Also, the type of corundum material known in the trade as "Boulder Corundum DC Fines" is not included.

(2) "Supplier" means any person who imports corundum, who produces corundum grain or superfine flours, or who offers corundum for sale.

(3) "Consumer" means any person who uses or consumes corundum by incorporating it physically into a product or who uses or consumes corundum in the form of grain, powder, or flour in any grinding, polishing, or fabricating process other than grinding of spectacle lenses (ophthalmic).

(b) *Restrictions on delivery and use.* No supplier shall make delivery of corundum except as authorized by the War Production Board. The Board will from time to time allocate the supply of corundum and specifically direct the manner and quantities in which deliveries to or by particular persons or for particu-

lar uses shall be made or withheld. The War Production Board may also direct, limit, or prohibit deliveries, withdrawals from inventories, and particular uses of corundum in the hands of consumers. Such allocations and directions will be made to insure the satisfaction of defense requirements of the United States, both direct and indirect, and they may be made, in the discretion of the War Production Board without regard to any preference ratings assigned to particular contracts or purchase orders. The War Production Board may also take into consideration the possible dislocation of labor and the necessity of keeping a plant in operation so that it may be able to fulfill defense orders and essential civilian requirements.

(c) *Reports.* On or before the 5th day of each calendar month, each supplier of corundum ore or grain shall file with the War Production Board, in quadruplicate, Form WPB–2921 (formerly PD–293). On or before the 28th day of each calendar month, each supplier of corundum superfine flours shall file with the War Production Board, in quadruplicate, Form WPB 2922 (formerly PD–293A). On or before the 5th day of each calendar month, each consumer of corundum grain shall file with the War Production Board, in duplicate, Form WPB–2933 (formerly PD–294); provided, that any consumer of corundum grain who has neither received nor used any corundum grain for a period of three or more consecutive months, according to reports filed by such consumer with the War Production Board on Form WPB–2923, may discontinue filing such reports. However, if at any later time he uses or delivers from stock any corundum grain, he shall file with the War Production Board Form WPB–2923, in duplicate, on or before the 5th day of the month following the month in which the use or delivery occurred; and if he desires to obtain delivery of any corundum grain, he shall file application therefor with the War Production Board on Form WPB–2923, in duplicate. Each consumer desiring a delivery of corundum superfine flours shall file application therefor with the War Production Board, in duplicate, upon Form WPB–2924 (formerly PD–294A). The reporting requirements of this order have received the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(d) *Small order exemption.* Beginning April 1, 1944, a supplier, without receiving specific authorization from the War Production Board, may deliver not more than 25 pounds of corundum superfine flours of all sizes to any one consumer in any one calendar month, and a consumer without filing any application for allocation may accept delivery of not more than 25 pounds of corundum superfine flours of all sizes from all sources in any one calendar month. This exemption shall not apply, however, to delivery to, or acceptance of delivery by, a consumer to whom a supplier has been specifically authorized to deliver corundum superfine flours during the month in question pursuant to application on Form WPB–2924 or a consumer whose inventory of corundum superfine flours of the sizes to be delivered in a given month exceeds the amount of these sizes customarily consumed by him during a period of 60 days.

NOTE: Paragraph (e), formerly (d), redesignated Mar. 10, 1944.

(e) *Miscellaneous provisions*—(1) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(2) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Miscellaneous Minerals Branch, Washington 25, D. C. Ref: M–89.

(3) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 10th day of March 1944.

PART 3291—CONSUMERS DURABLE GOODS[1]

[Supplementary Limitation Order L–71–a as Amended Mar. 10, 1944]

HEARING AID BATTERIES

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of hearing aid batteries, and critical materials used in the production of such batteries for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3291.130[1] *Supplementary General Limitation Order L–71–a*—(a) *Definitions.* For the purposes of this order:

(1) "Hearing aid battery" means any dry cell battery designed and produced primarily for use in any hearing aid device for personal use.

(2) "Manufacturer" means any person engaged in the business of manufacturing or assembling hearing aid batteries.

(3) "Circular C435" means Circular C435 of the National Bureau of Standards, issued February 18, 1942, entitled "American Standard Specification for Dry Cells and Batteries".

[1] Formerly Part 1142, § 1142.2.

(b) *General restrictions.* On and after April 1, 1943, no manufacturer shall produce any hearing aid batteries which do not conform to the following limitations:

(1) Each hearing aid battery for carbon type hearing aid device shall contain either two or three cells none of which shall be smaller than the cell designated "CD" in Table 1 of Circular C435, with the modifications permitted in Section 2.2 of that Circular, except that four or six cells designated as "C" in such Table may be used in a battery containing a dual circuit.

(2) No "A" or "B" hearing aid battery shall contain as an integral part of such battery a wire connector designed to be attached to its complementary "B" or "A" battery, respectively.

(3) Each "A" hearing aid battery shall contain as terminals either:

(i) Plug-in sockets having the terminal arrangement shown in IV in Figure 1 in Circular C435; or

(ii) Flashlight cell type terminals as described in Section 11.4 of Circular C435.

(4) Each "B" hearing aid battery shall conform to one of the following four specifications:

Volts	Cells	Terminal arrangement in Circular C435
22½	15	III in Figure 1.
33	22	III in Figure 1.
45	30	III in Figure 1.
30	20	XI in Figure 2.

(5) Each "A" or "B" hearing aid battery which contains a label bearing the name or trade mark of any manufacturer of hearing aid devices shall also indicate on such label the voltage of the battery and contain the following language: "This battery is produced in accordance with War Production Board orders and is designed to be suitable for use with any make of hearing aid device which requires for its operation a battery of this voltage and which is equipped with suitable connectors."

(c) *Applicability of other orders.* Insofar as any other order heretofore or hereafter issued by the Director of Priorities, the Director of Industry Operations, the Director General for Operations or the War Production Board, including Limitation Order L–71, limits the use of any material in the production of hearing aid batteries to a greater extent than the limits imposed by this order, the restrictions in such other order shall govern unless otherwise specified therein.

(d) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(e) *Violations.* Any person who wilfully violates any provision of this order or who in connection with this order wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining

further deliveries of, or from processing or using, material under priority control, and may be deprived of priorities assistance.

(f) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(g) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(h) *Reports.* All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time require.

(i) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(j) *Communications.* All reports required to be filed hereunder, and all communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Consumers' Durable Goods Division, Washington 25, D. C.; Ref.: L-71-a.

Issued this 10th day of March 1944.

MILEAGE RATIONING: GASOLINE REGULATIONS FOR THE TERRITORY OF HAWAII

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Ration Order 5F is amended in the following respects:

1. In section 2.1, the definition of "Commercial motor vehicle" is amended by inserting the words "or passenger car which is registered as a truck and" immediately following the words "station wagon."

2. The first sentence in section 11.6 (c) (1) is amended to read as follows:

(1) Upon receiving the surrender, pursuant to section 11.6 (a), of all of the unused coupons and coupon books which represent a ration for use with a motor vehicle transferred to a new owner, and upon receipt of OPA Form THP-3 (in the event a used passenger vehicle is transferred) or OPA Form 694-457 (in the event a used commercial motor vehicle is transferred), properly executed by the transferor and the new owner, the Board shall issue a Receipt (OPA Form R-569) in duplicate: *Provided*, That OPA Form 694-457 shall not be required where a used commercial motor vehicle is transferred to a motor vehicle dealer.

3. Section 11.8 (a) (1) is amended to read as follows:

(1) Whenever a person violates any provision of Ration Order 1E or Ration Order 5F, or whenever any other person using a motor vehicle on his behalf or at his direction, or with his consent, violates any provision of Ration Order No. 1E or Ration Order 5F, the Board after hearing may, in its discretion, revoke and suspend his ration or rations, in whole or in part, for such period as it may deem appropriate in the public interest. The Board may designate one or more of its members to perform the function described in this paragraph.

This amendment shall become effective March 10, 1944.

NOTE: All record keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget as required by the Federal Reports Act of 1942.

PART 1418—TERRITORIES AND POSSESSIONS

[MPR 201,[1] Amdt. 8]

TRANSFERS OF BUSINESS OR STOCK IN TRADE IN VIRGIN ISLANDS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 201 is amended in the following respects:

1. In § 1418.102 (a) (2) the proviso is amended to read as follows:

Provided, That the price determined in accordance with this section, if such price is not in line with the maximum prices of other similar sellers, or if it reflects wholesale purchases at retail price levels or includes markups or transportation costs not essential to the efficient marketing of the commodity, may be adjusted by the Territorial Director for the Virgin Islands, subject to review as provided in Procedural Regulation No. 7.[2]

2. Section 1418.107a is added to read as follows:

§ 1418.107a *Transfers of business or stock in trade*—(a) *Stock in trade.* Where the business, assets or stock in trade involved in liquidation, located in the Virgin Islands of the United States and belonging to any person, are or have been sold or otherwise transferred on or after August 17, 1942, the transferee shall be bound by the maximum prices to which the transferor would have been subject for such stock in trade sold in the Virgin Islands of the United States, and the transferee may not sell such stock in trade at prices in excess of those to which the transferor would have been subject. The transferor shall preserve and make available to the transferee the records required under paragraph (a) and paragraph (c) (2) of § 1418.106, as well as every price authorization or adjustment received by him from the Office of Price Administration. The transferor shall indicate his maximum prices for different classes of purchasers and for similar units of stock received at different costs.

(b) *Adjustment for inter-island transfers of stock in trade.* Where stock in trade subject to paragraph (a) above is sold or offered for sale at premises located in a different municipality or island from that of the transferor's establishment, the transferee may apply to the Territorial Director for the Virgin Islands for an adjustment of his maximum prices for sales of such stock in trade from the new premises. The Territorial Director may at his discretion adjust the maximum prices of such stock in trade by an amount not to exceed such part of the costs of moving which, in his judgment, are reasonable. Unless the transferee makes such an application, and unless the Territorial Director issues an order adjusting his maximum prices, the transferee may not sell such stock in trade at prices in excess of the prices established in paragraph (a) above.

(c) *Continuation of the business.* Where the transferee of stock in trade involved in liquidation subject to paragraph (a) above carries on the business of the transferor or continues to deal in the same type of commodities as those transferred in an establishment separate from any other establishment previously owned or operated by him, the maximum prices of the transferee shall be the same as those to which the transferor would have been subject if no such transfer had taken place. The transferor shall preserve and make available to the transferee the records, price authorizations, price adjustments and information specified in paragraph (a) above. If, however, the transferee carries on the business or continues to deal in the same type of commodities in an establishment previously owned or operated by him, the maximum prices of the transferee for all commodities other than those transferred and subject to paragraph (a) above shall be unaffected by the transfer.

This amendment shall become effective March 16, 1944.

(56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681)

PART 1420—BREWERY, WINERY AND DISTILLERY PRODUCTS

[MPR 445,[1] Amdt. 13]

DISTILLED SPIRITS AND WINES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 445 is amended in the following respects:

1. Section 1.7 (b) is amended to read as follows:

(b) *Importer's maximum prices for certain commodities imported in bulk.* An importer's maximum price for any commodity listed below, imported in bulk and sold either in bulk or in packages, shall be determined according to its base figure and type of sale indicated below, except that if the commodity he imports in bulk and bottles domestically is of the same type designation and is sold in the same container size at the same proof under the same brand name as an item which the importer imported in packages and sold or offered for sale during March 1942, his maximum price to a class of purchaser for the commodity imported in bulk and bottled domestically shall be the maximum price to the same class of purchaser which he could compute under section 1.4 for the item which he imported in packages and sold or offered for sale during March 1942.

(1) *Base figures for certain imported commodities.*

Commodity	Base figure
Cuban distilled gin (as defined in section 7.12)	$1.75
Cuban rum (as defined in section 7.12)	[1] 2.75
Cuban whiskey bearing an age statement or accompanied by a certificate showing age of six months or less (as defined in section 7.12)	.83
Mexican distilled gin (as defined in section 7.12)	1.90
Mexican tequilla (as defined in section 7.12)	2.10
Mexican whiskey bearing an age statement or accompanied by a certificate showing age of six months or less (as defined in section 7.12)	.83
Distilled spirits (produced in or imported from Cuba) made from cane products and flavored with aromatics	1.23
Distilled spirits (produced in or imported from Mexico) made from cane products and flavored with aromatics	1.36

[1] Or the importer's "direct cost", f. o. b. port of arrival, plus 15¢ per proof gallon, whichever figure is the lower. "Direct cost" means the price paid the foreign vendor, not in excess of the foreign vendor's selling price in effect on April 30, 1943 (less all discounts and allowances except the discount given for prompt payment) plus charges for cooperage, Cuban export tax, freight to port of arrival, loading, war risk insurance and marine insurance, wharfage, consular fees, customs broker fees, customs entry fees, and loss of merchandise and customs duty due to leakage and evaporation in shipment to the United States.

(2) *When imported and sold in bulk by the importer.*

NOTE: Maximum prices for sales of any such commodity in bulk by persons other than the importer must be established under other applicable regulations of the Office of Price Administration or under Article II (when applicable) of this regulation.

An importer's maximum price for sales of any such commodity imported and sold by him in bulk shall be as follows:

(i) *Sales in bond.* Its base figure per original proof gallon f. o. b. port of entry, plus inland freight (if paid by the importer) to transport the particular quantity from port or point of arrival in continental United States to the bonded

warehouse where it is at date of sale. "Original proof gallon" shall be determined according to first customs gauge in the United States. Freight shall be figured at the carload rate in effect at the date of shipment from port or point of arrival and shall not include hauling, drayage or handling in the metropolitan area of port or point of arrival or port of entry.

(ii) *Tax paid sales f. o. b. port of entry.* The maximum price provided under (i) above for a sale of the same quantity, in bond, plus United States customs duties and United States excise taxes paid thereon by the importer at rates in effect on November 2, 1942. The amount of excise taxes shall be determined on the number of proof gallons according to the regauge on which they are paid. The amount of customs duties shall be determined on original proof gallons according to the first customs gauge in the United States: *Provided*, That where the commodity has been imported at less than 100° proof, the amount of customs duties and excise taxes shall not be in excess of that which would have been applicable if the commodity had been imported at 100° proof.

(3) *When imported in bulk, bottled domestically and sold in packages.*

NOTE: Persons other than the importer, bottling such commodity domestically or having it bottled for their account must establish their maximum prices for the packaged item by using the method herein provided for determination of the importer's maximum prices.

An importer's maximum price per case for sales of any such commodity imported in bulk, bottled domestically and sold in packages shall be as follows:

(i) *Sales to wholesalers.* The total of the following amounts paid by or for the account of the importer and applicable to the quantity in the case:

(*a*) The commodity's base figure per proof gallon bottled.

(*b*) United States customs duties and United States excise taxes at rates in effect on November 2, 1942: *Provided*, That where the commodity has been imported at less than 100° proof, the amount of United States customs duties and excise taxes shall not be in excess of that which would have been applicable if the commodity had been imported at 100° proof.

(*c*) Inland freight from port or point of arrival in continental United States to port of entry nearest the plant where bottling or rectifying is done, and inland freight from port of entry to that plant at the carload rates in effect on the respective dates of shipment. Charges for hauling, drayage, or handling within the metropolitan area of such ports or point, or within the metropolitan area about such plant shall not be included.

(*d*) Two percent of the total of (*a*), (*b*), and (*c*) above.

(*e*) A charge for bottling and casing as follows:

$1.50 per case of quarts or fifths.
2.10 per case of pints.
2.85 per case of half pints.

(*f*) Rectification tax, if any, at the rate paid: *Provided*, That rectification tax paid for re-processing, reconditioning or otherwise treating the imported commodity because of any defect or substandard quality of such imported commodity may not be added.

(*g*) $1.70 per proof gallon bottled.

(*h*) State and local excise taxes and one cent for each strip stamp affixed to individual containers. All taxes shall be figured at rates in effect on November 2, 1942 and shall be included only if imposed upon and applicable to the sale of the item for which a maximum price is being figured. No amount shall be added for license, income, franchise, receipts, sales, use or other similar federal, state, or local taxes.

(ii) *Sales to monopoly states.* The maximum price per case provided in (i) above for sales of the particular container size to wholesalers, plus the amount paid by the importer to purchase and affix monopoly state seals or stamps to individual containers in the case being priced. If the seals or stamps are affixed by the monopoly state, the amount added shall not exceed the highest amount charged for the corresponding seals or stamps and service during March 1942, and if the importer affixed the seals or stamps before delivery of the item, shall not exceed fifty cents per case.

(iii) *Sales to primary distributing agents.* The maximum price per case provided in (i) above for sales of the particular container size to wholesalers subject to any discount, allowance or price differential agreed upon by the particular importer and primary distributing agent.

(iv) *Sales to retailers.* The maximum price per case provided in (i) above for sales of the particular container size to wholesalers plus the percentage markup provided in Article V for sale of the same item by wholesalers to retailers.

Where the importer makes the sale to a retailer f. o. b. a customary shipping point other than the domestic bottling plant, he may add to his maximum price to wholesalers, before applying the markup, inland freight he pays for direct shipment from such plant to the shipping point, exclusive of charges for local hauling, drayage, or handling within the metropolitan areas of such points.

(v) *Sales to consumers.* The maximum price per case provided in (i) above for sales of the particular container size to wholesalers plus the percentage markup provided in Article V for sales of the same item by retailers to consumers.

Where the importer makes the sale to a consumer f. o. b. a customary shipping point other than the domestic bottling plant, he may add to his maximum price to wholesalers, before applying the markup, inland freight he pays for direct shipment from such plant to the shipping point, exclusive of charges for local hauling, drayage, or handling within the metropolitan areas of such points.

(vi) *For individual container.* An importer's maximum price for individual containers of such item shall be his maximum price per case for the item to a customer of the same class divided by the number of containers customarily packed in the case.

This amendment shall become effective March 16, 1944.

[General Order ODT 16A]

PART 502—DIRECTION OF TRAFFIC MOVEMENT

FREIGHT SHIPMENTS TO OR WITHIN PORT OR STORAGE AREAS IN U. S., AND TO OR THROUGH CANADA

General outline. This order supersedes General Order ODT 16, as amended, General Order ODT 38A, and outstanding orders issued in connection therewith. Generally speaking the revised order establishes permit requirements with respect to the transportation of (1) carload and truckload shipments of "overseas" freight to or within named port areas in the continental United States for delivery to ocean carriers, or for storage, (2) certain carload and truckload shipments of "export" freight from points in the United States to or through the Dominion of Canada, and (3) carload and truckload shipments of "domestic" or "import" freight to or within named port areas in the United States for storage in a public warehouse for account of a government agency.

In so far as carload and truckload shipments of "overseas" or "export" freight are concerned, the order is directed to both carriers and shippers and prohibits the offering for transportation, accepting for transportation, or transportation of such shipments except under an "ODT unit permit" issued by the Director, Division of Traffic Movement, Office of Defense Transportation, or his authorized permit agent. The use of the term "ODT block permit" as identifying a permit covering a shipment of government "overseas" or "export" freight is discontinued. The term "ODT unit permit" is used to identify a permit covering either government or commercial "overseas" or "export" freight.

Section 502.202, paragraph (c) of the order establishes controls over the delivery of certain shipments of "overseas" freight to ocean carriers at named port areas when the aggregate weight of any such shipment is 10,000 pounds or more. This provision of the order is directed to persons other than carriers and has no application with respect to carload and truckload shipments of "overseas" freight which are subject to the permit requirements contained in § 502.202, paragraph (a) of the order.

The revised order continues in effect the controls established by Amendment 1 to General Order ODT 16 over carload and truckload shipments of "domestic" or "import" freight intended for storage for account of a government agency in a public warehouse located within any named port area. The order provides that such shipments shall not be offered for transportation to or within any such port area except as authorized by an "ODT port storage forwarding permit" issued by the Director, Division of Storage, Office of Defense Transportation, or his authorized permit agent.

Provision is made in the revised order for the issuance of administrative orders by the Director, Division of Traffic Movement, Office of Defense Transportation, for the purpose of implementing this order, including the establishment of procedures to be followed in the application for and the issuance of both "ODT unit permits" and "ODT port storage forwarding permits". Administrative Order ODT 17 is being issued concurrently with this order. Nothing in this general outline of the order should be construed as affecting its specific provisions.

Pursuant to Executive Orders 8989, as amended, and 9156, in order to make available railway cars and other transportation facilities for the preferential transportation of material of war, as contemplated by section 6 (8) of the Interstate Commerce Act, as amended; to assure the orderly and expeditious movement of materials and supplies of war; to coordinate domestic traffic movements with ocean shipping in order to avoid terminal congestion at port areas in the United States, and to expedite the movement of traffic, the attainment of which purposes is essential to the successful prosecution of the war, General Order ODT 16, as amended (§ § 502.40 to 502.50), and General Order ODT 38A (§ § 502.135 to 502.143) shall be superseded, and, it is hereby ordered, that:

(e) "Commercial freight" means any export or overseas freight not shipped by or to a Government agency or on a United States Government bill of lading;

(f) "Import freight" means (1) any property which has moved by water from a port or place outside the continental United States to a port area within the

continental United States and which has not been subsequently transported beyond such port area, or (2) any property which is transported by rail, on through billing, from a place outside the continental United States to a port area within the continental United States and is not intended for reshipment to a place outside the continental United States;

(g) "Domestic freight" means any property other than import freight which is transported to or within a port area in the continental United States and is not intended for movement to a destination outside the continenal United States;

(h) "Government agency" means any agency or department of the United States, including any corporation organized and controlled by the United States, and the Dairy Products Marketing Association;

(i) "ODT block release" means an authorization by the Director, Division of Traffic Movement, Office of Defense Transportation, to his authorized permit agents, covering the issuance of ODT unit permits for the movement of a specified quantity of freight;

(j) "ODT unit permit" means a permit issued by the Director, Division of Traffic Movement, Office of Defense Transportation, or his authorized permit agent, as evidence that the property covered by such ODT unit permit is within the aggregate authorization of a specified effective ODT block release;

(k) "ODT port storage forwarding permit" means a permit issued by the Director, Division of Storage, Office of Defense Transportation, or his authorized permit agent, authorizing the transportation of carload or truckload shipments of domestic or import freight to or within a port area in the continental United States for storage in a public warehouse for account of a government agency;

(l) "Public warehouse" means a warehouse or other place of storage the operator of which is engaged as a warehouseman in the business of storing goods therein for compensation;

(m) "Carload shipment" means a shipment of property moving by rail or water (1) in a quantity the weight of which is 20,000 pounds or more, or (2) in a quantity less than 20,000 pounds if exclusively occupying a railway car when forwarded from point of origin;

(n) "Less - than - carload shipment" means a shipment of property moving by rail or water in a quantity the weight of which is less than 20,000 pounds and which does not exclusively occupy a railway car when forwarded from point of origin;

(o) "Truckload shipment" means a shipment of property which is transported in or on a motor truck (1) in a quantity the weight of which is 10,000 pounds or more, or (2) which property is a part of a single consignment of property the aggregate weight of which is 10,000 pounds or more;

(p) "Less - than - truckload shipment" means a shipment of property which is transported in or on a motor truck in a quantity the weight of which is less than 10,000 pounds and which is not a part of a single consignment of property the aggregate weight of which is 10,000 pounds or more;

(q) "Motor truck" means (1) a straight truck, (2) a combination truck-tractor and semi-trailer, (3) a full trailer, (4) or any combination thereof, or, (5) any other rubber-tired vehicle propelled by mechanical power, when used in the transportation of property;

(r) "Property" means anything, except passengers, capable of being transported by rail, motor truck, or water;

(s) "Port area" means any locality in the continental United States within which facilities are maintained for the interchange of property between ocean vessels and other transportation instrumentalities. A port area shall include both the switching and lighterage limits of the ports or places shown in Appendix A and Appendix B of Administrative Order ODT 17, or as such order may be amended, revised or reissued;

(t) "Interior storage area" means any storage area supplementary to a port area or range of port areas within the continental United States, as such interior storage areas may be defined from time to time in any administrative order issued by the Director, Division of Traffic Movement, Office of Defense Transportation, pursuant to the provisions of § 502.210 of this order;

(u) "W. S. A. forwarding authorization" means an authorization issued by the War Shipping Administrator or his duly authorized agent covering cargo subject to Directive 4, Revised (8 F. R. 1321), or as such directive may be further revised, amended, or reissued, as evidence that the shipment covered thereby is wanted at the port named by the date indicated therein, and that ocean cargo space therefor has been definitely allocated or committed;

(v) "Impedimenta" means baggage, supplies, and equipment of a military or naval organization or of the personnel thereof;

(w) "Continental United States" means the 48 states and the District of Columbia.

§ 502.201 *Applicability.* The provisions of this order shall be applicable to shipments of property to or within port or storage areas within the continental United States, and to or through the Dominion of Canada, but only in so far as the transportation takes place within the continental United States and is specifically made subject to the provisions of this order.

§ 502.202 *Transportation and delivery of shipments of overseas freight to or within specified port areas.* (a) No person shall offer for transportation, and no carrier shall accept for transportation, or transport, any carload or truckload shipment of overseas freight to or within any port area named in Appendix A of Administrative Order ODT 17, or as such order may be amended, revised or reissued, for storage within such port area or for delivery to an ocean carrier at such port area, unless there is outstanding an effective ODT unit permit authorizing the transportation of such shipment, and the number of such permit is endorsed upon the shipping order, waybill, and other shipping documents covering such shipment;

(b) No person shall offer for transportation, and no carrier shall accept for transportation, or transport, any less-than-carload or less-than-truckload shipment of overseas freight to or within a port area named in Appendix A of Administrative Order ODT 17, or as such order may be amended, revised or reissued, for storage within such port area or for delivery to an ocean carrier at such port area, unless such shipment (1) is consigned to an officer of the United States Army or Navy at a specified service installation or warehouse; or (2) is consigned to the War Shipping Administrator, and his forwarding authorization serial identification is shown on the shipping documents covering the inland transportation of such shipment; or (3) is consigned to a specific warehouse facility; or (4) is covered by a bona fide firm booking with the ocean carrier for the transportation of such shipment and the shipper so indicates on the shipping documents covering the inland transportation of such shipment;

(c) No person who is not a carrier shall deliver any shipment of overseas freight of an aggregate weight of 10,000 pounds or more to an ocean carrier at any port area named in Appendix A of Administrative Order ODT 17, or as such order may be amended, revised or reissued, unless there is outstanding an effective ODT unit permit authorizing the delivery of such shipment to such ocean carrier at such port area.

§ 502.203 *Transportation of certain carload and truckload shipments by rail or motor truck to or through the Dominion of Canada.* No person shall offer to a rail or motor carrier for transportation, and no rail or motor carrier shall accept for transportation, or transport, from any point in the continental United States, any carload or truckload shipment (a) which is consigned to a government agency and is destined to any point within the Dominion of Canada, (b) which is consigned by a government agency to, or is consigned to a government agency at, any port in the Dominion of Canada for export therefrom, or (c) which is consigned by a government agency or transported on a United States Government bill of lading to Churchill, Manitoba; Edmonton, Alberta; or any point on the line of the Northern Alberta Railways Company, unless there is outstanding an effective ODT unit permit authorizing the transportation of such shipment and the number of such permit is endorsed upon the shipping order, waybill, and other shipping documents covering such shipment.

§ 502.204 *Transportation of carload and truckload shipments of government domestic or import freight to or within specified port areas for storage in public warehouses.* No person shall offer any carload or truckload shipment of domestic or import freight for transportation to or within any port area named in Appendix B of Administrative Order ODT 17, or as such order may be amended, revised, or reissued, when such shipment is intended for storage for account of a government agency in a public warehouse located within any such port area, unless the transportation of such shipment to such public warehouse within such port area has been authorized by an ODT port storage forwarding permit issued by the Director, Division of Storage, Office of Defense Transportation, or his authorized permit agent, and the number of such permit is endorsed upon the shipping order or other appropriate shipping document covering such shipment. As used in this § 502.204 the term "truckload shipment" of domestic or import freight shall include any shipment of domestic or import freight of an aggregate weight of 10,000 pounds or more which is delivered to a public warehouse at a named port area in any wheeled vehicle other than a railway car.

§ 502.205 *Transportation of carload and truckload shipments of export or overseas freight to specific interior storage areas.* The Director, Division of Traffic Movement, Office of Defense Transportation, is hereby authorized to name and define in any administrative order issued pursuant to the provisions of § 502.210 of this order, specific interior storage areas in the continental United States to which carload and truckload shipments of export or overseas freight may not be transported for storage, unless the transportation of any such shipment to any such interior storage area has been authorized by the issuance of an ODT unit permit. No person shall offer for transportation, and no carrier shall accept for transportation, or transport, to any such interior storage area which may be hereafter named and defined in any such administrative order, any carload or truckload shipment intended for reshipment from such interior storage area to a destination outside the continental United States, unless there is outstanding an effective ODT unit permit authorizing the transportation of such shipment to such interior storage area, and the number of such permit is endorsed upon the shipping order, waybill, and other shipping documents covering such shipment.

§ 502.206 *Reconsignment restrictions.* (a) Any shipment which is subject to the permit requirements of this order at the time it is offered for transportation, and which when reconsigned continues to be subject to such permit requirements, shall not be reconsigned to a point other than the original billed destination unless there is outstanding an effective ODT permit authorizing the transportation of such shipment to such new destination;

(b) Any shipment which is not subject to the permit requirements of this order at the time it is offered for transportation, but which, when reconsigned to a new destination becomes subject to such permit requirements, shall not be so reconsigned unless there is outstanding an effective ODT permit authorizing the transportation of such shipment to such new destination.

§ 502.207 *Exemptions.* This order shall not apply to any traffic which is exempted from its provisions by the provisions of any administrative order issued pursuant to § 502.210 of this order.

§ 502.208 *Reports.* Rail carriers accepting carload shipments moving under ODT unit permits (not port storage forwarding permits) issued pursuant to this order, shall make the following reports:

(a) Within 24 hours of acceptance for movement, report by collect telegram to Chief, Traffic Control Division, Transportation Corps, War Department, Pentagon Building, Washington 25, D. C. (as agent of the Office of Defense Transportation), movement of each permitted car originating on its line to the extent required by ODT P–2 reporting system;

(b) Daily reports to the Division of Traffic Movement, Office of Defense Transportation, Washington 25, D. C. as required by ODT P–5 reporting system;

(c) Monthly reports to the Division of Traffic Movement, Office of Defense Transportation, Washington 25, D. C., as required by ODT P–6 reporting system.

§ 502.209 *Issuance of special and general permits.* The provisions of this order shall be subject to any special permit issued by the Director, Division of Traffic Movement, Office of Defense Transportation, and to any general permit issued by the Office of Defense Transportation, to meet specific needs or exceptional circumstances, or to prevent undue hardships.

§ 502.210 *Procedures; delegations of authority.* (a) The Director, Division of Traffic Movement, Office of Defense Transportation, is hereby authorized and directed to issue such administrative orders as may be necessary to implement this order, including the establishment of procedures to be followed with respect to applications for and the issuance of ODT unit permits and ODT port storage forwarding permits. Said Director may issue ODT unit permits, and the Director, Division of Storage, Office of Defense Transportation, may issue ODT port storage forwarding permits, through such permit agents as have been delegated such authority in any such administrative order;

(b) In the issuance of ODT unit permits, the Director, Division of Traffic Movement, Office of Defense Transportation, and his authorized permit agents, subject to his general supervision, are hereby authorized to designate in any such permit the route or routes, within the continental United States, over which the shipment or shipments covered by any such permit shall be transported. Failure of a shipper to observe the routing specified in any such permit will render such permit invalid.

§ 502.211 *Communications.* Communications concerning this order should refer to "General Order ODT 16A" and except as otherwise provided herein, or in any administrative order issued pursuant to the provisions of § 502.210 of this order, should be addressed to the Office of Defense Transportation, Washington 25, D. C.

This General Order ODT 16A shall become effective March 15, 1944.

General Order ODT 16, as amended (7 F.R. 5194, 8 F.R. 16220, 17001), Exception Order ODT 16–1, as amended (7 F.R. 5889, 10724), Exception Order ODT 16–2 (7 F.R. 7258), Exception Order ODT 16–3 (7 F.R. 7998), General Permit ODT 16–1 (7 F.R. 11027), and General Permit ODT 16–2 (8 F.R. 11542), are hereby revoked as of the effective date of this General Order ODT 16A. (General Order ODT 38A (8 F.R. 9067), Administrative Order ODT 2A (8 F.R. 9068), and Administrative Order ODT 11 (8 F.R. 17515), will be revoked by the issuance of separate revocation orders).

NOTE: The recording and reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued at Washington, D. C., this 10th day of March 1944.

[Administrative Order ODT 17]

PART 503—ADMINISTRATION

PROCEDURES AND DELEGATIONS OF AUTHORITY WITH RESPECT TO PORT STORAGE FORWARDING PERMITS

Pursuant to § 502.210 of General Order ODT 16A, it is hereby ordered, that:

Sec.

503.360 General provisions.
503.361 Delegation of authority to issue ODT unit permits.
503.362 Types of ODT unit permits; conditions.
503.363 Application for ODT unit permits.

Sec.
503.364 Application for and issuance of ODT port storage forwarding permits covering shipments of government domestic freight.
503.365 Application for and issuance of ODT port storage forwarding permits covering shipments of government import freight; delegation of authority.
503.366 Exemptions.
503.367 Embargoes.

AUTHORITY: §§ 503.360 to 503.367, inclusive, issued under General Order ODT 16A, this issue.

§ 503.360 *General provisions.* General Order ODT 16A establishes permit requirements with respect to the transportation of (a) carload and truckload shipments of overseas freight to or within designated port areas in the continental United States whether for storage or for delivery to an ocean carrier; (b) certain carload and truckload shipments from points in the continental United States to or through the Dominion of Canada; and (c) carload and truckload shipments of domestic or import freight to or within designated port areas for storage in a public warehouse for account of a government agency. The port areas are named in Appendix A and Appendix B of this administrative order. Permit requirements are also established with respect to the delivery of certain shipments of overseas freight to an ocean carrier by any person other than a carrier. Provision is made in § 502.205 of General Order ODT 16A for the establishment of permit requirements in connection with the transportation of carload and truckload shipments of export or overseas freight to interior storage areas in the continental United States as such interior storage areas may be named and defined in any administrative order issued pursuant to the provisions of such order. No such interior storage areas are named in this administrative order as now issued.

It is provided that shipments of export or overseas freight which are covered by the order shall be subject to "ODT unit permits". An ODT unit permit is defined in the order as "a permit issued by the Director, Division of Traffic Movement, Office of Defense Transportation, or his authorized permit agent, as evidence that the property covered by such ODT unit permit is within the aggregate authorization of a specified effective ODT block release." The issuance of ODT block releases by the Director, Division of Traffic Movement, Office of Defense Transportation, to his authorized permit agents will be based on applications received from the ocean cargo control agencies, viz., War Shipping Administration, as to (1) commercial overseas freight, and (2) overseas freight within the scope of the War Shipping Administrator's Directive 4, Revised (8 F.R. 1321), or as such Directive may be further revised, amended or reissued; War Department, as to overseas freight for its own account; and Navy Department, as to overseas freight for its own account; setting forth the amount of cargo space which will be available from time to time for the transportation of overseas freight from port areas in the continental United States.

General Order ODT 16A provides that shipments of government domestic or import freight subject to its provisions are to move on "ODT port storage forwarding permits" to be issued by the Director, Division of Storage, Office of Defense Transportation, or his authorized permit agents. Procedures governing the application for and the issuance of ODT port storage forwarding permits are outlined in §§ 503.364 and 503.365 of this Administrative Order ODT 17.

§ 503.361 *Delegation of authority to issue ODT unit permits.* (a) Subject to such restrictions, directions, and reporting requirements as are now or may be hereafter established by the Director, Division of Traffic Movement, Office of Defense Transportation, the following are hereby authorized to issue ODT unit permits:

(1) Transportation Division, Bureau of Supplies and Accounts, Navy Department, Washington, D. C., may issue requisite ODT unit permits covering the transportation of property originating at a point in the continental United States and consigned to the Navy Department or for its account at navy yards or supply depots controlled or operated by the Navy Department;

(2) Division of Cargo Clearance, War Shipping Administration, New York, New York, may issue requisite ODT unit permits covering consignments of commercial freight originating at a point in the continental United States or in Mexico and shipped to, moving within, or delivered at a port area in the continental United States;

(3) The Transport Controller, Dominion of Canada, Montreal, Quebec, may issue all requisite ODT unit permits covering shipments of overseas freight originating at any point in the Dominion of Canada and moving on through billing to a port area in the continental United States, subject to such restrictions as may be imposed by the Traffic Control Division, Transportation Corps, Army Service Forces, covering the transportation of such shipments within the continental United States, including the designating of routing within continental United States, and also subject to clearance with the Division of Cargo Clearance, War Shipping Administration, with respect to shipments of commercial freight subject to ODT unit permit requirements;

(4) The Traffic Control Division, Transportation Corps, Army Service Forces, Washington, D. C. may issue all other requisite ODT unit permits covering shipments of export or overseas freight which are subject to the provisions of General Order ODT 16A, or as such order may be amended, revised, or reissued;

(b) No ODT unit permit shall be issued covering shipments of overseas freight unless (1) the property covered by such permit is within the aggregate authorization of a specified effective ODT block release issued by the Director, Division of Traffic Movement, Office of Defense Transportation, and (2) a "W. S. A. forwarding authorization" has been issued if the shipment is subject to such requirement pursuant to the provisions of the War Shipping Administrator's Directive 4, Revised, or as such Directive may be further revised, amended, or reissued. No ODT unit permits shall be issued covering the transportation of shipments of overseas freight to a named port area for storage therein unless arrangements have been made in advance of shipment for the storage of any such shipment immediately on its arrival at such port area. No ODT unit permit shall be issued covering shipments of export freight intended for shipment to or through the Dominion of Canada except on assurances from the Transport Controller, Dominion of Canada, that the transportation of any such shipment will not cause or contribute to traffic congestion or car detention within the Dominion of Canada.

§ 503.362 *Types of ODT unit permits; conditions.* All ODT unit permits issued shall carry identification comprised of two letters followed by six digits and one letter; for example, WB–2713–12–W. Construction of ODT unit permit numbers shall be governed by code requirements issued from time to time by the Director, Division of Traffic Movement, Office of Defense Transportation. Such permits shall be valid for such period of time as specified individually therein, shall cover only the kind and quantity of goods specified therein, and shall be sub-

ject to conditions stated therein, including routes named. ODT unit permits issued will be of the following types and will be subject to the additional conditions outlined below which conditions shall be binding on any person offering for transportation, accepting for transportation, transporting or delivering to an ocean carrier, a shipment covered by such permit:

(a) ODT unit permits authorizing the transportation of shipments of overseas freight from a point outside a port area to a named port area for delivery to an ocean carrier;

(b) ODT unit permits authorizing the transportation or delivery of shipments of overseas freight originating in or currently within a named port area to an ocean carrier within such port area;

(c) ODT unit permits authorizing the transportation of shipments of overseas freight to or within a named port area for storage. Such permits do not authorize delivery to an ocean carrier. They will be valid only under the following conditions:

(1) That specified carrier or non-carrier storage space in such port area has been prearranged;

(2) That notwithstanding free time provisions of carrier's tariff shipper agrees on behalf of himself and the consignee that the carrier will receive instructions to deliver the property to such prearranged storage within 48 hours of receipt of carrier arrival notice by consignee, unless an ODT unit permit (as per (b) above) to deliver the property to an ocean carrier has previously been issued and is valid and effective;

(d) ODT unit permits covering the transportation of property to points within the Dominion of Canada. Such permits are valid only within the continental United States and property so transported when within the Dominion of Canada is subject to all requirements of the Transport Controller of the Dominion of Canada.

§ 503.363 *Application for ODT unit permits.* Application for the issuance of an ODT unit permit shall be made to the appropriate permit agent authorized to issue such permit pursuant to the provisions of § 503.361 hereof and shall contain such information as may be required from time to time by such permit agent, subject to the approval of the Bureau of the Budget, where such approval is required pursuant to the provisions of the Federal Reports Act of 1942.

§ 503.364 *Application for and issuance of ODT port storage forwarding permits covering shipments of government domestic freight.* Application for the issuance of an ODT port storage forwarding permit authorizing the offering of carload or truckload shipments of domestic freight for transportation to or within a port area for storage in a public warehouse for account of a government agency, shall be made by the interested government agency to the Director, Division of Storage, Office of Defense Transportation, Washington 25, D. C. Such application shall be submitted on joint application and permit form ODT S–137 which has been prescribed by the Office of Defense Transportation and is reproduced as Appendix C hereof.[1] When approved the document will constitute an ODT port storage forwarding permit authorizing the offering for transportation of the shipments described in such permit, subject to the conditions outlined in the permit.

§ 503.365 *Application for and issuance of ODT port storage forwarding permits covering shipments of government import freight; delegation of authority.* (a) Application for the issuance of an ODT port storage forwarding permit authorizing the offering of carload or truckload shipments of import freight for transportation to or within a port area for storage in a public warehouse for account of a government agency shall be made by the interested government agency to the appropriate port storage officer named in Appendix D hereof, on joint application and permit form ODT S–138 which has been prescribed by the Office of Defense Transportation and is reproduced as Appendix E hereof. When such application has been approved by an appropriate port storage officer it will constitute an ODT port storage forwarding permit authorizing the offering for transportation of the shipments described in such permit, subject to the conditions outlined in the permit.

(b) Subject to the general supervision of the Director, Division of Storage, Office of Defense Transportation, each port storage officer named in Appendix D hereof is hereby authorized to issue, in his discretion, ODT port storage forwarding permits authorizing the offering of carload or truckload shipments of government import freight for transportation to or within any port area shown opposite his name in Appendix D hereof to public warehouses located within such port area, or for transportation from such port area to public warehouses located in any other port shown in Appendix D hereof.

§ 503.366 *Exemptions.* The provisions of General Order ODT 16A shall not apply to:

(a) Grain in bulk, soybeans, flaxseed and malt moving to an elevator located at any port named in Appendix A or Appendix B hereof when the carrier has made prior inquiry and ascertained that adequate storage or handling facilities not subject to prior commitment are available at such elevator; or moving from such elevators direct to ocean vessels by gravity, barge or floating elevator;

(b) Impedimenta moving in conjunction with military or naval forces to a point of embarkation;

(c) Petroleum or petroleum products in bulk, in tank cars, tank barges, or tank trucks.

§ 503.367 *Embargoes.* Wherever practicable carriers shall issue such embargoes as may be necessary to insure compliance with the provisions of General Order ODT 16A and any administrative order issued pursuant thereto.

This Administrative Order ODT 17 shall become effective on March 15, 1944.

NOTE: The recording and reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued at Washington, D. C., this 10th day of March 1944.

HENRY F. MCCARTHY,
Director, Division of Traffic Movement, Office of Defense Transportation.

DEPARTMENT OF THE INTERIOR.

Coal Mines Administration.

[Order CMA-26]

PONFEIGH SMOKELESS COAL CO.

ORDER TERMINATING GOVERNMENT POSSESSION

I have been advised that the coal mines of the Ponfeigh Smokeless Coal Co., Garrett, Pennsylvania, have a daily production of less than fifty tons. Based on such advice, and after consideration of all the circumstances, I find that possession by the Government of such mines is not required for the furtherance of the war program.

Accordingly, I order and direct that the possession by the Government of mines of this company, including any and all real and personal property, franchises, rights, facilities, funds, and other assets used in connection with the operation of such mines, be, and they are hereby, terminated and that there be conspicuously displayed at those mining properties copies of a poster to be supplied by the Coal Mines Administration and reading as follows:

NOTICE: Government possession and control of the coal mines of this mining company have been terminated by order of the Secretary of the Interior.

Instruments of agreement and certification having heretofore been executed and filed with the Coal Mines Administration by this company, the appointment of the operating manager for its mines is terminated, as provided by section 25 (f), as amended, of the regulations for the operation of coal mines under Government control.

ABE FORTAS,
Acting Secretary of the Interior.

FEDERAL POWER COMMISSION.

[Docket No. G-488]

CITIES SERVICE TRANSPORTATION AND CHEMICAL CO., AND CITIES SERVICE GAS CO.

ORDER FIXING DATE OF HEARING

MARCH 8, 1944.

It appears to the Commission that:

(a) On September 30, 1943, the Commission entered an order in this proceeding issuing a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, as amended, authorizing Cities Service Transportation and Chemical Company to construct and operate a 26-inch natural gas main transmission line approximately 231 miles in length, extending in an easterly direction from a point near Guymon, Texas County, Oklahoma, in the Hugoton gas field to the Cities Service Gas Company's Blackwell compressor station in Kay County, Oklahoma, together with appurtenant facilities.

(b) The Commission's order of September 30, 1943, required Cities Service Transportation and Chemical Company to file for the Commission's prior consideration and approval proposed plans for the permanent financing and for the operation of the aforesaid facilities.

(c) On February 4, 1944, Cities Service Transportation and Chemical Company filed with the Commission for its prior consideration and approval a proposed plan for the permanent financing and for the operation of such facilities under a proposed lease between it and Cities Service Gas Company.

(d) On February 4, 1944, Cities Service Gas Company filed with the Commission an application in this proceeding for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, as amended, seeking authorization to operate the facilities referred to in paragraph (a), above, under such proposed lease agreement.

(e) Cities Service Transportation and Chemical Company joined in such application for a certificate of public convenience and necessity to the extent that it may be necessary to modify the Commission's order of September 30, 1943, to permit Cities Service Gas Company to operate the facilities.

The Commission orders that:

(A) A public hearing be held commencing on March 29th, 1944, at 9:45 a. m., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., respecting the matters involved and the issues presented in these proceedings.

(B) Interested State commissions may participate in this hearing as provided in § 67.4 of the provisional rules of practice and regulations under the Natural Gas Act.

By the Commission.

[Docket Nos. G-526, G-527]

CITIES SERVICE GAS CO., ET AL.

ORDER CONSOLIDATING PROCEEDINGS AND FIXING DATE OF HEARING

MARCH 8, 1944.

In the matters of Cities Service Gas Company, Docket No. G-526; and Cities Service Transportation and Chemical Company, and Cities Service Gas Company, Docket No. G-527.

Upon consideration of the application in Docket No. G-526, filed by Cities Service Gas Company on February 15, 1944, for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, as amended, to authorize its construction and operation of the following facilities:

(a) A cooling tower and miscellaneous equipment at its Blackwell compressor station near Blackwell, Kay County, Oklahoma, and

(b) Thirty-five miles of 16-inch loop line from the Blackwell compressor station to Burbank, Osage County, Oklahoma; and

Upon consideration of the joint application in Docket No. G-527, filed by Cities Service Transportation and Chemical Company and Cities Service Gas Company for certificates of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, as amended, to authorize Cities Service Transportation and Chemical Company to construct, and Cities Service Gas Company to operate seven additional 1,000 horsepower compressor units at the Guymon, Oklahoma, compressor station together with additional related facilities in the compressor station and in the dehydration plant operated in conjunction therewith; and

It appearing to the Commission that:

The matters concerned in the aforesaid applications may involve substantially similar issues.

The Commission orders that:

(A) The matters involved in the above-docketed applications be and they are hereby consolidated for the purposes of hearing.

(B) A public hearing be held commencing on March 30, 1944, at 9:45 a. m. in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue, N.W., Washington, D. C., concerning the matters involved and the issues presented in these proceedings.

(C) Interested State commissions may participate in said hearing as provided in § 67.4 of the provisional rules of practice and regulations under the Natural Gas Act.

By the Commission.

ROSINA HENNING

In re: Estate of Rosina Henning, also known as Rose Henning, Rosina Hening, Rose Hening, deceased; File D-57-85; E. T. sec. 5976.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Victor Godfrie, 826 Society for Savings Building, Cleveland, Ohio, Administrator and Trustee, acting under the judicial supervision of the Probate Court of Cuyahoga County, Cleveland, Ohio;

(2) Such property and interests are payable or deliverable to, or claimed by, nationals of a designated enemy country, Roumania, namely,

Nationals and Last Known Address

Martin Henning, Roumania.
George Henning, Roumania.
Katherina Molinar, Roumania.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Roumania; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Martin Henning, George Henning and Katherina Molinar, and each of them, in and to the estate of Rosina Henning, also known as Rose Henning, Rosina Hening, Rose Hening, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Dated: February 26, 1944.

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Frederick J. Buchmann, 7813 Fillmore Street, Fox Chase, Philadelphia, Pennsylvania, Executor and Trustee, acting under the judicial supervision of the Orphans' Court of Montgomery County, Pennsylvania;

(2) Such property and interests are payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

Nationals and Last Known Address

Ida Vogelman, Germany.
Anna Stiefel, Germany.
Christian Stiefel, Germany.
Wilhelm Stiefel, Germany.
Person or persons, names unknown, the issue of Ida Vogelman, Anna Stiefel, Christian Stiefel and Wilhelm Stiefel, Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest, and claim of any kind or character whatsoever of Ida Vogelman, Anna Stiefel, Christian Stiefel, Wilhelm Stiefel, person or persons, names unknown, the issue of Ida Vogelman, Anna Stiefel, Christian Stiefel, and Wilhelm Stiefel, and each of them, in and to the estate of Katharine Miller, deceased, and in and to the trust estate created under the Will of Katharine Miller, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Dated: February 26, 1944.

ALFRED MORCH

In re: Estate of Alfred Morch, a. k. a. Alfred J. Morch, deceased; File D-28-7677; E. T. sec. 8290.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by M. E. Baker, Administrator, 1010-56th Street, Kenosha, Wisconsin, acting under the judicial supervision of the County Court of Kenosha County, State of Wisconsin;

(2) Such property and interests are payable or deliverable to, or claimed by, a national of a designated enemy country, Germany, namely,

National and Last Known Address

Paul Morch, Germany.

And determining that—

(3) If such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and

certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following described interests and property:

All right, title, interest and claim of any kind or character whatsoever of Paul Morch, in and to the estate of Alfred Morch, a. k. a. Alfred J. Morch, deceased; also,

An undivided one-third interest in and to the real property described as: Part of the East Half of the Northwest Quarter of Section Six (6), in Township One (1) North, of Range Twenty-three (23) East and particularly described as follows: Commence at the point in the south line of 63rd Street (formerly Elizabeth Street) Two Hundred Eighteen (218) feet east of the east line of 14th Avenue (formerly Fremont Avenue) and at the Northwest corner of a parcel of land formerly owned by one Henry B. Blomanhouse and now owned by the Chicago and Northwestern Railway Company; thence south on the west line of said Blomanhouse's land Two Hundred Forty-one (241) feet or thereabouts to the southwest corner of said Blomanhouse's land and to the north line of land formerly owned by one John Mangan; thence west on the north line of said Mangan's land Forty-one (41) feet; thence north parallel with the West line of said Blomanhouse's land to the south line of said 63rd Street; thence east on the south line of said 63rd Street Forty-one (41) feet to the place of beginning, and lying and being in the City of Kenosha, in the County of Kenosha and State of Wisconsin, together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits or other payments arising from the ownership of such property; subject to recorded liens, encumbrances and other rights of record held by or for persons who are not nationals of designated enemy countries,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Having made all determinations and taken all action, after appropriate consultation and certification required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest, and claim of any kind or character whatsoever of Berthold Schafer in and to the estate of Ernest Schafer, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Dated: February 28, 1944.

[SEAL] LEO T. CROWLEY,
Alien Property Custodian.

[Region III Order G-13 Under MPR 329]

FLUID MILK IN DESIGNATED COUNTIES IN MICHIGAN

Order No. G-13 under Maximum Price Regulation No. 329. Purchases of milk from producers for resale as fluid milk.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region III of the Office of Price Administration by § 1351.406 (c) of Maximum Price Regulation No. 329; *It is hereby ordered:*

(a) Any milk distributor in the Counties of Bay, Kent and Saginaw in the State of Michigan, may pay producers an amount not in excess of $3.30 per cwt. f. o. b. plant, for "milk" of 3.5% butterfat content, plus or minus 5¢ for each 1/10 of 1% butterfat variation over or under 3.5%.

(b) Any milk distributor in the Counties of Berrien, Cass and Van Buren in the State of Michigan, may pay producers an amount not in excess of $3.30 per cwt. f. o. b. plant, for "milk" of 4% butterfat content, plus or minus 5¢ for each 1/10 of 1% butterfat variation over or under 4%.

(c) Any milk distributor in the Counties of Branch and St. Joseph in the State of Michigan, may pay producers an amount not in excess of $3.40 per cwt. f. o. b. plant, for "milk" of 4% butterfat content, plus or minus 5¢ for each 1/10 of 1% butterfat variation over or under 4%.

(d) Each milk distributor increasing his price to producers for "milk" pursuant to the provisions of this order shall, within five days of such action, notify the Regional Office of the Office of Price Administration, Union Commerce Building, Cleveland, Ohio, by letter or postcard, of his price established pursuant to the provisions of this order, together with a statement of his previous price.

(e) *Definitions.* (1) "Milk distributor" is defined to mean any individual, corporation, partnership, association, or any other organized group of persons or successors of the foregoing who purchases "milk" in a raw and unprocessed state for the purpose of resale as fluid milk in glass, paper or other containers.

(2) "Producer" means a farmer, or other person or representative, who owns, superintends, manages, or otherwise controls the operations of a farm on which "milk" is produced. For the purposes of this order, farmers' cooperatives are producers when (1) they do not own or lease physical facilities for receiving, processing, or distributing milk, and (2) they do own or lease physical facilities for receiving, processing or distributing milk, but they act as selling agents for producers, whether members of such cooperative or not.

(3) "Milk" means liquid cow's milk in a raw, unprocessed state, which is purchased for resale for human consumption as fluid milk. "In a raw, unprocessed state" means unpasteurized and not sold and delivered in glass or paper containers.

(f) This order supersedes and replaces the provisions of Order No. G-3 under Maximum Price Regulation No. 329, Purchases of milk from producers for resale as fluid milk. Said Order No. G-3 is therefore revoked as to fluid milk distributors located in the Counties of Bay, Kent, Saginaw, Berrien, Cass, Van Buren, Branch and St. Joseph in the State of Michigan.

(g) This order may be modified, amended or revoked at any time.

This order shall be effective December 22, 1943.

[Region II Order G–33 Under RMPR 122]

COKE IN DESIGNATED PENNSYLVANIA AREAS

Order No. G–33 under § 1340.259(a) (1) of Revised Maximum Price Regulation No. 122. Solid fuels sold and delivered by dealers. Adjustment in maximum prices for coke delivered in Philadelphia County, Delaware County and designated townships and boroughs in Bucks and Montgomery Counties, Commonwealth of Pennsylvania—Coal Area 1.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1340.259(a) (1) of Revised Maximum Price Regulation No. 122, and for the period commencing with the effective date of this order and expiring midnight April 30, 1944, *It is ordered:*

(a) Any dealer making sales of coke, delivered to or at any point in the area subject to this order, as specified in paragraph (e) hereof, may, to the extent that he does not determine his maximum prices under Revised Order No. G–28, "emergency sales of coke", or any subsequent revision thereof, and to the extent that he calculates his maximum prices under Revised Maximum Price Regulation No. 122, increase the maximum prices so calculated as follows:

1. For "direct-delivery" sales of coke, dealers may add 35¢ per net ton.

2. For "yard sales" of coke, dealers may add 10¢ per net ton.

(b) The increases authorized herein shall not apply to any sales of coke for which maximum prices are determined under the emergency pricing rules contained in Revised Order No. G–28, "emergency sales of coke", or any subsequent revisions thereof, provided that, if a maximum price is determined pursuant to a pricing rule embodied in § 1340.254 of Revised Maximum Price Regulation No. 122, specifically incorporated by reference in said Revised Order No. G–28, dealers may add the increases set forth in paragraph (a) hereof to such maximum prices.

(c) Dealers making sales subject to this order shall not change their customary allowances, discounts, or other price differentials unless such change results in prices lower than the prices permitted by this order (after applying the customary allowances, discounts, or other price differentials).

(d) *Reports.* Every dealer making sales subject to this order shall, within ten days after he determines or redetermines his maximum prices hereunder, report to the Philadelphia District Office of the Office of Price Administration the maximum prices so determined.

(e) *Area covered.* Commonwealth of Pennsylvania—Coal Area I, includes the following portions of the Commonwealth of Pennsylvania: Philadelphia County; Delaware County; the Townships of Upper Southampton, Lower Southampton, Northampton, Warminster, Warwick, and the Borough of Ivyland, in Bucks County; and the Townships of Lower Moreland, Upper Moreland, Abington, Cheltenham, Horsham, Upper Dublin, Lower Gwynnedd, Whitpain, Whitemarsh, Springfield, Lower Merion, and the Boroughs of Bryn Athyn, Hatboro, Rockledge, Jenkintown, Ambler and Narberth, in Montgomery County.

(f) *Definitions.* When used in this Order No. G–33 the term:

1. "Direct delivery" means delivery to the buyer's bin or storage space.

2. "Yard sales" means sales accompanied by physical transfer to the buyer's truck or vehicle at the yard, dock, barge, car, or at a place of business of the seller other than at seller's truck or vehicle.

3. Unless the context otherwise requires, the definitions set forth in §§ 1340.255 and 1340.266 of Revised Maximum Price Regulation No. 122 shall apply to all other terms used herein.

(g) This order, which may be revoked, amended, or corrected at any time shall, unless earlier revoked or replaced, expire on midnight April 30, 1944.

The record-keeping and reporting requirements of this Order No. G–33 have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This Order No. G–33 shall become effective March 6, 1944.

(56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871 and E.O. 9328, 8 F.R. 4681)

Issued this 4th day of March 1944.

[Region II Order G–17 Under MPR 165, as Amended]

LAUNDRY MINIMUM BUNDLE SIZES IN PHILADELPHIA, PA., AREA

Order No. G–17 under § 1499.114 (d) of Maximum Price Regulation No. 165 as amended. Services. Adjustment of laundry minimum bundle sizes in the Philadelphia Area.

For the reasons set forth in the opinion issued simultaneously herewith, the New York Regional Office of the Office of Price Administration has decided that certain permitted bundle sizes should be established for power laundry establishments, agent-drivers, agent-stores, and hand laundries whose plants or places of business are located in the city or county of Philadelphia, Pennsylvania.

Accordingly, pursuant to the Emergency Price Control Act of 1942 as amended, and § 1499.114 (d) of Maximum Price Regulation No. 165 as amended—Services, and the authority granted it by the National Office, *It is hereby ordered:*

(1) Power laundry establishments whose plants are located in the city or county of Philadelphia are hereby permitted, but not required:

(a) To institute in place of their present minimum bundle sizes the following bundle sizes on family laundry services rendered by them:

Bundle	Permitted minimum
Damp wash or wetwash	15 pounds.
Thrifty or wet and flat	15 pounds.
Rough dry or fluffed dry	15 pounds.
Press finish	12 pounds.
Piece bundle	16 pieces.

(b) To institute the following minimum prices as to their List Price services unless the list price work is presented by the customer accompanied by a bundle of poundwork or a piece bundle:

Cash and carry	$0.50
Pickup and delivery	1.00

(2) Agent-drivers, agent-stores and chain stores, any of whose family laundry services are supplied to them by power laundry establishments located in the city or county of Philadelphia may adopt the minimum bundle sizes permitted in paragraph (1) (a) and the minimum prices permitted in paragraph (1) (b), above, if such permitted minimum bundle sizes and minimum prices are adopted by their suppliers.

(3) Hand laundry establishments, any of whose damp wash or wet wash, thrifty or wet and flat, and rough dry or fluffed dry services are supplied to them by power laundry establishments located in the city or county of Philadelphia which have adopted the minimum bundle sizes set forth in paragraph (1) (a), may themselves adopt those minimum bundle sizes. Hand laundry establishments may not adopt the minimum bundle sizes listed for press finish or piece bundle services, nor may they adopt the minimum prices set forth in paragraph (1) (b) on their list price services.

(4) Any laundry service supplier referred to in this order which is qualified to use the minimum bundle sizes hereby permitted, and which wishes to adopt and use them instead of its existing legal minimum bundle sizes, must adopt all of them (except as to the press finish service), or else may adopt none of them, except such as may now constitute its existing legal minimum bundle sizes.

(5) Any power laundry establishment whose plant is located in the city or county of Philadelphia and which desires to institute the permitted minimum bundle sizes and/or the minimum prices for list price services described in paragraph (1) is required to:

(a) Furnish each of its customers and each customer of its agent drivers, at the time of the acceptance of the first laundry work received from any such customer after the effective date of this order, with a statement describing its services and specifying its new permitted minimums and its lawful ceiling prices therefor, and also setting forth any percentage increases heretofore granted it by any order of the Office of Price Administration.

(b) File a copy of the same statement with the Philadelphia District Office of the Office of Price Administration within fifteen days after it has adopted such minimums, together with a statement signed by a responsible official of the laundry establishment certifying that it has given the foregoing notification to each of its customers and that it will give the same notification to all new customers thereafter acquired by it or by its agent-drivers.

(6) Any agent-store, chain store, or hand laundry which decides to take advantage of the privileges permitted it by this order shall post, in a conspicuous place in its establishment in a manner clearly visible to customers, a placard or sign setting forth its permitted minimums and its lawful ceiling prices therefor, within fifteen days after it institutes the use of such minimums.

(7) The computation of the legal maximum prices for new permitted minimum bundle sizes must be made in such a manner as not to increase the existing actual price per pound for those bundles attaining the minimum weights. For those bundles below the minimum weight, the minimum weight price may be charged. The additional pounds between an existing minimum and a permitted minimum shall be charged at the present overage rate per pound, and not at the basic rate per pound. For example, if the present minimum and price for damp wash is 10 pounds for 60 cents and 4 cents for each additional pound, the increased minimum price will be 15 pounds for 80 cents and 4 cents for each additional pound, and not 15 pounds for 90 cents and 4 cents for each additional pound.

(8) This order is applicable to all services supplied anywhere in Region II of the Office of Price Administration by any of the laundry service suppliers described herein:

(9) *Definitions.* (a) An "agent-store" is defined for the purposes of this order as a single store or a store in a group of three or fewer which generally does not itself finish any wearing apparel.

(b) A "chain store" is defined for the purposes of this order as a store in a group of four or more which generally does not itself finish any wearing apparel.

(c) A "hand laundry" is defined for the purposes of this order as a retail hand laundry establishment receiving and distributing laundry, generally finishing wearing apparel by hand ironing done on the premises, giving only limited, if or fewer employees.

(10) Except as expressly provided by this order, all of the laundry service suppliers named or otherwise referred to any, delivery service, and employing eight

herein shall remain in all respects subject to all of the provisions of Maximum Price Regulation No. 165, as amended, and of any supplementary regulation or order issued thereunder.

(11) Those provisions contained in paragraphs (h) and (i) of, and in Appendix A to, Order No. G–6 of the New York Regional Office under § 1499.114 (d) of Maximum Price Regulation No. 165 as amended—Services, which relate to permitted minimum bundle increases and to minimum prices for list price services are hereby revoked, effective as of the effective date of this order: *Provided, however,* That any power laundry establishment which heretofore has adopted the minimums permitted by that order may at its option retain such minimums or adopt the minimums permitted by this order.

(12) This order may be revoked or amended by the Regional Administrator or Price Administrator through the issuance at any time hereafter of any order or regulation, or amendment or supplement hereto.

(56 Stat. 23, 675; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871, and E.O. 9328, 8 F.R. 4681)

This order shall become effective immediately.

Issued this 6th day of March 1944.

[Region VI Order G–28 Under MPR 329]

FLUID MILK IN FARIBAULT, MINN.

Order No. G–28 under Maximum Price Regulation No. 329. Purchases of milk from producers for resale as fluid milk. Producers' milk prices in Faribault, Minnesota.

For the reasons set forth in an opinion issued simultaneously herewith, and under the authority vested in the Regional Administrator of the Office of Price Administration under § 1351.408 (b) of Maximum Price Regulation No. 329, it is hereby ordered:

(a) *Maximum producer prices.* The maximum prices which distributors may pay to producers for milk sold for human consumption in fluid form shall be $2.80 per cwt. for 3.5% milk, plus not more than 6¢ for each 1/10 of a pound of butterfat in excess of 3.5% and minus not less than 6¢ for each 1/10 of a pound of butterfat below 3.5%.

(b) *Applicability of producer prices.* Maximum prices established by paragraph (a) of this order shall apply to all purchases of milk from producers for resale for human consumption in fluid form by distributors whose bottling plants are located within the corporate limits of the City of Faribault, Minnesota, or who sell within that city 50% or more of the milk sold by them. Maximum prices provided in paragraph (a) of this order shall apply only to purchases from producers from whom distributors covered by this order purchased from August 1, 1943 to January 31, 1944, and are not applicable to purchases from producers who did not in that period sell to any distributors covered by this order.

(c) *Definitions.* Unless the context otherwise requires, the definitions set forth in § 1351.404 of Maximum Price Regulation No. 329, and section 304 of the Emergency Price Control Act of 1942, as amended, shall be applicable to the terms used herein.

(d) *Relation of this order to Office of Price Administration regulations.* No purchaser shall pay a larger proportion of transportation costs incurred in the delivery or supply of milk than he paid on deliveries during January 1943. Except as modified by this order, the provisions of Maximum Price Regulation No. 329 shall remain in full force and effect and shall not be evaded by any change in business or trade practices in effect during that month.

(e) *Revocability.* This order may be revoked, amended or corrected at any time.

This order shall become effective February 25, 1944.

COMMONWEALTH AND SOUTHERN CORP. (DELAWARE)

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia 3, Pa., on the 6th day of March 1944.

In the matter of the Commonwealth & Southern Corporation (Delaware), File No. 54-75; The Commonwealth & Southern Corporation (Delaware), File No. 70-726.

The Commonwealth & Southern Corporation (Commonwealth), a registered holding company, having filed a declaration pursuant to the Public Utility Holding Company Act of 1935, particularly section 12 (c) thereof and Rule U-46 thereunder regarding the proposed payment of a dividend of $1.25 per share (payable on the 28th day after approval by this Commission to stockholders of record at the close of business on the 14th day thereafter) on its 1,462,000 shares of preferred stock outstanding, the aggregate amount of such dividend payment being $1,852,000; and

Said declaration having been filed on February 21, 1944, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for a hearing with respect to said declaration within the period specified in the said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission regarding the proposed payment as similar in principle to those proposed by Commonwealth and permitted by the Commission's orders of June 24, September 13 and November 26, 1943 (Holding Company Act Release Nos. 4383, 4560 and 4709), and, as in the case of said prior dividend payments, as being made out of capital; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to permit said declaration to become effective; and

Commonwealth having requested that the effective date of the declaration be accelerated to facilitate the prompt payment of the proposed dividends to the preferred stockholders and the Commission deeming it appropriate that such request for acceleration be granted,

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid declaration be, and the same hereby is, permitted to become effective forthwith, subject to the condition that Commonwealth accompany the dividend checks with a statement indicating that the dividend is being paid out of capital.

By the Commission.

GENERAL RESERVES TRUST FUND SERIES "A"

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 8th day of March, A. D. 1944.

The Commission having reasonable cause to believe that General Reserves Trust Fund, Series "A", a registered investment company, has ceased to do business, liquidated its assets, and distributed or set aside the proceeds for distribution to its certificate holders;

It is ordered, Pursuant to section 40(a) of said act, that a hearing be held on March 20, 1944, at 10:00 a. m., eastern war time, in Room 318 of the Securities and Exchange Commission Building, 18th and Locust Streets, Philadelphia, Pennsylvania, to determine whether the Commission shall declare by order, pursuant to section 8(f) of said act, that General Reserves Trust Fund, Series "A" has ceased to be an investment company; and

It is further ordered, That Charles S. Lobinger, Esquire, or any other officer or officers of the Commission designated by it for that purpose, shall exercise all powers granted to the Commission under sections 41 and 42(b) of the Investment Company Act of 1940 and to trial examiners under the Commission's rules of practice.

Notice of such hearing is hereby given to General Reserves Trust Fund, Series "A", and to any other persons whose participation in such proceedings may be in the public interest or for the protection of investors.

By the Commission.

TITLE 6—AGRICULTURAL CREDIT

Chapter I—Farm Credit Administration

PART 19—FEES AND CHARGES ON LAND BANK AND COMMISSIONER LOANS

ADDITIONAL AND REFUNDING LOAN FEES

Part 19 of chapter I, title 6, Code of Federal Regulations is hereby amended by amending § 19.329 and by adding § 19.329–50 to read as follows:

§ 19.329 *Association fees; increased loans.* When an applicant for a loan offers as security therefor property which is mortgaged, in whole or in part, to a bank, the Corporation, or both, and the amount applied for is in excess of the total unmatured principal, as of the date of the application, of such outstanding mortgage loan or loans, the provisions of § 19.320 and the last sentence of § 19.324 shall apply in determining the amount of the application fee which may be collected and retained by the association through which such application is submitted, except that the maximum association application fee which may be collected in accordance with § 19.320 shall be based upon the amount of such excess. Where, upon the basis of such application, a bank loan is closed through an association which endorsed the outstanding bank loan, the association may, whether the transaction is completed by way of a supplemental loan or a rewriting of the outstanding loan, collect a closed loan fee which, when added to the association application fee already collected, will not exceed 1 percent of the amount of the new note or notes which represents other than principal of the outstanding bank loan unmatured as of the date of the application. Where, upon the basis of such application, a bank loan is closed through a different association than that which endorsed the outstanding bank loan, or through any association if only a loan held by the Corporation was outstanding, the association may collect a closed loan fee which, when added to the association application fee already collected, will not exceed 1 percent of the amount for which it endorses the bank loan.

§ 19.329–50 *Association fees; decreased loans.* If the amount applied for is equal to or less than the total unmatured principal, as of the date of the application, of any bank and/or Commissioner loans on the property offered as security, the association through which the application is submitted may collect an application fee, but not a closed loan fee. In such cases the amount of the application fee which may be collected and retained by the association shall be determined in accordance with the provisions of § 19.320 and the last sentence of § 19.324.

Louisiana during the calendar year 1944. The requirements of section 301 (b) of the Sugar Act of 1937, as amended, shall be deemed to have been met with respect to the production and cultivation of sugarcane in Louisiana during the period from January 1, 1944 to December 31, 1944 if all persons employed on the farm during that period in the production and cultivation of sugarcane shall have been paid in full for all such work and shall have been paid wages in cash therefor at rates not less than the following:

(a) *On a time basis.* (1) For all work except as specified under (2), (3) and (4) below per 9-hour day:

Adult males	$2.05
Adult females	1.70
(2) Tractor drivers, per 9-hour day	2.55
(3) Teamsters, per 9-hour day	2.05
(4) Children between 14 and 16 years, per 8-hour day	1.55

For a working day longer or shorter than 9 hours for adult workers, (or 8 hours for children between 14 and 16 years) the rate shall be the hourly equivalent of the per day rate. Maximum employment per day for children 14 to 16 years is 8 hours.

(b) *On a piece rate basis.* For all classes of work performed on a piece rate basis the earnings per hour or per day shall be not less than the applicable rates per hour or per day specified under (a) above.

(c) *General provisions.* (1) If the producer and the laborer agree upon a wage rate for any class of work higher than prescribed herein, payment in full of the amount agreed upon must be made to qualify the producer for payment.

(2) The producer shall furnish to the laborer, without charge, the customary perquisites, such as a habitable house, a suitable garden plot with facilities for its cultivation, pasturage for livestock, medical attention, and similar incidentals.

(3) The producer shall not, through any subterfuge or device whatsoever reduce the wage rates to laborers below those determined above.

Chapter IX—War Food Administration (Marketing Agreements and Orders)

PART 927—MILK IN THE NEW YORK METROPOLITAN MILK MARKETING AREA

SUSPENSION OF CERTAIN TIME PERIODS

Pursuant to the applicable provisions of Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937 (7 U.S.C. 1940 ed. 601 *et seq.*), hereinafter referred to as the "act," and of the order, as amended, regulating the handling of milk in the New York metropolitan marketing area, it is hereby determined that the provisions of such order which provide seasonal minimum prices for Class I milk during the months of April, May, and June, 1944, are provisions which obstruct and do not tend to effectuate the declared policy of the act with respect to producers of milk under such order.

It is, therefore, ordered, That the following provisions of § 927.4 (a) (1) of the order, as amended, regulating the handling of milk in the New York metropolitan marketing area, are hereby suspended for the period from the date hereof to June 30, 1944:

1. Designation of the periods "April through June" and "July through March," and

2. The prices established for the period "April through June."

Done at Washington, D. C., this 10th day of March 1944.

ASHLEY SELLERS,
Assistant War Food Administrator.

PART 1460—FATS AND OILS

CONSERVATION AND DISTRIBUTION OF WOOL FAT

Food Distribution Order No. 76 (8 F.R. 11465), § 1460.28, is amended as follows:

By inserting at the end of paragraph (a) thereof and as a part of said paragraph the following:

(9) "Cosmetics" means all products intended to be applied to the human body for cleansing, beautifying, promoting attractiveness, or altering the appearance, including, but not limited to, toilet soaps containing wool fat, shaving creams containing wool fat, hand lotions, after shaving lotions, and hair dressings and tonics.

This amendment shall become effective on March 10, 1944 at 12:01 a. m., e. w. t. However, with respect to violations of Food Distribution Order 76, or rights accrued or liabilities incurred thereunder, prior to said date, said Food Distribution Order 76 shall be deemed to be in full force and effect for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, or liability.

PART 503—GENERAL ORDERS

VALUATION OR RATE OF EXCHANGE OF MONETARY UNITS OF ENEMY COUNTRIES

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, having vested claims and rights of foreign countries and nationals thereof against citizens and residents of the United States, which claims and rights are, by contract or agreement made or entered into by the parties prior to such vesting, dischargeable by payment in monetary units of enemy countries; and

Finding that there does not now exist a free and open market or other reasonable means for ascertaining the true value, equivalent, or rate of exchange of such monetary units of enemy countries, and after considering rates of exchange certified to the Secretary of the Treasury by the Federal Reserve Bank of New York and other relevant factors; and

Determining that it is in the interest of and for the benefit of the United States to fix and prescribe a basis of computation in the premises, hereby issues the following regulation:

§ 503.30 *General Order No. 30.* (a) That for the purpose and solely for the purpose of discharging claims and rights of foreign countries and nationals thereof against citizens and residents of the United States which by contract or agreement made or entered into by the parties prior to vesting are dischargeable by payment in monetary units of certain enemy countries and which have heretofore been or shall hereafter be vested by the undersigned, the equivalent of the monetary units of such enemy countries shall be computed as follows:

(1) German Reichsmarks at forty (40) cents, United States currency, each.

(2) Japanese Yen at twenty three and four-tenths (23.4) cents, United States currency, each.

(3) Hungarian Pengo at nineteen and six-tenths (19.6) cents, United States currency, each.

(4) Bulgarian Lev at one and two-tenths (1.2) cent, United States currency, each.

(5) Rumanian Leu at seven tenths of one cent (0.7), United States currency, each.

(b) All persons now indebted or who shall hereafter be indebted to the undersigned on any claims as aforesaid are hereby ordered and directed to pay such debts, as they become due and payable, in United States currency, computed as above set forth.

(c) Any payment made and computed pursuant to this regulation shall be and constitute a full acquittance and discharge for all purposes of the person making the same for the obligation paid thereby.

(d) Nothing herein shall be deemed in any way to affect or alter any provisions of any contract or agreement made or

entered into by the parties prior to vesting by the undersigned whereby there is established a method of computing such equivalents.

(e) The undersigned reserve the right to vary or modify the foregoing basis of computation from time to time by General Order or by amendment hereto, or in specific cases upon a finding by the undersigned that application of this regulation would be inequitable.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Amendment 04-1]

PART 04—AIRPLANE AIRWORTHINESS

INSTALLATION OF FLASHING RED AND WHITE TAIL LIGHTS IN NON-AIR CARRIER AIRCRAFT

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 8th day of March 1944.

Effective March 8, 1944, the last two sentences of § 04.5827 of the Civil Air Regulations are amended to read as follows:

Such light shall emit (a) in the case of a non-air carrier airplane, either a continuous white light as specified in § 15.2014 or alternate red and white flashes as specified in § 15.2015, and (b) in the case of an air carrier airplane, alternate red and white flashes as specified in § 15.2015. In lieu of such a single flashing rear position light, an airplane may carry two rear position lights, one red and one white, spaced as closely as possible to each other with one unit above the other and in combination emitting the red and white flashes specified in § 15.2015.

(52 Stat. 984, 1007; 49 U.S.C. 425, 551)

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue

Subchapter A—Income and Excess-Profits Taxes

[T. D. 5339]

PART 29—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

NONRESIDENT ALIEN INDIVIDUALS AND NONRESIDENT FOREIGN CORPORATIONS

Amending §§ 29.217-1, 29.218-1, 29.235-1 and 29.236-1 of Regulations 111, relating to time for filing returns and payment of tax of nonresident alien individuals and nonresident foreign corporations for taxable periods of less than 12 months.

Regulations 111 (Part 29, Title 26, Code of Federal Regulations, 1943 Sup.) are amended as follows:

PARAGRAPH 1. Section 29.217-1, as amended by Treasury Decision 5305, approved November 12, 1943, is further amended as follows:

(A) By striking out the first sentence and inserting in lieu thereof the following:

The return in the case of a nonresident alien individual (but, as to taxable years beginning after December 31, 1942, only such individuals who do not have wages subject to withholding at the source under section 1622) must be made on or before the 15th day of the sixth full calendar month following the close of the taxable year, except that the return for a fractional part of a year ending prior to January 1, 1944, must be filed on or before June 15, 1944. In the case of any return for a fractional part of a year the Commissioner may, upon a showing by the taxpayer of unusual circumstances, prescribe a later time for the filing of the return, but such time shall not be later than the 15th day of the 18th full calendar month ending after the beginning of the fractional part of the year.

(B) By striking out the following words from the first sentence of the second paragraph:

on or before the 15th day of the sixth month following the close of the fiscal year or on or before the 15th day of June, if the taxpayer is on the basis of the calendar year,

PAR. 2. Section 29.218-1, as amended by Treasury Decision 5305, is further amended by striking out the first sentence and inserting in lieu thereof the following:

In the case of a nonresident alien individual (but, as to taxable years beginning after December 31, 1942, only such individuals who do not have wages subject to withholding under section 1622) the tax shall be paid on or before the date prescribed by the Internal Revenue Code and the regulations thereunder for filing of the return, without regard to any extension of time granted for the filing of the return under authority of section 53. See § 29.217-1.

PAR. 3. Section 29.235-1 (a) is amended by striking out the first sentence and inserting in lieu thereof the following:

The return in the case of a nonresident foreign corporation shall be made on or before the 15th day of the sixth full calendar month following the close of the taxable year, except that the return for a fractional part of a year ending prior to January 1, 1944, shall be made on or before June 15, 1944. In the case of any return for a fractional part of a year the Commissioner may, upon a showing by the taxpayer of unusual circumstances, prescribe a later time for the filing of the return, but such time shall not be later than the 15th day of the 18th full calendar month ending after the beginning of the fractional part of the year.

PAR. 4. Section 29.236-1 (a) is amended by striking out the first sentence and inserting in lieu thereof the following:

In the case of a nonresident foreign corporation the total amount of tax imposed by Chapter 1 shall be paid on or before the date prescribed by the Internal Revenue Code and the regulations thereunder for filing of the return, without regard to any extension of time granted for the filing of the return under authority of section 53. See § 29.235-1.

(Secs. 62, 217, 218, 235 and 236 of the Internal Revenue Code (53 Stat. 32, 77, and 79; 26 U.S.C., 1940 ed., 62, 217, 218, 235 and 236))

[SEAL] JOSEPH D. NUNAN, JR.,
Commissioner of Internal Revenue.

Approved: March 9, 1944.

Subchapter C—Miscellaneous Excise Taxes

[T. D. 5338]

PART 197—DRAWBACK OF TAX ON DISTILLED SPIRITS USED IN THE MANUFACTURE OF NONBEVERAGE PRODUCTS

MISCELLANEOUS AMENDMENTS

1. Sections 301, 309 (b), 309 (c), 309 (d), and 309 (e) of the Revenue Act of 1943, passed February 25, 1944 (Public Law 235—78th Congress), read as follows:

SEC. 301 EFFECTIVE DATE OF THIS TITLE.

This title shall take effect on the first day of the first month which begins more than 10 days after the date of the enactment of this Act.

SEC. 309 DRAWBACK ON DISTILLED SPIRITS.

* * * * * *

(b) *Distilled spirits used in manufacture of certain nonbeverage products.* In lieu of the rate of drawback specified in section 3250 (1) (5) of the Internal Revenue Code, the rate applicable with respect to the period beginning with the effective date of Title III of the Revenue Act of 1943 and ending on the first day of the first month which begins six months or more after the date of the termination of hostilities in the present war, shall be $6.00.

(c) *Distilled spirits with respect to which applicable.* Subsection (b) shall be applicable only with respect to distilled spirits on which the internal revenue tax was paid at the war tax rate, or at a rate equivalent to the war tax rate, specified in section 1650 of the Internal Revenue Code.

(d) *Time of eligibility for drawback with respect to distilled spirits used in manufacture of certain nonbeverage products.* Section 3250 (1) (1) relating to eligibility for drawback with respect to distilled spirits used in manufacture of certain nonbeverage products) is amended to read as follows:

(1) *In general.* Any person using distilled spirits produced in a domestic registered distillery or industrial alcohol plant and fully tax-paid in the manufacture or production of medicines, medicinal preparations, food products, flavors, or flavoring extracts which are unfit for beverage purposes, upon payment of a special tax per annum, shall be eligible for drawback at the time when such distilled spirits are used in the manufacture of such products and as hereinafter provided for.

(e) *Time for filing claim for drawback with respect to distilled spirits used prior to effective date of title III of act.* Distilled spirits used prior to the effective date of this title in the manufacture or production of medicines, medicinal preparations, food products, flavors, or flavoring extracts which are unfit for beverage purposes, and which are not covered by any claim filed in conformity with law prior to such effective date, shall be regarded as so used during the quarter in which such effective date occurs, and the claim filed by any person for such quarter shall include the drawback claimed with respect to such distilled spirits: *Provided*, That no claim shall be allowed which was barred by any provision of any prior law.

2. Pursuant to the above provisions of law and sections 3250 (1) (3) and 4041 (a), Internal Revenue Code, Regulations 29 (26 CFR, part 197) are hereby amended in these respects:

3. Section 197.27 is revoked.

4. Sections 197.1, 197.2, 197.3, 197.5, 197.6, 197.8, 197.20, 197.21, 197.22, 197.23, 197.24, and 197.25 are amended to read as follows:

§ 197.1 *Scope.* These regulations govern the allowance of drawback of internal revenue tax on fully taxpaid domestic distilled spirits used in the manufacture or production of medicines, medicinal preparations, food products, flavors, or flavoring extracts which are unfit for beverage purposes, and the payment of special tax per annum in order to be eligible to claim drawback. (Sec. 3250 (1) (I.R.C.)

§ 197.2 *Definition of term "domestic distilled spirits."* Domestic distilled spirits are spirits produced in registered distilleries, including fruit distilleries, and industrial alcohol plants established and operated under internal revenue laws and regulations. (Sec. 3250 (1), I.R.C.)

§ 197.3 *Terms used in the statute—*

(a) *"Fully taxpaid."* Distilled spirits shall be deemed to have been "fully taxpaid" when the internal revenue tax imposed and levied in respect thereto has been paid at the rates provided by law.

(b) *"Used."* Distilled spirits shall be deemed to have been "used" in the manufacture of a product designated in section 3250 (1), Internal Revenue Code, when such spirits are either consumed in such manufacture or are incorporated in the product: *Provided*, That spirits lost by causes such as spillage, leakage, breakage or theft, prior to or during the process of manufacture, shall not be deemed to be consumed in such manufacture.

(c) *"Time."* The "time" at which distilled spirits shall be deemed to have been used is when the product contains the ingredients called for by an approved formula, or formulas prescribed by the United States Pharmacopeia, the National Formulary, or the American Institute of Homeopathy, or the advisory standards for flavoring extracts of the United States Food and Drug Administration, Federal Security Agency, as the case may be. (Sec. 3250 (1), I.R.C.)

§ 197.5 *Payment of special tax required.* Each person, partnership, or corporation that uses distilled spirits in the manufacture or production of medicines, medicinal preparations, food products, flavors, or flavoring extracts which are unfit for beverage purposes, in order to be eligible to claim the drawback on the distilled spirits so used, must pay special tax at the rate of $25 per annum for total annual withdrawals not exceeding 25 proof gallons of distilled spirits; $50 per annum for total annual withdrawals not exceeding 50 proof gallons; or $100 per annum for total annual withdrawals of more than 50 proof gallons. The year means the period from July 1 of each year to June 30 following. The manufacturer is not required to pay the special tax if he does not claim drawback on the distilled spirits used by him. (Secs. 3250 (1) and 4041 (a), I.R.C.)

§ 197.6 *Special tax for each place.* A separate special tax must be paid for each place at which distilled spirits are used in the manufacture or production of nonbeverage products if a claim is filed for drawback of tax on distilled spirits so used at each such place. (Secs. 3250 (1) and 4041 (a), I.R.C.)

§ 197.8 *Rates of special tax.* The rates of special tax per annum (July 1 of each year to June 30 following) are (a) $25 for total annual withdrawals not exceeding 25 proof gallons of distilled spirits; (b) $50 for total annual withdrawals not exceeding 50 proof gallons; and (c) $100 for total annual withdrawals of more than 50 proof gallons. The term "total annual withdrawals" means the total quantity of distilled spirits in proof gallons removed from the stocks of the manufacturer for use in the manufacture or production of nonbeverage products during the fiscal year for which the special tax is paid. Special tax, based upon estimated withdrawals, may be paid in advance of actual withdrawals. Where a claim is presented in any fiscal year other than the fiscal year in which the spirits were withdrawn, and special tax has not been paid for the fiscal year in which the claim is filed, it must be paid in at least the minimum amount at the time of filing the claim. Adjustments of the special tax where improperly paid will be made in accordance with § 197.17. (Secs. 3250 (1) and 4041 (a), I.R.C.)

§ 197.20 *Drawback.* Drawback at the rate specified by law on each proof gallon of distilled spirits used in the manufacture of medicines, medicinal preparations, food products, flavors, or flavoring extracts which are unfit for beverage purposes, will be allowed to any person who has become eligible for such drawback, and upon the filing of a claim therefor as hereinafter provided. (Sec. 3250 (1), I.R.C.)

§ 197.21 *Claims.* The claim shall be filed on Form 843, "Claim," in triplicate, with the Collector of Internal Revenue for the district in which the place of manufacture is located, and shall pertain only to distilled spirits used in the manufacture or production of nonbeverage products during any one quarter of the fiscal year, and only one claim may be filed for each quarter. (Sec. 3250 (1), I.R.C.)

§ 197.22 *Date of filing claim.* The claim must be filed with the Collector of Internal Revenue within the three months next succeeding the quarter in which the distilled spirits covered by the claim were used in the manufacture of nonbeverage products. No claim will be allowed unless received by the Collector within the time so stated. Sec. 3250 (1), I.R.C.)

§ 197.23 *Information to be shown by the claim.* The claim must set forth, under oath, the following:

(a) That the special tax has been paid.

(b) That the distilled spirits on which drawback is claimed were fully taxpaid and were produced in a domestic registered distillery or an industrial alcohol plant.

(c) That the distilled spirits on which the drawback is claimed were used in the

manufacture or production of nonbeverage products.

(d) That the nonbeverage products were manufactured in compliance with (1) quantitative formulas filed with the claim, or (2) quantitative formulas on file with the Commissioner, or (3) formulas prescribed by the United States Pharmacopeia, the National Formulary, or the American Institute of Homeopathy, or (4), if a flavoring extract, the advisory standards for flavoring extracts of the United States Food and Drug Administration, Federal Security Agency.

(e) That the data submitted in support of the claim are correct. (Sec. 3250 (l) I.R.C.)

§ 197.24 *Supporting data.* Each claim will be accompanied by the following data. The statements of supporting data shall be prepared in duplicate and one copy attached to the original and duplicate copies of the claim.

(a) Data with respect to payment of special tax: A statement showing (1) serial number of special tax stamp, (2) denomination, (3) fiscal year for which issued, (4) date of issuance, and (5) collection district where issued.

(b) Data with respect to tax payment and receipt of the distilled spirits on which the draw-back is claimed:

(1) If the distilled spirits were received in tank cars, a statement showing date of receipt, the name and address of the vendor, the serial number of the certificate of tax payment (Form 1595), the date of issuance of the certificate, and the name of the producer, kind, quantity, and proof of the spirits.

(2) If the distilled spirits were received in containers, such as barrels, drums, cans, or cases, bearing taxpaid stamps, a statement showing the date of receipt, the name and address of the vendor, the serial number of the taxpaid stamp affixed to the container, the date of taxpayment appearing on the stamp, the serial number, if any, of the container, and the name of the producer, kind, quantity, and proof of the spirits. (When the package is emptied, the stamp shall be scalped and attached to the next claim filed for drawback on the spirits which were in such package. The scalped stamp will be retained by the District Supervisor with the claims record of the claimant.)

(3) If the distilled spirits were received in bottles, a statement showing the date of receipt, the name and address of the vendor, the serial number of the strip stamp affixed over the mouth and neck of the bottle, and the name of the bottler, kind, quantity, and proof of the spirits.

(c) Data with respect to use of distilled spirits upon which drawback is claimed in the manufacture of nonbeverage products:

(1) A statement showing the name, description, and formula number, if any, of each nonbeverage product in the manufacture of which distilled spirits were used, the alcoholic content by volume of each such product, the number of proof gallons and kind of distilled spirits used in manufacture thereof, and the quantity produced.

(2) If the claim is the first one filed with respect to any one product involved in the claim, the quantitative formula for each such product, serially numbered, beginning with number 1, shall be attached to the claim; except that such quantitative formula need not be given if the product is a medicinal preparation, tincture, or fluid extract produced under formulas prescribed by the United States Pharmacopeia, the National Formulary, or the American Institute of Homeopathy, or is a flavoring extract manufactured in accordance with the advisory standards for flavoring extracts of the United States Food and Drug Administration, Federal Security Agency, and such products are identified in the statement by the letters "U. S. P.," "N. F.," "A. I. H.," or "U. S. F. D. A.," as the case may be. Subsequent claims for drawback covering a product for which a formula has been filed need not be accompanied by the quantitative formula, unless there has been a modification or revision thereof. Where there has been no change, the claimant will refer to the serial number given the formula. The serial numbers of formulas appearing in subsequent claims will follow former serial numbers in sequence. In the case of food products, such as preserved fruits, cakes, buns, soups, etc., it will be sufficient to show the quantity of proof gallons of distilled spirits used in the production of a given quantity of finished product.

(d) Summary of distilled spirits:

A statement showing the total quantity of all distilled spirits and recovered spirits on hand at the beginning of the quarter, quantity in process beginning of the quarter, quantity received during the quarter, quantity withdrawn for use during the quarter in the manufacture of nonbeverage products subject to drawback, quantity otherwise withdrawn not subject to drawback, quantity in process at the end of the quarter, and the quantity remaining on hand at the end of the quarter. Distilled spirits in process will include spirits represented in unfinished nonbeverage products, intermediates, mixtures, menstruums, etc., or any other spirits which have been withdrawn for use but have not been used as provided in § 197.3 (c). Any discrepancy between the amount of distilled spirits on hand at the end of the quarter and the amount which should be on hand must be reported in the summary with an explanation of the cause thereof.

(e) Any other data, which the Commissioner may, at his discretion, require when such data is deemed necessary for use in connection with the proper consideration of the claim for drawback. (Sec. 3250 (l), I.R.C.)

§ 197.25 *Handling of claims.* The Collector will date-stamp each copy of the claim, Form 843, and after recording, will forward the original and duplicate copies thereof, and the original and duplicate copies of the supporting data, to the District Supervisor, Alcohol Tax Unit, and retain for his files the triplicate copy of Form 843 only. The District Supervisor will examine the claim for the purpose of determining whether it is properly executed and that all supporting data have been submitted. (Sec. 4041 (a), I.R.C.)

5. The following sections are added:

Miscellaneous Provisions

§ 197.33 *Drawback on distilled spirits taxpaid at the rate of $6.00 per proof gallon.*—(a) *Distilled spirits used in manufacture of products on hand April 1, 1944.* Nonbeverage products manufactured prior to April 1, 1944, from distilled spirits taxpaid at the rate of $6.00 per proof gallon, and which are not covered by any claim for drawback filed in conformity with law prior to such date, shall be subject to drawback of tax at the rate of $3.75 on the distilled spirits used in the manufacture thereof, without regard to sale or transfer of the products, and such drawback must be included in the claim filed by the manufacturer for the quarter April 1, 1944 to June 30, 1944, *Provided*, That no claim for drawback barred by the statute shall be allowed.

(b) *Distilled spirits in process on April 1, 1944.* Distilled spirits taxpaid at the rate of $6.00 per proof gallon which, on April 1, 1944, are in the process of manufacture, and which have lost their identity as distilled spirits, and therefore, are not subject to the floor stocks tax, shall be eligible for drawback of tax at the rate of $3.75 per proof gallon when the product manufactured therefrom contains the ingredients called for by an approved formula, or formulas prescribed by the United States Pharmacopeia, the National Formulary, or the American Institute of Homeopathy, or the advisory standards for flavoring extracts of the United States Food and Drug Administration, Federal Security Agency, as the case may be. Claim for drawback of the tax in such case must be filed in the quarter next succeeding the quarter in which such manufacture is completed as provided in § 197.3 (c). (Sec. 3250 (l), I.R.C.)

§ 197.34 *Inventory as of April 1, 1944.* Each manufacturer intending to claim drawback shall prepare in triplicate an inventory showing separately all distilled spirits, finished products, recovered distilled spirits, unfinished products, intermediates, and mixtures, containing distilled spirits to be made subject of drawbacks, which are in his possession or held by him on April 1, 1944. The original and duplicate copies of the inventory will be forwarded immediately to the District Supervisor, Alcohol Tax Unit, for the district in which the place of manufacture is located, and the triplicate copy shall be retained by the manufacturer at his premises available for examination by Government officers. The District Supervisor will forward one copy of the inventory to the Commissioner with the drawback claim filed by the claimant for the quarterly period.

[SEAL] JOSEPH D. NUNAN, JR.,
Commissioner.

Approved: March 9, 1944.

JOHN L. SULLIVAN,
Acting Secretary of the Treasury.

TITLE 32—NATIONAL DEFENSE

Chapter VIII—Foreign Economic Administration

Subchapter B—Export Control

[Amendment 155]

PART 802—GENERAL LICENSES

GENERAL LICENSE FOR MEXICAN BORDER ZONE

Part 802, General Licenses, is hereby amended by adding thereto § 802.26 *General license "G–MB"* as follows:

§ 802.26 *General license "G–MB".*—(a) *Definitions.* When used in this section:

(1) "Mexican Border Zone" shall mean that area in Mexico within fifty miles south of and along the entire United States border.

(2) "United States Border Zone" shall mean that area in the United States within twenty miles of and along the entire Mexican border.

(3) "United States Consular Certificate" shall mean a document signed by a United States Consul in the Mexican Border Zone certifying the eligibility of the applicant to use this general license and to be valid for a period of ten days from date of issuance.

(4) "Replacement parts" shall mean any part or parts for the repair or maintenance of the following classifications of machinery and equipment which are obtainable without a preference rating issued or authorized by the War Production Board:

Classification	*Schedule B numbers*
Electrical machinery and apparatus:	
Generators; armatures, accessories, welding sets, lighting sets	7000.05 thru 7012.00
Capacitators; ½ kilovolt ampere and larger	7019.00
Transforming or converting apparatus	7021.00 thru 7028.00
Transmission and distribution apparatus	7030.00 thru 7039.00
Motors, starters and controllers	7040.00 thru 7055.98
Portable electric tools	7056.00 thru 7056.98
Electric refrigerators and parts	7057.00 thru 7059.00
Electrical appliances (except X-ray tubes 7075.10)	7060.00 thru 7075.90
Telegraph apparatus and parts	7082.00
Telephone apparatus	7083.00 thru 7087.00
Commutators	7099.90
Measuring machines	7099.93
Parts of electric power-driven portable tools for metal-working machinery	7099.94
Parts of electric welding sets	7099.95
Electric hair-waving machines (all kinds containing mica)	7099.96
Other electric apparatus and parts	7099.98
Machinery, industrial:	
Power generating except electric and automotive; (except boiler gauge glass tubes containing mica 7139.05)	7111.00 thru 7163.00
Construction and conveying	7201.00 thru 7291.00
Mining, well, and pumping	7305.00 thru 7369.98
Metal-working (except diamond dies 7455.03)	7400.00 thru 7458.98
Textile sewing, and shoe	7500.00 thru 7575.00
Industrial (except ball and roller bearings 7691.00 through 7693.00)	7580.00 thru 7750.98
Office appliances:	
All	7752.00 thru 7779.00
Printing and bookbinding machinery:	
All	7790.00 thru 7795.00
Agricultural machinery and implements:	
All	7800.00 thru 7899.98
Watercraft:	
All, other than naval and merchant vessels	7956.91 thru 7956.95
Engine, marine, internal combustion	7957.00 thru 7959.00
Propellers and blades; boat (brass or bronze)	7999.93
Wagons and drays	7975.00

(5) "Value" shall mean the actual invoice or purchase price (exclusive of shipping charges) paid or payable by the applicant for such replacement parts in the United States Border Zone.

(b) A general license designated "G–MB" is hereby granted to persons having residence or a place or business in the Mexican Border Zone authorizing the exportation to the Mexican Border Zone of replacement parts as defined in paragraph (a) (4) of this section, purchased in the United States Border Zone, *Provided*, That

(1) A valid United States Consular Certificate and a Shipper's Export Declaration are presented to the Collector of Customs at the port or place of exit prior to or at the time of exportation.

(2) Such replacement parts are: (i) Not for resale; (ii) to be used only within the Mexican Border Zone for necessary repair or maintenance of applicant's existing equipment in order to enable the continuance of usual business operations of the applicant, and not for assembly into additional equipment; and (iii) the total value of shipments under each United States Consular Certificate issued pursuant to this general license shall not exceed $100 United States currency.

PART 801—GENERAL REGULATIONS

PROHIBITED EXPORTATIONS

Section 801.2 *Prohibited exportations* is hereby amended in the following particulars: In the column headed "General License Group" the group and country designations assigned to the commodities listed below, at every place where said commodities appear in said section, are hereby amended to read as follows:

Commodity and Department of Commerce No.	*General License Group*
Grains and Preparations:	
Biscuits & crackers, 1078.00	None
Cereal foods, n. e. s., 1095.00	None
Corn (bu. 56 lbs.), 1081.00	None
Wheat cereal foods, ready to eat (include wheat germ), 1080.00	None
Wheat cereal foods, to be cooked, 1081.00	None
Wheat flour, wholly of U. S. wheat, 1073.00	None
Wheat flour, other, 1074.00	None
Wheat Semolina, 1090.00	None
Other grains and preparations, 1099.00	None
Petroleum Products:	
Naphtha, mineral spirits, blending agents, solvents, petroleum ether, and other light products, 5019.00	—
Aliphatic naphthas, 5019.00	None
Other naphthas, mineral spirits, solvents, and other light products, including petroleum ether (exclude aliphatic naphthas), 5019.00	None
Synthetic Textiles:	
Braids, fringes, narrow trimmings, rayon, 3858.55	K
Braids, fringes narrow trimmings, of other synthetic textiles, 3958.58	K
Ribbons (include woven labels), 3858.10	K
Vegetable Fibers:	
Manufactures of other vegetable fibers, straw or grass manufactures, 3499.98	—
Manila yarn, 3499.98	None
Other vegetable fiber, straw, or grass manufactures, n. e. s. (excluding manila yarn), 3499.98	K

Shipments of the above commodities which are on dock, on lighter, laden aboard the exporting carrier, or in transit to a port of exit pursuant to an actual order for export prior to the effective date of this amendment, may be exported under the previous general license provisions. Shipments moving to a vessel subsequent to the effective date of this amendment pursuant Office of Defense Transportation permits issued prior to such date may also be exported under the previous general license provisions. With respect to those commodities listed under the headings "Grains and Preparations" and "Petroleum Products" this amendment shall become effective April 1, 1944.

Chapter IX—War Production Board

Subchapter B—Executive Vice-Chairman

AUTHORITY: Regulations in this subchapter issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696; Pri. Reg. 1 as amended May 15, 1943, 8 F.R. 6727.

PART 1226—GENERAL INDUSTRIAL EQUIPMENT

[General Limitation Order L–292, as Amended Mar. 11, 1944]

FOOD PROCESSING MACHINERY

The fulfillment of the requirements for the defense of the United States has created a shortage in the supply of materials used in the production of food processing machinery, for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 1226.77 *General Limitation Order L–292*—(a) *Definitions.* For the purpose of this order:

(1) "Processor" means any person engaged in the business of preparing, processing, canning, packing or packaging human or animal foods or tobacco for distribution, including the operation of a food processing plant on a farm. It does not include (i) a person to the extent that he engages in the production or raising of crops, livestock, or other farm produce; or (ii) a person to the extent that he prepares food for consumption on the premises (such as a hotel or restaurant), or distributes it at retail (such as a grocery or retail meat market); or (iii) governmental agencies processing food for governmental use, hospitals, charitable institutions processing food for their own use, or educational institutions.

(2) "Food processing machinery" means new machinery and equipment, of the kinds specified in Schedule A with a retail sales value of $50 or more for each machine or piece of equipment, excluding (i) refrigerating machinery and equipment as defined in Limitation Order L–38, (ii) machinery and equipment used on a farm for production of food or tobacco or on a fishing vessel for handling food, prior to delivery to a processor, (iii) scales and balances as defined in limitation Order L–190, (iv) conveying machinery as defined in Limitation Order L–193, (v) machinery and equipment used for packaging, filling or labelling containers, except as otherwise indicated in Schedule A, (vi) oil processing machinery and equipment used in processing animal, fish and vegetable fats, oils and greases, and (vii) water filters as water-treating equipment.

(3) "Manufacturer" means any person engaged in the making or assembling of food processing machinery; and includes his subsidiaries and affiliates in the same business.

(4) "Dealer" means any person except a manufacturer engaged in the business of buying and reselling food processing machinery.

(5) "Approved order" means any order for delivery (under sale, lease, consignment or otherwise) of food processing machinery bearing (i) a rating of AA–5 or higher assigned on any WPB Form listed in paragraph (c) or (ii) a CMP Regulation 5 or 5A rating applied to replace an existing piece of machinery of substantially the same size and capacity, worn out or damaged beyond repair.

(b) *Restrictions on deliveries.* (1) No person shall deliver or accept delivery of food processing machinery except on an approved order. Any person who places an approved order shall in addition to the certification used in applying the rating (Priorities Regulation 3 or 7) give the form number upon which he received the rating, or if the rating was assigned by CMP Regulation 5 or 5A, he shall add to the certification a statement substantially as follows: "This rating was assigned by CMP Regulation 5 (or 5A) and the machinery is ordered to replace other machinery of substantially the same size and capacity, worn out or damaged beyond repair."

(2) The restrictions of subparagraph (1) above shall not apply to: (i) deliveries to a manufacturer or dealer to enable him to fill approved orders which he has actually received, or to replace in inventory machinery delivered by him to fill approved orders, (ii) delivery of food processing machinery to be used directly by the Army, Navy, Maritime Commission, or War Shipping Administration, or (iii) delivery to a manufacturer of food processing machinery to be incorporated into other food processing machinery.

(c) *Instructions for obtaining an approved order other than pursuant to a CMP Regulation.* (1) Processors seeking food processing machinery for delivery within the United States or Canada, in order to get a rating should file:

(i) Form WPB–617 with the War Production Board for any food processing machinery which is to be installed as part of a project approved under Order L–41.

(ii) Form WPB–748 with the War Food Administration for all other dairy, egg or poultry processing equipment.

(iii) Form WPB–576 with the War Food Administration for all other canning machinery or equipment.

(iv) Form WPB–3155 with the War Food Administration for all other meat canning, meat packing and meat processing machinery or equipment.

(v) Form WPB–541 with the War Production Board for any other food processing machinery.

(2) All persons, other than processors, seeking any food processing machinery for delivery within the United States or Canada should file Form WPB–541 with the War Production Board.

(3) All persons, including processors, seeking any food processing machinery for export by them to other than Canada should file Form WPB–541 with the War Production Board.

(d) *Restrictions on manufacture.* No manufacturer shall make or assemble any new food processing machinery or equipment of the kinds listed on Schedule B except as permitted by production quotas assigned under paragraph (f) of this order. The limitations and restrictions of this paragraph shall not apply to the manufacture of any food processing machine or piece of equipment for which parts weighing, in the aggregate, not less than 75% of the weight of the finished machine or piece of equipment were made before June 5, 1943.

(e) *Conservation of critical materials.* No person shall use stainless steel or tin, copper or copper base alloys, secondary copper-nickel alloys (white metal) made from scrap or remelt, nickel or chromium, in the manufacture or assembly of any food processing machinery for dairy, egg, poultry, or canning purposes, except in contact parts or corrosion points. (As used herein "contact parts" means those parts which come in direct contact with any food products. "Corrosion points" mean those parts or fittings, stationary or movable, which are exposed to corrosive action from food products, water or brine and which, if corroded, will interfere with the normal operation of the machinery or equipment.) These restrictions on the use of materials shall not apply to repair parts for food processing machinery produced before June 30, 1943, if parts made of other material would not be interchangeable with the parts to be repaired or replaced. This paragraph also does not restrict the use of copper and copper-base alloys in electrical conductors, bearings, valves, instruments, motors, worm driven gears, and cappers.

(f) *Production quotas.* The War Production Board may at any time issue schedules as amendments to this order, fixing production quotas for certain types of food processing machinery. From the effective date of any such schedule no manufacturer may carry on production except as permitted by the schedule or schedules applicable to the food processing machinery made or assembled by him. The reference to "quota provisions of paragraph (g) (2) (ii) of Order L–292" in schedules issued by the War Production Board before March 11, 1944 shall, for the purpose of such schedules, mean this paragraph (f) of Order L–292.

(g) *Miscellaneous provisions*—(1) *Reports.* On or before the 20th day of each calendar month, each manufacturer shall file a report on Form WPB–2721. This reporting requirement has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(2) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board as amended from time to time.

(3) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(4) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter, in triplicate, referring to the particular provisions appealed from and stating fully the grounds of the appeal. The letter must be filed with the field office of the War Production Board for the district in which is located the plant or branch of the appellant to which the appeal relates.

(5) *Communications.* All reports required to be filed hereunder, and all communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, General Industrial Equipment Division, Washington 25, D. C., Ref: L-292.

Issued this 11th day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A

Machinery and equipment included in definition of "Food Processing Machinery" under paragraph (a) (2).

1. Baking and macaroni processing machinery and equipment. This term includes all preparation and processing machinery and equipment, and slicing and wrapping machinery used in commercial bakeries.

2. Brewing and winery machinery and equipment, including bottling, bottle capping and bottle labeling machinery and equipment but excluding refrigeration machinery and equipment.

3. Canning machinery and equipment. This term includes all preparation machinery and equipment, filling, labeling and casing machinery, and change parts for different can or container sizes, used in the canning, freezing, and fresh packing of fruits, vegetables, fishery products (including fishery by-products) and all other human or animal food. It also includes preparation machinery and equipment used for dehydrating such foods. It does not include (i) preparation equipment for meat and meat products (ii) home canning and home dehydrating equipment (iii) container sealing and closing and jar capping machines (iv) refrigerating equipment, and (v) steam jacketed kettles regardless of any use to which they may be put, which are designed to use steam at working pressures of less than 90 pounds per square inch, as governed by Limitation Order L-182. (Machinery for filling, labeling and casing dehydrated foods is covered by Order L-332.)

4. Coconut shredding and processing equipment.

5. Coffee, tea, cocoa, and spice grinding and processing equipment, 1 H. P. and larger.

6. Confectioner machinery and equipment.

7. Dairy, egg and poultry processing machinery and equipment used in the commercial processing of milk and milk products, eggs and poultry, including bottling, bottle capping and bottle labeling machinery and equipment and wrapping machinery but excluding (i) machinery or equipment used on a farm for the production and handling of milk, eggs or poultry prior to delivery to a processor and (ii) machinery or equipment covered by the provisions of Limitation Order L-257.

8. Flour, grain, feed milling and processing machinery and equipment and seed cleaning equipment.

9. [Deleted Nov. 22, 1943]

10. [Deleted Mar. 11, 1944]

11. Meat canning, meat packing and meat processing machinery and equipment. This term includes power-driven disc and blade saws (of fractional horsepower or more), band saws (1 horsepower or more), slicers (1 horsepower or more), and grinders (1 horsepower or more), and all other machinery and equipment used in the preparation and processing of meat products, filling, labelling and casing machinery, except (i) home canning equipment, (ii) container sealing and closing and jar capping machines, and (iii) refrigeration equipment.

12. Non-alcoholic beverage manufacturing machinery and equipment including bottling, bottle capping and bottle labelling machinery and equipment but excluding refrigeration machinery and equipment.

13. Sugar processing machinery and equipment.

14. Tobacco processing machinery and equipment, including wrapping machinery.

15. [Deleted Mar. 11, 1944]

SCHEDULE B

Food Processing Machinery and Equipment which cannot be manufactured unless specifically provided for under the terms of paragraph (f).

1. [Deleted Mar. 11, 1944]
2. [Deleted Mar. 11, 1944]
3. All coconut shredding and processing equipment.
4. Coffee, tea, cocoa and spice grinding and processing equipment except equipment by and for the direct use of the Army, Navy, Maritime Commission and War Shipping Administration, and except equipment used in the manufacture of soluble and dehydrated coffee.
5. All confectionery machinery.
6. [Deleted Mar. 11, 1944]
7. [Deleted Mar. 11, 1944]
8. [Deleted Mar. 11, 1944]
9. [Deleted Mar. 11, 1944]
10. [Deleted Mar. 11, 1944]
11. [Deleted Mar. 11, 1944]
12. [Deleted Mar. 11, 1944]
13. [Deleted Mar. 11, 1944]
14. Tobacco processing machinery and equipment, including wrapping machinery.

SCHEDULE C

[Deleted Mar. 11, 1944]

SCHEDULE D

PART 1226—GENERAL INDUSTRIAL EQUIPMENT

[Limitation Order L-292, Quota Schedule I, as Amended Mar. 11, 1944]

PRODUCTION QUOTAS FOR DAIRY MACHINERY AND EQUIPMENT

§ 1226.78 *Production quotas for dairy machinery and equipment*—(a) *Purpose of this schedule.* The purpose of this schedule is to fix production quotas for certain items of dairy processing machinery and equipment for the year beginning October 1, 1943, and ending September 30, 1944. The quotas described in this schedule shall take the place of the quota provisions of paragraph (f) of Order L-292 with respect to those items.

(b) *Definition.* "Base production" means the annual average number of units of any item of dairy machinery or equipment produced by a manufacturer during the years 1939, 1940 and 1941.

(c) *Production quotas.* During the year beginning October 1, 1943, and ending September 30, 1944, no manufacturer shall fabricate or assemble more units of any type of new dairy machinery or equipment listed below than the quota percentage of his base production of each type.

PRODUCTION QUOTAS

The first column assigns a code number to each type of machinery and equipment.

The second column describes the types of machinery and equipment covered by this schedule.

The third column shows the quota percentage that each manufacturer is allowed. Where an asterisk appears instead of a quota percentage, a manufacturer may build the item opposite the asterisk only upon receipt of an approved order as defined in paragraph (a) (5) of Limitation Order L-292.

Machine Code No.	Type of machine	Quota per-cent
203.001	Agitators, cheese vat	105
203.002 A-D	Babcock testers	100
203.003	Batch measures and weighers	*
203.004-005	Butter cutters, hand or power driven.	75
203.006	Butter wrappers	85
203.026A	Cappers for dairy products (not installed on filler) single head.	100
203.008B	Hooders for milk bottles	*
203.009	Case washers (milk bottles)	*
203.010	Cheese grinders or curd mills	110
203.011 A-F	Cheese hoops	115
203.012 A	Cheese pasteurizers, tubular	280
203.012 B-E	Cheese pasteurizers, plate	950
203.013 A-C	Cheese presses	105
203.014 A-E	Cheese vats	100
203.015 A-C	Clarifiers	75
203.016 A-F	Internal tube and surface type coolers.	150
203.116 A-D	Cabinet surface type	100
203.116 E-H	Plate type	205
203.017 A-B	Churns	100
203.018 A	Dehydrators, spray type	900
203.018 B-D	Dehydrators, roll type	550
203.019 A-L	Fillers	100
203.020	Filters for milk and eggs	125
203.021	Flavor tanks for ice cream mix	25
203.022	Forewarmers, coil	150

(d) *Exceptions.* The quota provisions of paragraph (c) above do not restrict the fabrication or assembly of dairy machinery or equipment to fill specific orders actually received by a manufacturer for export outside the territorial limits of the United States and Canada, or for direct use by the Army, Navy, Maritime Commission or War Shipping Administration.

(e) *Increase, decrease and transfer of quotas.* The War Production Board may, by specific written directions issued to any manufacturer or class of manufacturers, increase or decrease any quota established by this schedule and may transfer any portions of a quota between manufacturers, taking into consideration the amount of materials to be used, the need for particular items at the time required, the labor and transportation situation in the manufacturing areas involved, the inability of any manufacturer to manufacture his quota, and such other factors as may be relevant.

(f) *Applicability of Limitation Order L-292.* Except as otherwise indicated herein, this schedule is subject to all applicable provisions of Limitation Order L-292 as amended from time to time.

Issued this 11th day of March 1944.

PART 1226—GENERAL INDUSTRIAL EQUIPMENT

[Limitation Order L-292, Quota Schedule VIII]

PRODUCTION QUOTAS FOR BREWING, WINERY AND BEVERAGE MACHINERY AND EQUIPMENT

§ 1226.81d *Production quotas for brewing, winery and beverage machinery and equipment (including bottling, bottle capping and bottle labelling machinery and equipment, but excluding refrigeration machinery and equipment)*—(a) *Purpose of this schedule.* The purpose of this schedule is to fix production quotas for brewing, winery and beverage machinery and equipment (except refrigeration machinery and equipment) for the year beginning October 1, 1943, and ending September 30, 1944, inclusive. The quotas described in this schedule shall take the place of the quota provisions of paragraph (f) of Order L-292 with respect to those items.

(b) *Definitions.* (1) "Base period use" means the annual average tonnage of controlled materials used to complete items of brewing, winery and beverage machinery and equipment (including bottling, bottle capping and bottle labelling machinery and equipment, but excluding refrigeration machinery and equipment) during the years 1939, 1940 and 1941.

(2) "Controlled material" means controlled material as defined in CMP Regulation 1.

(c) *Production quotas.* During the year beginning October 1, 1943, and ending September 30, 1944, no manufacturer shall use more controlled materials to fabricate or assemble brewing, winery and beverage machinery and equipment (including bottling, bottle capping and bottle labelling machinery and equipment, but excluding refrigeration machinery and equipment) in any class than the quota percentage of his base period use for each class of machinery and equipment as set forth in the table below.

PRODUCTION QUOTAS

The first column describes each class of machinery covered by this schedule.

The second column describes the various types of machinery and equipment included in each class of machinery.

The third column asigns a code number to each type of machinery and equipment.

The fourth column shows the quota percentage that each manufacturer is allowed.

PART 3102—NATIONAL EMERGENCY SPECIFICATIONS FOR STEEL PRODUCTS

[Limitation Order L-211, Schedule 11 as Amended Mar. 11, 1944]

STEEL PRESSURE PIPE

§ 3102.12 *Schedule 11 to Limitation Order L-211*—(a) *Purpose and scope.* This schedule prescribes certain standards for the manufacture of steel pressure pipe, as herein defined. The schedule does not relate to use; steel pressure pipe made in accordance with this schedule may be used for any purpose, subject to any restrictions contained in other War Production Board orders.

(b) *Definitions.* For the purpose of this schedule:

(1) "Steel pressure pipe" means carbon and alloy steel pipe applicable for conveying fluids at normal or elevated temperatures or pressures. The term does not include steel pressure tubes or steel pipe as defined in Schedules 12 and 13 to Limitation Order L-211, or alloy steel pipe containing more than 10 percent chromium or recoil tubing.

(2) "Government order" means an order placed:

(i) By the government of the United States or any department or agency thereof, or

(ii) By any other person covering material to be physically incorporated into material to be delivered to such government, department, or agency, or

(iii) By a warehouse which has been designated by such government, department, or agency as a source of supply for government orders, for delivery to a stock maintained for that purpose.

(c) *Restrictions on sizes and dimensions*—(1) *Government orders.* No person shall produce, fabricate or deliver any steel pressure pipe except in the sizes and dimensions set forth in the respective specifications of List 2 or Table 1 of this schedule.

(2) *Other orders.* No person shall produce, fabricate or deliver on any order not a government order any steel pressure pipe except in the sizes and dimensions set forth in Table I of this schedule.

(d) *Restrictions on specifications*—(1) *Government orders.* No person shall produce, fabricate, or deliver on a government order, any steel pressure pipe except to a specification set forth in List 1 or List 2 of this schedule.

(2) *Other orders.* No person shall produce, fabricate or deliver on any order not a government order, any steel pressure pipe except to a specification set forth in List 1 of this schedule.

(e) *Acceptance of delivery.* No person shall accept delivery of steel pressure pipe which he knows or has reason to believe was produced, fabricated, or delivered in violation of the provisions of paragraphs (c) and (d).

(f) *Exceptions.* The provisions of this schedule shall not prevent:

(1) Production, fabrication, delivery, or acceptance of steel pressure pipe for which an order was entered prior to August 30, 1943, provided shipment of the entire order is made on or before October 30, 1943.

(2) Delivery or acceptance of steel pressure pipe which because of errors in manufacture does not conform to the requirements of this schedule, provided such requirements are waived by the purchaser or procuring agency.

(3) Waiver by the purchaser or procuring agency of any of the inspection or test requirements of any specification.

(4) Production, fabrication, delivery, or acceptance of steel pressure pipe in other diameters or wall thicknesses for use in the manufacture of steel pipe fittings, fuel oil heaters, boiler water walls, wafer screens, economizers, headers, or manifolds.

(5) Production, fabrication, delivery, or acceptance of steel pressure pipe not conforming to the requirements of paragraph (d) when certified by the United States Army or Navy to the producer, fabricator, or supplier and to the Steel Division, War Production Board, as being necessary to insure the military characteristics of the item for which the steel pressure pipe is required. Such certification shall specify the contract involved and the justification for the exception.

(6) Production, fabrication, delivery, or acceptance of steel pressure pipe specifically permitted in writing by the War Production Board. In the case of alloy steel pressure pipe, such permission may be granted with respect to chemical composition by the approval of a melting, production, or delivery schedule.

(g) *Records.* Each person owning or possessing steel pressure pipe excepted by the provisions of paragraph (f) shall retain records of such material available for inspection by duly authorized representatives of the War Production Board. In addition, each person accepting an order for steel pressure pipe excepted by the provisions of paragraph (f) (5) shall furnish details of such order to the Steel Division, War Production Board, within ten days after such acceptance. The record-keeping and reporting requirements of this order have been approved by the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

Issued this 11th day of March 1944.

PART 3274—MACHINE TOOLS AND INDUSTRIAL SPECIALTIES

[Limitation Order L-145-a, as Amended Mar. 11, 1944]

ANTI-FRICTION BEARINGS

The fulfilment of requirements for the defense of the United States has created a shortage in the supply of anti-friction bearings for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3274.67 *Limitation Order L-145-a*—(a) *Limitation on production of anti-friction bearings.* No person engaged in the production of anti-friction bearings shall hereafter make bearings of any of the sizes specified on Schedule A attached to this order unless he is designated as an "authorized producer" of such size.

A person who is not designated as an "authorized producer" of a particular size listed in Schedule A may refer persons seeking to place orders with him to those who are designated as "authorized producers"; or if he wishes to continue selling this size he may accept orders for such bearings and arrange to have them made by an "authorized producer."

(b) *Maintenance of equipment by persons other than "authorized producers".* Any person who produced any of the sizes specified on Schedule A in 1943 but who is not designated as an "authorized producer" of such size is prohibited from disposing of tools and equipment used by him to make such size and he shall keep these tools and equipment in such condition that whenever the War Production Board deems it necessary to name him an "authorized producer" he can resume production of bearings of such size one month after notice by the War Production Board.

(c) *Exceptions.* The provisions of this order do not apply to:

(1) The production of any bearings listed on Schedule A for which purchase orders have been placed prior to February 19, 1944, even though the person holding such orders is not designated as an "authorized producer";

(2) To any person whose monthly shipments in November 1943 of all anti-friction bearings did not exceed $80,000.

(d) *Applicability of regulations.* This order and all transactions affected hereby are subject to all applicable regulations of the War Production Board as amended from time to time.

(e) *Appeals.* Any appeals from the provisions of this order shall be made by filing a letter in triplicate with the War Production Board, Washington 25, D. C., referring to the particular provision appealed from and stating fully the grounds of the appeal.

(f) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priorities control, and may be deprived of priorities assistance.

(g) *Communications.* All reports to be filed, appeals and other communications, concerning this order, should be addressed to: War Production Board, Tools Division, Washington 25, D. C., *Ref*: L-145-a.

Issued this 11th day of March 1944.

PART 3293—CHEMICALS

[Conservation Order M-54, as Amended Mar. 9, 1944][1]

MOLASSES

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of molasses for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3293.91 *Conservation Order M-54*—(a) *Definitions.* For the purposes of this order:

(1) "Molasses" means any molasses, sirup, sugar solution, or any form of fermentative sugar (derived from sugar cane or sugar beets) and hydrol (corn sugar molasses). The term does not, however, include sugar as defined in Rationing Order No. 3 or sugar intended for and used for manufacture into sugar as so defined, or edible molasses as defined in Food Distribution Order No. 51. Blackstrap molasses is any final molasses produced in the manufacture of sugar from sugar cane or from the refining of raw sugar and includes all beet molasses produced in the manufacture of sugar from sugar beets. Invert molasses is any molasses made from sugar cane without extraction of sugars. For the purpose of this order one gallon of invert molasses is to be construed as one and a half gallons of blackstrap molasses and one gallon of hydrol is to be construed as one gallon of blackstrap molasses.

(2) "Producer" means any person engaged in the production of molasses and includes any person who has molasses produced for him pursuant to toll agreement.

(3) "Importer" means any person who transports molasses in any manner into the continental United States. Release from the bonded custody of the United States Bureau of Customs shall be deemed a transportation.

(4) "Primary distributor" means any person, other than an importer or a producer, who sells molasses which he has acquired (other than as broker) from an importer or a producer.

(5) "Secondary distributor" means any person, other than an importer, producer or primary distributor, who sells molasses which he has acquired (other than as broker) from some person other than an importer or producer.

(6) A person may, at the same time, be an importer, a producer, a primary distributor and a secondary distributor. His clasification, in a particular case, will be determined by the source of the molasses involved; i. e., with respect to molasses imported, he will be an importer, with respect to molasses acquired from a producer, he will be a primary distributor, etc.

(7) "Broker" means any person who buys and sells molasses on a fee basis as agent either for the buyer or the seller or both.

(8) "Class 1 purchaser" means any person who requires molasses in the manufacture of any one or more of the following products:

(i) Insecticides (except as provision is made therefor in paragraphs (a) (14) and (d) (3) hereof).
(ii) Lactic acid.
(iii) Graphite paste.
(iv) Printing rollers.
(v) Dye stuffs.
(vi) Ink.
(vii) Ephedrine.
(viii) Sugar for human consumption (produced from beet molasses).
(ix) Denatured rum for flavoring.
(x) Biological and pharmaceutical products for human and veterinary uses.

and any person who requires molasses for any one or more of the following purposes.

(xi) Dust extraction.
(xii) Leather tanning.

(9) "Class 2 purchaser" means any person who requires molasses in the manufacture (including custom grinding) of mixed feeds (including molasses treated beet pulp).

(10) "Class 3 purchaser" means any person who requires molasses in the manufacture of any one or more of the following products:

(i) Yeast.
(ii) Citric acid.

(11) "Class 4 purchaser" means any person who requires molasses in the manufacture of vinegar and any person who requires molasses for foundry purposes.

(12) "Class 5 purchaser" means any person who requires molasses in the manufacture (including blending and/or packaging) of any one or more of the following products:

(i) Molasses (edible).
(ii) Sirup (edible).

(13) "Class 6 purchaser" means any person who requires molasses in the manufacture of other products for human consumption (not specified above).

(14) "Class 7 purchaser" means any person who requires molasses for sale directly (without the intervention of any other handler) to persons who require the same for ensilage direct feed or insect control.

(15) "Calendar quarter" means the several three month periods of the year commencing January 1, April 1, July 1, and October 1.

(16) "Calendar quarterly supply" means a quantity of molasses not in excess of the quantity used by a purchaser listed above during a corresponding calendar quarter in the twelve month period ended June 30, 1941. Purchasers shall determine a calendar quarterly supply with respect to each use specified in the applicable subparagraph above. Quantity shall in all cases be computed on a blackstrap molasses basis.

(17) "30 day supply" means a quantity of molasses not in excess of one-twelfth of the quantity used by a purchaser listed above during the twelve month period ended June 30, 1941. Purchasers shall determine a 30 day supply with respect to each use specified in the applicable subparagraphs above. Quantity shall in all cases be computed on a blackstrap molasses basis.

(18) "Fiscal year" means the twelve month period commencing October 1 and ending September 30.

(19) "Yearly supply" means a quantity of molasses not in excess of the quantity used by a purchaser listed above during the twelve month period ended June 30, 1941. Purchasers shall determine a yearly supply with respect to each use specified in the applicable subparagraph above. Quantity shall in all cases be computed on a blackstrap molasses basis.

(b) *Applicability of regulations.* This order and all transactions affected hereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

[1] This document is a restatement of Amendment 1 to M-54, as Amended January 21, 1944, which appeared in the FEDERAL REGISTER of March 10, page 2691, and reflects the order in its completed form as of March 9, 1944.

(c) *Restrictions on deliveries.* Anything in Priorities Regulation 1 to the contrary notwithstanding:

(1) No Class 1, 2, 3, 4, 5, 6 or 7 purchaser shall, during any calendar quarter (fiscal year in the case of a Class 3 or 5 purchaser), accept deliveries of molasses in excess of the quantity set forth below less any quantity in excess of a 30 day supply on hand on the first day of the calendar quarter (fiscal year in the case of a Class 3 or 5 purchaser) in which delivery is to be made:

(i) Class 1 purchaser—during any calendar quarter, 40% of a calendar quarterly supply if molasses is required for the manufacture of sugar for human consumption (produced from beet molasses); 100% of a calendar quarterly supply if molasses is required by such Class 1 purchaser for the manufacture of any other product.

(ii) Class 2 purchaser—during any calendar quarter, 50% of a calendar quarterly supply.

(iii) Class 3 purchaser—during a fiscal year, 130% of a yearly supply.

(iv) Class 4 purchaser—during any calendar quarter, 130 per cent of a calendar quarterly supply, if molasses is required for the manufacture of vinegar; 110 per cent of a calendar quarterly supply, if molasses is required for foundry purposes.

(v) Class 5 purchaser—during a fiscal year, 100% of a yearly supply.

(vi) Class 6 purchaser—during any calendar quarter, 100% of a calendar quarterly supply.

(vii) Class 7 purchaser—during any calendar quarter, 100% of a calendar quarterly supply.

(2) Prior to delivery of molasses, within the limitations of paragraph (c) (1) hereof, the prospective deliveree, if he be a Class 1, 2, 4, 6 or 7 purchaser, shall submit to the deliveror a certificate in substantially the following form, properly filled out and manually signed by a duly authorized official:

The delivery, in the calendar quarter ended _____, of _____ gallons of molasses (blackstrap molasses basis), in connection with which this certificate is furnished, will not, taking into consideration molasses received and to be received during the same calendar quarter from all sources and inventory on hand on the first day of such calendar quarter, be in excess of _____ per cent of a calendar quarterly supply to which the undersigned, as a Class _____ purchaser, is entitled pursuant to General Preference Order No. M-54, amended, with the terms of which order the undersigned is familiar.

Dated:

_____
(Name of purchaser)

By _____
(Duly authorized official)

Prior to delivery of molasses, within the limitations of paragraph (c) (1) hereof, the prospective deliveree, if he be a Class 3 or 5 purchaser, shall submit to the deliveror a certificate in substantially the following form, properly filled out and manually signed by a duly authorized official:

The delivery of _____ gallons of molasses (blackstrap molasses basis), in connection with which this certificate is furnished, will not, taking into consideration molasses received and to be received during this fiscal year from all sources and inventory on hand on the first day of this fiscal year, be in excess of _____ percent of a yearly supply to which the undersigned, as a Class _____ purchaser, is entitled pursuant to General Preference Order No. M-54, amended, with the terms of which order the undersigned is familiar.

Dated:

_____
(Name of purchaser)

By _____
(Duly authorized official)

(3) No person shall knowingly deliver molasses to any Class 1, 2, 3, 4, 5, 6 or 7 purchaser in violation of the terms of paragraphs (c) (1) and (2) hereof.

(4) Except as otherwise provided in paragraph (d) hereof no deliveries of molasses shall be made by any producer, primary distributor, secondary distributor or importer unless the same shall have been specifically authorized by the War Production Board; and no person shall accept delivery of molasses if such delivery would be made in violation of the foregoing clause.

(5) *Restrictions on beet molasses.* No Class 2 purchaser shall use beet molasses for the manufacture of mixed feeds.

(d) *Permissive deliveries.* Subject to the provisions of Priorities Regulation No. 1, amended, (and more particularly the inventory provisions thereof) and paragraphs (f) and (g) hereof, the following deliveries of molasses shall not be subject to the provisions of paragraph (c) (4) hereof:

(1) Within the limitations of paragraphs (c) (1) and (2) hereof, deliveries to purchasers specified in paragraph (a) hereof.

(2) Deliveries to primary distributors and secondary distributors for purposes of resale. All quantities of molasses, delivery of which primary distributors and secondary distributors accept, shall be subject to allocation, re-distribution or re-delivery in accordance with specific directions which the War Production Board may from time to time hereafter issue.

(3) Deliveries by a Class 7 purchaser (of molasses to which he is entitled pursuant to paragraph (c) (1) (vii) hereof) to persons who require molasses for ensilage, direct feed or insect control.

(4) Deliveries of any one of the products specified in paragraph (a) (12) hereof which after manufacture (including blending and/or packaging) fall within the definition of molasses.

(5) Deliveries originating, completed and for use outside of the continental United States.

(6) Deliveries to an importer originating outside of the continental United States.

(7) Deliveries for the production of beverage spirits or industrial alcohol authorized under paragraph (f) hereof.

(e) *Restrictions on consumption.* Unless otherwise authorized by the War Production Board, no purchaser specified in paragraph (a) hereof shall, during any calendar quarter commencing with the month of January, 1942, use or consume more molasses:

(1) Than he would be permitted to receive during such calendar quarter, in the case of a Class 1, 2, 4, 6 or 7 purchaser (assuming that such purchaser had no molasses on hand on the first day of the calendar quarter).

(2) Than 130% of a calendar quarterly supply, in the case of a Class 3 purchaser.

(3) Than a calendar quarterly supply, in the case of a Class 5 purchaser.

(f) *Restrictions on molasses for beverage spirits and industrial alcohol.* No person shall use or accept delivery of molasses for the manufacture of beverage spirits or industrial alcohol except to the extent authorized by the War Production Board.

(g) *Restrictions on export.* No molasses shall be exported by any person except upon express authorization of the War Production Board.

(h) *Intra-company transactions.* The prohibitions or restrictions contained in this order with respect to deliveries shall, in the absence of a contrary direction, apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of the same or any other enterprise owned or controlled by the same person.

(i) *Prior authorizations.* Specific mail or telegraphic authorizations heretofore issued by the War Production Board by way of relief from the provisions of this order as it existed prior to March 27, 1942, shall not be prejudiced or in any manner affected hereby.

(j) *Reports.* Reports shall be made at such times, on such forms and with respect to such matters as shall be prescribed by the Chemicals Division of the War Production Board. Importers shall notify the Chemicals Division of the War Production Board of the importation of molasses into the continental United States at least fifteen (15) days prior to movement of the same from the place of origin. The following persons shall fill out and file with the Chemicals Division of the War Production Board the forms set forth below at the times and in the manner prescribed in said forms:

Manufacturers (using molasses) of yeast, citric acid and edible sirup or molasses—Form WPB-891.

Manufacturers (using molasses) of Alcohol—Form WPB-892.

Producers, importers and primary distributors of molasses—Form WPB-890.

(k) *Notification of customers.* Producers, distributors and importers shall, as soon as practicable, notify each of their regular customers of the requirements of this order, but the failure to give such notice shall not excuse any person from the obligation of complying with the terms of this order.

(l) *Violations.* Any person who wilfully violates any provision of this order or who in connection with this order wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control, and may be deprived of priority assistance.

(m) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(n) *Exemptions.* None of the restrictions, prohibitions or requirements contained in this order shall apply to the delivery, acceptance of delivery or use of molasses outside of the continental United States, except that paragraph (c) (1) (vii) relating to Class 7 purchasers, and paragraph (f) relating to restrictions with reference to beverage cane spirits and industrial alcohol, shall be applicable to Puerto Rico and the Virgin Islands of the United States.

Issued this 9th day of March 1944.

PART 1010—SUSPENSION ORDER

[Suspension Order S-501]

FLUORESCENT FIXTURE & SUPPLY COMPANY

Sidney Eisenberg, doing business under the trade name of Fluorescent Fixture & Supply Company, at 6714 Carnegie Avenue, Cleveland, Ohio, is a retail dealer in fluorescent lighting fixtures. Between June 13 and October 30, 1942, he made sales of new fluorescent lighting fixtures, having a rated wattage capacity in excess of 30 watts, without preference ratings, in violation of Limitation Order L-78. During the same period Mr. Eisenberg made other sales, suggesting certifications and ratings, in some instances a rating of A-2 under an alleged "Preference Rating Order PD-46". None of the customers had an A-2 rating nor a right to use higher than an A-10 rating. As for "PD-46" this had been a symbol of a report form for use of the Aircraft Industry, but which became obsolete not later than May 25, 1942, and never had been a preference rating order. The method of extending ratings employed by Mr. Eisenberg was to deliver his customers' orders to his supplier, rather than to keep them at his place of business and execute certificates to his supplier that he was entitled to extend the ratings. This practice was a violation of Priorities Regulation No. 3. Mr. Eisenberg was familiar with Limitation Order L-78, and, except for two transactions, his violations of that order were wilful. His violations of Priorities Regulation No. 3 were due to a grossly negligent disregard of War Production Board orders and regulations.

These violations of Limitation Order L-78 and of Priorities Regulation No. 3 have hampered and impeded the war effort of the United States by diverting critical material to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.501 *Suspension Order No. S-501.* (a) Deliveries of fluorescent lighting fixtures as defined in Limitation Order L-78, requiring the use of tubes exceeding 30-watt capacity, to Sidney Eisenberg, doing business as Fluorescent Fixture & Supply Company or otherwise, his successors or assigns, shall not be accorded priority over deliveries under any other contract or order, and no preference rating shall be assigned, applied or extended to such deliveries by means of preference rating orders, preference rating certificates, general preference orders, or any other orders or regulations of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve Sidney Eisenberg, doing business as Fluorescent Fixture & Supply Company, or otherwise, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on March 11, 1944, and shall expire June 11, 1944.

Issued this 11th day of March 1944.

[Suspension Order S-462, Reinstatement]

SHATTERPROOF GLASS CO.

On December 14, 1943, Suspension Order No. S-462 was issued in the case of Shatterproof Glass Company, a Delaware corporation, with principal offices at 4815 Cabot Avenue, Detroit, Michigan. Shatterproof Glass Company appealed to the Chief Compliance Commissioner from the Suspension Order and applied for a stay of the suspension order provisions, and filed an affidavit in support of its application for a stay. A personal appearance and oral argument by counsel for the company took place. A stay was granted on February 3, 1944. The Chief Compliance Commissioner, after reviewing the case, has decided that there were wilful violations of General Preference Order M-10, and that the suspension order was properly issued. He has further determined that under present conditions there is no surplus of vinyl over military requirements. The Chief Compliance Commissioner has directed that the appeal be dismissed, the stay terminated, and the suspension order reinstated for the balance of the original period of time. In view of the foregoing, it is hereby ordered, that:

Section 1010.462. *Suspension Order No. S-462*, issued December 14, 1943, be, and hereby is, reinstated, and paragraph (c) is amended to read as follows:

(c) This order shall again become effective March 11, 1944, and shall expire on April 27, 1944.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 3, Interpretation 1 to Direction 2]

PAPER CUPS AND PAPER FOOD CONTAINERS

The following interpretation is issued with respect to Priorities Regulation 3, Direction 2:

Paragraph (j) calls attention to the fact that persons buying paper cups and paper food containers for use in packaging food or other products may not use blanket MRO ratings for that purpose.

Persons engaged in in-plant feeding operations, whether they be conducted by the plant management or by a caterer or concessionnaire, also may not use their blanket MRO ratings to buy paper cups and paper food containers which are to be sent to a food packer to be filled and returned to the plant for in-plant feeding.

Issued this 13th day of March 1944.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 3, Interpretation 2 to Direction 2]

The following interpretation is issued with respect to Priorities Regulation 3, Direction 2.

In-plant feeding includes the serving of food, drink and refreshments between meals as well as at meal time. For instance, the use of paper cups for drinking water is included within the meaning of the term.

PART 3133—PRINTING AND PUBLISHING

[Limitation Order L-240, Direction 3]

NEWSPAPERS; INVENTORY ADJUSTMENT FOR CALIFORNIA, ARIZONA AND NEVADA

The following direction is issued pursuant to Limitation Order L-240.

Notwithstanding the provisions of paragraphs (n) (1) and (n) (2) of L-240, publishers of newspapers in California, Arizona and Nevada who customarily receive print paper from mills in Oregon, Washington and British Columbia, via the Southern Pacific Railroad, may order and accept delivery of

sufficient print paper to give them 65 days' supply actually on hand and available for use, exclusive of paper in transit. In the above computation print paper need not be included until it actually reaches the place where it is to be used.

In building their inventories to this level, such publishers must obtain any print paper in excess of their "monthly base", as defined in paragraph (n) (1), from mills in Oregon, Washington or British Columbia which customarily serve this territory. Mills may deliver such additional print paper only after they have supplied the authorized needs of their regular customers for print paper ordered in accordance with paragraphs (n) (1) and (n) (2) of L-240.

Issued this 13th day of March 1944.

PART 3288—PLUMBING AND HEATING EQUIPMENT[1]

[Limitation Order L-182, as Amended Mar. 13, 1944]

COMMERCIAL COOKING AND FOOD AND PLATE WARMING EQUIPMENT

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of certain critical materials used in the production of commercial cooking and food and plate warming equipment for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3288.46[1] *General Limitation Order L-182—(a) Definitions.* For the purposes of this order:

(1) "Commercial cooking and food and plate warming equipment" means:

(i) Equipment (except equipment specially designed to use electricity as the heating agent) designed for the heating of kitchen utensils or plates, or for the cooking or baking of food for consumption or sale on the premises in which the equipment is located. It includes, but is not limited to, such items as bakers, broilers, fryers, griddles, grills, hot plates, ovens (except built-in types), ranges, roasters, steamers, toasters, urns and warmers, but does not include cooking appliances for household use.

(ii) Steam-jacketed kettles, regardless of any use to which they may be put, which are designed to use steam at working pressures of less than 90 pounds per square inch.

(2) "Ultimate consumer" means any person who uses commercial cooking and food and plate warming equipment for the heating of kitchen utensils or plates, or for the cooking or baking of food for consumption or sale.

(3) "New commercial cooking and food and plate warming equipment" means any commercial cooking and food and plate warming equipment that has never been used by an ultimate consumer.

(4) "Used commercial cooking and food and plate warming equipment" means any commercial cooking and food and plate warming equipment that has been used by an ultimate consumer.

(b) *Restrictions on manufacture.* (1) From and after October 1, 1942, no manufacturer of commercial cooking and food and plate warming equipment shall put into process in the manufacture of such equipment, including finished units and parts thereof, during any calendar quarter, any iron and steel in excess of 6¼% of the iron and steel put into process in the manufacture of finished units of such equipment by him during the calendar year, 1941, *except* that in addition to the quotas set forth in this paragraph, any manufacturer may put any iron or steel into the process of manufacture of any such equipment for delivery to or for the account of the Army, Navy, the Maritime Commission, the War Shipping Administration of the United States or the Defense Plant Corporation.

(2) No iron or steel may be used in the manufacture of any equipment listed on Schedule I, except in the manufacture of repair and replacement parts thereof as limited in paragraph (b) (1).

(c) *Restrictions on delivery.* Regardless of the terms of any contract, sale, other commitment or any preference rating, no person shall make or accept physical delivery of any new or used commercial cooking and food and plate warming equipment, except that:

(1) Any person may make or accept physical delivery of any such equipment on a specific contract or subcontract for delivery to or for the account of the Army, the Navy, the Maritime Commission, the War Shipping Administration of the United States, or the Defense Plant Corporation.

(2) Any person may make or accept physical delivery of any such equipment pursuant to specific authorization of the War Production Board on Form WPB-1319. Applications under this order and Order L-248 may be made on a single Form WPB-1319.

(3) Any manufacturer may make physical delivery of any such equipment to any dealer or distributor of such equipment, or to any ultimate consumer, from whom he has received a written order or contract which bears a certification substantially as follows, signed by an authorized official, either manually or as provided in Priorities Regulation No. 7; and any such dealer, distributor or ultimate consumer may accept such delivery:

I certify that I have received specific authority from the War Production Board to accept delivery of the equipment listed hereon; that I have knowledge of and am in compliance with Limitation Orders L-182 and/or L-248; and, further, that authorization was received by me on the following Form(s) WPB-1319:

(List number or numbers)

Firm name

Signature and title of officer

Such certification shall constitute a representation to the War Production Board, as well as to the manufacturer, of the facts certified therein.

No manufacturer shall make delivery under this order who has reason to believe that the purchaser has furnished a false certification; and no person shall falsely furnish the certification specified above.

Any manufacturer may rely upon the facts furnished in the above mentioned certification and shall not be responsible for any action taken by him under this order in reliance upon inaccurate or untrue statements therein, unless he has reason to believe that such statements are inaccurate or untrue.

(4) Any ultimate consumer may make physical delivery of any such equipment to any manufacturer, dealer or distributor of such equipment, and such manufacturer, dealer, or distributor may accept such delivery; and

(5) Any such equipment actually in transit on September 30, 1942, may be delivered to its immediate destination.

(d) *Delivery of repair and replacement parts.* Nothing in this order shall prevent the delivery of repair or replacement parts for commercial cooking and food and plate warming equipment.

(e) *Reports.* Every manufacturer, dealer and distributor of any commercial cooking and food and plate warming equipment shall execute and file with the War Production Board on or before the tenth day of each calendar quarter a report on Form WPB-1509 (formerly PD-638), which may be obtained from the nearest field office of the War Production Board. Reports under this order and Order L-248 may be made on a single Form WPB-1509 (formerly PD-638). This reporting requirement has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(f) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of all the regulations of the War Production Board, as amended from time to time.

(g) *Applicability of other orders.* Insofar as any other order issued, or to be issued after September 30, 1942, limits the production or delivery of commercial cooking and food and plate warming equipment to a greater extent than the limits imposed by this order, the restrictions in such other order shall govern unless otherwise specified therein. After September 30, 1942, General Limitation Orders No. L-79 and No. L-83 shall not apply to commercial cooking and food and plate warming equipment.

(h) *Appeals.* Any appeal from the provisions of this order shall be filed on Form WPB-1477 (formerly PD-500) with the field office of the War Production Board for the district in which is located the plant or branch of the appellant to which the appeal relates.

(i) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to the War Production Board, Plumbing and Heating Division, Washington 25, D. C., Ref: L-182.

(j) *Violations.* Any person who willfully violates any provision of this order or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment or both. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing and using materials under priority control and may be deprived of priorities assistance.

INTERPRETATION 1

Paragraph (c) (1) of General Limitation Order L-182 (Commercial Cooking and Food and Plate Warming Equipment) reads as follows:

(1) Any person may make or accept physical delivery of any such equipment on a specific contract or subcontract for delivery to or for the account of the Army, the Navy, the Maritime Commission, the War Shipping Administration of the United States, or the Defense Plant Corporation;

Question has been raised as to whether purchase by the Army Pre-Flight Training Schools is within the exception stated in this subparagraph or whether such schools desiring to purchase this equipment must apply on Form WPB-1319 for authorization.

The exception referred to applies only to specific contracts or subcontracts for deliveries to or for the account of the agencies named. It does not include equipment which will be owned by the training schools and not by the Army, even though it is intended that the equipment will for the present be used solely for the benefit of the personnel assigned to the school. Such a delivery is not made on a specific contract or subcontract for delivery to or for the account of the Army within the meaning of the provision quoted above. Accordingly, any training school desiring to purchase this equipment under these circumstances must apply on Form WPB-1319 for authorization. (Issued May 8, 1943.)

PART 3288—PLUMBING AND HEATING EQUIPMENT[1]

[Limitation Order L-248 as Amended Mar. 13, 1944]

COMMERCIAL DISHWASHERS

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of iron, steel and other metals for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3288.61[1] *General Limitation Order L-248—(a) Definitions.* For the purposes of this order:

(1) "Commercial dishwasher" means any mechanical device designed for washing dishes, cutlery, glassware or kitchen utensils in establishments where food is prepared for consumption or sale on the premises. The term does not include dishwashers designed for domestic use.

(2) "Ultimate consumer" means any person who uses a commercial dishwasher for washing dishes, cutlery, glassware and kitchen utensils.

(3) "New commercial dishwasher" means any commercial dishwasher which has never been used by an ultimate consumer.

(4) "Used commercial dishwasher" means any commercial dishwasher which has been used by an ultimate consumer.

(5) "Copper base alloy" means any alloy metal in the composition of which the percentage of copper metal by weight equals or exceeds 40% of the total weight of the alloy. It shall include alloy metal produced from scrap.

(b) *Restrictions on manufacture.* No manufacturer of commercial dishwashers shall put into process in the manufacture of such dishwashers, including finished units and parts thereof, during any calendar quarter, a weight of metal in excess of six and one quarter percent (6¼%) of the weight of metal put into process in the manufacture of finished commercial dishwashers by him during the calendar year 1941 except that in addition to the quotas set forth in this paragraph any manufacturer may put any weight of metal into process in the manufacture of any such dishwashers for delivery to or for the account of the Army, the Navy, the Maritime Commission, or the War Shipping Administration of the United States.

(c) *Restrictions on delivery.* Regardless of the terms of any contract, sale, other commitment or any preference rating, no person shall make or accept physical delivery of any new or used commercial dishwashers except that:

(1) Any person may make or accept physical delivery of any such dishwasher on a specific contract or subcontract for delivery to or for the account of the Army, the Navy, the Maritime Commission, or the War Shipping Administration of the United States;

(2) Any person may make or accept physical delivery of any such dishwasher pursuant to specific authorization of the War Production Board on Form WPB-1319. Applications under this order and Order L-182 may be made on a single Form WPB-1319;

(3) Any manufacturer may make physical delivery of any such dishwasher to any dealer or distributor of such dishwashers, or to any ultimate consumer, from whom he has received a written order or contract which bears a certification substantially as follows signed by an authorized official, either manually or as provided in Priorities Regulation No. 7; and any such dealer, distributor or ultimate consumer may accept such delivery:

I certify that I have received specific authority from the War Production Board to accept delivery of the equipment listed hereon; that I have knowledge of and am in compliance with Limitation Orders L-182 and/or L-248; and, further, that authorization was received by me on the following Form(s) WPB-1319:

(List number or numbers)

Firm Name

Signature & Title of Officer

Such certification shall constitute a representation to the War Production Board, as well as to the manufacturer of the facts certified therein.

No manufacturer shall make delivery under this order who has reason to believe that the purchaser has furnished a false certification; and no person shall falsely furnish the certification specified above.

Any manufacturer may rely upon the facts furnished in the above mentioned certification and shall not be responsible for any action taken by him under this order in reliance upon inaccurate or untrue statements therein, unless he has reason to believe that such statements are inaccurate or untrue;

(4) Any ultimate consumer may make physical delivery of any such dishwasher to any manufacturer, dealer or distributor of such dishwashers; and such manufacturer, dealer, or distributor may accept such delivery;

(5) Any such dishwasher actually in transit on March 2, 1943, may be delivered to its immediate destination; and

(6) Any such dishwasher manufactured in accordance with an appeal granted prior to March 2, 1943, may be physically delivered to the person specified in the appeal, and such person may accept delivery of such dishwasher.

(d) *Delivery of repair and replacement parts.* Nothing in this order shall prevent the delivery of repair or replacement parts for commercial dishwashers.

(e) *Simplified practices.* No person shall manufacture, fabricate or assemble any commercial dishwasher designed for washing cutlery, glassware or kitchen utensils exclusively. No person shall manufacture, fabricate or assemble any other type of commercial dishwasher except in accordance with the specifica-

[1] Formerly Part 3171, § 3171.1.

tions and practices given below in this paragraph. However, this paragraph does not revoke or modify the terms of any appeal granted under this order.

(1)

Minimum capacity (dishes per hour)	Maximum content exclusive of motor, switches and wiring (pounds)		Maximum motor size (h. p.)
	Iron and steel	Copper base alloy	
1,500	700	70	¾
3,500	900	95	2
6,000	1,150	95	3

(2) Body (hood and tanks) shall be manufactured of not heavier than 14 gauge black iron or 14 gauge galvanized iron.

(3) No thermostatic controls shall be used.

(4) Spray pipes, feed pipes, and other piping shall be galvanized iron.

(5) To the extent that copper base alloy castings are permitted by this order, the alloy shall be of a type and grade in the production of which the use of refined copper or refined tin is not necessary.

(6) No metal other than iron, steel or copper base alloy shall be used, except zinc for coating or spraying, and metal necessary for assembling or installing.

(f) *Exceptions from simplified practices.* None of the restrictions in paragraph (e) shall apply to commercial dishwashers manufactured to specifications of the Army, Navy, Maritime Commission or War Shipping Administration of the United States for use on ships.

(g) *Reports.* Every manufacturer, dealer and distributor of any commercial dishwasher shall execute and file with the War Production Board on or before the tenth day of each calendar quarter a report on Form WPB–1509 (formerly PD–638), which may be obtained from the nearest field office of the War Production Board. Reports under this order and order L–182 may be made on a single Form WPB–1509 (formerly PD–638). This reporting requirement has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(h) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of all the regulations of the War Production Board, as amended from time to time.

(i) *Applicability of other orders.* Insofar as any other order issued, or to be issued hereafter, limits the production or delivery of commercial dishwashers to a greater extent than the limits imposed by this order, the restrictions in such other order shall govern unless otherwise specified therein.

(j) *Appeals.* Any appeal from the provisions of this order shall be filed on Form WPB–1477 (formerly PD–500) with the field office of the War Production Board for the district in which is located the plant or branch of the appellant to which the appeal relates.

(k) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to the War Production Board, Plumbing and Heating Division, Washington (25), D. C., Ref: L–248.

(l) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment or both. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing and using, materials under priority control and may be deprived of priorities assistance.

Issued this 13th day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

INTERPRETATION 1

Paragraph (c) (1) of General Limitation Order L–248 (Commercial Cooking and Food and Plate Warming Equipment) reads as follows:

(1) Any person may make or accept physical delivery of any such dishwasher on a specific contract or subcontract for delivery to or for the account of the Army, the Navy, the Maritime Commission, or the War Shipping Administration of the United States;

Question has been raised as to whether purchase by the Army Pre-Flight Training Schools is within the exception stated in this subparagraph or whether such schools desiring to purchase this equipment must apply on Form WPB–1319 for authorization.

The exception referred to applies only to specific contracts or subcontracts for deliveries to or for the account of the agencies named. It does not include equipment which will be owned by the training schools and not by the Army, even though it is intended that the equipment will for the present be used solely for the benefit of the personnel assigned to the school. Such a delivery is not made on a specific contract or subcontract for delivery to or for the account of the Army within the meaning of the provision quoted above. Accordingly, any training school desiring to purchase this equipment under these circumstances must apply on Form WPB–1319 for authorization. (Issued April 24, 1943.)

PART 3292—AUTOMOTIVE VEHICLES, PARTS AND EQUIPMENT[1]

[Conservation Order M–216–b, as Amended Mar. 6, 1943, Amdt. 1]

CONSERVATION OF NEW AUTOMOTIVE VEHICLES SUBJECT TO RATIONING BY FEDERAL AGENCIES

Section 3292.106, *Conservation Order M–216–b*, is hereby amended in the following particulars:

[1] Formerly Part 3092, § 3062.9.

1. Paragraph (b) entitled *Definitions*, subparagraph (1), is amended to read as follows:

(1) "Reserve vehicle" means any of the following described vehicles which have not been sold and delivered to a consumer under the rationing procedures of the War Production Board or the Office of Price Administration, and which are in the possession of or under the control of producers, distributors, dealers, sales agencies, finance agencies or other persons, throughout the continental United States, the territories, and insular possessions of the United States.

2. Paragraph (d) entitled, *Restrictions on removing equipment from reserve new commercial motor vehicles* is amended to read as follows:

(d) *Removal of equipment from reserve new commercial motor vehicles prohibited except upon authorization from the War Production Board.* (1) Except upon specific authorization from the War Production Board: (i) No person shall remove from any reserve new commercial motor vehicle any standard equipment, or remove or exchange any other part or accessory, the removal or exchange of which will impair the operating efficiency (pulling ability, carrying ability, or safety), of the vehicle. (ii) After April 15, 1944, no person shall remove equipment from, add equipment to, lengthen or shorten the chassis of a reserve new commercial motor vehicle, of a gross vehicle weight rating of 9,000 pounds or over, but of less than 16,000 pounds (medium truck or truck tractor) for the purpose of converting it into a bus; or make any such changes in a bus chassis to convert it into a truck.

(2) *Authorization to remove or exchange equipment.* Requests for authorization under this paragraph (d) may be made by submitting a letter in triplicate to the Automotive Division, War Production Board, Washington 25, D. C., stating the make, model, gross vehicle weight, serial number and engine number of each vehicle for which the authorization is requested and describing in detail the alterations for which the request is made and the reasons for them. Such authorizations will only be issued when the type of vehicle required as shown on an outstanding Certificate of Transfer (Form WPB 717) or Governmen Exemption Permit (Form WPB 718) cannot be obtained from inventory, or production, for a specific delivery date.

3. Paragraph (h) entitled *Appeals* is amended to read as follows:

(h) *Appeals.* An appeal from the provisions of this order shall be made by filing a letter in triplicate with the Field Office of the War Production Board nearest the appellant's place of business, referring to the particular provisions appealed from and stating fully the grounds for appeal.

Issued this 13th day of March 1944.

Chapter XI—Office of Price Administration

PART 1372—SEASONAL COMMODITIES

[MPR 298,[1] Amdt. 5]

ROTENONE

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 298 is amended in the following respects:

1. Section 1372.169 is amended to read as follows:

§ 1372.169 *Appendix C: Manufacturer's maximum prices for dry, finished rotenone insecticides not made from dust bases.* The maximum price shall be (i) the lower of the prices established under alternatives 1 and 2 below or (ii) the price specified under alternative 3 below whichever is higher.

1. The highest price charged to a purchaser of the same class in March, 1942, or

2. A price computed by adding items (a), (b), (c) and (d), below:

(a) The price most frequently charged to a purchaser of the same class in June, 1941, or on the latest date prior to June, 1941, on which the product was sold.

(b) The increase in the cost of pure rotenone guaranteed in the product, between the first half of 1941 and December 31, 1942, calculated according to the following provisions:

(i) Manufacturers who do not process root:

The increase in the cost of rotenone shall be calculated by determining the average delivered cost of rotenone purchased in the period January–June, 1941, inclusive (or, if no such purchase was made in such period, the delivered cost of rotenone purchased on the latest date prior to January 1, 1941), and by subtracting such delivered cost from the maximum delivered cost of rotenone contained in the same type and quality of rotenone-bearing material on December 31, 1942; but such increase in cost of pure rotenone shall not exceed $3.40 per pound of pure rotenone contained in the finished product.

(ii) Manufacturers who process imported root:

The increase in the cost of rotenone shall be calculated by multiplying the pounds of pure rotenone guaranteed in the finished product by $3.10.

(c) The difference between the delivered cost of packages and raw materials other than rotenone on the latest dates prior to July 1, 1941, on which purchases of such commodities were made, and the maximum delivered cost of the same items on December 31, 1942.

(d) Forty cents per hundred pounds, or $0.004 per pound, of the finished product.

3. (a) For finished rotenone insecticides in which rotenone is the only active insecticidal ingredient, for sales to wholesalers or dealers whose places of business are located within the territories specified, basis delivered to the dealer's place of business or nearest rail station in containers of ten pounds or more capacity, subject to customary wholesalers' discounts, prices as follows:

(i) In the states of Arizona, California, and Nevada and in that part of the states of Oregon and Washington lying west of the Cascade Mountains:

Guaranteed rotenone content (percent):	Price per pound
0.5	$0.08
.75	.1025
1.0	.125

(ii) In the states of Colorado, Idaho, Montana, New Mexico, Utah, and that part of the states of Oregon and Washington lying east of the Cascade Mountains:

Guaranteed rotenone content (percent):	Price per pound
0.5	$0.0825
.75	.105
1.0	.1275

(b) If the insecticide contains active insecticidal ingredients in addition to rotenone, the prices in (a) above may be increased by the amount of the delivered cost to the manufacturer of such additional active ingredients guaranteed in the finished insecticide. If the manufacturer of the finished rotenone insecticide is also the manufacturer of the additional active ingredients he may use his maximum price for a sale to another insecticide manufacturer as his own delivered cost of such additional ingredients.

2. Section 1372.173 (b) is amended to read as follows:

(b) If the maximum price which may be charged by the manufacturer from whom the wholesaler buys the commodity is reduced by this regulation or is raised by amendment of or by subsequent order issued under this regulation, the wholesaler's maximum selling price shall be reduced or increased, as the case may be, by a like amount in dollars and cents.

This amendment shall become effective March 16, 1944.

PUERTO RICO; MISCELLANEOUS AMENDMENTS

Correction

In F. R. Doc. 44–2354, appearing at page 1942 of the issue for Saturday, February 19, 1944, the price quoted in paragraph 8 for sales at retail of bulk hydrogenated shortening should read $0.26.

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[RO 16,[1] Amdt. 113]

MEAT, FATS, FISH AND CHEESES

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Ration Order 16 is amended in the following respects:

1. The third sentence of section 13.1 (c) is deleted and the following is substituted therefor:

However, he must show the point value of his sales or "transfers" from that establishment during his first full week of operations. (In the case of a wholesaler, those sales or transfers must be shown according to the classes of foods covered by this order, set forth in a supplement to this order.) A retailer's allowable inventory is computed by multiplying the point value of those sales or transfers by three. A wholesaler's allowable inventory is computed by multiplying the point value of those sales or transfers of each class of foods by the factor fixed for that class in § 1407.3027 (f) of Revised Supplement 1 to this order. The numbers which result are added, and the total is his allowable inventory.

2. Section 15.4 is amended to read as follows:

SEC. 15.4 *Wholesalers may apply for allowable inventory adjustments—(a) How to apply.* A wholesaler who finds that his allowable inventory is inadequate (other than because of seasonal variations) may apply for an increase. He must apply on OPA Form R–315 to the board with which he is registered. The application must give the following information:

(1) The amount of his allowable inventory;

(2) The net point gain or loss in his point inventory caused by the addition of items to or removal of items from the foods covered by this order;

(3) The sum of items (1) and (2), or the difference if item (2) represents a point loss;

(4) The reasons why he claims his allowable inventory is inadequate; and

(5) The amount of the increase which he needs.

(b) *Temporary increase based on application.* The board may not act upon the application but must send it, and any other information received, to the district office for action. The board may attach its recommendation as to the amount of the temporary increase to be granted. The district office may grant the wholesaler a temporary increase for the amount which it finds he needs to get adequate stocks for the next six calendar weeks. After determining the amount of the temporary increase to be granted, the district office shall return the file to the board. If the wholesaler

[1] 8 F.R. 13128, 13394, 13980, 14399, 14623, 14764, 14845, 15253, 15454, 15524, 16606, 16161, 16260, 16263, 16424, 16527, 16006, 16695.

does not have any excess inventory, the board shall issue to him a certificate for the amount of the increase granted. If he has an excess inventory which is less than the increase, the board shall cancel the excess inventory and issue a certificate for the difference. If his excess inventory is equal to or greater than the increase, the board shall reduce the excess inventory by the amount of the increase.

(c) *Final action.* A wholesaler who is given a temporary increase under paragraph (b) must keep a record of the point value of his sales and transfers of each of the classes of foods set forth in paragraph (d) (other than exchanges, and transfers to another of his wholesale establishments) during the six calendar weeks after he received the increase. Within one week after the end of this period he must report the point value of his transfers during this period to the board. The board shall multiply the point value of his sales and transfers of each class by the factor fixed for that class, as set forth in paragraph (d). If the sum of the products thus computed is more than the figure stated in item (3) in paragraph (a), the difference (or the amount requested by the wholesaler, whichever is less) is to be granted as a permanent increase in the wholesaler's allowable inventory. If the amount of the increase is more than the sum of any certificate issued and excess inventory cancelled under paragraph (b), the board shall issue a certificate for the difference. If the amount of the increase is less than that sum, the difference is excess inventory, and the wholesaler must give up points to the Office of Price Administration in the way required by section 5.6 (e).

(d) *Classes of foods and factors.* The classes of foods and the factors for each class, referred to in paragraph (c), are as follows:

(1) Shortening, lard, cooking and salad oils, canned meat, canned fish and canned milk	1.0
(2) Meat (other than canned meat)	0.3
(3) Butter, cheese and margarine	0.8

This amendment shall become effective March 16, 1944.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 1305—ADMINISTRATION

[Gen. RO 5,[1] Amdt. 51]

FOOD RATIONING FOR INSTITUTIONAL USERS

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

General Ration Order No. 5 is amended in the following respects:

1. The title of Article XXIII is amended to read as follows: *"Article XXIII—Post exchanges, ships' service departments ashore, and certain military and naval clubs."*

2. Section 23.1 is amended to read as follows:

SEC. 23.1 *How post exchanges, ships' service departments ashore, and certain military and naval clubs obtain rationed foods for institutional use.* (a) Army, Navy, Marine Corps, and Coast Guard post exchanges and ships' service departments ashore, which make an institutional use of rationed foods, are not required to register with a board under this order. An Army, Navy, Marine Corps, or Coast Guard service club, enlisted men's club, non-commissioned officers' club or officers' club, which makes an institutional use of rationed foods, is also not required to register with a board under this order if:

(1) It is located on a military or naval post, station or installation; and

(2) It is established pursuant to regulations of the Army, Navy, Marine Corps or Coast Guard; and

(3) It is operated by Army, Navy, Marine Corps or Coast Guard personnel or their civilian employees.

(b) Allotments of rationed foods for use in establishments described in this section will be given to the Army, Navy, Marine Corps or Coast Guard or any of their appropriate branches on application therefor in accordance with arrangements made with the Washington office of the Office of Price Administration. The Washington office will issue one certificate for each rationed food on each such application. The amount for which the certificate is issued may be distributed through the use of ration checks to those various establishments.

(c) Ration bank accounts may be opened for the establishments described in this section, in the manner and with the effect described in General Ration Order 3A.

(d) An establishment described in this section which receives allotments of rationed foods from the Army, Navy, Marine Corps or Coast Guard shall, if it has registered under this order, forthwith notify the Board of that fact, and the Board shall thereupon cancel its registration. The establishment shall not receive any further allotments from the Board. An establishment which has already received allotments from the Board for any allotment period may not accept any ration check for that period from the Army, Navy, Marine Corps, or Coast Guard unless it surrenders to the Board certificates or ration checks representing the allotments granted by the Board, reduced by an amount corresponding to the number of persons served meals during that part of the allotment period which has elapsed when the ration check is received, as compared to the number of persons served meals upon which the allotments for the full period were computed.

This amendment shall become effective March 17, 1944.

[RO 1A,[1] Amdt. 71]

TIRES, TUBES, RECAPPING AND CAMELBACK

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Ration Order No. 1A is amended in the following respects:

1. Section 1315.505 (b) (1) is amended by inserting a comma after the tire size "7.50–20" and immediately thereafter, the phrase "for an obsolete size Grade I tire when it is to replace another tire of an obsolete size as listed in § 1315.503 (b) (2)".

2. Section 1315.506 (a) (1) (ii) is amended by adding the words "front wheel" immediately before the phrase "farm tractor".

3. Section 1315.515 (b) is amended by inserting the phrase "an obsolete size Grade I tire when it is to replace another tire of an obsolete size as listed in § 1315.503 (b) (2)," before the phrase "a Grade III tire".

4. Section 1315.804 (c) (6) is amended by adding the phrase "or dealer" immediately after the word "manufacturer".

5. Section 1315.804 (c) (9) (i) is amended by deleting the word "sales" wherever it appears therein and inserting in lieu thereof the word "transfers".

6. The headnote of § 1315.805 is amended to read as follows: "§ 1315.805 *Acquisition required by law or for salvage.*"

7. The text of § 1315.805 (a) is amended to read as follows:

(a) *Persons who may acquire.* Tires or new tubes may be acquired, without certificate, in the following cases:

8. Section 1315.805 (c) is amended to read as follows:

(c) A person acquiring full title to tires or tubes under this Section shall, within thirty days, apply for an authorization to transfer such tires or tubes under §1315.804 (e) or § 1315.804 (k) and shall, within ten days after receiving the authorization, transfer the tires or tubes to the authorized transferee. The provisions of this paragraph shall not apply to a dealer, manufacturer, government or government agency or subdivision.

9. Section 1315.806 (a) (1) is amended by adding the following sentence at the end thereof:

These corporations or their representatives may not acquire tires or tubes for their use under this subparagraph.

This amendment shall become effective March 17, 1944.

PART 1394—RATIONING OF FUEL AND FUEL PRODUCTS

[RO 5C,[2] Amdt. 111]

MILEAGE RATIONING: GASOLINE REGULATIONS

A rationale accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Ration Order 5C is amended in the following respects:

1. Section 1394.7904 (e) is amended to read as follows:

(e) Any consumer who holds valid Class R coupons, issued to him as a non-highway ration, and who desires to acquire gasoline for non-highway purposes at facilities where Class R coupons may not be accepted, may present such coupons to the issuing Board, or for good cause shown, to any Board for exchange. If the Board finds that such consumer requires non-highway ration evidences to be used for purchases of gasoline which he will make at facilities where the acceptance of Class R coupons is prohibited by the terms of § 1394.8153 (b) (4), it shall issue to the applicant in exchange Class E coupons in the quantity required for such purchases and equal in gallonage value to the gallonage value of Class R coupons surrendered.

2. Section 1394.8153 (b) (4) is amended to read as follows:

(4) On and after April 1, 1944, no transfer of gasoline in exchange for Class R coupons may be made by any dealer or by any licensed distributor from his retail facility unless:

(i) The transferor transports such gasoline from such facility to some place of delivery selected by the transferee by means of delivery facilities such as a tank truck, tank wagon or portable drums which he maintains and regularly uses for the purpose of transporting gasoline in quantities of twenty-five gallons or more, from such facility to places of delivery selected by the transferees,

(ii) The transfers are made directly into fuel tanks of motorboats at such facility, or

(iii) If the transferor has been authorized in writing by the District Director pursuant to subdivision (*a*) of this subdivision to make bulk transfers of gasoline at such facility in exchange for Class R coupons.

(*a*) The dealer or licensed distributor operating such a retail facility may make application to the local Board having jurisdiction over the area in which such facility is located for authorization by the District Director to make transfers of gasoline in exchange for Class R coupons at such facility. The application shall show what portion of the entire business of such facility is represented by bulk transfers. The Board will transmit such application with its recommendation to the District Director. If the District Director is satisfied that more than 50% of the gasoline regularly sold at such facility is delivered by bulk transfers, he shall authorize the applicant in writing to make bulk transfers in exchange for Class R coupons at such facility. The applicant shall keep the authorization issued by the District Director at such facility so long as transfers are made pursuant to such authorization.

3. Section 1394.8215 (g) is added to read as follows:

(g) (1) Before making any transfer of gasoline on or after April 1, 1944, each dealer who has in his possession or control Class R coupons and who is prohibited from making transfers of gasoline in exchange for Class R coupons at his retail facility under the provisions of § 1394.8153 (b) (4) shall attach such coupons to separate gummed sheets (Form OPA R–120). He shall summarize such coupons on a summary form (Form OPA R–541) on which no other coupons are listed. On or before April 10, 1944, each such dealer shall surrender such coupons and summaries either to a distributor in exchange for a transfer of gasoline, or to the Board having jurisdiction over the area in which his place of business is located, in exchange for inventory coupons equal in gallonage value to the coupons so surrendered.

(2) Each licensed distributor shall, on or before April 10, 1944, deposit in his ration bank account all Class R coupons which are in his possession or control on April 1, 1944, at or for any retail facility at which he is prohibited from making transfers of gasoline in exchange for Class R coupons under the provisions of § 1394.8153 (b) (4).

This amendment shall become effective March 13, 1944.

NOTE: The reporting and record keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[Rev. RO 13,[1] Amdt. 16]

PROCESSED FOODS

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Revised Ration Order 13 is amended in the following respects:

1. Section 9.2 (b) is amended by deleting the fifth sentence and substituting therefor the following:

If the application is granted, the processed foods must be sold or transferred for points in the same way that a retailer is permitted to sell or transfer processed foods. However, an industrial user who has been charged with excess inventory pursuant to section 6.6 (f) because he produced processed foods before October 5, 1943 for his own industrial use, and who is also registered as a processor, may transfer to his processor establishment processed foods which he produced before October 5, 1943 and which are still included in his industrial user inventory, at the point value at which those foods were charged against him as industrial user excess inventory, instead of at their current point value. Within five days after the sale or transfer, the transferor must give up to the board all points which he received for the processed foods sold or transferred.

2. Section 9.5 (b) is amended by inserting before the period at the end

PART 43—REPORTS (RULES GOVERNING THE FILING OF INFORMATION, CONTRACTS, PERIODIC REPORTS ETC.)

CONTRACTS AND CONCESSIONS

The Commission on March 7, 1944, effective immediately, deleted § 43.51 *Contracts relating to traffic*, and adopted the following new section in its place:

§ 43.51 *Contracts and concessions.* (a) Each carrier subject to the Act, unless it has already done so, shall, on or before April 7, 1944, file with the Commission, in duplicate, verified under oath (or affirmed according to law), complete copies of every contract, agreement, concession, license, authorization, and other arrangement to which such carrier or any person[1] directly or indirectly controlled by such carrier is a party or beneficiary, affecting communications by wire or radio and relating to the following:

(1) The exchange of services between such carrier and any common carrier not subject to the Act;

(2) The establishment or operation of land lines or cable or radio circuits or the interchange of communications traffic by such carrier or person with any other person between points in the United States, between points in the United States and points outside thereof, and between points outside the United States, or relating to the routing of traffic, rates, division of tolls, and settlement of traffic balances for and in connection with traffic handled over such lines or circuits or interchanged with any person;

(3) Rights granted to such carrier or person by any foreign government for the landing, connection, installation, or operation of cables or land lines, the construction or operation of radio stations, the opening and operation of offices, or engaging in wire or radio communications operations or functions of any kind.

(b) All persons directly or indirectly controlling any carrier subject to the Act shall, on or before April 7, 1944, file with the Commission, in duplicate, verified under oath (or affirmed according to law) complete copies of every contract, agreement, concession, license, authorization, and other arrangement to which such person or any other person[1] directly or indirectly controlled by it is a party or beneficiary, affecting communications by wire or radio and relating to the matters set forth in subparagraphs (2) and (3) of paragraph (a) of this section; *Provided, however,* That paragraph (b) of this section shall not apply to contracts, agreements, and arrangements relating solely to intrastate communications traffic within the United States. Compliance with this paragraph may be effected, on behalf of the persons required to make the filing, by carriers affiliated with such persons.

(c) Any new contract, agreement, concession, license, authorization, or other arrangement of the nature described in paragraphs (a) and (b) and any modification, amendment, or cancellation of the same or of any of the instruments described in paragraphs (a) and (b) shall be filed within 30 days after execution.

(d) If any contract, agreement, concession, license, authorization, or other arrangement, or any modification, amendment, or cancellation of the same required to be filed under this section be made other than in writing, duplicate written verified statements of the complete terms thereof shall be filed on or before April 7, 1944, or within 30 days after the making thereof.

(e) Upon the filing of any contract, agreement, concession, license, authorization, or other arrangement by one of two or more persons required hereunder to make such filing, the filing in duplicate of a statement in writing, duly sworn to (or affirmed according to law), by the other person or persons required to make such filing, identifying such document and adopting the filing thereof, shall be regarded as compliance with the requirements of this section by such other person or persons.

The Commission also deleted § 43.52 *Exclusive contracts*, and the last two paragraphs of § 43.53 *Foreign telegraph communication.*

(Sec. 4 (i), 48 Stat. 1066; 47 U.S.C. 154 (i)—sec. 211 (b), 48 Stat. 1073; 47 U.S.C. 211 (b))

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter II—Office of Defense Transportation

[Gen. Order ODT 3, Rev., Amdt. 5]

PART 501—CONSERVATION OF MOTOR EQUIPMENT

COMMON CARRIERS OF PROPERTY

Pursuant to Executive Orders 8989, as amended, and 9156, subparagraphs (1) and (2) of paragraph (a) of § 501.6 and paragraph (b) of § 501.10 of General Order ODT 3, Revised, as amended (7 F.R. 5445, 6689, 7694; 8 F.R. 4660, 14582; 9 F.R. 947), are hereby amended to read as follows:

§ 501.6 *Loading and operating requirements.* (a) No common carrier shall operate any motor truck in over-the-road service unless it is loaded to capacity, except as follows:

(1) Prior to the departure of an empty or partially loaded truck from any point, the carrier shall endeavor in good faith to obtain sufficient freight for loading the truck to capacity at such point, or to lease the truck, if empty, to another common carrier or to a contract carrier, consistent with any prior commitments involving the use of the truck, in the following manner:

(i) If the point of departure is not at or near a district office of the Division of Motor Transport, the carrier shall make appropriate inquiry of shippers, contract carriers, and common carriers, at their offices or terminals at such point, and shall lease the truck to another common carrier or to a contract carrier or utilize it to its load capacity, for the transportation of freight found by such inquiry to be available for transportation to or toward the destination point of the truck; or,

(ii) If the point of departure is at or near a district office of the Division of Motor Transport, the carrier shall register the truck with such district office, and shall lease the truck, or utilize it to its load capacity, for the transportation of freight registered with the district office for transportation to, toward, or beyond the destination point of the truck. The truck shall not leave such point of departure with less than a capacity load unless there is in force with respect thereto clearance authority issued by the Office of Defense Transportation in accordance with the provisions of Administrative Order ODT 10 (this issue). For the purpose of subdivisions (i) and (ii) of this subparagraph (1) a point shall be deemed to be at or near a district office when the point is within a municipality or urban community in which a district office is located, or within 25 air miles from the boundary thereof, or within any municipality or urban community contiguous thereto.

(iii) In leasing the truck, the lessee shall utilize the services of the driver regularly employed by the lessor in connection with its operation. The services of the driver, or any helper, shall be utilized without transfer of either to the lessee's payroll and, in so utilizing the truck, the lessee shall assume direction

and control thereof, and full responsibility to the public, shippers, and consignees for its operation, and shall display prominently on both sides of the vehicle the lessee's name and address, preceded by the words "operated by," and the number of any operating certificate or permit held by the lessee.

(2) In order to facilitate the loading or leasing of trucks through district offices, any common carrier who anticipates that, within 60 days thereafter, his truck will leave any point empty or partially loaded 5 or more times, shall promptly give written notice thereof to the district office nearest to such point.

* * * * *

§ 501.10 *Interchange of traffic; holding shipments; billing and rates applicable.* * * *

(b) (1) Whenever freight offered to a common carrier by a shipper at a point which is at or near a district office of the Division of Motor Transport for transportation in over-the-road service to a given city, town, or other single point of destination, aggregates or exceeds 10,000 pounds or 500 cubic feet, and whenever freight offered to a common carrier by a shipper at a point which is not at or near such a district office for transportation in over-the-road service to a given city, town, or other single point of destination aggregates or exceeds 20,000 pounds or 1,000 cubic feet, the carrier shall make collection thereof within 24 hours (exclusive of Sunday or legal holiday) after such freight is available for loading; or, if the carrier is unable to collect such freight within the time specified herein, the carrier or his agent shall promptly register the freight in accordance with the provisions of Administrative Order ODT 10 (this issue) with the district office nearest the point at which the freight is available.

(2) No common carrier shall hold, carry over, store, or warehouse any freight at any one station for longer than 36 hours, except when there is no other common carrier by rail, motor, water, or otherwise, capable of transporting the freight consistent with the provisions of this subpart. Whenever any common carrier is unable to transport, divert, or otherwise arrange for the movement of freight within the time specified herein, the carrier or his agent shall promptly register the freight in accordance with the provisions of Administrative Order ODT 10 with the district office nearest the point at which the freight is available.

(3) The provisions of the foregoing subparagraphs (1) and (2) of this paragraph (b) shall not be applicable to any common carrier who regularly operates a semiweekly or weekly service: *Provided*, That such common carrier may register freight in accordance with the provisions of Administrative Order ODT 10 (this issue) with the district office nearest the point at which the freight is available.

This Amendment 5 to General Order ODT 3, Revised, shall become effective on March 27, 1944.

[General Order ODT 6A, Amdt. 3]

PART 501—CONSERVATION OF MOTOR EQUIPMENT

LOCAL CARRIERS OF PROPERTY COLLECTION AND DELIVERY; LOCAL CARTAGE SERVICE

Pursuant to Executive Orders 8989, as amended, and 9156, § 501.25 of General Order ODT 6A, as amended (8 F.R. 8757, 14582), is hereby amended to read as follows:

§ 501.25 *Submission of plans for joint action.* (a) Any two or more local carriers, in order to accomplish any of the purposes of this order, may formulate and submit to the Office of Defense Transportation for consideration, a plan or plans for joint action designed to accomplish such purposes by one or more of the methods described below:

(1) Alternate, stagger, or coordinate schedules or services between two or more points or within any area;

(2) Suspend schedules or service between two or more points or within any area, provided one or more of the participating carriers provides service between those points or within that area;

(3) Reciprocally exchange shipments of property for transportation between two or more points or within any area;

(4) Pool traffic, revenues, or both, between two or more points or within any area;

(5) Jointly load for transportation or operate a motor truck or trucks between two or more points or within any area;

(6) Divert traffic or establish arrangements with other carriers for the interchange of equipment;

(7) Operate joint terminals;

(8) Appoint one of their own number or any other person or carrier to act as its or their individual, common or joint agent, to concentrate, receive, load, forward, unload, distribute, and deliver property; receive, account for and distribute gross or net revenues therefrom;

(9) Pool or interchange manpower when by so doing the collection or delivery of property is facilitated;

(10) Jointly establish or operate a dispatching office or offices, the function of which shall be to obtain and receive information as to the availability of equipment and traffic and to route traffic and dispatch equipment when so doing will accomplish any of the purposes of General Order ODT 6A, as amended;

(11) Adopt operating rules or practices by which:

(i) A time will be established earlier than 3:00 p. m. during any calendar day after which no collection or delivery, the order for which is received after that time, will be made during such day;

(ii) A time will be established during any calendar day before or after which, during such day, property will not be accepted, collected or delivered;

(iii) The collection or delivery of property, which is once afforded and refused after advance notice, will be restricted;

(iv) Before attempting collection or delivery, definite arrangements will be made to assure the prompt completion thereof upon arrival of a motor truck for that purpose;

(v) Limitations on the frequency of collections or deliveries will be established;

(vi) Limitations will be established in respect of the marking, tagging, packing or unpacking, consolidation, separation, stacking or checking by the carriers of property which is the subject of collection or delivery;

(vii) Zones will be established for the purpose of utilizing any one or more of such operating rules or practices: *Provided, however*, That each such rule or practice adopted shall be administered fairly and without discrimination.

Provided, That General Order ODT 6A, as amended, shall not be construed to authorize any local carrier or carriers to utilize any of the methods described above unless directed so to do by the Office of Defense Transportation or unless pursuant to a contract, agreement or combination approved by the Interstate Commerce Commission or other authorized regulatory body.

(b) Any person having property for collection or delivery is requested and authorized to participate with local carriers in the formulation and submission of plans for joint action which are designed to accomplish the purposes of this order by one or more of the methods described in paragraph (a) of this § 501.25.

(c) Whenever two or more local carriers are directed in writing so to do by the Director, Division of Motor Transport, Office of Defense Transportation, such carriers shall meet, or cause their representatives to meet, for the purpose of formulating a plan or plans for joint action designed to accomplish any of the purposes of this order by one or more of the methods described in paragraph (a) of this § 501.25; and, when so directed, those carriers, within such time as may be fixed by that Director, shall submit to the Office of Defense Transportation any plan for joint action so formulated, or a statement setting forth the reasons why no plan for joint action has been formulated and submitted by them.

(d) Each plan for joint action submitted in accordance with the provisions of this § 501.25 shall be in writing, signed by each participant, and should state: (1) the full legal name, address and operating authority, if any, of each participant; (2) the territory or routes involved; (3) the specific method or methods of joint action to be used; (4) the practical application of these methods to the particular operations of the participants; (5) an estimate and explanation of the conservation to be accomplished; (6) the effect, if any, of the proposed joint action on the maintenance of adequate transportation service; and (7) the name and address of a person to whom communications in respect of the plan may be sent.

(e) The provisions of any order of the Office of Defense Transportation, heretofore issued and in effect or hereafter issued, directing the effectuation of a plan for joint action submitted pursuant to this § 501.25 shall be binding upon any successor in interest to any carrier named in the order. Upon a transfer of any operation involved in any such order, the successor in interest and the other carriers named in the order forthwith shall notify, in writing, the Office of Defense Transportation of the transfer, and, unless and until otherwise ordered, the successor in interest shall perform the functions of its predecessor in accordance with the provisions of the order.

This Amendment 2 to General Order ODT 6A shall become effective on March 13, 1944.

NOTE: The recording and reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 501—CONSERVATION OF MOTOR EQUIPMENT

MOTOR CARRIERS OF PROPERTY

Pursuant to Executive Orders 8989, as amended, and 9156, paragraph (a) of § 501.69 of General Order ODT 17, as amended (7 F.R. 5678, 7694, 9623; 8 F.R. 8278, 12750, 14582), is hereby amended by adding a new subparagraph designated (2a); subparagraph (5) of paragraph (a) of said § 501.69 is hereby revoked and subparagraphs (1) and (2) of paragraph (a) of said § 501.69 are hereby amended to read as follows:

§ 501.69 *Loading and operating requirements.* (a) No motor carrier shall operate any motor truck in over-the-road service unless it is loaded to capacity, except as follows:

(1) A motor truck may be operated empty or partially laden on a portion of any route, if the truck is loaded to capacity while operated over a considerable portion of the outbound or inbound route travelled in over-the-road service, and if the carrier complies with the requirements of subparagraph (2) next following.

(2) Prior to the departure of an empty truck from any point, the carrier shall endeavor in good faith to lease the truck to another carrier or to a motor common carrier, consistent with any prior commitments involving the use of the truck, in the following manner:

(i) If the point of departure is not at or near a district office of the Division of Motor Transport, the carrier shall make appropriate inquiry of other carriers and motor common carriers, at their offices or terminals at such point, and shall lease the truck to any such carrier who will utilize it to transport freight to or toward the destination point of the truck;

(ii) If the point of departure is at or near a district office of the Division of Motor Transport, the carrier shall register the truck with such district office, and shall lease the truck to any carrier or motor common carrier for the transportation of freight registered with the district office for transportation to, toward, or beyond the destination point of the truck. The truck shall not leave such point of departure empty unless there is in force with respect thereto clearance authority issued by the Office of Defense Transportation in accordance with the provisions of Administrative Order ODT 10. For the purpose of subdivisions (i) and (ii) of this subparagraph (2) a point shall be deemed to be at or near a district office when the point is within a municipality or urban community in which a district office is located, or within 25 air miles from the boundary thereof, or within any municipality or urban community contiguous thereto.

(iii) In leasing the truck, the lessee shall utilize the services of the driver regularly employed by the lessor in connection with its operation. The services of such driver, or any helper, shall be utilized without transfer of either to the lessee's payroll and, in so utilizing the truck, the lessee shall assume direction and control thereof, and full responsibility to the public, shippers, and consignees for its operation, and shall display prominently on both sides of the vehicle the lessee's name and address, preceded by the words "Operated by," and the number of any operating certificate or permit held by the lessee; and if the lessee is a private carrier, the truck shall be so utilized for the transportation of property only to a point to which, or in an area within which, the lessee ordinarily operates motor trucks, and only when, except for such utilization, the lessee would have used his own truck for that transportation.

(iv) In order to facilitat the leasing of trucks through district offices, any motor carrier who anticipates that, within 60 days thereafter, his truck will leave any point empty 5 or more times, shall promptly give written notice thereof to the district office nearest to such point.

(2a) The exceptions and provisions contained in subparagraphs (1) and (2) of this paragraph (a) of § 501.69 shall not be applicable to any person who is engaged in the business of furnishing, under lease or other arrangement, a motor truck or motor trucks together with a driver or drivers to others for operation by the lessee in common, contract, or private carrier over-the-road service, but such motor truck or motor trucks, when not being utilized by a common, contract, or private carrier, shall not be operated in over-the-road service. The operation of any such truck or trucks, while under lease or other arrangement, by a common, contract, or private carrier shall be deemed to be the operation of the lessee and, as such, subject to all orders of the Office of Defense Transportation pertaining to the operations of the lessee.

Subparagraph (5) of paragraph (a) of § 501.69 shall be revoked, and this Amendment 7 to General Order ODT 17 shall become effective, on March 27, 1944.

[Administrative Order ODT 10]

PART 503—ADMINISTRATION

REGISTRATION OF FREIGHT AND EMPTY AND PARTIALLY LOADED VEHICLES

General outline. Under circumstances specified in General Order ODT 3, Revised, as amended, common carriers are required to register with a district office empty or partially loaded trucks, and freight which cannot be moved within a limited time. Under circumstances specified in General Order ODT 17, as amended, private and contract carriers are required to register empty trucks with a district office. Copies of the relevant provisions of those general orders are attached to this order for ready reference.

This administrative order prescribes procedure for such registration, and specifies the information to be submitted. It also permits contract carriers to register freight.

To the extent necessary to avoid operation of empty or partially loaded trucks in over-the-road service, the district manager is authorized to direct that a registered truck shall be used for a specific movement of freight, or that an empty truck shall be leased to a carrier for the transportation of freight, or, if such arrangements are not feasible, to issue clearance authority, permitting departure of the empty or partially loaded truck from the point of registration.

This authority, for single or repeated departures, will be issued under circumstances specified in the order.

A common carrier registering an empty or partially loaded truck may be required to accept and transport registered freight, or, if the registered truck is empty, may be required to lease it to a contract carrier or to another common carrier.

Private and contract carriers are not required to register, or to obtain clearance authority for, partially loaded trucks. Such carriers must register empty trucks only, and may be required to lease such trucks to other carriers.

The district manager is authorized to direct, without discrimination, preference, or partiality, that registered freight be transported by a specified common carrier or that the carrier registering the freight shall lease an empty registered truck and use it for transportation of the registered freight.

Whenever, for the purpose of complying with orders of the Office of Defense Transportation, the truck is leased together with the services of the driver or helper regularly employed thereon, without transfer of either to the lessee's payroll, a prescribed standard form of lease must be used, and the terms and conditions under which the truck is leased will be governed by the provisions of the prescribed standard form. The carriers may agree on the amount of compensation to be paid for such leasing. Except as otherwise agreed, the compensation shall be computed in accordance with schedules prescribed by the Office of Defense Transportation. If either carrier believes that the compensation computed in accordance with the prescribed schedules is inequitable, both carriers nevertheless shall promptly comply with the district manager's direction, but either carrier may apply to any duly authorized tribunal for the determination of compensation or may appeal to the Office of Defense Transportation for such determination. Pending such determination, provisional settlement, on the basis of the prescribed schedule, is required.

This general outline shall not be construed to alter the meaning of any provision of this order.

The text of Administrative Order ODT 10 follows:

Pursuant to the Act of May 31, 1941, as amended by the Second War Powers Act, 1942, Executive Orders 8989, as amended, 9156, 9214, and 9294, and War Production Board Directive 21, and in order to regulate registration of empty and partially loaded trucks and of freight available for transportation, pursuant to the provisions of General Order ODT 3, Revised, as amended, and General Order ODT 17, as amended, and in order to reduce operation of empty or partially loaded trucks in over-the-road service, it is hereby ordered, that:

AUTHORITY: §§ 503.270 through 503.283, issued under Act of May 31, 1941, as amended by Second War Powers Act, 1942, 56 Stat. L. 176, 50 U. S. Code §§ 631 through 645a; E.O. 8989, as amended, 6 F.R. 6725 and 8 F.R. 14183; E.O. 9156, 9214, 9294, 7 F.R. 3349, 9097, 8 F.R. 221; War Production Board Directive 21, 8 F.R. 5834; Gen. Ord. ODT 3, Rev., as amended, 7 F.R. 5445, 6689, 7694, 8 F.R. 4690, 14582, 9 F.R. 947, and this issue; Gen. Ord. ODT 17, as amended, 7 F.R. 5678, 7694, 9623, 8 F.R. 8278, 12750, 14582, and this issue.

§ 503.270 *Registration of truck; information required.* Every carrier, in registering an empty or partially loaded truck in compliance with General Order ODT 3, Revised, as amended, or General Order ODT 17, as amended, shall submit to the district office by telephone, telegraph, or in person, the following information:

(a) The place at which the person submitting the information may be reached;

(b) The name and address of the owner, lessee, or operator of the truck;

(c) The kind of carrier operating the truck, specifying whether common, contract, or private;

(d) The type of equipment, type of body, and the payload capacity thereof by weight and volume;

(e) The weight or volume and the nature of freight and dunnage, if any, loaded on the truck;

(f) The point and time at which the truck will be available for loading;

(g) The destination of the truck; and

(h) The Certificate of War Necessity number, license plate number, and the State in which the truck is registered.

§ 503.271 *Registration of freight; information required.* Every common carrier, in registering freight in compliance with General Order ODT 3, Revised, as amended, shall submit to the district office by telephone, telegraph, or in person, the following information:

(a) The name and address of the carrier submitting the information;

(b) The name of the shipper, the location of the freight, and the time when the freight will be ready for loading;

(c) The commodity or the nature of the freight to be transported;

(d) The weight or volume of the freight; and

(e) The destination of the freight.

§ 503.272 *Registration of freight by contract carrier.* Any contract carrier may register with a district office, in the manner provided in § 503.271 of this order, any freight available for transportation in over-the-road service which is controlled by or in the possession of or on order to such carrier.

§ 503.273 *Withdrawal of registration.* If, after registration, any truck or freight becomes unavailable for the purpose for which it was registered, the registering carrier forthwith shall notify the district office thereof and of the reasons therefor, and thereupon the registration shall be cancelled.

§ 503.274 *Use of information registered.* Information registered pursuant to this order shall be used by the district manager, as provided in §§ 503.275 and 503.276 of this order, without discrimination, preference, or partiality.

§ 503.275 *Authority of district manager.* (a) Upon registration of a truck or freight by a carrier pursuant to this order, the district manager, to the extent necessary to avoid operation of empty or partially loaded trucks in over-the-road service, may:

(1) In respect of an empty or partially loaded truck registered by a common carrier, direct that the truck be used in a specific movement for the transportation of designated freight;

(2) In respect of an empty truck registered by any type of carrier, direct that the truck be leased to a common or contract carrier for the transportation of registered freight;

(3) In respect of registered freight, (i) direct that it be transported by a specified common carrier which has registered a truck, or (ii) direct that the carrier registering the freight shall lease from a carrier a designated registered truck and use the truck for the transportation of such freight; or

(4) Issue clearance authority as provided in § 503.276 of this order.

(b) The district manager shall not direct a carrier to transport in any truck more than a capacity load or direct the transportation of freight in any truck unsuitable or inadequate for such transportation.

(c) The district manager shall not direct a common carrier to perform any transportation service which it is not authorized to perform.

(d) The district manager shall not direct a common carrier to transport freight, or direct any carrier to lease a truck for transportation of freight, beyond the registered destination of the truck, or to any point off the route that the truck otherwise would have traveled, unless:

(1) The distance travelled by reason of complying with such direction will not exceed by more than 25% the distance the truck otherwise would have travelled to reach its registered destination, and

(2) The truck will be laden with 50% or more of a capacity load for 75% or more of the distance travelled.

(e) The district manager shall give to any private carrier who inquires therefor information as to empty trucks registered by private or contract carriers.

§ 503.276 *Issuance of clearance authority.* (a) Subject to the provisions of § 503.275 of this order, clearance authority shall be issued by the district manager, in respect of a registered truck:

(1) To a common carrier (i) when the carrier has accepted for transportation all freight that the district manager has directed the carrier to transport, or (ii) when there is no registered freight which the district manager is authorized to direct the carrier to transport, and, if the truck is moving empty, there is no registered carrier to which the district manager is authorized to direct that the truck be leased.

(2) To a private or contract carrier, if there is no registered carrier to which the district manager is authorized to direct that the truck be leased.

(b) The issuance of clearance authority shall be evidenced by a clearance number, which shall be assigned by the district manager in respect of the registered truck at the time of issuance thereof, and shall authorize the movement of the truck to a specified point without further inquiry or registration. The clearance number may be given to the carrier, or to the carrier's representative, in person or by telephone or telegraph.

§ 503.277 *Issuance of general clearance authority.* Whenever it appears to a district manager that a truck will repeatedly depart from any point under circumstances that will warrant issuance of separate clearance authorities under the provisions of § 503.276 of this order, the district manager may issue written general clearance authority, in lieu of such separate clearance authorities, and may limit the period of effectiveness of, or at any time revoke, such general clearance authority.

§ 503.278 *Lease of vehicle; form; compensation.* (a) Whenever, for the purpose of complying with any order of the Office of Defense Transportation, a truck is leased, together with the services of a driver or helper, without transfer of either to the lessee's payroll, a written lease shall be executed by the carriers in the form hereby prescribed therefor, as reproduced in Appendix 1 hereof: *Provided*, That, where the circumstances permit and the carriers agree, a multiple trip lease substantially in the form herein prescribed, may be executed by the carriers. The leasing of the truck shall be subject to all of the terms and conditions specified in such form of lease. Upon agreement of both carriers, additional terms and conditions, not in conflict with the prescribed terms and conditions, may be included in the lease.

(b) One copy of the lease shall be carried in the truck throughout the period of utilization, and one copy shall be mailed by the lessee, postage prepaid, to the district office in the district in which the transportation begins, within 24 hours after its execution.

(c) Except as may be otherwise provided in the lease agreement between the carriers, the amount of compensation to be paid to the lessor of a truck by the lessee, when the leasing is effected under the circumstances set forth in paragraph (a) of this § 503.278, shall be computed in accordance with schedules governing such compensation hereby prescribed therefor, as reproduced in Appendix 2 hereof, and in effect in the district in which the transportation begins. Such schedules, in so far as they relate to transportation beginning in each district, shall be on file and available for public inspection in each district office.

§ 503.279 *Compliance by carriers.* Whenever either carrier believes that the amount of compensation computed in accordance with the prescribed schedules is inequitable, both carriers nevertheless shall comply promptly with any direction issued by the district manager in accordance with this order, and the lessee shall pay to the lessor, upon termination of the lease, or at such other time as may have been agreed upon, the amount computed by the lessee to be payable under the applicable prescribed schedules. Such payment may be made and received without prejudice to a determination of the amount of compensation by any duly authorized tribunal, or by the Office of Defense Transportation upon appeal of either carrier for such determination in accordance with § 503.280 of this order.
